

1

00:00:00,000 --> 00:00:06,000

I recall you're telling me that story the last time that you were here.

2

00:00:06,000 --> 00:00:14,000

Yes. Now there's two pilots and these are men who are strong believers. They've repeated this story numerous times.

3

00:00:14,000 --> 00:00:24,000

And it's quite an interesting fact because that ability to reverse it such an almost instantaneously is a frequent observation.

4

00:00:24,000 --> 00:00:28,000

And that's one way to identify these things from conventional objects.

5

00:00:28,000 --> 00:00:36,000

Now there was a sighting again of a farmer, a young man that also had a conversation with some of these saucer people.

6

00:00:36,000 --> 00:00:41,000

And I think it was in that conversation where they asked him quite a bit about that was in New York somewhere.

7

00:00:41,000 --> 00:00:43,000

Yes, Newark Valley.

8

00:00:43,000 --> 00:00:44,000

Yes, Ingramton.

9

00:00:44,000 --> 00:00:46,000

And you've talked with him, haven't you?

10

00:00:46,000 --> 00:00:47,000

Yes, I did.

11

00:00:47,000 --> 00:01:01,000

And then he went up and put a sack of fertilizer on the hill and came back the next morning and it was gone.

12

00:01:01,000 --> 00:01:02,000

Right.

13

00:01:02,000 --> 00:01:11,000

And that part of it. In this conversation that they related the fact that something was going to happen the first part of December of 1965 or 66 or something.

14

00:01:11,000 --> 00:01:15,000

No, I don't believe this was the case where that was related though.

15

00:01:15,000 --> 00:01:22,000

I have heard it from someone that in the early part of December there's supposed to be a mass landing in Brazil.

16

00:01:22,000 --> 00:01:24,000

Yes, this is what I wanted to find out.

17

00:01:24,000 --> 00:01:25,000

Well, it wasn't in that.

18

00:01:25,000 --> 00:01:28,000

Could you give me some of the details of this conversation?

19

00:01:28,000 --> 00:01:35,000

Well, in that conversation with the farmer, this was not stated about this mass landing in Brazil.

20

00:01:35,000 --> 00:01:40,000

That came from some other source. I don't recall what it is. Do you know where that came from?

21

00:01:40,000 --> 00:01:44,000

I've forgotten. I apparently heard it from the same source you did.

22

00:01:44,000 --> 00:01:47,000

And I don't remember, Farfand, myself, where it was.

23

00:01:47,000 --> 00:02:06,000

But this sighting in Brazil involved a craft and an occupant, variously described at different times as being from 28 to 36 inches tall, who spoke with this person, this witness in Portuguese.

24

00:02:07,000 --> 00:02:12,000

And they had quite a lengthy conversation.

25

00:02:12,000 --> 00:02:25,000

And one of the things that was supposed to have been stated during that conversation was that his people, the spaceman's people, were planning a mass landing on December 3 of this year.

26

00:02:25,000 --> 00:02:29,000

However, this should not be considered an invasion.

27

00:02:29,000 --> 00:02:33,000

It would be designed to show that they were there.

28

00:02:33,000 --> 00:02:45,000

And the witness should not feel any fear, whatever, because the spaceman's people feel very friendly towards the earthbound humans.

29

00:02:45,000 --> 00:02:51,000

However, these landings have been predicted in the past.

30

00:02:51,000 --> 00:02:53,000

Oh, they have. Nothing happened.

31

00:02:53,000 --> 00:02:56,000

I'll be willing to bet that December 3 will come and go like any other day.

32

00:02:56,000 --> 00:03:03,000

Well, I was going to pay particular attention to all the news reports on December 3 and December 4.

33

00:03:03,000 --> 00:03:04,000

I'm sure we all will.

34

00:03:04,000 --> 00:03:06,000

Let's all watch.

35

00:03:06,000 --> 00:03:07,000

See what happens.

36

00:03:07,000 --> 00:03:08,000

Yeah, and find out.

37

00:03:08,000 --> 00:03:20,000

I'd probably, of course, they'll have all sorts of photographers and cameramen waiting around all day in various parts of Brazil where they said they're going to land waiting for them to take their pictures.

38

00:03:20,000 --> 00:03:24,000

Well, I guess they won't have to wait around if they're going to come down to show people that they're there.

39

00:03:24,000 --> 00:03:28,000

They'll do it in the manner that will be unmistakable.

40

00:03:28,000 --> 00:03:31,000

It might even be rather spectacular.

41

00:03:31,000 --> 00:03:32,000

Yeah.

42

00:03:32,000 --> 00:03:35,000

All right. Let me take a little break here and then we'll get back to our discussion.

43

00:03:35,000 --> 00:03:37,000

As a matter of fact, open up our telephones, too.

44

00:03:37,000 --> 00:03:40,000

Telephone numbers, Devincer 8, DE86510.

45

00:03:40,000 --> 00:03:43,000

These two gentlemen I might add are very serious about this.

46

00:03:43,000 --> 00:03:47,000

We're not playing around or kidding or being preceituous or anything of the sort.

47

00:03:47,000 --> 00:04:01,000

And Steve Putnam would like anyone who has cited anything that they think might be a UFO to let him know about it and quite possibly give him their name and address so that he might talk to them about it.

48

00:04:01,000 --> 00:04:07,000

Because in this way, he can get maybe four or five people that saw the same thing.

49

00:04:07,000 --> 00:04:15,000

Before we have too many people hanging on the line, Fred, I would like to mention a little bit about some interesting light phenomena associated with UFOs.

50

00:04:15,000 --> 00:04:18,000

Okay. We'll get back to that in just a minute.

51

00:04:18,000 --> 00:04:20,000

All right. We're back once again.

52

00:04:20,000 --> 00:04:22,000

And Steve Putnam wanted to say something.

53

00:04:22,000 --> 00:04:24,000

Steve, what was that?

54

00:04:24,000 --> 00:04:36,000

Well, in regard to a light phenomena associated with these UFOs, after looking at a great number of reports, there are certain things which seem to become evident.

55

00:04:36,000 --> 00:04:44,000

And one is that the UFO can make the atmosphere surrounding it glow.

56

00:04:44,000 --> 00:04:54,000

But unlike the beam from a searchlight, this glow can proceed a finite distance from the UFO and then stop.

57

00:04:54,000 --> 00:04:59,000

This glowing air, I assume it's air that's glowing, can be so brilliant.

58

00:04:59,000 --> 00:05:11,000

And the line of demarcation between the glowing air and the normal air can be so sharp that it, in effect, it produces a pseudo-surface.

59

00:05:11,000 --> 00:05:17,000

So when you're looking at one of these objects, you're not necessarily seeing the object itself.

60

00:05:18,000 --> 00:05:25,000

And this accounts for some of the varieties and shape which these things take.

61

00:05:25,000 --> 00:05:30,000

There are several photographs of UFOs that are available.

62

00:05:30,000 --> 00:05:44,000

And many of them are remarkable by the fact that they lack the true symmetry of a manufactured object.

63

00:05:44,000 --> 00:05:55,000

There's a certain amount of unevenness to the surfaces, even though they are apparently circular, they are distorted nevertheless.

64

00:05:55,000 --> 00:06:04,000

Well, apparently what is being observed and photographed in many cases is the surface of this glowing air that's surrounding the object.

65

00:06:04,000 --> 00:06:08,000

Now, this can account for the changes of shape that people have observed.

66

00:06:08,000 --> 00:06:18,000

I remember talking to one boy who said, the object came down, it looked like a ball, but when it went near the ground, it flattened out like a door.

67

00:06:18,000 --> 00:06:24,000

Now, at the time, that was, to me, most unbelievable.

68

00:06:24,000 --> 00:06:31,000

But since then, there have been many reports where people have observed these objects changing shape.

69

00:06:31,000 --> 00:06:40,000

A famous one is the sightings up at Goose Bay Labrador, where they were observed from aircraft to be changing shape.

70

00:06:40,000 --> 00:06:54,000

But it's easy to conceive of that when it's simply a glow and the orientation of this glow can probably be changed just by changing the force field that's producing it.

71

00:06:55,000 --> 00:06:56,000

Okay, is that...

72

00:06:56,000 --> 00:07:00,000

Well, that's one thing about the light phenomenon.

73

00:07:00,000 --> 00:07:16,000

Another one is that in many cases, people who observe these things close at hand remark on their extreme brilliance and also remark on the fact that it did not illuminate the surrounding area particularly as it should have.

74

00:07:16,000 --> 00:07:17,000

Just that one spot.

75

00:07:17,000 --> 00:07:19,000

No, it didn't illuminate anything.

76

00:07:19,000 --> 00:07:21,000

They saw the object.

77

00:07:21,000 --> 00:07:29,000

Just like you, looking at a search light shining at you, and yet you look down at the ground and the ground is still dark.

78

00:07:29,000 --> 00:07:39,000

Now, it's evident that what you're seeing is not ordinary light, and yet it's providing a visual stimulus.

79

00:07:39,000 --> 00:07:44,000

So that's another characteristic that these objects have.

80

00:07:44,000 --> 00:07:54,000

Now, I guess Ed Fogg, Steve Putnam from the New England UFO study group, and whether you're a believer or a nonbeliever, we invite you to call.

81

00:07:54,000 --> 00:08:03,000

And if you think you've sighted something, I'm sure these two gentlemen would be more than interested in knowing about it so they can check it out.

82

00:08:03,000 --> 00:08:05,000

Let me say a term I switch off.

83

00:08:05,000 --> 00:08:06,000

Oh, did you see comment? Hello.

84

00:08:06,000 --> 00:08:08,000

I saw something that...

85

00:08:08,000 --> 00:08:11,000

It didn't strike me as a shooting star.

86

00:08:11,000 --> 00:08:15,000

I see shooting stars, but I was in debt at the time that I saw it.

87

00:08:15,000 --> 00:08:19,000

I only saw it for a brief instant, but it didn't appear to be a shooting star.

88

00:08:19,000 --> 00:08:24,000

I mean, I believe in flying saucers, but I'm not that open to it.

89

00:08:24,000 --> 00:08:26,000

I mean, I saw it, but I didn't think that...

90

00:08:26,000 --> 00:08:29,000

What was unusual about it that made you think it wasn't a shooting star?

91

00:08:29,000 --> 00:08:34,000

It was very brilliant, and it was traveling at a tremendous rate of speed.

92

00:08:34,000 --> 00:08:42,000

But usually a shooting star is sort of higher up in the sky, and you can see pieces, fragmentations, usually falling off of it.

93

00:08:42,000 --> 00:08:47,000

This was just a solid streak, and there was no contra at all.

94

00:08:47,000 --> 00:08:51,000

It was completely quite arctic, and it did go down below the horizon.

95

00:08:51,000 --> 00:08:57,000

It was heading from where I was in Denham, and then east of it, the direction towards the ocean.

96

00:08:57,000 --> 00:09:00,000

And what time of day was this?

97

00:09:00,000 --> 00:09:01,000

This is at night.

98

00:09:01,000 --> 00:09:02,000

What time?

99

00:09:02,000 --> 00:09:05,000

I believe it was approximately about 9.30.

100

00:09:05,000 --> 00:09:09,000

It was Tuesday or Wednesday night.

101

00:09:09,000 --> 00:09:12,000

Was it traveling horizontally?

102

00:09:12,000 --> 00:09:15,000

No, it seemed to be descending.

103

00:09:15,000 --> 00:09:23,000

It was traveling at a very high rate of speed, but it seemed to be descending down towards the earth, but it went beyond the horizon.

104

00:09:23,000 --> 00:09:25,000

And what color was it?

105

00:09:25,000 --> 00:09:29,000

A very bright, brilliant white color.

106

00:09:29,000 --> 00:09:31,000

I see.

107

00:09:31,000 --> 00:09:34,000

Well, it's sad to say just what that could have been.

108

00:09:34,000 --> 00:09:39,000

I believe it's the same thing that that one was showing myself.

109

00:09:39,000 --> 00:09:42,000

Does that take care of your questions for you, sir?

110

00:09:42,000 --> 00:09:51,000

I just like to ask if there is any way that I can get some information from his organization that they have any reading material or anything that they can suggest or anything.

111

00:09:51,000 --> 00:09:53,000

Well, did you get the name of that book we mentioned?

112

00:09:53,000 --> 00:09:55,000

Which one is that? The one by Georgia Dansky?

113

00:09:55,000 --> 00:09:58,000

No, Anatomy of a Phenomenon by Jacks Fali.

114

00:09:58,000 --> 00:10:04,000

Yes, I read that. I also read a book, I believe it was written by Major Keough. I think he's in Net-Ni-Cab.

115

00:10:04,000 --> 00:10:07,000

Yes, those are good books, all of those by Major Keough.

116

00:10:07,000 --> 00:10:15,000

And I read two of Mr. Dansky's books and I found them a little bit way out, but I still believe in finance rather than Mr. Dansky's.

117

00:10:15,000 --> 00:10:19,000

Could I write to you people and get any information on it?

118

00:10:19,000 --> 00:10:25,000

Well, we don't publish any general information on the subject.

119

00:10:25,000 --> 00:10:29,000

We just have a list of books and sources of information.

120

00:10:29,000 --> 00:10:36,000

Well, you can possibly drop... How would you find out about your next meeting? Would you like to go to a meeting?

121

00:10:36,000 --> 00:10:38,000

Yes, possibly. I will.

122

00:10:38,000 --> 00:10:41,000

Well, our next meeting will be the third Sunday in January.

123

00:10:41,000 --> 00:10:43,000

Third Sunday in January.

124

00:10:43,000 --> 00:10:46,000

At the Post-95 American Legion.

125

00:10:46,000 --> 00:10:47,000

In Quincy.

126

00:10:47,000 --> 00:10:51,000

In Quincy, right, at the corner of Revere Road and Mechanics Street.

127

00:10:51,000 --> 00:10:52,000

Okay.

128

00:10:52,000 --> 00:10:53,000

All right.

129

00:10:53,000 --> 00:10:54,000

At 2 p.m.

130

00:10:54,000 --> 00:10:55,000

Thank you very much.

131

00:10:55,000 --> 00:10:56,000

You're welcome.

132

00:10:56,000 --> 00:10:57,000

All right.

133

00:10:57,000 --> 00:10:59,000

Pardon me. It's a little bit past midnight.

134

00:10:59,000 --> 00:11:01,000

You're listening to Comment.

135

00:11:01,000 --> 00:11:02,000

My name is Fred Gale.

136

00:11:02,000 --> 00:11:12,000

Our two guests, Mr. Ed Fogg, Mr. Steve Putnam, members of the New England UFO Study Group, our telephone number is Devonshire 8 DE86510.

137

00:11:12,000 --> 00:11:16,000

And we will take some more telephone calls in just a moment.

138

00:11:16,000 --> 00:11:20,000

C. Redline 7000.

139

00:11:20,000 --> 00:11:23,000

The telephone number pictures in technical order.

140

00:11:23,000 --> 00:11:25,000

Redline 7000.

141

00:11:25,000 --> 00:11:29,000

The name of the movie coming November 10th to the community theater in...

142

00:11:29,000 --> 00:11:31,000

...Dedham.

143

00:11:31,000 --> 00:11:47,000

Start every day with your companion station, 68 WNAC.

144

00:11:47,000 --> 00:11:58,000

The bargaining voice of Pete Johnson has everyone in Boston searching for something to sell, swap or buy on antique auction weekdays from 2.15 to 4.

145

00:11:58,000 --> 00:11:59,000

Hello, this is Pete Johnson.

146

00:11:59,000 --> 00:12:04,000

And I'd like to invite you to come to Boston's antique auction Monday through Friday at 2.15.

147

00:12:04,000 --> 00:12:09,000

Maybe we'll discover that a dusty book you have hidden away in the closet is worth a lot of money.

148

00:12:09,000 --> 00:12:13,000

Or maybe you're looking for a particular type of early American harvest table.

149

00:12:13,000 --> 00:12:14,000

And we'll find one for you.

150

00:12:14,000 --> 00:12:24,000

Whether you want to buy or sell, I think we're all going to have a lot of fun at the antique auction weekdays at 2.15 on your companion station, 68 WNAC.

151

00:12:24,000 --> 00:12:26,000

Join your neighbors and me, won't you?

152

00:12:26,000 --> 00:12:31,000

Hi, we're back once again with Mr. Fogg, Mr. Putnam, trying to find out.

153

00:12:31,000 --> 00:12:34,000

Something that I think I asked you the last time.

154

00:12:34,000 --> 00:12:43,000

Let's take just a moment, not a long drawn out thing, but you find that a lot of people are afraid to relate experiences or something that they may think of the back side.

155

00:12:43,000 --> 00:12:48,000

They may think of the back of their mind that they might have been some sort of a flying saucer, but they say to themselves,

156

00:12:48,000 --> 00:12:53,000

well, if I tell anybody about it, they'll think I'm a nut, so they don't want to come forward with it.

157

00:12:53,000 --> 00:12:55,000

Well, that does seem to be the usual case.

158

00:12:55,000 --> 00:13:06,000

I found that about one person in a hundred will report their sighting to a news media so that there are a tremendous number of sightings that no one ever gets to hear about.

159

00:13:06,000 --> 00:13:07,000

Really?

160

00:13:07,000 --> 00:13:08,000

Right.

161

00:13:08,000 --> 00:13:09,000

In a hundred?

162

00:13:09,000 --> 00:13:10,000

Where do you get those pictures now?

163

00:13:10,000 --> 00:13:11,000

It's just my own observation.

164

00:13:11,000 --> 00:13:13,000

I've talked to a great number of people and...

165

00:13:13,000 --> 00:13:15,000

That's true.

166

00:13:15,000 --> 00:13:18,000

Very seldom do I run across anybody who has notified the newspapers about this.

167

00:13:18,000 --> 00:13:20,000

Well, you've been talking to people for how long now about this?

168

00:13:20,000 --> 00:13:21,000

For 15 years.

169

00:13:21,000 --> 00:13:22,000

15 years.

170

00:13:22,000 --> 00:13:24,000

How come you haven't written a book?

171

00:13:24,000 --> 00:13:25,000

See?

172

00:13:25,000 --> 00:13:27,000

Well, I don't think I have the time to do it.

173

00:13:27,000 --> 00:13:28,000

That's about what it amounts to.

174

00:13:28,000 --> 00:13:30,000

I think I have the information.

175

00:13:30,000 --> 00:13:35,000

You must have file cabinets filled with material.

176

00:13:35,000 --> 00:13:36,000

Yes, I do.

177

00:13:36,000 --> 00:13:38,000

It seemed to me that you...

178

00:13:38,000 --> 00:13:40,000

Everybody else are writing books about it.

179

00:13:40,000 --> 00:13:42,000

Some are a little way out.

180

00:13:42,000 --> 00:13:44,000

Others are...

181

00:13:44,000 --> 00:13:48,000

Of course, I like to wait until I really have something to say on the subject.

182

00:13:48,000 --> 00:13:54,000

Most books are repetitions of observations, but I would like to come to a few conclusions.

183

00:13:54,000 --> 00:14:05,000

After 15 years of face-to-face confrontations with people that have sighted objects, it would seem to me that you would know as much about it as most anyone.

184

00:14:05,000 --> 00:14:15,000

Talking about the lack of reports from people, I also find that people don't tell many of their friends about these sightings either,

185

00:14:15,000 --> 00:14:21,000

because after telling two or three persons and getting that look, are you crazy or something?

186

00:14:21,000 --> 00:14:22,000

Why?

187

00:14:22,000 --> 00:14:24,000

They quit talking about them.

188

00:14:24,000 --> 00:14:31,000

So I make it a point to ask everyone point blank that I encounter if they know of anyone who has seen any UFOs,

189

00:14:31,000 --> 00:14:38,000

because I brought out a great number of reports just by doing that, because nobody...

190

00:14:38,000 --> 00:14:42,000

Then I can see the other section saying, you know, that Steve Puttons are real nut.

191

00:14:42,000 --> 00:14:46,000

I said hello to him and he asked me if I know anyone who has sighted a UFO.

192

00:14:46,000 --> 00:14:48,000

Well, it was a rather non-committal statement.

193

00:14:48,000 --> 00:14:52,000

I didn't say I believed in them or anything of that nature to a stranger,

194

00:14:52,000 --> 00:14:56,000

but that starts the conversation going if they have any information to relate.

195

00:14:56,000 --> 00:15:05,000

Not only have I found that people report these to or tell very few of their friends about anything that they may have seen,

196

00:15:05,000 --> 00:15:12,000

they are, in most cases, they tell even less of their family about it.

197

00:15:12,000 --> 00:15:13,000

Really?

198

00:15:13,000 --> 00:15:14,000

Yeah.

199

00:15:14,000 --> 00:15:15,000

Not even within the family group.

200

00:15:15,000 --> 00:15:16,000

Right.

201

00:15:16,000 --> 00:15:17,000

Well, that's interesting.

202

00:15:17,000 --> 00:15:23,000

I was interested to find out about that particular aspect of it.

203

00:15:23,000 --> 00:15:29,000

Well, and I found also that in most cases where children observe these objects,

204

00:15:29,000 --> 00:15:33,000

that very seldom do their parents give them any credence.

205

00:15:33,000 --> 00:15:34,000

Yeah.

206

00:15:34,000 --> 00:15:41,000

But they're just taken as though they don't know what they've seen and told or forget it.

207

00:15:41,000 --> 00:15:45,000

Yeah, well, I would imagine so with kids, because they have great imaginations, you know, anyway.

208

00:15:45,000 --> 00:15:50,000

But there are a great many observations locked up in the minds of these youngsters that I'd like to hear about.

209

00:15:50,000 --> 00:15:53,000

Let's take some more telephone calls here on comments.

210

00:15:53,000 --> 00:15:54,000

WNAC, comment.

211

00:15:54,000 --> 00:15:55,000

Hi.

212

00:15:55,000 --> 00:15:56,000

Yes.

213

00:15:56,000 --> 00:15:58,000

I have two questions.

214

00:15:58,000 --> 00:16:02,000

One of them is about the key hoist book that was just mentioned by the last person who was on.

215

00:16:02,000 --> 00:16:06,000

I read that quite a few years ago, and I don't remember it too accurately,

216

00:16:06,000 --> 00:16:11,000

but I do remember that he mentioned at least one case of radar sightings,

217

00:16:11,000 --> 00:16:15,000

and I believe it was supposed to be over Washington.

218

00:16:15,000 --> 00:16:21,000

And I think he claimed that there were three separate radar fixes on the same object.

219

00:16:21,000 --> 00:16:26,000

That is, they were able to correlate the three radar sightings and determine that they were in fact the same object.

220

00:16:26,000 --> 00:16:33,000

And he claimed that the approximate speed of these things was somewhere in the range of 15 to 20,000 miles an hour.

221

00:16:33,000 --> 00:16:38,000

And obviously at that time, we didn't have anything that would travel that fast.

222

00:16:38,000 --> 00:16:43,000

And I've always taken that as being about the strongest evidence I know of, but I've heard of.

223

00:16:43,000 --> 00:16:50,000

If in fact it's true, I'm wondering whether your guests think that that claim of key hoists has been established.

224

00:16:50,000 --> 00:16:55,000

I mean, that might, I suppose, be classified information or something that he claimed to know about

225

00:16:55,000 --> 00:16:58,000

and that hasn't been able to be verified.

226

00:16:58,000 --> 00:17:04,000

Well, I've heard from numerous sources about these radar fixes on UFOs.

227

00:17:04,000 --> 00:17:09,000

I don't know if that particular claim of key hoists has been substantiated, but...

228

00:17:09,000 --> 00:17:14,000

Right, well the reason I was interested is that the claim was that there were three fixes on the same object.

229

00:17:14,000 --> 00:17:18,000

I understand that that's about the best you can get with a radar.

230

00:17:18,000 --> 00:17:23,000

If you've got three that show perfect correlation, that's the best photo that you can have.

231

00:17:23,000 --> 00:17:24,000

At any rate...

232

00:17:24,000 --> 00:17:28,000

Yes, well that certainly points, the pin points, the location of the objects, for sure.

233

00:17:28,000 --> 00:17:29,000

Yeah, right, right.

234

00:17:29,000 --> 00:17:35,000

The other question is about the incident that occurred in Texas last spring, I think, sometime.

235

00:17:35,000 --> 00:17:38,000

It showed up in the papers once, and they told us about it.

236

00:17:38,000 --> 00:17:40,000

Nothing was said about it afterwards.

237

00:17:40,000 --> 00:17:47,000

There's a local sheriff who was driving all along a country road or something out there, and he heard an explosion

238

00:17:47,000 --> 00:17:49,000

and drove off in the direction of it.

239

00:17:49,000 --> 00:17:56,000

And he could see down the road a distance, something that looked like apparently a small rocket.

240

00:17:56,000 --> 00:18:02,000

And a couple of figures, I don't think they gave the size, standing around it near it.

241

00:18:02,000 --> 00:18:10,000

And then the road that he was traveling on dipped, and the object went out of sight when he came back up again.

242

00:18:10,000 --> 00:18:15,000

The figures that were standing beside it had disappeared, but the rocket or whatever it was was still there.

243

00:18:15,000 --> 00:18:18,000

And as he approached it, it blasted off.

244

00:18:18,000 --> 00:18:24,000

And when he got there, he said it practically disappeared instantaneously.

245

00:18:24,000 --> 00:18:29,000

And when he got there, there was a phenomenon, something like the one that you mentioned that occurred somewhere else.

246

00:18:29,000 --> 00:18:32,000

I don't remember where it was. It was a scorched earth.

247

00:18:32,000 --> 00:18:33,000

Yes, in Florida.

248

00:18:33,000 --> 00:18:41,000

Right. And there were also these three indentations in the ground that looked as though they might have been the legs that were supporting it.

249

00:18:41,000 --> 00:18:47,000

And apparently there were a couple of... there's an Air Force base down there and a couple of other installations.

250

00:18:47,000 --> 00:18:50,000

And they were all informed about it, and they all came over and checked.

251

00:18:50,000 --> 00:18:56,000

And apparently, supposedly, they all verified, at least that much, that the information was accurate, that there was a scorched ground.

252

00:18:56,000 --> 00:19:02,000

And these three indentations in the earth. And I'm wondering if the government is ever trying to explain that one away.

253

00:19:02,000 --> 00:19:07,000

I don't recall what the government explanation was for that, but...

254

00:19:07,000 --> 00:19:11,000

Personally, it's not... at least it's not an astronomical phenomenon.

255

00:19:11,000 --> 00:19:13,000

It would be rather difficult, I guess.

256

00:19:13,000 --> 00:19:19,000

Yeah, right. That's what, in fact, the AP, in their writing up the story, they said that this one ought to give the government some trouble.

257

00:19:19,000 --> 00:19:20,000

There was one case...

258

00:19:20,000 --> 00:19:22,000

Never heard anything about it again.

259

00:19:22,000 --> 00:19:29,000

There was one case where the government came out and said that what these people had seen were certain planets.

260

00:19:29,000 --> 00:19:36,000

And an astronomer in that area said that those planets that the government was referring to were on the other side of the earth.

261

00:19:36,000 --> 00:19:40,000

Which made the government statement very ridiculous.

262

00:19:40,000 --> 00:19:41,000

Yeah, but...

263

00:19:41,000 --> 00:19:45,000

The government doesn't love to come out and make a claim of that nature, though.

264

00:19:45,000 --> 00:19:56,000

It seems very necessary to them for some reason to always have something to offset the, you might say, the effect of the sighting.

265

00:19:56,000 --> 00:19:57,000

Yes.

266

00:19:57,000 --> 00:19:58,000

Alright, sir, is that to answer your call for?

267

00:19:58,000 --> 00:19:59,000

Yes, it does.

268

00:19:59,000 --> 00:20:01,000

Good. Okay. Good night.

269

00:20:01,000 --> 00:20:03,000

WNAC, comment. Hello.

270

00:20:03,000 --> 00:20:04,000

Yes, sir.

271

00:20:04,000 --> 00:20:05,000

Mr. Fred Gale.

272

00:20:05,000 --> 00:20:06,000

Yes.

273

00:20:06,000 --> 00:20:07,000

You're on the air.

274

00:20:07,000 --> 00:20:08,000

I'm very...

275

00:20:08,000 --> 00:20:09,000

Alright, good.

276

00:20:09,000 --> 00:20:14,000

I'm going to need to... I believe there was a medical but they held it in New Hampshire.

277

00:20:14,000 --> 00:20:22,000

I missed it and I was wondering if you could have any comment on where it can be obtained if it can't perform a serial.

278

00:20:22,000 --> 00:20:26,000

Well, this article just appeared in the Boston Traveler.

279

00:20:26,000 --> 00:20:29,000

It ran for a week and I think it was last week.

280

00:20:29,000 --> 00:20:30,000

Yes, sir.

281

00:20:30,000 --> 00:20:31,000

Yes.

282

00:20:31,000 --> 00:20:34,000

For five days from Monday through Friday by John LaTrell.

283

00:20:34,000 --> 00:20:35,000

Right.

284

00:20:35,000 --> 00:20:40,000

Well, this is about Barney and Betty Hill from Portsmouth, New Hampshire.

285

00:20:40,000 --> 00:20:45,000

But it's... that's the only place that is written up at present that I understand.

286

00:20:45,000 --> 00:20:49,000

Yes, it could give me a brief rundown just what did happen.

287

00:20:49,000 --> 00:20:52,000

I missed the whole serial and that was not a serial.

288

00:20:52,000 --> 00:21:04,000

Well, quite a bit happened but briefly they were coming home from Canada when they saw a red light

in the sky.

289

00:21:04,000 --> 00:21:07,000

And it seemed to be following them.

290

00:21:07,000 --> 00:21:20,000

Then they stopped at the place to eat on the way home and noted the time there.

291

00:21:20,000 --> 00:21:23,000

And when they got home they also noted the time.

292

00:21:23,000 --> 00:21:29,000

And from this place they stopped to where they arrived home.

293

00:21:29,000 --> 00:21:34,000

And their traveling time was two hours longer than normally it is.

294

00:21:34,000 --> 00:21:38,000

And they couldn't understand why.

295

00:21:38,000 --> 00:21:53,000

Then Mrs. Hill started getting these peculiar dreams about being taken aboard a spacecraft and so forth.

296

00:21:53,000 --> 00:21:58,000

And the dreams kept repeating and they were always similar.

297

00:21:58,000 --> 00:22:04,000

So at this time she came to one of our meetings, she and her husband,

298

00:22:04,000 --> 00:22:11,000

and related the whole... everything that they knew about this as well as the dream.

299

00:22:11,000 --> 00:22:21,000

Then after that they went to this Dr. Simon, a psychiatrist I believe.

300

00:22:21,000 --> 00:22:31,000

And by means of hypnosis he tried to extract from their minds exactly what had happened.

301

00:22:31,000 --> 00:22:34,000

How was this blanked out to begin with?

302

00:22:34,000 --> 00:22:35,000

A bigot pen?

303

00:22:35,000 --> 00:22:39,000

How was this all blanked out to begin with if she was on a spaceship or something?

304

00:22:39,000 --> 00:22:48,000

Well according to the... as I understand it according to even according to her dreams,

305

00:22:48,000 --> 00:22:52,000

she was told by the spacemen that they would not remember anything about this.

306

00:22:52,000 --> 00:22:55,000

And she insisted that she would.

307

00:22:55,000 --> 00:23:01,000

And they said well perhaps you will but certainly your husband will never remember anything that

has gone on.

308

00:23:01,000 --> 00:23:11,000

So by means of hypnosis apparently they were able to break down that barrier which apparently was a previous state of hypnosis.

309

00:23:11,000 --> 00:23:15,000

But it was very interesting.

310

00:23:15,000 --> 00:23:17,000

That's all I've indicated.

311

00:23:17,000 --> 00:23:29,000

Well as I understand it the hypnotic sessions tended to substantiate this whole occurrence.

312

00:23:29,000 --> 00:23:31,000

In other words she couldn't have faked it or anything.

313

00:23:31,000 --> 00:23:34,000

She couldn't fake this under hypnosis could she?

314

00:23:34,000 --> 00:23:38,000

The only way this story would be available would be in the papers.

315

00:23:38,000 --> 00:23:39,000

No way.

316

00:23:39,000 --> 00:23:41,000

The packages are up in the papers.

317

00:23:41,000 --> 00:23:43,000

One other question.

318

00:23:43,000 --> 00:23:49,000

Wasn't there a summary of something terrific about UFOs that went to each congressman?

319

00:23:49,000 --> 00:23:54,000

Is this supposed to be a secret or a secret about youth?

320

00:23:54,000 --> 00:23:56,000

Is that available to the public?

321

00:23:56,000 --> 00:24:02,000

Well that's... as Mr. Fogg can tell you about that he has a copy of this report here.

322

00:24:02,000 --> 00:24:04,000

He has a copy of the report so it is available.

323

00:24:04,000 --> 00:24:05,000

It's right here in front of him.

324

00:24:05,000 --> 00:24:08,000

This is entitled the UFO evidence.

325

00:24:08,000 --> 00:24:13,000

And it's published by the National Investigations Committee on Aerial Phenomena

326

00:24:13,000 --> 00:24:19,000

which is a private organization led by Major Donald Keyhole from Washington DC.

327

00:24:19,000 --> 00:24:27,000

And I believe it's available from that organization for five dollars if I remember correctly.

328

00:24:27,000 --> 00:24:37,000

And the address for NICAP is 1536 Connecticut Avenue, Northwest.

329

00:24:37,000 --> 00:24:39,000

Washington 36.

330

00:24:39,000 --> 00:24:41,000

This is put up by the government printing office.

331

00:24:41,000 --> 00:24:44,000

No this was published and printed by NICAP.

332

00:24:44,000 --> 00:24:47,000

And copies were sent to all congressmen and senators.

333

00:24:47,000 --> 00:24:52,000

As well as representatives of the news media in many cases.

334

00:24:52,000 --> 00:24:57,000

I just wrote that a little while ago and I heard from somebody about this woman in Percline.

335

00:24:57,000 --> 00:25:05,000

And I didn't get all of it exactly what could happen because I was right around the Percline area.

336

00:25:05,000 --> 00:25:10,000

She just related an experience to the two gentlemen here of the sightings.

337

00:25:10,000 --> 00:25:17,000

Can you give it to him very briefly Steve?

338

00:25:17,000 --> 00:25:19,000

Well she saw it.

339

00:25:19,000 --> 00:25:29,000

The one in Percline was simply a shooting staff which started high in the heavens and came

perfectly straight down.

340

00:25:29,000 --> 00:25:31,000

Perfectly theoretically.

341

00:25:31,000 --> 00:25:32,000

Yes.

342

00:25:32,000 --> 00:25:39,000

So it's difficult to know just exactly what that was.

343

00:25:39,000 --> 00:25:42,000

She had related something which was much more detailed.

344

00:25:42,000 --> 00:25:44,000

It occurred three years ago however.

345

00:25:44,000 --> 00:25:46,000

You know what just happened in Percline?

346

00:25:46,000 --> 00:25:48,000

Yes just the other night she said.

347

00:25:48,000 --> 00:25:50,000

It happened the other night.

348

00:25:50,000 --> 00:25:52,000

Because nothing was said.

349

00:25:52,000 --> 00:25:54,000

Nobody else had seen it.

350

00:25:54,000 --> 00:25:56,000

Well nobody reports these things.

351

00:25:56,000 --> 00:25:59,000

Everybody's looking in the paper to see if anybody else reports them.

352

00:25:59,000 --> 00:26:03,000

They think the official would have been jammed at the station.

353

00:26:03,000 --> 00:26:09,000

Well people have been ridiculed very frequently when they've called police stations.

354

00:26:09,000 --> 00:26:11,000

I am a friend believer in South Africa.

355

00:26:11,000 --> 00:26:13,000

I am a friend believer.

356

00:26:13,000 --> 00:26:17,000

But there are a lot of track recorders around also that.

357

00:26:17,000 --> 00:26:19,000

Have you had any sightings yourself?

358

00:26:19,000 --> 00:26:20,000

Yes I have.

359

00:26:20,000 --> 00:26:22,000

I have worked twice actually.

360

00:26:22,000 --> 00:26:26,000

I was looking for a date that was definitely.

361

00:26:26,000 --> 00:26:31,000

It was like four or five hours ago.

362

00:26:31,000 --> 00:26:33,000

It was down below a basin.

363

00:26:33,000 --> 00:26:36,000

Well could we get you to give your name to our director?

364

00:26:36,000 --> 00:26:38,000

Sorry maybe Mr. Putnam can call you sometime.

365

00:26:38,000 --> 00:26:39,000

Sure.

366

00:26:39,000 --> 00:26:40,000

And you can relate it to him.

367

00:26:40,000 --> 00:26:42,000

I sat with the girl a few years back.

368

00:26:42,000 --> 00:26:43,000

What happened?

369

00:26:43,000 --> 00:26:45,000

When I was a pastor I was 77.

370

00:26:45,000 --> 00:26:46,000

I was a very epic.

371

00:26:46,000 --> 00:26:48,000

Was there a detailed observation?

372

00:26:48,000 --> 00:26:50,000

Yes or no?

373

00:26:50,000 --> 00:26:55,000

It was in 1961-1962.

374

00:26:55,000 --> 00:26:56,000

Well would you.

375

00:26:56,000 --> 00:26:57,000

I was a private of mine.

376

00:26:57,000 --> 00:26:58,000

I was particularly.

377

00:26:58,000 --> 00:27:00,000

Would you give your name to our director?

378

00:27:00,000 --> 00:27:01,000

Sorry Mr. Putnam.

379

00:27:01,000 --> 00:27:02,000

We'll get in touch with you.

380

00:27:02,000 --> 00:27:03,000

Sure.

381

00:27:03,000 --> 00:27:04,000

Thank you very much.

382

00:27:04,000 --> 00:27:05,000

Good night.

383

00:27:05,000 --> 00:27:06,000

WNAC comment.

384

00:27:06,000 --> 00:27:07,000

Hello.

385

00:27:07,000 --> 00:27:08,000

Yes ma'am.

386

00:27:08,000 --> 00:27:13,000

I was wondering if your guest could tell me which parts of the sky these objects are most likely to appear.

387

00:27:13,000 --> 00:27:17,000

For Binati Southwest.

388

00:27:17,000 --> 00:27:19,000

I have an idea.

389

00:27:19,000 --> 00:27:22,000

It's west but I just wanted to make sure.

390

00:27:22,000 --> 00:27:29,000

Well I can't relate them to any particular part of the sky because if they were west then somebody further west would see it in the east.

391

00:27:29,000 --> 00:27:31,000

Oh I see.

392

00:27:31,000 --> 00:27:32,000

Uh huh.

393

00:27:32,000 --> 00:27:35,000

Well I thought it might be west somewhere.

394

00:27:35,000 --> 00:27:36,000

That's why I go.

395

00:27:36,000 --> 00:27:39,000

Well I think you can just as likely to appear in any direction.

396

00:27:39,000 --> 00:27:40,000

Okay thank you.

397

00:27:40,000 --> 00:27:41,000

Good night.

398

00:27:41,000 --> 00:27:42,000

Good evening.

399

00:27:42,000 --> 00:27:43,000

You see comment.

400

00:27:43,000 --> 00:27:44,000

Hello.

401

00:27:44,000 --> 00:27:45,000

Hello.

402

00:27:45,000 --> 00:27:46,000

Yes.

403

00:27:46,000 --> 00:27:48,000

Uh this is the UFO show there?

404

00:27:48,000 --> 00:27:49,000

Yes ma'am.

405

00:27:49,000 --> 00:27:50,000

This is Fred Gale.

406

00:27:50,000 --> 00:27:51,000

You had a question or something?

407

00:27:51,000 --> 00:27:52,000

Well no.

408

00:27:52,000 --> 00:27:54,000

I was going to give you a tell you about some sightings I'd say.

409

00:27:54,000 --> 00:27:55,000

Oh good.

410

00:27:55,000 --> 00:27:56,000

Two very close ones.

411

00:27:56,000 --> 00:28:02,000

And I'll tell you before July 29th if you had said too much about UFOs I'd say well maybe.

412

00:28:02,000 --> 00:28:03,000

I'm sorry.

413

00:28:03,000 --> 00:28:05,000

Now I know they exist.

414

00:28:05,000 --> 00:28:07,000

Uh the 29th of July.

415

00:28:07,000 --> 00:28:11,000

My daughter and I were up in Hampton Falls having coffee with a friend of mine.

416

00:28:11,000 --> 00:28:15,000

We sat her down the road about 1130 to go home.

417

00:28:15,000 --> 00:28:18,000

And it's quite a dark road in Woodsey.

418

00:28:18,000 --> 00:28:22,000

So there were bright reds and white lights streaming to the middle of that road.

419

00:28:22,000 --> 00:28:24,000

And I said well we'll slow down.

420

00:28:24,000 --> 00:28:26,000

There's a car accident here.

421

00:28:26,000 --> 00:28:29,000

We get up to where the lights were and the white lights had gone off.

422

00:28:29,000 --> 00:28:31,000

But you could still see the red ones.

423

00:28:31,000 --> 00:28:34,000

And I said well gee there's no traffic here.

424

00:28:34,000 --> 00:28:35,000

Well where are they?

425

00:28:35,000 --> 00:28:36,000

So we stopped.

426

00:28:36,000 --> 00:28:38,000

And I said well gee where's the car?

427

00:28:38,000 --> 00:28:40,000

I said well where are the lights coming from?

428

00:28:40,000 --> 00:28:42,000

So Sherry was sitting on the other side of me you know.

429

00:28:42,000 --> 00:28:45,000

And she looked outside and she looked up.

430

00:28:45,000 --> 00:28:47,000

And she said well up there.

431

00:28:47,000 --> 00:28:50,000

I said in the air she said well what?

432

00:28:50,000 --> 00:28:51,000

So I had to lean over.

433

00:28:51,000 --> 00:28:55,000

And then there hovering about 8 to 10 feet off of the ground.

434

00:28:55,000 --> 00:28:57,000

Was this oval shaped thing?

435

00:28:57,000 --> 00:29:00,000

I could not see the body of it this time at all.

436

00:29:00,000 --> 00:29:03,000

It was just bright green lights streaming down on the sides.

437

00:29:03,000 --> 00:29:05,000

And there were red ones out you know onto the front.

438

00:29:05,000 --> 00:29:07,000

And they came they hit my car the lights.

439

00:29:07,000 --> 00:29:10,000

And we sat there for perhaps four or five minutes.

440

00:29:10,000 --> 00:29:13,000

The thing was rocking side to side it had no noise.

441

00:29:13,000 --> 00:29:16,000

So anyways we were just discussing it.

442

00:29:16,000 --> 00:29:18,000

She got scared and she was almost in her sparse.

443

00:29:18,000 --> 00:29:19,000

And she locked the door.

444

00:29:19,000 --> 00:29:21,000

We did roll windows up.

445

00:29:21,000 --> 00:29:23,000

And she says it's awful looking.

446

00:29:23,000 --> 00:29:24,000

She says well maybe it's a plane.

447

00:29:24,000 --> 00:29:26,000

She says well how come there's no noise?

448

00:29:26,000 --> 00:29:29,000

She said looks like something out of fantastic features.

449

00:29:29,000 --> 00:29:30,000

And it's true it did.

450

00:29:30,000 --> 00:29:32,000

It was very very weird.

451

00:29:32,000 --> 00:29:34,000

So then it started rocking faster.

452

00:29:34,000 --> 00:29:35,000

And it went up a little.

453

00:29:35,000 --> 00:29:38,000

Then it looked like it was going to jump on my car.

454

00:29:38,000 --> 00:29:39,000

And it scared me you know.

455

00:29:39,000 --> 00:29:40,000

So we took off.

456

00:29:40,000 --> 00:29:44,000

And I made a watch all the way home to see if this thing was anywhere near us.

457

00:29:44,000 --> 00:29:45,000

Well we came home.

458

00:29:45,000 --> 00:29:46,000

We stood out on the lawn.

459

00:29:46,000 --> 00:29:51,000

And at what I call a 45 degree angle we saw this oval object.

460

00:29:51,000 --> 00:29:53,000

Which was a silver roof light take off.

461

00:29:53,000 --> 00:29:55,000

And go up into the sky and disappear.

462

00:29:55,000 --> 00:29:57,000

It had red green and white lights on it.

463

00:29:57,000 --> 00:30:00,000

Then we didn't think too much more about it you know.

464

00:30:00,000 --> 00:30:02,000

And I didn't tell anybody.

465

00:30:02,000 --> 00:30:05,000

And finally a couple of days later it bothered me so much.

466

00:30:05,000 --> 00:30:07,000

I mean I just couldn't believe that I'd seen a thing.

467

00:30:07,000 --> 00:30:09,000

I told my girlfriend about it.

468

00:30:09,000 --> 00:30:11,000

She asked me to call T. Ziflis.

469

00:30:11,000 --> 00:30:12,000

Which I did.

470

00:30:12,000 --> 00:30:16,000

And I asked her about balloons and so on and so forth.

471

00:30:16,000 --> 00:30:17,000

And I know a few things about it.

472

00:30:17,000 --> 00:30:18,000

Because I've lived near the base here.

473

00:30:18,000 --> 00:30:21,000

And I've lived near Plains down in Massachusetts you know.

474

00:30:21,000 --> 00:30:23,000

So I just brought it to them.

475

00:30:23,000 --> 00:30:25,000

And they told me that it was a U.S. row.

476

00:30:25,000 --> 00:30:26,000

They had to translate that.

477

00:30:26,000 --> 00:30:28,000

Because I didn't know what that meant.

478

00:30:28,000 --> 00:30:30,000

It's why it's awesome they called it.

479

00:30:30,000 --> 00:30:35,000

So then in September the 16th my girlfriend and I were out again.

480

00:30:35,000 --> 00:30:36,000

Just around you know looking around.

481

00:30:36,000 --> 00:30:38,000

We had started seeing things that didn't look right.

482

00:30:38,000 --> 00:30:40,000

So we kept looking you know night after night.

483

00:30:40,000 --> 00:30:44,000

So anyway the 16th I guess it went up to the 17th.

484

00:30:44,000 --> 00:30:48,000

It started up in a field here in Route 88 in Hampton Falls.

485

00:30:48,000 --> 00:30:52,000

And we saw six of these long red things.

486

00:30:52,000 --> 00:30:53,000

We don't know what they were.

487

00:30:53,000 --> 00:30:55,000

There was something we hadn't seen before.

488

00:30:55,000 --> 00:30:56,000

They fly below tree level.

489

00:30:56,000 --> 00:30:58,000

They had an uneven pattern.

490

00:30:58,000 --> 00:31:00,000

We saw six of those there.

491

00:31:00,000 --> 00:31:03,000

And then we saw, Chris I don't know if people believe this enough.

492

00:31:03,000 --> 00:31:05,000

But stars can walk and they're not really stars.

493

00:31:05,000 --> 00:31:06,000

Not all of them.

494

00:31:06,000 --> 00:31:07,000

I don't mean them all.

495

00:31:07,000 --> 00:31:09,000

Anyways we saw all of that there.

496

00:31:09,000 --> 00:31:10,000

So we took a ride down the road.

497

00:31:10,000 --> 00:31:12,000

And my girlfriend said to me,

498

00:31:12,000 --> 00:31:15,000

she says you know she sees these two objects following us.

499

00:31:15,000 --> 00:31:17,000

And I told her you're foolish.

500

00:31:17,000 --> 00:31:18,000

I said they don't follow.

501

00:31:18,000 --> 00:31:19,000

Things can't follow you.

502

00:31:19,000 --> 00:31:20,000

And I really didn't believe it.

503

00:31:20,000 --> 00:31:22,000

So we stopped the car.

504

00:31:22,000 --> 00:31:24,000

There were two objects and they were large.

505

00:31:24,000 --> 00:31:27,000

And you might say that they were large stars you know.

506

00:31:27,000 --> 00:31:29,000

So one kept going with us.

507

00:31:29,000 --> 00:31:30,000

The other one seemed to drag back.

508

00:31:30,000 --> 00:31:33,000

Alright we get down the corner of Ashbrook Road.

509

00:31:33,000 --> 00:31:34,000

And this 88 Road.

510

00:31:34,000 --> 00:31:37,000

And this thing assumed a different shape.

511

00:31:37,000 --> 00:31:38,000

It looked long.

512

00:31:38,000 --> 00:31:39,000

It was red in the front.

513

00:31:39,000 --> 00:31:40,000

And red in the back.

514

00:31:40,000 --> 00:31:41,000

And a little bit of orange.

515

00:31:41,000 --> 00:31:42,000

So that's alright.

516

00:31:42,000 --> 00:31:44,000

So we went down the street.

517

00:31:44,000 --> 00:31:45,000

Which kept going.

518

00:31:45,000 --> 00:31:46,000

We stopped.

519

00:31:46,000 --> 00:31:48,000

And I mean you have to see it to believe she said.

520

00:31:48,000 --> 00:31:49,000

This thing stopped.

521

00:31:49,000 --> 00:31:50,000

And we stopped.

522

00:31:50,000 --> 00:31:51,000

Well we went fast.

523

00:31:51,000 --> 00:31:52,000

It went faster.

524

00:31:52,000 --> 00:31:53,000

Well it went fast.

525

00:31:53,000 --> 00:31:54,000

It just went a little ahead of us you know.

526

00:31:54,000 --> 00:31:55,000

Alright it followed us.

527

00:31:55,000 --> 00:31:56,000

Up and down roads.

528

00:31:56,000 --> 00:31:57,000

It made, when we turned.

529

00:31:57,000 --> 00:31:59,000

You turned the street.

530

00:31:59,000 --> 00:32:00,000

Which I did.

531

00:32:00,000 --> 00:32:01,000

It went across the side.

532

00:32:01,000 --> 00:32:02,000

You know to the other side of my right.

533

00:32:02,000 --> 00:32:05,000

And it kept, it was way below tree level.

534

00:32:05,000 --> 00:32:06,000

It kept right up to this.

535

00:32:06,000 --> 00:32:07,000

So out on 101.

536

00:32:07,000 --> 00:32:08,000

You know Route 101.

537

00:32:08,000 --> 00:32:09,000

I stopped the car.

538

00:32:09,000 --> 00:32:11,000

And this thing was ahead of me.

539

00:32:11,000 --> 00:32:12,000

It went ahead of me.

540

00:32:12,000 --> 00:32:13,000

It stopped right in midair.

541

00:32:13,000 --> 00:32:15,000

And there was no noise to it.

542

00:32:15,000 --> 00:32:16,000

I stopped the car.

543

00:32:16,000 --> 00:32:18,000

And we get out underneath.

544

00:32:18,000 --> 00:32:19,000

You know right out of the car.

545

00:32:19,000 --> 00:32:20,000

On the ground there.

546

00:32:20,000 --> 00:32:24,000

And the thing turned and came back at an angle.

547

00:32:24,000 --> 00:32:26,000

And it went right over my car.

548

00:32:26,000 --> 00:32:28,000

Alright we get a very good view.

549

00:32:28,000 --> 00:32:31,000

And I had a camera which I tried to get a picture of it.

550

00:32:31,000 --> 00:32:32,000

I didn't get it.

551

00:32:32,000 --> 00:32:33,000

Come out.

552

00:32:33,000 --> 00:32:34,000

But this thing to me.

553

00:32:34,000 --> 00:32:36,000

The front of it was oval shaped.

554

00:32:36,000 --> 00:32:39,000

It had what I call either short wings.

555

00:32:39,000 --> 00:32:40,000

Or fins.

556

00:32:40,000 --> 00:32:41,000

I don't know what you want to call it.

557

00:32:41,000 --> 00:32:43,000

It was long body.

558

00:32:43,000 --> 00:32:45,000

And it had like in the back a split like a,

559

00:32:45,000 --> 00:32:47,000

like I call a fin flat though.

560

00:32:47,000 --> 00:32:49,000

Then underneath of this thing.

561

00:32:49,000 --> 00:32:50,000

There was what I call a cabinet.

562

00:32:50,000 --> 00:32:51,000

Or a carriage.

563

00:32:51,000 --> 00:32:52,000

Which are of you please.

564

00:32:52,000 --> 00:32:54,000

It had square windows in it.

565

00:32:54,000 --> 00:32:55,000

Which were illuminated.

566

00:32:55,000 --> 00:32:56,000

But you couldn't see anything.

567

00:32:56,000 --> 00:32:58,000

I was a light coming from it.

568

00:32:58,000 --> 00:33:00,000

And what might have been a ceiling or something.

569

00:33:00,000 --> 00:33:01,000

You know.

570

00:33:01,000 --> 00:33:03,000

Alright this thing was a dull metal.

571

00:33:03,000 --> 00:33:05,000

And it's what I would call a hammered effect.

572

00:33:05,000 --> 00:33:09,000

This thing was no more than 8 to 10 feet over our head.

573

00:33:09,000 --> 00:33:10,000

And it was a dull metal.

574

00:33:10,000 --> 00:33:12,000

It had lights all over it.

575

00:33:12,000 --> 00:33:14,000

Larger lights around the edges of it.

576

00:33:14,000 --> 00:33:15,000

You know.

577

00:33:15,000 --> 00:33:17,000

And it was red, green and white.

578

00:33:17,000 --> 00:33:19,000

And orange lights on that thing.

579

00:33:19,000 --> 00:33:21,000

I don't know what it is.

580

00:33:21,000 --> 00:33:22,000

We want to see it for us again.

581

00:33:22,000 --> 00:33:23,000

We call.

582

00:33:23,000 --> 00:33:24,000

They asked us to come up.

583

00:33:24,000 --> 00:33:25,000

We did.

584

00:33:25,000 --> 00:33:26,000

And we could.

585

00:33:26,000 --> 00:33:29,000

These two gentlemen are all excited here.

586

00:33:29,000 --> 00:33:30,000

Because they loved.

587

00:33:30,000 --> 00:33:31,000

I never believed this.

588

00:33:31,000 --> 00:33:34,000

Well they would love to sit down and talk to you about it.

589

00:33:34,000 --> 00:33:36,000

Could we get you to give your name to our directors?

590

00:33:36,000 --> 00:33:37,000

They could call you sometime.

591

00:33:37,000 --> 00:33:38,000

Yes.

592

00:33:38,000 --> 00:33:39,000

Would that be alright?

593

00:33:39,000 --> 00:33:40,000

Very interesting.

594

00:33:40,000 --> 00:33:41,000

Well they are quite interested.

595

00:33:41,000 --> 00:33:42,000

I can tell you that.

596

00:33:42,000 --> 00:33:43,000

They're still around here.

597

00:33:43,000 --> 00:33:44,000

Believe me.

598

00:33:44,000 --> 00:33:45,000

I don't care they are.

599

00:33:45,000 --> 00:33:48,000

Over 100 people in this area have seen these things.

600

00:33:48,000 --> 00:33:49,000

Uh huh.

601

00:33:49,000 --> 00:33:50,000

Well Steve.

602

00:33:50,000 --> 00:33:51,000

Any questions?

603

00:33:51,000 --> 00:33:53,000

Would you mind telling us what area that is?

604

00:33:53,000 --> 00:33:55,000

This is Hampton Exeter area.

605

00:33:55,000 --> 00:33:56,000

Hampton Exeter.

606

00:33:56,000 --> 00:33:59,000

Now if you remember there were police and a boy that made the newspapers.

607

00:33:59,000 --> 00:34:01,000

I didn't want my name used period.

608

00:34:01,000 --> 00:34:04,000

Because you know people do think you're not quite right.

609

00:34:04,000 --> 00:34:05,000

Yes.

610

00:34:05,000 --> 00:34:08,000

I saw this the first one I saw was July 29th.

611

00:34:08,000 --> 00:34:12,000

And I had reported it to peace a couple of days later.

612

00:34:12,000 --> 00:34:15,000

Well that's certainly most interesting.

613

00:34:15,000 --> 00:34:20,000

And I wonder if it's the shape it all relates to what was seen and published you know.

614

00:34:20,000 --> 00:34:21,000

You mean the Exeter?

615

00:34:21,000 --> 00:34:23,000

The one seen by Mr. Muscarole.

616

00:34:23,000 --> 00:34:25,000

Oh I know him.

617

00:34:25,000 --> 00:34:27,000

I know the boy.

618

00:34:27,000 --> 00:34:31,000

Well the first one was that I say that this thing can assume different shapes.

619

00:34:31,000 --> 00:34:33,000

I don't mean the metal can change it.

620

00:34:33,000 --> 00:34:34,000

Absolutely cannot.

621

00:34:34,000 --> 00:34:37,000

But by changing the lights it can look different.

622

00:34:37,000 --> 00:34:40,000

We've seen it quite large right down the head of the street.

623

00:34:40,000 --> 00:34:42,000

A whole bunch of kids have seen it and neighbors.

624

00:34:42,000 --> 00:34:45,000

I have a girlfriend that is a grown woman too.

625

00:34:45,000 --> 00:34:48,000

And she's been out with me and we've seen these things many times.

626

00:34:48,000 --> 00:34:51,000

The nearest where with Doris and I went to over my car.

627

00:34:51,000 --> 00:34:55,000

And when Sharon and I stopped by the side of the road and they were very near.

628

00:34:55,000 --> 00:35:03,000

Do you have any idea at all where this thing might have its home base perhaps in that area?

629

00:35:03,000 --> 00:35:06,000

Don't you think I would love to know that?

630

00:35:06,000 --> 00:35:08,000

I mean no but I'm going to tell you.

631

00:35:08,000 --> 00:35:10,000

Well I'll tell you 88th field I don't care.

632

00:35:10,000 --> 00:35:12,000

You can see these things many many times.

633

00:35:12,000 --> 00:35:14,000

And you tell me when you sit.

634

00:35:14,000 --> 00:35:16,000

I mean you have to sort of study these things you know.

635

00:35:16,000 --> 00:35:19,000

I mean in the beginning now we've seen other things after that July thing.

636

00:35:19,000 --> 00:35:22,000

Here's a ball that I mean I thought I'd lost my mind really.

637

00:35:22,000 --> 00:35:24,000

And I just kept going out and going out.

638

00:35:24,000 --> 00:35:28,000

And finally these things we've seen it's amazing what they are.

639

00:35:28,000 --> 00:35:33,000

I have a daughter that sat with me and saw three so-called stars come right down and take a shape of.

640

00:35:33,000 --> 00:35:37,000

So that you could see metal on two of the craft and the other one the long red thing.

641

00:35:37,000 --> 00:35:39,000

If you don't stop this you're going to make a believer out of me.

642

00:35:39,000 --> 00:35:41,000

Well I'm going to tell you something.

643

00:35:41,000 --> 00:35:47,000

You tell me this before the 29th of July I'd say all things are possible but I want to see it first.

644

00:35:47,000 --> 00:35:48,000

That's what I say.

645

00:35:48,000 --> 00:35:50,000

That's exactly how I felt.

646

00:35:50,000 --> 00:35:53,000

But you now you show me what I saw and tell me where it comes from.

647

00:35:53,000 --> 00:35:56,000

And if you can give me a legitimate answer for it I'll believe you.

648

00:35:56,000 --> 00:35:59,000

Well that's interesting would you hold on so you can go out and say your name to our director please.

649

00:35:59,000 --> 00:36:01,000

Thanks for the call. Good night.
