

1  
00:00:06,599 --> 00:00:11,339  
though understand that UFO landed on a

2  
00:00:08,820 --> 00:00:12,719  
farm in Goa this week when the aliens

3  
00:00:11,339 --> 00:00:16,128  
actually heard the farmer

4  
00:00:12,718 --> 00:00:16,128  
apparently the trod on his corn

5  
00:00:16,868 --> 00:00:22,910  
okay I won't do any more right tonight

6  
00:00:21,199 --> 00:00:25,669  
we have the pleasure welcome welcome

7  
00:00:22,910 --> 00:00:27,169  
until the Buckenham who has traveled all

8  
00:00:25,669 --> 00:00:30,699  
the way from Cambridgeshire to be with

9  
00:00:27,169 --> 00:00:32,899  
us this evening he and his lady Quaker

10  
00:00:30,699 --> 00:00:37,579  
Toni's currently the group chairman of

11  
00:00:32,899 --> 00:00:39,950  
East Anglia UFO group when he was 17 he

12  
00:00:37,579 --> 00:00:41,359  
had his own UFO sighting the details of

13  
00:00:39,950 --> 00:00:44,149  
which I'm sure you to share with you if

14  
00:00:41,359 --> 00:00:45,769  
you ask him anyway this sighting

15  
00:00:44,149 --> 00:00:48,350  
apparently sparked his interest in the

16  
00:00:45,770 --> 00:00:50,300  
UFO phenomena now the results he

17  
00:00:48,350 --> 00:00:52,399  
subscribed to Flying Saucer review

18  
00:00:50,299 --> 00:00:54,709  
magazine and spent most of his spare

19  
00:00:52,399 --> 00:00:58,039  
time attending a few of the UFO clubs in

20  
00:00:54,710 --> 00:01:00,649  
the UK and at that time there were quite

21  
00:00:58,039 --> 00:01:02,600  
a few that was obviously long before the

22  
00:01:00,649 --> 00:01:04,519  
advent of the internet which has

23  
00:01:02,600 --> 00:01:10,129  
resulted in dwindling numbers and a lot

24  
00:01:04,519 --> 00:01:11,780  
of those clubs closing know eventually

25  
00:01:10,129 --> 00:01:14,298  
Tony together with other founding

26  
00:01:11,780 --> 00:01:16,040  
members set up the East Anglia UFO group

27  
00:01:14,299 --> 00:01:19,430  
which is one of the foremost groups of

28  
00:01:16,040 --> 00:01:21,050  
its kind in the country now this is also

29

00:01:19,430 --> 00:01:23,120  
the case of our club they have an

30  
00:01:21,049 --> 00:01:25,819  
extensive record of UFO sightings in

31  
00:01:23,120 --> 00:01:28,340  
their area together with a depository of

32  
00:01:25,819 --> 00:01:31,129  
information about the subject for anyone

33  
00:01:28,340 --> 00:01:32,270  
who's interested that we've taken access

34  
00:01:31,129 --> 00:01:35,359  
out quite easily if they've got

35  
00:01:32,269 --> 00:01:37,489  
interested in subject no tonight's Tony

36  
00:01:35,359 --> 00:01:38,959  
is going to share with us some details

37  
00:01:37,489 --> 00:01:41,179  
of interest in sightings that have

38  
00:01:38,959 --> 00:01:44,149  
occurred and been reported in the East

39  
00:01:41,180 --> 00:01:48,280  
Anglian area so please give a warm

40  
00:01:44,150 --> 00:01:48,280  
welcome to mr. Tony Buckingham

41  
00:01:53,680 --> 00:02:00,170  
thank you for that warm round with

42  
00:01:55,879 --> 00:02:01,728  
sympathy it's great to be here we had an

43  
00:02:00,170 --> 00:02:02,960

easy ride up here was really really

44

00:02:01,728 --> 00:02:04,250

really good a lot better than we thought

45

00:02:02,959 --> 00:02:06,079

it would be I've only ever been here

46

00:02:04,250 --> 00:02:08,868

once before in my life

47

00:02:06,079 --> 00:02:11,359

and every person I've met so far has

48

00:02:08,868 --> 00:02:13,310

been really lovely I admire all every

49

00:02:11,360 --> 00:02:15,230

single one of you because anyone that

50

00:02:13,310 --> 00:02:17,180

can read those rides roadsigns we had

51

00:02:15,229 --> 00:02:20,269

coming up here there you've got my

52

00:02:17,180 --> 00:02:21,560

operation there we are unfortunately

53

00:02:20,270 --> 00:02:22,939

tonight we're going to have to keep

54

00:02:21,560 --> 00:02:25,310

taking the microphone off on four

55

00:02:22,939 --> 00:02:27,259

occasions because all of us in our

56

00:02:25,310 --> 00:02:30,019

infinite wisdom is forgot to bring a

57

00:02:27,259 --> 00:02:32,000

lead to ghost in the laptop to the sound

58  
00:02:30,019 --> 00:02:33,650  
dude are over there so we've got a

59  
00:02:32,000 --> 00:02:36,919  
couple of very short regressions or

60  
00:02:33,650 --> 00:02:38,689  
classic regressions to play and I find

61  
00:02:36,919 --> 00:02:40,789  
quite interesting and I hope you do too

62  
00:02:38,689 --> 00:02:46,379  
so hopefully we can get them to play

63  
00:02:40,789 --> 00:02:49,259  
through by putting a microphone in there

64  
00:02:46,379 --> 00:02:51,689  
ladies and gentlemen and that little

65  
00:02:49,259 --> 00:02:54,840  
gray guy in the corner the east anglia

66  
00:02:51,689 --> 00:03:01,500  
UFO group brings to you the biggest

67  
00:02:54,840 --> 00:03:03,090  
story of mankind well apparently the the

68  
00:03:01,500 --> 00:03:04,620  
presentations going to be about half as

69  
00:03:03,090 --> 00:03:06,060  
long as it was gonna be because the

70  
00:03:04,620 --> 00:03:09,289  
introduction installed you were half of

71  
00:03:06,060 --> 00:03:11,580  
it was so when he was telling about my

72  
00:03:09,289 --> 00:03:12,120  
my sighting which happened a long time

73  
00:03:11,580 --> 00:03:15,630  
ago

74  
00:03:12,120 --> 00:03:23,360  
and things were a lot different then we

75  
00:03:15,629 --> 00:03:23,359  
talked about 1974 and just flip the next

76  
00:03:27,259 --> 00:03:33,239  
right there we are

77  
00:03:28,770 --> 00:03:34,710  
um in 74 when I got into this things are

78  
00:03:33,240 --> 00:03:36,629  
a lot different you just couldn't flick

79  
00:03:34,710 --> 00:03:39,000  
on a computer as some of you are aware

80  
00:03:36,629 --> 00:03:43,370  
and find out pretty much always all that

81  
00:03:39,000 --> 00:03:45,629  
you want whether it's old school not and

82  
00:03:43,370 --> 00:03:48,689  
after had my sighting I was really

83  
00:03:45,629 --> 00:03:51,620  
struggling to find out information so I

84  
00:03:48,689 --> 00:03:55,319  
ended up going to the local library and

85  
00:03:51,620 --> 00:03:57,750  
I found half a dozen books that taught

86

00:03:55,319 --> 00:03:59,219  
me quite a bit there really and you go

87  
00:03:57,750 --> 00:04:00,900  
to the local libraries around our way in

88  
00:03:59,219 --> 00:04:03,719  
Cambridge here now and you know you'll

89  
00:04:00,900 --> 00:04:06,330  
never find a UFO book there not now but

90  
00:04:03,719 --> 00:04:08,789  
in those days the village had six books

91  
00:04:06,330 --> 00:04:11,280  
and Evi the nearest big town there's

92  
00:04:08,789 --> 00:04:13,349  
about 20-25 books there and they weren't

93  
00:04:11,280 --> 00:04:16,108  
printing them every other week like you

94  
00:04:13,349 --> 00:04:17,548  
seem to get UFO books coming out now in

95  
00:04:16,108 --> 00:04:19,620  
the back of one of those I found out

96  
00:04:17,548 --> 00:04:21,929  
about flying saucer review as you've

97  
00:04:19,620 --> 00:04:25,439  
just heard and I subscribed to that I

98  
00:04:21,930 --> 00:04:27,660  
did ever spell when I was I've got more

99  
00:04:25,439 --> 00:04:31,139  
interested in motorcycles for a while

100  
00:04:27,660 --> 00:04:34,350

and I let the subscription falter and

101

00:04:31,139 --> 00:04:36,389

then I read a bit later after a couple

102

00:04:34,350 --> 00:04:38,640

of divorces I've lost many of them were

103

00:04:36,389 --> 00:04:41,159

still have around 100 flying saucer

104

00:04:38,639 --> 00:04:42,509

reviews but that was the only way you

105

00:04:41,160 --> 00:04:45,270

could really find out much information

106

00:04:42,509 --> 00:04:48,539

other than the local groups assigned to

107

00:04:45,269 --> 00:04:51,599

Emlyn earlier for me there was five UFO

108

00:04:48,540 --> 00:04:53,780

groups within a 40 mile radius

109

00:04:51,600 --> 00:04:55,160

so there was plenty of UFOs

110

00:04:53,779 --> 00:04:58,638

it's about and unfortunately as we all

111

00:04:55,160 --> 00:05:00,439

know they don't seem to exist anymore I

112

00:04:58,639 --> 00:05:02,569

just want to tell you a few things about

113

00:05:00,439 --> 00:05:06,160

the the slides that we're putting up

114

00:05:02,569 --> 00:05:09,860

here tonight there are a few which are

115  
00:05:06,160 --> 00:05:11,660  
original they're our slides and but most

116  
00:05:09,860 --> 00:05:14,090  
of the pictures are there just for

117  
00:05:11,660 --> 00:05:15,680  
illustration purposes only and I can

118  
00:05:14,089 --> 00:05:17,959  
tell you now that some of them of many

119  
00:05:15,680 --> 00:05:20,120  
of them come off the internet but where

120  
00:05:17,959 --> 00:05:22,069  
we can we talk to the people and we try

121  
00:05:20,120 --> 00:05:26,110  
to reconfigure them slightly to give

122  
00:05:22,069 --> 00:05:28,819  
them as good indication of what the

123  
00:05:26,110 --> 00:05:30,169  
objects looked like and we've had it

124  
00:05:28,819 --> 00:05:33,500  
cleared with the people that we've

125  
00:05:30,168 --> 00:05:35,889  
spoken to to try and get it as authentic

126  
00:05:33,500 --> 00:05:42,259  
as possible but they are up there for

127  
00:05:35,889 --> 00:05:45,110  
illustration purposes only most of the

128  
00:05:42,259 --> 00:05:47,029  
the events that what I'm going to be

129  
00:05:45,110 --> 00:05:50,060  
talking about our our own cases

130  
00:05:47,029 --> 00:05:51,679  
apart from - one of them belongs to Alan

131  
00:05:50,060 --> 00:05:53,870  
Foster I know he's been along here a

132  
00:05:51,680 --> 00:05:55,579  
really nice guy but it happened right on

133  
00:05:53,870 --> 00:05:57,319  
our doorstep and in the middle of

134  
00:05:55,579 --> 00:05:59,569  
several other sightings that were almost

135  
00:05:57,319 --> 00:06:01,310  
the same so I hadn't nicked it I'm just

136  
00:05:59,569 --> 00:06:02,839  
putting a here to illustrate and we've

137  
00:06:01,310 --> 00:06:03,168  
put some extra maps and what-have-you

138  
00:06:02,839 --> 00:06:05,000  
one

139  
00:06:03,168 --> 00:06:07,310  
so you might have might recall that that

140  
00:06:05,000 --> 00:06:18,259  
particular story if you told you if you

141  
00:06:07,310 --> 00:06:20,089  
told you in depression and the other one

142  
00:06:18,259 --> 00:06:22,219  
is isn't one of ours

143

00:06:20,089 --> 00:06:24,228  
but once again because it's in the

144  
00:06:22,220 --> 00:06:28,280  
middle of a very small area that you'll

145  
00:06:24,228 --> 00:06:29,569  
see on the map in a moment it's we

146  
00:06:28,279 --> 00:06:32,629  
thought it was important to put it on

147  
00:06:29,569 --> 00:06:34,849  
but I've checked with a couple of people

148  
00:06:32,629 --> 00:06:37,550  
that did research it so hopefully got

149  
00:06:34,850 --> 00:06:40,250  
the facts right and I hope you'll find

150  
00:06:37,550 --> 00:06:42,560  
them very interesting we're going to

151  
00:06:40,250 --> 00:06:45,259  
have a breather halfway through because

152  
00:06:42,560 --> 00:06:47,629  
I need it and I've been told you guys do

153  
00:06:45,259 --> 00:06:50,418  
as well and I'm gonna have a Q&A at the

154  
00:06:47,629 --> 00:06:56,899  
end and I'm here as long as you need me

155  
00:06:50,418 --> 00:06:58,609  
so that will that should be okay mainly

156  
00:06:56,899 --> 00:06:59,968  
with we talked a little bit about

157  
00:06:58,610 --> 00:07:01,019

abductions tonight

158

00:06:59,968 --> 00:07:03,498

although I don't particularly like to

159

00:07:01,019 --> 00:07:06,989

use that term and we're also going to be

160

00:07:03,499 --> 00:07:09,269

seeing a lot of cases where orbs have

161

00:07:06,988 --> 00:07:10,859

been seen the cases we're talking about

162

00:07:09,269 --> 00:07:12,658

tonight are all pretty small ones so

163

00:07:10,860 --> 00:07:14,669

I've got lots of them I could have

164

00:07:12,658 --> 00:07:18,509

easily put in I've got another talk that

165

00:07:14,668 --> 00:07:20,399

I've put on about Rendlesham Bentwaters

166

00:07:18,509 --> 00:07:22,889

Lake Ernie from water beach event which

167

00:07:20,399 --> 00:07:24,269

was quite big but a lot of people that

168

00:07:22,889 --> 00:07:25,709

are into this stuff will have already

169

00:07:24,269 --> 00:07:26,879

know all about this stuff and some of

170

00:07:25,709 --> 00:07:29,129

you guys probably know more about

171

00:07:26,879 --> 00:07:35,429

Rendlesham than I do so I'm putting all

172  
00:07:29,129 --> 00:07:36,629  
these small D small D small sightings

173  
00:07:35,428 --> 00:07:38,458  
and what-have-you but I think you'll

174  
00:07:36,629 --> 00:07:43,349  
still find them interesting so love

175  
00:07:38,459 --> 00:07:46,588  
furthermore to do crack on right just to

176  
00:07:43,348 --> 00:07:48,569  
just here we go so this is the area that

177  
00:07:46,588 --> 00:07:50,368  
we cover East anger and those who have

178  
00:07:48,569 --> 00:07:53,579  
been out that way and we haven't got

179  
00:07:50,369 --> 00:07:55,860  
quite as many Hills as you and and the

180  
00:07:53,579 --> 00:07:57,478  
hills that we call Hills I don't think

181  
00:07:55,860 --> 00:08:00,059  
you would even they were even registered

182  
00:07:57,478 --> 00:08:02,428  
with you guys but with the the group is

183  
00:08:00,059 --> 00:08:05,550  
based here at Newmarket

184  
00:08:02,428 --> 00:08:07,198  
and it's this sort of central area that

185  
00:08:05,550 --> 00:08:09,149  
we're talking about when we talk about

186  
00:08:07,199 --> 00:08:12,929  
most of the cases apart from one or two

187  
00:08:09,149 --> 00:08:15,649  
this evening so straight on the first

188  
00:08:12,928 --> 00:08:21,658  
one this lady is now a group member

189  
00:08:15,649 --> 00:08:23,728  
she's about 50 years old ish she was 17

190  
00:08:21,658 --> 00:08:25,528  
years old when she had her sighting and

191  
00:08:23,728 --> 00:08:27,568  
her father was what was then called a

192  
00:08:25,528 --> 00:08:39,149  
special police constable I don't know if

193  
00:08:27,569 --> 00:08:41,219  
they call them that now and she lived in

194  
00:08:39,149 --> 00:08:46,110  
Newmarket which is not far from

195  
00:08:41,219 --> 00:08:48,540  
Cambridge and after sighting a father

196  
00:08:46,110 --> 00:08:50,850  
who was a police constable I saw a

197  
00:08:48,539 --> 00:08:52,409  
special told her he said you never tell

198  
00:08:50,850 --> 00:08:54,480  
anybody your story

199  
00:08:52,409 --> 00:08:55,649  
he said because if you do they'll lock

200

00:08:54,480 --> 00:08:57,870  
you up and throw away the key they'll

201  
00:08:55,649 --> 00:09:00,870  
think you're mad so she never told

202  
00:08:57,870 --> 00:09:02,620  
anybody apart from her best friend who

203  
00:09:00,870 --> 00:09:04,299  
is now also a member of

204  
00:09:02,620 --> 00:09:06,549  
group because she also had a sighting

205  
00:09:04,299 --> 00:09:10,329  
which I'll be showing you on here

206  
00:09:06,549 --> 00:09:12,399  
tonight and I was the third person she

207  
00:09:10,330 --> 00:09:16,960  
told other than a direct family of

208  
00:09:12,399 --> 00:09:18,879  
course and we got a lot of information

209  
00:09:16,960 --> 00:09:22,090  
which I'll share and share with you now

210  
00:09:18,879 --> 00:09:24,189  
but at the time she worked at Marshalls

211  
00:09:22,090 --> 00:09:26,139  
Airport I'm sure I was well aware of

212  
00:09:24,190 --> 00:09:29,290  
this place it's on the outskirts of

213  
00:09:26,139 --> 00:09:30,129  
Cambridge to the it would be the east of

214  
00:09:29,289 --> 00:09:32,969

Cambridge

215

00:09:30,129 --> 00:09:35,549

so Cambridge is up here somewhere and

216

00:09:32,970 --> 00:09:37,990

she worked in these offices over here

217

00:09:35,549 --> 00:09:39,669

this is the main road out of Cambridge

218

00:09:37,990 --> 00:09:42,700

it looked a lot different then because

219

00:09:39,669 --> 00:09:45,069

there wasn't as many cars about then and

220

00:09:42,700 --> 00:09:46,870

on when she had her sighting which were

221

00:09:45,070 --> 00:09:48,640

they'll cover right now I used to travel

222

00:09:46,870 --> 00:09:51,340

that road quite regular or not to assure

223

00:09:48,639 --> 00:09:52,779

you that road was jam-packed every

224

00:09:51,340 --> 00:09:54,879

single night and every single morning

225

00:09:52,779 --> 00:09:57,639

with traffic as it is now as a dual

226

00:09:54,879 --> 00:10:00,399

carriageway now but that's where she

227

00:09:57,639 --> 00:10:03,699

worked and she would altering her mum

228

00:10:00,399 --> 00:10:06,699

about 20 minutes to 30 minutes when she

229

00:10:03,700 --> 00:10:09,220

left school work when she would call

230

00:10:06,700 --> 00:10:12,009

them and say I'm gonna be home in 20 30

231

00:10:09,220 --> 00:10:14,110

minutes so they knew what what what what

232

00:10:12,009 --> 00:10:15,370

the situation was so I'm just struggling

233

00:10:14,110 --> 00:10:15,639

to find little buttons on here all the

234

00:10:15,370 --> 00:10:19,060

time

235

00:10:15,639 --> 00:10:20,409

here we go so long I don't know how well

236

00:10:19,059 --> 00:10:22,000

you can see that probably not very well

237

00:10:20,409 --> 00:10:24,789

at the back but just over here is

238

00:10:22,000 --> 00:10:26,919

Cambridge and she lived over here at

239

00:10:24,789 --> 00:10:28,959

Newmarket and she would travel this road

240

00:10:26,919 --> 00:10:30,879

home along this checkered line here and

241

00:10:28,960 --> 00:10:33,759

that's where she had her sighting and

242

00:10:30,879 --> 00:10:35,710

that's where finished there now there's

243  
00:10:33,759 --> 00:10:38,889  
a dual carriageway come round here and

244  
00:10:35,710 --> 00:10:41,710  
it goes all the way around here up to

245  
00:10:38,889 --> 00:10:43,629  
Mildenhall and Thetford and and so forth

246  
00:10:41,710 --> 00:10:47,009  
but in those days it was just a normal

247  
00:10:43,629 --> 00:10:49,990  
trunk road and it was rammed with cars

248  
00:10:47,009 --> 00:10:53,620  
so she's travelling home in a Volkswagen

249  
00:10:49,990 --> 00:10:56,379  
Beetle and a father at the time when she

250  
00:10:53,620 --> 00:10:58,269  
when she got this car fitted a radio in

251  
00:10:56,379 --> 00:11:01,720  
the he worked for as a mechanic

252  
00:10:58,269 --> 00:11:03,340  
full-time and they had these radios that

253  
00:11:01,720 --> 00:11:05,528  
all the breakdown vehicles

254  
00:11:03,340 --> 00:11:08,230  
and they had a spare one and he said I'm

255  
00:11:05,528 --> 00:11:10,659  
gonna put that in your car and I'll only

256  
00:11:08,230 --> 00:11:13,090  
be able to pick you up on this certain

257

00:11:10,659 --> 00:11:14,919  
Hill which as I said you wouldn't class

258  
00:11:13,090 --> 00:11:16,240  
it as a hill but he said once you get

259  
00:11:14,919 --> 00:11:19,509  
there I can pick you up and if you have

260  
00:11:16,240 --> 00:11:21,580  
a problem give me a give me a shout on

261  
00:11:19,509 --> 00:11:22,740  
this radio and I'll come and sort you

262  
00:11:21,580 --> 00:11:25,270  
out

263  
00:11:22,740 --> 00:11:27,159  
so she was travelling along this road

264  
00:11:25,269 --> 00:11:30,970  
and when she got to here she noticed

265  
00:11:27,159 --> 00:11:33,850  
that there wasn't any cars and she's

266  
00:11:30,970 --> 00:11:35,680  
found it a little bit old and this is

267  
00:11:33,850 --> 00:11:38,379  
the crossroads where she had her

268  
00:11:35,679 --> 00:11:40,778  
sighting in those days these trees

269  
00:11:38,379 --> 00:11:42,370  
weren't there there was a previous lot

270  
00:11:40,778 --> 00:11:45,039  
of trees that came down those back that

271  
00:11:42,370 --> 00:11:46,659

stormed many years ago but the trees

272

00:11:45,039 --> 00:11:49,750

were a lot lower than me all that now

273

00:11:46,659 --> 00:11:51,490

I'm not I'm not so thick neither so this

274

00:11:49,750 --> 00:11:53,919

is the soif and Baalbek Darlington

275

00:11:51,490 --> 00:11:56,680

crossroads Cambridge's behind us and

276

00:11:53,919 --> 00:11:58,629

Newmark is way up there that roads very

277

00:11:56,679 --> 00:12:00,939

slowly goes uphill and is called the

278

00:11:58,629 --> 00:12:02,830

dying mild hill and that's where she

279

00:12:00,940 --> 00:12:08,530

would be able to pick her father up if

280

00:12:02,830 --> 00:12:10,200

she if she had a problem as she got to

281

00:12:08,529 --> 00:12:12,399

that crossroads and up to the left

282

00:12:10,200 --> 00:12:14,490

because something called her eye and

283

00:12:12,399 --> 00:12:16,899

there's really bright lights were on and

284

00:12:14,490 --> 00:12:19,000

she thought just for a second or two it

285

00:12:16,899 --> 00:12:20,889

was a tractor because it's just starting

286  
00:12:19,000 --> 00:12:22,299  
to the light was just starting to break

287  
00:12:20,889 --> 00:12:25,210  
and what-have-you but it's still

288  
00:12:22,299 --> 00:12:27,120  
daylight essentially and then she soon

289  
00:12:25,210 --> 00:12:31,389  
realized it wasn't a tractor it was

290  
00:12:27,120 --> 00:12:33,279  
something a bit different and and this

291  
00:12:31,389 --> 00:12:37,088  
is where it was it was situated where

292  
00:12:33,279 --> 00:12:40,509  
this this ring is just here and we went

293  
00:12:37,089 --> 00:12:41,920  
out there last year and she had to go

294  
00:12:40,509 --> 00:12:43,779  
out there and show me exactly where it

295  
00:12:41,919 --> 00:12:45,909  
was unfortunately there's racehorses in

296  
00:12:43,779 --> 00:12:48,009  
there now I don't know how much you guys

297  
00:12:45,909 --> 00:12:50,588  
know about racehorses but in Newmarket

298  
00:12:48,009 --> 00:12:52,750  
one racehorse is worth the life of about

299  
00:12:50,589 --> 00:12:54,250  
twenty humans and we just don't mess

300  
00:12:52,750 --> 00:12:56,950  
around with him you know frighten them

301  
00:12:54,250 --> 00:12:58,480  
and they will prosecute anybody who

302  
00:12:56,950 --> 00:13:00,129  
messes around with them and I was

303  
00:12:58,480 --> 00:13:02,019  
begging her not to go in the field but

304  
00:13:00,129 --> 00:13:02,679  
she had to go and show me quite

305  
00:13:02,019 --> 00:13:04,000  
ironically

306  
00:13:02,679 --> 00:13:05,799  
and it could have been a fairy ring or

307  
00:13:04,000 --> 00:13:07,870  
something who knows but it's strange it

308  
00:13:05,799 --> 00:13:09,909  
was in the exact same place and the same

309  
00:13:07,870 --> 00:13:11,500  
diameter but you can't see in the

310  
00:13:09,909 --> 00:13:12,309  
picture very well around here the grass

311  
00:13:11,500 --> 00:13:14,019  
was all

312  
00:13:12,309 --> 00:13:18,009  
bit higher than it was inside and

313  
00:13:14,019 --> 00:13:20,039  
outside which was a little bit odd when

314

00:13:18,009 --> 00:13:24,159  
she spotted this white light

315  
00:13:20,039 --> 00:13:27,278  
she said it immediately rose up into the

316  
00:13:24,159 --> 00:13:28,959  
air very similar to this that's the best

317  
00:13:27,278 --> 00:13:31,389  
image we could get looked anything like

318  
00:13:28,960 --> 00:13:33,129  
it but the next image is better still um

319  
00:13:31,389 --> 00:13:35,799  
it rose straight up in the air and moved

320  
00:13:33,129 --> 00:13:38,409  
into position almost instantly very low

321  
00:13:35,799 --> 00:13:40,870  
over her car she said it seemed like it

322  
00:13:38,409 --> 00:13:43,929  
was anything from six feet to thirty

323  
00:13:40,870 --> 00:13:45,909  
feet above the car it completely covered

324  
00:13:43,929 --> 00:13:51,069  
the car she could see either side and it

325  
00:13:45,909 --> 00:13:53,709  
drowned her in in white light that's

326  
00:13:51,070 --> 00:13:55,270  
more like what it looked like but she

327  
00:13:53,710 --> 00:13:56,980  
when I showed her the picture and we

328  
00:13:55,269 --> 00:13:58,899

adapted it to look a bit like hers with

329

00:13:56,980 --> 00:14:01,028

the Volkswagen at cetera she said that

330

00:13:58,899 --> 00:14:02,649

the white it was more intense than

331

00:14:01,028 --> 00:14:04,419

though you couldn't you could almost not

332

00:14:02,649 --> 00:14:07,689

see through it she thought she was going

333

00:14:04,419 --> 00:14:09,370

to crash the car she's still traveling

334

00:14:07,690 --> 00:14:12,460

along the road she tried contacting her

335

00:14:09,370 --> 00:14:14,080

father but the two-way radio was just

336

00:14:12,460 --> 00:14:16,389

static way she could normally pick him

337

00:14:14,080 --> 00:14:18,550

up she kept trying it was just static

338

00:14:16,389 --> 00:14:20,379

all the way home she kept trying him on

339

00:14:18,549 --> 00:14:22,479

and off anyway she went faster and

340

00:14:20,379 --> 00:14:26,500

faster as fast as those things would go

341

00:14:22,480 --> 00:14:28,240

anyway and she said as she kept going

342

00:14:26,500 --> 00:14:31,029

faster this thing just sat there as if

343  
00:14:28,240 --> 00:14:34,169  
it was stuck to the the roof of a car

344  
00:14:31,029 --> 00:14:36,459  
almost she even tried slowing right down

345  
00:14:34,169 --> 00:14:38,919  
almost to a stop hoping it would just

346  
00:14:36,460 --> 00:14:42,780  
whiz off but once again it slowed down

347  
00:14:38,919 --> 00:14:45,579  
when she slowed down so she carried on

348  
00:14:42,779 --> 00:14:47,199  
building a speed up again and after the

349  
00:14:45,580 --> 00:14:48,639  
nine mile hill so there's a nine mile

350  
00:14:47,200 --> 00:14:51,460  
stretch she traveled with this thing

351  
00:14:48,639 --> 00:14:53,740  
over the top and she said I can still

352  
00:14:51,460 --> 00:14:55,959  
remember there's no cars no cars

353  
00:14:53,740 --> 00:14:58,389  
whatsoever and as I said earlier I used

354  
00:14:55,958 --> 00:15:01,958  
to travel that road and there was never

355  
00:14:58,389 --> 00:15:03,759  
an occasion when there wasn't and which

356  
00:15:01,958 --> 00:15:06,969  
gets to this very large roundabout knew

357  
00:15:03,759 --> 00:15:08,439  
perhaps kite can't see it there but in

358  
00:15:06,970 --> 00:15:10,990  
the middle there's this it doesn't look

359  
00:15:08,440 --> 00:15:16,029  
very big there that's a huge statue of a

360  
00:15:10,990 --> 00:15:17,259  
racehorse and the Newmarket racehorses

361  
00:15:16,028 --> 00:15:17,689  
and there's two or three of them they're

362  
00:15:17,259 --> 00:15:20,090  
all

363  
00:15:17,690 --> 00:15:22,250  
the left-hand side here that's what used

364  
00:15:20,090 --> 00:15:24,769  
to be the main a11 but it's now bypassed

365  
00:15:22,250 --> 00:15:26,269  
as I indicated earlier anyway she said

366  
00:15:24,769 --> 00:15:28,939  
she went round this roundabout she was

367  
00:15:26,269 --> 00:15:31,669  
going so fast that she thought she was

368  
00:15:28,940 --> 00:15:33,200  
going to topple the car over and she

369  
00:15:31,669 --> 00:15:35,329  
went round there she was hoping there's

370  
00:15:33,200 --> 00:15:37,220  
going to be police around as you'll

371

00:15:35,330 --> 00:15:40,370  
notice just hear this there's a row of

372  
00:15:37,220 --> 00:15:41,870  
houses and she considered stopping and

373  
00:15:40,370 --> 00:15:43,820  
going round but she was afraid she

374  
00:15:41,870 --> 00:15:46,600  
wanted to get back to New Market which

375  
00:15:43,820 --> 00:15:50,360  
from there was about another two miles

376  
00:15:46,600 --> 00:15:52,430  
so she goes terms left us there and

377  
00:15:50,360 --> 00:15:53,990  
Newmarket is down a long straight bitter

378  
00:15:52,429 --> 00:15:56,929  
road down there and it's just the other

379  
00:15:53,990 --> 00:15:58,159  
end of the straight bitter Road she's

380  
00:15:56,929 --> 00:16:00,739  
going along the street but I wrote this

381  
00:15:58,159 --> 00:16:03,679  
thing stayed with her all the way so

382  
00:16:00,740 --> 00:16:05,560  
we're talking about a 20 probably a 15

383  
00:16:03,679 --> 00:16:10,459  
20 minute journey something like that

384  
00:16:05,559 --> 00:16:12,109  
these you come into Newmarket the gate

385  
00:16:10,460 --> 00:16:13,850

for one of the race courses just over

386

00:16:12,110 --> 00:16:16,310

here on the left just here as a cemetery

387

00:16:13,850 --> 00:16:18,409

and this is the beginning of new market

388

00:16:16,309 --> 00:16:19,969

and you go down a hill there into the

389

00:16:18,409 --> 00:16:22,730

town proper it's only a small town

390

00:16:19,970 --> 00:16:25,389

really and the other side you go uphill

391

00:16:22,730 --> 00:16:27,649

again so Newmarket sits in a low and

392

00:16:25,389 --> 00:16:29,360

just the other side of Newmarket there's

393

00:16:27,649 --> 00:16:31,399

a bit more of a hills and I've been

394

00:16:29,360 --> 00:16:32,690

mentioning earlier but some and you can

395

00:16:31,399 --> 00:16:33,860

see if you turn around when you go up

396

00:16:32,690 --> 00:16:37,460

there you can see over the town of

397

00:16:33,860 --> 00:16:39,440

Newmarket anyway she lives just down the

398

00:16:37,460 --> 00:16:42,110

bottom of this hill turns right and with

399

00:16:39,440 --> 00:16:44,420

some traffic lights and that's where she

400  
00:16:42,110 --> 00:16:46,820  
lives but she notices is she coming down

401  
00:16:44,419 --> 00:16:49,159  
here that this thing seems she didn't

402  
00:16:46,820 --> 00:16:51,110  
see it but the light seemed to go off to

403  
00:16:49,159 --> 00:16:54,799  
the right across this graveyard a

404  
00:16:51,110 --> 00:16:59,300  
cemetery here but what she did notice

405  
00:16:54,799 --> 00:17:00,429  
that still no cars anywhere and none of

406  
00:16:59,299 --> 00:17:02,569  
these street lights were on

407  
00:17:00,429 --> 00:17:03,979  
they were different street lights then

408  
00:17:02,570 --> 00:17:06,019  
this is obviously a modern photograph

409  
00:17:03,980 --> 00:17:08,568  
but was even more bizarre there's no

410  
00:17:06,019 --> 00:17:11,180  
lights on in the town and she thought

411  
00:17:08,568 --> 00:17:12,379  
that there was an electric cut so she

412  
00:17:11,180 --> 00:17:13,939  
gets to the bottom of the hill where the

413  
00:17:12,380 --> 00:17:18,530  
traffic lights are looks to her right

414  
00:17:13,939 --> 00:17:22,000  
and she turns right she this is pretty

415  
00:17:18,529 --> 00:17:22,000  
much what she sees this is the road

416  
00:17:22,109 --> 00:17:28,629  
the source is sitting there now and it's

417  
00:17:25,150 --> 00:17:33,790  
just swaying that sort of motion she's

418  
00:17:28,630 --> 00:17:35,050  
it's almost like it's dancing for me she

419  
00:17:33,789 --> 00:17:36,759  
lives just around the corner get to the

420  
00:17:35,049 --> 00:17:39,039  
bottom of this road you hang a left then

421  
00:17:36,759 --> 00:17:42,819  
another left and that's where she lived

422  
00:17:39,039 --> 00:17:44,740  
at the time when she pulled up she said

423  
00:17:42,819 --> 00:17:46,899  
everything seemed to go strange and she

424  
00:17:44,740 --> 00:17:49,839  
said father come running out of the

425  
00:17:46,900 --> 00:17:52,150  
house and he shook her and said where of

426  
00:17:49,839 --> 00:17:54,730  
your beam you're two hours late getting

427  
00:17:52,150 --> 00:17:58,240  
home so a journey that shouldn't have 20

428

00:17:54,730 --> 00:18:00,490  
minutes to half an hour max took her two

429  
00:17:58,240 --> 00:18:03,250  
and a half hours and that's when she

430  
00:18:00,490 --> 00:18:05,259  
told him the story and that's when he

431  
00:18:03,250 --> 00:18:07,720  
said you never tell anybody about this

432  
00:18:05,259 --> 00:18:13,150  
because they'll lock you up she's a

433  
00:18:07,720 --> 00:18:16,480  
lovely lady she's this this incident and

434  
00:18:13,150 --> 00:18:18,670  
one or two other things has ruined her

435  
00:18:16,480 --> 00:18:20,110  
mentally she's in quite a state in which

436  
00:18:18,670 --> 00:18:22,180  
we're trying to help her throw it the

437  
00:18:20,109 --> 00:18:24,939  
best we can but we don't even know the

438  
00:18:22,180 --> 00:18:27,340  
answers I have a lot of pet theories you

439  
00:18:24,940 --> 00:18:29,440  
as many of you that have been on and on

440  
00:18:27,339 --> 00:18:31,059  
this subject for some time will have

441  
00:18:29,440 --> 00:18:32,710  
your own theories will join dots

442  
00:18:31,059 --> 00:18:35,139

together and we're probably all about

443

00:18:32,710 --> 00:18:37,840

different ideas of what's going on I

444

00:18:35,140 --> 00:18:41,560

have my theories and I do believe a lot

445

00:18:37,839 --> 00:18:43,659

of sightings such as this one they're

446

00:18:41,559 --> 00:18:45,129

picking you up and they're possibly

447

00:18:43,660 --> 00:18:47,470

dropping you off of the support appears

448

00:18:45,130 --> 00:18:49,930

to be the same time or another time and

449

00:18:47,470 --> 00:18:51,940

everything in the middle is a screen mem

450

00:18:49,930 --> 00:18:54,490

or a false memory if you like and

451

00:18:51,940 --> 00:18:58,210

personally I believe that when she saw

452

00:18:54,490 --> 00:19:00,579

the light from that moment on ish until

453

00:18:58,210 --> 00:19:02,380

she saw the saucer here I think was

454

00:19:00,579 --> 00:19:04,419

Wallace green memory and I think that's

455

00:19:02,380 --> 00:19:05,830

why I mean we're trying to persuade her

456

00:19:04,420 --> 00:19:08,769

to do some regression but she's too

457  
00:19:05,829 --> 00:19:11,049  
afraid to do it that's the end of that

458  
00:19:08,769 --> 00:19:16,900  
story so that's all in new Marvel

459  
00:19:11,049 --> 00:19:19,299  
Cambridge to Newmarket so this is where

460  
00:19:16,900 --> 00:19:21,310  
most of the sightings are which we're

461  
00:19:19,299 --> 00:19:23,200  
gathered rather than plus there with a

462  
00:19:21,309 --> 00:19:27,278  
couple down here one here

463  
00:19:23,200 --> 00:19:29,350  
over here now this one you'll know all

464  
00:19:27,278 --> 00:19:31,148  
about this because the introduction he

465  
00:19:29,349 --> 00:19:35,439  
taught you most of it this is my

466  
00:19:31,148 --> 00:19:38,558  
sighting I live in a small village on

467  
00:19:35,440 --> 00:19:40,620  
the outskirts of a live on the outskirts

468  
00:19:38,558 --> 00:19:44,908  
of a small village called little port

469  
00:19:40,619 --> 00:19:47,288  
it's about 20 miles from Cambridge and

470  
00:19:44,909 --> 00:19:49,210  
at the time when I lived in this

471  
00:19:47,288 --> 00:19:50,769  
bungalow there was nothing behind the

472  
00:19:49,210 --> 00:19:54,159  
bungalow there's a housing estate now

473  
00:19:50,769 --> 00:19:55,778  
and indeed a bypass further across but

474  
00:19:54,159 --> 00:19:58,929  
at the time this is pretty much what you

475  
00:19:55,778 --> 00:20:01,929  
saw across outside it's just flat lands

476  
00:19:58,929 --> 00:20:06,250  
it used to be like peat beds and swamp

477  
00:20:01,929 --> 00:20:07,870  
once the marshland a couple hundred

478  
00:20:06,250 --> 00:20:10,778  
years ago in the drain deals it's dead

479  
00:20:07,869 --> 00:20:13,119  
flat beautiful skies much clearer you

480  
00:20:10,778 --> 00:20:15,130  
can see as a beautiful stars and than

481  
00:20:13,119 --> 00:20:16,989  
whatever it's really fantastic so that's

482  
00:20:15,130 --> 00:20:20,919  
where I lived it was beside a road the a

483  
00:20:16,990 --> 00:20:22,210  
double 101 and only in the distance it

484  
00:20:20,919 --> 00:20:23,980  
was a long way in the distances you'll

485

00:20:22,210 --> 00:20:25,569  
see at the moment there was two houses

486  
00:20:23,980 --> 00:20:30,089  
there are more now but there was only

487  
00:20:25,569 --> 00:20:33,269  
two houses for around about 20 miles

488  
00:20:30,089 --> 00:20:36,250  
I'll give you a bit of an indication

489  
00:20:33,269 --> 00:20:37,929  
right so we're down here I lived at the

490  
00:20:36,250 --> 00:20:40,509  
bottom of the arrow there that bypass

491  
00:20:37,929 --> 00:20:42,340  
wasn't there then and from there to up

492  
00:20:40,509 --> 00:20:44,589  
here where the nearest houses are is

493  
00:20:42,339 --> 00:20:48,579  
about 20 miles so there's nothing if

494  
00:20:44,589 --> 00:20:51,730  
there was pitch dark of night times that

495  
00:20:48,579 --> 00:20:53,199  
isn't the UFO I was alone in my house

496  
00:20:51,730 --> 00:20:54,490  
that woman my parents have got it with

497  
00:20:53,200 --> 00:20:57,069  
my brother and my sister

498  
00:20:54,490 --> 00:20:58,929  
I don't had instructions that night it's

499  
00:20:57,069 --> 00:21:01,450

a freezing cold night don't let the

500

00:20:58,929 --> 00:21:03,250

boiler go out we had this book

501

00:21:01,450 --> 00:21:05,679

anthracite whoever was called we used to

502

00:21:03,250 --> 00:21:09,159

put on the boiler and I was sitting down

503

00:21:05,679 --> 00:21:11,288

the feet up watching TV and forgot all

504

00:21:09,159 --> 00:21:13,450

about the fire and so about half an hour

505

00:21:11,288 --> 00:21:16,298

before they was due home suddenly I

506

00:21:13,450 --> 00:21:19,659

remembered I rushed out got some red

507

00:21:16,298 --> 00:21:22,329

embers in the fire so it was both hands

508

00:21:19,659 --> 00:21:24,519

to the pump I went outside to fill up

509

00:21:22,329 --> 00:21:27,220

I was shoot like this and I bent down

510

00:21:24,519 --> 00:21:29,888

start filling this up my ears went

511

00:21:27,220 --> 00:21:31,899

completely no I wouldn't say it was I

512

00:21:29,888 --> 00:21:32,949

was deaf but it was very muted very much

513

00:21:31,898 --> 00:21:35,469

like when you're landing and

514  
00:21:32,950 --> 00:21:38,019  
aircraft they went like that I just

515  
00:21:35,470 --> 00:21:38,380  
stood up to go like that to tree of my

516  
00:21:38,019 --> 00:21:40,329  
ears

517  
00:21:38,380 --> 00:21:43,510  
but all the hairs on my body felt

518  
00:21:40,329 --> 00:21:46,119  
somehow electrified and the comedies

519  
00:21:43,509 --> 00:21:51,759  
described any better than that um but as

520  
00:21:46,119 --> 00:21:56,319  
I looked up that's when I saw that's not

521  
00:21:51,759 --> 00:21:58,480  
it actually I saw my out of the object

522  
00:21:56,319 --> 00:22:01,599  
that I saw my son bought me this book

523  
00:21:58,480 --> 00:22:06,759  
for a Christmas present

524  
00:22:01,599 --> 00:22:08,500  
six years ago I would imagine and I was

525  
00:22:06,759 --> 00:22:12,609  
flipping through it on Christmas Day

526  
00:22:08,500 --> 00:22:15,509  
rather than watch the Queen and and

527  
00:22:12,609 --> 00:22:18,009  
there was a page on there that had a UFO

528  
00:22:15,509 --> 00:22:20,470  
like the one I saw and I called him over

529  
00:22:18,009 --> 00:22:23,019  
I said there's my UFO he said I was a

530  
00:22:20,470 --> 00:22:25,809  
bit like that was it not that is it I'll

531  
00:22:23,019 --> 00:22:28,599  
show you a picture of it in a second the

532  
00:22:25,809 --> 00:22:33,099  
things I saw I described as a dirty

533  
00:22:28,599 --> 00:22:34,750  
golden color I said if I help my arm out

534  
00:22:33,099 --> 00:22:37,000  
like this it was about the size of my

535  
00:22:34,750 --> 00:22:39,190  
fist so it was quite quite close well

536  
00:22:37,000 --> 00:22:43,000  
depending on his job to scale really

537  
00:22:39,190 --> 00:22:45,490  
isn't it completely silent I said I

538  
00:22:43,000 --> 00:22:47,559  
can't swear that the thing was spinning

539  
00:22:45,490 --> 00:22:50,019  
round but it appeared to be spinning

540  
00:22:47,559 --> 00:22:51,879  
round but I distinctly remember what

541  
00:22:50,019 --> 00:22:54,639  
looked like in the probably wasn't

542

00:22:51,880 --> 00:22:58,000  
windows at the top of its of rectangular

543  
00:22:54,640 --> 00:23:01,090  
things going round and I also remember

544  
00:22:58,000 --> 00:23:03,640  
seeing to what I described as ping-pong

545  
00:23:01,089 --> 00:23:06,220  
balls on the part on the top of it and I

546  
00:23:03,640 --> 00:23:11,530  
thought there was a another one but I

547  
00:23:06,220 --> 00:23:14,079  
can't I couldn't swear on that so that's

548  
00:23:11,529 --> 00:23:16,269  
what picture is in the haunted skies and

549  
00:23:14,079 --> 00:23:18,939  
I've never seen that picture anywhere in

550  
00:23:16,269 --> 00:23:20,259  
all those years I started in 74 and this

551  
00:23:18,940 --> 00:23:21,910  
is like I say only a handful of years

552  
00:23:20,259 --> 00:23:26,799  
ago but I've never seen that image

553  
00:23:21,910 --> 00:23:28,509  
anywhere before and and it's pretty well

554  
00:23:26,799 --> 00:23:32,919  
I mean we've colored it a little bit

555  
00:23:28,509 --> 00:23:36,250  
here you're wobbling the projector just

556  
00:23:32,920 --> 00:23:38,350

now but it's got its got the bubbles on

557

00:23:36,250 --> 00:23:40,240

top it's got and that's exactly how it

558

00:23:38,349 --> 00:23:42,879

was and like I said the size of

559

00:23:40,240 --> 00:23:44,319

Fister sailed it out like that I did I

560

00:23:42,880 --> 00:23:45,880

remember considering just for a split

561

00:23:44,319 --> 00:23:47,649

second shall I run in and try and get a

562

00:23:45,880 --> 00:23:49,720

camera and remember in those days didn't

563

00:23:47,650 --> 00:23:51,490

have mobile phones and got a clue where

564

00:23:49,720 --> 00:23:53,980

the camera was if there was a film in it

565

00:23:51,490 --> 00:23:56,380

or not I did look over to my right the

566

00:23:53,980 --> 00:23:58,929

moon was there of a silvery color

567

00:23:56,380 --> 00:24:01,120

there's nothing in the distance to

568

00:23:58,929 --> 00:24:03,040

reflect there's no water to reflect an

569

00:24:01,119 --> 00:24:04,989

image up or anything like that I've

570

00:24:03,039 --> 00:24:07,109

spent many years trying to find out what

571  
00:24:04,990 --> 00:24:10,450  
it was a contacted the Air Force

572  
00:24:07,109 --> 00:24:13,389  
contacted Martin's Airport and various

573  
00:24:10,450 --> 00:24:16,150  
other organizations and as the usual

574  
00:24:13,390 --> 00:24:19,230  
case they they enable said no nothing to

575  
00:24:16,150 --> 00:24:22,480  
do with them um I had about six weeks

576  
00:24:19,230 --> 00:24:23,980  
possibly a bit longer telling all my

577  
00:24:22,480 --> 00:24:26,049  
friends about it and then I spent the

578  
00:24:23,980 --> 00:24:28,240  
next 10 20 years regretting telling

579  
00:24:26,049 --> 00:24:29,980  
about it in those days it was a lot

580  
00:24:28,240 --> 00:24:33,789  
worse than now and I was considered a

581  
00:24:29,980 --> 00:24:37,360  
bit of a fruit loop in those days that's

582  
00:24:33,789 --> 00:24:38,829  
the only standard UFO type sighting I've

583  
00:24:37,359 --> 00:24:40,449  
ever had I've never had any more since

584  
00:24:38,829 --> 00:24:43,419  
but I have had several other strange

585  
00:24:40,450 --> 00:24:47,110  
things which may or may not be related

586  
00:24:43,420 --> 00:24:49,630  
I had a spell over about six years being

587  
00:24:47,109 --> 00:24:52,779  
harassed by black helicopters I don't

588  
00:24:49,630 --> 00:24:55,750  
know my helicopters very well forget

589  
00:24:52,779 --> 00:24:57,910  
anybody who wants to know about a UFO

590  
00:24:55,750 --> 00:24:59,740  
sighting with blue helicopters we have

591  
00:24:57,910 --> 00:25:02,440  
somebody in the group who knows all

592  
00:24:59,740 --> 00:25:04,000  
about helicopters and he advised us but

593  
00:25:02,440 --> 00:25:05,679  
it looked like an Apache but I've been

594  
00:25:04,000 --> 00:25:07,539  
told since it wouldn't be an Apache it

595  
00:25:05,679 --> 00:25:10,179  
was probably another one which I've

596  
00:25:07,539 --> 00:25:15,129  
forgotten but anyway I've had lots of

597  
00:25:10,179 --> 00:25:17,290  
problems with these it started about 15

598  
00:25:15,130 --> 00:25:19,600  
miles away from home one day not a

599

00:25:17,289 --> 00:25:21,940  
deserted road but a very quiet road and

600  
00:25:19,599 --> 00:25:23,469  
I turned around this bit of a bend in

601  
00:25:21,940 --> 00:25:25,179  
the road and this thing came right down

602  
00:25:23,470 --> 00:25:27,549  
in front of me about 30 feet off the

603  
00:25:25,179 --> 00:25:30,700  
ground I went backwards as I was going

604  
00:25:27,549 --> 00:25:33,609  
toward it pulled down a small country

605  
00:25:30,700 --> 00:25:35,319  
lane and this thing followed me just

606  
00:25:33,609 --> 00:25:37,959  
over my right shoulder and I've had lots

607  
00:25:35,319 --> 00:25:40,329  
of other instances like that one indeed

608  
00:25:37,960 --> 00:25:43,210  
when I wasn't even at home and my son

609  
00:25:40,329 --> 00:25:44,710  
and a close friend was there and they

610  
00:25:43,210 --> 00:25:46,269  
saw this helicopter basically just going

611  
00:25:44,710 --> 00:25:46,759  
over my house turning around keep going

612  
00:25:46,269 --> 00:25:49,368  
backwards

613  
00:25:46,759 --> 00:25:51,679

there's lots more to tell you about if

614

00:25:49,368 --> 00:25:53,509

you want to know but we're doing Q&A if

615

00:25:51,679 --> 00:25:57,109

you want to know but I've also had a

616

00:25:53,509 --> 00:25:59,598

spell of seeing these strange fog like

617

00:25:57,108 --> 00:26:01,578

apparitions and most of them are

618

00:25:59,598 --> 00:26:04,519

relatively small about the size of a

619

00:26:01,578 --> 00:26:05,898

football are just a fleeting glimpse and

620

00:26:04,519 --> 00:26:09,558

it just seems to go but one in

621

00:26:05,898 --> 00:26:11,658

particular I was in a hotel room and it

622

00:26:09,558 --> 00:26:17,209

seemed to come out the bathroom wall it

623

00:26:11,659 --> 00:26:19,190

was like a squashed donut and it come out

624

00:26:17,209 --> 00:26:20,959

on the bathroom wall and I haven't had

625

00:26:19,190 --> 00:26:24,139

just had a bath by the way and it went

626

00:26:20,959 --> 00:26:26,479

across the room pretty quickly and I

627

00:26:24,138 --> 00:26:28,068

went through the other of the wall and

628  
00:26:26,479 --> 00:26:30,109  
I've got a picture here which is it's

629  
00:26:28,068 --> 00:26:31,278  
not the one but it's almost the same

630  
00:26:30,108 --> 00:26:34,058  
although it's laying a bit more

631  
00:26:31,278 --> 00:26:36,769  
horizontal this one but as near as

632  
00:26:34,058 --> 00:26:38,719  
that's that's what I saw it came through

633  
00:26:36,769 --> 00:26:43,608  
just came through the wall whether it's

634  
00:26:38,719 --> 00:26:46,159  
related or not I don't know and I was

635  
00:26:43,608 --> 00:26:49,608  
talking to Suzy Hanson a few weeks ago

636  
00:26:46,159 --> 00:26:51,199  
and was having a Skype chat because

637  
00:26:49,608 --> 00:26:52,968  
there's some of you most of you know I

638  
00:26:51,199 --> 00:26:56,659  
guess she's she lives in New Zealand so

639  
00:26:52,969 --> 00:26:58,639  
we was having a chat on skype and I was

640  
00:26:56,659 --> 00:27:01,190  
telling her about a couple of times when

641  
00:26:58,638 --> 00:27:03,048  
I've seen these hieroglyphs well closed

642  
00:27:01,190 --> 00:27:04,639  
my eyes on a couple of occasions you

643  
00:27:03,048 --> 00:27:06,199  
know the old fashioned slot machines we

644  
00:27:04,638 --> 00:27:08,118  
put the hand and the wheels go around a

645  
00:27:06,199 --> 00:27:09,259  
bit like that but they were coming

646  
00:27:08,118 --> 00:27:11,658  
around so quick you couldn't actually

647  
00:27:09,259 --> 00:27:13,699  
register or anyone in particular but

648  
00:27:11,659 --> 00:27:16,249  
there was rows of them very similar to

649  
00:27:13,699 --> 00:27:18,199  
this just flashing around and she said

650  
00:27:16,249 --> 00:27:20,719  
at the time and I've had it said twice

651  
00:27:18,199 --> 00:27:22,818  
more you've got a download whether I

652  
00:27:20,719 --> 00:27:26,838  
have or not I don't know there's

653  
00:27:22,818 --> 00:27:30,469  
something I have seen which here we go

654  
00:27:26,838 --> 00:27:33,618  
this is off the internet and I've seen

655  
00:27:30,469 --> 00:27:37,038  
these type of people most of my life and

656

00:27:33,618 --> 00:27:40,698  
lots of them too and I just assumed they

657  
00:27:37,038 --> 00:27:42,199  
was Alby knows how guys down here has

658  
00:27:40,699 --> 00:27:43,140  
worked in the National Health Service

659  
00:27:42,199 --> 00:27:46,860  
all her life

660  
00:27:43,140 --> 00:27:48,660  
and she's seen lots and lots of people

661  
00:27:46,859 --> 00:27:50,548  
and I said to her one day

662  
00:27:48,660 --> 00:27:52,500  
how many lb nose have you seen when

663  
00:27:50,548 --> 00:27:54,779  
you've been working in hospitals people

664  
00:27:52,500 --> 00:27:56,099  
look like this and she gave quite a bit

665  
00:27:54,779 --> 00:28:00,599  
of thought to it and she said I don't

666  
00:27:56,099 --> 00:28:02,819  
actually recall ever seen any and I see

667  
00:28:00,599 --> 00:28:05,219  
them all the time

668  
00:28:02,819 --> 00:28:09,269  
I've seen them in bus stops office I was

669  
00:28:05,220 --> 00:28:11,460  
in a bar with my son in mind in Germany

670  
00:28:09,269 --> 00:28:14,160

and there was three of them at the bar

671

00:28:11,460 --> 00:28:17,579

and one was staring at me all the time

672

00:28:14,160 --> 00:28:19,529

and I said to my son afterwards when we

673

00:28:17,579 --> 00:28:21,659

left did you see them people he said no

674

00:28:19,529 --> 00:28:24,359

he didn't even see them so it could be

675

00:28:21,660 --> 00:28:26,220

hallucinating and I will tell you one

676

00:28:24,359 --> 00:28:28,139

more story I was walking with Casper's

677

00:28:26,220 --> 00:28:31,350

flyering in Newmarket actually for the

678

00:28:28,140 --> 00:28:36,030

group and this woman came walking toward

679

00:28:31,349 --> 00:28:38,730

us with it daughters but then hi holding

680

00:28:36,029 --> 00:28:41,879

hand but as I got close to her the

681

00:28:38,730 --> 00:28:45,089

daughter ashen looking Jeff white hair

682

00:28:41,880 --> 00:28:49,799

really dark eyes and all the clothes

683

00:28:45,089 --> 00:28:51,569

even seemed you know player and I did

684

00:28:49,798 --> 00:28:53,220

notice she wasn't actually holding her

685  
00:28:51,569 --> 00:28:56,428  
mother's hand even though she was

686  
00:28:53,220 --> 00:28:58,110  
holding her hand up like this I walked

687  
00:28:56,429 --> 00:29:00,000  
past him as a walk past her turned

688  
00:28:58,109 --> 00:29:01,678  
around to have a double check of this

689  
00:29:00,000 --> 00:29:06,539  
girl and she was turning around looking

690  
00:29:01,679 --> 00:29:08,910  
at me at the same time and if I'd if I'd

691  
00:29:06,539 --> 00:29:10,889  
thought rationally and like that I would

692  
00:29:08,910 --> 00:29:13,169  
have chased after him I made some excuse

693  
00:29:10,890 --> 00:29:16,860  
to talk to the woman and her child but

694  
00:29:13,169 --> 00:29:18,179  
actually said to Karen did you see that

695  
00:29:16,859 --> 00:29:19,699  
little girl and she said no but she

696  
00:29:18,179 --> 00:29:22,590  
hadn't seen the woman either in fairness

697  
00:29:19,700 --> 00:29:24,450  
so I looked round and by now the woman

698  
00:29:22,589 --> 00:29:26,459  
had gone round the corner so that was a

699  
00:29:24,450 --> 00:29:28,069  
bit of a shame because you know somebody

700  
00:29:26,460 --> 00:29:30,360  
else could have possibly witnessed this

701  
00:29:28,069 --> 00:29:32,308  
tell him I've seen lots of these people

702  
00:29:30,359 --> 00:29:34,740  
I insane who they are or what they are

703  
00:29:32,308 --> 00:29:36,178  
but I did talk to a guy who didn't give

704  
00:29:34,740 --> 00:29:39,000  
me a bit of advice once who and I do

705  
00:29:36,179 --> 00:29:40,080  
respect him but here again during Q&A if

706  
00:29:39,000 --> 00:29:45,298  
you want to know a bit more I'll be

707  
00:29:40,079 --> 00:29:47,308  
quite happy to do so and that's a

708  
00:29:45,298 --> 00:29:48,990  
picture of a little boy on a very foggy

709  
00:29:47,308 --> 00:29:51,359  
day

710  
00:29:48,990 --> 00:29:53,880  
now here we go there is some goodness

711  
00:29:51,359 --> 00:29:57,750  
sorry about that

712  
00:29:53,880 --> 00:30:00,390  
I had a spell for about three years of

713

00:29:57,750 --> 00:30:03,210  
an awful amount of nightmares in the

714  
00:30:00,390 --> 00:30:05,970  
main and not all gray is an actual fact

715  
00:30:03,210 --> 00:30:09,679  
very few of rays very weird creatures

716  
00:30:05,970 --> 00:30:12,419  
and they would be some sort of

717  
00:30:09,679 --> 00:30:14,548  
apocalypse trying to run away from these

718  
00:30:12,419 --> 00:30:15,840  
sort of nightmares many people have and

719  
00:30:14,548 --> 00:30:18,329  
I think I'm live and breathe this

720  
00:30:15,839 --> 00:30:20,490  
rubbish anyway so it's is this good

721  
00:30:18,329 --> 00:30:25,139  
chance that I'm gonna be dreaming about

722  
00:30:20,490 --> 00:30:26,730  
it on this particular occasion I was

723  
00:30:25,140 --> 00:30:29,549  
dreaming that I was laying on this slab

724  
00:30:26,730 --> 00:30:32,339  
and there was a stereotypical greys like

725  
00:30:29,548 --> 00:30:33,990  
a little guy here around here you just

726  
00:30:32,339 --> 00:30:35,308  
make out the head so fancy some medical

727  
00:30:33,990 --> 00:30:38,609

equipment all the stuff you see in the

728

00:30:35,308 --> 00:30:42,928

movies it was a dream what was strange

729

00:30:38,609 --> 00:30:45,119

was I recall a few very long fingers

730

00:30:42,929 --> 00:30:47,940

picking my arm up once we got to about

731

00:30:45,119 --> 00:30:49,019

here and almost instantly a terrific

732

00:30:47,940 --> 00:30:54,990

pain just here

733

00:30:49,019 --> 00:30:57,329

I woke me up it worked me up and I said

734

00:30:54,990 --> 00:31:00,419

I just had another one of my nightmares

735

00:30:57,329 --> 00:31:02,158

and I said I've told about the dream I

736

00:31:00,419 --> 00:31:06,509

said this is what happened she said oh

737

00:31:02,159 --> 00:31:08,520

my god your wrist and this was taken

738

00:31:06,509 --> 00:31:10,829

some time after but there was blood

739

00:31:08,519 --> 00:31:14,538

actually running down my wrist from five

740

00:31:10,829 --> 00:31:14,538

puncture marks which were an exact

741

00:31:17,269 --> 00:31:21,929

circle around the round as you see just

742  
00:31:20,099 --> 00:31:24,808  
there it's scabbing over now but he was

743  
00:31:21,929 --> 00:31:28,590  
still just about making back out 1 2 3 4

744  
00:31:24,808 --> 00:31:31,319  
5 but they were bleeding at the time and

745  
00:31:28,589 --> 00:31:34,678  
this picture was taken healed so quickly

746  
00:31:31,319 --> 00:31:35,769  
within 2 days there was no scabs because

747  
00:31:34,679 --> 00:31:38,080  
make out the mark

748  
00:31:35,769 --> 00:31:40,720  
and within a week there was nothing

749  
00:31:38,079 --> 00:31:43,059  
there but that was taken I would think

750  
00:31:40,720 --> 00:31:45,250  
10 15 minutes after I woke up from the

751  
00:31:43,059 --> 00:31:46,690  
dream I ain't saying what happened I

752  
00:31:45,250 --> 00:31:47,200  
mean I've had people say I was an insect

753  
00:31:46,690 --> 00:31:49,059  
bite

754  
00:31:47,200 --> 00:31:51,460  
some people said oh it's when you had

755  
00:31:49,059 --> 00:31:53,079  
your jab when you was a kid and all that

756  
00:31:51,460 --> 00:31:54,460  
sort of thing you know the little thing

757  
00:31:53,079 --> 00:31:57,519  
I think they used to put it in here or

758  
00:31:54,460 --> 00:32:00,130  
here somewhere didn't but um I did

759  
00:31:57,519 --> 00:32:02,319  
contact some people that were into their

760  
00:32:00,130 --> 00:32:05,110  
insects and they said they've never seen

761  
00:32:02,319 --> 00:32:08,349  
an insect bite that big what looks like

762  
00:32:05,109 --> 00:32:11,409  
that in this country and I pretty much

763  
00:32:08,349 --> 00:32:14,049  
left here that really I would say if it

764  
00:32:11,410 --> 00:32:15,940  
was an insect bite it's pretty clever in

765  
00:32:14,049 --> 00:32:18,549  
Snickers he knew just went to bite me

766  
00:32:15,940 --> 00:32:20,500  
when then my arm was lifted up and yeah

767  
00:32:18,549 --> 00:32:23,889  
I just find it a little bit odd I just

768  
00:32:20,500 --> 00:32:25,269  
thought I'd share that with you so we go

769  
00:32:23,890 --> 00:32:27,490  
onto another sighting now this is in

770

00:32:25,269 --> 00:32:32,470  
cotton which is a small village just

771  
00:32:27,490 --> 00:32:33,759  
north of Cambridge here it's satellite

772  
00:32:32,470 --> 00:32:35,319  
is now dormant through village of

773  
00:32:33,759 --> 00:32:37,329  
Cambridge I mean it's just just a little

774  
00:32:35,319 --> 00:32:39,460  
farming village originally but now it's

775  
00:32:37,329 --> 00:32:42,129  
as well with the tops go to live and

776  
00:32:39,460 --> 00:32:44,799  
spend all their money and this

777  
00:32:42,130 --> 00:32:47,590  
particular sighting was late November

778  
00:32:44,799 --> 00:32:49,740  
evening of four o'clock it was just

779  
00:32:47,589 --> 00:32:52,929  
starting to lose the light at that time

780  
00:32:49,740 --> 00:32:55,420  
it was a blue sky and the clouds were

781  
00:32:52,930 --> 00:32:58,029  
just starting to form and the guy in

782  
00:32:55,420 --> 00:33:00,550  
once his surname kept out of it all his

783  
00:32:58,029 --> 00:33:02,079  
name's Paul 48 alone you're traveling

784  
00:33:00,549 --> 00:33:05,200

home from work on a building site in

785

00:33:02,079 --> 00:33:07,299

Cambridge and he would have Cambridge's

786

00:33:05,200 --> 00:33:10,210

in the distance there and just to the

787

00:33:07,299 --> 00:33:12,190

left out self saw the picture there by

788

00:33:10,210 --> 00:33:13,720

about quarter mile as the edge of the

789

00:33:12,190 --> 00:33:15,309

village along the edge of the village

790

00:33:13,720 --> 00:33:17,019

there's a church which will see them as

791

00:33:15,309 --> 00:33:21,519

well so he's travelling from there and

792

00:33:17,019 --> 00:33:23,319

he's traveling down this way so just to

793

00:33:21,519 --> 00:33:26,109

give you an idea where he actually lived

794

00:33:23,319 --> 00:33:27,548

so he was working Cambridge here he

795

00:33:26,109 --> 00:33:29,168

travelled on whether they go

796

00:33:27,548 --> 00:33:31,898

we always travel down that road through

797

00:33:29,169 --> 00:33:35,489

mr. cotton and on this really long road

798

00:33:31,898 --> 00:33:35,488

up here and he lived over here somewhere

799  
00:33:36,960 --> 00:33:42,100  
20 miles away this is where he lived now

800  
00:33:40,868 --> 00:33:43,329  
this town we're going to hear a lot of

801  
00:33:42,099 --> 00:33:45,849  
later on because there's three more

802  
00:33:43,329 --> 00:33:48,339  
sightings in this town he lives in a

803  
00:33:45,849 --> 00:33:53,498  
small Fenland town called chat rest' and

804  
00:33:48,339 --> 00:33:54,878  
as I said it's about 20 miles from there

805  
00:33:53,499 --> 00:33:57,610  
we go

806  
00:33:54,878 --> 00:33:58,689  
as he approached the church in Cottenham

807  
00:33:57,609 --> 00:34:00,638  
and as I said it's on the edge of the

808  
00:33:58,690 --> 00:34:02,679  
village he just happened to look up

809  
00:34:00,638 --> 00:34:06,668  
glance to the left up in the in the sky

810  
00:34:02,679 --> 00:34:08,679  
and we made this picture by the way but

811  
00:34:06,669 --> 00:34:10,568  
we cleared up with him he said that's

812  
00:34:08,679 --> 00:34:13,030  
just well it looked like he looked up

813  
00:34:10,568 --> 00:34:15,489  
and he thought he saw eight parachutes

814  
00:34:13,030 --> 00:34:18,010  
in case you can't see there's those

815  
00:34:15,489 --> 00:34:19,868  
little dots there eight parachutes

816  
00:34:18,010 --> 00:34:22,389  
because he was away it didn't come from

817  
00:34:19,869 --> 00:34:24,159  
the area but he was aware the whole of

818  
00:34:22,389 --> 00:34:26,349  
East Anglia was riddled with airfields

819  
00:34:24,159 --> 00:34:27,970  
or old abandoned airfield because during

820  
00:34:26,349 --> 00:34:30,099  
the Second World War it was like when

821  
00:34:27,969 --> 00:34:32,618  
the airfield and he was aware that there

822  
00:34:30,099 --> 00:34:34,899  
was in there field over that way but he

823  
00:34:32,619 --> 00:34:37,059  
didn't know they'd been decommissioned

824  
00:34:34,898 --> 00:34:39,269  
years earlier but none the more for that

825  
00:34:37,059 --> 00:34:43,359  
that's where he what he thought were

826  
00:34:39,269 --> 00:34:46,358  
parachutes but almost in an instance one

827

00:34:43,358 --> 00:34:48,250  
of them he said they almost didn't fly

828  
00:34:46,358 --> 00:34:50,199  
down every but one minute was there and

829  
00:34:48,250 --> 00:34:52,719  
they almost had an instant it was it was

830  
00:34:50,199 --> 00:34:54,338  
down really close and he slowed down as

831  
00:34:52,719 --> 00:34:56,888  
he slowed down to have a look at it

832  
00:34:54,338 --> 00:34:58,719  
he said it's as if it saw me and it shot

833  
00:34:56,889 --> 00:34:59,890  
back up into the cloud bellowing smoke

834  
00:34:58,719 --> 00:35:02,558  
out the back of it

835  
00:34:59,889 --> 00:35:05,078  
he said initially said I thought it was

836  
00:35:02,559 --> 00:35:06,760  
on fire he said but the more I thought

837  
00:35:05,079 --> 00:35:08,349  
about it he said it looked just like the

838  
00:35:06,760 --> 00:35:11,920  
cloud he said it was almost as if it was

839  
00:35:08,349 --> 00:35:13,450  
camouflage so it glanced across and

840  
00:35:11,920 --> 00:35:16,000  
although we've got been showing in this

841  
00:35:13,449 --> 00:35:17,710

picture here he glanced across he said

842

00:35:16,000 --> 00:35:21,699

and all the other what he thought was

843

00:35:17,710 --> 00:35:23,559

parachutes by then had disappeared other

844

00:35:21,699 --> 00:35:25,358

than his son he didn't tell anybody else

845

00:35:23,559 --> 00:35:29,079

until several years later when he when

846

00:35:25,358 --> 00:35:30,818

he returned to this story to me and for

847

00:35:29,079 --> 00:35:33,400

those here that go and investigate these

848

00:35:30,818 --> 00:35:35,858

stories you get a bit of a bit of an

849

00:35:33,400 --> 00:35:36,550

idea of people of you know just spinning

850

00:35:35,858 --> 00:35:39,110

your line

851

00:35:36,550 --> 00:35:41,330

some people you talk to and this guy

852

00:35:39,110 --> 00:35:45,110

among Deborah the first one I mentioned

853

00:35:41,329 --> 00:35:46,849

this guy this terror and sometimes in

854

00:35:45,110 --> 00:35:50,000

their faces and this guy really showed

855

00:35:46,849 --> 00:35:52,460

you know to me it was it was genuine you

856

00:35:50,000 --> 00:35:56,300

know his voice was shaking and he was he

857

00:35:52,460 --> 00:35:58,190

got quite emotionally real so I'm going

858

00:35:56,300 --> 00:36:01,160

to another one and this one's a long

859

00:35:58,190 --> 00:36:04,450

Melford now this one is the first of the

860

00:36:01,159 --> 00:36:07,250

sightings that doesn't belong to me but

861

00:36:04,449 --> 00:36:09,500

some of the things that happened and

862

00:36:07,250 --> 00:36:11,360

I'll mention them happens later on to

863

00:36:09,500 --> 00:36:14,150

some people we have spoke about so long

864

00:36:11,360 --> 00:36:15,860

Mel was just down here and there's a

865

00:36:14,150 --> 00:36:18,079

main road although it's a terrible road

866

00:36:15,860 --> 00:36:21,260

travels here goes often to Cambridge

867

00:36:18,079 --> 00:36:24,980

Haverhill is somewhere about there and

868

00:36:21,260 --> 00:36:28,100

once again it's a fairly busy road this

869

00:36:24,980 --> 00:36:30,320

is the lady who had the she was a young

870  
00:36:28,099 --> 00:36:33,049  
teenager at the time she was visiting

871  
00:36:30,320 --> 00:36:36,350  
some friends in Cambridge with her and

872  
00:36:33,050 --> 00:36:39,260  
she had a boyfriend with her when she

873  
00:36:36,349 --> 00:36:40,759  
left long Melford she noticed this light

874  
00:36:39,260 --> 00:36:43,160  
that seemed to be zigzagging in the

875  
00:36:40,760 --> 00:36:46,930  
distance around and she was on this road

876  
00:36:43,159 --> 00:36:49,219  
the a e10 92s declare the Haverhill road

877  
00:36:46,929 --> 00:36:50,659  
and like I said it shipped over the

878  
00:36:49,219 --> 00:36:53,509  
start sleeping over the car two or three

879  
00:36:50,659 --> 00:36:55,789  
times and she said it did seem as though

880  
00:36:53,510 --> 00:36:59,830  
it was intelligently controlled but you

881  
00:36:55,789 --> 00:37:02,509  
know only because the way it was moving

882  
00:36:59,829 --> 00:37:04,069  
then it ended up matching the speed and

883  
00:37:02,510 --> 00:37:05,660  
running beside them for quite a while

884

00:37:04,070 --> 00:37:10,070  
and she described as being a bright

885  
00:37:05,659 --> 00:37:12,889  
egg-shaped light she gets debated it was

886  
00:37:10,070 --> 00:37:14,240  
about 50 to 100 feet away and as I said

887  
00:37:12,889 --> 00:37:17,059  
she thought it was intelligently

888  
00:37:14,239 --> 00:37:18,379  
controlled but one time I had done a bit

889  
00:37:17,059 --> 00:37:20,570  
of this is certainly because he kept

890  
00:37:18,380 --> 00:37:21,740  
moving backwards and forwards it all of

891  
00:37:20,570 --> 00:37:25,670  
a sudden appeared to look like a

892  
00:37:21,739 --> 00:37:27,559  
horseshoe and it had lights all the way

893  
00:37:25,670 --> 00:37:29,480  
around the edge underneath it was about

894  
00:37:27,559 --> 00:37:32,000  
the size of a helicopter that's how she

895  
00:37:29,480 --> 00:37:34,579  
described it no sound whatsoever but a

896  
00:37:32,000 --> 00:37:40,610  
boyfriend was already panicking and it

897  
00:37:34,579 --> 00:37:41,599  
just got worse the engine failed and she

898  
00:37:40,610 --> 00:37:43,490

said it's

899

00:37:41,599 --> 00:37:46,369

it's almost as though it had run out of

900

00:37:43,489 --> 00:37:48,949

petrol and it just chugged and all the

901

00:37:46,369 --> 00:37:50,960

lights went out and they sort of agreed

902

00:37:48,949 --> 00:37:53,379

to get out the car while he had a look

903

00:37:50,960 --> 00:37:55,190

to see if there's any wires come off and

904

00:37:53,380 --> 00:37:58,340

she would keep an eye on this thing

905

00:37:55,190 --> 00:38:00,920

because it was still there four hours

906

00:37:58,340 --> 00:38:02,840

later eventually if they found out it

907

00:38:00,920 --> 00:38:04,670

was four hours later they seemed to

908

00:38:02,840 --> 00:38:06,530

think well what's going on and they saw

909

00:38:04,670 --> 00:38:09,170

it was half waking up but they both felt

910

00:38:06,530 --> 00:38:13,190

dizzy she had a small gash on her neck

911

00:38:09,170 --> 00:38:18,200

and she felt a little bit ill a bit

912

00:38:13,190 --> 00:38:20,000

nauseous but she said later on she

913  
00:38:18,199 --> 00:38:23,029  
remembered an experience that she

914  
00:38:20,000 --> 00:38:27,920  
described has been too terrifying to to

915  
00:38:23,030 --> 00:38:31,190  
believe or recount really she recalls

916  
00:38:27,920 --> 00:38:33,680  
being on a perspex type pedestal she was

917  
00:38:31,190 --> 00:38:35,050  
paralyzed she couldn't scream and she

918  
00:38:33,679 --> 00:38:37,480  
recalls great figures conducting

919  
00:38:35,050 --> 00:38:41,450  
experiments on them why she calls

920  
00:38:37,480 --> 00:38:46,369  
experiments there's a bit of what you

921  
00:38:41,449 --> 00:38:47,809  
try and remember she this mark on her

922  
00:38:46,369 --> 00:38:50,630  
back this isn't the mark from her this

923  
00:38:47,809 --> 00:38:52,279  
is off the internet but apparently it's

924  
00:38:50,630 --> 00:38:54,140  
supposed to be very similar to what she

925  
00:38:52,280 --> 00:38:56,120  
had and we've got another case with a

926  
00:38:54,139 --> 00:38:58,250  
genuine photograph of a lady's back with

927  
00:38:56,119 --> 00:38:59,059  
this mark on the back and when I showed

928  
00:38:58,250 --> 00:39:01,099  
him this picture

929  
00:38:59,059 --> 00:39:03,199  
I said mug up that's exactly what we had

930  
00:39:01,099 --> 00:39:04,880  
what she had a friend and it was further

931  
00:39:03,199 --> 00:39:10,519  
up near the neck but it's exactly the

932  
00:39:04,880 --> 00:39:14,119  
same in the sleep she was drawing

933  
00:39:10,519 --> 00:39:16,489  
pictures by dotting paper with a pen and

934  
00:39:14,119 --> 00:39:18,920  
she doesn't recall doing them so she's

935  
00:39:16,489 --> 00:39:21,019  
making alien eyes strange for mirrors

936  
00:39:18,920 --> 00:39:26,360  
and like I said she she said she had no

937  
00:39:21,019 --> 00:39:28,940  
recollection of doing these her symptoms

938  
00:39:26,360 --> 00:39:30,260  
worsened she still felt ill she had

939  
00:39:28,940 --> 00:39:32,329  
terrible headaches and she was getting

940  
00:39:30,260 --> 00:39:35,630  
them had them for a long time a couple

941

00:39:32,329 --> 00:39:37,579  
split but soon after he couldn't face

942  
00:39:35,630 --> 00:39:39,170  
her apparently because it just reminded

943  
00:39:37,579 --> 00:39:42,049  
him of this night and it was something

944  
00:39:39,170 --> 00:39:44,420  
he wanted to forget many years later she

945  
00:39:42,050 --> 00:39:46,850  
moved away she lives in Lincolnshire now

946  
00:39:44,420 --> 00:39:49,130  
I know where she is I could talk to her

947  
00:39:46,849 --> 00:39:52,369  
anytime but John Hanson has helped me

948  
00:39:49,130 --> 00:39:53,960  
with researching this and he did

949  
00:39:52,369 --> 00:39:55,759  
interviewer so he's given me a lot of

950  
00:39:53,960 --> 00:40:00,740  
information so hopefully it's pretty

951  
00:39:55,760 --> 00:40:03,980  
well near correct she did see an advert

952  
00:40:00,739 --> 00:40:06,409  
for a loaf of your third group and they

953  
00:40:03,980 --> 00:40:08,630  
was telling a story about some UFOs that

954  
00:40:06,409 --> 00:40:11,809  
they had been researching she contacted

955  
00:40:08,630 --> 00:40:14,329

them and they arranged a hypnotic

956

00:40:11,809 --> 00:40:15,739

regression session for her so they

957

00:40:14,329 --> 00:40:18,380

ripped it all up they brought along a

958

00:40:15,739 --> 00:40:23,299

skeptic somebody to video it may be they

959

00:40:18,380 --> 00:40:24,710

took everybody along and when they when

960

00:40:23,300 --> 00:40:27,320

he was trying to take her down take her

961

00:40:24,710 --> 00:40:30,260

under how many here have had regression

962

00:40:27,320 --> 00:40:31,970

but everybody we've a list they seem to

963

00:40:30,260 --> 00:40:33,830

take anything from five minutes to the

964

00:40:31,969 --> 00:40:35,899

thirty minutes to bring people down to a

965

00:40:33,829 --> 00:40:39,110

level when they're really really relaxed

966

00:40:35,900 --> 00:40:41,599

well in that during the process this

967

00:40:39,110 --> 00:40:44,840

beam of light appeared in the in the

968

00:40:41,599 --> 00:40:47,029

room allegedly and there's no record of

969

00:40:44,840 --> 00:40:49,990

where the light came from so I do intend

970  
00:40:47,030 --> 00:40:51,980  
to talk to this lady Ross and find out

971  
00:40:49,989 --> 00:40:53,989  
where that came from but at the same

972  
00:40:51,980 --> 00:40:55,969  
time the video recorders the cameras

973  
00:40:53,989 --> 00:40:57,889  
stopped working and they couldn't get

974  
00:40:55,969 --> 00:40:59,689  
them to work anymore but the skeptic

975  
00:40:57,889 --> 00:41:03,170  
observer was sitting on an armchair was

976  
00:40:59,690 --> 00:41:05,929  
pinned with some force the the text set

977  
00:41:03,170 --> 00:41:08,329  
on his arms which left marks indeed on

978  
00:41:05,929 --> 00:41:11,359  
his arms and all the clock stopped in

979  
00:41:08,329 --> 00:41:13,250  
the house at that time as well well it

980  
00:41:11,360 --> 00:41:14,809  
all is I have no answers but I've mainly

981  
00:41:13,250 --> 00:41:16,280  
wanted to show you this because it's

982  
00:41:14,809 --> 00:41:20,690  
mainly the V on the back of the neck

983  
00:41:16,280 --> 00:41:23,150  
Thorne was just a C but Sam

984  
00:41:20,690 --> 00:41:25,909  
later on she was looking through the

985  
00:41:23,150 --> 00:41:29,000  
local papers and she saw a story in

986  
00:41:25,909 --> 00:41:31,339  
there that was from some people that saw

987  
00:41:29,000 --> 00:41:33,619  
the same lights on the same night on the

988  
00:41:31,340 --> 00:41:36,650  
same road that she saw and this was

989  
00:41:33,619 --> 00:41:38,150  
their story so still no conclusion but

990  
00:41:36,650 --> 00:41:38,680  
at least she knew she wasn't the only

991  
00:41:38,150 --> 00:41:40,750  
one

992  
00:41:38,679 --> 00:41:52,750  
and she wasn't as mad as she thought she

993  
00:41:40,750 --> 00:41:54,550  
was excuse me one night they moved to

994  
00:41:52,750 --> 00:41:57,039  
Duxford now which is just south of

995  
00:41:54,550 --> 00:42:02,530  
Cambridge does their game which is up

996  
00:41:57,039 --> 00:42:04,269  
here and Duxford is famous now for the

997  
00:42:02,530 --> 00:42:06,580  
War Museum that they have there and

998

00:42:04,269 --> 00:42:09,789  
indeed a lot of the archives are kept

999  
00:42:06,579 --> 00:42:10,989  
there across the road but if all Second

1000  
00:42:09,789 --> 00:42:12,579  
World War there I think they've got a

1001  
00:42:10,989 --> 00:42:14,379  
Concorde there they've got lots of stuff

1002  
00:42:12,579 --> 00:42:17,949  
there it's really interesting place and

1003  
00:42:14,380 --> 00:42:21,340  
the Ringway finishes literally right

1004  
00:42:17,949 --> 00:42:23,169  
beside the m11 motorway indeed there has

1005  
00:42:21,340 --> 00:42:26,289  
been a couple of airplane crashes and

1006  
00:42:23,170 --> 00:42:28,090  
one of them landed on the motorway and

1007  
00:42:26,289 --> 00:42:32,230  
another woman just got over the motorway

1008  
00:42:28,090 --> 00:42:34,420  
so it's it's it's that close this

1009  
00:42:32,230 --> 00:42:37,170  
particular occasion and a mother with

1010  
00:42:34,420 --> 00:42:39,280  
her son I've spoken to them both and

1011  
00:42:37,170 --> 00:42:43,750  
spoken to them separately and they gave

1012  
00:42:39,280 --> 00:42:45,670

me the exact same story they were

1013

00:42:43,750 --> 00:42:49,420

travelling from Cambridge down here to

1014

00:42:45,670 --> 00:42:53,019

Southend and they had two sightings

1015

00:42:49,420 --> 00:42:56,920

basically it was one Duxford and another

1016

00:42:53,019 --> 00:43:00,940

one down here on the way to Southend the

1017

00:42:56,920 --> 00:43:02,800

m25 going around here strangely during

1018

00:43:00,940 --> 00:43:06,849

the conversation and I never dwelled on

1019

00:43:02,800 --> 00:43:09,190

it but I said at the time was there many

1020

00:43:06,849 --> 00:43:10,539

cars on the road and he said do you know

1021

00:43:09,190 --> 00:43:13,090

I've not really thought about he said

1022

00:43:10,539 --> 00:43:15,730

but now I come to think about it after

1023

00:43:13,090 --> 00:43:17,680

we saw that whatever it was he said I

1024

00:43:15,730 --> 00:43:19,210

don't recall any cars he said but there

1025

00:43:17,679 --> 00:43:23,049

must have been I just don't recall so

1026

00:43:19,210 --> 00:43:24,880

make of that what you will this is

1027  
00:43:23,050 --> 00:43:26,890  
something we fabricated but it's it

1028  
00:43:24,880 --> 00:43:28,660  
gives you a bit of an idea so the ducts

1029  
00:43:26,889 --> 00:43:30,400  
flare field just here what's just behind

1030  
00:43:28,659 --> 00:43:32,920  
here actually and there's those

1031  
00:43:30,400 --> 00:43:36,730  
travelling down here they saw six lights

1032  
00:43:32,920 --> 00:43:38,530  
in the sky over here now if you know the

1033  
00:43:36,730 --> 00:43:41,170  
area relatively well you'll know that

1034  
00:43:38,530 --> 00:43:42,160  
over in this area is where all the

1035  
00:43:41,170 --> 00:43:44,380  
planes are landing

1036  
00:43:42,159 --> 00:43:46,598  
that stands to the airport but it's

1037  
00:43:44,380 --> 00:43:48,700  
about 20 miles away and I put this to

1038  
00:43:46,599 --> 00:43:50,710  
him he said there's no way were they

1039  
00:43:48,699 --> 00:43:52,719  
airplanes of Stansted he said these were

1040  
00:43:50,710 --> 00:43:54,970  
really close and they were dancing

1041  
00:43:52,719 --> 00:43:56,379  
around and he used some terminology

1042  
00:43:54,969 --> 00:43:58,449  
which you'll hear again a little bit

1043  
00:43:56,380 --> 00:44:00,818  
later on and that's another one of those

1044  
00:43:58,449 --> 00:44:03,879  
synchronicity I'll think of myself you

1045  
00:44:00,818 --> 00:44:06,909  
know it's sometimes sometimes you know

1046  
00:44:03,880 --> 00:44:08,349  
coincidences possibly aren't just

1047  
00:44:06,909 --> 00:44:10,568  
coincidences but he said they were

1048  
00:44:08,349 --> 00:44:12,250  
dancing around he said almost like

1049  
00:44:10,568 --> 00:44:15,639  
they're weaving out in and out of one

1050  
00:44:12,250 --> 00:44:17,349  
another they said and at some point he

1051  
00:44:15,639 --> 00:44:20,588  
said somewhat them had what looked like

1052  
00:44:17,349 --> 00:44:22,088  
a white light or silvery light coming

1053  
00:44:20,588 --> 00:44:25,690  
from down from underneath them

1054  
00:44:22,088 --> 00:44:27,009  
he pretty much never did them but that

1055

00:44:25,690 --> 00:44:30,420  
was quite interesting because we've had

1056  
00:44:27,010 --> 00:44:33,220  
other people talking about that as well

1057  
00:44:30,420 --> 00:44:34,690  
which you'll see a bit later on so they

1058  
00:44:33,219 --> 00:44:36,608  
travel the rest of the journey he can't

1059  
00:44:34,690 --> 00:44:38,409  
remember seeing any cars his mother

1060  
00:44:36,608 --> 00:44:40,358  
can't remember seeing any cars but they

1061  
00:44:38,409 --> 00:44:42,279  
both said separately they must have been

1062  
00:44:40,358 --> 00:44:45,818  
she was just probably talking about

1063  
00:44:42,280 --> 00:44:49,000  
those red lights and they've left the

1064  
00:44:45,818 --> 00:44:51,190  
m25 now in there on that awful Road the

1065  
00:44:49,000 --> 00:44:53,798  
a12 780 well he's been down there we'll

1066  
00:44:51,190 --> 00:44:55,420  
know what I'm talking about and suddenly

1067  
00:44:53,798 --> 00:44:59,170  
there was a lot of light appearing above

1068  
00:44:55,420 --> 00:45:01,720  
the car and they looked up and here

1069  
00:44:59,170 --> 00:45:04,420

again they both said there was I think

1070

00:45:01,719 --> 00:45:06,489

they said six discs flying over the car

1071

00:45:04,420 --> 00:45:11,470

very very low and they seemed to be

1072

00:45:06,489 --> 00:45:12,939

circled the car they pulled over and

1073

00:45:11,469 --> 00:45:13,778

this is pretty much what this saw they

1074

00:45:12,940 --> 00:45:16,798

said it

1075

00:45:13,778 --> 00:45:19,599

no noise it was silver gray in colour

1076

00:45:16,798 --> 00:45:23,759

and there was lots of multicolored

1077

00:45:19,599 --> 00:45:23,760

lights around the edge and underneath

1078

00:45:27,809 --> 00:45:32,500

and they said as quick as they arrived

1079

00:45:30,608 --> 00:45:35,858

because it was almost as if they clicked

1080

00:45:32,500 --> 00:45:37,449

on they clicked off and it was gone they

1081

00:45:35,858 --> 00:45:39,730

looked around they pulled over a gateway

1082

00:45:37,449 --> 00:45:41,078

by now and they're looking around and

1083

00:45:39,730 --> 00:45:43,990

they just couldn't see them and they

1084  
00:45:41,079 --> 00:45:46,869  
carried on the journey I asked them do

1085  
00:45:43,989 --> 00:45:48,189  
you recall if there was any if the

1086  
00:45:46,869 --> 00:45:50,170  
journey took longer than it should have

1087  
00:45:48,190 --> 00:45:50,849  
been all these little things that we've

1088  
00:45:50,170 --> 00:45:53,519  
probably

1089  
00:45:50,849 --> 00:45:55,619  
and they didn't report anything anything

1090  
00:45:53,519 --> 00:45:59,969  
more so that's basically end of the

1091  
00:45:55,619 --> 00:46:04,049  
story that just rang dry after that so

1092  
00:45:59,969 --> 00:46:06,839  
go back to Newmarket this is the lady

1093  
00:46:04,050 --> 00:46:09,930  
she's the friend of the person who was

1094  
00:46:06,840 --> 00:46:12,350  
on here for start Debra and they got

1095  
00:46:09,929 --> 00:46:15,599  
together because they worked in the same

1096  
00:46:12,349 --> 00:46:17,519  
sort of business and when they're

1097  
00:46:15,599 --> 00:46:21,029  
sharing the story well she was telling

1098  
00:46:17,519 --> 00:46:23,550  
she when was telling Debra her story and

1099  
00:46:21,030 --> 00:46:26,130  
Debra said well I've got a story that's

1100  
00:46:23,550 --> 00:46:28,440  
very similar she said but I've not told

1101  
00:46:26,130 --> 00:46:30,180  
anybody outside of my family from that

1102  
00:46:28,440 --> 00:46:32,159  
day to this and that's the story I told

1103  
00:46:30,179 --> 00:46:34,199  
you earlier but Quinn when has an

1104  
00:46:32,159 --> 00:46:36,299  
interesting story and this time she's

1105  
00:46:34,199 --> 00:46:41,460  
got a friend with her who confirmed the

1106  
00:46:36,300 --> 00:46:43,530  
whole story go through that so if you go

1107  
00:46:41,460 --> 00:46:45,449  
through the same truth town a new market

1108  
00:46:43,530 --> 00:46:46,650  
where we went earlier the other side you

1109  
00:46:45,449 --> 00:46:49,169  
actually go up a bit of a hill again I

1110  
00:46:46,650 --> 00:46:51,510  
told you about that this is a hill this

1111  
00:46:49,170 --> 00:46:53,369  
is a hill on our way you're right so it

1112

00:46:51,510 --> 00:46:54,690  
doesn't look much of a hill but once you

1113  
00:46:53,369 --> 00:46:56,579  
get up to top there you turn around

1114  
00:46:54,690 --> 00:46:58,170  
that's where it's like important couples

1115  
00:46:56,579 --> 00:47:00,000  
go up there because you can see right

1116  
00:46:58,170 --> 00:47:01,740  
over the town of New Market and you can

1117  
00:47:00,000 --> 00:47:04,230  
see the other side where where that

1118  
00:47:01,739 --> 00:47:07,409  
other UFO was seen this particular night

1119  
00:47:04,230 --> 00:47:09,539  
when was 17 and she was driving around

1120  
00:47:07,409 --> 00:47:11,369  
the town they both just got a driving

1121  
00:47:09,539 --> 00:47:12,539  
license and she had a friend with her

1122  
00:47:11,369 --> 00:47:16,049  
and she went down this road which is

1123  
00:47:12,539 --> 00:47:18,119  
called Moulton Road and so she traveled

1124  
00:47:16,050 --> 00:47:19,650  
up along there between those trees

1125  
00:47:18,119 --> 00:47:21,029  
there's a cottage there and a little bit

1126  
00:47:19,650 --> 00:47:22,440

further on there's a gateway they

1127

00:47:21,030 --> 00:47:24,510

decided to stop and have a cigarette

1128

00:47:22,440 --> 00:47:27,059

before going home because they didn't

1129

00:47:24,510 --> 00:47:28,830

really want to go home this is the

1130

00:47:27,059 --> 00:47:31,440

gateway they stopped in the hitch was

1131

00:47:28,829 --> 00:47:33,150

about half the height it is now now if

1132

00:47:31,440 --> 00:47:34,650

you turn in there there's a big car park

1133

00:47:33,150 --> 00:47:37,590

in there and there's a viewing platform

1134

00:47:34,650 --> 00:47:39,900

to view the race horses doing the

1135

00:47:37,590 --> 00:47:42,780

training but in those days it was just

1136

00:47:39,900 --> 00:47:44,670

this gateway and there's very few people

1137

00:47:42,780 --> 00:47:47,460

go up there that's why courting couples

1138

00:47:44,670 --> 00:47:49,680

music they reversed back in here the

1139

00:47:47,460 --> 00:47:51,510

small village OVA called mountain has

1140

00:47:49,679 --> 00:47:53,159

over there while they're having a

1141  
00:47:51,510 --> 00:47:55,880  
cigarette and talking with one on 7th a

1142  
00:47:53,159 --> 00:47:59,069  
cigarette the other one didn't smoke

1143  
00:47:55,880 --> 00:48:02,190  
this is what they saw now I have to come

1144  
00:47:59,070 --> 00:48:03,289  
up front and say once again they're now

1145  
00:48:02,190 --> 00:48:05,510  
looking

1146  
00:48:03,289 --> 00:48:08,119  
over what would be Mildenhall airbase

1147  
00:48:05,510 --> 00:48:10,160  
which is an American air base logistics

1148  
00:48:08,119 --> 00:48:12,829  
base but there's other stuff going on

1149  
00:48:10,159 --> 00:48:15,519  
there it's literally about five miles

1150  
00:48:12,829 --> 00:48:18,829  
away it's looking directly toward that

1151  
00:48:15,519 --> 00:48:21,889  
hmm the strange thing is and here again

1152  
00:48:18,829 --> 00:48:23,869  
not made no conclusions to all this but

1153  
00:48:21,889 --> 00:48:26,509  
there seems to be a lot of orbit

1154  
00:48:23,869 --> 00:48:28,009  
activity around that airbase and just

1155  
00:48:26,510 --> 00:48:31,340  
down the road at Laeken beef which is

1156  
00:48:28,010 --> 00:48:33,770  
another American Air Base this is why

1157  
00:48:31,340 --> 00:48:36,710  
pinched talents taught story because

1158  
00:48:33,769 --> 00:48:38,989  
it's as a crow flies where this happened

1159  
00:48:36,710 --> 00:48:45,139  
is about two miles from where all the

1160  
00:48:38,989 --> 00:48:46,759  
story happens so anyway she said we was

1161  
00:48:45,139 --> 00:48:48,589  
watching this thing sort of seemed to be

1162  
00:48:46,760 --> 00:48:50,960  
bobbing around that was joined by one

1163  
00:48:48,590 --> 00:48:52,880  
another and then another and she said

1164  
00:48:50,960 --> 00:48:54,889  
they were dancing it looked like this

1165  
00:48:52,880 --> 00:48:56,840  
putting on a show now here again for

1166  
00:48:54,889 --> 00:48:59,059  
those who look a lot into aircraft know

1167  
00:48:56,840 --> 00:49:01,640  
how our aircraft at I live in the flight

1168  
00:48:59,059 --> 00:49:03,049  
path of mildenhall and when these big

1169

00:49:01,639 --> 00:49:05,029  
planes are coming towards you got the

1170  
00:49:03,050 --> 00:49:06,470  
white light and the colored lights they

1171  
00:49:05,030 --> 00:49:08,150  
look almost like they're standing still

1172  
00:49:06,469 --> 00:49:10,069  
for ages they don't look like they're

1173  
00:49:08,150 --> 00:49:11,570  
moving and when they Bank over these

1174  
00:49:10,070 --> 00:49:15,050  
lights almost appear as though they're

1175  
00:49:11,570 --> 00:49:16,970  
tumbling but I'm pretty sure this wasn't

1176  
00:49:15,050 --> 00:49:18,620  
what she saw then I've actually shown

1177  
00:49:16,969 --> 00:49:20,449  
her that she said nothing like that

1178  
00:49:18,619 --> 00:49:22,489  
she oh these were dancing she said and

1179  
00:49:20,449 --> 00:49:27,319  
almost like the plank tag I think she

1180  
00:49:22,489 --> 00:49:29,349  
described it five or six of them she

1181  
00:49:27,320 --> 00:49:32,180  
said they were so orange red color um

1182  
00:49:29,349 --> 00:49:35,119  
and I guess she said it looked like they

1183  
00:49:32,179 --> 00:49:37,159

were playing tag all of a sudden just

1184

00:49:35,119 --> 00:49:38,750

one of them left forward she said it

1185

00:49:37,159 --> 00:49:40,789

almost looked like we couldn't see it

1186

00:49:38,750 --> 00:49:43,000

move it was there and there it was in

1187

00:49:40,789 --> 00:49:45,320

front of us and landed in the field

1188

00:49:43,000 --> 00:49:49,389

opposite which she assumed it landed in

1189

00:49:45,320 --> 00:49:49,390

the field the other side of that age

1190

00:49:52,030 --> 00:49:56,170

she humped a card or she was a bit

1191

00:49:54,309 --> 00:49:58,449

showing off a little bit in front of a

1192

00:49:56,170 --> 00:50:00,400

friend and I'm gonna have a look of a

1193

00:49:58,449 --> 00:50:03,099

friendly st. get back in get back in and

1194

00:50:00,400 --> 00:50:05,200

when the door opened and the light went

1195

00:50:03,099 --> 00:50:09,190

on almost at that time this is how she

1196

00:50:05,199 --> 00:50:10,989

recalls it there's this white light as

1197

00:50:09,190 --> 00:50:14,289

in the rough shape of a flying saucer

1198  
00:50:10,989 --> 00:50:17,319  
now she's had a look at this picture she

1199  
00:50:14,289 --> 00:50:18,789  
said it's the same but there was a lot

1200  
00:50:17,320 --> 00:50:24,010  
more like she said you couldn't it

1201  
00:50:18,789 --> 00:50:30,009  
wasn't so well defined as that no noise

1202  
00:50:24,010 --> 00:50:32,710  
no smell when she came around they felt

1203  
00:50:30,010 --> 00:50:35,200  
a bit a bit boo-boos what's going on

1204  
00:50:32,710 --> 00:50:36,579  
because it could flow over their car and

1205  
00:50:35,199 --> 00:50:38,500  
then almost an incident there was a

1206  
00:50:36,579 --> 00:50:39,969  
pitch blackness and she said what's just

1207  
00:50:38,500 --> 00:50:41,860  
come on she said did you see what I just

1208  
00:50:39,969 --> 00:50:43,750  
said they was talking about it anyway

1209  
00:50:41,860 --> 00:50:45,550  
they got a bit freaked out and bizarrely

1210  
00:50:43,750 --> 00:50:46,719  
they took a different route home they

1211  
00:50:45,550 --> 00:50:48,910  
turned right to go to that village

1212  
00:50:46,719 --> 00:50:50,769  
Moulton in a big new shape to go home

1213  
00:50:48,909 --> 00:50:53,049  
which puts about 10 minutes to your

1214  
00:50:50,769 --> 00:50:54,429  
journey they don't know why they went

1215  
00:50:53,050 --> 00:50:59,050  
that way because it's not the logical

1216  
00:50:54,429 --> 00:51:00,309  
way but as he got into Newmarket and in

1217  
00:50:59,050 --> 00:51:02,680  
the olden days when I was a youngster

1218  
00:51:00,309 --> 00:51:04,449  
all around the area I was like living in

1219  
00:51:02,679 --> 00:51:06,699  
America there was American cars

1220  
00:51:04,449 --> 00:51:08,649  
everywhere now when they come over

1221  
00:51:06,699 --> 00:51:10,329  
there's three air bases mildenhall lake

1222  
00:51:08,650 --> 00:51:12,760  
beneath and felt well just down the road

1223  
00:51:10,329 --> 00:51:15,099  
now when these Americans come over most

1224  
00:51:12,760 --> 00:51:16,600  
of the time they just buy European cars

1225  
00:51:15,099 --> 00:51:18,519  
because it costs so much to ship them

1226

00:51:16,599 --> 00:51:20,289  
over and so much hassle on what have you

1227  
00:51:18,519 --> 00:51:22,179  
they just buy European cars and dump

1228  
00:51:20,289 --> 00:51:25,509  
them into the the period they're over

1229  
00:51:22,179 --> 00:51:28,179  
here but they did notice this huge black

1230  
00:51:25,510 --> 00:51:30,460  
American car behind them and there's two

1231  
00:51:28,179 --> 00:51:33,039  
people in there and when they stopped at

1232  
00:51:30,460 --> 00:51:34,329  
when's this car stops further up the

1233  
00:51:33,039 --> 00:51:36,820  
road they ran in because they was

1234  
00:51:34,329 --> 00:51:39,579  
freaked out by it all and when they were

1235  
00:51:36,820 --> 00:51:40,930  
looked out later on it had gone but

1236  
00:51:39,579 --> 00:51:43,150  
bizarrely when they got back they

1237  
00:51:40,929 --> 00:51:44,819  
realized that two hours there was two

1238  
00:51:43,150 --> 00:51:47,150  
hours later than they should have been

1239  
00:51:44,820 --> 00:51:49,610  
and they had no no

1240  
00:51:47,150 --> 00:51:52,639

count for that once again she never told

1241  
00:51:49,610 --> 00:51:55,519  
anybody about this for years and years

1242  
00:51:52,639 --> 00:51:57,589  
until she saw that we was carrying we

1243  
00:51:55,519 --> 00:51:59,750  
had our group in Newmarket in the local

1244  
00:51:57,590 --> 00:52:02,390  
newspaper she came along and that's when

1245  
00:51:59,750 --> 00:52:04,159  
she told me the story she told me the

1246  
00:52:02,389 --> 00:52:05,900  
story and for about a year

1247  
00:52:04,159 --> 00:52:08,929  
her friend who now lives in Scotland

1248  
00:52:05,900 --> 00:52:11,599  
wouldn't wouldn't talk to us about the

1249  
00:52:08,929 --> 00:52:13,219  
the incident at all she don't want to

1250  
00:52:11,599 --> 00:52:15,019  
talk about it and it freaked her out

1251  
00:52:13,219 --> 00:52:16,399  
when tried talking to her and she said I

1252  
00:52:15,019 --> 00:52:18,829  
just won't forget that she said it

1253  
00:52:16,400 --> 00:52:19,550  
scares me too much anyway to cut a long

1254  
00:52:18,829 --> 00:52:21,500  
story short

1255  
00:52:19,550 --> 00:52:23,240  
eventually we persuaded her to talk to

1256  
00:52:21,500 --> 00:52:25,219  
me and she told me the exact same story

1257  
00:52:23,239 --> 00:52:27,199  
apart from a couple of little nuances

1258  
00:52:25,219 --> 00:52:29,329  
which weren't quite the same but

1259  
00:52:27,199 --> 00:52:30,980  
basically she underlined everything that

1260  
00:52:29,329 --> 00:52:33,349  
Gwen had told me and she said that's

1261  
00:52:30,980 --> 00:52:37,490  
exactly how it was so once again you

1262  
00:52:33,349 --> 00:52:39,559  
make of it what you will we did we have

1263  
00:52:37,489 --> 00:52:43,279  
we've got a lady that lives about 50

1264  
00:52:39,559 --> 00:52:45,619  
miles away who does hypnotic regression

1265  
00:52:43,280 --> 00:52:48,140  
she's really good I wouldn't say she

1266  
00:52:45,619 --> 00:52:49,880  
never asks leading questions but she's

1267  
00:52:48,139 --> 00:52:52,069  
very sympathetic towards that she knows

1268  
00:52:49,880 --> 00:52:52,700  
how important it is not to ask leading

1269  
00:52:52,070 --> 00:52:55,070  
questions

1270  
00:52:52,699 --> 00:52:57,079  
and to steer people down a certain way

1271  
00:52:55,070 --> 00:52:59,660  
she's pretty good and we use her quite a

1272  
00:52:57,079 --> 00:53:02,569  
bit and we have got a regression now now

1273  
00:52:59,659 --> 00:53:05,420  
the regression lasted for about over two

1274  
00:53:02,570 --> 00:53:07,309  
periods for about four hours but we've

1275  
00:53:05,420 --> 00:53:10,250  
got you'll be pleased to know about a

1276  
00:53:07,309 --> 00:53:12,049  
minute well it's an interesting bit and

1277  
00:53:10,250 --> 00:53:14,570  
if you can try and remember the details

1278  
00:53:12,050 --> 00:53:16,190  
in there because bear in mind when has

1279  
00:53:14,570 --> 00:53:18,650  
never told anybody about this

1280  
00:53:16,190 --> 00:53:21,050  
we've got another lady further on who

1281  
00:53:18,650 --> 00:53:23,510  
with her two daughters has almost exact

1282  
00:53:21,050 --> 00:53:25,940  
same experience and it's the details

1283

00:53:23,510 --> 00:53:27,080  
that she says is exactly the same as the

1284  
00:53:25,940 --> 00:53:30,409  
one you're gonna hear a bit later

1285  
00:53:27,079 --> 00:53:32,750  
now unfortunately now hold on a sec yep

1286  
00:53:30,409 --> 00:53:33,980  
we are next and unfortunately I'm going

1287  
00:53:32,750 --> 00:53:35,389  
to do this thing in with the microphone

1288  
00:53:33,980 --> 00:53:38,170  
again I know you might not be able to

1289  
00:53:35,389 --> 00:53:41,480  
hear it so my apologies if you don't

1290  
00:53:38,170 --> 00:53:46,130  
because when does mumble a bit

1291  
00:53:41,480 --> 00:53:46,130  
is the other person right there with me

1292  
00:53:49,250 --> 00:53:54,840  
dragged through the race okay see you

1293  
00:53:51,960 --> 00:53:56,730  
noticed as you're being white light

1294  
00:53:54,840 --> 00:54:00,840  
there's a white light

1295  
00:53:56,730 --> 00:54:04,199  
can you describe just brighter it's like

1296  
00:54:00,840 --> 00:54:06,510  
and it's bright and white okay come

1297  
00:54:04,199 --> 00:54:09,000

through the top of the roof and ask Pete

1298

00:54:06,510 --> 00:54:11,190

where it's not just people what do they

1299

00:54:09,000 --> 00:54:14,659

look like can you look you can really

1300

00:54:11,190 --> 00:54:20,070

see them now they're peering around you

1301

00:54:14,659 --> 00:54:27,529

what do they look like skinny arms

1302

00:54:20,070 --> 00:54:30,570

skinny arms okay boulders head office

1303

00:54:27,530 --> 00:54:32,400

dark eyes just have a look around the

1304

00:54:30,570 --> 00:54:34,380

room see if you notice anything about

1305

00:54:32,400 --> 00:54:37,079

the room that you are in what does it

1306

00:54:34,380 --> 00:54:39,750

look like that's just white

1307

00:54:37,079 --> 00:54:42,239

that's right yeah all this is next to me

1308

00:54:39,750 --> 00:54:45,239

okay this is next to me okay

1309

00:54:42,239 --> 00:54:48,119

what's happening to Lucy right now just

1310

00:54:45,239 --> 00:54:51,719

looking at his undertaking I'm gonna

1311

00:54:48,119 --> 00:54:54,389

table what did they say they don't say

1312  
00:54:51,719 --> 00:54:56,459  
anything okay what do they impress on

1313  
00:54:54,389 --> 00:54:59,909  
you to eat what's their method of

1314  
00:54:56,460 --> 00:55:03,869  
communication to you or in the head

1315  
00:54:59,909 --> 00:55:07,139  
yeah telepathy okay so what do they

1316  
00:55:03,869 --> 00:55:11,039  
impress upon your fingers long fingers

1317  
00:55:07,139 --> 00:55:14,219  
okay so you can oppress this again upon

1318  
00:55:11,039 --> 00:55:19,289  
you now what do they say why do they

1319  
00:55:14,219 --> 00:55:25,739  
want your legs I have to say I was and

1320  
00:55:19,289 --> 00:55:26,880  
still am a little bit skeptical but

1321  
00:55:25,739 --> 00:55:28,289  
during the course of doing all I'll just

1322  
00:55:26,880 --> 00:55:31,710  
move off favor they're not upset

1323  
00:55:28,289 --> 00:55:38,670  
something um she was laying on the bed

1324  
00:55:31,710 --> 00:55:40,230  
naked by the way but I had a regression

1325  
00:55:38,670 --> 00:55:44,730  
because the man I wanted to know more

1326  
00:55:40,230 --> 00:55:46,469  
and I said some stuff and here again I

1327  
00:55:44,730 --> 00:55:47,750  
don't want telling in the Q&A if you if

1328  
00:55:46,469 --> 00:55:50,359  
you want to know

1329  
00:55:47,750 --> 00:55:51,949  
I said some stuff I couldn't possibly

1330  
00:55:50,360 --> 00:55:53,930  
know that was going to happen in the

1331  
00:55:51,949 --> 00:55:57,230  
future and it happened just weeks later

1332  
00:55:53,929 --> 00:55:58,309  
and you couldn't make this stuff up so

1333  
00:55:57,230 --> 00:56:00,679  
if you want to know I'll be pleased to

1334  
00:55:58,309 --> 00:56:03,440  
tell you later on so it took me from

1335  
00:56:00,679 --> 00:56:05,659  
somebody who was totally skeptical on on

1336  
00:56:03,440 --> 00:56:08,300  
regression to somebody who you know I'll

1337  
00:56:05,659 --> 00:56:10,609  
give it a fair crack and when you hear

1338  
00:56:08,300 --> 00:56:14,539  
what next person talks about a little

1339  
00:56:10,610 --> 00:56:16,990  
bit later excuse me it's it's almost

1340

00:56:14,539 --> 00:56:19,519  
identical well so that was Gwen's

1341  
00:56:16,989 --> 00:56:23,319  
Quinn's experience Newmarket she went up

1342  
00:56:19,519 --> 00:56:25,849  
that hill and another little while ago

1343  
00:56:23,320 --> 00:56:28,100  
over here somewhere and Mike over here

1344  
00:56:25,849 --> 00:56:29,980  
came and did us a tour convey a couple

1345  
00:56:28,099 --> 00:56:33,500  
of months ago at our little Hut and

1346  
00:56:29,980 --> 00:56:34,760  
we're just basically there so if you

1347  
00:56:33,500 --> 00:56:35,989  
just walked across the field that's

1348  
00:56:34,760 --> 00:56:37,730  
exactly where they were there's a big

1349  
00:56:35,989 --> 00:56:40,699  
field that's bit of a hill over there

1350  
00:56:37,730 --> 00:56:43,610  
that's where they were so on that night

1351  
00:56:40,699 --> 00:56:45,379  
they went here that being across here

1352  
00:56:43,610 --> 00:56:46,640  
and back to New Market that way when all

1353  
00:56:45,380 --> 00:56:59,230  
they needed to have done was going down

1354  
00:56:46,639 --> 00:57:02,179

there thank you very much thank you

1355

00:56:59,230 --> 00:57:04,519

we've got about the same duration this

1356

00:57:02,179 --> 00:57:06,259

time as we just haven't kind gentlemen

1357

00:57:04,519 --> 00:57:08,210

over there is just we just had a chat

1358

00:57:06,260 --> 00:57:10,100

about helicopters my black helicopters

1359

00:57:08,210 --> 00:57:13,699

if you recall we discovered they were

1360

00:57:10,099 --> 00:57:14,809

choppers or Cobras that's what I saw and

1361

00:57:13,699 --> 00:57:20,359

I just couldn't remember them anymore

1362

00:57:14,809 --> 00:57:24,980

things like that right this could be

1363

00:57:20,360 --> 00:57:29,050

Allen's I'm hating this bit no it's not

1364

00:57:24,980 --> 00:57:29,050

these are some orbs to come off internet

1365

00:57:29,889 --> 00:57:35,359

photograph just outside Mildenhall again

1366

00:57:32,889 --> 00:57:37,039

just shoved it up there just to show you

1367

00:57:35,360 --> 00:57:38,750

there's a lot of words we had a lady

1368

00:57:37,039 --> 00:57:39,739

contact us just the other day and she

1369  
00:57:38,750 --> 00:57:42,289  
had an Ewald

1370  
00:57:39,739 --> 00:57:43,879  
she took a photograph of literally over

1371  
00:57:42,289 --> 00:57:46,969  
the base and she said it was just

1372  
00:57:43,880 --> 00:57:48,220  
bobbing up and down they people must

1373  
00:57:46,969 --> 00:57:51,429  
know this is happening

1374  
00:57:48,219 --> 00:57:53,379  
what they are I don't know right

1375  
00:57:51,429 --> 00:57:56,348  
here's some orbs that we've took off the

1376  
00:57:53,380 --> 00:57:57,640  
internet and I've shown to some of the

1377  
00:57:56,349 --> 00:57:59,980  
people that were talking about

1378  
00:57:57,639 --> 00:58:01,690  
orbs a lot in the next half and they

1379  
00:57:59,980 --> 00:58:03,608  
said it's almost identical to what

1380  
00:58:01,690 --> 00:58:05,380  
they've seen the reason I put it on here

1381  
00:58:03,608 --> 00:58:07,389  
is because if you look underneath some

1382  
00:58:05,380 --> 00:58:09,460  
of them there's the flashes that that

1383  
00:58:07,389 --> 00:58:12,879  
guy was talking about who saw these

1384  
00:58:09,460 --> 00:58:14,500  
earlier on down the m11 and I showed him

1385  
00:58:12,880 --> 00:58:16,420  
this footage and he said that's exactly

1386  
00:58:14,500 --> 00:58:18,849  
what it was like

1387  
00:58:16,420 --> 00:58:20,769  
apart from they were dancing around with

1388  
00:58:18,849 --> 00:58:23,590  
these little flashes underneath so here

1389  
00:58:20,769 --> 00:58:24,880  
we go there there is some sounds not

1390  
00:58:23,590 --> 00:58:26,079  
very loud knocking taking the microphone

1391  
00:58:24,880 --> 00:58:32,590  
now because it's just a bit of music

1392  
00:58:26,079 --> 00:58:33,848  
very only lasts about 30 seconds but if

1393  
00:58:32,590 --> 00:58:35,800  
you look underneath some of them you'll

1394  
00:58:33,849 --> 00:58:38,769  
see little flashes and I mean what they

1395  
00:58:35,800 --> 00:58:40,359  
are I don't know but we've had a few

1396  
00:58:38,769 --> 00:58:44,500  
people talk about these flashes

1397

00:58:40,358 --> 00:58:46,509  
underneath now and and strangely when I

1398  
00:58:44,500 --> 00:58:50,440  
do the research either on the internet

1399  
00:58:46,510 --> 00:58:52,090  
some of the books magazines nobody seems

1400  
00:58:50,440 --> 00:58:53,769  
to mention these flashes yet the local

1401  
00:58:52,090 --> 00:59:01,930  
people talk to me about it I've all

1402  
00:58:53,769 --> 00:59:03,309  
about these flashes well this I don't

1403  
00:59:01,929 --> 00:59:05,139  
know we just put I pulled off the

1404  
00:59:03,309 --> 00:59:06,940  
internet because these people were

1405  
00:59:05,139 --> 00:59:12,250  
talking about the flashes underneath and

1406  
00:59:06,940 --> 00:59:13,780  
I saw pretty much they're certainly not

1407  
00:59:12,250 --> 00:59:15,369  
all like as you'll see in a minute but

1408  
00:59:13,780 --> 00:59:18,190  
it started off as a triangle then they

1409  
00:59:15,369 --> 00:59:20,500  
went to a long bar and shot off but um

1410  
00:59:18,190 --> 00:59:25,570  
and a lot of the singular ones we're

1411  
00:59:20,500 --> 00:59:31,719

showing right here tonight this is

1412  
00:59:25,570 --> 00:59:33,869  
probably a good likeness now give you

1413  
00:59:31,719 --> 00:59:36,399  
the grill here no pressure on this one

1414  
00:59:33,869 --> 00:59:38,829  
so it's another car chase theme was just

1415  
00:59:36,400 --> 00:59:41,050  
talking in the break actually and about

1416  
00:59:38,829 --> 00:59:42,730  
how the saucer or object while it was

1417  
00:59:41,050 --> 00:59:44,890  
seem to be glued to the top of the car

1418  
00:59:42,730 --> 00:59:46,719  
and it seems to happen a lot of read a

1419  
00:59:44,889 --> 00:59:48,338  
lot about it from these sort of

1420  
00:59:46,719 --> 00:59:50,259  
sightings all over the world as I'm sure

1421  
00:59:48,338 --> 00:59:51,429  
some of you have but certainly some of

1422  
00:59:50,260 --> 00:59:54,400  
them that I've investing

1423  
00:59:51,429 --> 00:59:57,009  
got the exact same story and this one of

1424  
00:59:54,400 --> 00:59:59,579  
Alan's is no different but to give you a

1425  
00:59:57,010 --> 01:00:01,569  
bit of an idea where it's all happening

1426  
00:59:59,579 --> 01:00:03,309  
there's a couple in the car

1427  
01:00:01,568 --> 01:00:05,650  
an off-duty female police officer a

1428  
01:00:03,309 --> 01:00:08,079  
partner traveling home from Suffolk I

1429  
01:00:05,650 --> 01:00:10,900  
believe on the way to London South

1430  
01:00:08,079 --> 01:00:14,920  
London I think on the a11 and I think it

1431  
01:00:10,900 --> 01:00:18,490  
was about 11:00 p.m. the orientation

1432  
01:00:14,920 --> 01:00:20,108  
there's milk milk ball itself and you

1433  
01:00:18,489 --> 01:00:21,639  
can just make out for those close enough

1434  
01:00:20,108 --> 01:00:23,730  
there's the barracks where basically

1435  
01:00:21,639 --> 01:00:26,920  
just make out the runways they're

1436  
01:00:23,730 --> 01:00:29,019  
Lakenheath is that close and I've been

1437  
01:00:26,920 --> 01:00:31,480  
told from more than one source and some

1438  
01:00:29,019 --> 01:00:33,159  
of them are military people that there

1439  
01:00:31,480 --> 01:00:34,929  
is like a motorway system that goes

1440  
01:00:33,159 --> 01:00:38,049  
underneath the ground between the two

1441  
01:00:34,929 --> 01:00:40,179  
air bases that's true I don't know just

1442  
01:00:38,050 --> 01:00:42,579  
out here out of out of shock the picture

1443  
01:00:40,179 --> 01:00:44,769  
Azaria felt well another American base

1444  
01:00:42,579 --> 01:00:46,480  
and I think they're mainly into

1445  
01:00:44,769 --> 01:00:50,739  
listening in to radio traffic and stuff

1446  
01:00:46,480 --> 01:00:53,170  
they'll be probably lost domes but the

1447  
01:00:50,739 --> 01:00:56,679  
place has always been steeped in sort of

1448  
01:00:53,170 --> 01:00:59,470  
secret history and also flying saucers

1449  
01:00:56,679 --> 01:01:00,969  
just over here down here there's an

1450  
01:00:59,469 --> 01:01:02,980  
airbase there well it's not actually

1451  
01:01:00,969 --> 01:01:05,409  
near but it's an RAF base but it's it's

1452  
01:01:02,980 --> 01:01:07,150  
no aircraft there but just behind it

1453  
01:01:05,409 --> 01:01:08,679  
it's now an industrial estate but that's

1454

01:01:07,150 --> 01:01:11,858  
where they used to make all the nuclear

1455  
01:01:08,679 --> 01:01:14,588  
warheads and it's a really interesting

1456  
01:01:11,858 --> 01:01:15,489  
place to go and visit and you'd never

1457  
01:01:14,588 --> 01:01:18,699  
know it was there

1458  
01:01:15,489 --> 01:01:20,469  
that was all about this area and down

1459  
01:01:18,699 --> 01:01:22,689  
his new market that we spoke about

1460  
01:01:20,469 --> 01:01:25,179  
earlier for this particular instant

1461  
01:01:22,690 --> 01:01:27,039  
happens between this big roundabout at

1462  
01:01:25,179 --> 01:01:29,980  
mildenhall as they're traveling down the

1463  
01:01:27,039 --> 01:01:33,460  
alley 11 going back home toward London

1464  
01:01:29,980 --> 01:01:36,789  
and it's more especially around this

1465  
01:01:33,460 --> 01:01:38,380  
area here I realize that most of you

1466  
01:01:36,789 --> 01:01:40,449  
don't know but it's funny I've had a

1467  
01:01:38,380 --> 01:01:42,940  
couple of people already say oh I know

1468  
01:01:40,449 --> 01:01:44,379

these areas really well this is where I

1469  
01:01:42,940 --> 01:01:46,599  
happened I want to show you a day like

1470  
01:01:44,380 --> 01:01:47,160  
shot to give you an idea of where it all

1471  
01:01:46,599 --> 01:01:50,550  
we're

1472  
01:01:47,159 --> 01:01:52,769  
Liz but as I was traveling up this road

1473  
01:01:50,550 --> 01:01:55,050  
going back that direction head himself

1474  
01:01:52,769 --> 01:01:56,340  
they saw these left on the left they

1475  
01:01:55,050 --> 01:01:58,380  
thought were lights at the laser light

1476  
01:01:56,340 --> 01:02:00,600  
show and they soon realized that the

1477  
01:01:58,380 --> 01:02:06,059  
lights were actually coming from above

1478  
01:02:00,599 --> 01:02:10,409  
rather than going up here's the road in

1479  
01:02:06,059 --> 01:02:12,570  
the daylight lay by there and just

1480  
01:02:10,409 --> 01:02:14,789  
around the corner I don't know about

1481  
01:02:12,570 --> 01:02:16,950  
half a mile a mile something like that

1482  
01:02:14,789 --> 01:02:21,059  
there's there's a flyover bridge and

1483  
01:02:16,949 --> 01:02:22,379  
these lights were all just up here so

1484  
01:02:21,059 --> 01:02:25,460  
they pulled over and stopped the engine

1485  
01:02:22,380 --> 01:02:27,990  
in the lay-by to get a better bus and

1486  
01:02:25,460 --> 01:02:30,360  
quite quickly the object seemed to be

1487  
01:02:27,989 --> 01:02:33,359  
directly over the car almost as if it's

1488  
01:02:30,360 --> 01:02:36,120  
stuck again over top of the car the car

1489  
01:02:33,360 --> 01:02:37,800  
had a sunroof when they looked up it was

1490  
01:02:36,119 --> 01:02:40,230  
very close just as we've already heard

1491  
01:02:37,800 --> 01:02:42,630  
earlier and once again this is a picture

1492  
01:02:40,230 --> 01:02:45,780  
off the internet but just to demonstrate

1493  
01:02:42,630 --> 01:02:48,570  
what it could have looked like they said

1494  
01:02:45,780 --> 01:02:50,280  
it was around 30 feet across she said

1495  
01:02:48,570 --> 01:02:52,980  
she could see the lights and there's no

1496  
01:02:50,280 --> 01:02:55,170  
sound or smell after a short while they

1497  
01:02:52,980 --> 01:02:56,820  
both felt afraid and also and also

1498  
01:02:55,170 --> 01:03:00,389  
noises which I've heard a lot in these

1499  
01:02:56,820 --> 01:03:02,370  
sort of cases they started the car and

1500  
01:03:00,389 --> 01:03:04,920  
sped off onto the dual carriageway as

1501  
01:03:02,369 --> 01:03:08,039  
fast as possible all the time the saucer

1502  
01:03:04,920 --> 01:03:11,220  
stayed directly over the car as if stuck

1503  
01:03:08,039 --> 01:03:15,630  
to it here's the bridge just further

1504  
01:03:11,219 --> 01:03:17,909  
round on the a11 and they were fast

1505  
01:03:15,630 --> 01:03:19,890  
approaching 100 miles an hour the craft

1506  
01:03:17,909 --> 01:03:22,230  
was so low they thought it would crash

1507  
01:03:19,889 --> 01:03:24,629  
into this bridge just here but when they

1508  
01:03:22,230 --> 01:03:27,690  
got up to this bridge the thing seemed

1509  
01:03:24,630 --> 01:03:28,950  
to morph and sort of go round Justice I

1510  
01:03:27,690 --> 01:03:30,480  
don't know if it looked something like

1511

01:03:28,949 --> 01:03:33,629  
that thing in Star Trek that's how I

1512  
01:03:30,480 --> 01:03:35,940  
imagined it how it how it looked I don't

1513  
01:03:33,630 --> 01:03:37,500  
know but Alan can probably tell you more

1514  
01:03:35,940 --> 01:03:39,389  
but it morphed around the bridge and

1515  
01:03:37,500 --> 01:03:43,739  
came out the other side and repositioned

1516  
01:03:39,389 --> 01:03:45,000  
itself over the car again not far along

1517  
01:03:43,739 --> 01:03:47,250  
the road a couple came upon some

1518  
01:03:45,000 --> 01:03:50,039  
roadworks bollards and lights etc at

1519  
01:03:47,250 --> 01:03:54,269  
this point the youth

1520  
01:03:50,039 --> 01:03:57,090  
sped away a couple arrived home very

1521  
01:03:54,269 --> 01:03:59,130  
late I have no record whether they lost

1522  
01:03:57,090 --> 01:04:01,860  
any time or not once again perhaps Allen

1523  
01:03:59,130 --> 01:04:03,900  
knows that bit but I don't they're tired

1524  
01:04:01,860 --> 01:04:04,740  
exhausted the next morning though the

1525  
01:04:03,900 --> 01:04:06,869

car wouldn't start

1526

01:04:04,739 --> 01:04:09,149

battery's flat and he would be pushed

1527

01:04:06,869 --> 01:04:11,849

off same thing happened after work that

1528

01:04:09,150 --> 01:04:13,619

evening so they took the car into a

1529

01:04:11,849 --> 01:04:15,900

garage had to have the battery tested

1530

01:04:13,619 --> 01:04:17,460

when it was found to be dead in fact

1531

01:04:15,900 --> 01:04:20,460

there's no reason whatsoever

1532

01:04:17,460 --> 01:04:22,230

whoever thus given essentially fried I

1533

01:04:20,460 --> 01:04:24,840

guess and that's pretty much the end of

1534

01:04:22,230 --> 01:04:28,730

the story I mean as far as what I've got

1535

01:04:24,840 --> 01:04:31,740

Alan might have some other details but

1536

01:04:28,730 --> 01:04:33,719

right then onto little portal once again

1537

01:04:31,739 --> 01:04:35,129

this is where I used to well I still do

1538

01:04:33,719 --> 01:04:38,599

live a living the outskirts of Industry

1539

01:04:35,130 --> 01:04:41,070

and it seems to be a lot of UFO activity

1540  
01:04:38,599 --> 01:04:42,630  
as you can see by all the little markers

1541  
01:04:41,070 --> 01:04:44,820  
but there's a lot more we have a wave

1542  
01:04:42,630 --> 01:04:48,960  
I've just put some some of the more

1543  
01:04:44,820 --> 01:04:51,269  
recent ones on here this is 1999 and

1544  
01:04:48,960 --> 01:04:54,750  
this is the road the aw101 from

1545  
01:04:51,269 --> 01:04:56,309  
Mildenhall to little port now in the

1546  
01:04:54,750 --> 01:04:58,380  
fins because there are no hills

1547  
01:04:56,309 --> 01:05:02,579  
everything is dead flat the roads are

1548  
01:04:58,380 --> 01:05:05,820  
flat and really really straight and this

1549  
01:05:02,579 --> 01:05:07,230  
road is no different from here to little

1550  
01:05:05,820 --> 01:05:09,180  
port which you can't see there but you

1551  
01:05:07,230 --> 01:05:11,639  
will see the lights in a minute that's

1552  
01:05:09,179 --> 01:05:13,649  
about 4 miles from here over to there

1553  
01:05:11,639 --> 01:05:15,089  
and earlier the Cathedral City of the

1554  
01:05:13,650 --> 01:05:17,010  
LEAs just over here that's enough

1555  
01:05:15,090 --> 01:05:19,110  
another mom the normal Road you would

1556  
01:05:17,010 --> 01:05:21,270  
take you'd go down this road and then go

1557  
01:05:19,110 --> 01:05:23,610  
along a long straight road that way but

1558  
01:05:21,269 --> 01:05:25,259  
there is a small road go through here

1559  
01:05:23,610 --> 01:05:27,809  
it's a bit of a bumpy road so most

1560  
01:05:25,260 --> 01:05:29,700  
locals don't use it and this picture is

1561  
01:05:27,809 --> 01:05:33,110  
just the same just further round so

1562  
01:05:29,699 --> 01:05:33,109  
you'll see how straight the roads are

1563  
01:05:33,800 --> 01:05:38,820  
now you might better see this better

1564  
01:05:35,730 --> 01:05:40,590  
than I over here is really poor there's

1565  
01:05:38,820 --> 01:05:43,019  
eerie it's the same photograph you just

1566  
01:05:40,590 --> 01:05:45,930  
saw really but just darken the up but in

1567  
01:05:43,019 --> 01:05:46,590  
the distance this couple was a brother

1568

01:05:45,929 --> 01:05:48,719  
and a sister

1569  
01:05:46,590 --> 01:05:51,539  
they were quite elderly they had gone to

1570  
01:05:48,719 --> 01:05:53,849  
see their sister who was poorly in a

1571  
01:05:51,539 --> 01:05:55,829  
home in Mildenhall and they were coming

1572  
01:05:53,849 --> 01:05:59,460  
back and they were coming past that

1573  
01:05:55,829 --> 01:06:00,420  
house she just saw a moment and the in

1574  
01:05:59,460 --> 01:06:03,840  
the distance

1575  
01:06:00,420 --> 01:06:08,909  
they saw a bright blue-white light just

1576  
01:06:03,840 --> 01:06:11,190  
there and he described it in an instant

1577  
01:06:08,909 --> 01:06:13,949  
he said there's no sensation of speed

1578  
01:06:11,190 --> 01:06:18,150  
other than it was gone past them as

1579  
01:06:13,949 --> 01:06:20,669  
quick as that and and that's pretty much

1580  
01:06:18,150 --> 01:06:22,860  
what it looked like I tried to my

1581  
01:06:20,670 --> 01:06:25,650  
limited skills on power and my

1582  
01:06:22,860 --> 01:06:27,870

powerpoint on the art program to get

1583

01:06:25,650 --> 01:06:30,180

something likely described and he said

1584

01:06:27,869 --> 01:06:33,659

that's the best it looks what he what he

1585

01:06:30,179 --> 01:06:36,599

can recall it's a blink of an eye at

1586

01:06:33,659 --> 01:06:38,969

flash past them about 45 degrees and

1587

01:06:36,599 --> 01:06:41,309

this man is an aeroplane buff he goes

1588

01:06:38,969 --> 01:06:43,139

plane spotting I'm not saying he knows

1589

01:06:41,309 --> 01:06:45,779

everything about aeroplanes but he's

1590

01:06:43,139 --> 01:06:47,339

well into his aeroplanes and he sits

1591

01:06:45,780 --> 01:06:48,930

outside Lakenheath looking all the

1592

01:06:47,340 --> 01:06:50,850

fighter bombers mildenhall the various

1593

01:06:48,929 --> 01:06:52,739

other ones around the area he said I've

1594

01:06:50,849 --> 01:06:53,219

never seen a plane that travels that

1595

01:06:52,739 --> 01:06:56,129

fast

1596

01:06:53,219 --> 01:06:58,409

and he said it was about the size of a

1597  
01:06:56,130 --> 01:07:02,340  
fist outside of his car Oh as it has it

1598  
01:06:58,409 --> 01:07:03,869  
flew past flying is I used the term

1599  
01:07:02,340 --> 01:07:05,900  
flying but of course who knows what it's

1600  
01:07:03,869 --> 01:07:08,819  
doing is technically not flying possibly

1601  
01:07:05,900 --> 01:07:10,740  
it was sharp light it illuminated the

1602  
01:07:08,820 --> 01:07:12,809  
house as it went by and all the fields

1603  
01:07:10,739 --> 01:07:14,609  
it was like the light was illuminating

1604  
01:07:12,809 --> 01:07:16,889  
the fields and then an incident that was

1605  
01:07:14,610 --> 01:07:19,200  
behind him he did sound on the circus on

1606  
01:07:16,889 --> 01:07:21,869  
this occasion there was a sound like a

1607  
01:07:19,199 --> 01:07:24,659  
siren I said can you be more specific he

1608  
01:07:21,869 --> 01:07:26,489  
said be another siren that that used to

1609  
01:07:24,659 --> 01:07:29,309  
hear the Second World War where built up

1610  
01:07:26,489 --> 01:07:31,429  
and and it became loud it was just like

1611  
01:07:29,309 --> 01:07:34,139  
that but it petered off as it went past

1612  
01:07:31,429 --> 01:07:37,319  
which was a little bit unusual and

1613  
01:07:34,139 --> 01:07:38,940  
different so as it went past just in

1614  
01:07:37,320 --> 01:07:40,470  
here again and instantly looked in as

1615  
01:07:38,940 --> 01:07:42,030  
mere the rearview mirror I need to

1616  
01:07:40,469 --> 01:07:43,980  
travel behind him and when it was quite

1617  
01:07:42,030 --> 01:07:45,930  
small it just shot straight up into the

1618  
01:07:43,980 --> 01:07:49,889  
sky and disappeared and he saw nothing

1619  
01:07:45,929 --> 01:07:51,899  
of it no more of it after that there any

1620  
01:07:49,889 --> 01:07:55,139  
down slow bus I couldn't get his sister

1621  
01:07:51,900 --> 01:07:59,039  
to verify because she's since died but

1622  
01:07:55,139 --> 01:08:02,460  
once again you the man has got no reason

1623  
01:07:59,039 --> 01:08:03,989  
to line and since he seemed to tell his

1624  
01:08:02,460 --> 01:08:06,000  
story quite consistently all the way

1625

01:08:03,989 --> 01:08:06,809  
through but that was his story at milk

1626  
01:08:06,000 --> 01:08:08,550  
all roads

1627  
01:08:06,809 --> 01:08:12,119  
down the road from where I lived about

1628  
01:08:08,550 --> 01:08:14,190  
four mile away this is an interesting

1629  
01:08:12,119 --> 01:08:17,279  
one it was with with some orbs it's a

1630  
01:08:14,190 --> 01:08:19,859  
two-part story really on two separate

1631  
01:08:17,279 --> 01:08:21,838  
occasions and the first one was 2001 and

1632  
01:08:19,859 --> 01:08:24,410  
happened just just north of Peterborough

1633  
01:08:21,838 --> 01:08:27,029  
Peterborough's here at RAF Wittering

1634  
01:08:24,409 --> 01:08:30,420  
it's been the home of several different

1635  
01:08:27,029 --> 01:08:32,399  
aircraft in more recent times a Harrier

1636  
01:08:30,420 --> 01:08:35,100  
Jump Jet there's been helicopters based

1637  
01:08:32,399 --> 01:08:39,509  
there and all sorts and the second one

1638  
01:08:35,100 --> 01:08:43,230  
was down here and strangely enough that

1639  
01:08:39,510 --> 01:08:44,760

one was only it happened about a few

1640

01:08:43,229 --> 01:08:47,608

hundred yards away from RAF Wittering

1641

01:08:44,760 --> 01:08:50,069

and this one happened about a mile or

1642

01:08:47,609 --> 01:08:52,470

two from RAF Alconbury which is an

1643

01:08:50,069 --> 01:08:55,109

American base which ring is a uk-based

1644

01:08:52,470 --> 01:08:57,000

that's American it's pretty much gone

1645

01:08:55,109 --> 01:09:00,240

now there are some Americans there still

1646

01:08:57,000 --> 01:09:01,920

but not many and it's it's mainly a big

1647

01:09:00,239 --> 01:09:07,588

industrial area now but it was a it was

1648

01:09:01,920 --> 01:09:09,149

a big deal today for this couple they

1649

01:09:07,588 --> 01:09:10,949

were backpacking bases they just had a

1650

01:09:09,149 --> 01:09:13,379

week walking around and one heavy they

1651

01:09:10,949 --> 01:09:14,239

just walked had all day walking 30 miles

1652

01:09:13,380 --> 01:09:16,710

from Peterborough

1653

01:09:14,239 --> 01:09:18,659

and it's the surrounding countryside and

1654  
01:09:16,710 --> 01:09:22,619  
they were looking for a place to get was

1655  
01:09:18,659 --> 01:09:24,000  
getting dark and they they came upon so

1656  
01:09:22,619 --> 01:09:26,068  
I'm just looking from the red button

1657  
01:09:24,000 --> 01:09:27,119  
calling Western great wood which is next

1658  
01:09:26,069 --> 01:09:30,120  
to RAF Wittering

1659  
01:09:27,119 --> 01:09:32,519  
now there's RAF Wittering all there

1660  
01:09:30,119 --> 01:09:34,409  
that's the rather see the runway this is

1661  
01:09:32,520 --> 01:09:39,030  
the a1 the Great North Road traveling

1662  
01:09:34,409 --> 01:09:40,829  
north the south and the CA 47 which is a

1663  
01:09:39,029 --> 01:09:42,659  
major trunk road down past here and

1664  
01:09:40,829 --> 01:09:44,309  
literally the other side of the two

1665  
01:09:42,659 --> 01:09:46,079  
gates that go onto the airfield

1666  
01:09:44,310 --> 01:09:48,870  
there's Kali Western rate would just

1667  
01:09:46,079 --> 01:09:50,880  
there um it's quite interesting this

1668  
01:09:48,869 --> 01:09:52,619  
place it's been it's open and it's

1669  
01:09:50,880 --> 01:09:54,720  
decommissioned that's opening it but

1670  
01:09:52,619 --> 01:09:56,609  
they never leave it unattended on this

1671  
01:09:54,720 --> 01:09:59,190  
particular occasion when this happened

1672  
01:09:56,609 --> 01:10:00,539  
they have been decommissioned and passed

1673  
01:09:59,189 --> 01:10:02,399  
from a few guards and whatever there's

1674  
01:10:00,539 --> 01:10:05,489  
nothing else there no airplanes no

1675  
01:10:02,399 --> 01:10:08,489  
helicopters I know the the base very

1676  
01:10:05,489 --> 01:10:12,229  
well because for several months over

1677  
01:10:08,489 --> 01:10:14,779  
here is where the Harrier Jump Jets

1678  
01:10:12,229 --> 01:10:16,579  
here used to refuel and I have the job

1679  
01:10:14,779 --> 01:10:21,050  
of spraying these underground fuel tanks

1680  
01:10:16,579 --> 01:10:22,909  
out with a special stuff and and you'd

1681  
01:10:21,050 --> 01:10:24,470  
sell side having a lunch break and these

1682

01:10:22,909 --> 01:10:26,449  
Harriers were landing literally where

1683  
01:10:24,470 --> 01:10:28,340  
the bar is right next to us fascinating

1684  
01:10:26,449 --> 01:10:30,738  
it really was none the more for that

1685  
01:10:28,340 --> 01:10:33,380  
golly west in great wood that's where

1686  
01:10:30,738 --> 01:10:35,059  
they decided to pitch and camp up for

1687  
01:10:33,380 --> 01:10:40,430  
the night literally the other side from

1688  
01:10:35,060 --> 01:10:41,840  
the from the air base they didn't

1689  
01:10:40,430 --> 01:10:43,430  
realize at the time but they were going

1690  
01:10:41,840 --> 01:10:45,529  
to be sleeping right next to the Cold

1691  
01:10:43,430 --> 01:10:47,869  
War munitions dump storage dump it's a

1692  
01:10:45,529 --> 01:10:50,689  
massive place it's all of the barbed

1693  
01:10:47,869 --> 01:10:52,430  
wire fence it was almost dark and they

1694  
01:10:50,689 --> 01:10:54,500  
could see some buildings in there and

1695  
01:10:52,430 --> 01:10:56,570  
they was just pitched up the tent and

1696  
01:10:54,500 --> 01:10:59,630

they was just mattering basically

1697

01:10:56,569 --> 01:11:02,119

getting ready to go to bed it was around

1698

01:10:59,630 --> 01:11:06,069

about 11 o'clock he told me when between

1699

01:11:02,119 --> 01:11:08,869

the trees in the distance over here they

1700

01:11:06,069 --> 01:11:11,029

know they saw a bright orange light

1701

01:11:08,869 --> 01:11:14,149

which basically came to the fence almost

1702

01:11:11,029 --> 01:11:15,859

a game in an instant they estimated they

1703

01:11:14,149 --> 01:11:18,529

just hovered there for a few seconds

1704

01:11:15,859 --> 01:11:20,659

very much like this and once again this

1705

01:11:18,529 --> 01:11:22,699

is something I've made and I've sent it

1706

01:11:20,659 --> 01:11:25,639

to him I said was it anything like this

1707

01:11:22,699 --> 01:11:27,800

he said that's it he said that's exactly

1708

01:11:25,640 --> 01:11:29,840

how it was he said I had a texture a

1709

01:11:27,800 --> 01:11:32,300

little bit like an orange didn't seem to

1710

01:11:29,840 --> 01:11:32,900

be stable it seemed to be sort of moving

1711  
01:11:32,300 --> 01:11:34,789  
a little bit

1712  
01:11:32,899 --> 01:11:36,799  
and although this the edges were fairly

1713  
01:11:34,789 --> 01:11:39,350  
defined they weren't crisp it was almost

1714  
01:11:36,800 --> 01:11:42,350  
like there was a haze around it about 10

1715  
01:11:39,350 --> 01:11:43,880  
to 15 feet across they were shocked they

1716  
01:11:42,350 --> 01:11:45,350  
just froze where they stood for a few

1717  
01:11:43,880 --> 01:11:47,630  
seconds because they couldn't believe

1718  
01:11:45,350 --> 01:11:50,090  
what they were seeing then whether it

1719  
01:11:47,630 --> 01:11:53,239  
was showing off for what they both ran

1720  
01:11:50,090 --> 01:11:54,800  
toward it and they said they care no

1721  
01:11:53,238 --> 01:11:57,109  
sound from this thing all they heard was

1722  
01:11:54,800 --> 01:11:58,550  
the crunching of the leaves and and the

1723  
01:11:57,109 --> 01:12:02,809  
twigs and what-have-you beneath their

1724  
01:11:58,550 --> 01:12:05,000  
feet but as he approached the fence it

1725  
01:12:02,810 --> 01:12:06,800  
just vanished into thin air they assumed

1726  
01:12:05,000 --> 01:12:09,140  
it went upwards because there was this

1727  
01:12:06,800 --> 01:12:12,199  
blur shape going upwards but he couldn't

1728  
01:12:09,140 --> 01:12:14,230  
confirm it went upwards but that's where

1729  
01:12:12,199 --> 01:12:17,710  
they thought it went just

1730  
01:12:14,229 --> 01:12:20,079  
appeared within the next four minutes

1731  
01:12:17,710 --> 01:12:22,569  
though the sky was alive with other

1732  
01:12:20,079 --> 01:12:24,250  
activity within seconds of this thing

1733  
01:12:22,569 --> 01:12:26,590  
shooting up in the sky there's a

1734  
01:12:24,250 --> 01:12:28,449  
helicopter flying overhead he said I

1735  
01:12:26,590 --> 01:12:30,279  
don't know my helicopters but it was a

1736  
01:12:28,449 --> 01:12:32,139  
military helicopter it wasn't one with a

1737  
01:12:30,279 --> 01:12:35,500  
little bauble on rivers you know it

1738  
01:12:32,140 --> 01:12:37,720  
looks like a military thing and it was

1739

01:12:35,500 --> 01:12:40,300  
just going round and round and within

1740  
01:12:37,720 --> 01:12:42,400  
the four minutes possibly a little bit

1741  
01:12:40,300 --> 01:12:45,100  
later he can't be precise but there was

1742  
01:12:42,399 --> 01:12:49,599  
a jet aircraft circling the airbase as

1743  
01:12:45,100 --> 01:12:51,850  
well and once again these things were

1744  
01:12:49,600 --> 01:12:54,940  
there almost in an instant and it seems

1745  
01:12:51,850 --> 01:12:57,250  
almost like they knew they were going to

1746  
01:12:54,939 --> 01:12:59,738  
be there they were almost waiting they

1747  
01:12:57,250 --> 01:13:02,949  
didn't know the exact spot and I've

1748  
01:12:59,738 --> 01:13:07,209  
heard this so much over the years in

1749  
01:13:02,949 --> 01:13:08,590  
America Russia Europe and recently guys

1750  
01:13:07,210 --> 01:13:10,750  
have come from that your neck of the

1751  
01:13:08,590 --> 01:13:13,810  
woods come and talk to us about the

1752  
01:13:10,750 --> 01:13:15,310  
Pentek incident and it almost seems like

1753  
01:13:13,810 --> 01:13:18,220

they were there waiting for that thing

1754

01:13:15,310 --> 01:13:21,130

to turn up whether there's some way that

1755

01:13:18,220 --> 01:13:23,440

they know these things are going to turn

1756

01:13:21,130 --> 01:13:25,630

up at certain times at certain places or

1757

01:13:23,439 --> 01:13:27,789

not I don't know but it does seem quite

1758

01:13:25,630 --> 01:13:32,079

suspicious and this was one of those

1759

01:13:27,789 --> 01:13:33,609

instances so they do something wasn't

1760

01:13:32,079 --> 01:13:35,350

right and the ball of light was just

1761

01:13:33,609 --> 01:13:39,519

unexplained but they just don't know

1762

01:13:35,350 --> 01:13:41,440

what to say about it and it's a bit more

1763

01:13:39,520 --> 01:13:42,730

about what it looked like there they

1764

01:13:41,439 --> 01:13:44,649

said there wasn't frightened when it was

1765

01:13:42,729 --> 01:13:47,949

there they said strangely it was almost

1766

01:13:44,649 --> 01:13:50,079

comforting and what's strange is I hear

1767

01:13:47,949 --> 01:13:52,599

that from lots of people who see these

1768  
01:13:50,079 --> 01:13:54,189  
things and I myself when I had the hairs

1769  
01:13:52,600 --> 01:13:57,310  
on back my neck all by the field and

1770  
01:13:54,189 --> 01:13:58,210  
tingling I wasn't afraid and once again

1771  
01:13:57,310 --> 01:13:59,710  
that's a good word

1772  
01:13:58,210 --> 01:14:04,300  
it was almost comforting it was almost

1773  
01:13:59,710 --> 01:14:06,069  
like an old friend anyway a little bit

1774  
01:14:04,300 --> 01:14:08,289  
about the bomb dump that they parked

1775  
01:14:06,069 --> 01:14:11,229  
themselves besides a massive area it was

1776  
01:14:08,289 --> 01:14:13,569  
built 1555 as a remote wet weapon store

1777  
01:14:11,229 --> 01:14:16,509  
and I've talked to an RF guy who was on

1778  
01:14:13,569 --> 01:14:18,460  
there and he C told me that that well

1779  
01:14:16,510 --> 01:14:20,020  
he's on Wittering not there and he said

1780  
01:14:18,460 --> 01:14:21,670  
they built them just off base and one of

1781  
01:14:20,020 --> 01:14:22,610  
so if something went up there's less

1782  
01:14:21,670 --> 01:14:25,100  
likelihood

1783  
01:14:22,609 --> 01:14:28,519  
in the air base it was just away from

1784  
01:14:25,100 --> 01:14:30,020  
major centers of population the F

1785  
01:14:28,520 --> 01:14:31,639  
they'll change you server several years

1786  
01:14:30,020 --> 01:14:33,980  
from a fighter station to Bomber Command

1787  
01:14:31,639 --> 01:14:36,260  
stationed that helicopters there at one

1788  
01:14:33,979 --> 01:14:38,479  
one point it was decommissioned then

1789  
01:14:36,260 --> 01:14:40,300  
reused and as I say the time when this

1790  
01:14:38,479 --> 01:14:42,529  
happened it had it was decommissioned

1791  
01:14:40,300 --> 01:14:46,610  
although there was definitely guards

1792  
01:14:42,529 --> 01:14:52,939  
there at the time there two kinds of

1793  
01:14:46,609 --> 01:14:54,679  
bunkers on there and these are they some

1794  
01:14:52,939 --> 01:14:58,638  
of them had soil all over top they look

1795  
01:14:54,679 --> 01:15:00,859  
look much more heavily sort of protected

1796

01:14:58,639 --> 01:15:02,029  
in some way very similar to the ones I

1797  
01:15:00,859 --> 01:15:03,880  
told you where they made the nutria

1798  
01:15:02,029 --> 01:15:06,050  
bombs then they had these sort of huts

1799  
01:15:03,880 --> 01:15:10,730  
that didn't seem to have much protection

1800  
01:15:06,050 --> 01:15:12,679  
at all it's been this it's been the

1801  
01:15:10,729 --> 01:15:14,509  
venue for a couple of raves over the

1802  
01:15:12,679 --> 01:15:18,380  
years with a massive amount of people

1803  
01:15:14,510 --> 01:15:22,159  
there lots of bits and bobs have been

1804  
01:15:18,380 --> 01:15:23,300  
nicked off all the metal has gone for

1805  
01:15:22,158 --> 01:15:26,089  
scrap and what have your things that

1806  
01:15:23,300 --> 01:15:28,579  
they could take away and what's really

1807  
01:15:26,090 --> 01:15:30,469  
weird is though the grass is still I

1808  
01:15:28,579 --> 01:15:32,359  
wouldn't search kept like a lawn but

1809  
01:15:30,469 --> 01:15:34,429  
it's cut fairly regular so somebody's

1810  
01:15:32,359 --> 01:15:39,259

still got an interest in there and who

1811

01:15:34,429 --> 01:15:40,699

that is I don't know so that's the end

1812

01:15:39,260 --> 01:15:43,130

of that little story but that's the two

1813

01:15:40,698 --> 01:15:45,649

partners or say and so that happened

1814

01:15:43,130 --> 01:15:47,659

near Peterborough RAF Wittering this

1815

01:15:45,649 --> 01:15:50,388

next one was a few years later it's the

1816

01:15:47,658 --> 01:15:53,439

same couple of actual fact and I think

1817

01:15:50,389 --> 01:15:56,659

they were married by now it happened in

1818

01:15:53,439 --> 01:15:58,849

2018 it was some so it's very very

1819

01:15:56,658 --> 01:16:02,029

recent 10:00 p.m. the same couple were

1820

01:15:58,850 --> 01:16:04,310

driving down this road here which is a

1821

01:16:02,029 --> 01:16:08,090

nothing road and the road that goes

1822

01:16:04,310 --> 01:16:11,360

across the back here is the B 666 60 and

1823

01:16:08,090 --> 01:16:13,310

over here somewhere is our a token berry

1824

01:16:11,359 --> 01:16:14,509

and they were travelling down here

1825  
01:16:13,310 --> 01:16:15,980  
they're gonna turn right there's a

1826  
01:16:14,510 --> 01:16:16,820  
little village here they turn left and

1827  
01:16:15,979 --> 01:16:20,479  
go down the other

1828  
01:16:16,819 --> 01:16:22,399  
so those pylons if you can see them but

1829  
01:16:20,479 --> 01:16:24,529  
just about there somewhere as they was

1830  
01:16:22,399 --> 01:16:26,359  
coming down they see this what looked

1831  
01:16:24,529 --> 01:16:28,729  
like an orange ball in the distance I

1832  
01:16:26,359 --> 01:16:30,409  
mean they spoke about it and remembered

1833  
01:16:28,729 --> 01:16:33,439  
about what they'd seen in the woods and

1834  
01:16:30,409 --> 01:16:35,630  
was recalling the incident they said

1835  
01:16:33,439 --> 01:16:37,789  
this time the brightness was really

1836  
01:16:35,630 --> 01:16:41,869  
vivid but it seemed to be pulsating this

1837  
01:16:37,789 --> 01:16:44,000  
time and they're obviously glued on it

1838  
01:16:41,869 --> 01:16:45,649  
they traveled down this road and that's

1839  
01:16:44,000 --> 01:16:47,630  
pretty much what they saw here again

1840  
01:16:45,649 --> 01:16:49,909  
this is something I've made sent it to

1841  
01:16:47,630 --> 01:16:51,800  
him he said it's about the size and

1842  
01:16:49,909 --> 01:16:53,630  
that's the position it was in so at

1843  
01:16:51,800 --> 01:16:55,579  
least the positioning and everything now

1844  
01:16:53,630 --> 01:17:03,800  
I have to say at this point they did

1845  
01:16:55,579 --> 01:17:05,989  
take a photograph that wasn't sorry not

1846  
01:17:03,800 --> 01:17:07,550  
photograph it was a bit of footage but

1847  
01:17:05,989 --> 01:17:08,899  
because I was travelling in the car and

1848  
01:17:07,550 --> 01:17:10,039  
the camera you can imagine what it was

1849  
01:17:08,899 --> 01:17:12,710  
like you see them on the internet all

1850  
01:17:10,039 --> 01:17:14,420  
the time and it was totally useless I

1851  
01:17:12,710 --> 01:17:15,980  
mean yes they film something but it

1852  
01:17:14,420 --> 01:17:17,840  
could have been anything so to

1853

01:17:15,979 --> 01:17:26,929  
demonstrate what it looked like I've

1854  
01:17:17,840 --> 01:17:28,250  
made this but I have seen the footage so

1855  
01:17:26,930 --> 01:17:29,480  
they followed it toward this village

1856  
01:17:28,250 --> 01:17:31,729  
called saw tree that I became

1857  
01:17:29,479 --> 01:17:33,619  
unbelievably bright now it was pulsating

1858  
01:17:31,729 --> 01:17:36,019  
kept getting brighter they said they

1859  
01:17:33,619 --> 01:17:38,029  
pulled over into a nearby field entrance

1860  
01:17:36,020 --> 01:17:41,780  
which I'll show you in a minute and they

1861  
01:17:38,029 --> 01:17:43,909  
could see it moving parallel to them but

1862  
01:17:41,779 --> 01:17:46,429  
across around about four to five fields

1863  
01:17:43,909 --> 01:17:50,059  
away but their side of these pylons I

1864  
01:17:46,430 --> 01:17:52,280  
told told you about and then they said

1865  
01:17:50,060 --> 01:17:54,680  
just like in 2001 they just seemed to

1866  
01:17:52,279 --> 01:17:59,000  
blink out I said it didn't seem to go

1867  
01:17:54,680 --> 01:18:00,440

anywhere I just just went down this is

1868

01:17:59,000 --> 01:18:04,039

the gateway where they saw so to give

1869

01:18:00,439 --> 01:18:06,049

you an idea of where we're at the road

1870

01:18:04,039 --> 01:18:08,390

they first saw it was right over that

1871

01:18:06,050 --> 01:18:10,369

side those trees in the distance they're

1872

01:18:08,390 --> 01:18:12,560

not these ones in the distance it was

1873

01:18:10,369 --> 01:18:14,059

this side of those trees when they came

1874

01:18:12,560 --> 01:18:15,950

down that side road that came up here

1875

01:18:14,060 --> 01:18:17,960

through the village there another lane

1876

01:18:15,949 --> 01:18:20,239

like the one you just saw and they saw

1877

01:18:17,960 --> 01:18:24,579

it going down here and somewhere between

1878

01:18:20,239 --> 01:18:27,170

these two pylons it just blinked out and

1879

01:18:24,579 --> 01:18:29,469

they said you could still see the tops

1880

01:18:27,170 --> 01:18:32,440

of the palms silhouetted against

1881

01:18:29,469 --> 01:18:34,420

the sky was clear night and he said I

1882  
01:18:32,439 --> 01:18:40,928  
can't be short of those two pylons but I

1883  
01:18:34,420 --> 01:18:41,739  
think that was so that's the end of that

1884  
01:18:40,929 --> 01:18:44,679  
story though

1885  
01:18:41,738 --> 01:18:48,218  
this is quite an interesting one couple

1886  
01:18:44,679 --> 01:18:51,158  
of young ladies who living together have

1887  
01:18:48,219 --> 01:18:53,590  
a two-part sighting and the first one is

1888  
01:18:51,158 --> 01:18:57,969  
here at down and Mark and the second one

1889  
01:18:53,590 --> 01:19:00,389  
here at help well then a market another

1890  
01:18:57,969 --> 01:19:03,368  
small market town and on this particular

1891  
01:19:00,389 --> 01:19:05,440  
occasion at one o'clock she looked at

1892  
01:19:03,368 --> 01:19:07,988  
the clock when she got up I said one

1893  
01:19:05,439 --> 01:19:09,579  
o'clock one of them gets up to get a

1894  
01:19:07,988 --> 01:19:11,379  
glass of water and she walks through to

1895  
01:19:09,579 --> 01:19:12,939  
the kitchen which which is literally

1896  
01:19:11,380 --> 01:19:16,118  
just a few feet away she knows she

1897  
01:19:12,939 --> 01:19:17,259  
walked in the dark and almost to me that

1898  
01:19:16,118 --> 01:19:19,630  
she walked in the room this is what

1899  
01:19:17,260 --> 01:19:23,500  
happened suddenly it lit up and there

1900  
01:19:19,630 --> 01:19:25,000  
was three bright white lights now she's

1901  
01:19:23,500 --> 01:19:27,158  
seen this picture they both have because

1902  
01:19:25,000 --> 01:19:29,050  
they saw both saw this and they said it

1903  
01:19:27,158 --> 01:19:31,089  
wasn't quite like that it was a lot lot

1904  
01:19:29,050 --> 01:19:32,619  
brighter but just I'm just put this on

1905  
01:19:31,090 --> 01:19:34,659  
here to illustration with a lot a lot

1906  
01:19:32,618 --> 01:19:37,630  
brighter and the whole room was just

1907  
01:19:34,658 --> 01:19:39,039  
brilliant white so wide it almost bled

1908  
01:19:37,630 --> 01:19:40,929  
everything out she said you know it's

1909  
01:19:39,039 --> 01:19:43,569  
almost like you couldn't see any detail

1910

01:19:40,929 --> 01:19:47,699  
of anything she said they looked like

1911  
01:19:43,569 --> 01:19:50,948  
some kind of headlights on a car about

1912  
01:19:47,698 --> 01:19:53,109  
eight feet away but afterwards they said

1913  
01:19:50,948 --> 01:19:54,819  
what could have been a car because hey

1914  
01:19:53,109 --> 01:19:56,649  
there's just a parking space and then

1915  
01:19:54,819 --> 01:19:59,289  
there's fields not only that they live

1916  
01:19:56,649 --> 01:20:01,000  
on the first floor flat and then we got

1917  
01:19:59,289 --> 01:20:03,368  
talking about it and they'd been doing

1918  
01:20:01,000 --> 01:20:05,948  
their own research since and she said it

1919  
01:20:03,368 --> 01:20:07,868  
was very similar to that scene in Close

1920  
01:20:05,948 --> 01:20:09,399  
Encounters where Richard Dreyfuss is

1921  
01:20:07,868 --> 01:20:11,500  
sitting at the railway crossing and the

1922  
01:20:09,399 --> 01:20:14,649  
things behind him and goes up so it's

1923  
01:20:11,500 --> 01:20:16,539  
very similar to that but after what

1924  
01:20:14,649 --> 01:20:18,129

seemed ages but was a second or two this

1925

01:20:16,539 --> 01:20:23,050

red light came on it seemed to be

1926

01:20:18,130 --> 01:20:25,810

scanning the whole place but all this

1927

01:20:23,050 --> 01:20:28,719

happened in just in in just seconds and

1928

01:20:25,810 --> 01:20:30,219

then she tried to get a picture on her

1929

01:20:28,719 --> 01:20:31,929

phone but if I would she couldn't get

1930

01:20:30,219 --> 01:20:34,689

the thing to work my hand was shaking

1931

01:20:31,929 --> 01:20:35,739

she couldn't get a picture later that

1932

01:20:34,689 --> 01:20:37,750

same evening when

1933

01:20:35,739 --> 01:20:40,389

is messing around with it she comes the

1934

01:20:37,750 --> 01:20:45,340

conclusion of battery was just fried if

1935

01:20:40,390 --> 01:20:47,079

you recall allen's friends encounter the

1936

01:20:45,340 --> 01:20:50,310

battery was fried well perhaps us a

1937

01:20:47,079 --> 01:20:52,630

similar thing going on here who knows

1938

01:20:50,310 --> 01:20:55,120

so without warning this thing backed off

1939  
01:20:52,630 --> 01:20:57,489  
to what they estimated 40 feet away I

1940  
01:20:55,119 --> 01:20:58,840  
just slowly moved away well these two

1941  
01:20:57,489 --> 01:21:00,429  
girls look quite young they're just

1942  
01:20:58,840 --> 01:21:03,489  
teenagers really but they were freaked

1943  
01:21:00,430 --> 01:21:05,079  
out by it all and they were crying and

1944  
01:21:03,489 --> 01:21:09,969  
they're panicking and what have you

1945  
01:21:05,079 --> 01:21:11,590  
tried to recognize the whole thing and

1946  
01:21:09,970 --> 01:21:13,119  
they asked he didn't get any conclusion

1947  
01:21:11,590 --> 01:21:17,550  
that still isn't a real conclusion to it

1948  
01:21:13,119 --> 01:21:19,840  
all but but by now they were wide awake

1949  
01:21:17,550 --> 01:21:21,970  
and they soon realized that when they

1950  
01:21:19,840 --> 01:21:24,159  
looked at the clock and one of them said

1951  
01:21:21,970 --> 01:21:25,960  
it's 2 o'clock than the other one see so

1952  
01:21:24,159 --> 01:21:28,059  
she said we looked at the clock when I

1953  
01:21:25,960 --> 01:21:30,369  
got up just 3 4 minutes ago and it was

1954  
01:21:28,060 --> 01:21:32,350  
one o'clock so they say they lost an

1955  
01:21:30,369 --> 01:21:33,729  
hour of time so they made a cup of tea

1956  
01:21:32,350 --> 01:21:35,380  
there's a little bit of toast and then

1957  
01:21:33,729 --> 01:21:38,769  
realize the toaster didn't work anymore

1958  
01:21:35,380 --> 01:21:40,510  
so it ended up in the skip whether

1959  
01:21:38,770 --> 01:21:42,190  
there's any connection a lot who knows

1960  
01:21:40,510 --> 01:21:47,890  
but I've shoved at images that there may

1961  
01:21:42,189 --> 01:21:49,299  
be a connection what interest once said

1962  
01:21:47,890 --> 01:21:50,860  
to the other one should oh my goodness

1963  
01:21:49,300 --> 01:21:52,180  
look at you a red rash on your neck

1964  
01:21:50,859 --> 01:21:55,569  
and look at his shoulders there's this

1965  
01:21:52,180 --> 01:21:57,909  
big V mark on his shoulder now it was

1966  
01:21:55,569 --> 01:22:00,069  
took by the other ones phone that was

1967

01:21:57,909 --> 01:22:01,269  
still working he was in her bedroom and

1968  
01:22:00,069 --> 01:22:04,269  
they're not very good pictures but these

1969  
01:22:01,270 --> 01:22:07,120  
are this is the girl and you could GS

1970  
01:22:04,270 --> 01:22:08,890  
make out a little bit here but our black

1971  
01:22:07,119 --> 01:22:11,079  
and white didn't change the contrast you

1972  
01:22:08,890 --> 01:22:14,039  
would see a bit more there but I showed

1973  
01:22:11,079 --> 01:22:16,090  
her I showed them both of the picture of

1974  
01:22:14,039 --> 01:22:18,250  
Ross Reynolds the one I showed you

1975  
01:22:16,090 --> 01:22:19,930  
earlier I showed him that picture and

1976  
01:22:18,250 --> 01:22:21,250  
the girl said that's exactly what it

1977  
01:22:19,930 --> 01:22:24,659  
looked like but it was further up her

1978  
01:22:21,250 --> 01:22:26,979  
neck and you can just make it out there

1979  
01:22:24,659 --> 01:22:29,019  
so while she's taking this photo she's

1980  
01:22:26,979 --> 01:22:29,559  
bending over well this one's bending

1981  
01:22:29,020 --> 01:22:31,120

over

1982

01:22:29,560 --> 01:22:34,060

she said my goodness sit at your feet

1983

01:22:31,119 --> 01:22:35,590

and when she looked down her feet were

1984

01:22:34,060 --> 01:22:37,090

there just got up out of bed her feet

1985

01:22:35,590 --> 01:22:38,860

were filthy dirty like she just walks

1986

01:22:37,090 --> 01:22:40,900

through a muddy field and there was

1987

01:22:38,859 --> 01:22:43,689

blood on both feet and they took a

1988

01:22:40,899 --> 01:22:47,198

picture of that as well

1989

01:22:43,689 --> 01:22:48,669

that's the picture thing so mother for a

1990

01:22:47,198 --> 01:22:51,309

feat though she's been walking outside

1991

01:22:48,670 --> 01:22:53,909

in the mud and there's blood and her

1992

01:22:51,310 --> 01:22:58,120

other foot got blood around here as well

1993

01:22:53,909 --> 01:22:59,409

I had to ask a question there there's no

1994

01:22:58,119 --> 01:23:01,890

chance that this could have been a

1995

01:22:59,409 --> 01:23:08,710

womanly thing going on here does it no

1996  
01:23:01,890 --> 01:23:10,480  
so it wasn't that this freaked them out

1997  
01:23:08,710 --> 01:23:12,250  
a lot and that's like night times they

1998  
01:23:10,479 --> 01:23:14,019  
couldn't sleep but they have more sorts

1999  
01:23:12,250 --> 01:23:16,180  
of problems so they asked the council to

2000  
01:23:14,020 --> 01:23:17,949  
move them then we've just moved into a

2001  
01:23:16,180 --> 01:23:19,869  
village about five or six eight miles

2002  
01:23:17,948 --> 01:23:22,869  
away something like that called out well

2003  
01:23:19,869 --> 01:23:24,099  
funnily enough it's the village where if

2004  
01:23:22,869 --> 01:23:26,229  
you looked at solving bungalow where I

2005  
01:23:24,100 --> 01:23:29,710  
lived it was about 20 miles away that's

2006  
01:23:26,229 --> 01:23:31,779  
where they live um however things didn't

2007  
01:23:29,710 --> 01:23:34,000  
stop they've seen UFOs on several

2008  
01:23:31,779 --> 01:23:36,369  
occasions I will show you a bit of

2009  
01:23:34,000 --> 01:23:39,698  
footage in a minute but they haven't

2010  
01:23:36,369 --> 01:23:41,109  
seen the solid lights that they saw on

2011  
01:23:39,698 --> 01:23:43,869  
that particular night anymore but

2012  
01:23:41,109 --> 01:23:45,460  
they've seen other lights in the sky and

2013  
01:23:43,869 --> 01:23:46,750  
sometimes they see this and it's usually

2014  
01:23:45,460 --> 01:23:48,850  
in the middle of the night after

2015  
01:23:46,750 --> 01:23:51,219  
midnight and then sometimes seen

2016  
01:23:48,850 --> 01:23:54,579  
shooting straight up in the sky in an

2017  
01:23:51,219 --> 01:23:58,630  
instant that's how they described it now

2018  
01:23:54,579 --> 01:24:01,300  
a little bit of footage here I'm gonna

2019  
01:23:58,630 --> 01:24:03,600  
play I'm tell you know I when I saw it I

2020  
01:24:01,300 --> 01:24:05,920  
thought this is just a hot air balloon

2021  
01:24:03,600 --> 01:24:08,980  
because believe it or not although it I

2022  
01:24:05,920 --> 01:24:11,319  
do believe something's going on I know

2023  
01:24:08,979 --> 01:24:13,209  
something's going on but I am quite

2024

01:24:11,319 --> 01:24:15,579  
skeptical when I when I investigate

2025  
01:24:13,210 --> 01:24:17,590  
these cases try to eliminate everything

2026  
01:24:15,579 --> 01:24:19,300  
I could possibly think of and they

2027  
01:24:17,590 --> 01:24:21,699  
filmed this and I thought that's a hot

2028  
01:24:19,300 --> 01:24:24,159  
air balloon they assure me that that's

2029  
01:24:21,698 --> 01:24:25,750  
the object they see on a regular basis

2030  
01:24:24,159 --> 01:24:27,729  
sometimes in the day but usually at

2031  
01:24:25,750 --> 01:24:29,710  
night and this is the same object that

2032  
01:24:27,729 --> 01:24:31,689  
shoots up in the sky and I was quite

2033  
01:24:29,710 --> 01:24:34,180  
skeptical until I had a chat with their

2034  
01:24:31,689 --> 01:24:36,729  
neighbors to see if they'd seen anything

2035  
01:24:34,180 --> 01:24:39,070  
and they said yeah we've had a barbecue

2036  
01:24:36,729 --> 01:24:41,259  
here one night and it was late was dark

2037  
01:24:39,069 --> 01:24:43,569  
and there was 12 of us stood and watched

2038  
01:24:41,260 --> 01:24:46,360

this thing come along exactly like that

2039

01:24:43,569 --> 01:24:49,149

it was illuminated but sharp in the sky

2040

01:24:46,359 --> 01:24:50,799

so take out this what you feel but it

2041

01:24:49,149 --> 01:24:53,829

looked I know you won't see a very close

2042

01:24:50,800 --> 01:24:56,079

here but this looks very much to me like

2043

01:24:53,829 --> 01:24:58,750

a hot air balloon this has taken over

2044

01:24:56,079 --> 01:25:00,488

the kitchen window this is definitely a

2045

01:24:58,750 --> 01:25:02,439

bus

2046

01:25:00,488 --> 01:25:04,509

it doesn't appear to move at all and it

2047

01:25:02,439 --> 01:25:06,309

didn't show up in the sky maybe they

2048

01:25:04,510 --> 01:25:07,900

just seemed to stand there for ages it

2049

01:25:06,310 --> 01:25:09,789

didn't get any bigger it got those small

2050

01:25:07,899 --> 01:25:12,849

and there's about 10 minutes worth of

2051

01:25:09,789 --> 01:25:14,649

video and obviously it ain't putting on

2052

01:25:12,850 --> 01:25:15,969

this nothing else happens but they

2053  
01:25:14,649 --> 01:25:17,769  
assure me that's what goes up in the sky

2054  
01:25:15,969 --> 01:25:21,640  
and the neighbors have said that scenic

2055  
01:25:17,770 --> 01:25:23,440  
open sky all be night times and that's

2056  
01:25:21,640 --> 01:25:25,840  
pretty much the end of that that's seen

2057  
01:25:23,439 --> 01:25:28,379  
some strange apparitions and things like

2058  
01:25:25,840 --> 01:25:32,590  
that which I won't go into not now but

2059  
01:25:28,380 --> 01:25:36,400  
there's certainly a trouble to couple I

2060  
01:25:32,590 --> 01:25:39,489  
will just put it like that we're gonna

2061  
01:25:36,399 --> 01:25:41,039  
go down the m11 now to standards and

2062  
01:25:39,488 --> 01:25:45,819  
this is quite an interesting

2063  
01:25:41,039 --> 01:25:47,409  
sighting with another regression and in

2064  
01:25:45,819 --> 01:25:49,599  
case you're not aware of where Stansted

2065  
01:25:47,409 --> 01:25:52,389  
is I mean this Cambridge I live just

2066  
01:25:49,600 --> 01:25:54,190  
about there London's down here something

2067  
01:25:52,390 --> 01:25:55,510  
what we spoke about earlier them here so

2068  
01:25:54,189 --> 01:25:56,859  
this is the only level going down here

2069  
01:25:55,510 --> 01:26:02,020  
and standards and the airport is just

2070  
01:25:56,859 --> 01:26:03,399  
there a close up map for you this

2071  
01:26:02,020 --> 01:26:07,840  
particular incident that happened

2072  
01:26:03,399 --> 01:26:11,250  
November 2014 it was around about 7:30

2073  
01:26:07,840 --> 01:26:14,920  
and this woman who is now a group member

2074  
01:26:11,250 --> 01:26:16,810  
had her two children with her when child

2075  
01:26:14,920 --> 01:26:19,329  
I think was able ten years old

2076  
01:26:16,810 --> 01:26:22,960  
perhaps I on here I can't recall and the

2077  
01:26:19,329 --> 01:26:24,880  
other woman who was about 14 15 and and

2078  
01:26:22,960 --> 01:26:27,159  
they was with her she picked one of them

2079  
01:26:24,880 --> 01:26:29,949  
up from a mathematics or something

2080  
01:26:27,159 --> 01:26:32,349  
they'd come down this road here now this

2081

01:26:29,948 --> 01:26:34,359  
is the m11 London's down here Cambridge

2082  
01:26:32,350 --> 01:26:37,030  
up there and there's a big service area

2083  
01:26:34,359 --> 01:26:39,609  
it's quite a massive service area over

2084  
01:26:37,029 --> 01:26:41,829  
here is the carpark areas to the airport

2085  
01:26:39,609 --> 01:26:44,019  
in the airports over here this is the

2086  
01:26:41,829 --> 01:26:46,600  
flight line where you often see jets

2087  
01:26:44,020 --> 01:26:48,520  
coming in to land across this road here

2088  
01:26:46,600 --> 01:26:49,840  
it's I don't know if it's the only way

2089  
01:26:48,520 --> 01:26:53,800  
they land but there's certainly a lot

2090  
01:26:49,840 --> 01:26:55,390  
travelled along there and this lady is

2091  
01:26:53,800 --> 01:26:56,380  
well away she only lives about five

2092  
01:26:55,390 --> 01:26:58,420  
miles from here

2093  
01:26:56,380 --> 01:27:01,359  
so she's well aware of what the airplane

2094  
01:26:58,420 --> 01:27:02,770  
look like that fly across the road on

2095  
01:27:01,359 --> 01:27:04,839

this night she was traveling around the

2096

01:27:02,770 --> 01:27:06,490

roundabouts on this huge roundabout

2097

01:27:04,840 --> 01:27:09,279

round here and going down the slip road

2098

01:27:06,489 --> 01:27:11,109

to enter the m11 now about here there

2099

01:27:09,279 --> 01:27:12,969

was a boggy area it's growing it's

2100

01:27:11,109 --> 01:27:14,619

called growing up now and even when the

2101

01:27:12,970 --> 01:27:17,940

next photographs were taken it's more

2102

01:27:14,619 --> 01:27:20,829

grown up than it was at the time but

2103

01:27:17,939 --> 01:27:22,299

with her two children she traveled run

2104

01:27:20,829 --> 01:27:24,100

around while going down the slip road

2105

01:27:22,300 --> 01:27:28,570

and here's a picture of the slip road

2106

01:27:24,100 --> 01:27:29,920

going down and she looked to the left

2107

01:27:28,569 --> 01:27:32,349

because there's something caught her eye

2108

01:27:29,920 --> 01:27:34,930

and she said what god what's that and

2109

01:27:32,350 --> 01:27:36,160

the two kids looked over the oldest one

2110  
01:27:34,930 --> 01:27:38,289  
freaked out a little bit but the

2111  
01:27:36,159 --> 01:27:41,970  
youngest one said oh don't worry just a

2112  
01:27:38,289 --> 01:27:46,449  
UFO as if you see these things every day

2113  
01:27:41,970 --> 01:27:51,039  
it was motionless it hovered here and it

2114  
01:27:46,449 --> 01:27:52,239  
was a dark matte gunmetal color and this

2115  
01:27:51,039 --> 01:27:54,430  
is pretty much what the shape looked

2116  
01:27:52,239 --> 01:27:55,809  
like we're gonna get an artist's could

2117  
01:27:54,430 --> 01:27:57,579  
get a better rendition of what it looked

2118  
01:27:55,810 --> 01:27:58,539  
like fairly soon but this is the best

2119  
01:27:57,579 --> 01:28:01,149  
we've got at the moment

2120  
01:27:58,539 --> 01:28:03,489  
all three drew pictures separately from

2121  
01:28:01,149 --> 01:28:05,469  
one another and they all drew the exact

2122  
01:28:03,489 --> 01:28:06,880  
same shape and I've talked to them all

2123  
01:28:05,470 --> 01:28:10,449  
and they all gave the same story

2124  
01:28:06,880 --> 01:28:12,069  
separately from one another the mother

2125  
01:28:10,449 --> 01:28:14,229  
has been regressed but the children

2126  
01:28:12,069 --> 01:28:16,899  
haven't yet she's not told them the

2127  
01:28:14,229 --> 01:28:20,289  
story what she found out on her

2128  
01:28:16,899 --> 01:28:22,839  
regression and when they're ready Jesus

2129  
01:28:20,289 --> 01:28:24,789  
she said - when you're ready we'll have

2130  
01:28:22,840 --> 01:28:25,989  
some regression done here but only when

2131  
01:28:24,789 --> 01:28:28,319  
they're ready is at the moment they're

2132  
01:28:25,989 --> 01:28:30,849  
both still a bit freaked out a little

2133  
01:28:28,319 --> 01:28:32,710  
they all said it was around about the

2134  
01:28:30,850 --> 01:28:35,380  
size of two to three tennis courts

2135  
01:28:32,710 --> 01:28:38,199  
inside in size they don't report any

2136  
01:28:35,380 --> 01:28:40,390  
sound whatsoever and they when described

2137  
01:28:38,199 --> 01:28:42,819  
as dark shaped and the other one

2138

01:28:40,390 --> 01:28:44,829  
described as a Chinese throwing dye if

2139  
01:28:42,819 --> 01:28:46,750  
that means anything to you so and

2140  
01:28:44,829 --> 01:28:48,909  
looking at it from the side they said

2141  
01:28:46,750 --> 01:28:50,409  
that had a boat like belly to the bottom

2142  
01:28:48,909 --> 01:28:53,649  
of it and there was a light in each

2143  
01:28:50,409 --> 01:28:56,170  
corner coming down and the light going

2144  
01:28:53,649 --> 01:28:57,849  
through the middle strangely enough I've

2145  
01:28:56,170 --> 01:29:00,210  
seen this shape elsewhere and I've got a

2146  
01:28:57,850 --> 01:29:02,500  
picture off the internet whether it's

2147  
01:29:00,210 --> 01:29:04,590  
with us sort of made up each one I don't

2148  
01:29:02,500 --> 01:29:06,300  
know but it's almost identical to this

2149  
01:29:04,590 --> 01:29:12,390  
other than the cutaways which were quite

2150  
01:29:06,300 --> 01:29:13,920  
interesting we didn't back down this is

2151  
01:29:12,390 --> 01:29:15,539  
the picture I found on the Internet

2152  
01:29:13,920 --> 01:29:17,850

and I've shown them they said that's

2153

01:29:15,539 --> 01:29:20,489

just the shape they saw other than

2154

01:29:17,850 --> 01:29:23,970

theirs had a cutaway and that light

2155

01:29:20,489 --> 01:29:26,909

wasn't great so it was brie white light

2156

01:29:23,970 --> 01:29:28,920

at the corners and an electric blue

2157

01:29:26,909 --> 01:29:31,289

swirling like in the middle and the

2158

01:29:28,920 --> 01:29:32,789

swirling lights they described as

2159

01:29:31,289 --> 01:29:34,680

looking at the looking like those

2160

01:29:32,789 --> 01:29:36,689

lampshades which is what this is indeed

2161

01:29:34,680 --> 01:29:38,670

but instead of being static she said it

2162

01:29:36,689 --> 01:29:41,460

was almost as though it's like a net

2163

01:29:38,670 --> 01:29:43,980

spinning round and that's how they

2164

01:29:41,460 --> 01:29:48,170

described what the all the lights look

2165

01:29:43,979 --> 01:29:50,219

like so got the hypnotic regression and

2166

01:29:48,170 --> 01:29:52,619

it'll be interesting if you can remember

2167  
01:29:50,220 --> 01:29:54,240  
what the other regression was like bear

2168  
01:29:52,619 --> 01:29:56,729  
in mind neither of these two people had

2169  
01:29:54,239 --> 01:29:58,260  
any interest in UFOs whatsoever this

2170  
01:29:56,729 --> 01:29:59,669  
lady spends a lot of time on her kids

2171  
01:29:58,260 --> 01:30:01,199  
and she's got no time to look into this

2172  
01:29:59,670 --> 01:30:03,480  
stuff but she does now which he didn't

2173  
01:30:01,199 --> 01:30:05,789  
then and their stories are almost

2174  
01:30:03,479 --> 01:30:08,250  
identical the first one they were

2175  
01:30:05,789 --> 01:30:11,279  
looking they were she said they were

2176  
01:30:08,250 --> 01:30:13,289  
harvesting eggs this time it's the

2177  
01:30:11,279 --> 01:30:16,170  
conclusion is slightly different but

2178  
01:30:13,289 --> 01:30:34,949  
almost everything else is identical once

2179  
01:30:16,170 --> 01:30:39,029  
again I'm sorry but I'm just I'm going

2180  
01:30:34,949 --> 01:30:49,739  
upwards how are you going upwards like a

2181  
01:30:39,029 --> 01:30:53,639  
flu deflating I just didn't I oh yeah

2182  
01:30:49,739 --> 01:30:57,479  
okay see the car you can see the car

2183  
01:30:53,640 --> 01:31:01,440  
below me yeah okay and how did you move

2184  
01:30:57,479 --> 01:31:04,559  
through the car just really work oh just

2185  
01:31:01,439 --> 01:31:07,369  
went up how do you feel in this moment I

2186  
01:31:04,560 --> 01:31:07,370  
feel fine

2187  
01:31:07,689 --> 01:31:14,988  
space standing now where are you

2188  
01:31:11,029 --> 01:31:16,880  
standing likes to slap thing lay down

2189  
01:31:14,988 --> 01:31:19,399  
okay

2190  
01:31:16,880 --> 01:31:21,109  
did they ask you to lay down yeah okay

2191  
01:31:19,399 --> 01:31:23,868  
but do you understand them

2192  
01:31:21,109 --> 01:31:24,609  
yeah and how do they communicate with

2193  
01:31:23,868 --> 01:31:27,738  
you

2194  
01:31:24,609 --> 01:31:28,158  
in your head then how do they look to

2195

01:31:27,738 --> 01:31:32,149  
you

2196  
01:31:28,158 --> 01:31:34,250  
your butt is a big head is there

2197  
01:31:32,149 --> 01:31:36,170  
anything now that you notice about them

2198  
01:31:34,250 --> 01:31:38,270  
that you haven't noticed before

2199  
01:31:36,170 --> 01:31:42,590  
no fingers you know how many fingers

2200  
01:31:38,270 --> 01:31:46,520  
they've got three what did that fingers

2201  
01:31:42,590 --> 01:31:49,099  
look like it's very long with apple

2202  
01:31:46,520 --> 01:31:53,480  
sauce on the end and what does the slab

2203  
01:31:49,099 --> 01:31:54,409  
looks like silvery gray shiny shiny do

2204  
01:31:53,479 --> 01:31:58,339  
you know what it's made of

2205  
01:31:54,408 --> 01:32:01,368  
it's like metal it looks like it should

2206  
01:31:58,340 --> 01:32:03,739  
be cold but I sort of feel okay do you

2207  
01:32:01,368 --> 01:32:07,339  
are you wearing your clothes still yeah

2208  
01:32:03,738 --> 01:32:11,238  
and you're the girls still in the same

2209  
01:32:07,340 --> 01:32:13,849

room yeah change there is that another

2210

01:32:11,238 --> 01:32:17,598

one of your Dorota yeah she's broken

2211

01:32:13,849 --> 01:32:20,270

she's walking yeah she was she in the

2212

01:32:17,599 --> 01:32:22,460

car with you she wasn't in the car with

2213

01:32:20,270 --> 01:32:25,040

did you know why she's there then

2214

01:32:22,460 --> 01:32:28,520

somehow she got there it was just

2215

01:32:25,039 --> 01:32:33,800

standing with them sisters and and she

2216

01:32:28,520 --> 01:32:36,860

has a small piano a small being with her

2217

01:32:33,800 --> 01:32:38,869

like the ones that you do the same so

2218

01:32:36,859 --> 01:32:40,670

she's got a small being with her um how

2219

01:32:38,868 --> 01:32:42,769

does she appear to shoot here scared or

2220

01:32:40,670 --> 01:32:45,699

just she parent yeah

2221

01:32:42,770 --> 01:32:49,579

do you talk to each other at all she's

2222

01:32:45,698 --> 01:32:50,569

just she's just trying to tell me

2223

01:32:49,578 --> 01:32:55,448

something

2224  
01:32:50,569 --> 01:33:00,408  
I'm moving I won't go in you got mean no

2225  
01:32:55,448 --> 01:33:01,488  
thanks supposed to be some of the beings

2226  
01:33:00,408 --> 01:33:05,420  
are going to the hinge

2227  
01:33:01,488 --> 01:33:06,468  
you said Jaden with Jose were getting

2228  
01:33:05,420 --> 01:33:09,590  
off the beds

2229  
01:33:06,469 --> 01:33:12,828  
stop things she was taking us still the

2230  
01:33:09,590 --> 01:33:14,840  
way she's taking her sisters away hmm

2231  
01:33:12,828 --> 01:33:18,948  
to a different path yeah

2232  
01:33:14,840 --> 01:33:21,920  
okay obviously there's a lot more to

2233  
01:33:18,948 --> 01:33:25,219  
that but some in I realized we've just

2234  
01:33:21,920 --> 01:33:27,230  
got one night here tonight did you find

2235  
01:33:25,219 --> 01:33:29,210  
most of those elements that she was

2236  
01:33:27,229 --> 01:33:32,448  
talking about we're almost identical to

2237  
01:33:29,210 --> 01:33:37,158  
to what when was talking about earlier

2238  
01:33:32,448 --> 01:33:39,198  
I played part of this and related to

2239  
01:33:37,158 --> 01:33:41,000  
Suzy Hanson once again for those who

2240  
01:33:39,198 --> 01:33:42,919  
know of her book with all soul

2241  
01:33:41,000 --> 01:33:45,590  
connection and all their experiences in

2242  
01:33:42,920 --> 01:33:51,020  
what have you and she says I feel sure

2243  
01:33:45,590 --> 01:33:51,619  
that the image of this woman's oldest

2244  
01:33:51,020 --> 01:33:56,630  
daughter

2245  
01:33:51,618 --> 01:33:58,698  
there in the distance yeah is a screen

2246  
01:33:56,630 --> 01:34:01,310  
memory it's it's it's either one of them

2247  
01:33:58,698 --> 01:34:03,379  
that's made to look like her daughter or

2248  
01:34:01,310 --> 01:34:05,900  
it's just a memory that they're put in

2249  
01:34:03,380 --> 01:34:08,270  
her head to have her relaxed and she

2250  
01:34:05,899 --> 01:34:10,908  
said I've seen this an actual fact it's

2251  
01:34:08,270 --> 01:34:13,429  
quoted in her book that very often maybe

2252

01:34:10,908 --> 01:34:15,618  
when you go up this small grace take you

2253  
01:34:13,429 --> 01:34:18,739  
off and you go for lessons and tutorials

2254  
01:34:15,618 --> 01:34:20,809  
and all sorts of stuff and she said I'm

2255  
01:34:18,738 --> 01:34:22,819  
sure you said what you've just said is

2256  
01:34:20,810 --> 01:34:24,349  
identical wife and she said I've got it

2257  
01:34:22,819 --> 01:34:26,689  
in the book she said you can read it and

2258  
01:34:24,349 --> 01:34:29,210  
I have done and it isn't the book so it

2259  
01:34:26,689 --> 01:34:29,359  
when that was that I mean the case or

2260  
01:34:29,210 --> 01:34:31,310  
not

2261  
01:34:29,359 --> 01:34:33,079  
I don't know she the only real

2262  
01:34:31,310 --> 01:34:36,110  
difference was she was told she keep her

2263  
01:34:33,079 --> 01:34:39,469  
clothes on and where's the other one she

2264  
01:34:36,109 --> 01:34:41,089  
was she hadn't and and the only thing

2265  
01:34:39,469 --> 01:34:43,039  
that's not accurate on very accurate on

2266  
01:34:41,090 --> 01:34:45,139

here is the slab that she was laying on

2267

01:34:43,039 --> 01:34:47,090

although the top looks very similar she

2268

01:34:45,139 --> 01:34:49,250

said it was almost like it was solid all

2269

01:34:47,090 --> 01:34:50,480

the way down to the floor but I couldn't

2270

01:34:49,250 --> 01:34:54,469

find one of those pictures on the

2271

01:34:50,479 --> 01:34:57,408

internet on the freighter anyway that

2272

01:34:54,469 --> 01:34:59,480

was the end of the story although in Q&A

2273

01:34:57,408 --> 01:35:00,979

I've got an awful amount I can tell you

2274

01:34:59,479 --> 01:35:02,689

about the family there's a lot of weird

2275

01:35:00,979 --> 01:35:04,848

things been going on but I won't go on

2276

01:35:02,689 --> 01:35:06,649

about it now but a lot of weird stuff

2277

01:35:04,849 --> 01:35:09,230

which relates to what you've just seen

2278

01:35:06,649 --> 01:35:12,319

as well this next one's a real shorty

2279

01:35:09,229 --> 01:35:13,129

for you and he's a group member I became

2280

01:35:12,319 --> 01:35:15,500

a group member

2281  
01:35:13,130 --> 01:35:18,349  
after this sighting and it wasn't until

2282  
01:35:15,500 --> 01:35:19,880  
he was relaying the story when his wife

2283  
01:35:18,349 --> 01:35:21,920  
said well I've seen strange things and

2284  
01:35:19,880 --> 01:35:23,630  
she taught me about stories when she was

2285  
01:35:21,920 --> 01:35:26,090  
8 years old with a parent

2286  
01:35:23,630 --> 01:35:27,770  
I've seeing a UFO chasing the car which

2287  
01:35:26,090 --> 01:35:30,020  
I won't be going into tonight but just

2288  
01:35:27,770 --> 01:35:31,690  
to give you a bit of an idea and the

2289  
01:35:30,020 --> 01:35:34,280  
reason I put this in it's so close to

2290  
01:35:31,689 --> 01:35:36,259  
some very famous places I mean here is

2291  
01:35:34,279 --> 01:35:38,239  
Rendlesham forest you've got the old

2292  
01:35:36,260 --> 01:35:40,250  
brain stone which I put on another

2293  
01:35:38,239 --> 01:35:41,510  
presentation which happened just before

2294  
01:35:40,250 --> 01:35:44,930  
the first world war

2295  
01:35:41,510 --> 01:35:47,090  
you have lots of instances of green and

2296  
01:35:44,930 --> 01:35:49,430  
red lights under the water some up and

2297  
01:35:47,090 --> 01:35:51,199  
coming out of the water I did a talk in

2298  
01:35:49,430 --> 01:35:52,550  
a prison just down here a category a

2299  
01:35:51,199 --> 01:35:56,210  
prison which is just about there

2300  
01:35:52,550 --> 01:35:58,550  
somewhere and many of the guards and the

2301  
01:35:56,210 --> 01:35:59,810  
then accordion mates now can't think

2302  
01:35:58,550 --> 01:36:03,050  
what they called them but something more

2303  
01:35:59,810 --> 01:36:04,360  
user-friendly I've seen these things

2304  
01:36:03,050 --> 01:36:12,730  
coming out of the water

2305  
01:36:04,359 --> 01:36:12,729  
also for those are aware of tourists

2306  
01:36:18,130 --> 01:36:22,310  
visit there's an American fighter pilot

2307  
01:36:20,989 --> 01:36:25,099  
our members tourists milk mountain

2308  
01:36:22,310 --> 01:36:27,050  
tourists came along here and he was sent

2309

01:36:25,100 --> 01:36:30,370  
to vector in along with another guide to

2310  
01:36:27,050 --> 01:36:32,840  
intercept this huge UFO he locked on and

2311  
01:36:30,369 --> 01:36:34,399  
nothing happened and it was one radar

2312  
01:36:32,840 --> 01:36:37,190  
and everything and they've been sent

2313  
01:36:34,399 --> 01:36:38,809  
from the US a US base but it would've

2314  
01:36:37,189 --> 01:36:41,119  
been authorized by the UK authorities

2315  
01:36:38,810 --> 01:36:43,460  
that will happen just off this coast as

2316  
01:36:41,119 --> 01:36:44,930  
well loads of stuffing going on here and

2317  
01:36:43,460 --> 01:36:48,250  
that's why I'm putting this in although

2318  
01:36:44,930 --> 01:36:51,320  
the story here in itself isn't that

2319  
01:36:48,250 --> 01:36:53,109  
dynamic he but this is his house

2320  
01:36:51,319 --> 01:36:55,699  
I want this is his address to be kept

2321  
01:36:53,109 --> 01:36:57,439  
quiet which is not a problem it was

2322  
01:36:55,699 --> 01:37:00,529  
about 8:30 at night he knows the date

2323  
01:36:57,439 --> 01:37:03,199

because his wife and two children that

2324

01:37:00,529 --> 01:37:05,630

gone out trick-or-treating and he was at

2325

01:37:03,199 --> 01:37:07,039

home on his own and he decided to have a

2326

01:37:05,630 --> 01:37:09,380

cigarette he wasn't allowed to smoke in

2327

01:37:07,039 --> 01:37:10,579

the house so he went to the back door

2328

01:37:09,380 --> 01:37:13,670

which is just the other side of that

2329

01:37:10,579 --> 01:37:15,439

gate there if you can see it and he was

2330

01:37:13,670 --> 01:37:19,130

smoking he just happened to look up in

2331

01:37:15,439 --> 01:37:20,929

this starlit sky this is not the starlit

2332

01:37:19,130 --> 01:37:22,730

sky actually put that in myself to just

2333

01:37:20,930 --> 01:37:26,539

give you an idea what it looked like and

2334

01:37:22,729 --> 01:37:28,069

what came gliding he called it oh they

2335

01:37:26,539 --> 01:37:30,050

called flying for a start but then he

2336

01:37:28,069 --> 01:37:30,868

changed he said it wasn't really flying

2337

01:37:30,050 --> 01:37:33,179

like an airplane

2338  
01:37:30,868 --> 01:37:35,458  
it was very slowly and almost colliding

2339  
01:37:33,179 --> 01:37:38,099  
he originally called it a triangle shape

2340  
01:37:35,458 --> 01:37:40,229  
but when I nailed him on a bit more it

2341  
01:37:38,099 --> 01:37:42,119  
was more like a triangle boomerang type

2342  
01:37:40,229 --> 01:37:44,249  
shape and I found some shapes off the

2343  
01:37:42,118 --> 01:37:47,158  
internet sent them to him my cell or any

2344  
01:37:44,248 --> 01:37:51,840  
of these and this is pretty much what he

2345  
01:37:47,158 --> 01:37:53,609  
said he saw he said he assumed it was

2346  
01:37:51,840 --> 01:37:55,949  
about the size of a passenger jet but

2347  
01:37:53,609 --> 01:37:58,529  
moved with an almost gliding appearance

2348  
01:37:55,948 --> 01:38:01,228  
she said it was silent five red lights

2349  
01:37:58,529 --> 01:38:04,349  
just as you can see here it was dark in

2350  
01:38:01,229 --> 01:38:07,019  
color dark gray or possibly black and it

2351  
01:38:04,349 --> 01:38:09,119  
travelled the way the apex was facing so

2352  
01:38:07,019 --> 01:38:10,590  
when I first saw her this is pretty much

2353  
01:38:09,118 --> 01:38:13,319  
what it's all just here and it just

2354  
01:38:10,590 --> 01:38:16,168  
glided over and went toward he said if

2355  
01:38:13,319 --> 01:38:18,058  
it kept going on that direction because

2356  
01:38:16,168 --> 01:38:20,609  
I showed him a map we've got to come to

2357  
01:38:18,059 --> 01:38:22,229  
South various other bits and bobs and it

2358  
01:38:20,609 --> 01:38:24,448  
would have flown right over Rendlesham

2359  
01:38:22,229 --> 01:38:26,340  
forest whether there's any connection

2360  
01:38:24,448 --> 01:38:29,308  
probably not but but it would have gone

2361  
01:38:26,340 --> 01:38:30,779  
over Rendlesham forest and out to sea he

2362  
01:38:29,309 --> 01:38:32,159  
said where he said I see lots of

2363  
01:38:30,779 --> 01:38:33,929  
aircraft here because I think they've

2364  
01:38:32,158 --> 01:38:35,308  
got helicopters just down the road and

2365  
01:38:33,929 --> 01:38:39,628  
there's other planes Grove I said but

2366

01:38:35,309 --> 01:38:42,449  
I've never seen anything like that the

2367  
01:38:39,628 --> 01:38:45,179  
whole thing any lasted 25 to 35 seconds

2368  
01:38:42,448 --> 01:38:47,128  
until it went off in the distance but in

2369  
01:38:45,179 --> 01:38:48,868  
the morning his wife noticed on his back

2370  
01:38:47,128 --> 01:38:50,698  
he got some strange marks and they'd

2371  
01:38:48,868 --> 01:38:53,339  
also customers at the same strange marks

2372  
01:38:50,698 --> 01:38:55,438  
on his arm and this is a photograph she

2373  
01:38:53,340 --> 01:38:56,878  
she took at the time here again whether

2374  
01:38:55,439 --> 01:38:59,039  
there's any relevance to or not

2375  
01:38:56,878 --> 01:39:04,319  
I don't know and this is the photograph

2376  
01:38:59,038 --> 01:39:06,389  
she took moving onto a double another

2377  
01:39:04,319 --> 01:39:08,788  
double of then this time it's a

2378  
01:39:06,389 --> 01:39:11,550  
Willingham just here there's another orb

2379  
01:39:08,788 --> 01:39:13,948  
event and where the parachute sighting

2380  
01:39:11,550 --> 01:39:15,899

was was just there early in the first

2381

01:39:13,948 --> 01:39:18,768

presentation and then between this

2382

01:39:15,899 --> 01:39:20,939

sighting and that there that's rare than

2383

01:39:18,769 --> 01:39:23,039

parachutes you silly sources right next

2384

01:39:20,939 --> 01:39:25,439

to that airbase what was and the second

2385

01:39:23,038 --> 01:39:27,029

ones down at Duxford again the exact

2386

01:39:25,439 --> 01:39:30,570

same spot where we we spoke about

2387

01:39:27,029 --> 01:39:33,179

earlier and a lot of these are near air

2388

01:39:30,569 --> 01:39:34,828

bases but then again you travel five

2389

01:39:33,179 --> 01:39:35,079

miles in any direction in these dangoon

2390

01:39:34,828 --> 01:39:37,889

you

2391

01:39:35,079 --> 01:39:39,760

there by service it's hardly surprising

2392

01:39:37,890 --> 01:39:43,510

he went outside to have a cigarette

2393

01:39:39,760 --> 01:39:48,310

whoops it's the wrong guy just had to be

2394

01:39:43,510 --> 01:39:50,560

done didn't he yeah yeah so very is his

2395  
01:39:48,310 --> 01:39:52,930  
ass outside having a cigarette and he

2396  
01:39:50,560 --> 01:39:54,730  
looks around about 30 degrees up he puts

2397  
01:39:52,930 --> 01:39:57,250  
and he saw a group of very bright lights

2398  
01:39:54,729 --> 01:40:00,519  
in a triangle shape it was still dark

2399  
01:39:57,250 --> 01:40:02,109  
and he said that's where it starts to

2400  
01:40:00,520 --> 01:40:04,180  
get interesting he said it's almost like

2401  
01:40:02,109 --> 01:40:05,589  
they started dancing he said they was

2402  
01:40:04,180 --> 01:40:07,650  
going round one another

2403  
01:40:05,590 --> 01:40:10,150  
I've asked him to describe the things

2404  
01:40:07,649 --> 01:40:13,299  
this is basically he was actually

2405  
01:40:10,149 --> 01:40:16,569  
standing just the other side of this

2406  
01:40:13,300 --> 01:40:17,770  
bush I wanted to go and photograph in

2407  
01:40:16,569 --> 01:40:19,899  
there but when I went there there was a

2408  
01:40:17,770 --> 01:40:21,580  
big ugly dog there and he weren't liking

2409  
01:40:19,899 --> 01:40:23,710  
me very much so I took the photograph

2410  
01:40:21,579 --> 01:40:27,670  
from the road but this is pretty much

2411  
01:40:23,710 --> 01:40:28,779  
what he saw and he said it was huge in

2412  
01:40:27,670 --> 01:40:30,760  
front of him he said they looked just

2413  
01:40:28,779 --> 01:40:33,369  
like oranges he said but a little bit

2414  
01:40:30,760 --> 01:40:35,560  
brighter than orange and also a little

2415  
01:40:33,369 --> 01:40:38,109  
bit more red than an orange he said but

2416  
01:40:35,560 --> 01:40:39,880  
some he said and it had a texture of an

2417  
01:40:38,109 --> 01:40:41,619  
orange he says he said and although it

2418  
01:40:39,880 --> 01:40:42,819  
was quite clear and crisp he said the

2419  
01:40:41,619 --> 01:40:44,050  
outside looked a little bit fuzzy

2420  
01:40:42,819 --> 01:40:45,189  
another where we heard this before

2421  
01:40:44,050 --> 01:40:47,560  
several times

2422  
01:40:45,189 --> 01:40:53,259  
anyway it was a triangle shape and he

2423

01:40:47,560 --> 01:40:55,930  
was just nervous he said a second off

2424  
01:40:53,260 --> 01:40:59,199  
him he said they were much bigger than

2425  
01:40:55,930 --> 01:41:03,490  
the stars in the sky at the time he said

2426  
01:40:59,199 --> 01:41:06,010  
they ended up they made a horizontal

2427  
01:41:03,489 --> 01:41:08,260  
line there was no sound and he said he

2428  
01:41:06,010 --> 01:41:11,530  
ran upstairs to get his wife she came

2429  
01:41:08,260 --> 01:41:14,260  
down in a hurry with her phone and she

2430  
01:41:11,529 --> 01:41:16,210  
did take a short video clip and once

2431  
01:41:14,260 --> 01:41:19,000  
again I have seen the video clip and

2432  
01:41:16,210 --> 01:41:20,649  
once again I mean people say to me what

2433  
01:41:19,000 --> 01:41:22,510  
do people take photographs and videos of

2434  
01:41:20,649 --> 01:41:25,000  
this stuff what people do but

2435  
01:41:22,510 --> 01:41:26,980  
unfortunately they use phones they

2436  
01:41:25,000 --> 01:41:28,479  
zoomed in to infinity and will you'll

2437  
01:41:26,979 --> 01:41:29,949

get this little blobs which could be

2438

01:41:28,479 --> 01:41:31,239

anything and you blow them up and

2439

01:41:29,949 --> 01:41:33,250

there's just about six pixels there

2440

01:41:31,239 --> 01:41:35,050

which basically tell you very little and

2441

01:41:33,250 --> 01:41:37,630

that was another case but I have seen

2442

01:41:35,050 --> 01:41:38,889

the video and the date marries up with

2443

01:41:37,630 --> 01:41:44,350

when he said he saw this

2444

01:41:38,889 --> 01:41:46,900

well so the second sighting they had was

2445

01:41:44,350 --> 01:41:49,020

down the duxford so his Duxford on them

2446

01:41:46,899 --> 01:41:52,868

right and there's some of the hangars

2447

01:41:49,020 --> 01:41:54,460

and it was dark they were going shopping

2448

01:41:52,868 --> 01:41:57,130

somewhere near Randall and among those

2449

01:41:54,460 --> 01:41:59,489

big shopping areas there he said this

2450

01:41:57,130 --> 01:42:02,260

big bright ball of white light this time

2451

01:41:59,488 --> 01:42:05,109

almost bright like magnesium like

2452  
01:42:02,260 --> 01:42:07,929  
something really powerful was burning

2453  
01:42:05,109 --> 01:42:09,819  
away it disappeared and then reappeared

2454  
01:42:07,929 --> 01:42:12,039  
the other side of the road and it did

2455  
01:42:09,819 --> 01:42:13,988  
this a couple of times and they just

2456  
01:42:12,039 --> 01:42:16,630  
went past I asked them if there's other

2457  
01:42:13,988 --> 01:42:18,129  
cars on the road and said I think so but

2458  
01:42:16,630 --> 01:42:20,139  
he couldn't really recall to be honest

2459  
01:42:18,130 --> 01:42:21,520  
and there was nothing else seem to

2460  
01:42:20,139 --> 01:42:23,199  
happen I said was you'd like getting

2461  
01:42:21,520 --> 01:42:26,050  
there where he was going he couldn't

2462  
01:42:23,198 --> 01:42:28,238  
recall so it pretty much wrapped the

2463  
01:42:26,050 --> 01:42:29,949  
trial run cold at that time a lot of

2464  
01:42:28,238 --> 01:42:32,259  
these these sightings I've shown you I

2465  
01:42:29,948 --> 01:42:33,549  
have spoken to airfields and lots of

2466  
01:42:32,260 --> 01:42:37,260  
people doing the research if there's

2467  
01:42:33,550 --> 01:42:39,100  
anything gone on and they also know I

2468  
01:42:37,260 --> 01:42:40,750  
told you earlier was going to be

2469  
01:42:39,100 --> 01:42:43,900  
visiting chat rest' this little sleepy

2470  
01:42:40,750 --> 01:42:47,590  
town which seems to be a bed of activity

2471  
01:42:43,899 --> 01:42:49,118  
it really does and chat recipe before

2472  
01:42:47,590 --> 01:42:50,560  
the - all the parachutes working they

2473  
01:42:49,118 --> 01:42:52,089  
went through Cottenham there he went all

2474  
01:42:50,560 --> 01:42:55,270  
this way up to here two chapters that's

2475  
01:42:52,090 --> 01:42:57,639  
where he lived about 20 miles this first

2476  
01:42:55,270 --> 01:43:03,250  
one is an elderly lady that lives on her

2477  
01:42:57,639 --> 01:43:06,670  
own she's close to 80 years old she's as

2478  
01:43:03,250 --> 01:43:08,859  
bright as a button even now she's

2479  
01:43:06,670 --> 01:43:10,960  
learning another language she she speaks

2480

01:43:08,859 --> 01:43:13,448  
fluently three other languages

2481  
01:43:10,960 --> 01:43:15,520  
she's really sharp and she's got a

2482  
01:43:13,448 --> 01:43:17,138  
little faculties and she said I'll tell

2483  
01:43:15,520 --> 01:43:18,280  
you all my stories there's another one

2484  
01:43:17,139 --> 01:43:21,310  
which I won't share with you tonight

2485  
01:43:18,279 --> 01:43:23,439  
which happens somewhere else and there's

2486  
01:43:21,310 --> 01:43:25,750  
two here so I'll tell you my stories

2487  
01:43:23,439 --> 01:43:27,759  
providing you never mentioned my name or

2488  
01:43:25,750 --> 01:43:29,800  
my address she said because I don't want

2489  
01:43:27,760 --> 01:43:31,420  
them carting me off because they think

2490  
01:43:29,800 --> 01:43:34,390  
I'm gaga

2491  
01:43:31,420 --> 01:43:35,260  
so it's a very posh lady but I believe

2492  
01:43:34,390 --> 01:43:37,810  
every word she's saying

2493  
01:43:35,260 --> 01:43:39,820  
anyway she learn that she sleeps in the

2494  
01:43:37,810 --> 01:43:41,110

bedroom was just here somewhere forget

2495

01:43:39,819 --> 01:43:42,969

that for the moment but that's where the

2496

01:43:41,109 --> 01:43:45,069

second sighting is and what we're now

2497

01:43:42,970 --> 01:43:46,270

going to be looking at is in this area

2498

01:43:45,069 --> 01:43:47,679

here you probably can't see them very

2499

01:43:46,270 --> 01:43:49,810

well but there's a couple of big trees

2500

01:43:47,680 --> 01:43:52,090

and some smaller trees in her but back

2501

01:43:49,810 --> 01:43:53,740

garden from there to there it's if

2502

01:43:52,090 --> 01:43:56,010

there's no distal distances from here to

2503

01:43:53,739 --> 01:43:56,010

the bar

2504

01:43:56,880 --> 01:44:01,270

she was shapes most of the time with a

2505

01:43:59,350 --> 01:44:03,310

window wide open which he did on this

2506

01:44:01,270 --> 01:44:04,750

particular night and she sleeps with the

2507

01:44:03,310 --> 01:44:06,880

blinds which you can see they're wide

2508

01:44:04,750 --> 01:44:09,010

open as well because she likes to see

2509  
01:44:06,880 --> 01:44:10,119  
the sky and while having the stars and

2510  
01:44:09,010 --> 01:44:12,489  
there's the view of the trees I

2511  
01:44:10,119 --> 01:44:14,470  
mentioned this particular night she woke

2512  
01:44:12,489 --> 01:44:16,329  
up quite suddenly and she said it was

2513  
01:44:14,470 --> 01:44:18,159  
almost purposeful it was almost like I

2514  
01:44:16,329 --> 01:44:19,329  
meant to wake up and look out the window

2515  
01:44:18,159 --> 01:44:21,189  
she said I've done it interested me

2516  
01:44:19,329 --> 01:44:23,590  
without looking and it was almost like

2517  
01:44:21,189 --> 01:44:26,710  
somebody instructed me to well they did

2518  
01:44:23,590 --> 01:44:28,659  
or not who knows but this is what she

2519  
01:44:26,710 --> 01:44:30,000  
saw she looked out the window beside her

2520  
01:44:28,659 --> 01:44:32,409  
bed this is still looking out a window

2521  
01:44:30,000 --> 01:44:33,789  
that's not a very good rendition of it's

2522  
01:44:32,409 --> 01:44:35,739  
just me to show you where it wasn't the

2523  
01:44:33,789 --> 01:44:37,239  
scale of it and she said there's this

2524  
01:44:35,739 --> 01:44:38,859  
thing that looked like an upturned boat

2525  
01:44:37,239 --> 01:44:42,460  
this is actually a picture that she did

2526  
01:44:38,859 --> 01:44:45,039  
she drew this um and she said all this

2527  
01:44:42,460 --> 01:44:46,930  
area was in the fluffy clouds and there

2528  
01:44:45,039 --> 01:44:49,060  
was no clouds about that night except

2529  
01:44:46,930 --> 01:44:51,100  
for this cloud and it was covering the

2530  
01:44:49,060 --> 01:44:52,870  
tree she couldn't see those trees it was

2531  
01:44:51,100 --> 01:44:55,000  
all round here this cloud she said and

2532  
01:44:52,869 --> 01:44:56,559  
it was going into the cloud she said

2533  
01:44:55,000 --> 01:44:58,899  
what and I thought this is this thing's

2534  
01:44:56,560 --> 01:45:00,640  
gonna crash into those trees she simply

2535  
01:44:58,899 --> 01:45:03,849  
kept going in and it didn't crash into

2536  
01:45:00,640 --> 01:45:05,500  
the trees um nothing else other than a

2537

01:45:03,850 --> 01:45:08,340  
ship when it went in the cloud just

2538  
01:45:05,500 --> 01:45:11,439  
dispersed and there was nothing else

2539  
01:45:08,340 --> 01:45:14,440  
what she did say is that it was a

2540  
01:45:11,439 --> 01:45:16,359  
silvery a dull silvery looking the side

2541  
01:45:14,439 --> 01:45:18,250  
had blocked the planking on a boat and

2542  
01:45:16,359 --> 01:45:19,989  
the back although it looked like

2543  
01:45:18,250 --> 01:45:22,119  
planking I had a three-dimensional look

2544  
01:45:19,989 --> 01:45:24,760  
to the almost rocker a padded area but

2545  
01:45:22,119 --> 01:45:27,220  
it looked solid a little sort of doorway

2546  
01:45:24,760 --> 01:45:28,570  
type thing here she said but it wasn't a

2547  
01:45:27,220 --> 01:45:30,970  
door but it looked a bit like a doorway

2548  
01:45:28,569 --> 01:45:32,979  
and these skins what she presumed of

2549  
01:45:30,970 --> 01:45:34,449  
skins underneath and that's the best

2550  
01:45:32,979 --> 01:45:36,369  
description sheet you give me but it

2551  
01:45:34,449 --> 01:45:37,899

looks pretty good but it it just went

2552

01:45:36,369 --> 01:45:39,699

into this cloud disappeared then the

2553

01:45:37,899 --> 01:45:40,308

cloud disappeared right outside her

2554

01:45:39,699 --> 01:45:41,899

bedroom

2555

01:45:40,309 --> 01:45:45,770

I know we're gonna say she could be

2556

01:45:41,899 --> 01:45:47,479

dreamed well she could be but um but

2557

01:45:45,770 --> 01:45:51,130

that's what she likened it to something

2558

01:45:47,479 --> 01:45:54,198

like that she said there was no sound

2559

01:45:51,130 --> 01:45:59,109

and she said just disappeared but she

2560

01:45:54,198 --> 01:46:01,788

did have another sighting in the lounge

2561

01:45:59,109 --> 01:46:02,479

here we go this is a picture taken from

2562

01:46:01,788 --> 01:46:04,488

her lounge

2563

01:46:02,479 --> 01:46:05,328

obviously a lounge isn't illuminated

2564

01:46:04,488 --> 01:46:06,888

yeah I'm going to show you what's

2565

01:46:05,328 --> 01:46:10,759

outside there so she lives on this

2566  
01:46:06,889 --> 01:46:16,159  
little cul-de-sac and just about there

2567  
01:46:10,760 --> 01:46:18,230  
there was this orange here a dog and she

2568  
01:46:16,158 --> 01:46:20,658  
looked up she was reading she looked up

2569  
01:46:18,229 --> 01:46:21,529  
and attracted to the window she saw the

2570  
01:46:20,658 --> 01:46:23,509  
orange orb

2571  
01:46:21,529 --> 01:46:24,828  
she had a muffled texture and she

2572  
01:46:23,510 --> 01:46:26,270  
described it looking a little like a

2573  
01:46:24,828 --> 01:46:27,408  
scotch egg well doesn't matter the

2574  
01:46:26,270 --> 01:46:29,239  
little bit like an orange that we've

2575  
01:46:27,408 --> 01:46:31,609  
been hearing about earlier yeah it was

2576  
01:46:29,238 --> 01:46:34,098  
about the size of a saucer about five

2577  
01:46:31,609 --> 01:46:36,139  
inches in diameter now when I was there

2578  
01:46:34,099 --> 01:46:37,670  
I looked behind where she was sitting to

2579  
01:46:36,139 --> 01:46:40,489  
see if there was any reflections in the

2580  
01:46:37,670 --> 01:46:42,319  
glass if there's a standby light so on

2581  
01:46:40,488 --> 01:46:43,788  
raising all the sorts of stuff there's

2582  
01:46:42,319 --> 01:46:45,979  
nothing there just a bookcase with

2583  
01:46:43,788 --> 01:46:49,219  
nothing there's no reflective surfaces

2584  
01:46:45,979 --> 01:46:52,129  
at all she said it just sat there for a

2585  
01:46:49,219 --> 01:46:53,689  
few seconds tis almost as I was looking

2586  
01:46:52,130 --> 01:46:56,868  
at her but that's obviously just what

2587  
01:46:53,689 --> 01:46:58,279  
she said and just blinked out I said

2588  
01:46:56,868 --> 01:46:59,658  
they sure didn't go in one way or

2589  
01:46:58,279 --> 01:47:02,689  
another she said like it just

2590  
01:46:59,658 --> 01:47:04,939  
disappeared just like that so that was

2591  
01:47:02,689 --> 01:47:08,808  
her her two sightings there was a third

2592  
01:47:04,939 --> 01:47:11,328  
in another place but but we're still in

2593  
01:47:08,809 --> 01:47:14,659  
chatter as' and on this occasion there

2594

01:47:11,328 --> 01:47:20,808  
was a few witnesses two children a

2595  
01:47:14,658 --> 01:47:23,149  
mother and a guy who live next door it

2596  
01:47:20,809 --> 01:47:25,489  
was slightly gray and overcast on the

2597  
01:47:23,149 --> 01:47:27,319  
day when this happened but but when they

2598  
01:47:25,488 --> 01:47:28,638  
saw their what they called the UFO it

2599  
01:47:27,319 --> 01:47:32,558  
had brightened up by them there's gonna

2600  
01:47:28,639 --> 01:47:35,239  
have a barbecue in shared back garden

2601  
01:47:32,559 --> 01:47:37,329  
and within a little while this of this

2602  
01:47:35,238 --> 01:47:40,819  
big hot air balloon goes over the house

2603  
01:47:37,328 --> 01:47:43,038  
quite low and and about the time is

2604  
01:47:40,819 --> 01:47:46,308  
going over within them whew

2605  
01:47:43,038 --> 01:47:48,828  
15 20 minutes the Sun come out and it

2606  
01:47:46,309 --> 01:47:50,179  
soon brightened up they said there was

2607  
01:47:48,828 --> 01:47:52,429  
very little wind because

2608  
01:47:50,179 --> 01:47:55,340

the hot air balloon took an age to go

2609

01:47:52,429 --> 01:47:58,309

over over top of the houses but had been

2610

01:47:55,340 --> 01:48:00,349

gone a little while and there was

2611

01:47:58,309 --> 01:48:02,989

getting barbecue all lit and one of the

2612

01:48:00,349 --> 01:48:05,150

children said the balloons back and they

2613

01:48:02,988 --> 01:48:06,768

saw something like this and I said can

2614

01:48:05,149 --> 01:48:08,569

you see it to the guy and he said oh yes

2615

01:48:06,769 --> 01:48:12,110

and they're looking at it and they

2616

01:48:08,569 --> 01:48:14,688

described it as like a spot in the sky

2617

01:48:12,109 --> 01:48:16,130

it shows it's overcast here but they

2618

01:48:14,689 --> 01:48:18,050

assured me that it was quite clear on

2619

01:48:16,130 --> 01:48:19,819

today this is just something I've put

2620

01:48:18,050 --> 01:48:21,708

together these are the actual visits

2621

01:48:19,819 --> 01:48:23,478

taken from the back garden but that's

2622

01:48:21,708 --> 01:48:25,368

something I put down there but once

2623  
01:48:23,479 --> 01:48:28,280  
again I've showed the two children the

2624  
01:48:25,368 --> 01:48:30,529  
mother and the the man this picture I

2625  
01:48:28,279 --> 01:48:32,359  
said is that what the the thing looked

2626  
01:48:30,529 --> 01:48:34,578  
like and they all agree that's exactly

2627  
01:48:32,359 --> 01:48:36,078  
what they saw she tried to film on a

2628  
01:48:34,578 --> 01:48:40,578  
farm but she couldn't seem to get it

2629  
01:48:36,078 --> 01:48:41,988  
focus in when she did show me she showed

2630  
01:48:40,578 --> 01:48:45,349  
me the picture of this all fuzzy and

2631  
01:48:41,988 --> 01:48:48,458  
out-of-focus again and so waste of time

2632  
01:48:45,349 --> 01:48:50,689  
putting on here really and to show you

2633  
01:48:48,458 --> 01:48:51,979  
well one of them said it was the

2634  
01:48:50,689 --> 01:48:53,749  
blackest thing as the woman says the

2635  
01:48:51,979 --> 01:48:55,309  
blackest thing she's ever seen in the

2636  
01:48:53,748 --> 01:48:58,158  
sky was almost like there was a hole in

2637  
01:48:55,309 --> 01:49:01,219  
the sky although it was relatively clear

2638  
01:48:58,158 --> 01:49:02,808  
was a round a round circular object said

2639  
01:49:01,219 --> 01:49:04,788  
I had a fuzzy look around the outside of

2640  
01:49:02,809 --> 01:49:11,779  
her which I've tried to simulate on

2641  
01:49:04,788 --> 01:49:13,399  
there they said well it left I said how

2642  
01:49:11,779 --> 01:49:15,859  
did it leave her she said wind-up words

2643  
01:49:13,399 --> 01:49:17,629  
I said quickly slowly said just slowly

2644  
01:49:15,859 --> 01:49:19,518  
said it just seemed to go up and up and

2645  
01:49:17,630 --> 01:49:21,170  
up but she said and in a minute or so

2646  
01:49:19,519 --> 01:49:23,150  
whatever it was she said it just

2647  
01:49:21,170 --> 01:49:24,559  
disappeared the guy said it was hard to

2648  
01:49:23,149 --> 01:49:27,170  
judge his size but he thinks it was

2649  
01:49:24,559 --> 01:49:30,979  
bigger than they look somehow how we can

2650  
01:49:27,170 --> 01:49:32,569  
know that I don't know I unsettled all

2651

01:49:30,979 --> 01:49:34,280  
of them quite a bit the kids were crying

2652  
01:49:32,569 --> 01:49:37,038  
the mother was crying even he was having

2653  
01:49:34,279 --> 01:49:39,559  
a few tears he said because none of them

2654  
01:49:37,038 --> 01:49:41,300  
really believed in flying saucers so

2655  
01:49:39,559 --> 01:49:43,010  
they did contact a local balloon right

2656  
01:49:41,300 --> 01:49:44,929  
company and see if that they were

2657  
01:49:43,010 --> 01:49:47,300  
balloon that went over top to see if

2658  
01:49:44,929 --> 01:49:51,590  
there was anybody there who saw this

2659  
01:49:47,300 --> 01:49:53,939  
thing and they never got back basically

2660  
01:49:51,590 --> 01:49:57,418  
and when I tried to follow it up

2661  
01:49:53,939 --> 01:50:00,769  
company had disappeared there are the

2662  
01:49:57,418 --> 01:50:01,889  
liquidation were just ceased trading

2663  
01:50:00,769 --> 01:50:05,389  
okay

2664  
01:50:01,889 --> 01:50:07,650  
nearly there back to little port now and

2665  
01:50:05,389 --> 01:50:08,458

I'll show you where it is because you

2666

01:50:07,649 --> 01:50:09,748

know that already

2667

01:50:08,458 --> 01:50:11,158

right the car you saw the white light

2668

01:50:09,748 --> 01:50:12,630

come from another port over here that

2669

01:50:11,158 --> 01:50:14,518

went by in an instant that's where he

2670

01:50:12,630 --> 01:50:15,989

was there's a little lane go down beside

2671

01:50:14,519 --> 01:50:18,449

there there's the long straight road

2672

01:50:15,988 --> 01:50:20,339

this and I lived over here when I saw

2673

01:50:18,448 --> 01:50:22,018

mine looking that way this guy's the

2674

01:50:20,340 --> 01:50:23,729

other side of the village now this man

2675

01:50:22,019 --> 01:50:25,769

I've known almost all my life he's quite

2676

01:50:23,729 --> 01:50:27,719

a bit older than me so he's pretty

2677

01:50:25,769 --> 01:50:31,260

ancient is it possible it really is but

2678

01:50:27,719 --> 01:50:33,050

one thing he's as genuine as the day is

2679

01:50:31,260 --> 01:50:35,939

long I've never known him to lie

2680  
01:50:33,050 --> 01:50:40,679  
exaggerate he's what we call an old fen

2681  
01:50:35,939 --> 01:50:43,889  
boy he's he's he's it was a simple life

2682  
01:50:40,679 --> 01:50:47,359  
but he knows what he sees and is that

2683  
01:50:43,889 --> 01:50:51,208  
sort of guy he lives down a country lane

2684  
01:50:47,359 --> 01:50:52,679  
this is where this small bungalow and

2685  
01:50:51,208 --> 01:50:55,168  
that's where he was sleeping with his

2686  
01:50:52,679 --> 01:50:57,689  
wife on this particular evening they

2687  
01:50:55,168 --> 01:50:59,668  
cook they haven't met up the windows and

2688  
01:50:57,689 --> 01:51:02,809  
they although they have curtains they're

2689  
01:50:59,668 --> 01:51:05,158  
not blind but they are very very thick

2690  
01:51:02,809 --> 01:51:07,288  
on this particular night there's asleep

2691  
01:51:05,158 --> 01:51:09,899  
and all of a sudden this bright white

2692  
01:51:07,288 --> 01:51:13,438  
light remembering what the two girls saw

2693  
01:51:09,899 --> 01:51:15,509  
earlier lit up the whole room and I said

2694  
01:51:13,439 --> 01:51:17,099  
it won't his wife as well and he said

2695  
01:51:15,510 --> 01:51:19,650  
I've never seen a light like we should

2696  
01:51:17,099 --> 01:51:22,860  
we have cars turning round occasionally

2697  
01:51:19,649 --> 01:51:24,719  
in the Gateway opposite which I'll show

2698  
01:51:22,859 --> 01:51:26,339  
you in the moment he said but I've never

2699  
01:51:24,719 --> 01:51:28,319  
seen them look like that he said almost

2700  
01:51:26,340 --> 01:51:28,889  
some of the bits and pieces on their

2701  
01:51:28,319 --> 01:51:30,658  
cupboards

2702  
01:51:28,889 --> 01:51:32,099  
he said you almost couldn't make out

2703  
01:51:30,658 --> 01:51:35,339  
what they were these he said it's almost

2704  
01:51:32,099 --> 01:51:38,248  
like the whole rooms white and scared

2705  
01:51:35,340 --> 01:51:40,349  
them quite a bit he got up to go to the

2706  
01:51:38,248 --> 01:51:46,168  
window and when he got up the light went

2707  
01:51:40,349 --> 01:51:47,639  
out just bring straight out so this is

2708

01:51:46,168 --> 01:51:50,788  
where it all happened looking at this

2709  
01:51:47,639 --> 01:51:53,130  
bedroom window it's a bit foggy in

2710  
01:51:50,788 --> 01:51:55,139  
places because shootin the Scots picture

2711  
01:51:53,130 --> 01:51:56,729  
through glass there's houses going up

2712  
01:51:55,139 --> 01:51:58,850  
here now but the Gateway is just here

2713  
01:51:56,729 --> 01:52:00,760  
somewhere so when they back in then come

2714  
01:51:58,850 --> 01:52:03,130  
grounded charms light in their window

2715  
01:52:00,760 --> 01:52:05,869  
there's only one more house past

2716  
01:52:03,130 --> 01:52:07,850  
bungalow so the road doesn't go anywhere

2717  
01:52:05,869 --> 01:52:09,920  
so it's usually people that mistakenly

2718  
01:52:07,850 --> 01:52:12,350  
took the long term gone down there and

2719  
01:52:09,920 --> 01:52:13,789  
it doesn't happen very often so we were

2720  
01:52:12,350 --> 01:52:15,560  
darkened this picture up in a minute and

2721  
01:52:13,789 --> 01:52:18,350  
tell you what he saw I'll just describe

2722  
01:52:15,560 --> 01:52:21,170

what he saw he said there was five what

2723

01:52:18,350 --> 01:52:23,240

looked like starfish coming down out of

2724

01:52:21,170 --> 01:52:24,619

the sky he said and they didn't quite

2725

01:52:23,239 --> 01:52:26,420

touch my front garden

2726

01:52:24,619 --> 01:52:28,550

there's his fence he's got a small

2727

01:52:26,420 --> 01:52:30,470

garden at the front here it didn't hit

2728

01:52:28,550 --> 01:52:33,050

the ground but they came down in his

2729

01:52:30,470 --> 01:52:35,630

garden he said they looked a bit like a

2730

01:52:33,050 --> 01:52:37,640

starfish like the stars you see flying

2731

01:52:35,630 --> 01:52:39,050

off her sparkler he said that's exactly

2732

01:52:37,640 --> 01:52:41,600

what they looked like and they were

2733

01:52:39,050 --> 01:52:45,440

golden in color and I said was they

2734

01:52:41,600 --> 01:52:48,110

traveling very fast slow he said like a

2735

01:52:45,439 --> 01:52:49,879

man jogging something like that it

2736

01:52:48,109 --> 01:52:51,589

wasn't really fast but it was you know

2737  
01:52:49,880 --> 01:52:54,199  
you couldn't hardly keep up with it I

2738  
01:52:51,590 --> 01:52:55,940  
was thinking a shooting star something

2739  
01:52:54,199 --> 01:52:57,769  
like that although I've never seen or

2740  
01:52:55,939 --> 01:53:00,799  
know of anyone who's seen one or more

2741  
01:52:57,770 --> 01:53:02,720  
than one and this close to the ground or

2742  
01:53:00,800 --> 01:53:04,850  
anything and still said perhaps they do

2743  
01:53:02,720 --> 01:53:06,350  
I don't know this guy's that in the

2744  
01:53:04,850 --> 01:53:08,180  
middle of the fans all his life he's a

2745  
01:53:06,350 --> 01:53:10,400  
farmer boy he knows all the natural

2746  
01:53:08,180 --> 01:53:11,630  
stuff that goes around and I said have

2747  
01:53:10,399 --> 01:53:12,289  
you ever seen the shooting star that

2748  
01:53:11,630 --> 01:53:13,850  
looks like this

2749  
01:53:12,289 --> 01:53:15,439  
he said never he said they weren't

2750  
01:53:13,850 --> 01:53:17,420  
shooting stars but what they were I

2751  
01:53:15,439 --> 01:53:18,889  
don't know but we did do an impression

2752  
01:53:17,420 --> 01:53:20,630  
of what they looked like and he said

2753  
01:53:18,890 --> 01:53:22,910  
that's pretty damn close to what they

2754  
01:53:20,630 --> 01:53:26,119  
look like and this is what he saw out of

2755  
01:53:22,909 --> 01:53:27,050  
his bedroom window he said the four of

2756  
01:53:26,119 --> 01:53:28,729  
them five of them

2757  
01:53:27,050 --> 01:53:30,320  
four of milk some of the air came down

2758  
01:53:28,729 --> 01:53:34,009  
and just before I hit the ground they

2759  
01:53:30,319 --> 01:53:35,739  
just phased out he said and you can

2760  
01:53:34,010 --> 01:53:38,360  
follow them down there's going that slow

2761  
01:53:35,739 --> 01:53:41,300  
he said when they blinked out he said

2762  
01:53:38,359 --> 01:53:45,139  
there was another one traveled along

2763  
01:53:41,300 --> 01:53:47,779  
there on a parallel on a horizontal path

2764  
01:53:45,140 --> 01:53:50,840  
and that just blinked out as well when

2765

01:53:47,779 --> 01:53:53,869  
they got about 30 40 feet away and it

2766  
01:53:50,840 --> 01:53:55,730  
looked something like that it didn't

2767  
01:53:53,869 --> 01:53:58,369  
have a trail that's me putting on just

2768  
01:53:55,729 --> 01:53:59,659  
to show you the sort of trajectory but

2769  
01:53:58,369 --> 01:54:02,680  
that's pretty much what they look like

2770  
01:53:59,659 --> 01:54:04,729  
starfish Misbah ordered another sparkler

2771  
01:54:02,680 --> 01:54:06,590  
well it was I don't know I'm still

2772  
01:54:04,729 --> 01:54:08,329  
saying no meteors

2773  
01:54:06,590 --> 01:54:11,329  
I've never known media to look like that

2774  
01:54:08,329 --> 01:54:15,559  
there we go ah this next one is another

2775  
01:54:11,329 --> 01:54:18,500  
group member he travels around as a

2776  
01:54:15,560 --> 01:54:21,950  
salesman and he was travelling between

2777  
01:54:18,500 --> 01:54:23,930  
two villages not far from Haverhill

2778  
01:54:21,949 --> 01:54:26,179  
that's somewhere there where we saw that

2779  
01:54:23,930 --> 01:54:29,150

Ross Reynolds thingy it's just down the

2780

01:54:26,180 --> 01:54:32,659  
road base Linton and another small

2781

01:54:29,149 --> 01:54:33,920  
village Hill - um and there's a road go

2782

01:54:32,659 --> 01:54:35,420  
around the back of the village and the

2783

01:54:33,920 --> 01:54:37,880  
road called backroads that's where he

2784

01:54:35,420 --> 01:54:39,739  
was traveling this is the road so he's

2785

01:54:37,880 --> 01:54:41,810  
traveling in that direction he was over

2786

01:54:39,739 --> 01:54:43,579  
here this is on the edge of Linton and

2787

01:54:41,810 --> 01:54:45,860  
he just plants us up and he sees what

2788

01:54:43,579 --> 01:54:49,970  
looks a bit like a silver cigar there

2789

01:54:45,859 --> 01:54:53,179  
windows no no wings no visible form of

2790

01:54:49,970 --> 01:54:55,400  
propulsion it was a blue sky with a few

2791

01:54:53,180 --> 01:54:57,020  
clouds in he's told me that there

2792

01:54:55,399 --> 01:54:58,399  
probably wasn't quite as many clouds as

2793

01:54:57,020 --> 01:55:00,020  
there are in this picture but there were

2794  
01:54:58,399 --> 01:55:03,920  
clouds about they look similar to that

2795  
01:55:00,020 --> 01:55:05,180  
and he looked at this object for about

2796  
01:55:03,920 --> 01:55:07,369  
20-30 seconds

2797  
01:55:05,180 --> 01:55:09,200  
and he said it was just going into this

2798  
01:55:07,369 --> 01:55:13,250  
cloud it was just travelling into this

2799  
01:55:09,199 --> 01:55:15,079  
cloud and it reminded me of the lady

2800  
01:55:13,250 --> 01:55:17,090  
from chapters we just saw where the

2801  
01:55:15,079 --> 01:55:18,890  
thing went into the cloud and he said

2802  
01:55:17,090 --> 01:55:23,150  
just like the lady lid and then came out

2803  
01:55:18,890 --> 01:55:25,100  
the other side and here again it's just

2804  
01:55:23,149 --> 01:55:26,989  
something wood made up but that's pretty

2805  
01:55:25,100 --> 01:55:29,720  
much what he saw he said it was a

2806  
01:55:26,989 --> 01:55:31,159  
silvery object as I say no tail wings or

2807  
01:55:29,720 --> 01:55:33,170  
anything like that went into the cloud

2808  
01:55:31,159 --> 01:55:35,659  
three times the length of a passenger

2809  
01:55:33,170 --> 01:55:37,730  
aircraft he estimated because he knows

2810  
01:55:35,659 --> 01:55:39,649  
whether he would assume is and used to

2811  
01:55:37,729 --> 01:55:41,809  
work on aircraft at Marshall's airfield

2812  
01:55:39,649 --> 01:55:44,059  
so he's got a bit of an idea of scale of

2813  
01:55:41,810 --> 01:55:45,650  
aircraft and what-have-you but and he

2814  
01:55:44,060 --> 01:55:46,220  
knows how high clouds are and that sort

2815  
01:55:45,649 --> 01:55:51,379  
of thing

2816  
01:55:46,220 --> 01:55:53,470  
no noise completely silent he said thank

2817  
01:55:51,380 --> 01:55:53,470  
you

2818  
01:56:00,618 --> 01:56:05,598  
so I'm open for questions if anybody's

2819  
01:56:02,939 --> 01:56:05,598  
going any questions
