

1

00:00:00,000 --> 00:00:07,600

Good evening. Tonight we go after a fantastic story, the story that flying saucers from other

2

00:00:07,600 --> 00:00:13,520

worlds are visiting our planet just as we are exploring outer space with our own rocket

3

00:00:13,520 --> 00:00:19,960

satellites. Our guest is former Marine Air Corps Major Donald Keyhole who has the support

4

00:00:19,960 --> 00:00:25,440

of scores of prominent businessmen, military men and some scientists in this campaign to

5

00:00:25,440 --> 00:00:31,080

prove that flying saucers exist. If you're curious to know why Major Keyhole charges

6

00:00:31,080 --> 00:00:35,920

the United States Air Force is deliberately deluding us when it calls saucer stories

7

00:00:35,920 --> 00:00:41,280

the bunk. If you want to hear his own evidence the saucers are real and his reaction to the

8

00:00:41,280 --> 00:00:46,800

claim of two Americans who say they've spoken with men from Venus. We'll go after those

9

00:00:46,800 --> 00:00:52,240

stories in just a moment. My name is Mike Wallace. The cigarette is Parliament.

10

00:00:52,240 --> 00:01:01,600

The new high filtration filter Parliament presents

11

00:01:09,600 --> 00:01:17,200

the Mike Wallace interview. And now to our story. Major Donald Keyhole is the director of the

12

00:01:17,200 --> 00:01:24,200

National Investigations Committee on Aerial Phenomena as head of this private group interested

13

00:01:24,200 --> 00:01:29,480

in flying saucers. He's repeatedly attacked the United States Air Force and others for

14

00:01:29,480 --> 00:01:34,920

claiming that flying saucers are apparently flights of fancy and not flights by Martians

15

00:01:34,920 --> 00:01:42,000

or men from a moon. Independent surveys show that millions of Americans do share his belief

16

00:01:42,000 --> 00:01:48,240

in the celestial saucers. Major Keyhole first of all let me ask you this. Most people in

17

00:01:48,240 --> 00:01:53,120

the United States, despite of the fact that I say that millions do believe you will agree

18

00:01:53,120 --> 00:01:59,160

that most people in the United States don't believe in flying saucers from outer space.

19

00:01:59,160 --> 00:02:06,080

They probably hold the view of columnist Bob Considine who wrote that flying saucers are

20

00:02:06,160 --> 00:02:14,920

products of for the most part quote prankster half wits cranks publicity hounds fanatics in

21

00:02:14,920 --> 00:02:21,680

general and school balls in quote. How do you feel about Mr. Considine's charge. Well I know where

22

00:02:21,680 --> 00:02:26,800

he got the story. He got it from Colonel Watson out at the air testing hotels in St. Indaton. In

23

00:02:26,800 --> 00:02:32,160

fact the Colonel even a little farther and he said behind every sighting was an idiot a crackpot

24

00:02:32,240 --> 00:02:37,560

religious fanatic that included a lot of high ranking Air Force pilots incidentally and many

25

00:02:37,560 --> 00:02:42,560

airline captains people who were qualified to see these things he was just following out in

26

00:02:42,560 --> 00:02:47,680

Air Force policies. Well now you're not suggesting that Bob Considine is in the pay of the Air Force

27

00:02:47,680 --> 00:02:51,840

he's an independent new man with a considerable reputation. I mean the Colonel no I have

28

00:02:51,840 --> 00:02:57,440

every respect for Bob Considine. In spite of the fact that he suggests that pranksters half wits

29

00:02:57,440 --> 00:03:03,440

and screwballs are responsible for the stories about flying thought. Well I wish I could show him

30

00:03:03,440 --> 00:03:09,760

at any time a list of about 800 witnesses some of the big names in aviation including up to the

31

00:03:09,760 --> 00:03:14,640

rank of Colonel in the Air Force. They're still flying and they're still carrying passengers they

32

00:03:14,640 --> 00:03:20,480

never been grounded. They're still guiding airliners in the radar man are night after night in bad

33

00:03:20,480 --> 00:03:28,320

weather. If the screwballs and incompetence why are they still on the job. Major Kehoe where do you

34

00:03:28,320 --> 00:03:36,800

think flying saucers are coming from. I don't know there is an indication that they could be

35

00:03:36,800 --> 00:03:41,840

using Mars as a base I don't mean they originate there but every time Mars has approached us in

36

00:03:41,840 --> 00:03:48,640

the last 10 years there's been a noticeable increase in and social society. That's been mentioned

37

00:03:49,120 --> 00:03:55,360

in the Canadian official project on the basis of that set up an observation station in Canada.

38

00:03:55,360 --> 00:04:00,000

You say the Canadian official project what do you mean by the official there was an official

39

00:04:00,000 --> 00:04:06,080

project called Project Magnet. They set up an observatory at Shirley Bay to try to track these

40

00:04:06,080 --> 00:04:11,280

things. What happened to the official project you say there was a project. Yes they ran for about

41

00:04:11,280 --> 00:04:16,880

a year and they had one sighting on a gravimeter which indicated that something very large objects

42

00:04:16,880 --> 00:04:21,280

had flown over there. They finally decided they were spending a little too much money on it I suppose.

43

00:04:22,320 --> 00:04:25,440

Well certainly they wouldn't have thought that they were spending too much money on it

44

00:04:25,440 --> 00:04:31,280

if they believed that that kind of phenomenon existed. A lot of people on the project are

45

00:04:31,280 --> 00:04:37,360

still working up there on their own time and certain government officials have still kept the

46

00:04:37,360 --> 00:04:42,800

lid on their reports in Canada just as they do down here. In other words you suggest that they

47

00:04:42,880 --> 00:04:48,240

come from Mars or from other planets other solar systems possibly throughout the universe.

48

00:04:48,240 --> 00:04:51,680

Is that correct. Yes and there are a lot of scientists who said the same thing.

49

00:04:52,320 --> 00:04:57,040

What is your theory as to the kind of people who fly these are the kind of beings who fly these

50

00:04:57,040 --> 00:05:03,440

saucers. Well that's speculation will they say recently they'd be just like the man next door

51

00:05:03,440 --> 00:05:09,760

the invaders from space and his reasons may be good. Most of the top scientists have said that

52

00:05:09,840 --> 00:05:15,120

the odds are that beings from other worlds would not be like us. Some of them would be.

53

00:05:15,920 --> 00:05:20,240

Dr. Harlow Shapley for instance said that there probably were at least 100 million inhabited

54

00:05:20,240 --> 00:05:25,680

planets in the universe and Menzel who doesn't believe in saucers at all says that he goes

55

00:05:25,680 --> 00:05:31,600

up higher even higher and among those by they must be by the law of averages a certain number of

56

00:05:31,600 --> 00:05:36,400

planets that would be like the earth and if evolution started at the same time why you

57

00:05:36,400 --> 00:05:42,720

might have the same type of being. What do you think are the intentions of these people for

58

00:05:42,720 --> 00:05:48,400

lack of a better name of these people who are in these flying saucers. Well there's been no evidence

59

00:05:48,400 --> 00:05:54,880

of any hostility during the last 10 years what we call the modern phase that's been sightings before

60

00:05:54,880 --> 00:06:00,480

then. There have been some accidents Air Force pilots chasing these things. Captain Mantell was

61

00:06:00,480 --> 00:06:07,360

killed chasing one in 48 and the two powers disappeared chasing one in 53 over like superior.

62

00:06:08,000 --> 00:06:14,880

But I think those were just accidents just accidents. Why don't they try to communicate

63

00:06:14,880 --> 00:06:21,760

with us. What's your theory about that. Well I'll follow some of the theories the Air Force people

64

00:06:21,760 --> 00:06:28,240

have said suggest they suggested to me back in 52 and 53 at which time we were cooperating.

65

00:06:28,800 --> 00:06:32,480

We had a lot of very good friends in the Air Force that time the policy was to give out

66

00:06:33,120 --> 00:06:38,000

information they were about to tell the people everything they had. And the theory was then

67

00:06:38,000 --> 00:06:44,800

that perhaps these beings were so much different from us that communication would be a very hard

68

00:06:44,800 --> 00:06:50,960

thing. They might not for instance have speech sounds like ours. That's one answer. Another thing

69

00:06:50,960 --> 00:06:55,760

they might not be able to exist in our atmosphere. We're going to land on the moon we'll have to

70

00:06:55,760 --> 00:07:02,160

wear spacesuits or else build air conditioned buildings up there air pressure. There could be

71

00:07:02,160 --> 00:07:06,720

lots of factors like that. Well do you think they're down here when we do see them to look at us.

72

00:07:08,320 --> 00:07:14,000

I think that it's probably a long range survey. A long range survey and yet no attempt as far as

73

00:07:14,000 --> 00:07:21,120

we know in any case of communication with us. There have been claims of communication but

74

00:07:21,120 --> 00:07:27,200

those most of those have been by individuals. The Air Force has not admitted that there's ever

75

00:07:27,200 --> 00:07:32,880

been one and I don't know our committee hasn't found any cases that we would accept as absolutely

76

00:07:32,880 --> 00:07:39,440

verified. All right now let's go at it from another point of view if I may the Air Force point of view.

77

00:07:40,640 --> 00:07:47,200

They agree undoubtedly objects have been seen in the sky. But the Air Force has said time and time

78

00:07:47,200 --> 00:07:52,160

again. This is a quote from Richard Horner assistant secretary of the Air Force for research and

79

00:07:52,160 --> 00:07:59,680

development. All but a small percentage of these reports of unidentified flying objects

80

00:08:00,240 --> 00:08:06,880

have been definitely attributed to natural phenomena that are neither mysterious nor dire.

81

00:08:06,880 --> 00:08:14,240

End quote weather balloons mirages ordinary sky phenomena like meteors airplanes themselves.

82

00:08:14,960 --> 00:08:21,280

What about that. I'll answer that but I'd like to make several points doing it in 1947 the Air

83

00:08:21,280 --> 00:08:26,720

Technical Intelligence Center at Dayton's top Air Force intelligence men and scientists under

84

00:08:26,720 --> 00:08:31,360

contract sent a secret document to the commanding general the Air Force saying that whatever these

85

00:08:31,360 --> 00:08:38,880

things were they were real. In 1948 A.T.I.C. the same group sent a top secret estimate

86

00:08:39,520 --> 00:08:44,400

to the commanding general. Point Bannenberg said these were interplanetary spaceships.

87

00:08:45,120 --> 00:08:51,280

In 1952 there was an intelligence analysis of the maneuvers of these things as seen by radar

88

00:08:51,920 --> 00:09:00,160

triangulation radar photographs photographs and in 53 the Central Intelligence Agency and the Air

89

00:09:00,160 --> 00:09:06,160

Force had a special panel of scientists meet at the Pentagon to tell them what to do. And after

90

00:09:06,160 --> 00:09:11,200

they got through this group said you don't have proof that these things exist not scientific proof

91

00:09:11,920 --> 00:09:17,360

but you have a very strong circumstantial case. We suggest your quadruple investigation set up

92

00:09:17,360 --> 00:09:22,560

special observation posts in the meantime release everything you've got the American people. Now

93

00:09:22,560 --> 00:09:28,240

you've got four documents there that they've been sitting on all this time and they have been spending

94

00:09:28,240 --> 00:09:34,960

a lot of money investigating flying saucers. If they don't exist why the money why did the

95

00:09:34,960 --> 00:09:40,880

intelligence teams rush out every time there's a sighting. Now then you have mentioned four

96

00:09:40,880 --> 00:09:47,360

documents that you claim exist. We've heard in the past that you have claimed that these

97

00:09:47,360 --> 00:09:52,240

documents existed. We've seen your literature in which you talk about the existence of those

98

00:09:52,240 --> 00:09:57,200

documents. So we spoke with the Air Technical Intelligence Center at the Pentagon earlier this

99

00:09:57,200 --> 00:10:02,960

week and this is what we were told officially by them. Three of the four documents Major Keyhole

100

00:10:02,960 --> 00:10:10,640

refers to simply do not exist. The fourth document does exist. You can have a copy of it Mr. Wallace

101

00:10:10,640 --> 00:10:17,760

and you can see that it doesn't say what Major Keyhole claims it says. We have a copy of it and I

102

00:10:18,480 --> 00:10:26,080

quote to you from the copy. The Air Force document says just this the panel recommends

103

00:10:26,640 --> 00:10:33,680

that the national security agencies take immediate steps to strip the UFOs of the special status

104

00:10:33,680 --> 00:10:40,080

they have been given and the aura of mystery they have unfortunately acquired. We suggest an

105

00:10:40,080 --> 00:10:47,760

integrated program designed to reassure the public of the total lack of evidence of inimical forces

106

00:10:47,760 --> 00:10:55,520

behind the phenomena. And again as I point out Secretary Horner says it simply ain't so. The

107

00:10:55,600 --> 00:11:02,640

point really at issue here would seem Major Keyhole is this. Why do you believe that the Air

108

00:11:02,640 --> 00:11:09,680

Force says that nothing is going on. Why do you believe that the it's a fairly serious charge.

109

00:11:09,680 --> 00:11:15,760

I know it you make the charge that the United States government is withholding from the people

110

00:11:15,760 --> 00:11:21,600

of the United States certain very important information. Why what would their motives be

111

00:11:21,680 --> 00:11:26,320

for withholding that kind of information across. Well I'll answer that but I would also like to

112

00:11:26,320 --> 00:11:32,800

show you some proof that they are withholding it. The reason that was given to me when they were

113

00:11:32,800 --> 00:11:39,120

working with me back in 52 and 53 was first that they were afraid of hysteria. Remember the Orson

114

00:11:39,120 --> 00:11:44,000

Wells show back way years back when he scared people in the hills with the idea of invading

115

00:11:44,000 --> 00:11:50,640

Martians. Then they were also afraid that it would upset organized religion. That was a smaller

116

00:11:50,640 --> 00:11:56,160

factor but there was some fear of it. Later they were afraid that these accidents when the interceptors

117

00:11:56,160 --> 00:12:00,960

had chased these things and had been lost or had crashed might be considered a proof of hostility.

118

00:12:01,760 --> 00:12:09,040

Now I would never have put my name on anything if it were a matter of personal opinion. I've talked

119

00:12:09,040 --> 00:12:14,640

to and read the reports of hundreds of pilots and radar men and guided missile trackers who've seen

120

00:12:14,640 --> 00:12:21,680

these things and some of them are very important names. The Air Force says they have this down to

121

00:12:21,680 --> 00:12:26,400

1.9 percent but you'll notice the word current in there. They mean we are currently explaining.

122

00:12:27,200 --> 00:12:33,200

I have in my possession a copy of special report 14 which is their Bible on this. In the back it

123

00:12:33,200 --> 00:12:41,200

has a table showing that 3201 cases they examined 19 and a half percent were unsolved and they admit

124

00:12:41,280 --> 00:12:46,320

they still are unsolved. You add up what they've had since then it makes over 12 percent of the

125

00:12:46,320 --> 00:12:51,760

reports and those are mostly from the best possible sources. Now wait just a second. I'll use your

126

00:12:51,760 --> 00:12:58,560

figures. The Department of Defense released an official bulletin on November 5th 1957 saying that

127

00:12:58,560 --> 00:13:06,560

from June of 55 to June of 57 a two year period just a fraction over 2 percent of all investigated

128

00:13:06,560 --> 00:13:12,000

unidentified flying objects had to be listed as unknown 2 percent. So that's your 1.9. What was

129

00:13:12,000 --> 00:13:19,040

the period again. 55 to 57. The rest would determine there have been balloons airplanes hoaxes and a

130

00:13:19,040 --> 00:13:24,640

category about 12 percent called insufficient information which means that the report was so

131

00:13:24,640 --> 00:13:30,880

flimsy that there was simply nothing to check on. I must confess that they have certainly shown me no

132

00:13:30,880 --> 00:13:35,520

classified material but they have opened their files quite willingly to us in our preparation

133

00:13:35,520 --> 00:13:41,360

for this program tonight and they've given us very convincing evidence Major Keyhole that it is

134

00:13:41,360 --> 00:13:50,000

largely I shouldn't say largely I'll say 99 and 44 100 percent a hoax. Now you mentioned a hoax.

135

00:13:50,000 --> 00:13:58,160

Well I'm calling on a good pilot's hoax. No no no not hoaxed it. I thank you for correcting me not

136

00:13:58,160 --> 00:14:04,720

just a hoax but let's say misinformation or sightings of objects which seem to be one thing

137

00:14:04,720 --> 00:14:11,520

but are in fact another. I'm glad that you corrected me about hoax because it doesn't by no means that

138

00:14:11,520 --> 00:14:17,600

much a hoax. But you mentioned a Dr. Donald Menzel who's a professor of astrophysics at Harvard

139

00:14:17,600 --> 00:14:22,320

before. I think you will agree that he's one of the world's most distinguished astrophysicists is

140

00:14:22,320 --> 00:14:28,960

that not so. I think there are others who are equally capable but he's not agree with him. He is one

141

00:14:29,040 --> 00:14:34,320

of the he is one of the world's most distinguished astrophysicists though I think we can't agree on

142

00:14:34,320 --> 00:14:42,320

that in any case. He stresses you see that pilots are not expert observers that they as well as

143

00:14:42,320 --> 00:14:47,760

others can see flying saucers when it's only to quote him the wrapper of somebody's lunch blowing

144

00:14:47,760 --> 00:14:55,200

around in the air and quote but again let's come back to the point the most important point

145

00:14:55,200 --> 00:15:00,640

Major Kehoe and that is why why will the Air Force why will the United States government

146

00:15:01,200 --> 00:15:06,240

withhold information from United States citizens for what reason because they're treating them

147

00:15:06,240 --> 00:15:10,160

like children the way they did with the H bomb at first and the way they were doing with they've

148

00:15:10,160 --> 00:15:15,360

been doing with other things now I'm not attacking the United States Air Force I'm attacking a small

149

00:15:15,360 --> 00:15:21,920

group in there that has been persistently keeping this from the public just as they've kept other

150

00:15:21,920 --> 00:15:26,240

things for a long time you couldn't even mention the idea that we could be hit by missiles from

151

00:15:26,240 --> 00:15:32,160

submarines from the Gulf and from both coasts very easily I knew that years and years ago and

152

00:15:32,160 --> 00:15:37,440

tried to get it out and at the time was discouraged about it you mentioned these did this denial of

153

00:15:37,440 --> 00:15:42,000

these documents now I'd like to tell you something that happened on the Armstrong Circle Theater

154

00:15:43,600 --> 00:15:49,760

I had requested that those points be in the script and I was discouraged from it at first by

155

00:15:49,760 --> 00:15:54,960

their writer then later some of our board of governors insisted that we have those points

156

00:15:54,960 --> 00:16:00,640

included so I said either I don't go on or we have those in there I said all right so the script

157

00:16:00,640 --> 00:16:06,480

was completely rewritten now those were in the script as it was first rehearsed but when the

158

00:16:06,480 --> 00:16:12,720

second rehearsal came along and the Air Force saw the Mimigra she's the Air Force representative

159

00:16:12,720 --> 00:16:19,440

according to the Armstrong writer said they would immediately deny it on the air even though it meant

160

00:16:19,440 --> 00:16:25,920

denouncing their own former project chief now the source for this is captain Edward Ruppel

161

00:16:26,480 --> 00:16:31,040

who was the head of project bluebook for two years and at that time he was considered good

162

00:16:31,040 --> 00:16:37,200

enough that he briefed president Truman on these things he was the top man rank didn't mean anything

163

00:16:37,200 --> 00:16:43,520

it's your experience accounted he says these things existed he put it in a book which was cleared

164

00:16:43,600 --> 00:16:50,000

by security and review in the Air Force on December 5th 1955 that was cleared it's in his book

165

00:16:50,000 --> 00:16:55,600

he's never been hauled in the court martial now I have here and if you allow your camera to come in

166

00:16:55,600 --> 00:17:04,000

on it this is a sheet from the script the Armstrong Theater which was deleted this was crossed off

167

00:17:05,840 --> 00:17:11,760

and I was told that I couldn't say it on the air now that was censorship by intimidation

168

00:17:11,920 --> 00:17:17,280

this can be matched up with the other sheets from the Armstrong Circle script and any typewriter

169

00:17:17,280 --> 00:17:21,680

expert will show you well I'm just I'm sorry they ordered it taken out I'm certain that people

170

00:17:21,680 --> 00:17:26,160

believe you the only thing is that the next morning I distinctly remember reading a report by you

171

00:17:26,160 --> 00:17:31,840

Major Keough to the effect that no censorship no pressure of any kind put on you I'm sorry

172

00:17:31,840 --> 00:17:38,160

Mr. Austin that I know that statement almost by heart yes I said that CBS and the Armstrong

173

00:17:38,160 --> 00:17:43,680

people were not to blame for cutting me off the air when I tried to mention the fact that a Senate

174

00:17:43,680 --> 00:17:49,360

committee was working on the secrecy angle I never mentioned this that night to anyone because I had

175

00:17:49,360 --> 00:17:55,440

promised that I wouldn't say anything about it on the air that the Armstrong people it was taken out

176

00:17:55,440 --> 00:18:03,200

and I will do this I will ask United States Air Force to have the Marine Corps put me on active duty

177

00:18:04,160 --> 00:18:10,960

for court Marshall if that is not the case. Major Keough I understand you have three new reports

178

00:18:10,960 --> 00:18:16,880

on file which in your opinion you have them currently on file and their new reports these in your

179

00:18:16,880 --> 00:18:22,720

opinion would convince every person in this country that flying saucers are a fact is that correct

180

00:18:23,760 --> 00:18:28,800

they should convince a lot of people because of the the names involved tell us about it.

181

00:18:28,800 --> 00:18:34,400

I told your interviewer in Washington that I couldn't mention the names because they were too high one

182

00:18:34,400 --> 00:18:39,680

of them is a top scientist in this country whose name would be known to everybody. Why wouldn't he

183

00:18:39,680 --> 00:18:44,880

want his because he's afraid of the official ridicule. He's afraid of official ridicule that's

184

00:18:44,880 --> 00:18:51,040

right more afraid of official ridicule than of possibly alerting the country to a serious national

185

00:18:51,040 --> 00:18:55,360

danger. She surprised how many people give us reports and they say please keep my name confidential

186

00:18:55,360 --> 00:19:04,160

I give you one report which came to us the name has to be left out in 1951 a UFO circled the fleet

187

00:19:04,160 --> 00:19:11,200

in Korean waters it circled at high speed and they launched several planes to try to get a close in

188

00:19:11,200 --> 00:19:16,560

on it they got a radar lock on that is the radar was guiding the planes toward the object this was

189

00:19:16,560 --> 00:19:22,880

picked up by radars on 14 naval vessels this object circled for a half an hour more and then it took

190

00:19:22,880 --> 00:19:29,280

off at the speed way over in excess of a thousand miles an hour this report was certified nine members

191

00:19:29,280 --> 00:19:33,440

of our board of governors saw it signed it and agreed that they had seen it and agreed to the

192

00:19:33,440 --> 00:19:41,360

contents yeah there is another report that just came in from four top missile designers or engineers

193

00:19:41,360 --> 00:19:46,960

at one of the big plants in this country they saw an elliptically shaped object in two small

194

00:19:46,960 --> 00:19:55,760

round shaped objects flying with it over California November 11th 1957 at a speed of at least 5,000

195

00:19:55,760 --> 00:20:01,520

miles an hour these men are well qualified to know what they see with broad daylight not a cloud in

196

00:20:01,520 --> 00:20:07,120

the sky there have been cases even where the Air Force has shot at these things if there's nothing

197

00:20:07,120 --> 00:20:14,960

there and they don't exist why do they shoot at them you mentioned Mr. Horner the day after Mr. Horner

198

00:20:14,960 --> 00:20:20,160

said that the Air Force was not concealing anything a captain Gregory Oldenburg a public

199

00:20:20,160 --> 00:20:25,760

information officer at Langley Field refused to let an ad be inserted in the Langley base

200

00:20:25,760 --> 00:20:31,440

flyer their newspaper which asked that anybody interested in UFOs please communicate and form

201

00:20:31,440 --> 00:20:36,160

a little group he said I must refuse to do this because it's the dissemination of information

202

00:20:36,160 --> 00:20:43,600

on UFOs is contrary to Air Force policy and Air Force regulation 200-2 and I have a copy of it

203

00:20:43,600 --> 00:20:47,920

here in case you want to see it well major keyhole I must say that the Air Force tells us

204

00:20:48,880 --> 00:20:53,680

they don't question your motives but they do question the accuracy of a good deal of your

205

00:20:53,680 --> 00:21:01,120

information and for that reason they say you have been and were they to in a sense throw open

206

00:21:02,000 --> 00:21:09,120

an invitation to all people who cite UFOs to get in touch with them once again they get all kinds

207

00:21:09,200 --> 00:21:14,880

of cranks hoaxers and so forth and you see they run down every one of these sightings and it has

208

00:21:14,880 --> 00:21:22,160

cost them a tremendous amount of money to no avail over the past few years that's what they told you

209

00:21:22,160 --> 00:21:28,160

that is what they told me in the past few years millions of flying saucer enthusiasts have become

210

00:21:28,160 --> 00:21:33,760

excited about the stories of two men George Adam Ski and Howard Manger both of them claim to have

211

00:21:33,760 --> 00:21:38,880

seen flying saucers Manger claims to have been given a ride in one by some creatures from Venus

212

00:21:39,280 --> 00:21:43,680

Adam Ski says he's chatted with a man from Venus in the California desert

213

00:21:44,560 --> 00:21:51,920

I'd like to get your reaction to those stories in just 60 seconds all right major about George

214

00:21:51,920 --> 00:21:56,960

Adam Ski and Howard Manger both men claimed to have talked with men from Venus Manger claims

215

00:21:56,960 --> 00:22:03,520

that he's even taken a ride on a flying saucer do you believe them no you think they are hoaxers

216

00:22:03,520 --> 00:22:09,360

we do not accept any reports of these so-called contactees without more evidence we've asked

217

00:22:09,360 --> 00:22:14,400

them to submit their claims and take a lie detector test we don't throw them out we simply say we'll

218

00:22:14,400 --> 00:22:19,360

give you a fair chance I think that's the least important part of the picture the most important

219

00:22:19,360 --> 00:22:24,800

part is the weight of evidence from hundreds of competent people I'd like to name a few

220

00:22:25,360 --> 00:22:30,640

Captain Richard K's American Airlines Captain C.S. Child's Eastern Airlines Captain T. Kravitz

221

00:22:30,640 --> 00:22:37,440

TWA Robert Addictus TWA Colonel Donald J. Blake's the U.S. Air Force a wing commander I could get

222

00:22:37,440 --> 00:22:42,320

down the list people who know what they're doing and they're still on duty they're still flying

223

00:22:42,320 --> 00:22:48,320

Major Kehoe what would you like to see done about flying saucers that is not currently being done

224

00:22:48,320 --> 00:22:53,520

what steps would you like to see Ted I think the American people should write to their congressman

225

00:22:53,520 --> 00:22:57,840

and insist that open hearings be held by the permanent committee on government operations

226

00:22:57,920 --> 00:23:02,480

which has been linking into this for six months an Air Force spokesman told us this last week he

227

00:23:02,480 --> 00:23:08,480

said members of the Senate subcommittee have talked with us already and they have shown no

228

00:23:08,480 --> 00:23:14,000

interest in conducting any hearings on this issue I talked with the chief investigator within the

229

00:23:14,000 --> 00:23:20,320

last two weeks I gave him a lot of information and I gave him data on one case where an airliner

230

00:23:20,320 --> 00:23:24,720

was sent to chase one of these things and the passengers kept an ignorance of it at that time

231

00:23:24,720 --> 00:23:30,000

that involves two government agencies beside the Air Force which is refused to release the report

232

00:23:31,280 --> 00:23:36,400

if the committee were to get Ruppelt major forna a several colonel's around that time major general

233

00:23:36,400 --> 00:23:42,240

garland who was on the project there would be a big revelation because the Air Force is simply

234

00:23:42,240 --> 00:23:47,680

feeding the American people like children they don't trust him with the facts you know here's an

235

00:23:47,680 --> 00:23:53,040

interesting I think an interesting question major the United States and Russia have started sending

236

00:23:53,040 --> 00:24:00,080

satellites into the sky and we may be hitting the moon with a rocket soon possibly Mars you believe

237

00:24:00,080 --> 00:24:06,320

that creatures from outer space have space stations on Mars what's going to happen when we start firing

238

00:24:06,320 --> 00:24:12,400

rockets at the moon or at Mars that question's already been brought up we expect to have a base

239

00:24:12,400 --> 00:24:17,520

on the moon within the next five years it's possible that there is a base on there I don't say

240

00:24:17,520 --> 00:24:21,520

there was any proof of it is it possible we're going to start an interplanetary war when we

241

00:24:21,520 --> 00:24:27,680

start sending our rockets to the moon and tomorrow in 1955 general Douglas McArthur said the next war

242

00:24:27,680 --> 00:24:33,280

would be an interplanetary war and we'd have to unite against people from other planets last question

243

00:24:33,280 --> 00:24:42,000

major keyhole have you ever seen a flying saucer I've seen them tracked on radar but I take the

244

00:24:42,000 --> 00:24:47,840

word of about 800 of the best witnesses in this country and abroad but you yourself have never

245

00:24:47,920 --> 00:24:53,440

seen a flying I've just been a reporter and a careful one thank you very much major Donald keyhole

246

00:24:54,720 --> 00:24:58,240

as you've just heard the flying saucer controversy is deadlocked in

247

00:24:58,960 --> 00:25:04,880

contradictory statements and interpretation of facts as for major Donald keyhole himself

248

00:25:04,880 --> 00:25:11,920

like most of us he's never seen a flying saucer which may just make him like a mystic who's never

249

00:25:11,920 --> 00:25:28,000

seen a ghost but one must give him credit he has much faith
