6
00:00:14,759 --> 00:00:19,519
quest to unexplained the most

7
00:00:16,410 --> 00:00:32,549
unexplainable mysteries or we are the

8
00:00:19,519 --> 00:00:35,308
unexplained errs ok forward go forward

9
00:00:32,549 --> 00:00:37,140
keep going so I thought um campeones

10
00:00:35,308 --> 00:00:38,849

12
00:00:38,850 --> 00:00:42,629
right moves just a little bit more

pillowcase on your hair I'm just taking

16
00:00:45,509 --> 00:00:49,619
you to possibly one of the hottest hot

17
00:00:47,579 --> 00:00:51,689
beds of all hot bed UFO site in action

18
00:00:49,619 --> 00:00:55,439
in the world well guess where we are

19
00:00:51,689 --> 00:00:57,659
Mike no complains Perot close okay but

20
00:00:55,439 --> 00:01:00,358
rain in a little bit but the Roswell

21
00:00:57,659 --> 00:01:01,558
elliptical classic hot spot but not

22
00:01:00,359 --> 00:01:04,260
exactly where we are

23
00:01:01,558 --> 00:01:07,109
bring it a little bit more UK's right to

24
00:01:04,260 --> 00:01:09,950
listen for a very good answer pop it off

25
00:01:07,109 --> 00:01:09,950
and look where we are

26
00:01:10,170 --> 00:01:14,219
look where we are Mike Swansea you

27
00:01:13,500 --> 00:01:16,438
surpassed yourself

28
00:01:14,219 --> 00:01:17,908
I can't astrology every week yeah my

29

00:01:16,438 --> 00:01:19,889
wife's ones yeah mother lawlessness

30
00:01:17,909 --> 00:01:21,659
wrong yeah so you must know that if you

31
00:01:19,890 --> 00:01:23,280
listen to that someone's have been

32
00:01:21,659 --> 00:01:26,159
caught up on a hot strike there this is

33
00:01:23,280 --> 00:01:28,170
a hotbed of UFO action it doesn't spell

34
00:01:26,159 --> 00:01:29,189
alien to me where he ever them look look

35
00:01:28,170 --> 00:01:31,259
what's in front of us snacks

36
00:01:29,188 --> 00:01:33,539
ten feet above us on a Bricklin yeah

37
00:01:31,259 --> 00:01:35,819
it's quite a famous Swansea landmark out

38
00:01:33,540 --> 00:01:37,680
of the anti-aircraft gun was protected

39
00:01:35,819 --> 00:01:39,059
so as you do in the the Swansea blitz in

40
00:01:37,680 --> 00:01:40,860
the second ball that's a 94 millimeter

41
00:01:39,060 --> 00:01:42,000
are cADCA yeah you're absolutely right

42
00:01:40,859 --> 00:01:43,319
you're spot-on but you know this is have

43
00:01:42,000 --> 00:01:45,030

a second lease of life you know reason

44

00:01:43,319 --> 00:01:47,459

why here now pointed up at the sky into

45

00:01:45,030 --> 00:01:49,170

the clouds there's a monument ah is it

46

00:01:47,459 --> 00:01:51,000

or is it a secret weapon that's now

47

00:01:49,170 --> 00:01:52,710

being redesigned and pointed up the sky

48

00:01:51,000 --> 00:01:54,359

to protect the people of Swansea now

49

00:01:52,709 --> 00:01:56,289

it's what's called decommission rate

50

00:01:54,359 --> 00:01:57,909

there wouldn't even live gun

51

00:01:56,290 --> 00:02:01,330

another downtown's wanderer that hasn't

52

00:01:57,909 --> 00:02:02,679

worked with 1944 now 5 yeah for 72 year

53

00:02:01,329 --> 00:02:04,000

old girl yeah I mean you obviously

54

00:02:02,680 --> 00:02:06,010

thinking of the traditional you know

55

00:02:04,000 --> 00:02:07,420

these giant shells that are used any of

56

00:02:06,010 --> 00:02:09,460

these decommissioned remember the other

57

00:02:07,420 --> 00:02:12,099

pure energy gunner on Energon blaster

58

00:02:09,460 --> 00:02:13,330
that is right above the sky exactly

59

00:02:12,099 --> 00:02:15,129
where they come down from you know this

60

00:02:13,330 --> 00:02:16,480
place has seen so many sightings of 60s

61

00:02:15,129 --> 00:02:18,549
there were cigar shaped objects over

62

00:02:16,479 --> 00:02:20,739
hospitals even right up to this year

63

00:02:18,550 --> 00:02:22,300
things have happened this is a hot bag

64

00:02:20,740 --> 00:02:23,920
hotter than in between your legs on a

65

00:02:22,300 --> 00:02:26,320
summer's day after you've been for a run

66

00:02:23,919 --> 00:02:27,789
it's a high bullosa hot then meaning hot

67

00:02:26,319 --> 00:02:29,799
but I have an encounter every life Eve

68

00:02:27,789 --> 00:02:31,810
the pubs in the clubs for the cafes and

69

00:02:29,800 --> 00:02:33,790
the bars and a park and the museum's the

70

00:02:31,810 --> 00:02:35,770
Galleria Swansea I mean it's a lot of

71

00:02:33,789 --> 00:02:37,750
talk of discos swimming and eating food

72
00:02:35,770 --> 00:02:39,310
there what you're not doing is looking

73
00:02:37,750 --> 00:02:41,319
where I've been looking and where other

74
00:02:39,310 --> 00:02:42,789
people in the same locale have been

75
00:02:41,319 --> 00:02:44,109
looking for a very long time but where

76
00:02:42,789 --> 00:02:45,849
you're meeting these are like more than

77
00:02:44,110 --> 00:02:48,040
individuals how I use the word minded

78
00:02:45,849 --> 00:02:49,090
but a very broad sense that's where you

79
00:02:48,039 --> 00:02:50,620
go wrong I've been going to a place

80
00:02:49,090 --> 00:02:52,209
called the Internet which exists not

81
00:02:50,620 --> 00:02:53,140
only in Swansea but all around the world

82
00:02:52,209 --> 00:02:54,610
wants to surprise

83
00:02:53,139 --> 00:02:56,500
do you know ever tell you about the

84
00:02:54,610 --> 00:02:57,700
petals of stay in your little room we'll

85
00:02:56,500 --> 00:02:59,650
just play on internal bed there's

86

00:02:57,699 --> 00:03:01,929
nothing dangerous about communicating

87
00:02:59,650 --> 00:03:03,640
with like-minded fun chums and that's

88
00:03:01,930 --> 00:03:05,439
what I've done and I find a group of

89
00:03:03,639 --> 00:03:07,539
people who can give you so much detail

90
00:03:05,439 --> 00:03:09,219
about this hotbed your face will explode

91
00:03:07,539 --> 00:03:09,909
and your legs will fall off and run off

92
00:03:09,219 --> 00:03:10,900
in fear

93
00:03:09,909 --> 00:03:12,759
watch your body lies on the floor

94
00:03:10,900 --> 00:03:14,349
wriggling and doing this cool well now I

95
00:03:12,759 --> 00:03:16,959
finally believe him and that won't even

96
00:03:14,349 --> 00:03:19,659
be a mouth speaking we've headed out to

97
00:03:16,959 --> 00:03:23,049
meet John Stanford East aka sue font aka

98
00:03:19,659 --> 00:03:25,359
the Swans UFO network at a ULP aka an

99
00:03:23,049 --> 00:03:27,250
unidentified local pub and identify

100
00:03:25,360 --> 00:03:29,650

because the hood was back on in case I

101

00:03:27,250 --> 00:03:33,879

was John's words at government agents

102

00:03:29,650 --> 00:03:35,430

right Mike come with me from this store

103

00:03:33,879 --> 00:03:39,609

it might be on set

104

00:03:35,430 --> 00:03:42,280

evenin everybody John oh hello is Mike

105

00:03:39,610 --> 00:03:44,410

Mike welcome to sue font hello sue fog

106

00:03:42,280 --> 00:03:45,459

steve ambling i believe you two guys are

107

00:03:44,409 --> 00:03:47,319

in charge here

108

00:03:45,459 --> 00:03:49,689

well I would say insurance that yes we

109

00:03:47,319 --> 00:03:51,340

founded it okay to the sake of Mike and

110

00:03:49,689 --> 00:03:53,650

the listeners could you just ask exactly

111

00:03:51,340 --> 00:03:55,750

what Superfund is big interest in it in

112

00:03:53,650 --> 00:03:57,700

order to do something more practical

113

00:03:55,750 --> 00:03:59,379

instead of just following it on the

114

00:03:57,699 --> 00:04:00,669

internet or reading books we found a

115
00:03:59,379 --> 00:04:02,530
venue for a first meeting because

116
00:04:00,669 --> 00:04:05,319
article in the local paper and Evening

117
00:04:02,530 --> 00:04:06,639
Post and 45 people turned up we can't

118
00:04:05,319 --> 00:04:09,219
believe it well on the first on the

119
00:04:06,639 --> 00:04:11,439
first the first wait yeah so we started

120
00:04:09,219 --> 00:04:13,870
compiling a database and weed up to 440

121
00:04:11,439 --> 00:04:14,829
cases now you also got two big ring

122
00:04:13,870 --> 00:04:17,889
binder folders here

123
00:04:14,830 --> 00:04:20,109
I taught PE for ten years so I've never

124
00:04:17,889 --> 00:04:22,000
seen files of words before I literally

125
00:04:20,108 --> 00:04:23,649
just I would have a whistle and a can-do

126
00:04:22,000 --> 00:04:25,540
attitude but I know that where other

127
00:04:23,649 --> 00:04:26,919
teachers were had these sort of things

128
00:04:25,540 --> 00:04:28,990
I made they very much look down on if

129
00:04:26,920 --> 00:04:30,100
I'm not using them is this a gathering

130
00:04:28,990 --> 00:04:31,720
of evidence you've got yet we saw

131
00:04:30,100 --> 00:04:34,060
through the local newspapers in the

132
00:04:31,720 --> 00:04:36,670
library you look at the energy reports I

133
00:04:34,060 --> 00:04:37,810
want you to play beverage case and

134
00:04:36,670 --> 00:04:39,520
purchase for the listeners they're both

135
00:04:37,810 --> 00:04:41,379
pretty fun a sort of three and yes they

136
00:04:39,519 --> 00:04:43,750
really scored on a thought the cases are

137
00:04:41,379 --> 00:04:45,459
so we we know that stuff is happening

138
00:04:43,750 --> 00:04:46,810
here in Swansea which is brilliant

139
00:04:45,459 --> 00:04:49,329
because quite often you hear that it's

140
00:04:46,810 --> 00:04:50,949
it's in you know America or South

141
00:04:49,329 --> 00:04:52,629
America or parts of the world that are

142
00:04:50,949 --> 00:04:53,560
just impossible to act that you'd need

143

00:04:52,629 --> 00:04:55,420
to go jetting around the world cause

144
00:04:53,560 --> 00:04:56,680
it's all happening in South Wales yeah

145
00:04:55,420 --> 00:04:58,870
so can you give us an example

146
00:04:56,680 --> 00:05:01,209
can you give us an example of one of the

147
00:04:58,870 --> 00:05:03,009
sort of more prominent cases that you

148
00:05:01,209 --> 00:05:05,079
guys have investigated or spoke over

149
00:05:03,009 --> 00:05:06,459
like one particular case we really

150
00:05:05,079 --> 00:05:08,259
interested in and we tracking down as

151
00:05:06,459 --> 00:05:10,629
many witnesses as we can as what we've

152
00:05:08,259 --> 00:05:13,120
termed the night of the triangles the

153
00:05:10,629 --> 00:05:14,409
19th of January 1983 there was dozens

154
00:05:13,120 --> 00:05:16,780
and dozens of sightings all on the

155
00:05:14,410 --> 00:05:19,720
Swansea area and indeed cost South Wales

156
00:05:16,779 --> 00:05:22,418
on that particular evening of triangle

157
00:05:19,720 --> 00:05:25,540

shaped craft different sizes some the

158

00:05:22,418 --> 00:05:29,349

size of jumbo jets or football fields on

159

00:05:25,540 --> 00:05:30,550

the size of a family saloon car UFO mg

160

00:05:29,350 --> 00:05:32,500

we get gold

161

00:05:30,550 --> 00:05:34,419

these guys had uncovered a mass UFO

162

00:05:32,500 --> 00:05:37,569

sighting I haven't been this excited

163

00:05:34,418 --> 00:05:40,990

about shaping weeks blattar yet Natalie

164

00:05:37,569 --> 00:05:42,819

one of the group was a witness yeah um

165

00:05:40,990 --> 00:05:45,939

yeah there's 1983

166

00:05:42,819 --> 00:05:48,490

that evening I came out of the house I

167

00:05:45,939 --> 00:05:51,339

was looking at lights very PESTEL II

168

00:05:48,490 --> 00:05:54,370

lovely kind of pulsating like it was

169

00:05:51,339 --> 00:05:56,949

hovering 40 feet above the pavement so

170

00:05:54,370 --> 00:05:58,689

10 feet above the housetops at me so I

171

00:05:56,949 --> 00:06:02,469

watched it for five minutes called

172
00:05:58,689 --> 00:06:04,779
family out my stepfather my sister they

173
00:06:02,470 --> 00:06:06,400
saw it and a lot of needs on the street

174
00:06:04,779 --> 00:06:08,168
were looking at it too you could hear a

175
00:06:06,399 --> 00:06:10,539
pin drop it was like this silence is

176
00:06:08,168 --> 00:06:12,490
stillness it was January she's been cold

177
00:06:10,540 --> 00:06:14,530
didn't feel cold a little bit so a year

178
00:06:12,490 --> 00:06:16,449
after ET came out so we freaked out by

179
00:06:14,529 --> 00:06:18,399
that no I'm actually Beaufort felt very

180
00:06:16,449 --> 00:06:20,918
comfortable I waited for it to go you

181
00:06:18,399 --> 00:06:22,519
just disappeared I didn't see it dispute

182
00:06:20,918 --> 00:06:23,810
you know it's a very strange

183
00:06:22,519 --> 00:06:26,029
we all try to make sense out of what

184
00:06:23,810 --> 00:06:28,728
we're seeing there is take mother Israel

185
00:06:26,029 --> 00:06:30,378
there is every time you know you are you

186
00:06:28,728 --> 00:06:31,788
talk about it if it comes up in

187
00:06:30,379 --> 00:06:34,280
conversation your ridicule and you're

188
00:06:31,788 --> 00:06:36,079
like you're one of those and I'm and I

189
00:06:34,279 --> 00:06:39,109
just wear houses now a lot of people

190
00:06:36,079 --> 00:06:40,668
have come to us because they've want to

191
00:06:39,110 --> 00:06:42,439
get things off their chest shooting it

192
00:06:40,668 --> 00:06:44,389
on slugging a meetin if you like then

193
00:06:42,439 --> 00:06:46,579
that's some of them in almost in tears

194
00:06:44,389 --> 00:06:48,228
talking about it sometimes they come

195
00:06:46,579 --> 00:06:49,758
back sometimes they haven't but they've

196
00:06:48,228 --> 00:06:51,788
gone away or that great sense of relief

197
00:06:49,759 --> 00:06:53,960
so it certainly fulfill that for us I

198
00:06:51,788 --> 00:06:56,000
was used to John's flights or internet

199
00:06:53,959 --> 00:06:59,299
fancy but these were sensible people

200

00:06:56,000 --> 00:07:01,970
good people policemen teachers animal

201
00:06:59,300 --> 00:07:03,348
husbandry experts within their company I

202
00:07:01,970 --> 00:07:05,289
thought come to old enough to reveal

203
00:07:03,348 --> 00:07:07,668
something I'd never revealed before you

204
00:07:05,288 --> 00:07:08,990
know why it was actually very very

205
00:07:07,668 --> 00:07:11,000
fascinating for me where amongst friends

206
00:07:08,990 --> 00:07:13,250
now it was described as being a bit like

207
00:07:11,000 --> 00:07:14,658
in our Daleks Anonymous meeting I'd been

208
00:07:13,250 --> 00:07:17,240
to one of them I'm going to come out and

209
00:07:14,658 --> 00:07:18,589
say now that no I saw a UFO this this he

210
00:07:17,240 --> 00:07:20,389
suddenly talked this is bigger than

211
00:07:18,589 --> 00:07:21,948
Colin and Mary Keith meet general agenda

212
00:07:20,389 --> 00:07:24,460
seem like a colonic irrigation for mean

213
00:07:21,949 --> 00:07:27,199
arm cleansing myself back in the 80s I

214
00:07:24,459 --> 00:07:29,388

was at my grandmother's place in mirth

215

00:07:27,199 --> 00:07:31,848

avail and I saw the head of an arrow

216

00:07:29,389 --> 00:07:33,019

like seven lights in the sky above the

217

00:07:31,848 --> 00:07:34,189

opposite mountain

218

00:07:33,019 --> 00:07:35,990

I remember what look on the window thing

219

00:07:34,189 --> 00:07:38,899

in Worcester and then suddenly this

220

00:07:35,990 --> 00:07:40,400

thing just went and it just shot in a

221

00:07:38,899 --> 00:07:41,929

southerly direction so this is brilliant

222

00:07:40,399 --> 00:07:43,668

because Mike normally punches me in the

223

00:07:41,930 --> 00:07:45,228

face for talking about anything like

224

00:07:43,668 --> 00:07:46,189

this and he's just admit we made to

225

00:07:45,228 --> 00:07:48,800

witnessing some of the things I've

226

00:07:46,189 --> 00:07:50,629

always wanted to see oh I like over here

227

00:07:48,800 --> 00:07:52,278

I feel I feel naked I feel vulnerable

228

00:07:50,629 --> 00:07:53,990

it's great welcome to the Brotherhood

229

00:07:52,278 --> 00:08:01,459

Mike let's give Mike a big round of

230

00:07:53,990 --> 00:08:04,158

applause yeah I finally ground him down

231

00:08:01,459 --> 00:08:06,019

Mike was now one of us it was time for

232

00:08:04,158 --> 00:08:08,990

me to extract as much new information

233

00:08:06,019 --> 00:08:14,839

from his experience as possible it was

234

00:08:08,990 --> 00:08:16,908

time to begin probing Wow w Oh WTF wow

235

00:08:14,839 --> 00:08:19,218

what a great meeting what a great bunch

236

00:08:16,908 --> 00:08:20,329

of people very very nice no we heard the

237

00:08:19,218 --> 00:08:23,810

facts yep

238

00:08:20,329 --> 00:08:25,370

and what's pull up my mind is you openly

239

00:08:23,810 --> 00:08:28,430

speak about being taking on board no

240

00:08:25,370 --> 00:08:30,168

no joke you have been drunk you've

241

00:08:28,430 --> 00:08:31,550

never mentioned this listen why this is

242

00:08:30,168 --> 00:08:33,288

why that I didn't mention it you before

243
00:08:31,550 --> 00:08:35,028
I knew it I knew this would have been

244
00:08:33,288 --> 00:08:36,620
badly for me right they leave scars on

245
00:08:35,028 --> 00:08:38,509
your body shut that ain't leave in part

246
00:08:36,620 --> 00:08:40,038
the reason I didn't say any of the past

247
00:08:38,509 --> 00:08:41,299
did they wash your boiled egg inside of

248
00:08:40,038 --> 00:08:43,370
you see if you prefer to that didn't

249
00:08:41,299 --> 00:08:45,740
happen right but I'm just saying I saw

250
00:08:43,370 --> 00:08:47,570
something as a young man I've kept it to

251
00:08:45,740 --> 00:08:49,039
myself for the very reason that I knew

252
00:08:47,570 --> 00:08:51,470
if I said anything you would spin it

253
00:08:49,039 --> 00:08:53,838
into some weird story you have an egg

254
00:08:51,470 --> 00:08:54,980
pushed inside me and being abducted by

255
00:08:53,839 --> 00:08:56,540
an alien that didn't happen

256
00:08:54,980 --> 00:08:58,459
well how long were you on non-supe I

257

00:08:56,539 --> 00:09:01,370
wasn't on a ship was i those names front

258
00:08:58,458 --> 00:09:03,500
room so the ship would like your man's

259
00:09:01,370 --> 00:09:05,240
front room it was exactly the same as it

260
00:09:03,500 --> 00:09:07,490
was my name's red rose in st. so they

261
00:09:05,240 --> 00:09:10,278
line did you that much with their their

262
00:09:07,490 --> 00:09:12,079
science they recreated enhancement room

263
00:09:10,278 --> 00:09:13,669
listen to what I'm saying you little

264
00:09:12,078 --> 00:09:14,899
bird yeah I was not a ship I wasn't

265
00:09:13,669 --> 00:09:16,939
gonna probe there were no eggs go

266
00:09:14,899 --> 00:09:20,240
anywhere near me okay so they tried to

267
00:09:16,940 --> 00:09:23,450
make a clone of you in your now slalom

268
00:09:20,240 --> 00:09:25,220
as a boy which is very interesting but

269
00:09:23,450 --> 00:09:27,829
we have to stick to the facts Mike that

270
00:09:25,220 --> 00:09:30,980
please do the facts are I saw something

271
00:09:27,828 --> 00:09:32,389

which I couldn't explain we were armed

272

00:09:30,980 --> 00:09:34,399

with Sioux Falls research and list of

273

00:09:32,389 --> 00:09:35,750

reports we needed to find a view point

274

00:09:34,399 --> 00:09:37,669

from which we could visualize the events

275

00:09:35,750 --> 00:09:41,389

of that night we're better than the

276

00:09:37,669 --> 00:09:44,028

world's 189,000 456 tours but Wales's

277

00:09:41,389 --> 00:09:47,120

tallest building the swansea meridian

278

00:09:44,028 --> 00:09:48,019

tower so right now we are at the top of

279

00:09:47,120 --> 00:09:50,028

the tower that's a hell of a view

280

00:09:48,019 --> 00:09:51,679

Camilla Swansea for 20 years dollars

281

00:09:50,028 --> 00:09:53,870

I've never seen this view before we've

282

00:09:51,679 --> 00:09:55,278

got pretty much a 360-degree view we can

283

00:09:53,870 --> 00:09:58,459

walk around the entire top of this tower

284

00:09:55,278 --> 00:10:00,740

and see some miles so we're in makes the

285

00:09:58,458 --> 00:10:02,958

middle of Swansea Bay it's a huge way

286
00:10:00,740 --> 00:10:04,310
looking north back towards the city and

287
00:10:02,958 --> 00:10:05,569
the hill the city's built on and when

288
00:10:04,309 --> 00:10:08,389
you look out across there you realize

289
00:10:05,570 --> 00:10:11,149
how densely populated a large a large

290
00:10:08,389 --> 00:10:12,889
matter this area is although there's two

291
00:10:11,149 --> 00:10:14,778
sides of this one is that it tells us a

292
00:10:12,889 --> 00:10:17,120
lot of people saw the same thing on the

293
00:10:14,778 --> 00:10:18,230
same leg back in 83 yeah also tells me

294
00:10:17,120 --> 00:10:19,639
looking we've got probably hundreds

295
00:10:18,230 --> 00:10:20,889
thousands of people in the other four in

296
00:10:19,639 --> 00:10:23,139
more than 25 I'm going to see

297
00:10:20,889 --> 00:10:25,689
we can chart the areas that match up

298
00:10:23,139 --> 00:10:27,009
with the sightings we could find out

299
00:10:25,690 --> 00:10:30,580
we're probably the best place to go

300
00:10:27,009 --> 00:10:32,439
would be here and I guarantee we will

301
00:10:30,580 --> 00:10:35,250
within the next two hours be on board

302
00:10:32,440 --> 00:10:38,110
the ship and they'll be probing it

303
00:10:35,250 --> 00:10:39,700
around official look for a good cup of

304
00:10:38,110 --> 00:10:40,360
coffee first of all let's get a hot

305
00:10:39,700 --> 00:10:42,250
drink first

306
00:10:40,360 --> 00:10:44,860
yeah and then nose until we fully get

307
00:10:42,250 --> 00:10:46,269
probed prabhas's okay let's get a hot

308
00:10:44,860 --> 00:10:49,629
drink to clean ourselves out and then

309
00:10:46,269 --> 00:10:50,769
hopefully probing your incomes I wanted

310
00:10:49,629 --> 00:10:52,000
to take the owner to these unidentified

311
00:10:50,769 --> 00:10:53,919
floating objects

312
00:10:52,000 --> 00:10:55,480
I sent the reports off to the kharab

313
00:10:53,919 --> 00:10:57,879
School of Engineering hopeful they would

314

00:10:55,480 --> 00:10:59,409
have a floppy or fly profit who could

315
00:10:57,879 --> 00:11:03,250
rationally explain these mysterious

316
00:10:59,409 --> 00:11:05,529
triangles right your missus call a place

317
00:11:03,250 --> 00:11:07,090
where science happens double aground wow

318
00:11:05,529 --> 00:11:08,740
this is like a type of school man our

319
00:11:07,090 --> 00:11:10,960
imagine market well in the materials

320
00:11:08,740 --> 00:11:13,330
laboratory and with ology with an

321
00:11:10,960 --> 00:11:15,400
emphasis on the aeronautics there's sort

322
00:11:13,330 --> 00:11:17,080
of a cavalcade of computer screens and

323
00:11:15,399 --> 00:11:19,659
things at the other end of the room and

324
00:11:17,080 --> 00:11:21,670
a full-size young airplane wing which is

325
00:11:19,659 --> 00:11:22,959
pretty impressive I don't know where

326
00:11:21,669 --> 00:11:25,000
they keep the rest of the plane but this

327
00:11:22,960 --> 00:11:26,680
is Nydia but sort of the ways is good

328
00:11:25,000 --> 00:11:28,809

but we call that in look that's known as

329

00:11:26,679 --> 00:11:30,339

that the right wing okay as opposed to

330

00:11:28,809 --> 00:11:32,169

the left wing yet she's the other one

331

00:11:30,340 --> 00:11:32,980

was in a sort of yeah they have to Donny

332

00:11:32,169 --> 00:11:38,559

that's right

333

00:11:32,980 --> 00:11:42,370

okay dr. Wayne marks MN PhD LCG I am I

334

00:11:38,559 --> 00:11:43,419

am ECE ara es a respected fluffin had

335

00:11:42,370 --> 00:11:45,940

accepted the challenge

336

00:11:43,419 --> 00:11:48,429

Oh Ryan I am Mike doing my smoke smoking

337

00:11:45,940 --> 00:11:49,630

sign birth dr. Ryan nice to meet you

338

00:11:48,429 --> 00:11:51,549

just like all you do rose I'm a

339

00:11:49,629 --> 00:11:54,039

aerospace research here at Cardiff

340

00:11:51,549 --> 00:11:55,990

University are many focused on taking

341

00:11:54,039 --> 00:11:57,819

damage in aerospace structures can I

342

00:11:55,990 --> 00:12:00,190

call you Ryan or the other o Reilly Ryan

343
00:11:57,820 --> 00:12:03,160
is dr de gankelaar coolie dr sounds

344
00:12:00,190 --> 00:12:05,200
quite good so doctor the case study that

345
00:12:03,159 --> 00:12:06,219
we've been looking at the night of the

346
00:12:05,200 --> 00:12:08,740
triangle in particular

347
00:12:06,220 --> 00:12:10,600
1983 January was a doctor well I first

348
00:12:08,740 --> 00:12:13,450
heard this I was thinking a DeltaWing

349
00:12:10,600 --> 00:12:15,009
craft like a like a stealth bomber when

350
00:12:13,450 --> 00:12:16,450
you first emailed me and said about

351
00:12:15,009 --> 00:12:18,009
flying triangles I instantly thought

352
00:12:16,450 --> 00:12:20,170
this is opening shirt this is going to

353
00:12:18,009 --> 00:12:22,960
be really easy 1982 we just had the

354
00:12:20,169 --> 00:12:24,339
Falklands War where the Volcom bomber

355
00:12:22,960 --> 00:12:26,860
was used so they were still in service

356
00:12:24,340 --> 00:12:28,450
which is triangular shape aircraft until

357
00:12:26,860 --> 00:12:31,509
I read some of the eyewitness accounts

358
00:12:28,450 --> 00:12:33,790
which then let me scratching my head now

359
00:12:31,509 --> 00:12:34,610
as far as I'm concerned these are

360
00:12:33,789 --> 00:12:36,439
craftsmen

361
00:12:34,610 --> 00:12:37,879
mention these convinced about this I

362
00:12:36,440 --> 00:12:40,160
mean there's there's no there's no room

363
00:12:37,879 --> 00:12:41,659
for argument here is really explanation

364
00:12:40,159 --> 00:12:44,480
that has to be more plausible a

365
00:12:41,659 --> 00:12:47,269
scientist first me we do is look at the

366
00:12:44,480 --> 00:12:48,589
evidence and trying for conclusions so

367
00:12:47,269 --> 00:12:50,419
what have you noticed from any of these

368
00:12:48,589 --> 00:12:52,760
case studies there's a commonality

369
00:12:50,419 --> 00:12:55,519
between all of them and that is they saw

370
00:12:52,759 --> 00:12:58,100
some sort of flying craft however there

371

00:12:55,519 --> 00:13:00,259
are some differences we have accounts

372
00:12:58,100 --> 00:13:02,240
that range in size from size of a small

373
00:13:00,259 --> 00:13:04,519
family car right all the way up to twice

374
00:13:02,240 --> 00:13:07,159
the size of a 747 jumbo jet which is

375
00:13:04,519 --> 00:13:09,709
math as a big different there are some

376
00:13:07,159 --> 00:13:11,899
commonalities however between all of the

377
00:13:09,708 --> 00:13:13,278
accounts and that is that typically

378
00:13:11,899 --> 00:13:15,950
there were some lights on board this

379
00:13:13,278 --> 00:13:17,179
craft but the biggest commonality

380
00:13:15,950 --> 00:13:19,370
between all of the accounts is that

381
00:13:17,179 --> 00:13:21,620
there was no smell and there's no sound

382
00:13:19,370 --> 00:13:23,450
any aircraft I've seen that be made by

383
00:13:21,620 --> 00:13:26,209
humans make a lot of noise and they

384
00:13:23,450 --> 00:13:27,500
smell quite bad this smell coid but yeah

385
00:13:26,208 --> 00:13:27,889

I've been closed to aeroplanes and they

386

00:13:27,500 --> 00:13:30,049

stink

387

00:13:27,889 --> 00:13:32,480

if the aircraft's making no sound that

388

00:13:30,049 --> 00:13:33,259

really starts to wiggle it down to two

389

00:13:32,480 --> 00:13:36,589

possibilities

390

00:13:33,259 --> 00:13:38,629

a ver a a glider or some sort of

391

00:13:36,589 --> 00:13:40,519

lighter-than-air craft though there are

392

00:13:38,629 --> 00:13:43,070

large-scale gliders typically they're

393

00:13:40,519 --> 00:13:45,078

quite small and don't tend to fly at

394

00:13:43,070 --> 00:13:47,300

night to the such or a more likely

395

00:13:45,078 --> 00:13:49,250

situation was that it's a lighter than

396

00:13:47,299 --> 00:13:52,159

aircraft you really look at a hot air

397

00:13:49,250 --> 00:13:54,970

balloon type or an airship okay I have

398

00:13:52,159 --> 00:13:57,740

done some digging let's go back to 1983

399

00:13:54,970 --> 00:14:00,680

during the Falklands War hms sheffield

400
00:13:57,740 --> 00:14:02,509
was actually attacked and sunk so this

401
00:14:00,679 --> 00:14:06,198
gave a requirement to investigate

402
00:14:02,509 --> 00:14:07,789
airborne early-warning vehicles okay

403
00:14:06,198 --> 00:14:10,578
right yeah a British company called

404
00:14:07,789 --> 00:14:13,639
airship industries in the early 80s were

405
00:14:10,578 --> 00:14:19,069
developing a airship called the sky ship

406
00:14:13,639 --> 00:14:21,470
500 and in 1983 the sky ship 500 was

407
00:14:19,070 --> 00:14:23,629
actually put on trial by the British

408
00:14:21,470 --> 00:14:25,970
Navy Swansea being on the coast

409
00:14:23,629 --> 00:14:28,429
these were naval trials so it's quite

410
00:14:25,970 --> 00:14:31,639
possible that this such craft was out in

411
00:14:28,429 --> 00:14:34,609
the Atlantic testing early warning

412
00:14:31,639 --> 00:14:36,049
devices have you got any images of what

413
00:14:34,610 --> 00:14:37,190
yeah it's a little bit local so the

414
00:14:36,049 --> 00:14:38,719
craft would actually looks something

415
00:14:37,190 --> 00:14:40,610
like that

416
00:14:38,720 --> 00:14:42,949
we're already standard sort of airship

417
00:14:40,610 --> 00:14:44,840
style well I'll just explain them if

418
00:14:42,948 --> 00:14:46,669
people know earlier ship looks like you

419
00:14:44,840 --> 00:14:48,680
Zeppelin airship right with with the

420
00:14:46,669 --> 00:14:50,269
fins in the back of a contra knee but

421
00:14:48,679 --> 00:14:52,579
then what's interesting to me is above

422
00:14:50,269 --> 00:14:54,289
that you've got the same ship at night

423
00:14:52,580 --> 00:14:56,420
with its I assume some sort of running

424
00:14:54,289 --> 00:14:58,969
lights on me yeah those three lights

425
00:14:56,419 --> 00:15:00,860
there John yeah you see those yeah no

426
00:14:58,970 --> 00:15:03,560
imagine drawing a line in your mind

427
00:15:00,860 --> 00:15:03,950
between those one two three what you

428

00:15:03,559 --> 00:15:08,269
have

429
00:15:03,950 --> 00:15:11,420
I mean it's I'm sort of a geometric

430
00:15:08,269 --> 00:15:13,639
image yeah three pointed to three

431
00:15:11,419 --> 00:15:16,729
pointed geometric shape also known as

432
00:15:13,639 --> 00:15:18,439
member school some of the nuns yes

433
00:15:16,730 --> 00:15:19,820
beating it into me it's triangle it's a

434
00:15:18,440 --> 00:15:22,910
trial nature a trial oh yeah he's a

435
00:15:19,820 --> 00:15:25,010
trying yeah right if I was in Swansea 30

436
00:15:22,909 --> 00:15:26,899
years ago and I saw three lights in the

437
00:15:25,009 --> 00:15:28,490
sky like that I couldn't explain them

438
00:15:26,899 --> 00:15:31,220
there's no there's no noise it's moving

439
00:15:28,490 --> 00:15:33,080
slowly I'm someone you think described

440
00:15:31,220 --> 00:15:37,310
himself as a aviation geek and I've only

441
00:15:33,080 --> 00:15:40,160
ever seen one in 1983 in the dark it's

442
00:15:37,309 --> 00:15:42,199

difficult to conclude and again it's a

443

00:15:40,159 --> 00:15:44,389

big craft it's a craft of two sizes

444

00:15:42,200 --> 00:15:45,710

you've got the large envelope which does

445

00:15:44,389 --> 00:15:47,659

fall in line with people say it's a

446

00:15:45,710 --> 00:15:49,700

large craft but the small gondola

447

00:15:47,659 --> 00:15:50,779

underneath which is later which falls in

448

00:15:49,700 --> 00:15:53,120

line with people saying it's a small

449

00:15:50,779 --> 00:15:54,409

craft but I saw something in the world

450

00:15:53,120 --> 00:15:56,240

fairly it would have been around that

451

00:15:54,409 --> 00:15:57,620

time maybe a little later just I want to

452

00:15:56,240 --> 00:15:59,570

interject that's the thing you saw that

453

00:15:57,620 --> 00:16:01,610

you said took you on board as planted an

454

00:15:59,570 --> 00:16:02,930

egg inside of you would like to know

455

00:16:01,610 --> 00:16:04,550

it'll I don't want a new type of

456

00:16:02,929 --> 00:16:06,469

life-form no that's when you put two

457
00:16:04,549 --> 00:16:08,629
together made nine that Lincoln told me

458
00:16:06,470 --> 00:16:10,430
no I told you I've seen three lights and

459
00:16:08,629 --> 00:16:12,110
they were moving from right to left

460
00:16:10,429 --> 00:16:14,089
could be initially it could be your

461
00:16:12,110 --> 00:16:16,070
scientific approach and your answer to

462
00:16:14,090 --> 00:16:17,420
what you believe happened without the

463
00:16:16,070 --> 00:16:19,580
fog was robbed that happen we've got

464
00:16:17,419 --> 00:16:21,679
we've got an actual airship that was

465
00:16:19,580 --> 00:16:23,420
produced you know about happened he's

466
00:16:21,679 --> 00:16:25,969
got actual photographs at my time making

467
00:16:23,419 --> 00:16:28,639
the exact shape of Lights that I saw

468
00:16:25,970 --> 00:16:30,830
others died yeah okay these things this

469
00:16:28,639 --> 00:16:32,899
is called our research on this cause of

470
00:16:30,830 --> 00:16:34,730
telling evidence so you call this hard

471
00:16:32,899 --> 00:16:36,319
research and compelling evidence yeah

472
00:16:34,730 --> 00:16:37,759
what if I was to call it stuff and

473
00:16:36,320 --> 00:16:40,100
nonsense what if they could disguise

474
00:16:37,759 --> 00:16:42,019
themselves to look like this but in

475
00:16:40,100 --> 00:16:42,820
reality bet something else have you

476
00:16:42,019 --> 00:16:47,110
thought about that

477
00:16:42,820 --> 00:16:49,580
and saying that possibility why would

478
00:16:47,110 --> 00:16:51,409
aliens want to take the form of an

479
00:16:49,580 --> 00:16:55,040
airship surely you choose something a

480
00:16:51,409 --> 00:16:58,169
bit more of a like a Spitfire yeah for a

481
00:16:55,039 --> 00:17:02,189
step or a subject yeah a plane John Sam

482
00:16:58,169 --> 00:17:04,318
a lair okay a motorbike that flies John

483
00:17:02,190 --> 00:17:05,850
was on the ropes reading from dr. Rhines

484
00:17:04,318 --> 00:17:08,730
thrusting knowledge and logical approach

485

00:17:05,849 --> 00:17:10,769
but the fluffin wasn't finished the

486
00:17:08,730 --> 00:17:13,529
prototype craft which is golf Bravo

487
00:17:10,769 --> 00:17:15,750
India hotel November I believe the same

488
00:17:13,529 --> 00:17:18,689
craft then went on to open up the Summer

489
00:17:15,750 --> 00:17:20,189
Olympics in 1984 s angeles los angeles

490
00:17:18,689 --> 00:17:22,769
was a big clown a film

491
00:17:20,189 --> 00:17:25,500
yeah me and even better than that this

492
00:17:22,769 --> 00:17:27,539
story can take an even better turn then

493
00:17:25,500 --> 00:17:29,970
went on to feature in the James Bond

494
00:17:27,539 --> 00:17:31,889
film view to a kill yeah cos or an

495
00:17:29,970 --> 00:17:34,470
industry or in in delays over the fights

496
00:17:31,890 --> 00:17:36,390
Christopher Walken in a giant an airship

497
00:17:34,470 --> 00:17:38,940
it's amazing that is one of yet one of

498
00:17:36,390 --> 00:17:40,919
the guest films of all time yes exactly

499
00:17:38,940 --> 00:17:42,210

when we alive is that fascinating and

500

00:17:40,919 --> 00:17:43,740

that brilliant you need nothing else to

501

00:17:42,210 --> 00:17:45,509

you I know need aliens or little green

502

00:17:43,740 --> 00:17:47,308

men or abductions I'm very excited got

503

00:17:45,509 --> 00:17:49,558

James Bond you've got the Le Olympics

504

00:17:47,308 --> 00:17:50,940

even get any room for this to actually

505

00:17:49,558 --> 00:17:52,769

be a craft from another dimension

506

00:17:50,940 --> 00:17:55,380

I can't say with a hundred percent

507

00:17:52,769 --> 00:17:57,779

confidence that this was an airship I

508

00:17:55,380 --> 00:17:59,669

don't have the piece of writing from the

509

00:17:57,779 --> 00:18:03,178

military it says we were flying airship

510

00:17:59,669 --> 00:18:05,970

so respond to that night but I'm 95%

511

00:18:03,179 --> 00:18:08,100

confident that this is a craft of human

512

00:18:05,970 --> 00:18:09,720

creation shall we say dr. Roy those

513

00:18:08,099 --> 00:18:11,579

earthly fantastic well you still wish

514
00:18:09,720 --> 00:18:13,410
some of the facts may be a bit iffy but

515
00:18:11,579 --> 00:18:15,210
I'll go with some of what you said and

516
00:18:13,410 --> 00:18:17,370
we'll see how far we can get with that

517
00:18:15,210 --> 00:18:19,590
with my evidence later on well I'm sure

518
00:18:17,369 --> 00:18:22,889
the truth is out there see someone's

519
00:18:19,589 --> 00:18:25,289
willing to learn as well Mike Mike had

520
00:18:22,890 --> 00:18:27,059
his answers and I had mine my facts

521
00:18:25,289 --> 00:18:29,250
could never be proven in a lab so I

522
00:18:27,058 --> 00:18:31,558
linked back up to Suppan to continue our

523
00:18:29,250 --> 00:18:34,130
research by looking up to the stars for

524
00:18:31,558 --> 00:18:34,129
more evidence

525
00:18:36,460 --> 00:18:41,210
if this mangy common fluff between there

526
00:18:39,349 --> 00:18:43,038
in the ghoul really pretty impressive

527
00:18:41,210 --> 00:18:45,769
failure stunning absolutely I don't

528
00:18:43,038 --> 00:18:47,388
often feel grateful I know you and then

529
00:18:45,769 --> 00:18:49,608
often feel are you any sort of gratitude

530
00:18:47,388 --> 00:18:51,888
whatsoever like this is one of those

531
00:18:49,608 --> 00:18:56,058
rare moments John what I'm grateful to

532
00:18:51,888 --> 00:18:57,829
you because the view of the night sky is

533
00:18:56,058 --> 00:18:59,839
absolutely something else I mean this is

534
00:18:57,829 --> 00:19:01,638
probably the clearest night the orga see

535
00:18:59,839 --> 00:19:03,048
thousands and thousands of thousands of

536
00:19:01,638 --> 00:19:05,508
stars I can see the Milky Way quite

537
00:19:03,048 --> 00:19:07,519
clearly on some consolation I can see

538
00:19:05,509 --> 00:19:11,450
player D like two years of major I can

539
00:19:07,519 --> 00:19:13,669
see wicks the other sleek export they're

540
00:19:11,450 --> 00:19:15,830
not there are constellations and like

541
00:19:13,669 --> 00:19:17,629
bus no there's not there's not there's

542

00:19:15,829 --> 00:19:19,189
not platypus one assertion made you

543
00:19:17,628 --> 00:19:21,199
notice also the great bear held a big

544
00:19:19,190 --> 00:19:23,058
difference the argument Ryan the cat

545
00:19:21,200 --> 00:19:26,028
yeah no II figured of all Ryan you can't

546
00:19:23,058 --> 00:19:28,579
see that's below horizon kid packs just

547
00:19:26,028 --> 00:19:31,128
all across there sit effect effects

548
00:19:28,579 --> 00:19:32,658
nebula and what's amazing about that is

549
00:19:31,128 --> 00:19:35,538
they named the correction fluid after

550
00:19:32,659 --> 00:19:37,519
that not amazing we moon because it was

551
00:19:35,538 --> 00:19:39,829
so brilliantly white they looked at it

552
00:19:37,519 --> 00:19:41,899
and they thought that's so white give

553
00:19:39,829 --> 00:19:44,960
you three like it vector nebula look

554
00:19:41,898 --> 00:19:46,308
movement so plunger now how did you know

555
00:19:44,960 --> 00:19:47,869
it's a plane let's go through the

556
00:19:46,308 --> 00:19:50,210

checklist what's a UFO how do you

557

00:19:47,868 --> 00:19:50,480

describe a UFO I'll identify fly mugs

558

00:19:50,210 --> 00:19:52,850

right

559

00:19:50,480 --> 00:19:54,589

what's that that's an identified flying

560

00:19:52,849 --> 00:19:57,528

object how do you also identified as an

561

00:19:54,589 --> 00:19:59,028

IFO how do you identify I got to play me

562

00:19:57,528 --> 00:20:01,009

I've seen planes before lots of times

563

00:19:59,028 --> 00:20:02,179

and that is definitely a plane but isn't

564

00:20:01,009 --> 00:20:05,628

it amazing the way it hangs in the sky

565

00:20:02,179 --> 00:20:07,369

like that yeah with us so probably move

566

00:20:05,628 --> 00:20:10,368

as you listen very carefully

567

00:20:07,368 --> 00:20:13,189

mmm you near the engine and let's prove

568

00:20:10,368 --> 00:20:15,079

to you there's not a plane as it yeah on

569

00:20:13,190 --> 00:20:16,879

a cold wintry common we met up with soo

570

00:20:15,079 --> 00:20:19,519

fun to hunt them light skies for

571
00:20:16,878 --> 00:20:20,839
evidence that we are not alone watch

572
00:20:19,519 --> 00:20:24,349
your watch your footing and what you

573
00:20:20,839 --> 00:20:26,839
acquitted hello everyone hello how long

574
00:20:24,349 --> 00:20:28,548
should a location point is a bit dark I

575
00:20:26,839 --> 00:20:30,048
can sort of make you out look like a

576
00:20:28,548 --> 00:20:31,220
sinister cult but hopefully you know

577
00:20:30,048 --> 00:20:33,440
what's gonna happen tonight

578
00:20:31,220 --> 00:20:35,239
so you guys you just studied the the

579
00:20:33,440 --> 00:20:37,399
watch has just begun tonight is that

580
00:20:35,239 --> 00:20:38,808
right yeah and um you know what sort of

581
00:20:37,398 --> 00:20:40,488
things are we going to expect to see on

582
00:20:38,808 --> 00:20:42,499
an average sort of night out like this

583
00:20:40,489 --> 00:20:45,139
well the office is going to be meteors

584
00:20:42,499 --> 00:20:47,039
in it and an aircraft beyond satellite

585
00:20:45,138 --> 00:20:49,199
the odd site light

586
00:20:47,039 --> 00:20:51,089
yeah but you never know we may get lucky

587
00:20:49,200 --> 00:20:53,430
yeah what sort of stuff will be looking

588
00:20:51,089 --> 00:20:55,649
for anything that's that's not so what

589
00:20:53,430 --> 00:20:57,600
we're basically looking for I suppose is

590
00:20:55,650 --> 00:20:59,160
a bright light in the sky which is

591
00:20:57,599 --> 00:21:00,119
moving that's the first thing we're

592
00:20:59,160 --> 00:21:01,680
looking for okay

593
00:21:00,119 --> 00:21:03,449
and then we've got to rule out what it

594
00:21:01,680 --> 00:21:05,009
is I mean obviously go look to see the

595
00:21:03,450 --> 00:21:06,299
obvious solutions what it is and

596
00:21:05,009 --> 00:21:07,769
normally that that's what it is

597
00:21:06,299 --> 00:21:09,149
but I mean if something's moving in a

598
00:21:07,769 --> 00:21:10,589
straight line across the sky and

599

00:21:09,150 --> 00:21:13,350
suddenly moves off at a different angle

600
00:21:10,589 --> 00:21:14,459
that's really unusual isn't it so so

601
00:21:13,349 --> 00:21:15,809
you're trying to basically discount

602
00:21:14,460 --> 00:21:17,460
things that couldn't be first that's

603
00:21:15,809 --> 00:21:18,659
right he has anything that you've seen

604
00:21:17,460 --> 00:21:20,549
in the last of the year and a half that

605
00:21:18,660 --> 00:21:22,800
this stood of you yeah we were done a

606
00:21:20,549 --> 00:21:24,839
crafty couple months back which is North

607
00:21:22,799 --> 00:21:26,220
Keller on the coast and about a mile

608
00:21:24,839 --> 00:21:28,829
away above the hell we saw an orange

609
00:21:26,220 --> 00:21:30,750
light which is stationary is only for

610
00:21:28,829 --> 00:21:32,159
about 30 seconds exactly definitely

611
00:21:30,750 --> 00:21:34,549
wasn't helicopter wasn't a Chinese

612
00:21:32,160 --> 00:21:36,900
lantern is too big for a Chinese lantern

613
00:21:34,549 --> 00:21:39,180

at the temperature dropped by

614

00:21:36,900 --> 00:21:44,460

anticipation rose and the light show

615

00:21:39,180 --> 00:21:47,700

began oh there you go Wow shooting star

616

00:21:44,460 --> 00:21:49,890

that would have been some face justice

617

00:21:47,700 --> 00:21:51,509

burning up in entering on definitely yes

618

00:21:49,890 --> 00:21:53,040

hail on it it just went straight across

619

00:21:51,509 --> 00:21:54,750

it's lovely those particle of something

620

00:21:53,039 --> 00:21:55,799

that's as good of military you know

621

00:21:54,750 --> 00:21:57,349

obviously you guys have got a real

622

00:21:55,799 --> 00:22:00,029

passion for this what would your ideal

623

00:21:57,349 --> 00:22:02,579

situation be I mean if something was to

624

00:22:00,029 --> 00:22:05,670

come out of the sky and come close and

625

00:22:02,579 --> 00:22:07,829

it was some sort of craft with a door on

626

00:22:05,670 --> 00:22:09,480

the front but line development would you

627

00:22:07,829 --> 00:22:13,740

have we don't tell you without a doubt

628
00:22:09,480 --> 00:22:15,450
engine yeah yeah yeah I'm pretty sick of

629
00:22:13,740 --> 00:22:17,910
this little donut or 20 foot you know

630
00:22:15,450 --> 00:22:19,590
and I'd like to see an experience I'll

631
00:22:17,910 --> 00:22:20,910
just try something new so cold I'd

632
00:22:19,589 --> 00:22:23,399
probably go in there as well what I mean

633
00:22:20,910 --> 00:22:25,860
yeah hurt a lot by ago I be straight

634
00:22:23,400 --> 00:22:27,990
admit the time had come to discuss dr.

635
00:22:25,859 --> 00:22:28,529
Rhines flopping findings without Suppan

636
00:22:27,990 --> 00:22:30,779
friends

637
00:22:28,529 --> 00:22:34,529
well after group now the one of the few

638
00:22:30,779 --> 00:22:36,240
that we heard was an aircraft engineer

639
00:22:34,529 --> 00:22:39,269
who said that maybe this could have been

640
00:22:36,240 --> 00:22:41,130
if you were slow-moving if there's no

641
00:22:39,269 --> 00:22:42,599
sound and maybe this was an issue from

642
00:22:41,130 --> 00:22:44,730
what this chap was saying that on a dark

643
00:22:42,599 --> 00:22:47,069
night it's going to be obscured totally

644
00:22:44,730 --> 00:22:48,240
apart from the primitive like soft but

645
00:22:47,069 --> 00:22:50,129
you're going to make the triangle that

646
00:22:48,240 --> 00:22:50,730
triangle shape is raccoon with a lot of

647
00:22:50,130 --> 00:22:51,990
different people

648
00:22:50,730 --> 00:22:54,110
even with an airship you get noise

649
00:22:51,990 --> 00:22:57,288
because of the petrol engine with

650
00:22:54,109 --> 00:22:59,209
fellas go yeah I mean sad no noise at

651
00:22:57,288 --> 00:23:00,619
all you know if there were 200 witnesses

652
00:22:59,210 --> 00:23:02,509
surely some of them would have turned

653
00:23:00,619 --> 00:23:04,339
around said oh we can discount it we

654
00:23:02,509 --> 00:23:06,470
know what we saw it was a blimp some

655
00:23:04,339 --> 00:23:08,240
people could see it as being a triangle

656

00:23:06,470 --> 00:23:10,548
others see it from different angles

657
00:23:08,240 --> 00:23:12,319
one witness I spoke to he saw a big

658
00:23:10,548 --> 00:23:14,240
black triangle over roughly where the

659
00:23:12,319 --> 00:23:16,220
Liberty Stadium is enough and he was

660
00:23:14,240 --> 00:23:18,649
looked at she looking down on it because

661
00:23:16,220 --> 00:23:20,778
he was on the hill above it and so he he

662
00:23:18,648 --> 00:23:22,189
was looking down on the triangle yes he

663
00:23:20,778 --> 00:23:24,528
was at a higher elevation than the

664
00:23:22,190 --> 00:23:26,269
object the object was quite low if

665
00:23:24,528 --> 00:23:28,009
someone's like at a same level or maybe

666
00:23:26,269 --> 00:23:29,329
they're looking down slowly other if

667
00:23:28,009 --> 00:23:31,009
this did they also see in that same

668
00:23:29,329 --> 00:23:33,109
triangular shape and that becomes a lot

669
00:23:31,009 --> 00:23:35,388
more I'm thinking of what can walk in

670
00:23:33,109 --> 00:23:37,189

that possibly be in our journey the

671

00:23:35,388 --> 00:23:39,769

night of the triangles was hard to fully

672

00:23:37,190 --> 00:23:41,630

explain like maths or how a baby's made

673

00:23:39,769 --> 00:23:44,179

and before we knew it our own

674

00:23:41,630 --> 00:23:46,309

unexplainable event was about to unfold

675

00:23:44,179 --> 00:23:48,288

what do you reckon that orange light is

676

00:23:46,308 --> 00:23:51,678

out there you look at why are we looking

677

00:23:48,288 --> 00:23:53,329

at this okay so relatively low down and

678

00:23:51,679 --> 00:23:55,370

what is that in front of us there's

679

00:23:53,329 --> 00:23:55,759

something like an orange light floating

680

00:23:55,369 --> 00:23:58,308

in the sky

681

00:23:55,759 --> 00:24:00,079

oh yes drinks over towards portal but so

682

00:23:58,308 --> 00:24:01,548

that's that's definitely an anomaly gap

683

00:24:00,079 --> 00:24:02,629

just above the horizon where we're

684

00:24:01,548 --> 00:24:05,210

looking to the east there's like an

685
00:24:02,630 --> 00:24:07,220
orange glow in looks like it's pulsing

686
00:24:05,210 --> 00:24:09,980
light yeah you're like a balloon for

687
00:24:07,220 --> 00:24:11,720
Nautilus someone look at this this what

688
00:24:09,980 --> 00:24:13,759
sort of an ocular what can you see Mike

689
00:24:11,720 --> 00:24:15,350
well it's not a star because this it's

690
00:24:13,759 --> 00:24:16,908
round it's an orange light there's no

691
00:24:15,349 --> 00:24:19,158
other is no green light or red light

692
00:24:16,909 --> 00:24:22,610
snow white lights it's just hanging

693
00:24:19,159 --> 00:24:23,960
there hang in the orange it looks like

694
00:24:22,609 --> 00:24:26,769
to me but we all street lights are

695
00:24:23,960 --> 00:24:29,750
orange you like it's a 1970 street light

696
00:24:26,769 --> 00:24:32,589
that's interested what we wanted to do

697
00:24:29,750 --> 00:24:35,179
is move but they spoke too soon

698
00:24:32,589 --> 00:24:36,619
obviously influenced by the power of our

699
00:24:35,179 --> 00:24:40,340
minds the orb

700
00:24:36,619 --> 00:24:42,018
began to rise since the suta risen

701
00:24:40,339 --> 00:24:43,819
demand I think it's raised there almost

702
00:24:42,019 --> 00:24:45,138
vertically and very slowly but it's

703
00:24:43,819 --> 00:24:46,908
definitely God moved up in the sky

704
00:24:45,138 --> 00:24:48,288
quicker than a planner would rise if

705
00:24:46,909 --> 00:24:49,490
they did a planet like Jupiter I should

706
00:24:48,288 --> 00:24:51,710
be getting brighter as it goes higher

707
00:24:49,490 --> 00:24:53,450
but it's not it sort of dimmed a bit now

708
00:24:51,710 --> 00:24:54,798
John with a highlighters now so that's

709
00:24:53,450 --> 00:24:56,480
amazing because what we're seeing here

710
00:24:54,798 --> 00:24:59,359
is looking at it associated with a start

711
00:24:56,480 --> 00:25:00,860
yes moving left it's moving more like

712
00:24:59,359 --> 00:25:04,038
that's moving it quite a lot of speed

713

00:25:00,859 --> 00:25:06,769
the all flew towards us pulsing and

714
00:25:04,038 --> 00:25:07,490
glowing ever brighter as it bore down

715
00:25:06,769 --> 00:25:09,950
upon us

716
00:25:07,490 --> 00:25:11,930
the terrible truth revealed itself I

717
00:25:09,950 --> 00:25:13,490
could see a burden to helicopter

718
00:25:11,930 --> 00:25:15,110
possessor that there's a red light to

719
00:25:13,490 --> 00:25:17,870
the back we've had a little mini

720
00:25:15,109 --> 00:25:20,119
experience there I've seen something at

721
00:25:17,869 --> 00:25:22,669
first hopefully I'll be scared maybe a

722
00:25:20,119 --> 00:25:24,799
little bit of we did come out but that's

723
00:25:22,670 --> 00:25:26,300
quite nice is that through your

724
00:25:24,799 --> 00:25:27,889
experience guys you prove what you know

725
00:25:26,299 --> 00:25:29,659
you might explain it away

726
00:25:27,890 --> 00:25:31,880
yeah I'm it's quite logical what are you

727
00:25:29,660 --> 00:25:33,800

getting in Iran only there's a red light

728

00:25:31,880 --> 00:25:35,180

at the back yeah nothing comes over you

729

00:25:33,799 --> 00:25:37,789

can sort of see the flashing lights on

730

00:25:35,180 --> 00:25:39,380

it so have science triumphs once again

731

00:25:37,789 --> 00:25:40,700

or all the colour convinced John that

732

00:25:39,380 --> 00:25:44,900

the light of reality could outshine

733

00:25:40,700 --> 00:25:46,400

fantasy now I'm looking up I can see the

734

00:25:44,900 --> 00:25:49,340

Milky Way I could see millions of stars

735

00:25:46,400 --> 00:25:51,080

okay it blows my mind that like those

736

00:25:49,339 --> 00:25:53,599

photon trail of stars has travel for

737

00:25:51,079 --> 00:25:56,269

sort of millions of years across overall

738

00:25:53,599 --> 00:25:59,029

we imaginable tractors space this is the

739

00:25:56,269 --> 00:26:01,490

beauty of nature of science there's

740

00:25:59,029 --> 00:26:04,399

nothing there that can't be explained by

741

00:26:01,490 --> 00:26:06,769

science and by fact but doesn't make any

742
00:26:04,400 --> 00:26:07,940
less amazing doesn't make any less a

743
00:26:06,769 --> 00:26:11,599
stone and doesn't make it any less

744
00:26:07,940 --> 00:26:15,140
magical I think it's overwhelming -

745
00:26:11,599 --> 00:26:17,389
thank you yes out there now yes there is

746
00:26:15,140 --> 00:26:19,370
a rate of dogs with human faces looking

747
00:26:17,390 --> 00:26:20,690
down upon us white I'm not selling on

748
00:26:19,369 --> 00:26:22,609
life out there not saying there's not

749
00:26:20,690 --> 00:26:23,720
millions of life forms out there I'm

750
00:26:22,609 --> 00:26:26,509
just saying I don't think they were in

751
00:26:23,720 --> 00:26:28,100
triangular-shaped craft in Swansea 1983

752
00:26:26,509 --> 00:26:30,079
right I'm just saying that the universe

753
00:26:28,099 --> 00:26:32,439
is a wonderful thing John the signs of

754
00:26:30,079 --> 00:26:34,730
it there's probably like a load of a

755
00:26:32,440 --> 00:26:36,980
planet full of things that look like the

756
00:26:34,730 --> 00:26:39,110
General Zod in Superman why do our

757
00:26:36,980 --> 00:26:41,059
brothers embrace heads are just the

758
00:26:39,109 --> 00:26:41,449
faces of zebras and not even his Everest

759
00:26:41,059 --> 00:26:44,389
head

760
00:26:41,450 --> 00:26:45,860
General Zod with the Zebras face you

761
00:26:44,390 --> 00:26:47,509
literally does everything I say go into

762
00:26:45,859 --> 00:26:49,039
warning familiar there are some planets

763
00:26:47,509 --> 00:26:50,690
where people are just made of gas right

764
00:26:49,039 --> 00:26:52,339
well you still know with your torch and

765
00:26:50,690 --> 00:26:54,980
go back in the car okay you can roll up

766
00:26:52,339 --> 00:26:57,829
to the to the dogface n dogface meant

767
00:26:54,980 --> 00:27:00,950
people with with worms instead of arms

768
00:26:57,829 --> 00:27:02,960
mica boat Gill people we don't even swim

769
00:27:00,950 --> 00:27:05,000
but float for the air yeah hailed like

770

00:27:02,960 --> 00:27:07,279
fish a peace-loving planet people made

771
00:27:05,000 --> 00:27:09,619
out of flowers but with human legs go

772
00:27:07,279 --> 00:27:11,960
away entire race of people with onions

773
00:27:09,619 --> 00:27:16,879
instead of eyes Mike I hope they abduct

774
00:27:11,960 --> 00:27:20,350
you yeah me too Mike me too

775
00:27:16,880 --> 00:27:26,590
the unexplained of a belief line

776
00:27:20,349 --> 00:27:26,589
creative productions for BBC radio
