6
00:01:18,689 --> 00:01:20,750
you

7
00:01:27,230 --> 00:01:36,300
right so lights camera action okay well

8
00:01:31,379 --> 00:01:41,519
um I think thanks for joining us today

9
00:01:36,299 --> 00:01:46,170
for our conference yeah my measure

10
00:01:41,519 --> 00:01:48,539
I was the Wrights agent for very

11
00:01:46,170 --> 00:01:51,180
well-known author called hands holster

12
00:01:48,540 --> 00:01:54,450
who had written over his lifetime he's

13
00:01:51,180 --> 00:01:57,810
not with us anymore about 49 books and

14
00:01:54,450 --> 00:02:00,320
I've went into Grenada publishing which

15
00:01:57,810 --> 00:02:03,600
was a subdivision of Granada television

16
00:02:00,319 --> 00:02:05,309
and latest paper based there

17
00:02:03,599 --> 00:02:08,549
subsequently now para HarperCollins

18
00:02:05,310 --> 00:02:10,649
which is a different group and I want in

19
00:02:08,550 --> 00:02:15,240
because I was involved in a documentary

20
00:02:10,649 --> 00:02:16,770
film that hands and I were making all

21
00:02:15,240 --> 00:02:20,670
those never made the screen it never got

22
00:02:16,770 --> 00:02:22,650
fully financed and there was a tabloid

23
00:02:20,669 --> 00:02:24,719
newspaper headline I believe it we

24
00:02:22,650 --> 00:02:28,860
should have son we said the world

25
00:02:24,719 --> 00:02:31,349
triangle and I will walk in with this

26
00:02:28,860 --> 00:02:34,890
newspaper with a view to incorporating

27
00:02:31,349 --> 00:02:37,699
as part of the film all I knew at that

28
00:02:34,889 --> 00:02:41,309
time was what was in the newspaper and

29

00:02:37,699 --> 00:02:43,500
the editor who was working with hands

30
00:02:41,310 --> 00:02:47,400
and eye on the book which was the new

31
00:02:43,500 --> 00:02:51,870
films which is another kind of UFO

32
00:02:47,400 --> 00:02:54,239
survey of that time I said that's that's

33
00:02:51,870 --> 00:02:57,120
a title that is a book in itself but

34
00:02:54,239 --> 00:02:59,519
wells triangle and he wrote me a check

35
00:02:57,120 --> 00:03:02,459
then under there for 7,000 pounds and

36
00:02:59,519 --> 00:03:04,289
says go to wells and write me at work

37
00:03:02,459 --> 00:03:07,259
and can you put a manuscript on my desk

38
00:03:04,289 --> 00:03:10,769
in six months entitled to wells triangle

39
00:03:07,259 --> 00:03:12,780
he was looking to have a competition to

40
00:03:10,769 --> 00:03:14,459
have a competitor to the premier to

41
00:03:12,780 --> 00:03:16,620
trial which was selling really well at

42
00:03:14,459 --> 00:03:21,170
that time so that was that involvement

43
00:03:16,620 --> 00:03:23,969

hands also wanted me to go to West West

44

00:03:21,169 --> 00:03:26,099

because he wanted all of the events

45

00:03:23,969 --> 00:03:28,229

which were then documented and were

46

00:03:26,099 --> 00:03:31,099

appearing in the newspapers to be part

47

00:03:28,229 --> 00:03:34,889

of the documentary film including the

48

00:03:31,099 --> 00:03:37,829

schoolchildren and everybody else so off

49

00:03:34,889 --> 00:03:39,149

I went and I made first win initial

50

00:03:37,830 --> 00:03:42,180

salty into

51

00:03:39,150 --> 00:03:45,480

the area it's covered in the book I

52

00:03:42,180 --> 00:03:48,299

think you I've detailed my my my journey

53

00:03:45,479 --> 00:03:51,750

down there and I've got to know a few

54

00:03:48,299 --> 00:03:53,610

people and then took a property for six

55

00:03:51,750 --> 00:03:56,188

months and I got very involved with all

56

00:03:53,610 --> 00:03:58,829

the witnesses spent a lot of time with

57

00:03:56,188 --> 00:04:02,188

them found other witnesses got involved

58
00:03:58,829 --> 00:04:04,579
with the the American oceanographic

59
00:04:02,188 --> 00:04:07,019
research station which of course was

60
00:04:04,579 --> 00:04:11,340
nothing civilian at all it is the

61
00:04:07,019 --> 00:04:15,420
military NATO submarine underwater

62
00:04:11,340 --> 00:04:17,129
surveillance facility and was tasked to

63
00:04:15,419 --> 00:04:20,608
find out what was going on you know in

64
00:04:17,129 --> 00:04:23,459
terms of their situation which they were

65
00:04:20,608 --> 00:04:26,099
very worried about and that's how the

66
00:04:23,459 --> 00:04:27,509
whole thing came about so do you want to

67
00:04:26,100 --> 00:04:30,000
ask any questions on that

68
00:04:27,509 --> 00:04:32,728
yeah you see you spent six months now

69
00:04:30,000 --> 00:04:35,279
was it six weeks what I think you know I

70
00:04:32,728 --> 00:04:39,418
can't really remember and it probably

71
00:04:35,279 --> 00:04:41,609
was longer I think it could have been it

72
00:04:39,418 --> 00:04:43,859
was Andrew I think it was under a year

73
00:04:41,610 --> 00:04:46,229
but over six months but I'm honestly

74
00:04:43,860 --> 00:04:48,030
can't remember it might even say in the

75
00:04:46,228 --> 00:04:50,699
book somewhere or even even if the

76
00:04:48,029 --> 00:04:52,679
latest book but it's all a bit oh it's a

77
00:04:50,699 --> 00:04:55,250
long time ago now I mean and you're

78
00:04:52,680 --> 00:04:58,769
going down there on the falls from

79
00:04:55,250 --> 00:05:00,990
February for this 40th anniversary and

80
00:04:58,769 --> 00:05:04,439
you know it's just amazing I think my

81
00:05:00,990 --> 00:05:07,199
god 14 years has gone by yeah this isn't

82
00:05:04,439 --> 00:05:11,370
it um this is one of the reasons why we

83
00:05:07,199 --> 00:05:14,520
we organized the event is to get people

84
00:05:11,370 --> 00:05:15,000
back together again and was you you were

85
00:05:14,519 --> 00:05:16,799
there

86

00:05:15,000 --> 00:05:17,970
well you say you were there most of the

87
00:05:16,800 --> 00:05:20,280
year and I can say we said well the

88
00:05:17,970 --> 00:05:22,580
latter half of 77 meeting people you

89
00:05:20,279 --> 00:05:27,000
were the man on the spotter you and

90
00:05:22,579 --> 00:05:29,639
Randall Jones Pugh did you say you know

91
00:05:27,000 --> 00:05:32,490
I never met he's not with us anymore now

92
00:05:29,639 --> 00:05:34,259
I never met him he had been involved of

93
00:05:32,490 --> 00:05:38,038
course heroes with dr. Lee and listen

94
00:05:34,259 --> 00:05:41,459
we're and I didn't even read that

95
00:05:38,038 --> 00:05:43,199
funny enough I it was the hardback I

96
00:05:41,459 --> 00:05:47,189
believe I don't know how many editions

97
00:05:43,199 --> 00:05:50,400
that's made but when I went down there I

98
00:05:47,189 --> 00:05:52,709
was a little bit behind the main

99
00:05:50,399 --> 00:05:55,589
journalist is quarry Avant

100
00:05:52,709 --> 00:05:57,569

one down there from the tabloids and you

101

00:05:55,589 --> 00:06:00,479

know how long the story last isn't dead

102

00:05:57,569 --> 00:06:02,279

wives it's not it's not very long before

103

00:06:00,480 --> 00:06:04,350

they move on to something else

104

00:06:02,279 --> 00:06:08,459

so I never met any of the journalists

105

00:06:04,350 --> 00:06:10,500

and I never met Randall Pugh and I just

106

00:06:08,459 --> 00:06:13,259

went down and made my own investigations

107

00:06:10,500 --> 00:06:15,629

from square one right all right okay

108

00:06:13,259 --> 00:06:17,670

well looking back in the Ethel I think

109

00:06:15,629 --> 00:06:20,159

you must be quite thrilled that you were

110

00:06:17,670 --> 00:06:23,420

there at the time because well in Welsh

111

00:06:20,160 --> 00:06:27,060

UFO history it's one of the main things

112

00:06:23,420 --> 00:06:32,250

one of the main events it certainly got

113

00:06:27,060 --> 00:06:33,800

into local legend and do you think ask

114

00:06:32,250 --> 00:06:37,079

you one question do you think that the

115
00:06:33,800 --> 00:06:39,720
high level of UFO reports at the time of

116
00:06:37,079 --> 00:06:41,250
this part Pembrokeshire do you think it

117
00:06:39,720 --> 00:06:43,740
was due to the military presence in the

118
00:06:41,250 --> 00:06:46,920
area by that I mean do you think the

119
00:06:43,740 --> 00:06:52,319
reports are attributable to aliens being

120
00:06:46,920 --> 00:06:55,140
interested in what was going on with an

121
00:06:52,319 --> 00:06:57,060
open mind as I said when I started off

122
00:06:55,139 --> 00:06:59,909
that mission I literally knew what was

123
00:06:57,060 --> 00:07:03,089
in the newspaper I knew what the the

124
00:06:59,910 --> 00:07:07,470
remit was from hands in America he was

125
00:07:03,089 --> 00:07:10,069
in New York and I didn't have any food

126
00:07:07,470 --> 00:07:13,740
perceptions as to what I would find

127
00:07:10,069 --> 00:07:16,800
after a very short while although the

128
00:07:13,740 --> 00:07:19,379
American oceanographic research station

129
00:07:16,800 --> 00:07:25,829
quote-unquote was supposed to be at that

130
00:07:19,379 --> 00:07:28,050
time 1976-77 whenever top-secret I very

131
00:07:25,829 --> 00:07:30,870
quickly established that that was in

132
00:07:28,050 --> 00:07:33,449
fact not a civilian facility at all it

133
00:07:30,870 --> 00:07:37,230
was headed up by an American Navy

134
00:07:33,449 --> 00:07:39,389
captain and the staff all had to wear

135
00:07:37,230 --> 00:07:42,780
civilian clothes they were allowed to

136
00:07:39,389 --> 00:07:44,550
drive the American cars if they even got

137
00:07:42,779 --> 00:07:48,299
a parking ticket they got shipped back

138
00:07:44,550 --> 00:07:50,400
to the United States in disgrace and the

139
00:07:48,300 --> 00:07:53,310
irony of course was that the Russians

140
00:07:50,399 --> 00:07:55,979
knew all about it I came across a to

141
00:07:53,310 --> 00:07:58,980
reports of a Russian submarine actually

142
00:07:55,980 --> 00:08:00,900
surfacing innocent brides Bay which is

143

00:07:58,980 --> 00:08:02,850
you know pretty good evidences the

144
00:08:00,899 --> 00:08:05,250
Russians were having their own bit of

145
00:08:02,850 --> 00:08:05,930
surveillance at the time and it was

146
00:08:05,250 --> 00:08:08,870
patient

147
00:08:05,930 --> 00:08:11,620
obvious after a while I couldn't detail

148
00:08:08,870 --> 00:08:16,100
too much in the world triangle that the

149
00:08:11,620 --> 00:08:18,829
activity focused on the supplied spray

150
00:08:16,100 --> 00:08:20,689
the broadly-based see which was used by

151
00:08:18,829 --> 00:08:27,228
the theory - as you know the Fleet Air

152
00:08:20,689 --> 00:08:32,719
Arm ok um one researcher called needle

153
00:08:27,228 --> 00:08:34,580
spring he's he wrote a novel called the

154
00:08:32,719 --> 00:08:36,820
Watchers based on everything was

155
00:08:34,580 --> 00:08:39,110
happening in Pembrokeshire at the time

156
00:08:36,820 --> 00:08:41,810
he's given me a couple of questions to

157
00:08:39,110 --> 00:08:43,788

ask you yeah he says in your book you

158

00:08:41,809 --> 00:08:47,569

made a number of claims but stack rocks

159

00:08:43,788 --> 00:08:51,080

and the facility you thought was based

160

00:08:47,570 --> 00:08:57,230

there did you ever make a boat trip out

161

00:08:51,080 --> 00:09:00,320

to the rocks no it's very treacherous

162

00:08:57,230 --> 00:09:02,509

tides and currents there I'm told by

163

00:09:00,320 --> 00:09:05,450

people who you know know those things in

164

00:09:02,509 --> 00:09:07,970

the area I did speak obviously to the

165

00:09:05,450 --> 00:09:09,890

witnesses who had seen things in the

166

00:09:07,970 --> 00:09:10,990

facility of cetera so we could go

167

00:09:09,889 --> 00:09:14,629

through that quickly

168

00:09:10,990 --> 00:09:17,778

the Coombs family's children had

169

00:09:14,629 --> 00:09:21,528

witnessed figures in in effect

170

00:09:17,778 --> 00:09:25,100

spacesuits the shore opposites that

171

00:09:21,528 --> 00:09:28,700

watched in the book there is a reference

172
00:09:25,100 --> 00:09:32,470
to the somehow the placing of a red box

173
00:09:28,700 --> 00:09:35,480
which was never found but the children

174
00:09:32,470 --> 00:09:37,670
very quickly after that they had been

175
00:09:35,480 --> 00:09:40,629
very close to all of this came out in a

176
00:09:37,669 --> 00:09:43,519
very very severe and troublesome rash

177
00:09:40,629 --> 00:09:45,080
which nobody determined and all of them

178
00:09:43,519 --> 00:09:47,028
did and it was quite spontaneous whether

179
00:09:45,080 --> 00:09:49,400
this was in any terms there's some kind

180
00:09:47,028 --> 00:09:52,850
of radiation exposure or not we didn't

181
00:09:49,399 --> 00:09:56,689
determine and there is people including

182
00:09:52,850 --> 00:09:58,759
the Coons and her neighbor who I can't

183
00:09:56,690 --> 00:10:04,089
quite remember what her name was it's in

184
00:09:58,759 --> 00:10:08,809
the book but who were the mistake Hewson

185
00:10:04,089 --> 00:10:12,190
might be I couldn't confirm that and the

186
00:10:08,809 --> 00:10:17,689
coolest family were managers of that

187
00:10:12,190 --> 00:10:20,220
cattle part of the part of the Farm

188
00:10:17,690 --> 00:10:21,600
Estate and the yes I think

189
00:10:20,220 --> 00:10:24,750
right on the earth but the overall

190
00:10:21,600 --> 00:10:27,420
estate manager was you know majoring

191
00:10:24,750 --> 00:10:29,070
poverty and then family and he wanted a

192
00:10:27,419 --> 00:10:30,389
husband if I recall what is it very

193
00:10:29,070 --> 00:10:33,240
quiet but the scene thought it was

194
00:10:30,389 --> 00:10:37,019
reflecting somehow adversely on on

195
00:10:33,240 --> 00:10:39,450
whatever and his wife reported a number

196
00:10:37,019 --> 00:10:40,769
of things to me personally and also to

197
00:10:39,450 --> 00:10:43,620
other people are thinking creating the

198
00:10:40,769 --> 00:10:48,360
pages occasionally and the Coombes have

199
00:10:43,620 --> 00:10:50,190
seen lights crowd going into stacked

200

00:10:48,360 --> 00:10:51,930
rocks now if obviously if you've stood

201
00:10:50,190 --> 00:10:53,820
opposite to that watch which I have it's

202
00:10:51,929 --> 00:10:55,699
very close to the shore actually you can

203
00:10:53,820 --> 00:10:59,430
see very clearly from the from the cliff

204
00:10:55,700 --> 00:11:01,110
there is no doorway there is no

205
00:10:59,429 --> 00:11:03,029
structure that you could say anything

206
00:11:01,110 --> 00:11:06,930
could have entered but this is not

207
00:11:03,029 --> 00:11:10,740
unusual that these technologies seem to

208
00:11:06,929 --> 00:11:15,000
be able to open up a space we've had as

209
00:11:10,740 --> 00:11:17,789
reported in detail in Mexico for one and

210
00:11:15,000 --> 00:11:20,279
also some reports in Puerto Rico where

211
00:11:17,789 --> 00:11:22,079
something opens and also parts of the

212
00:11:20,279 --> 00:11:25,230
United States where something opens up a

213
00:11:22,080 --> 00:11:26,970
craft or light goes in something closes

214
00:11:25,230 --> 00:11:29,070

up you cannot tell the difference it's

215

00:11:26,970 --> 00:11:31,320

not a mechanical situation it's some

216

00:11:29,070 --> 00:11:33,900

kind of change of the vibration of the

217

00:11:31,320 --> 00:11:36,090

matter so that they go through the rock

218

00:11:33,899 --> 00:11:38,610

into whatever's inside or down or

219

00:11:36,090 --> 00:11:40,830

whatever stops he's not very big

220

00:11:38,610 --> 00:11:46,200

I mean it's not really an island it is

221

00:11:40,830 --> 00:11:50,270

just an outcrop and yeah a report that

222

00:11:46,200 --> 00:11:55,890

came in after after this was published

223

00:11:50,269 --> 00:12:00,620

was from the the people at the hotel

224

00:11:55,889 --> 00:12:05,309

there is it the hazel fall hotel that

225

00:12:00,620 --> 00:12:08,250

she had had a report from a diver a

226

00:12:05,309 --> 00:12:10,079

scuba diver who have been out there not

227

00:12:08,250 --> 00:12:11,399

for anything to do with what we were

228

00:12:10,080 --> 00:12:14,850

interested in we're just being out there

229

00:12:11,399 --> 00:12:16,679

and I've had apparently a very scary

230

00:12:14,850 --> 00:12:20,269

experience he he said here the

231

00:12:16,679 --> 00:12:23,429

underwater humming noise he saw a large

232

00:12:20,269 --> 00:12:27,090

trapdoor kind of open in the side of

233

00:12:23,429 --> 00:12:28,949

underwater on the on the raw and and

234

00:12:27,090 --> 00:12:30,720

Sapphira described in detail but

235

00:12:28,950 --> 00:12:31,889

something came out and how'd it go with

236

00:12:30,720 --> 00:12:38,999

him apparently

237

00:12:31,889 --> 00:12:40,980

or his his wetsuit and he was scared

238

00:12:38,999 --> 00:12:44,459

Richard he was quite white and shaking

239

00:12:40,980 --> 00:12:45,720

when he came ashore and restored a blind

240

00:12:44,458 --> 00:12:48,298

that he would never go back there again

241

00:12:45,720 --> 00:12:50,009

that he he thought it was it was a very

242

00:12:48,298 --> 00:12:51,928

dangerous thing that had happened to him

243
00:12:50,009 --> 00:12:54,028
and he really didn't have any

244
00:12:51,928 --> 00:12:56,909
explanation for it so all of these

245
00:12:54,028 --> 00:12:59,100
events and others have been in focused

246
00:12:56,909 --> 00:13:01,918
on stack rock which is more or less I

247
00:12:59,100 --> 00:13:06,540
stand to be corrected down the line of

248
00:13:01,918 --> 00:13:08,328
the runway the main run away at that

249
00:13:06,539 --> 00:13:10,588
audio station

250
00:13:08,328 --> 00:13:14,578
yoges is just the other Sonia sink range

251
00:13:10,589 --> 00:13:16,339
major stuff well yeah um another

252
00:13:14,578 --> 00:13:18,539
question that Neil Offspring asks is

253
00:13:16,339 --> 00:13:20,579
know that the activities behind the

254
00:13:18,539 --> 00:13:23,159
oceanographic research station she

255
00:13:20,578 --> 00:13:26,698
mentioned on the clips have been

256
00:13:23,159 --> 00:13:29,999
Declassified have you altered any of

257

00:13:26,698 --> 00:13:33,139
your original conclusions no I was

258
00:13:29,999 --> 00:13:38,489
invited they have a facility which was

259
00:13:33,139 --> 00:13:43,528
on the surface it was a large collection

260
00:13:38,489 --> 00:13:48,989
of warehouses we had a really modern

261
00:13:43,528 --> 00:13:51,778
build very high-security when we went on

262
00:13:48,989 --> 00:13:55,350
when I was invited there I was assaulted

263
00:13:51,778 --> 00:13:57,389
by the military police because the base

264
00:13:55,350 --> 00:14:00,329
was still and in fact there was a

265
00:13:57,389 --> 00:14:02,399
division of signals which is code for

266
00:14:00,328 --> 00:14:06,178
intelligence British Army Intelligence

267
00:14:02,399 --> 00:14:08,548
was there and the report of military

268
00:14:06,178 --> 00:14:12,509
police has sorted me over another guy

269
00:14:08,548 --> 00:14:15,058
round and we could go anywhere at that

270
00:14:12,509 --> 00:14:19,019
time the surface facility had been

271
00:14:15,058 --> 00:14:20,999

completely cleaned out and SAS and was

272

00:14:19,019 --> 00:14:24,230

decommissioned and was sanitized

273

00:14:20,999 --> 00:14:26,220

although as I mentioned in this book I

274

00:14:24,230 --> 00:14:29,009

don't know if I mentioned her that book

275

00:14:26,220 --> 00:14:31,678

I went as with CEOs office and I've been

276

00:14:29,009 --> 00:14:33,688

a habit of rooting around and I pulled

277

00:14:31,678 --> 00:14:36,749

out a great cabinet a great family

278

00:14:33,688 --> 00:14:39,269

cabinet and it was a twist down there

279

00:14:36,749 --> 00:14:42,149

and there is a list of other quite

280

00:14:39,269 --> 00:14:44,639

secret US facilities in the United

281

00:14:42,149 --> 00:14:48,889

Kingdom there

282

00:14:44,639 --> 00:14:51,629

poor security III collected this

283

00:14:48,889 --> 00:14:53,370

subsequently later melded to the mo were

284

00:14:51,629 --> 00:14:56,399

made well melded to the appropriate

285

00:14:53,370 --> 00:14:58,019

office of the mo D say would you like to

286
00:14:56,399 --> 00:15:01,459
return this is about because I don't

287
00:14:58,019 --> 00:15:01,460
think you should have left this behind

288
00:15:03,230 --> 00:15:09,360
my thanks um as you've spent all Muslim

289
00:15:06,870 --> 00:15:10,560
the latter half of 77 in the area did

290
00:15:09,360 --> 00:15:13,950
you actually see anything

291
00:15:10,559 --> 00:15:17,000
I explained yourself I thought lights in

292
00:15:13,950 --> 00:15:22,050
the sky at some considerable distance

293
00:15:17,000 --> 00:15:24,000
which maneuvered rather unnaturally

294
00:15:22,049 --> 00:15:26,490
erratically I said I think in the books

295
00:15:24,000 --> 00:15:29,100
here I'd probably deal with what I call

296
00:15:26,490 --> 00:15:31,649
the main events I don't really bother to

297
00:15:29,100 --> 00:15:34,560
document or pay much attention to my to

298
00:15:31,649 --> 00:15:36,059
the sky because by definition there

299
00:15:34,559 --> 00:15:37,949
could be so many different things

300
00:15:36,059 --> 00:15:41,159
it's very difficult to pin that down so

301
00:15:37,950 --> 00:15:42,900
I attended just not even mention them no

302
00:15:41,159 --> 00:15:44,819
I never had any personal sniping so I

303
00:15:42,899 --> 00:15:47,699
did have these wonderful relationships

304
00:15:44,820 --> 00:15:49,550
with all of the main witnesses that we

305
00:15:47,700 --> 00:15:52,830
know of I've went to the school I

306
00:15:49,549 --> 00:15:55,649
interviewed the Louisville teacher I

307
00:15:52,830 --> 00:15:58,050
subsequently met the children and later

308
00:15:55,649 --> 00:16:00,720
much many years later when they'd grown

309
00:15:58,049 --> 00:16:03,929
up I met them again some of them who

310
00:16:00,720 --> 00:16:06,840
still maintained an interest and of

311
00:16:03,929 --> 00:16:09,750
course the people at the havenport hotel

312
00:16:06,840 --> 00:16:12,120
and the Coombs family and all of those

313
00:16:09,750 --> 00:16:13,769
other witnesses I think in this book

314

00:16:12,120 --> 00:16:15,830
here the worst triangle which is

315
00:16:13,769 --> 00:16:18,299
available from Amazon the second hand

316
00:16:15,830 --> 00:16:20,879
make it about 20 pounds I don't get any

317
00:16:18,299 --> 00:16:22,529
of that because it's just by dealers but

318
00:16:20,879 --> 00:16:24,840
I mean this will be republished by hours

319
00:16:22,529 --> 00:16:29,329
later of the year in a new edition with

320
00:16:24,840 --> 00:16:31,790
maybe a few updates but there is a

321
00:16:29,330 --> 00:16:35,759
mention I think you know I interviewed

322
00:16:31,789 --> 00:16:38,099
or basically had contact with 3,000

323
00:16:35,759 --> 00:16:39,659
people and I don't make these figures

324
00:16:38,100 --> 00:16:42,600
are you know I'm fairly diligent about

325
00:16:39,659 --> 00:16:44,610
facts and figures and you know it was

326
00:16:42,600 --> 00:16:46,710
continuous all the time I mean from

327
00:16:44,610 --> 00:16:49,009
Braden what cool you know low-level

328
00:16:46,710 --> 00:16:51,090

sightings like my own lights in the sky

329

00:16:49,009 --> 00:16:54,210

people have seen things on the ground

330

00:16:51,090 --> 00:16:56,250

people seeing beings on the ground there

331

00:16:54,210 --> 00:16:57,730

were some military contacts which I

332

00:16:56,250 --> 00:17:01,328

can't really mentioning this

333

00:16:57,730 --> 00:17:03,909

was was carefully how can I say

334

00:17:01,328 --> 00:17:05,588

delicately written and in fact that

335

00:17:03,909 --> 00:17:07,750

British children I believe I'm told

336

00:17:05,588 --> 00:17:11,048

bought up about seventy thousand of

337

00:17:07,750 --> 00:17:12,970

these and Bergman because my hand yeah

338

00:17:11,048 --> 00:17:18,009

there I am attributed for my dubious

339

00:17:12,970 --> 00:17:20,558

pleasures or technically closing the the

340

00:17:18,009 --> 00:17:22,419

American facility there he came under so

341

00:17:20,558 --> 00:17:24,129

much publicity although I think most it

342

00:17:22,419 --> 00:17:28,179

was from the newspapers not ready for me

343
00:17:24,130 --> 00:17:30,970
and when I went back for this tour of

344
00:17:28,179 --> 00:17:33,730
the the sanitized empty facility which

345
00:17:30,970 --> 00:17:35,620
they were interested in in finding only

346
00:17:33,730 --> 00:17:37,058
a commercial industrial useful though

347
00:17:35,619 --> 00:17:40,298
they wanted to flog you know if they

348
00:17:37,058 --> 00:17:42,849
could or lease it I was aware but he

349
00:17:40,298 --> 00:17:44,109
left of the whole the watchtowers and

350
00:17:42,849 --> 00:17:46,178
they had these you know security

351
00:17:44,109 --> 00:17:48,579
watchtowers with critical fences and

352
00:17:46,179 --> 00:17:51,669
things and I could see from the other

353
00:17:48,579 --> 00:17:53,470
facilities in the interior of the base

354
00:17:51,669 --> 00:17:56,590
that I wasn't allowed in because I had

355
00:17:53,470 --> 00:17:58,450
no no need to go there that there was

356
00:17:56,589 --> 00:18:01,928
indication to me of underground

357
00:17:58,450 --> 00:18:04,330
facilities you know to be quite frank I

358
00:18:01,929 --> 00:18:06,040
mean I don't think that's to secret

359
00:18:04,329 --> 00:18:07,689
there's obviously some underground

360
00:18:06,039 --> 00:18:10,000
facilities and some people have room

361
00:18:07,690 --> 00:18:11,980
which to me that in fact the the surface

362
00:18:10,000 --> 00:18:14,740
facility which was one reward to first

363
00:18:11,980 --> 00:18:17,140
strike from an aggressor had in fact

364
00:18:14,740 --> 00:18:18,940
simply gone underground and so that the

365
00:18:17,140 --> 00:18:20,679
facility there was on the edge of the

366
00:18:18,940 --> 00:18:22,890
base that they were trying to release

367
00:18:20,679 --> 00:18:26,110
off and find some commercially useful

368
00:18:22,890 --> 00:18:29,049
was was really decommissioned because it

369
00:18:26,109 --> 00:18:30,819
was technically vulnerable to not only

370
00:18:29,048 --> 00:18:34,240
electronic interference which I was

371

00:18:30,819 --> 00:18:37,119
investigating but also from from from a

372
00:18:34,240 --> 00:18:38,919
holistic attack and what were these

373
00:18:37,119 --> 00:18:40,959
physics in had gone underground

374
00:18:38,919 --> 00:18:43,299
I don't know that for a fact but I I

375
00:18:40,960 --> 00:18:45,429
think you could you could probably

376
00:18:43,298 --> 00:18:47,980
suspect that's very likely the case

377
00:18:45,429 --> 00:18:50,890
because all the cables came in from the

378
00:18:47,980 --> 00:18:53,019
microphones in the Atlantic Oh Martha

379
00:18:50,890 --> 00:18:54,880
Martha Martha out in the Atlantic and

380
00:18:53,019 --> 00:18:57,819
they all came in underground up the

381
00:18:54,880 --> 00:19:00,700
cliff and won't even obviously secure

382
00:18:57,819 --> 00:19:03,399
and into the base and so to move that to

383
00:19:00,700 --> 00:19:05,789
a more secure facility further into the

384
00:19:03,400 --> 00:19:09,130
base would not have been difficult

385
00:19:05,789 --> 00:19:11,319

certainly the the warehouses on the

386

00:19:09,130 --> 00:19:11,720

surface would have been a very easy air

387

00:19:11,319 --> 00:19:13,250

store

388

00:19:11,720 --> 00:19:17,750

for massage strike if he wanted he

389

00:19:13,250 --> 00:19:19,548

wanted to take them out yeah I'm getting

390

00:19:17,750 --> 00:19:22,490

down to the broad hidden primary school

391

00:19:19,548 --> 00:19:25,339

siting yeah and because the event that

392

00:19:22,490 --> 00:19:27,409

we've got on Saturdays he's been held in

393

00:19:25,339 --> 00:19:32,329

the village hall next to the yes quite

394

00:19:27,409 --> 00:19:33,799

fit today hmm no amazingly on the same

395

00:19:32,329 --> 00:19:36,019

day there was another school in Milford

396

00:19:33,798 --> 00:19:38,389

Haven wasn't it about twenty children

397

00:19:36,019 --> 00:19:40,970

saw something as Hubbardston

398

00:19:38,390 --> 00:19:43,250

primary student I don't know I think it

399

00:19:40,970 --> 00:19:45,110

was recorded I'll record it vaguely but

400
00:19:43,250 --> 00:19:47,720
I don't recall the exact details I

401
00:19:45,109 --> 00:19:50,329
didn't actually go to that school I did

402
00:19:47,720 --> 00:19:52,308
mention the Milton Hagen sightings and

403
00:19:50,329 --> 00:19:54,199
there were quite a few over the period

404
00:19:52,308 --> 00:19:55,879
of time which are very interesting and

405
00:19:54,200 --> 00:19:58,569
there was some activity in relation to

406
00:19:55,880 --> 00:20:04,159
that but I didn't go to that school

407
00:19:58,569 --> 00:20:09,849
I think thanks for joining us today for

408
00:20:04,159 --> 00:20:09,850
our conference yeah
