

1

00:00:00,000 --> 00:00:06,000

Colonel Tackard, do you believe really that flying saucers do exist or don't?

2

00:00:06,000 --> 00:00:13,000

Well, that's a matter of savannic. Dave, what do you mean by a flying saucer? Do you mean a spaceship?

3

00:00:13,000 --> 00:00:17,000

No. I mean that other than a flying saucer.

4

00:00:17,000 --> 00:00:25,000

Exactly. I believe unidentified flying objects occur and that many solid citizens see them.

5

00:00:25,000 --> 00:00:27,000

What do you think they are?

6

00:00:27,000 --> 00:00:37,000

Well, in most instances we've been able to explain all of them as either conventional objects under extenuating circumstances or some form of aerial phenomena.

7

00:00:37,000 --> 00:00:39,000

Well, phenomena isn't an object, is it?

8

00:00:39,000 --> 00:00:40,000

No, it's not.

9

00:00:40,000 --> 00:00:41,000

We said objects, we said.

10

00:00:41,000 --> 00:00:42,000

All right.

11

00:00:42,000 --> 00:00:45,000

That rule out phenomena. What about unidentified objects?

12

00:00:45,000 --> 00:00:48,000

However, it's originally reported as an object.

13

00:00:48,000 --> 00:00:51,000

Well, if it isn't, it's matter of savannic, she said.

14

00:00:51,000 --> 00:00:52,000

That's right.

15

00:00:52,000 --> 00:01:00,000

What was the other classification now of this you just mentioned, either phenomena or conventional objects under extenuating circumstances?

16

00:01:00,000 --> 00:01:01,000

The aircraft, right?

17

00:01:01,000 --> 00:01:02,000

I see.

18

00:01:02,000 --> 00:01:04,000

An unusual light condition.

19

00:01:04,000 --> 00:01:05,000

Right.

20

00:01:05,000 --> 00:01:07,000

Or in a fog or something like that.

21

00:01:07,000 --> 00:01:14,000

That opinion was given by Lieutenant Colonel Lawrence Tackard, U.S. Air Force, spokesman on the question of unidentified flying objects.

22

00:01:14,000 --> 00:01:18,000

An author that just published book, Flying Saucers and the U.S. Air Force.

23

00:01:19,000 --> 00:01:22,000

The official Air Force story, it says here.

24

00:01:22,000 --> 00:01:24,000

Major Keyhoes, I guess it's one in two.

25

00:01:24,000 --> 00:01:25,000

Major Donald Keyhoes.

26

00:01:25,000 --> 00:01:30,000

Do you believe that flying saucers or UFOs, unidentified flying objects exist, Major?

27

00:01:30,000 --> 00:01:32,000

Yes, I do, particularly.

28

00:01:32,000 --> 00:01:36,000

And we've evaluated evidence in our National Committee in Washington.

29

00:01:36,000 --> 00:01:37,000

Excuse me, I'm sorry.

30

00:01:37,000 --> 00:01:39,000

I confused the semantic issue here.

31

00:01:39,000 --> 00:01:40,000

I said both at the same time.

32

00:01:40,000 --> 00:01:43,000

Do you believe that flying saucers exist?

33

00:01:43,000 --> 00:01:46,000

Well, I don't like that nickname anymore in the Air Force.

34

00:01:46,000 --> 00:01:50,000

I believe that flying objects under intelligent control exist.

35

00:01:50,000 --> 00:01:54,000

And that's the belief shared by the majority of our committee in Washington.

36

00:01:54,000 --> 00:01:56,000

Flying objects under intelligent control?

37

00:01:56,000 --> 00:01:57,000

That's right.

38

00:01:57,000 --> 00:02:01,000

Well, that's the belief of Major Donald Keyhoes, Marine Corps, retired.

39

00:02:01,000 --> 00:02:06,000

Author of several books and head of the National Investigations Committee on Aerial Phenomenon.

40

00:02:06,000 --> 00:02:10,000

This book, Colonel Tackard, has occupied me over a bunch of the weekend.

41

00:02:10,000 --> 00:02:12,000

It was a very exciting book to read.

42

00:02:12,000 --> 00:02:15,000

I've read some of Major Keyholes' books, too.

43

00:02:15,000 --> 00:02:21,000

Air Force figures, I believe, show that they're been 6,523 reported findings over the past 13 years.

44

00:02:21,000 --> 00:02:26,000

What percentage of these, according to Air Force standards, remain unexplained?

45

00:02:26,000 --> 00:02:33,000

I'd have to go back to the early days and admit that in the very beginning, when this

46

00:02:33,000 --> 00:02:40,000

was the first time that the Air Force had ever been exposed to the new subject in, say,

47

00:02:40,000 --> 00:02:47,000

47 in 1950, that the unknowns or the unidentified cases ran as high as 20%.

48

00:02:47,000 --> 00:02:54,000

By 1953, they were down to 9%, and now they run somewhere between 2 and 3%.

49

00:02:54,000 --> 00:02:55,000

2 and 3%?

50

00:02:55,000 --> 00:02:56,000

Yes, sir.

51

00:02:56,000 --> 00:02:58,000

Major Keyholes, do you agree with that?

52

00:02:58,000 --> 00:02:59,000

No, I don't.

53

00:02:59,000 --> 00:03:01,000

But the Air Force has issued a statement.

54

00:03:01,000 --> 00:03:06,000

In fact, it's repeated in the Colonel's book here, without any qualifications, that the

55

00:03:06,000 --> 00:03:10,000

Air Force has explained all but about 2% of the totals.

56

00:03:10,000 --> 00:03:17,000

I have here a letter signed by an official in the Air Force, says that, up to the end of 1959,

57

00:03:17,000 --> 00:03:27,000

there were 565 cases unexplained, a total of 9 and 410% and incidentally, the official was Colonel Lawrence Jay Tackard.

58

00:03:28,000 --> 00:03:34,000

I know, but you keep putting out this statement that the Air Force has explained all but so

59

00:03:34,000 --> 00:03:37,000

so all of the total reported and it doesn't qualify.

60

00:03:37,000 --> 00:03:42,000

It gives people the impression that you have only a triple left of those cases.

61

00:03:42,000 --> 00:03:44,000

What about that, Colonel?

62

00:03:44,000 --> 00:03:48,000

Well, I think I stated it correctly when you initially asked me, Dave.

63

00:03:48,000 --> 00:03:52,000

I said in the early days that they probably ran higher.

64

00:03:52,000 --> 00:03:54,000

The investigative techniques, one is good.

65

00:03:54,000 --> 00:04:05,000

We, with the new subject, this is where the science fiction type thing that Major Gihl Rice got started.

66

00:04:05,000 --> 00:04:08,000

May I read a paragraph from the book here?

67

00:04:08,000 --> 00:04:11,000

Many sightings by qualified or reliable witnesses have been reported.

68

00:04:11,000 --> 00:04:20,000

However, each of them seems to have an unsatisfactory effect associated with it, such as shortness of time under observation.

69

00:04:20,000 --> 00:04:25,000

If you saw Marilyn Monroe walking by and you saw for one second, would that be adequate?

70

00:04:25,000 --> 00:04:27,000

Quite probably recognized.

71

00:04:27,000 --> 00:04:29,000

That's what I mean.

72

00:04:29,000 --> 00:04:32,000

Inacrid estimates of distance from the observer.

73

00:04:32,000 --> 00:04:35,000

How is that known, if they're inacrid?

74

00:04:35,000 --> 00:04:43,000

Generally, just by a simple mathematical computation at the technical intelligence level.

75

00:04:43,000 --> 00:04:45,000

How do they know? What the distance is?

76

00:04:45,000 --> 00:04:48,000

Well, just based upon the size of the object given.

77

00:04:48,000 --> 00:04:51,000

Well, they can be clear.

78

00:04:51,000 --> 00:04:53,000

But the object isn't given.

79

00:04:53,000 --> 00:04:55,000

It generally is, in the report.

80

00:04:55,000 --> 00:04:58,000

The object and the sign, the approximate sign.

81

00:04:58,000 --> 00:05:02,000

Or if we don't want the object to be given, we give the sign.

82

00:05:02,000 --> 00:05:03,000

Well, they give the sign.

83

00:05:03,000 --> 00:05:05,000

That's the period in the sightings.

84

00:05:05,000 --> 00:05:07,000

Oh, the angular sign.

85

00:05:07,000 --> 00:05:09,000

Why don't they say anything about the distance, I think?

86

00:05:09,000 --> 00:05:11,000

Oh, they can work out distance, I think.

87

00:05:11,000 --> 00:05:18,000

Was one starting with an angular object like a star or a planet or anything?

88

00:05:18,000 --> 00:05:19,000

That's fair.

89

00:05:19,000 --> 00:05:22,000

Well, the astronomy would like to know that as a doctor's fact.

90

00:05:22,000 --> 00:05:24,000

It says, not the photographs.

91

00:05:24,000 --> 00:05:27,000

Was the photograph taken or something?

92

00:05:27,000 --> 00:05:31,000

No, a photograph wants to be taken, but a photograph is good evidence.

93

00:05:31,000 --> 00:05:33,000

This is the lack of a satisfactory fact.

94

00:05:33,000 --> 00:05:35,000

Or a satisfactory fact.

95

00:05:35,000 --> 00:05:36,000

That's right.

96

00:05:36,000 --> 00:05:38,000

Wouldn't it be much better to have one?

97

00:05:38,000 --> 00:05:43,000

A serious lack of, yes, but not having one, again, at Maryland Rural Rock Fire,

98

00:05:43,000 --> 00:05:46,000

you might not get the picture, but you'd show us who's there.

99

00:05:46,000 --> 00:05:51,000

A serious lack of descriptive data that's just why you're saying something, yeah.

100

00:05:51,000 --> 00:05:53,000

I think you might know what you're saying, too.

101

00:05:53,000 --> 00:05:58,000

A serious lack of descriptive data that prevented definitely conclusions from being drawn.

102

00:05:58,000 --> 00:06:02,000

Again, at Maryland Rural Rock Fire, and would you have the serious lack of descriptive data

103

00:06:02,000 --> 00:06:04,000

that's prevented definitely conclusions?

104

00:06:04,000 --> 00:06:06,000

Yes, sir.

105

00:06:06,000 --> 00:06:08,000

You have to draw conclusions.

106

00:06:08,000 --> 00:06:10,000

You think you might say that?

107

00:06:10,000 --> 00:06:11,000

No.

108

00:06:11,000 --> 00:06:16,000

When you see something and you describe it, you have to draw conclusions about it.

109

00:06:16,000 --> 00:06:19,000

What if you cite the data, and you describe it?

110

00:06:19,000 --> 00:06:22,000

I don't think so.

111

00:06:22,000 --> 00:06:24,000

But there we go.

112

00:06:24,000 --> 00:06:27,000

Major Kevo, let's take you on the phone right now.

113

00:06:27,000 --> 00:06:30,000

And after we take a first look at the picture.

114

00:06:30,000 --> 00:06:34,000

I'm talking with Senator Tillerson, my current major, too, how long.

115

00:06:34,000 --> 00:06:36,000

I'm identified as Flying Optics.

116

00:06:36,000 --> 00:06:40,000

Major, you've maintained this for some years now, I believe, that the Air Force

117

00:06:40,000 --> 00:06:44,000

has put in place a lot of new misinformation from the Republican government subject to court.

118

00:06:44,000 --> 00:06:47,000

How do you support such a serious charge?

119

00:06:47,000 --> 00:06:49,000

We stand very confidential at court.

120

00:06:49,000 --> 00:06:54,000

When I see you're confidential, I really was confidential to members of Congress.

121

00:06:54,000 --> 00:06:56,000

Well, true, I am too, sir.

122

00:06:56,000 --> 00:06:59,000

At this stage, I'm a digest of the evidence.

123

00:06:59,000 --> 00:07:05,000

Now, the Indian School of Crimes Actors says that all the Congressmen who talked with the Air Force officers

124

00:07:05,000 --> 00:07:09,000

about this topic were completely satisfied with their percentages.

125

00:07:09,000 --> 00:07:11,000

I'd like to mention the letters.

126

00:07:11,000 --> 00:07:14,000

I have all the letters here and about this one in Washington State.

127

00:07:14,000 --> 00:07:17,000

Representative John McClamick, House Secretary Leader.

128

00:07:17,000 --> 00:07:20,000

This is a House Select Committee which is a good chairman.

129

00:07:20,000 --> 00:07:23,000

I try to get information that they were not able to do so.

130

00:07:23,000 --> 00:07:27,000

And the number of them were convinced that they were unclaimed officers.

131

00:07:27,000 --> 00:07:32,000

Representative George Clark said on executive stations that they tried to get the Air Force

132

00:07:32,000 --> 00:07:36,000

to address the security and that this was involved in the nation.

133

00:07:36,000 --> 00:07:38,000

I think that's what was going on there.

134

00:07:38,000 --> 00:07:40,000

He's never taken reference to security.

135

00:07:40,000 --> 00:07:42,000

Representative Clark, the lawyer.

136

00:07:42,000 --> 00:07:44,000

Are you calling the lawyer in general?

137

00:07:44,000 --> 00:07:45,000

Why the lawyer?

138

00:07:45,000 --> 00:07:47,000

Did you read the phone to the court?

139

00:07:47,000 --> 00:07:49,000

Carl, the lawyer, we're in your office.

140

00:07:49,000 --> 00:07:52,000

I do follow up on Mr. Warner, the lawyer.

141

00:07:52,000 --> 00:07:55,000

I'd like to hear the word lawyer if I can.

142

00:07:55,000 --> 00:07:57,000

You read it. You went on and brought it up.

143

00:07:57,000 --> 00:07:58,000

I know. I'm waiting for it.

144

00:07:58,000 --> 00:08:00,000

You're trying to keep me from reading the letters.

145

00:08:00,000 --> 00:08:01,000

I'm not trying to.

146

00:08:01,000 --> 00:08:03,000

No, I'm doing it.

147

00:08:03,000 --> 00:08:07,000

We have letters here from a number of Congressmen who say they are completely

148

00:08:07,000 --> 00:08:10,000

and seriously concerned over the secrecy.

149

00:08:10,000 --> 00:08:15,000

This report, they accepted as proof that these objects were red or yellow and should

150

00:08:15,000 --> 00:08:17,000

be driven by other rats.

151

00:08:17,000 --> 00:08:20,000

What did you call about the following, Mr. Colonel?

152

00:08:20,000 --> 00:08:25,000

I asked, what do you call a white statement?

153

00:08:25,000 --> 00:08:27,000

No, I...

154

00:08:27,000 --> 00:08:29,000

I recall what you said.

155

00:08:29,000 --> 00:08:32,000

You said in reference to one of those, have you read the letter at space?

156

00:08:32,000 --> 00:08:36,000

Yes, and I asked if you were saying that General White's statement was an omni.

157

00:08:36,000 --> 00:08:39,000

In regard to what?

158

00:08:39,000 --> 00:08:41,000

In regard to what?

159

00:08:41,000 --> 00:08:44,000

In regard to the fact that no spaceships have ever been found.

160

00:08:44,000 --> 00:08:45,000

Oh.

161

00:08:45,000 --> 00:08:46,000

That they don't exist.

162

00:08:46,000 --> 00:08:47,000

That wasn't all we were talking about.

163

00:08:47,000 --> 00:08:48,000

No, it was not.

164

00:08:48,000 --> 00:08:50,000

And I would, if I can, I'd like to finish this.

165

00:08:50,000 --> 00:08:52,000

This is what Dr. Wielbos spoke about.

166

00:08:52,000 --> 00:08:57,000

This was approved by the Fulminant Central Intelligence Agency by General Allen Carter,

167

00:08:57,000 --> 00:09:00,000

by General Wielbos, Colonel Anderson, and I know it was her.

168

00:09:00,000 --> 00:09:06,000

Thank you for knowing, for the London Realtorject, and about 200 scientists, engineers,

169

00:09:06,000 --> 00:09:10,000

and others, uh, who could be called crackpot type.

170

00:09:10,000 --> 00:09:15,000

Well, in the air, these people said that they are concerned with it,

171

00:09:15,000 --> 00:09:20,000

but to me, they just stayed in the house and they started to hear from the folks.

172

00:09:20,000 --> 00:09:25,000

It was an attempt to really get an understanding of how it was, and there was no such power.

173

00:09:25,000 --> 00:09:30,000

The policy is to say that, in the first, to explain when the Air Force Regulation 200-2

174

00:09:30,000 --> 00:09:37,000

said that, but B-9, I know it's B-9, says all air force extradition has produced the report

175

00:09:37,000 --> 00:09:38,000

to the minimum.

176

00:09:38,000 --> 00:09:42,000

I am not a member of the Air Force Regulation 200-2, but I am a member of the Air Force Regulation

177

00:09:42,000 --> 00:09:46,000

200-2, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

178

00:09:46,000 --> 00:09:51,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

179

00:09:51,000 --> 00:09:56,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

180

00:09:56,000 --> 00:10:01,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

181

00:10:01,000 --> 00:10:06,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

182

00:10:06,000 --> 00:10:11,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

183

00:10:11,000 --> 00:10:16,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's

184

00:10:16,000 --> 00:10:22,000

B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and

185

00:10:22,000 --> 00:10:27,000

I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

186

00:10:27,000 --> 00:10:32,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that

187

00:10:32,000 --> 00:10:37,000

it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

188

00:10:37,000 --> 00:10:42,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

189

00:10:42,000 --> 00:10:47,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

190

00:10:47,000 --> 00:10:52,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

191

00:10:52,000 --> 00:10:57,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

192

00:10:57,000 --> 00:11:02,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

193

00:11:02,000 --> 00:11:07,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know

194

00:11:07,000 --> 00:11:12,000

that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

195

00:11:12,000 --> 00:11:17,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

196

00:11:17,000 --> 00:11:22,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

197

00:11:22,000 --> 00:11:27,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

198

00:11:27,000 --> 00:11:32,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

199

00:11:32,000 --> 00:11:37,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

200

00:11:37,000 --> 00:11:42,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

201

00:11:42,000 --> 00:11:47,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

202

00:11:47,000 --> 00:11:52,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

203

00:11:52,000 --> 00:11:57,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

204

00:11:57,000 --> 00:12:02,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

205

00:12:02,000 --> 00:12:07,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

206

00:12:07,000 --> 00:12:12,000

and I know that it's B-9, and I know that it's B-9, and I know that it's B-9, and I know that it's B-9,

207

00:12:12,000 --> 00:12:13,000

and we didn't need to do that.

208

00:12:13,000 --> 00:12:22,000

Colonel, you quoted General White forward to the book, and the book is described as the official Air Force story.

209

00:12:22,000 --> 00:12:25,000

Nowhere in the book is it said it's the official Air Force story.

210

00:12:25,000 --> 00:12:31,000

It's a chapter in the title of the official Air Force position, but it's written that way by the Department of Defense.

211

00:12:31,000 --> 00:12:32,000

I see.

212

00:12:32,000 --> 00:12:38,000

Colonel White, who of course is Chief of Staff, U.S. Air Force, has it forward,

213

00:12:38,000 --> 00:12:43,000

but what he essentially says is that under those five blackout leaders I investigated,

214

00:12:43,000 --> 00:12:46,000

so far not a single bit of material evidence has been disrespected,

215

00:12:46,000 --> 00:12:48,000

but it's just been found.

216

00:12:48,000 --> 00:12:50,000

What you have to...

217

00:12:50,000 --> 00:12:53,000

Twenty times in there, Dave, is the fact that by an act of Congress,

218

00:12:53,000 --> 00:12:56,000

the United States Air Force is charging the air defense to the United States.

219

00:12:56,000 --> 00:13:01,000

You can't separate U.S. homes from our air defense mission.

220

00:13:01,000 --> 00:13:03,000

No, we can't possibly do it.

221

00:13:03,000 --> 00:13:06,000

And we'll charge with it, therefore we go up.

222

00:13:06,000 --> 00:13:09,000

We expand once at time, based on these things.

223

00:13:09,000 --> 00:13:14,000

But must material evidence of the existence of something be found before it's real?

224

00:13:14,000 --> 00:13:15,000

Certainly, I believe so.

225

00:13:15,000 --> 00:13:17,000

I don't think you have any.

226

00:13:17,000 --> 00:13:19,000

Do you have a piece of lube in your hand?

227

00:13:19,000 --> 00:13:20,000

No.

228

00:13:20,000 --> 00:13:21,000

Is it real?

229

00:13:21,000 --> 00:13:23,000

Oh, I think it was.

230

00:13:23,000 --> 00:13:26,000

Yeah, but then you have a spectrum analysis of light,

231

00:13:26,000 --> 00:13:28,000

and you've taken...

232

00:13:28,000 --> 00:13:32,000

I'm not a scientist, I'm an information officer.

233

00:13:32,000 --> 00:13:34,000

I'm a reporter.

234

00:13:34,000 --> 00:13:40,000

But there are such things as photographs and spectrum analysis,

235

00:13:40,000 --> 00:13:44,000

and mathematical tools that they can do up to a basis.

236

00:13:44,000 --> 00:13:47,000

And so, there's a pure scientist against that.

237

00:13:47,000 --> 00:13:50,000

I'm not a very statement by somebody that's pure of space.

238

00:13:50,000 --> 00:13:53,000

I believe it is an act of faith.

239

00:13:53,000 --> 00:13:59,000

But I object to and it's a countless,

240

00:13:59,000 --> 00:14:02,000

lying, and the answer is with only information.

241

00:14:02,000 --> 00:14:04,000

This is ridiculous.

242

00:14:04,000 --> 00:14:05,000

Well, this thing is ridiculous.

243

00:14:05,000 --> 00:14:07,000

One of the problems is that it has a little extra power.

244

00:14:07,000 --> 00:14:09,000

Yes, it does.

245

00:14:09,000 --> 00:14:11,000

Well, you mean everything is ridiculous.

246

00:14:11,000 --> 00:14:12,000

No, but I feel for over.

247

00:14:12,000 --> 00:14:14,000

We have a clear determination.

248

00:14:14,000 --> 00:14:18,000

You can't prove it because we have cases you know we don't.

249

00:14:18,000 --> 00:14:20,000

And if you have...

250

00:14:20,000 --> 00:14:22,000

You have cases you know we don't.

251

00:14:22,000 --> 00:14:25,000

I'm talking about my case.

252

00:14:25,000 --> 00:14:26,000

What is my case?

253

00:14:26,000 --> 00:14:28,000

My case is a UFO happy group.

254

00:14:28,000 --> 00:14:29,000

Oh, no, it's not.

255

00:14:29,000 --> 00:14:30,000

Are you saying that human car,

256

00:14:30,000 --> 00:14:33,000

there's talk that we've got high air force officers

257

00:14:33,000 --> 00:14:34,000

trying to do the bright enforcers

258

00:14:34,000 --> 00:14:36,000

or a criminal man can send their forces?

259

00:14:36,000 --> 00:14:38,000

You have to be a man.

260

00:14:38,000 --> 00:14:40,000

I'm not trying to pressure you.

261

00:14:40,000 --> 00:14:41,000

Matter of fact, keep your temper.

262

00:14:41,000 --> 00:14:43,000

We might get out of sight.

263

00:14:43,000 --> 00:14:44,000

I have no temper here.

264

00:14:44,000 --> 00:14:47,000

I will make you an order.

265

00:14:47,000 --> 00:14:49,000

I will agree to appear with you in public

266

00:14:49,000 --> 00:14:52,000

and suppose that we don't have time to put on here.

267

00:14:52,000 --> 00:14:54,000

If you can prove what you say is true,

268

00:14:54,000 --> 00:14:56,000

I will resign as Director Nicaragua

269

00:14:56,000 --> 00:14:59,000

recommend to Edmond Norgun as we disband.

270

00:14:59,000 --> 00:15:03,000

I will tell Edmond Norgun to get evidence up.

271

00:15:03,000 --> 00:15:05,000

I will do this as a station.

272

00:15:05,000 --> 00:15:08,000

We've just taken out ten minutes of the show.

273

00:15:08,000 --> 00:15:10,000

Later on we can come back for ten more minutes.

274

00:15:10,000 --> 00:15:12,000

Right now we're going to take the news, alright?

275

00:15:12,000 --> 00:15:15,000

And I think if we can do a part for those

276

00:15:15,000 --> 00:15:18,000

intervening fifteen minutes, it might be wise.

277

00:15:18,000 --> 00:15:20,000

No problem, Dave. No problem.

278

00:15:20,000 --> 00:15:22,000

I'm enjoying it.

279

00:15:22,000 --> 00:15:24,000

I hope Major Keoh is.

280

00:15:24,000 --> 00:15:26,000

I hope you are too.

281

00:15:26,000 --> 00:15:28,000

Here's the news right now, Frank.

282

00:15:28,000 --> 00:15:30,000

Can you in the background hear us?

283

00:15:30,000 --> 00:15:32,000

The switch bar just led us to Charles

284

00:15:32,000 --> 00:15:34,000

about our discussion with Brian Sussman

285

00:15:34,000 --> 00:15:36,000

from the U.S. Air Force here.

286

00:15:36,000 --> 00:15:39,000

The news worked out that the British Air Force

287

00:15:39,000 --> 00:15:42,000

was between the Colonel and the United States Air Force.

288

00:15:42,000 --> 00:15:44,000

We were just discussing it.

289

00:15:44,000 --> 00:15:46,000

Major Donald Keoh

290

00:15:46,000 --> 00:15:49,000

was one of the trouble-boots on

291

00:15:49,000 --> 00:15:51,000

the believe it's a fine object,

292

00:15:51,000 --> 00:15:54,000

but we find causes of space ships.

293

00:15:54,000 --> 00:15:56,000

Let's continue.

294

00:15:56,000 --> 00:15:58,000

Let's talk about the time.

295

00:15:58,000 --> 00:16:00,000

That's what we can.

296

00:16:00,000 --> 00:16:02,000

For the life of these U.S. aircrafts,

297

00:16:02,000 --> 00:16:04,000

I want to take another break.

298

00:16:04,000 --> 00:16:06,000

To astronomy information, give it a here.

299

00:16:06,000 --> 00:16:08,000

As a trade astronomy information,

300

00:16:08,000 --> 00:16:10,000

the chapter of the Union to the School,

301

00:16:10,000 --> 00:16:12,000

where you say many things are

302

00:16:12,000 --> 00:16:14,000

really astronomical objects,

303

00:16:14,000 --> 00:16:16,000

there's just been music

304

00:16:16,000 --> 00:16:18,000

that lasted four hours or several years.

305

00:16:18,000 --> 00:16:20,000

Like twenty-seven.

306

00:16:20,000 --> 00:16:22,000

Well, you might be

307

00:16:22,000 --> 00:16:24,000

fairly familiar with it.

308

00:16:24,000 --> 00:16:26,000

I'm a mechanic, you can mine, I would be boarding.

309

00:16:26,000 --> 00:16:28,000

I got this from the scientific people.

310

00:16:28,000 --> 00:16:30,000

But it's in the book,

311

00:16:30,000 --> 00:16:32,000

and it could be taken, therefore, fresh.

312

00:16:32,000 --> 00:16:34,000

But an aircraft, you're thinking about

313

00:16:34,000 --> 00:16:36,000

the planet Venus now.

314

00:16:36,000 --> 00:16:38,000

As the aircraft moves to the atmosphere

315

00:16:38,000 --> 00:16:40,000

and is advanced in its position,

316

00:16:40,000 --> 00:16:42,000

relative to the object naturally changes.

317

00:16:42,000 --> 00:16:44,000

Does the object work for a change of position?

318

00:16:44,000 --> 00:16:46,000

The aircraft changes its position.

319

00:16:46,000 --> 00:16:48,000

Oh, ten miles out of

320

00:16:48,000 --> 00:16:50,000

any minute.

321

00:16:50,000 --> 00:16:52,000

Oh, I see.

322

00:16:52,000 --> 00:16:54,000

You mean it would be inconsistent.

323

00:16:54,000 --> 00:16:56,000

Well, no matter where you fly in the air,

324

00:16:56,000 --> 00:16:58,000

Venus would be almost exactly the same place.

325

00:16:58,000 --> 00:17:00,000

Is your idea correct?

326

00:17:00,000 --> 00:17:02,000

No, about a dozen of those,

327

00:17:02,000 --> 00:17:04,000

but I would be able to take up

328

00:17:04,000 --> 00:17:06,000

what I wanted to say.

329

00:17:06,000 --> 00:17:08,000

Well, you might be familiar with the answer

330

00:17:08,000 --> 00:17:10,000

to buy that change.

331

00:17:10,000 --> 00:17:12,000

Not too far now, but the planet

332

00:17:12,000 --> 00:17:14,000

that remains the same.

333

00:17:14,000 --> 00:17:16,000

If the aircraft is in the body based on

334

00:17:16,000 --> 00:17:18,000

the shape of the aircraft,

335

00:17:18,000 --> 00:17:20,000

please, that's what they measure.

336

00:17:20,000 --> 00:17:22,000

Oh, measure?

337

00:17:22,000 --> 00:17:24,000

The time is special.

338

00:17:24,000 --> 00:17:26,000

Is it in the stars?

339

00:17:26,000 --> 00:17:28,000

Or in the rotation of the air?

340

00:17:28,000 --> 00:17:30,000

Well, not in any

341

00:17:30,000 --> 00:17:32,000

periods, but when the aircraft moves

342

00:17:32,000 --> 00:17:34,000

to the atmosphere,

343

00:17:34,000 --> 00:17:36,000

it doesn't care to be moving.

344

00:17:36,000 --> 00:17:38,000

The sun doesn't care to move in the sky.

345

00:17:38,000 --> 00:17:40,000

The aircraft is what they mean.

346

00:17:40,000 --> 00:17:42,000

The thing is the actual

347

00:17:42,000 --> 00:17:44,000

axis of the body is the

348

00:17:44,000 --> 00:17:46,000

axis of the aircraft.

349

00:17:46,000 --> 00:17:48,000

That's what I believe.

350

00:17:48,000 --> 00:17:50,000

Okay, measure it.

351

00:17:50,000 --> 00:17:52,000

You have to do it.

352

00:17:52,000 --> 00:17:54,000

Well, I wanted to say that the whole thing

353

00:17:54,000 --> 00:17:56,000

waits on the weight of air.

354

00:17:56,000 --> 00:17:58,000

We have gone into

355

00:17:58,000 --> 00:18:00,000

the airport's air force test release

356

00:18:00,000 --> 00:18:02,000

in 52-53.

357

00:18:02,000 --> 00:18:04,000

They were released to find a lot of cases

358

00:18:04,000 --> 00:18:06,000

to make.

359

00:18:06,000 --> 00:18:08,000

The advice we have

360

00:18:08,000 --> 00:18:10,000

includes some of the top scientists in the country.

361

00:18:10,000 --> 00:18:12,000

Then, you mentioned

362

00:18:12,000 --> 00:18:14,000

Dr. Olivier,

363

00:18:14,000 --> 00:18:16,000

an American media society.

364

00:18:16,000 --> 00:18:18,000

My readers should know that the American media society

365

00:18:18,000 --> 00:18:20,000

is a member of my cap, as well as Dr. Olivier.

366

00:18:20,000 --> 00:18:22,000

He does not agree with the air force stand.

367

00:18:22,000 --> 00:18:24,000

And it's safe to say

368

00:18:24,000 --> 00:18:26,000

you also mentioned Dr. Carl G. Gryll,

369

00:18:26,000 --> 00:18:28,000

the famous analyst.

370

00:18:28,000 --> 00:18:30,000

He's a fly-bear, but he thinks everybody's

371

00:18:30,000 --> 00:18:32,000

correct, but Dr. Gryll is also a member of my cap.

372

00:18:32,000 --> 00:18:34,000

I have two letters here from

373

00:18:34,000 --> 00:18:36,000

Leland, which he says,

374

00:18:36,000 --> 00:18:38,000

I have no doubt that these things may be real.

375

00:18:38,000 --> 00:18:40,000

It seems the last book,

376

00:18:40,000 --> 00:18:42,000

referring to my last book,

377

00:18:42,000 --> 00:18:44,000

seems to prove that they are real.

378

00:18:44,000 --> 00:18:46,000

And he says,

379

00:18:46,000 --> 00:18:48,000

the air force policy is

380

00:18:48,000 --> 00:18:50,000

stupidly, stupidly

381

00:18:50,000 --> 00:18:52,000

out of sight, so logical because it'll do.

382

00:18:52,000 --> 00:18:54,000

It will create a more than it will help.

383

00:18:54,000 --> 00:18:56,000

They are without the information.

384

00:18:56,000 --> 00:18:58,000

They are without the information.

385

00:18:58,000 --> 00:19:00,000

Well, according to all the congressmen

386

00:19:00,000 --> 00:19:02,000

I have talked with recently about this,

387

00:19:02,000 --> 00:19:04,000

and they say the air force is.

388

00:19:04,000 --> 00:19:06,000

Now, in 1957

389

00:19:06,000 --> 00:19:08,000

we asked you for

390

00:19:08,000 --> 00:19:10,000

a number of cases.

391

00:19:10,000 --> 00:19:12,000

We didn't even have the courage to reply to those cases.

392

00:19:12,000 --> 00:19:14,000

We just feel them are very hot.

393

00:19:14,000 --> 00:19:16,000

And for short time,

394

00:19:16,000 --> 00:19:18,000

I'm asking you about the last book.

395

00:19:18,000 --> 00:19:20,000

What are you talking about?

396

00:19:20,000 --> 00:19:22,000

I asked you for the inside of the Captain Ryan case

397

00:19:22,000 --> 00:19:24,000

where you people sent an airliner to chase one of these objects.

398

00:19:24,000 --> 00:19:26,000

And the case

399

00:19:26,000 --> 00:19:28,000

is that they didn't have a Saturday airliner to chase one of these objects.

400

00:19:28,000 --> 00:19:30,000

I have the case, the transcript,

401

00:19:30,000 --> 00:19:32,000

and I have the case of the Senator Manron.

402

00:19:32,000 --> 00:19:34,000

I have never heard it.

403

00:19:34,000 --> 00:19:36,000

I have never heard it.

404

00:19:36,000 --> 00:19:38,000

I have the transcript here.

405

00:19:38,000 --> 00:19:40,000

I can do a copy of it.

406

00:19:40,000 --> 00:19:42,000

The state is they were ordered to chase the electric force

407

00:19:42,000 --> 00:19:44,000

and pass it to chase this thing for 100 miles.

408

00:19:44,000 --> 00:19:46,000

All of this evidence

409

00:19:46,000 --> 00:19:48,000

says it impressed enough people.

410

00:19:48,000 --> 00:19:50,000

Now, I would say you might question

411

00:19:50,000 --> 00:19:52,000

Senator very Goldwater who is a regular general

412

00:19:52,000 --> 00:19:54,000

in the Air Force Reserve.

413

00:19:54,000 --> 00:19:56,000

He said, I had lunch with him about two or three years ago.

414

00:19:56,000 --> 00:19:58,000

He said he was convinced

415

00:19:58,000 --> 00:20:00,000

that this thing was real.

416

00:20:00,000 --> 00:20:02,000

He said it's still later than the newspaper.

417

00:20:02,000 --> 00:20:04,000

He didn't say what they were,

418

00:20:04,000 --> 00:20:06,000

but they were real and he says the Air Force clams up.

419

00:20:06,000 --> 00:20:08,000

You can't disagree with the last

420

00:20:08,000 --> 00:20:10,000

the book, the Senator and the regular general.

421

00:20:10,000 --> 00:20:12,000

I checked that paper now.

422

00:20:12,000 --> 00:20:14,000

You made that on the last,

423

00:20:14,000 --> 00:20:16,000

you made that very point on the last program you are on with this.

424

00:20:16,000 --> 00:20:18,000

Yeah, I checked that out in his office.

425

00:20:18,000 --> 00:20:20,000

They have no record.

426

00:20:20,000 --> 00:20:22,000

No, they don't.

427

00:20:22,000 --> 00:20:24,000

Well, I'll show you the record.

428

00:20:24,000 --> 00:20:26,000

That's what I mean. You keep blocking about the record.

429

00:20:26,000 --> 00:20:28,000

You realize the evidence.

430

00:20:28,000 --> 00:20:30,000

We're all talking about the first

431

00:20:30,000 --> 00:20:32,000

in the history of the air force.

432

00:20:32,000 --> 00:20:34,000

The visible optics are there.

433

00:20:34,000 --> 00:20:36,000

No, no.

434

00:20:36,000 --> 00:20:38,000

One more person I'd like to mention,

435

00:20:38,000 --> 00:20:40,000

and that's President Elect Kennedy.

436

00:20:40,000 --> 00:20:42,000

A buddy year ago,

437

00:20:42,000 --> 00:20:44,000

he wrote to one of our members

438

00:20:44,000 --> 00:20:46,000

and called it an important topic.

439

00:20:46,000 --> 00:20:48,000

Now, would you say that he was deluded

440

00:20:48,000 --> 00:20:50,000

to think it's a real and point topic?

441

00:20:50,000 --> 00:20:52,000

And I want to stress right now

442

00:20:52,000 --> 00:20:54,000

that the Air Force has denied the possibility

443

00:20:54,000 --> 00:20:56,000

of being the simply face of today.

444

00:20:56,000 --> 00:20:58,000

There is no evidence

445

00:20:58,000 --> 00:21:00,000

to come up with a sensational claim

446

00:21:00,000 --> 00:21:02,000

that there are extraterrestrial

447

00:21:02,000 --> 00:21:04,000

vehicles in our...

448

00:21:04,000 --> 00:21:06,000

In 1948,

449

00:21:06,000 --> 00:21:08,000

you have denied that document exists.

450

00:21:08,000 --> 00:21:10,000

In 1948, there was a top secret estimate

451

00:21:10,000 --> 00:21:12,000

to these things for inter-flighted flights.

452

00:21:12,000 --> 00:21:14,000

Now, that was stated first

453

00:21:14,000 --> 00:21:16,000

by Captain Rupelhead of the project.

454

00:21:16,000 --> 00:21:18,000

He stated that he said it was a black document

455

00:21:18,000 --> 00:21:20,000

stamped top secret on the cover.

456

00:21:20,000 --> 00:21:22,000

And it said that it wasn't any

457

00:21:22,000 --> 00:21:24,000

just a signature.

458

00:21:24,000 --> 00:21:26,000

Later, we checked with Major Jury Borne

459

00:21:26,000 --> 00:21:28,000

with the monitor of the project

460

00:21:28,000 --> 00:21:30,000

at that time and is now on our board.

461

00:21:30,000 --> 00:21:32,000

I have a letter which I'll show you later

462

00:21:32,000 --> 00:21:34,000

which he said,

463

00:21:34,000 --> 00:21:36,000

hereby confirming the existence

464

00:21:36,000 --> 00:21:38,000

of two documents the Air Force has denied,

465

00:21:38,000 --> 00:21:40,000

one of them is a 1948 S-Mission,

466

00:21:40,000 --> 00:21:42,000

and the other is his own 1952 conclusion,

467

00:21:42,000 --> 00:21:44,000

which you also have kept under arrest.

468

00:21:44,000 --> 00:21:46,000

It's his conclusion.

469

00:21:46,000 --> 00:21:48,000

It's not ACIC's on the airport.

470

00:21:48,000 --> 00:21:50,000

It's Mike's say right now

471

00:21:50,000 --> 00:21:52,000

there's no such document.

472

00:21:52,000 --> 00:21:54,000

Yes, sir.

473

00:21:54,000 --> 00:21:56,000

Could you afford to say

474

00:21:56,000 --> 00:21:58,000

in your official position

475

00:21:58,000 --> 00:22:00,000

that there would be such a document

476

00:22:00,000 --> 00:22:02,000

if it were secret?

477

00:22:02,000 --> 00:22:04,000

Could I say?

478

00:22:04,000 --> 00:22:06,000

If there's such a document that exists

479

00:22:06,000 --> 00:22:08,000

and it were top secret or secret,

480

00:22:08,000 --> 00:22:10,000

could you admit to the existence of it?

481

00:22:10,000 --> 00:22:12,000

As a kind of criminal in the Air Force.

482

00:22:12,000 --> 00:22:14,000

I doubt it.

483

00:22:14,000 --> 00:22:16,000

But, many of the top secret

484

00:22:16,000 --> 00:22:18,000

that hasn't gone through all the documents

485

00:22:18,000 --> 00:22:20,000

there is no such document.

486

00:22:20,000 --> 00:22:22,000

What you just said,

487

00:22:22,000 --> 00:22:24,000

you doubt if you could say so.

488

00:22:24,000 --> 00:22:26,000

I can say there is a...

489

00:22:26,000 --> 00:22:28,000

Burnt,

490

00:22:28,000 --> 00:22:30,000

declares by the Burnt according to the roof.

491

00:22:30,000 --> 00:22:32,000

Well, I just made this general.

492

00:22:32,000 --> 00:22:34,000

Can an officer at the next

493

00:22:34,000 --> 00:22:36,000

secret, is there any top secret document

494

00:22:36,000 --> 00:22:38,000

about it?

495

00:22:38,000 --> 00:22:40,000

Yes, you can.

496

00:22:40,000 --> 00:22:42,000

You can say you're in a classified area.

497

00:22:42,000 --> 00:22:44,000

And then it was a...

498

00:22:44,000 --> 00:22:46,000

Well, the situation doesn't exist in the UFO.

499

00:22:46,000 --> 00:22:48,000

Well, then we have to take

500

00:22:48,000 --> 00:22:50,000

that statement in view of the statement

501

00:22:50,000 --> 00:22:52,000

you just made.

502

00:22:52,000 --> 00:22:54,000

I think.

503

00:22:54,000 --> 00:22:56,000

What is no such document?

504

00:22:56,000 --> 00:22:58,000

An officer can say

505

00:22:58,000 --> 00:23:00,000

that you're fact-divided.

506

00:23:00,000 --> 00:23:02,000

That's right.

507

00:23:02,000 --> 00:23:04,000

That's the question I want to ask, right?

508

00:23:04,000 --> 00:23:06,000

Wait a minute. I'm sorry.

509

00:23:06,000 --> 00:23:08,000

I don't want to box you in here.

510

00:23:08,000 --> 00:23:10,000

What's the matter?

511

00:23:10,000 --> 00:23:12,000

Would you defend this book, please?

512

00:23:12,000 --> 00:23:14,000

Because we're attacking it, apparently.

513

00:23:14,000 --> 00:23:16,000

Why is the Air Force so...

514

00:23:16,000 --> 00:23:18,000

Why did you write

515

00:23:18,000 --> 00:23:20,000

an official book about the...

516

00:23:20,000 --> 00:23:22,000

I mean, I felt the book

517

00:23:22,000 --> 00:23:24,000

had to be written.

518

00:23:24,000 --> 00:23:26,000

Because I felt the Air Force

519

00:23:26,000 --> 00:23:28,000

was being set upon.

520

00:23:28,000 --> 00:23:30,000

Why did you keep...

521

00:23:30,000 --> 00:23:32,000

Why the other UFO

522

00:23:32,000 --> 00:23:34,000

hobby group

523

00:23:34,000 --> 00:23:36,000

who believe in

524

00:23:36,000 --> 00:23:38,000

the spaceship

525

00:23:38,000 --> 00:23:40,000

as a

526

00:23:40,000 --> 00:23:42,000

member of QSA.

527

00:23:42,000 --> 00:23:44,000

I felt that I had to do it

528

00:23:44,000 --> 00:23:46,000

because of these

529

00:23:46,000 --> 00:23:48,000

sensitive activations against the Air Force

530

00:23:48,000 --> 00:23:50,000

in line with that.

531

00:23:50,000 --> 00:23:52,000

Let me for a minute

532

00:23:52,000 --> 00:23:54,000

show you

533

00:23:54,000 --> 00:23:56,000

that when the Air Force does an

534

00:23:56,000 --> 00:23:58,000

investigative flying software

535

00:23:58,000 --> 00:24:00,000

it has that, that is disposed of.

536

00:24:00,000 --> 00:24:02,000

And this must be the air efficient

537

00:24:02,000 --> 00:24:04,000

about the command.

538

00:24:04,000 --> 00:24:06,000

And this must be the air-intended air command.

539

00:24:06,000 --> 00:24:08,000

A national based

540

00:24:08,000 --> 00:24:10,000

surveillance system

541

00:24:10,000 --> 00:24:12,000

that is being used in the field.

542

00:24:12,000 --> 00:24:14,000

And that must be the mission 10 now.

543

00:24:14,000 --> 00:24:16,000

On the first order.

544

00:24:16,000 --> 00:24:18,000

Because Russia and Iraq

545

00:24:18,000 --> 00:24:20,000

have something up.

546

00:24:20,000 --> 00:24:22,000

We have all the universities

547

00:24:22,000 --> 00:24:24,000

have the courage to offer

548

00:24:24,000 --> 00:24:26,000

our disposal.

549

00:24:26,000 --> 00:24:28,000

We have all the weather stations.

550

00:24:28,000 --> 00:24:30,000

We have sharpest radar stations.

551

00:24:30,000 --> 00:24:32,000

We have instantaneous communication.

552

00:24:32,000 --> 00:24:34,000

We have Air Bank, Alaska,

553

00:24:34,000 --> 00:24:36,000

Waste Park in Germany, Japan,

554

00:24:36,000 --> 00:24:38,000

any place we want.

555

00:24:38,000 --> 00:24:40,000

And what's your equipment?

556

00:24:40,000 --> 00:24:42,000

It's a plane fighter and a stationary.

557

00:24:42,000 --> 00:24:44,000

It's like an ATO.

558

00:24:44,000 --> 00:24:46,000

I think it's a good idea.

559

00:24:46,000 --> 00:24:48,000

May I answer that Mr. Garaway?

560

00:24:48,000 --> 00:24:50,000

Yes, sir.

561

00:24:50,000 --> 00:24:52,000

Our equipment

562

00:24:52,000 --> 00:24:54,000

includes about 200 fans

563

00:24:54,000 --> 00:24:56,000

including office car numbers,

564

00:24:56,000 --> 00:24:58,000

missile trackers,

565

00:24:58,000 --> 00:25:00,000

first as Captain McLaughlin,

566

00:25:00,000 --> 00:25:02,000

the United States Navy,

567

00:25:02,000 --> 00:25:04,000

Professor Herman Ulbricht,

568

00:25:04,000 --> 00:25:06,000

one of the great rock and expert.

569

00:25:06,000 --> 00:25:08,000

We have several planes.

570

00:25:08,000 --> 00:25:10,000

Our equipment is material,

571

00:25:10,000 --> 00:25:12,000

sweet agon, and hand over to these

572

00:25:12,000 --> 00:25:14,000

experts sometimes outside.

573

00:25:14,000 --> 00:25:16,000

And you may have to wait a little while.

574

00:25:16,000 --> 00:25:18,000

We get it from

575

00:25:18,000 --> 00:25:20,000

confidential reports to us

576

00:25:20,000 --> 00:25:22,000

by some of your own Air Force people.

577

00:25:22,000 --> 00:25:24,000

I think yes, that's a fact.

578

00:25:24,000 --> 00:25:26,000

These things will be certified

579

00:25:26,000 --> 00:25:28,000

when we add one on

580

00:25:28,000 --> 00:25:30,000

the Austrian Air Force Base in 1957.

581

00:25:30,000 --> 00:25:32,000

The Air Force denies that it happens

582

00:25:32,000 --> 00:25:34,000

to CAA radar operators that they track

583

00:25:34,000 --> 00:25:36,000

the aircraft over the Austrian Air Force Base.

584

00:25:36,000 --> 00:25:38,000

But what it boils down to

585

00:25:38,000 --> 00:25:40,000

is you have to.

586

00:25:40,000 --> 00:25:42,000

You're under orders to deny that.

587

00:25:42,000 --> 00:25:44,000

That is not so.

588

00:25:44,000 --> 00:25:46,000

If I were in your shoes,

589

00:25:46,000 --> 00:25:48,000

I would have to do exactly what you're doing.

590

00:25:48,000 --> 00:25:50,000

I don't know anything about my shoes.

591

00:25:50,000 --> 00:25:52,000

I'm going to explain one case here.

592

00:25:52,000 --> 00:25:54,000

I am not exactly that.

593

00:25:54,000 --> 00:25:56,000

Last August at Redmond House, California,

594

00:25:56,000 --> 00:25:58,000

two string troopers

595

00:25:58,000 --> 00:26:00,000

reported

596

00:26:00,000 --> 00:26:02,000

they were citing an altitude which one time

597

00:26:02,000 --> 00:26:04,000

was over 500 feet above their patrol car

598

00:26:04,000 --> 00:26:06,000

and set up their radio

599

00:26:06,000 --> 00:26:08,000

and swept the ground with the red light.

600

00:26:08,000 --> 00:26:10,000

They pointed their own red light up

601

00:26:10,000 --> 00:26:12,000

and the doggy could easily find a nice beat.

602

00:26:12,000 --> 00:26:14,000

The Air Force raised our red bus

603

00:26:14,000 --> 00:26:16,000

that they were tracking them.

604

00:26:16,000 --> 00:26:18,000

They told the San Francisco Chronicle

605

00:26:18,000 --> 00:26:20,000

another paper.

606

00:26:20,000 --> 00:26:22,000

Wait a minute.

607

00:26:22,000 --> 00:26:24,000

They told the news paper

608

00:26:24,000 --> 00:26:26,000

that they had tracked them on the boat.

609

00:26:26,000 --> 00:26:28,000

They told the news paper that

610

00:26:28,000 --> 00:26:30,000

they had tracked them on the boat.

611

00:26:30,000 --> 00:26:32,000

They told the news paper about this.

612

00:26:32,000 --> 00:26:34,000

One more member of this and then we asked.

613

00:26:34,000 --> 00:26:36,000

The news paper says these people

614

00:26:36,000 --> 00:26:38,000

had been misled by seeing the planet Mars.

615

00:26:38,000 --> 00:26:40,000

A star in Algebra and

616

00:26:40,000 --> 00:26:42,000

a star in the field.

617

00:26:42,000 --> 00:26:44,000

Wait a minute.

618

00:26:44,000 --> 00:26:46,000

We checked with the Hayden Planetarium

619

00:26:46,000 --> 00:26:48,000

in Boston and others from it.

620

00:26:48,000 --> 00:26:50,000

They checked just on the heavens.

621

00:26:50,000 --> 00:26:52,000

Mars did not rise for an hour

622

00:26:52,000 --> 00:26:54,000

and the good Algebra is outrised

623

00:26:54,000 --> 00:26:56,000

for two hours being used to three hours.

624

00:26:56,000 --> 00:27:00,600

I understand that you've had to go on a vacation for six days.

625

00:27:00,600 --> 00:27:03,200

Do you know what a temperature invasion is on North Texas?

626

00:27:03,200 --> 00:27:03,700

What?

627

00:27:03,700 --> 00:27:06,200

I mean, fractioning an horizon above the horizon.

628

00:27:06,200 --> 00:27:07,200

What's the pressure?

629

00:27:07,200 --> 00:27:08,200

Nothing for you.

630

00:27:08,200 --> 00:27:10,200

You wouldn't think of the storm through the ocean.

631

00:27:10,200 --> 00:27:12,200

The wind is just below the horizon.

632

00:27:12,200 --> 00:27:13,200

I'm not going to argue with you.

633

00:27:13,200 --> 00:27:16,200

I'm giving you a science-tinting community poll make.

634

00:27:16,200 --> 00:27:18,200

You're putting your worries at the storm.

635

00:27:18,200 --> 00:27:21,200

The stormers who are every day working out problems like that.

636

00:27:21,200 --> 00:27:23,200

I'm not giving you a worry at the storm.

637

00:27:23,200 --> 00:27:25,200

It's a way for the United States to have a force there.

638

00:27:25,200 --> 00:27:30,200

Under contract and under orders to try to explain these away until you're ready to have three dick-tops.

639

00:27:30,200 --> 00:27:32,200

Why don't you get off that kick?

640

00:27:32,200 --> 00:27:34,200

You don't believe in yourself.

641

00:27:34,200 --> 00:27:36,200

Well, I'm not my dose of personality.

642

00:27:36,200 --> 00:27:38,200

But I will repeat my offer.

643

00:27:38,200 --> 00:27:40,200

We have to leave you.

644

00:27:40,200 --> 00:27:44,200

I don't know where we are.

645

00:27:44,200 --> 00:27:47,200

I wasn't very much into the flight.

646

00:27:47,200 --> 00:27:49,200

I'm fascinated.

647

00:27:49,200 --> 00:27:52,200

There's such an area of country for you.

648

00:27:52,200 --> 00:27:54,200

Should I say peace?
