

1

00:00:00,000 --> 00:00:08,960

Unidentified flying objects, flying saucers, those things that we hear about, and some

2

00:00:08,960 --> 00:00:12,200

of us see and some of us don't.

3

00:00:12,200 --> 00:00:20,280

We have an expert on the subject, Mr. Ray Fowler, whose full-time occupation is that

4

00:00:20,280 --> 00:00:28,400

of a member of the scientific, the electronic community, and who avocationally is chairman

5

00:00:28,400 --> 00:00:36,280

of the Massachusetts Subcommittee of NYCAP, which probably is the most respected organization

6

00:00:36,280 --> 00:00:40,640

in the entire world which goes into the field of UFOs.

7

00:00:40,640 --> 00:00:42,240

We'll be back in about 67.

8

00:00:42,240 --> 00:00:46,680

My guest this evening, as I said before, is Ray Fowler, chairman of the Massachusetts

9

00:00:46,680 --> 00:00:53,680

Subcommittee of NYCAP, the organization most respected throughout the entire world in the

10

00:00:53,680 --> 00:00:59,080

field of unidentified flying objects.

11

00:00:59,080 --> 00:01:03,640

Now there are those who believe in them very frankly, and there are those who say that

12

00:01:03,640 --> 00:01:09,040

they are hogwash.

13

00:01:09,040 --> 00:01:14,120

I think it's safe to say, sir, that in the minds of a great many people in the general

14

00:01:14,120 --> 00:01:22,960

public, that there is a feeling that even though we haven't seen flying saucers, our flying

15

00:01:22,960 --> 00:01:33,320

objects that we can't identify to our satisfaction, that we have the at least sneaky feeling, that

16

00:01:33,320 --> 00:01:39,720

where there is this much smoke, there has to be a little bit of fire somewhere.

17

00:01:39,720 --> 00:01:46,240

Anybody who has studied the UFO problem over the years would be convinced that UFOs are

18

00:01:46,240 --> 00:01:47,240

real.

19

00:01:47,240 --> 00:01:51,600

Now whether they are interplanetary is another question, of course.

20

00:01:51,600 --> 00:01:57,600

I personally believe that there is good observational evidence, not proof mind you, but good observational

21

00:01:57,600 --> 00:02:05,000

evidence that there are unknown objects coming into our atmosphere under intelligent control,

22

00:02:05,000 --> 00:02:10,280

and that they have been seen by people from all over the world ruling out any aircraft

23

00:02:10,280 --> 00:02:16,760

that the United States might have or any other country because of the fantastic maneuvers,

24

00:02:16,760 --> 00:02:21,300

the ability to take right angle turns, for example, at fantastic speed, the ability to

25

00:02:21,300 --> 00:02:25,120

hover for several minutes and then move off at blinding speed.

26

00:02:25,120 --> 00:02:29,360

I believe that they are under intelligent control because they behave like intelligently

27

00:02:29,360 --> 00:02:31,560

controlled objects.

28

00:02:31,560 --> 00:02:34,560

But now could these be something known as cosmic coincidence?

29

00:02:34,560 --> 00:02:45,160

Could these be explained away as astrophysical phenomena, light reflections and refractions?

30

00:02:45,160 --> 00:02:51,320

The United States Air Force and NICAP and any reputable UFO group would agree that there

31

00:02:51,320 --> 00:02:56,160

are many objects which can be identified either as misinterpretation of natural phenomena

32

00:02:56,160 --> 00:02:59,000

or misidentification of common aircraft.

33

00:02:59,000 --> 00:03:05,280

I would say that out of all the reports that we, the NICAP Massachusetts subcommittee received,

34

00:03:05,280 --> 00:03:09,880

that about 80% can be explained as either misinterpretation of natural phenomena such

35

00:03:09,880 --> 00:03:11,480

as the planet Venus.

36

00:03:11,480 --> 00:03:16,760

We've gotten quite a few reports of the planet Venus as being a UFO over there in the west,

37

00:03:16,760 --> 00:03:22,040

planet Jupiter, sun dogs, light reflecting off from aircraft and what have you.

38

00:03:22,040 --> 00:03:27,840

But there is a good 15 to 20% of UFOs that cannot be explained.

39

00:03:27,840 --> 00:03:30,040

These are not just lights in the sky.

40

00:03:30,040 --> 00:03:36,240

These are functional looking objects, solid objects that have been seen at close range.

41

00:03:36,240 --> 00:03:41,400

Some people have been fortunate enough to get within a few hundred feet of these objects

42

00:03:41,400 --> 00:03:46,280

and recently too and what they saw was certainly no conventional object.

43

00:03:46,280 --> 00:03:50,520

Recently a group of psychiatrists out in Chicago came forth with a fascinating explanation

44

00:03:50,520 --> 00:03:53,040

for UFO sightings.

45

00:03:53,040 --> 00:04:00,160

They said that more and more people are engaging in a process known as hallucinating either

46

00:04:00,160 --> 00:04:08,120

at a conscious or a subconscious level and that they are quite honestly and quite accurately

47

00:04:08,120 --> 00:04:14,960

thinking that they see these things either by choice or by lack of choice.

48

00:04:14,960 --> 00:04:21,200

But that this is a process of the mind that it's almost a form of psychosomatism such

49

00:04:21,200 --> 00:04:29,560

as you would find in, I suddenly decide that I have a disease and even though I don't have

50

00:04:29,560 --> 00:04:34,800

one physiologically if I think I've got it, it still hurts.

51

00:04:34,800 --> 00:04:39,040

I'm sure that this is true in some cases.

52

00:04:39,040 --> 00:04:44,240

In the study of UFOs as in the study of any subject whether it be politics, theology,

53

00:04:44,240 --> 00:04:50,080

philosophy or what have you there are various positions and there is a certain position,

54

00:04:50,080 --> 00:04:55,200

a certain group within the study of UFOs which is known as the contactee position.

55

00:04:55,200 --> 00:04:59,400

These people of course are the ones who have met the beings from outer space, the brothers

56

00:04:59,400 --> 00:05:04,280

from on high who have a revelation to our planet earth who have come to bring peace on earth

57

00:05:04,280 --> 00:05:05,640

and what have you.

58

00:05:05,640 --> 00:05:09,840

They have been invited aboard the craft, have flown to Venus and Jupiter and throughout

59

00:05:09,840 --> 00:05:11,840

the solar system.

60

00:05:11,840 --> 00:05:14,760

And I think George Adamsky is now left hasn't he?

61

00:05:14,760 --> 00:05:17,920

That's right George Adamsky is left.

62

00:05:17,920 --> 00:05:22,600

But there are many people, good, sane, reliable people.

63

00:05:22,600 --> 00:05:27,040

People with highly technical backgrounds, airline pilots for example who have flown

64

00:05:27,040 --> 00:05:28,040

for years and years.

65

00:05:28,040 --> 00:05:29,040

Who are trained to train.

66

00:05:29,040 --> 00:05:30,040

Who are trainers in the sky.

67

00:05:30,040 --> 00:05:31,040

Right.

68

00:05:31,040 --> 00:05:35,440

Dr. J. Allen Heineck recently he came out with an article I believe in Christian Science

69

00:05:35,440 --> 00:05:42,400

Monitor concerning this subject in the 1961 issue of Yale Scientific Magazine said the

70

00:05:42,400 --> 00:05:43,400

following.

71

00:05:43,400 --> 00:05:48,240

Now J. Allen Heineck is the chief UFO consultant for Project Blue Book, the Air Force Project.

72

00:05:48,360 --> 00:05:52,960

He said this concerning people who see UFOs.

73

00:05:52,960 --> 00:05:57,560

The surprising thing is that the level of intelligence of the observers and reporters

74

00:05:57,560 --> 00:06:03,680

of UFOs is certainly at least average and in many cases decidedly above average.

75

00:06:03,680 --> 00:06:06,360

In some cases embarrassingly above average.

76

00:06:06,360 --> 00:06:10,200

And this comes from a man who has studied perhaps more UFO reports than we personally

77

00:06:10,200 --> 00:06:11,200

will ever see.

78

00:06:11,200 --> 00:06:13,960

Dr. J. Allen I don't know whether there is a direct corollary

79

00:06:13,960 --> 00:06:21,320

here, Mitch Fowler, but the Yale Institute for Alcohol Studies has found that the average

80

00:06:21,320 --> 00:06:27,760

IQ of the alcoholic is substantially higher than that of the general public.

81

00:06:27,760 --> 00:06:34,920

Dr. J. Allen If UFO sightings depended just upon the human senses alone one would also

82

00:06:34,920 --> 00:06:40,360

begin to suspect that such a thing could be true, that these could be hallucinations.

83

00:06:40,360 --> 00:06:46,160

But there have been many cases where electronic equipment have picked up UFOs such as radar.

84

00:06:46,160 --> 00:06:51,880

That is a number of people have seen an object in the sky, radar, several radars sometimes

85

00:06:51,880 --> 00:06:55,280

have picked this object up and has tracked the object.

86

00:06:55,280 --> 00:06:57,840

A good solid return.

87

00:06:57,840 --> 00:07:00,880

The radar following the maneuvers, the human eye following the maneuvers and what have

88

00:07:00,880 --> 00:07:01,880

you.

89

00:07:01,880 --> 00:07:06,280

UFOs also have been seen on the ground and have left physical evidence.

90

00:07:06,280 --> 00:07:10,720

One of the best I would say UFO sightings we have had in several years took place down

91

00:07:10,720 --> 00:07:12,480

in Socorro, New Mexico.

92

00:07:12,480 --> 00:07:17,880

And here we have a policeman who will approach within about 100 to 200 feet of one.

93

00:07:17,880 --> 00:07:23,200

If you care to go into this sighting, very very interesting.

94

00:07:23,200 --> 00:07:27,720

The place where the UFO sighting took place was Socorro, New Mexico.

95

00:07:27,720 --> 00:07:31,560

The sighting took place on April 24, 1964.

96

00:07:31,560 --> 00:07:34,600

The witness was patrolman Lonnie Zamora.

97

00:07:34,600 --> 00:07:40,120

He was chasing a speeding car on South Park Street down in Socorro when he heard this

98

00:07:40,120 --> 00:07:45,640

tremendous roar and looked out to his right out the window and saw this blue cone shaped

99

00:07:45,640 --> 00:07:49,320

flame coming out of the sky and descending beyond the hills.

100

00:07:49,320 --> 00:07:52,840

Thinking this very unusual and knowing that there was a dynamite shack in the area, he

101

00:07:52,840 --> 00:07:56,080

radioed back to headquarters as he was going to chase the car any longer but he was going

102

00:07:56,080 --> 00:07:58,800

to investigate this explosion.

103

00:07:58,800 --> 00:08:04,400

He rode down a dirt road to a macer, I guess they call the hills maces down there and get

104

00:08:04,400 --> 00:08:05,400

up and talk to them.

105

00:08:05,400 --> 00:08:06,400

That's what they call them.

106

00:08:06,400 --> 00:08:07,400

Right.

107

00:08:07,400 --> 00:08:08,400

I know that part of the country.

108

00:08:08,400 --> 00:08:12,000

He got on top of a macer and he looked over to another macer in the gully, in the gully

109

00:08:12,000 --> 00:08:13,000

over there.

110

00:08:13,000 --> 00:08:18,760

He saw what at first looked like an automobile, turned upside down with some people standing

111

00:08:18,760 --> 00:08:20,640

by it, two people.

112

00:08:20,640 --> 00:08:23,640

Another look though convinced him that he wasn't looking at an automobile at all.

113

00:08:23,640 --> 00:08:25,160

It was a white object.

114

00:08:25,160 --> 00:08:30,320

He longated on four stilts and the people or whatever they were were only three and a

115

00:08:30,320 --> 00:08:31,480

half, four feet tall.

116

00:08:31,560 --> 00:08:36,720

Well again, he radioed back, told headquarters what he had seen and asked for the state police

117

00:08:36,720 --> 00:08:38,480

to come out at once and help him.

118

00:08:38,480 --> 00:08:40,480

I think I would.

119

00:08:40,480 --> 00:08:45,360

Then he proceeded down into the gully, losing sight of the object momentarily and then getting

120

00:08:45,360 --> 00:08:49,120

up on top of the macer, just adjacent to the gully where this object was.

121

00:08:49,120 --> 00:08:50,120

There it was.

122

00:08:50,120 --> 00:08:51,360

He looked out the car window, there it was.

123

00:08:51,360 --> 00:08:55,320

The people or creatures or whatever they were were gone but there was the object as

124

00:08:55,320 --> 00:08:56,320

his plan as day.

125

00:08:56,320 --> 00:09:01,040

He again radioed back to headquarters what he was witnessing and said he was going to

126

00:09:01,080 --> 00:09:03,080

leave the cruiser to investigate.

127

00:09:03,080 --> 00:09:06,760

He got out of the cruiser and he only had taken several steps toward the object when

128

00:09:06,760 --> 00:09:11,200

this blue flame appeared at the bottom of the object and a loud ear splitting roar came

129

00:09:11,200 --> 00:09:12,200

from the object.

130

00:09:12,200 --> 00:09:15,080

He thought it was going to blow up in his face and he turned and started running, started

131

00:09:15,080 --> 00:09:18,680

running, he went right by the cruiser and he got down, crouched down and he watched

132

00:09:18,680 --> 00:09:20,080

the object.

133

00:09:20,080 --> 00:09:25,800

The object lifted off the ground for about 20 feet off the gully and then it stopped.

134

00:09:25,800 --> 00:09:29,720

The blue flame shrank very slowly to nothing.

135

00:09:29,720 --> 00:09:34,960

The roar stopped and a very high pitched whine took over dropping quickly to a low pitched

136

00:09:34,960 --> 00:09:40,000

whine and then it was completely silent and then it moved off following the contour of

137

00:09:40,000 --> 00:09:41,000

the gully.

138

00:09:41,000 --> 00:09:43,640

He said when it moved off you could have heard a pin drop.

139

00:09:43,640 --> 00:09:50,640

A seconds later, Sergeant Samuel Cheve of the New Mexico State Police arrived on the scene.

140

00:09:51,400 --> 00:09:52,640

Both of them went down on the gully.

141

00:09:52,640 --> 00:09:59,640

There were four large indentations, 12 inches by 6 inches and approximately 6 inches deep.

142

00:09:59,960 --> 00:10:04,920

In the area between these four indentations, the grease wood was burning, the shrubbery

143

00:10:04,920 --> 00:10:07,640

was burning, some of the shrubbery was broken.

144

00:10:07,640 --> 00:10:10,160

Something physical had been there.

145

00:10:10,160 --> 00:10:15,280

The Air Force made a complete investigation as Nightcap did as well and Jay Allen Heineck

146

00:10:15,280 --> 00:10:21,120

again whom I mentioned earlier came out publicly stating that after his investigation he was

147

00:10:21,120 --> 00:10:25,480

convinced that Lani Zamora was telling the truth.

148

00:10:25,480 --> 00:10:31,980

Isn't it curious that usually those of these sightings are affected by solitary people,

149

00:10:31,980 --> 00:10:33,880

not by people in groups.

150

00:10:33,880 --> 00:10:39,960

At least those that I have heard of have been the experience of individuals.

151

00:10:39,960 --> 00:10:46,960

Probably where we find reports or have I heard of reports of, shall we say, a sighting

152

00:10:46,960 --> 00:10:53,960

by 80,000 people in the Cotton Bowl in Dallas, Texas are in one of the huge times square.

153

00:11:01,000 --> 00:11:02,000

There have been many sightings.

154

00:11:02,000 --> 00:11:06,640

In fact, in this documentary I have in front of me called the UFO Evidence, which is available

155

00:11:06,680 --> 00:11:12,400

to the public from Nightcap, are hundreds of reports selected from thousands of reports

156

00:11:12,400 --> 00:11:16,680

from Nightcap's file which will give you in detail documented reports such as the type

157

00:11:16,680 --> 00:11:18,080

that you haven't seen.

158

00:11:18,080 --> 00:11:19,080

Of group sightings.

159

00:11:19,080 --> 00:11:20,080

Of group sightings.

160

00:11:20,080 --> 00:11:23,320

Let me tell you of one that was very interesting.

161

00:11:23,320 --> 00:11:27,400

Interesting in that it only occurred several miles from where I live in Wenham, not too

162

00:11:27,400 --> 00:11:28,400

many miles from Boston.

163

00:11:28,400 --> 00:11:33,640

It took place in the Exeter, New Hampshire area and it involved four persons, two of

164

00:11:33,640 --> 00:11:38,280

them police officers, one of whom got within 100 feet of the object.

165

00:11:38,280 --> 00:11:43,000

It all started in the early morning hours of September 3, 1965.

166

00:11:43,000 --> 00:11:48,720

Patrolman Bertram of the Exeter, New Hampshire police department was patrolling the roads

167

00:11:48,720 --> 00:11:50,720

around Exeter.

168

00:11:50,720 --> 00:11:55,800

This was just after midnight and he came across this woman parked by the road all alone.

169

00:11:55,800 --> 00:11:58,560

He wondered what was going on so he pulled up in the cruiser and said, what's the matter

170

00:11:58,560 --> 00:12:01,000

lady can I help you?

171

00:12:01,000 --> 00:12:04,960

She watered gas and she was so frightened she could hardly talk.

172

00:12:04,960 --> 00:12:09,720

She described this object which had chased her between Effing and Exeter as being egg

173

00:12:09,720 --> 00:12:12,800

shaped carrying bright pulsating red lights.

174

00:12:12,800 --> 00:12:14,520

The object actually made passes at her.

175

00:12:14,520 --> 00:12:16,280

Well this was too much for Officer Bertram.

176

00:12:16,280 --> 00:12:20,920

He listened very politely and then went on his way after he felt reasonably sure that

177

00:12:20,920 --> 00:12:23,200

the woman was alright and forgot about it.

178

00:12:23,200 --> 00:12:26,000

He didn't even take her name or her address.

179

00:12:26,000 --> 00:12:30,400

He'd been patrolling the roads and about a half hour later he got an emergency call

180

00:12:30,400 --> 00:12:35,640

from police headquarters in Exeter asking him to report immediately that a teenage boy,

181

00:12:35,640 --> 00:12:40,280

a hitchhiker, had just stumbled into the police station in a near state of shock claiming

182

00:12:40,280 --> 00:12:45,280

that he had been approached by this huge object along Route 150.

183

00:12:45,280 --> 00:12:49,240

While Bertram was sorry he didn't make passes at him too.

184

00:12:49,240 --> 00:12:54,960

While he, while we're getting to that and he was very sorry then that he hadn't gotten

185

00:12:54,960 --> 00:12:59,320

the name and address of the woman but he shot back to headquarters.

186

00:12:59,320 --> 00:13:04,160

Now this boy Norman Muscarello was hitchhiking between Amesbury, Massachusetts and Exeter along

187

00:13:04,160 --> 00:13:09,480

Route 150 which is a very dark road, no lights or anything and as he was walking between

188

00:13:09,480 --> 00:13:14,400

two farm houses there's a big field there and all of a sudden the field lit up bright

189

00:13:14,400 --> 00:13:19,680

red which is like dawn he said and he looked up and he couldn't believe what he saw.

190

00:13:19,680 --> 00:13:24,320

Coming across the field in sort of a rocking motion was this huge egg shaped object carrying

191

00:13:24,320 --> 00:13:27,400

five red pulsating or rotating lights.

192

00:13:27,400 --> 00:13:30,840

He continued to come toward him, he dove up against the stone wall, it was petrified

193

00:13:30,840 --> 00:13:32,240

in De De Mou.

194

00:13:32,240 --> 00:13:39,880

It came by, by him and hovered over a house, the house of Mr. Carl Dining I believe, no

195

00:13:39,880 --> 00:13:41,360

Carl Russell.

196

00:13:41,360 --> 00:13:45,760

The house was only 30 feet away and he could tell by the size of the house that the object

197

00:13:45,760 --> 00:13:50,840

was at least 80 or 90 feet long, not a bit of sound came from this object.

198

00:13:50,840 --> 00:13:54,600

It hovered there for a very long five minutes and then it took off over the tree line.

199

00:13:55,120 --> 00:13:59,120

As soon as that object got out of there Norman got up and he went and potted on that Mr.

200

00:13:59,120 --> 00:14:04,320

Russell's door yelling for help, mind you this is in the early morning hours around

201

00:14:04,320 --> 00:14:06,560

one or two o'clock in the morning.

202

00:14:06,560 --> 00:14:09,680

Mr. and Mrs. Russell got up and asked him what was the matter and he said he was chased

203

00:14:09,680 --> 00:14:13,640

by a flying saucer because they thought they had a drunk on their hands and they told him

204

00:14:13,640 --> 00:14:14,640

to get lost.

205

00:14:14,640 --> 00:14:15,640

Oh, they didn't.

206

00:14:15,640 --> 00:14:21,080

Right, so he took off down the road scared stiff and they cocked him by, fortunately,

207

00:14:21,080 --> 00:14:24,280

and picked him up and brought him to the police station and that's when the call was made

208

00:14:24,320 --> 00:14:25,320

to Bertram.

209

00:14:25,320 --> 00:14:29,200

Well, Bertram came in and they interrogated the boy and they decided that Bertram should

210

00:14:29,200 --> 00:14:31,960

go back to the field and take a look for himself.

211

00:14:31,960 --> 00:14:35,000

All he did, they went back to the field and they sat there in the cruiser and they couldn't

212

00:14:35,000 --> 00:14:36,000

see anything.

213

00:14:36,000 --> 00:14:39,760

Well, Bertram was just about to give up and come back and when he was instructed from

214

00:14:39,760 --> 00:14:42,440

headquarters that he ought to go out in the field and flash the light around and make

215

00:14:42,440 --> 00:14:44,400

a routine check anyhow.

216

00:14:44,400 --> 00:14:46,560

So Bertram and Norman went out in the field.

217

00:14:46,560 --> 00:14:49,560

He said they had gotten about 100 feet out in the field and he was flashing his light

218

00:14:49,560 --> 00:14:52,080

around very disgusted with the whole thing.

219

00:14:52,080 --> 00:14:54,880

And all of a sudden the kid yell, look out, here it comes.

220

00:14:54,880 --> 00:14:57,920

He said he whipped around and he couldn't believe what he saw.

221

00:14:57,920 --> 00:15:02,120

He was this big object, seemed to him bigger in a house, coming across the field parallel

222

00:15:02,120 --> 00:15:06,120

to them carrying these five bright red lights so bright he said you couldn't even look

223

00:15:06,120 --> 00:15:08,240

at them without your eyes hurting.

224

00:15:08,240 --> 00:15:12,200

All of a sudden the object stopped, it tilted and started to close on them.

225

00:15:12,200 --> 00:15:15,840

He, without even realizing it, pulled out his revolver and started to yell, I'm going

226

00:15:15,840 --> 00:15:16,840

to shoot it.

227

00:15:16,840 --> 00:15:20,800

And then he thought better of it and put the revolver back into his pocket and by that

228

00:15:20,800 --> 00:15:24,760

time he said it was about 100 feet up and about 100 feet from them and the red lights

229

00:15:24,760 --> 00:15:27,800

were so bright that he couldn't even hardly see and he yelled for the kid to take cover

230

00:15:27,800 --> 00:15:28,800

on the cruiser.

231

00:15:28,800 --> 00:15:31,200

Well, Norman just froze, he didn't move.

232

00:15:31,200 --> 00:15:35,200

So Officer Bertram said he had to grab the kid and practically drag him across the field

233

00:15:35,200 --> 00:15:36,200

with the cruiser.

234

00:15:36,200 --> 00:15:40,840

He said he could hardly hold a microphone at the call headquarters for help but he did.

235

00:15:40,840 --> 00:15:43,840

He called headquarters and officer Hunt came on the scene.

236

00:15:43,840 --> 00:15:47,400

The three of them stood there for about 10 minutes and watched this UFO hovering about

237

00:15:47,400 --> 00:15:49,280

100 feet off the ground over this field.

238

00:15:49,280 --> 00:15:54,080

Not one noise coming from, not a bit of noise coming from it, this rocking motion and the

239

00:15:54,080 --> 00:15:56,800

lights flashing on and off in sequence.

240

00:15:56,800 --> 00:16:03,520

Now independently interrogated these three individuals to substantiate the same story?

241

00:16:03,520 --> 00:16:04,520

Yes.

242

00:16:04,520 --> 00:16:05,520

Right.

243

00:16:05,520 --> 00:16:07,040

I went up to the very key point.

244

00:16:07,040 --> 00:16:09,560

Yes, the Air Force was up there just ahead of me.

245

00:16:09,560 --> 00:16:11,520

They made a complete investigation.

246

00:16:11,520 --> 00:16:17,960

In fact, the first thing they told the policeman was to not to report this to the public to

247

00:16:17,960 --> 00:16:20,360

keep it quiet but it was too late.

248

00:16:20,360 --> 00:16:23,440

Several newspapers had already heard about it and they had reporters out there and gotten

249

00:16:23,440 --> 00:16:25,640

pictures and it broke the next day.

250

00:16:25,640 --> 00:16:29,120

And then I was told by several people that some of the Air Force officers were buying

251

00:16:29,120 --> 00:16:31,000

up the papers in the area.

252

00:16:31,000 --> 00:16:33,840

But their investigation took place over several days.

253

00:16:33,840 --> 00:16:37,320

I went up and got signed statements from the witnesses.

254

00:16:37,320 --> 00:16:42,440

It's very interesting to also note that John Fuller of the Saturday Review heard about

255

00:16:42,440 --> 00:16:49,320

this report and I sent him a copy, a summary copy of what we sent to NiCAP and his magazine

256

00:16:49,320 --> 00:16:52,120

made a complete check of the sighting as well.

257

00:16:52,120 --> 00:16:57,600

Checked my investigation step by step and published it in the October 2nd issue.

258

00:16:57,600 --> 00:17:02,440

He himself also went up there and talked to the witnesses and was convinced that this

259

00:17:02,440 --> 00:17:03,800

sighting actually took place.

260

00:17:03,800 --> 00:17:07,920

Of course, the Air Force since then has come out and said that there was a temperature

261

00:17:07,920 --> 00:17:13,960

inversion that night and what the officers saw were probably stars or planets of blinking

262

00:17:13,960 --> 00:17:16,360

under strange atmospheric conditions.

263

00:17:16,360 --> 00:17:20,160

This is typical of the Air Force type of answer to a sighting like this.

264

00:17:20,160 --> 00:17:24,680

My guest is Ray Fowler, the chairman of the Massachusetts sub-community of NiCAP.

265

00:17:24,680 --> 00:17:26,600

We're talking about UFOs.

266

00:17:26,600 --> 00:17:31,840

We're going to very soon open up the phones and I'm sure that some of you have had sightings.

267

00:17:31,840 --> 00:17:38,240

I'm sure that you've had sightings and that you aren't just in fact, you know, sinking.

268

00:17:38,240 --> 00:17:42,600

I'm glad that you said magazines there because this leaves me into one of our sponsors.

269

00:17:42,600 --> 00:17:46,200

You're tuned for Radio 68's Boston Forum.

270

00:17:46,200 --> 00:17:48,080

My name is Haywood Vincent.

271

00:17:48,080 --> 00:17:53,800

My guest is Ray Fowler, the chairman of the Massachusetts sub-committee of NiCAP.

272

00:17:53,800 --> 00:17:58,920

We're talking about UFOs, unidentified flying objects.

273

00:17:58,920 --> 00:18:05,880

What they mean, whether they're real, whether the people who see them have been, oh, what

274

00:18:05,880 --> 00:18:12,360

things called the pop parties, whether they are trying, as some have indicated.

275

00:18:12,360 --> 00:18:14,720

This is a theory that's been foot-forthed too.

276

00:18:14,720 --> 00:18:17,280

I think we might go into it, Mr. Fowler.

277

00:18:17,280 --> 00:18:25,200

There are a great many people who are of more than average intelligence who have failed

278

00:18:25,200 --> 00:18:30,600

to achieve what in their own mind is their own potential and they are seeking some type

279

00:18:30,600 --> 00:18:32,560

of notoriety.

280

00:18:32,560 --> 00:18:36,920

Sometimes these people turn into gangsters.

281

00:18:36,920 --> 00:18:40,800

Sometimes they confess to crimes which they haven't had any part in.

282

00:18:40,800 --> 00:18:48,920

I think our various police groups can substantiate this.

283

00:18:48,920 --> 00:18:52,880

They are seeking to be known and to be recognized.

284

00:18:52,880 --> 00:18:58,400

There are those who feel that there are some who claim that they have seen UFOs and who

285

00:18:58,400 --> 00:19:03,640

can describe them in meticulous detail who know that as a result they'll find their names

286

00:19:03,640 --> 00:19:09,000

and NiCAP bulletins, they're going to be interviewed, they're going to be in the press, on radio,

287

00:19:09,000 --> 00:19:13,040

on TV, and that they seek this sort of recognition.

288

00:19:13,040 --> 00:19:14,040

Would you comment?

289

00:19:14,040 --> 00:19:19,960

I'm sure that you'll find many individuals like this, not only in NiCAP but in any group,

290

00:19:19,960 --> 00:19:24,320

whether it be a religious group, an organization like NiCAP.

291

00:19:24,320 --> 00:19:31,160

In fact, the contactee group I mentioned has almost become a religious type cult.

292

00:19:31,160 --> 00:19:38,960

I believe although I am a Christian layman, I believe in many cases the churches have

293

00:19:38,960 --> 00:19:47,040

failed in many ways and the people are turning to these cults and UFO cults if you will.

294

00:19:47,040 --> 00:19:51,800

This type of person that you mentioned especially, very gollible, PT Bynum said that there's

295

00:19:51,800 --> 00:19:53,560

a soccer ball in every minute.

296

00:19:53,560 --> 00:19:59,840

Men like George Adamski and others like him are able to get quite a following.

297

00:19:59,840 --> 00:20:05,960

George Adamski started out as a janitor at Palomar Gardens, a little restaurant on the

298

00:20:05,960 --> 00:20:09,920

foot of Mount Palomar where a big 200-inch telescope is.

299

00:20:09,920 --> 00:20:15,280

He ended up with hundreds of thousands of dollars, his name known throughout the world,

300

00:20:15,280 --> 00:20:20,360

written several books on the subject and even now his name, his works are being carried

301

00:20:20,360 --> 00:20:21,360

on.

302

00:20:21,360 --> 00:20:25,520

However, he's been pretty much denounced though by the responsible people in this field, has

303

00:20:25,520 --> 00:20:26,520

he not said?

304

00:20:26,520 --> 00:20:34,400

Definitely, NiCAP has investigated all major contactee cases and groups and have found

305

00:20:34,400 --> 00:20:38,480

them the type of group that you mentioned.

306

00:20:38,480 --> 00:20:40,160

NiCAP frowns upon contactees.

307

00:20:40,160 --> 00:20:43,840

We feel that they do more harm than government suppression.

308

00:20:43,840 --> 00:20:47,520

Let's take a look at some of the people who are on the NiCAP Board of Governors.

309

00:20:47,520 --> 00:20:52,080

Perhaps this would answer your question a little bit better, Haywood.

310

00:20:52,080 --> 00:20:58,600

Our first chairman of the Board of Governors, for example, was Vice Admiral Rosco H. Hillenketer,

311

00:20:58,600 --> 00:21:02,160

former head of the Central Intelligence Agency.

312

00:21:02,160 --> 00:21:07,320

He was on our Board of Governors for five years and he made many public statements to the press

313

00:21:07,320 --> 00:21:13,520

during his tenure, one of which is, quote, the unknown objects are operating under intelligent

314

00:21:13,520 --> 00:21:14,760

control.

315

00:21:14,760 --> 00:21:17,520

It is imperative that we learn where they come from.

316

00:21:17,520 --> 00:21:22,760

Another board member, Rear Admiral Del Maffani, former chief of the Navy-guided Missiles Division

317

00:21:22,760 --> 00:21:27,960

stated, reliable reports indicate that unidentified objects are coming into our atmosphere at

318

00:21:27,960 --> 00:21:31,360

very high speeds and that they are controlled.

319

00:21:31,360 --> 00:21:36,880

We have several men on our Board of Governors and panel of special advisors who are in the

320

00:21:36,880 --> 00:21:39,560

United States Air Force UFO project.

321

00:21:39,560 --> 00:21:48,680

For example, former Major Dewey Founais was the Pentagon Monitor for the whole USAFO project

322

00:21:48,680 --> 00:21:52,280

and he is now a member of NiCAP's Board of Governors.

323

00:21:52,280 --> 00:21:53,280

I could go on and on.

324

00:21:53,280 --> 00:21:57,760

Dr. Charles P. Olivier, president of the American Media Society, is a member of our

325

00:21:57,760 --> 00:21:59,040

Board of Governors.

326

00:21:59,040 --> 00:22:03,680

We have men from all walks of life on our Board of Governors who are experts in their

327

00:22:03,680 --> 00:22:04,680

fields.

328

00:22:04,680 --> 00:22:10,520

The panel of special advisors include experts in every branch of science and these men mean

329

00:22:10,520 --> 00:22:11,520

business.

330

00:22:11,520 --> 00:22:12,520

Some of them have seen UFOs.

331

00:22:12,520 --> 00:22:14,520

It's an intriguing subject, sir.

332

00:22:14,520 --> 00:22:16,020

We're having phone calls right now.

333

00:22:16,020 --> 00:22:18,040

I don't even have a call for them.

334

00:22:18,040 --> 00:22:24,800

On this show, the phone lines are always open at DE-86510, Devon, Chair 86510.

335

00:22:24,800 --> 00:22:29,240

We do ask that you be brief and concise and to the point and that when you find you're

336

00:22:29,240 --> 00:22:32,140

on the air, please turn that radio down.

337

00:22:32,140 --> 00:22:33,140

You are on the air now.

338

00:22:33,140 --> 00:22:34,140

Hello, Mr. Vincent.

339

00:22:34,140 --> 00:22:35,140

Yes, ma'am.

340

00:22:35,140 --> 00:22:40,140

You know, a few minutes back you mentioned the sighting usually being isolated witnesses.

341

00:22:40,140 --> 00:22:41,140

Yes, ma'am.

342

00:22:41,140 --> 00:22:46,500

And I thought that really you should bring up the fact, Mr. Fowler knows about it, that

343

00:22:46,500 --> 00:22:54,780

one of the most famous sightings was witnessed by 400 people aboard an IGY ship and photographs

344

00:22:54,780 --> 00:23:01,140

were obtained and there were witnesses to the developing of the photographs and perhaps

345

00:23:01,140 --> 00:23:07,060

you could get Mr. Fowler to tell about that because it is so important, such a well-documented

346

00:23:07,060 --> 00:23:12,900

case and this really shows that there are oftentimes big groups of witnesses.

347

00:23:12,900 --> 00:23:13,900

Good.

348

00:23:13,900 --> 00:23:14,900

This is the thing that I was seeking, ma'am.

349

00:23:14,900 --> 00:23:20,980

Yes, and also I would wonder if the psychiatrist would be able to explain anything like that.

350

00:23:20,980 --> 00:23:25,100

Another one which had 37 witnesses was the father Gilles' side in New Guinea.

351

00:23:25,100 --> 00:23:26,100

Yes.

352

00:23:26,100 --> 00:23:29,940

And I think if he would tell about both of those, it would present a good case for the

353

00:23:29,940 --> 00:23:30,940

US fall.

354

00:23:30,940 --> 00:23:31,940

Thank you very much.

355

00:23:31,940 --> 00:23:33,980

Thank you for the call, one and two.

356

00:23:33,980 --> 00:23:41,460

But we would like to have a response to the specific query of this caller who spoke of

357

00:23:41,460 --> 00:23:51,740

the 400 people on the IGY ship who had a mass sighting, I think it could be called that,

358

00:23:51,740 --> 00:23:59,100

and the father Gilles' sighting which included, I think, 37 people in New Zealand, was it?

359

00:23:59,100 --> 00:24:03,420

It was on one of the new islands in New Guinea, I forget the exact name of the island.

360

00:24:03,420 --> 00:24:07,780

First of all, let me just comment briefly on the Trindati sightings which this woman

361

00:24:07,780 --> 00:24:08,780

mentioned.

362

00:24:08,780 --> 00:24:16,420

It took place on the IGY ship, or from the IGY ship, El Marante Saldana on January 16,

363

00:24:16,420 --> 00:24:18,220

1958.

364

00:24:18,220 --> 00:24:22,860

The officers on board noticed this object approaching Trindati Island.

365

00:24:22,860 --> 00:24:29,540

It was egg shaped, I would say a flattened sphere and circled with a ring.

366

00:24:29,540 --> 00:24:32,380

Many of the officers came up on deck and watched this object.

367

00:24:32,380 --> 00:24:37,260

El Miro Barona, an expert submarine photographer, had his camera all set up on deck, taking

368

00:24:37,260 --> 00:24:42,340

pictures of training exercises, and he had a wonderful opportunity to take four photographs.

369

00:24:42,340 --> 00:24:48,100

One also was taken from the island, whereas the woman has mentioned hundreds of people

370

00:24:48,100 --> 00:24:51,100

saw this UFO.

371

00:24:51,100 --> 00:24:57,220

A careful analysis by the Brazilian government, several statements came out to the press concerning

372

00:24:57,220 --> 00:25:05,540

this object after the negatives were examined by the Brazilian Air Force and Navy photo labs,

373

00:25:05,540 --> 00:25:10,340

and the men were interrogated by the Brazilian military authorities.

374

00:25:10,340 --> 00:25:16,380

I'd like to quote, in fact, what the Navy minister said, the Brazilian Navy minister.

375

00:25:16,380 --> 00:25:21,860

I have a quotation right here, just a very, very short one.

376

00:25:21,860 --> 00:25:26,220

I didn't mean that the way it sounded, incidentally, with enthusiasm.

377

00:25:26,220 --> 00:25:30,020

It was established that no photographic tricks are involved, the negatives are normal, and

378

00:25:30,020 --> 00:25:33,920

I might add that the president of Brazil actually came out with a public statement stating

379

00:25:33,920 --> 00:25:36,580

that the photographs were authentic.

380

00:25:36,580 --> 00:25:43,780

The father Gilles Ciding took place on one of the islands, New Guinea, and he and his

381

00:25:43,780 --> 00:25:50,620

staff saw a UFO hovering over the harbor with three and a half to four foot humanoids on

382

00:25:50,620 --> 00:25:53,220

a railing looking like they were doing something to the object.

383

00:25:53,220 --> 00:25:54,220

The man...

384

00:25:54,220 --> 00:25:55,220

You better define humanoid for us.

385

00:25:55,220 --> 00:25:57,180

Well, they had arms and legs.

386

00:25:57,180 --> 00:25:58,180

That's about all it can be said.

387

00:25:58,180 --> 00:25:59,180

Little things.

388

00:25:59,180 --> 00:26:03,260

He flashed a light at them and they, one of them, raised an arm and waved.

389

00:26:03,260 --> 00:26:09,980

It's fantastic, but the man's character, a complete character check was made on Father

390

00:26:09,980 --> 00:26:14,340

Gilles by the Australian press, for example, and the people who were with him, they were

391

00:26:14,340 --> 00:26:19,060

all missionaries and the natives and so forth, saw the object.

392

00:26:19,060 --> 00:26:24,500

A good sighting by reliable people, 37 of them, saw this object at fairly close range.

393

00:26:24,500 --> 00:26:27,700

I wish I could say more about it, but I don't have the details with me right now.

394

00:26:27,700 --> 00:26:31,900

We're going to take a brief pause and come right back with a phone call to DE86510.

395

00:26:31,900 --> 00:26:32,900

You're on the air now.

396

00:26:32,900 --> 00:26:36,100

I'm not just trying to tell you my name, but I don't know...

397

00:26:36,100 --> 00:26:37,100

Mr. Fowler.

398

00:26:37,100 --> 00:26:42,100

I would like to...I'm a friend believer and I read everything I can lay my hands on.

399

00:26:42,100 --> 00:26:43,100

Yes, ma'am.

400

00:26:43,100 --> 00:26:48,060

And he suggested that it was possible to get a booklet of pamphlets.

401

00:26:48,060 --> 00:26:49,860

That was in the beginning of the program.

402

00:26:49,860 --> 00:26:50,860

Would he repeat that?

403

00:26:50,860 --> 00:26:52,260

I'd like very much to get it.

404

00:26:52,260 --> 00:26:53,260

If you would, Mr. Fowler.

405

00:26:53,260 --> 00:26:56,420

I'll repeat this for you and for all those who are listening.

406

00:26:56,420 --> 00:27:01,780

If you would like to have free information concerning our subcommittee work and the publications

407

00:27:01,780 --> 00:27:09,300

that are available, please send a self-addressed stamped envelope to Ray Fowler, Wenham, Massachusetts.

408

00:27:09,300 --> 00:27:13,500

That's Ray Fowler, Wenham, Massachusetts, W-E-N-H-A-M.

409

00:27:13,500 --> 00:27:18,260

Just request material on UFO.

410

00:27:18,260 --> 00:27:19,260

That's right.

411

00:27:19,260 --> 00:27:22,500

And you'll get a list of the material that is available from NYCAP.

412

00:27:22,500 --> 00:27:25,500

This program is absolutely fascinating.

413

00:27:25,500 --> 00:27:26,500

Well, thank you.

414

00:27:26,500 --> 00:27:28,500

We hope you'll tell your friends, too.

415

00:27:28,500 --> 00:27:34,500

Believe you me, if the scientists believe in this, I certainly do, too.

416

00:27:34,500 --> 00:27:37,500

Well, there are scientists who do and scientists who do not.

417

00:27:37,500 --> 00:27:38,500

Well, I'm with the ones who do.

418

00:27:38,500 --> 00:27:39,500

We come fair enough.

419

00:27:39,500 --> 00:27:40,500

Thanks for the call.

420

00:27:40,500 --> 00:27:41,500

Thank you.

421

00:27:41,500 --> 00:27:43,500

Devin Cherry, 6510, you're on the air now.

422

00:27:43,500 --> 00:27:44,500

Hello.

423

00:27:44,500 --> 00:27:45,500

Yes, sir.

424

00:27:45,500 --> 00:27:46,500

And say, we're Vincent.

425

00:27:46,500 --> 00:27:50,500

Mr. Vincent, I have two short questions for Mr. Fowler.

426

00:27:50,500 --> 00:27:51,500

All right, sir.

427

00:27:51,500 --> 00:28:00,500

Number one, is there any evidence whatsoever that these UFOs in any way have interfered

428

00:28:00,500 --> 00:28:07,500

with the malfunction of some of our jet planes?

429

00:28:07,500 --> 00:28:14,500

Number two, is there any evidence at all of the information coming out from the Antarctic

430

00:28:14,500 --> 00:28:20,500

that they have cited these and that this information and photograph, and they'll be back here,

431

00:28:20,500 --> 00:28:23,500

take six months to come back?

432

00:28:23,500 --> 00:28:24,500

All right, sir.

433

00:28:24,500 --> 00:28:25,500

Great, Fowler.

434

00:28:25,500 --> 00:28:26,500

Right.

435

00:28:26,500 --> 00:28:31,500

The answer to your first question, there have been many documented cases where UFOs have

436

00:28:31,500 --> 00:28:38,500

interfered with the ignition of automobile headlights, engine, radio, and what have you.

437

00:28:38,500 --> 00:28:43,500

So that they could have interfered with 707, 808, 880s, and that sort of thing.

438

00:28:43,500 --> 00:28:44,500

This is possible.

439

00:28:44,500 --> 00:28:49,500

There also have been documented reports of UFOs approaching aircraft and the navigational

440

00:28:49,500 --> 00:28:52,500

instruments going haywire in the engine starting to quit.

441

00:28:52,500 --> 00:28:55,500

This is possible, but it is speculation, I'd warn you to.

442

00:28:55,500 --> 00:28:56,500

Thank you.

443

00:28:56,500 --> 00:28:57,500

Right.

444

00:28:57,500 --> 00:29:02,500

Also, there have been cases where UFOs have knocked out power.

445

00:29:02,500 --> 00:29:07,500

This question hasn't come up yet, but I want to say that so far, NICAP has received no

446

00:29:07,500 --> 00:29:13,500

information concerning any UFOs responsible for the power knockout that we experienced.

447

00:29:13,500 --> 00:29:18,500

Now, the sighting in Chile, or was it the Antarctic that you mentioned?

448

00:29:18,500 --> 00:29:19,500

The Antarctic.

449

00:29:19,500 --> 00:29:20,500

Right.

450

00:29:20,500 --> 00:29:22,500

There were three scientific bases involved down there.

451

00:29:22,500 --> 00:29:27,500

Personnel on all three scientific bases observed a huge lens-shaped UFO.

452

00:29:27,500 --> 00:29:29,500

Ten color photos were taken.

453

00:29:29,500 --> 00:29:32,500

Some photos were taken from aircraft.

454

00:29:32,500 --> 00:29:38,500

The UFO interrupted the electromagnetic detection instruments on the bases and also prevented

455

00:29:38,500 --> 00:29:43,500

radio communication at several points when the bases tried to contact each other concerning

456

00:29:43,500 --> 00:29:44,500

the sighting.

457

00:29:44,500 --> 00:29:49,500

Is it true that those photos probably may have been made negative and will not show?

458

00:29:49,500 --> 00:29:50,500

We don't know.

459

00:29:50,500 --> 00:29:56,500

NICAP, of course, is doing its best to get hold of these photos, and we hope to get copies

460

00:29:56,500 --> 00:29:57,500

of them.

461

00:29:57,500 --> 00:29:58,500

Thank you very much.

462

00:29:58,500 --> 00:29:59,500

Thanks for the call, sir.

463

00:29:59,500 --> 00:30:00,500

We'll be right back.

464

00:30:00,500 --> 00:30:02,500

This is Ava Vincent with Ray Fowler of NICAP.

465

00:30:02,500 --> 00:30:03,500

Hello.

466

00:30:03,500 --> 00:30:05,500

I just have one question.

467

00:30:05,500 --> 00:30:06,500

Surely.

468

00:30:06,500 --> 00:30:11,500

And I'd like to know if any parts have been obtained from any of these UFOs?

469

00:30:11,500 --> 00:30:13,500

The claim is yes, I believe, Mr. Fowler.

470

00:30:13,500 --> 00:30:18,500

One group of the Aerial Phenomenon Research Organization on Tucson, Arizona claims to

471

00:30:18,500 --> 00:30:20,500

have part or piece of UFO.

472

00:30:20,500 --> 00:30:22,500

I'm sure that the United States...

473

00:30:22,500 --> 00:30:23,500

Baltimore?

474

00:30:23,500 --> 00:30:25,500

I'm not too sure about that.

475

00:30:25,500 --> 00:30:28,500

I don't want to make...I'm not too sure about that.

476

00:30:28,500 --> 00:30:35,500

I would also mention the fact that AFR 200-2, the official Air Force General Order, has

477

00:30:35,500 --> 00:30:39,500

a whole section concerning what to do with physical objects falling from UFOs or pots

478

00:30:39,500 --> 00:30:42,500

of UFOs, how to package it, where to send it, and so forth.

479

00:30:42,500 --> 00:30:49,500

So our Air Force, apparently, I believe, has obtained actual pieces of UFOs, if not more.

480

00:30:49,500 --> 00:30:54,500

Of course, they aren't telling us yet concerning the nature of these pieces, but they're very

481

00:30:54,500 --> 00:30:55,500

much interested in obtaining them.

482

00:30:55,500 --> 00:30:57,500

We thank you for the call, too.

483

00:30:57,500 --> 00:30:58,500

Thank you.

484

00:30:58,500 --> 00:30:59,500

We're short on time.

485

00:30:59,500 --> 00:31:00,500

Now, the news is coming up at 7 o'clock.

486

00:31:00,500 --> 00:31:04,500

Ray Fowler certainly has many stories, much evidence.

487

00:31:04,500 --> 00:31:05,500

You have many questions.

488

00:31:05,500 --> 00:31:11,500

We'll try to accommodate all those that we can, starting at 7.15, following the news,

489

00:31:11,500 --> 00:31:14,500

as we return to Devonshire 86510.

490

00:31:14,500 --> 00:31:15,500

So stay right with us.

491

00:31:15,500 --> 00:31:22,500

Now, this is a good event again on Radio 68WNAC's Boston Forum, our phone number, DE86510.

492

00:31:22,500 --> 00:31:26,500

Our guest, Ray Fowler of NYCAP, our subject, UFOs.

493

00:31:26,500 --> 00:31:32,500

We do ask that you be brief, if you possibly will, and if you possibly can.

494

00:31:32,500 --> 00:31:33,500

We have lots of calls.

495

00:31:33,500 --> 00:31:39,500

We're opening up special lines that we may take care of all of you, if we can, and if

496

00:31:39,500 --> 00:31:41,500

you'll let us, because I don't like cutting people off.

497

00:31:41,500 --> 00:31:43,500

I don't like setting time limits.

498

00:31:43,500 --> 00:31:47,500

This isn't our particular approach.

499

00:31:47,500 --> 00:31:50,500

So we ask you to be very kind to each other.

500

00:31:50,500 --> 00:31:53,500

I sound like Gary Moore, suddenly.

501

00:31:53,500 --> 00:31:55,500

And I wish I had these loot.

502

00:31:55,500 --> 00:31:56,500

Devonshire 86510.

503

00:31:56,500 --> 00:31:57,500

Hello?

504

00:31:57,500 --> 00:31:58,500

This is Edward Vincent.

505

00:31:58,500 --> 00:31:59,500

Yes.

506

00:31:59,500 --> 00:32:00,500

Am I on the air?

507

00:32:00,500 --> 00:32:01,500

Right now.

508

00:32:01,500 --> 00:32:02,500

This is Edward Brunner with Johansson.

509

00:32:02,500 --> 00:32:03,500

Yes, ma'am.

510

00:32:03,500 --> 00:32:04,500

We met once before.

511

00:32:04,500 --> 00:32:05,500

Yes, indeed we did.

512

00:32:05,500 --> 00:32:08,500

I'd like to ask your guest, Mr. Fowler, two things.

513

00:32:08,500 --> 00:32:09,500

One is a very fast question.

514

00:32:09,500 --> 00:32:11,500

I'd like to know what NICAP stands for.

515

00:32:11,500 --> 00:32:13,500

NICAP, what does it stand for, Mr. Fowler?

516

00:32:13,500 --> 00:32:16,500

The National Investigations Committee on Aerial Phenomena.

517

00:32:16,500 --> 00:32:17,500

Thank you.

518

00:32:17,500 --> 00:32:24,500

Then I would like to ask you, if you have heard the comments that I heard on the news broadcast,

519

00:32:24,500 --> 00:32:32,500

I believe it was at 2 o'clock this afternoon on WNAC, of a mysterious radio signal that

520

00:32:32,500 --> 00:32:36,500

was coming from what they referred to as Area W3.

521

00:32:36,500 --> 00:32:41,500

And the explanation that they gave was that it was a hot star surrounded by gas, but they

522

00:32:41,500 --> 00:32:42,500

don't know what caused it.

523

00:32:42,500 --> 00:32:44,500

I have heard nothing about this.

524

00:32:44,500 --> 00:32:49,500

I've been at work all day and I haven't had a chance to listen to the radio, so I can't

525

00:32:49,500 --> 00:32:50,500

make any comment on this.

526

00:32:50,500 --> 00:32:55,500

Well, I've been listening to all the news broadcasts since then, and they haven't referred to it.

527

00:32:55,500 --> 00:32:58,500

I wondered if it could possibly be any connection between...

528

00:32:58,500 --> 00:32:59,500

Let me see.

529

00:32:59,500 --> 00:33:03,500

We'll check our newsroom right now and find out what we have on it.

530

00:33:03,500 --> 00:33:04,500

I think it was a 2 o'clock broadcast.

531

00:33:04,500 --> 00:33:09,500

I know several hot stars were surrounded by gas, but they're in radio and television,

532

00:33:09,500 --> 00:33:11,500

and we're not going to do this.

533

00:33:11,500 --> 00:33:13,500

Well, this was Area W3.

534

00:33:13,500 --> 00:33:14,500

Area W3.

535

00:33:14,500 --> 00:33:15,500

That's right.

536

00:33:15,500 --> 00:33:18,500

And you think it was on our 2 p.m. news.

537

00:33:18,500 --> 00:33:20,500

I'm practically positive.

538

00:33:20,500 --> 00:33:22,500

We'll try to find out what we have on it.

539

00:33:22,500 --> 00:33:23,500

That was the news.

540

00:33:23,500 --> 00:33:24,500

Fine.

541

00:33:24,500 --> 00:33:25,500

Thanks very much, ma'am.

542

00:33:25,500 --> 00:33:26,500

Thank you.

543

00:33:26,500 --> 00:33:27,500

Bye-bye.

544

00:33:27,500 --> 00:33:28,500

Devonshire 86510.

545

00:33:28,500 --> 00:33:33,500

I'd like to emphasize before we take this next call something that I just learned this

546

00:33:33,500 --> 00:33:41,500

evening, and that is the fact that the late Dr. Carl Jung, one of the world's greatest

547

00:33:41,500 --> 00:33:47,700

psychiatrists and psychoanalysts, the pupil of Sigmund Freud, that Freud himself said

548

00:33:47,700 --> 00:33:54,940

that the pupil had exceeded the master in his mastery of the science of psychiatry and

549

00:33:54,940 --> 00:34:04,540

psychoanalysis was an enthusiastic believer in UFOs and the fact of their existence.

550

00:34:04,540 --> 00:34:06,820

And if you would explain that just briefly, Ray.

551

00:34:06,820 --> 00:34:11,620

Well, I think it'd be best just to quote what he said for NICAP.

552

00:34:11,620 --> 00:34:13,620

Quote, I am a NICAP subscriber.

553

00:34:13,620 --> 00:34:18,420

I'm grateful for all the courageous things you have done in elucidating the thorny problem

554

00:34:18,420 --> 00:34:20,100

of UFO reality.

555

00:34:20,100 --> 00:34:24,940

I do not possess sufficient evidence which would enable me to draw conclusions.

556

00:34:24,940 --> 00:34:29,380

The evidence available, however, is convincing enough to arouse a continuous and fervent

557

00:34:29,380 --> 00:34:30,380

interest.

558

00:34:30,380 --> 00:34:36,300

If it is true that the American Air Force withholds telltaling facts, then one can only

559

00:34:36,300 --> 00:34:41,020

say this is the most unpsychological and stupid policy one could invent.

560

00:34:41,020 --> 00:34:43,460

The public ought to be told the truth.

561

00:34:43,460 --> 00:34:44,780

This is a quote from Dr. Jung.

562

00:34:44,780 --> 00:34:45,780

And quote, right.

563

00:34:45,780 --> 00:34:46,780

Thank you, sir.

564

00:34:46,780 --> 00:34:49,180

Devonshire 86510, you're on the air now.

565

00:34:49,540 --> 00:34:50,180

Hello.

566

00:34:50,180 --> 00:34:50,980

Thank you.

567

00:34:50,980 --> 00:34:52,740

Hello, my name is Patty Pearson.

568

00:34:52,740 --> 00:34:58,060

My friends and I have a club about astronomy and we were wondering if someone met up with

569

00:34:58,060 --> 00:35:03,260

somebody, what would you do and who would you inform?

570

00:35:03,260 --> 00:35:05,460

Do you mean from outer space, seemingly?

571

00:35:05,460 --> 00:35:06,300

Yes.

572

00:35:06,300 --> 00:35:13,060

If you were to actually affect a contact with someone from a spaceship or from outer space,

573

00:35:13,060 --> 00:35:14,740

what should they do, Ms. Fowler?

574

00:35:14,740 --> 00:35:19,220

I would say this to the young lady and to all the listeners that if you see a UFO, the

575

00:35:19,220 --> 00:35:24,220

first thing you ought to do is call your nearest Air Force base and try to remember as much

576

00:35:24,220 --> 00:35:30,820

as possible concerning the details of your UFO sighting and contact your nearest NICAP

577

00:35:30,820 --> 00:35:32,900

representative.

578

00:35:32,900 --> 00:35:33,900

Contact both.

579

00:35:33,900 --> 00:35:37,980

The Air Force is the official organization you should report this UFO to and immediately.

580

00:35:37,980 --> 00:35:38,980

Oh, I see.

581

00:35:38,980 --> 00:35:40,460

Thank you very much.

582

00:35:40,460 --> 00:35:41,460

Okay.

583

00:35:41,460 --> 00:35:42,460

Thank you for the call.

584

00:35:42,580 --> 00:35:51,860

We've been asked to repeat the address from which various forms of pamphlets and papers

585

00:35:51,860 --> 00:35:53,940

may be received, Ray, if you would say.

586

00:35:53,940 --> 00:35:54,940

Right.

587

00:35:54,940 --> 00:36:03,980

If you will send a self-addressed stamped envelope to Ray Fowler, that's Ray R-A-Y Fowler, F-O-W-L-E-R,

588

00:36:03,980 --> 00:36:10,060

13 Friend Court in Wenham, W-E-N-H-A-M, we'll get it right out to you.

589

00:36:10,060 --> 00:36:12,060

33 Friend Court.

590

00:36:12,140 --> 00:36:13,540

13 Friend Court.

591

00:36:13,540 --> 00:36:16,020

13 Friend Court in Wenham, Massachusetts.

592

00:36:16,020 --> 00:36:17,020

In Wenham, 13.

593

00:36:17,020 --> 00:36:20,140

And for those who have Triska Lechafolio, look out.

594

00:36:20,140 --> 00:36:26,780

Here's the item from the news incident at 2 p.m. that our previous Cohacic caller had

595

00:36:26,780 --> 00:36:29,020

referred to.

596

00:36:29,020 --> 00:36:34,180

Scientists at Bedford say they cannot explain the behavior of radio noises coming from a

597

00:36:34,180 --> 00:36:38,780

spot in space labeled W-3.

598

00:36:38,780 --> 00:36:43,700

This noise itself has been identified, but the way it acts is unknown.

599

00:36:43,700 --> 00:36:50,500

A team from MIT's Lincoln Labs says that the situation is surprising and extremely difficult

600

00:36:50,500 --> 00:36:52,460

to explain.

601

00:36:52,460 --> 00:37:01,100

Using the Air Force's 120-dish Atop Haystack Hill, Lincoln Labs team started studying W-3

602

00:37:01,100 --> 00:37:09,740

because a group of scientists in far off California had reported radio sounds that might be produced

603

00:37:09,740 --> 00:37:12,220

from an unknown source.

604

00:37:12,220 --> 00:37:23,500

This Haystack Hill study shows that these radio noises are caused by an excitation, excitation,

605

00:37:23,500 --> 00:37:31,380

a combination of oxygen and hydrogen known as hydroxyl radical.

606

00:37:31,380 --> 00:37:36,540

The report notes that the source is a hot star surrounded by gas from which radio energy

607

00:37:36,540 --> 00:37:38,940

is emitted.

608

00:37:38,940 --> 00:37:45,380

These studies show that unlike other known space radio emissions, these W-3 noises have

609

00:37:45,380 --> 00:37:48,060

a sort of order to them.

610

00:37:48,060 --> 00:37:53,500

They are polarized and there is no way to explain how they got that way at this time,

611

00:37:53,500 --> 00:37:58,940

whether this time is in with last Tuesday evening, as some think it might.

612

00:37:58,940 --> 00:37:59,940

We don't know.

613

00:37:59,940 --> 00:38:05,300

We'll try to find out more as this evening goes on and we will on Monday evening on the

614

00:38:05,300 --> 00:38:06,300

forum.

615

00:38:06,300 --> 00:38:14,180

We will have the Dean of the School of Engineering from Northeastern University speaking with

616

00:38:14,180 --> 00:38:20,260

us and with other various and sundry experts and we certainly aren't the experts you are

617

00:38:20,260 --> 00:38:26,140

on the subject of the Great Northeast blackout which infused everyone on this past Tuesday.

618

00:38:26,140 --> 00:38:30,820

There have been ideas that this has been tied in with UFOs.

619

00:38:30,820 --> 00:38:37,140

There's been the idea that this has been controlled by space vehicles from other countries on

620

00:38:37,140 --> 00:38:38,140

earth.

621

00:38:38,140 --> 00:38:44,700

We'll go into the various ramifications and we will try to do something other than simply

622

00:38:44,700 --> 00:38:47,700

speculate we hope to have some facts for you.

623

00:38:47,700 --> 00:38:49,900

We're at Devonshire 86510, you're on the air.

624

00:38:49,900 --> 00:38:51,380

Yes, how do you do?

625

00:38:51,380 --> 00:38:55,380

I'm here with two questions.

626

00:38:55,380 --> 00:39:00,860

You already answered the third one which had to do with the polarized source of sound from

627

00:39:00,860 --> 00:39:01,860

outer space.

628

00:39:01,860 --> 00:39:02,860

Right, sir.

629

00:39:02,860 --> 00:39:03,860

Two things.

630

00:39:03,860 --> 00:39:12,900

One is that every time one of these reports is, let's say one of these groups that talks

631

00:39:12,900 --> 00:39:20,300

about reports, a great point is made of the fact that the Air Force is withholding information.

632

00:39:20,300 --> 00:39:24,460

Now this in itself sounds as though it's a built in excuse.

633

00:39:24,460 --> 00:39:31,300

Most of the UFO literature that's been written has this sort of built in thing that the Air

634

00:39:31,340 --> 00:39:33,020

Force is trying to cover things up.

635

00:39:33,020 --> 00:39:38,060

And this sort of makes it, I think that the information would stand much more strongly

636

00:39:38,060 --> 00:39:44,860

on its own two feet if this were left out because I think this begins to sound like

637

00:39:44,860 --> 00:39:46,620

people are protesting too much.

638

00:39:46,620 --> 00:39:47,620

They're innocent.

639

00:39:47,620 --> 00:39:53,980

The other thing is that so much of the information is questionable.

640

00:39:53,980 --> 00:39:59,940

Like this blackout night on one of the other stations there was, there were a great number

641

00:39:59,980 --> 00:40:06,380

of calls yesterday or the day about watching this rising light and giving the degree and

642

00:40:06,380 --> 00:40:07,380

so forth.

643

00:40:07,380 --> 00:40:09,380

But yes, those were planets.

644

00:40:09,380 --> 00:40:10,380

And Jupiter.

645

00:40:10,380 --> 00:40:14,380

Yeah, this sort of shed the doubt.

646

00:40:14,380 --> 00:40:19,380

And why do they protest so much of the Air Force interference or withholding?

647

00:40:19,380 --> 00:40:22,380

Because I like to believe in these things.

648

00:40:22,380 --> 00:40:28,380

But I'm not sure whether I want to believe on them or perhaps I should fear them.

649

00:40:28,820 --> 00:40:29,820

I don't know.

650

00:40:29,820 --> 00:40:32,820

What is your follow-up say?

651

00:40:32,820 --> 00:40:33,820

Right.

652

00:40:33,820 --> 00:40:37,260

Well, concerning Jupiter and all of these other natural phenomena, misidentified as

653

00:40:37,260 --> 00:40:41,180

UFOs, we in nightcap agree wholeheartedly with you.

654

00:40:41,180 --> 00:40:42,180

It's unfortunate.

655

00:40:42,180 --> 00:40:45,660

This is sort of a loud noise level of very poor reports.

656

00:40:45,660 --> 00:40:48,340

It's very hard to weed out the good from the bad.

657

00:40:48,340 --> 00:40:51,220

But what we're interested in is in the good reports.

658

00:40:51,220 --> 00:40:58,220

Now, the United States Air Force has a project that has grown from a one-man group to a size

659

00:40:58,380 --> 00:41:01,900

of a project stationed at Wright-Patterson Air Force Base.

660

00:41:01,900 --> 00:41:05,620

It's part of the Air Force Systems Command, the Foreign Technology Division.

661

00:41:05,620 --> 00:41:09,620

And they know much more about UFOs than they have since, say, 1947, 1948.

662

00:41:09,620 --> 00:41:14,620

And there are many civilian scientists who would like to get hold of this information.

663

00:41:14,620 --> 00:41:16,620

And they're quite a...

664

00:41:16,620 --> 00:41:20,980

Well, I would say the public at large would like to know more about it.

665

00:41:20,980 --> 00:41:22,860

We don't like to grind and act for the Air Force.

666

00:41:22,860 --> 00:41:25,380

It isn't really their fault.

667

00:41:25,380 --> 00:41:26,380

I mean, they're...

668

00:41:26,380 --> 00:41:30,380

I just receiving orders from one high to keep quiet about this for many reasons.

669

00:41:30,380 --> 00:41:32,380

This is really so, then.

670

00:41:32,380 --> 00:41:33,380

Right.

671

00:41:33,380 --> 00:41:35,380

I have AFR 200-2, a...

672

00:41:35,380 --> 00:41:37,860

at the General Air Force Regulation right before me.

673

00:41:37,860 --> 00:41:42,980

And it's very obvious from reading this regulation that they take great pains to keep the good

674

00:41:42,980 --> 00:41:44,740

UFO sightings from the public.

675

00:41:44,740 --> 00:41:49,740

So, in other words, this New Hampshire sighting, which took place in September, there were

676

00:41:49,740 --> 00:41:52,900

really Air Force people that got out there fast and tried to...

677

00:41:52,900 --> 00:41:53,900

Definitely.

678

00:41:53,900 --> 00:41:54,900

So, a tenant...

679

00:41:54,900 --> 00:41:57,900

Well, first of all, there was a major lieutenant, Lieutenant Brandt.

680

00:41:57,900 --> 00:41:59,900

I remember that name.

681

00:41:59,900 --> 00:42:01,900

They went out, they talked to the witnesses.

682

00:42:01,900 --> 00:42:03,900

They went through the field with a gaga counter.

683

00:42:03,900 --> 00:42:05,900

They went and talked to people in the area.

684

00:42:05,900 --> 00:42:08,900

And they were back several times.

685

00:42:08,900 --> 00:42:13,900

The police told me that one night they came up there with a full colonel, full bird colonel,

686

00:42:13,900 --> 00:42:16,900

and sat in the field practically half the night.

687

00:42:16,900 --> 00:42:17,900

Oh.

688

00:42:17,900 --> 00:42:19,900

Now, this is all documented.

689

00:42:19,900 --> 00:42:21,900

Well, all right.

690

00:42:21,900 --> 00:42:22,900

You've told me.

691

00:42:22,900 --> 00:42:26,900

One more thing is, are these meetings open to the public that you hold?

692

00:42:26,900 --> 00:42:29,900

And if we write to one of them, do we find out some information?

693

00:42:29,900 --> 00:42:31,900

You can get information concerning our national work.

694

00:42:31,900 --> 00:42:33,900

Our subcommittee doesn't hold meetings.

695

00:42:33,900 --> 00:42:38,900

We do give a lecture, a slide lecture, a 35-millimeter slide lecture entitled,

696

00:42:38,900 --> 00:42:42,900

UFO Facts About Unidentified Flying Objects.

697

00:42:42,900 --> 00:42:45,900

And we go about giving this lecture to interested groups.

698

00:42:45,900 --> 00:42:46,900

Good stuff.

699

00:42:46,900 --> 00:42:47,900

We'll write.

700

00:42:47,900 --> 00:42:48,900

Thanks.

701

00:42:48,900 --> 00:42:49,900

Right.

702

00:42:49,900 --> 00:42:51,900

We're at Devonshire 86510.

703

00:42:51,900 --> 00:42:53,900

You're on the air now.

704

00:42:53,900 --> 00:42:54,900

Thank you.

705

00:42:54,900 --> 00:42:55,900

Mr. Hayward?

706

00:42:55,900 --> 00:42:56,900

Yes, sir.

707

00:42:56,900 --> 00:42:57,900

I'd like to speak to Ray Fowler.

708

00:42:57,900 --> 00:42:59,900

He's on the phone with you right here.

709

00:42:59,900 --> 00:43:00,900

All right, Mr. Fowler?

710

00:43:00,900 --> 00:43:01,900

Yes, sir.

711

00:43:01,900 --> 00:43:04,900

I'm a member of the New England UFO Study Group.

712

00:43:04,900 --> 00:43:05,900

Right.

713

00:43:05,900 --> 00:43:08,900

And I'm very interested in flying saucers.

714

00:43:08,900 --> 00:43:16,900

And one of the meetings here, they had this article about some Air Force captain captured

715

00:43:16,900 --> 00:43:19,900

a UFO.

716

00:43:19,900 --> 00:43:23,900

And they said that there were two bodies in them.

717

00:43:23,900 --> 00:43:25,900

And one was completely decapitated.

718

00:43:25,900 --> 00:43:30,900

The other one was fairly well intact, about three inches high.

719

00:43:30,900 --> 00:43:37,900

And they took the spaceship and they also took the body and they put them in a bottle

720

00:43:37,900 --> 00:43:38,900

and put them in formaldehyde.

721

00:43:38,900 --> 00:43:40,900

And they're somewhere in Smithsonian Institute.

722

00:43:40,900 --> 00:43:42,900

Have you heard anything about that?

723

00:43:42,900 --> 00:43:44,900

We hear tales of like this all the time.

724

00:43:44,900 --> 00:43:47,900

And we've investigated the major ones.

725

00:43:47,900 --> 00:43:51,900

We found that there is no fact behind reports like this.

726

00:43:51,900 --> 00:43:54,900

Now, it is possible that things like this have happened.

727

00:43:54,900 --> 00:43:59,900

But we frown upon reports like this unless there's actually document and evidence.

728

00:43:59,900 --> 00:44:05,900

There are all kinds of crazy rumors going about concerning captured UFOs.

729

00:44:05,900 --> 00:44:09,900

And there are some of these contact groups who claim that the UFO people are walking

730

00:44:09,900 --> 00:44:10,900

among us.

731

00:44:10,900 --> 00:44:12,900

They're one of the Pentagon and it gets way out.

732

00:44:12,900 --> 00:44:17,900

What NICAP is interested in is good documented UFO sightings.

733

00:44:17,900 --> 00:44:19,900

Thanks for the call, sir.

734

00:44:19,900 --> 00:44:20,900

Thank you, sir.

735

00:44:20,900 --> 00:44:22,900

I better tell my favorite story then on this.

736

00:44:22,900 --> 00:44:24,900

It happens to be a fact.

737

00:44:24,900 --> 00:44:27,900

A fact in the sense of its legal results.

738

00:44:27,900 --> 00:44:37,900

You can click please out in Arizona where a fellow claimed as a contactee that a moon maiden

739

00:44:37,900 --> 00:44:43,900

in a spaceship landed near his farm, asked him to take a trip with her.

740

00:44:43,900 --> 00:44:47,900

She was a very charming, lowering creature in the spaceship.

741

00:44:47,900 --> 00:44:54,900

He did a dalliance ensued, so he said and told all of his friends.

742

00:44:54,900 --> 00:44:56,900

He also told his wife.

743

00:44:56,900 --> 00:45:03,900

His wife then sued him for divorce in the courts of Arizona, naming the moon maiden as correspondent.

744

00:45:03,900 --> 00:45:05,900

And she was granted the divorce.

745

00:45:06,900 --> 00:45:09,900

And this always intrigues me.

746

00:45:09,900 --> 00:45:12,900

You're tuned for Radio 68's Boston Forum.

747

00:45:12,900 --> 00:45:18,900

I don't think NICAP will accept that one, but it is only on the court records at least.

748

00:45:18,900 --> 00:45:29,900

Our guest is Ray Fowler of NICAP, our subject at Devinshire 86510, is UFOs, unidentified flying objects.

749

00:45:29,900 --> 00:45:32,900

And what they mean to you and me.

750

00:45:32,900 --> 00:45:41,900

It is interesting to note very quickly too that the royal astronomer of England in 1956 stated,

751

00:45:41,900 --> 00:45:45,900

space travel is utter bilge.

752

00:45:45,900 --> 00:45:52,900

One year later, the first sputnik was orbiting the earth 15 times each day.

753

00:45:52,900 --> 00:46:01,900

Our phone number on Radio 68 Boston Forum is DEH 6510, our guest Ray Fowler of NICAP, our subject UFOs.

754

00:46:01,900 --> 00:46:03,900

More phone call, let's go Bob.

755

00:46:03,900 --> 00:46:06,900

Devinshire 86510, you're on the air.

756

00:46:06,900 --> 00:46:07,900

Hello, Mr. Vincenzo.

757

00:46:07,900 --> 00:46:08,900

Yes ma'am.

758

00:46:08,900 --> 00:46:11,900

And Mr. Fowler, I'd like to ask a question.

759

00:46:11,900 --> 00:46:12,900

Please.

760

00:46:12,900 --> 00:46:17,900

Supposing there were a planet much more advanced than earth with flying saucers,

761

00:46:17,900 --> 00:46:21,900

why would you think the beings on it would not make themselves known to us?

762

00:46:21,900 --> 00:46:23,900

What would they have to lose?

763

00:46:23,900 --> 00:46:29,900

This is the \$64 questions that's asked everywhere where we have our lectures wherever we go.

764

00:46:29,900 --> 00:46:31,900

We don't know any more than you do.

765

00:46:31,900 --> 00:46:33,900

All we can do is speculate.

766

00:46:33,900 --> 00:46:40,900

Do you think that if the earth ever progressed that far, that we'd ever avoid visiting a planet with cavemen on it?

767

00:46:40,900 --> 00:46:42,900

Well, we're trying to.

768

00:46:42,900 --> 00:46:43,900

We think.

769

00:46:43,900 --> 00:46:51,900

You can look at it this way, a race that is significantly far in advance of our own might be also very humanitarian

770

00:46:51,900 --> 00:46:54,900

and know the impact it would cause upon our civilization.

771

00:46:54,900 --> 00:46:56,900

That could be one reason.

772

00:46:56,900 --> 00:47:02,900

Another reason could be that there are very few of them, I mean by them, the creatures themselves,

773

00:47:02,900 --> 00:47:06,900

much of what we see and haven't seen could be machines.

774

00:47:06,900 --> 00:47:12,900

And they themselves could be just as vulnerable to us as we are to an aborigine tribe,

775

00:47:12,900 --> 00:47:14,900

even though we are much more advanced.

776

00:47:14,900 --> 00:47:17,900

I'm sure that the Stone Age weapons could put us out of commission.

777

00:47:17,900 --> 00:47:24,900

In any of the certifiable sightings, Ray, has there been any sort of a report of an attack of any sort?

778

00:47:24,900 --> 00:47:29,900

Any hostile action on the UFO's part?

779

00:47:29,900 --> 00:47:33,900

People have been hurt by close hovering UFOs.

780

00:47:33,900 --> 00:47:35,900

I don't feel that this is directed.

781

00:47:35,900 --> 00:47:38,900

I think that maybe it was something to do with the propulsion system.

782

00:47:38,900 --> 00:47:39,900

What have you?

783

00:47:39,900 --> 00:47:40,900

They have been burned.

784

00:47:40,900 --> 00:47:42,900

They've received shocks.

785

00:47:42,900 --> 00:47:47,900

This has happened many, many times when people have been approached by UFOs,

786

00:47:47,900 --> 00:47:50,900

feeling an electrical type shock from the UFO.

787

00:47:50,900 --> 00:47:55,900

And I would warn all listeners, if you have a Ducie or UFO, don't get too close to it,

788

00:47:55,900 --> 00:47:57,900

because of this very fact.

789

00:47:57,900 --> 00:47:59,900

I don't feel that they are hostile.

790

00:47:59,900 --> 00:48:06,900

Of course, they want an aircraft, begin chasing them and shooting them.

791

00:48:06,900 --> 00:48:08,900

Anything can happen.

792

00:48:08,900 --> 00:48:12,900

Of course, we couldn't blame the occupants, so they shot back as it were.

793

00:48:12,900 --> 00:48:15,900

The same time when you don't invite them to play mahjong with you.

794

00:48:15,900 --> 00:48:16,900

That's right.

795

00:48:16,900 --> 00:48:19,900

Thanks for the call, too, ma'am.

796

00:48:19,900 --> 00:48:23,900

DE-86510, you're on WNAC.

797

00:48:23,900 --> 00:48:24,900

Hello?

798

00:48:24,900 --> 00:48:25,900

Yes, sir.

799

00:48:25,900 --> 00:48:33,900

Last Friday on this same station, you had a program on UFOs.

800

00:48:33,900 --> 00:48:35,900

Friday, you had it right, huh?

801

00:48:35,900 --> 00:48:44,900

Well, I was listening to it and three or four people called and said they had seen a very brilliant object

802

00:48:44,900 --> 00:48:47,900

drop from the sky and come straight down.

803

00:48:47,900 --> 00:48:48,900

Yes, sir.

804

00:48:48,900 --> 00:48:57,900

Now, Wednesday at approximately 4.45, I was traveling north and directly ahead of me,

805

00:48:57,900 --> 00:48:59,900

I saw the very same thing.

806

00:48:59,900 --> 00:49:05,900

A brilliantly lit object, probably the size of a half a dollar, and it seemed to come straight down.

807

00:49:05,900 --> 00:49:08,900

It didn't go across the sky, but it seemed to come straight down.

808

00:49:08,900 --> 00:49:10,900

Could you give me any comment on that?

809

00:49:10,900 --> 00:49:12,900

I haven't heard of that particular sighting.

810

00:49:12,900 --> 00:49:14,900

Of course, we did go through it.

811

00:49:14,900 --> 00:49:17,900

It was known the target media shower not too long ago.

812

00:49:17,900 --> 00:49:24,900

And fireballs can look as big as a half dollar, and it's length sometimes bigger.

813

00:49:24,900 --> 00:49:29,900

It would be just a light in the sky report unless there was something more substantial in there.

814

00:49:29,900 --> 00:49:35,900

Now, the light came straight down in its start and hovered for a while, and then moved off and hovered again

815

00:49:35,900 --> 00:49:39,900

and made a few right angle turns and then shot straight back up.

816

00:49:39,900 --> 00:49:41,900

Then we would have what was called a UFO report.

817

00:49:41,900 --> 00:49:49,900

I would say that this would be a media or a fireball that was witnessed.

818

00:49:49,900 --> 00:49:54,900

But who can say there's just insufficient evidence, I guess, that we would label that type of report.

819

00:49:54,900 --> 00:49:55,900

Can we thank you for the call on it, sir?

820

00:49:55,900 --> 00:49:56,900

You're welcome.

821

00:49:56,900 --> 00:49:58,900

Devonshire 86510, you're on the air.

822

00:49:58,900 --> 00:50:00,900

Yes, I'd like to ask two questions.

823

00:50:00,900 --> 00:50:11,900

Why is it that the UFO or, I'm not sure, the Air Force or anyone has not made contact with these UFOs?

824

00:50:11,900 --> 00:50:16,900

And why? What is the problem? Why is it so hard?

825

00:50:16,900 --> 00:50:19,900

I'm not sure that they have or have not.

826

00:50:19,900 --> 00:50:23,900

We don't know because of official secrecy surrounding the subject.

827

00:50:23,900 --> 00:50:30,900

Well, has anyone else, have you known, other than scientists, have made any contact?

828

00:50:30,900 --> 00:50:32,900

I mean, have people said they've contacted them?

829

00:50:32,900 --> 00:50:38,900

Well, the only type of contact, if you want to call it, that has been documented, well, we could take the Father Gil case,

830

00:50:38,900 --> 00:50:44,900

which we mentioned earlier, where Father Gil, members of his missionary staff, doctors and so forth,

831

00:50:44,900 --> 00:50:50,900

saw this UFO, round UFO hovering over the harbor, several hundred feet away.

832

00:50:50,900 --> 00:50:55,900

And he, Father Gil, asked that a torch or a flashlight, I guess, would be the correct term to use for,

833

00:50:55,900 --> 00:50:58,900

they call them torches over there, and flashed at it.

834

00:50:58,900 --> 00:51:02,900

And one of the beings actually waved at Father Gil.

835

00:51:02,900 --> 00:51:05,900

Now, if you want to call us or contact, we do have documented reports.

836

00:51:05,900 --> 00:51:06,900

This is this.

837

00:51:06,900 --> 00:51:10,900

For example, a police cruiser was chasing a UFO, I think it was around Lake Michigan,

838

00:51:10,900 --> 00:51:14,900

and they finally came upon it, it was hovering over a tree nearby a field,

839

00:51:14,900 --> 00:51:18,900

and one of the officers turned down the rotating light on top of the cruiser.

840

00:51:18,900 --> 00:51:21,900

Several seconds later, a light flash from the UFO, then it moved off.

841

00:51:21,900 --> 00:51:24,900

No, but it always was in response to something we did.

842

00:51:24,900 --> 00:51:27,900

The thing, why are they here?

843

00:51:27,900 --> 00:51:30,900

We would love to know why they are here.

844

00:51:30,900 --> 00:51:34,900

It seems in the early years, they might have been attracted by atomic bomb explosions,

845

00:51:34,900 --> 00:51:39,900

although there were some sightings before atomic age during the World War II.

846

00:51:39,900 --> 00:51:43,900

They seem to have made a general survey of the Earth, the planet Earth.

847

00:51:43,900 --> 00:51:45,900

They've been seen throughout the world.

848

00:51:45,900 --> 00:51:50,900

They've been very, very interested in areas of really interesting places,

849

00:51:50,900 --> 00:51:54,900

like atomic energy installations, harbors, and critical manufacturing areas.

850

00:51:54,900 --> 00:51:57,900

And this indicates that they're under intelligent control,

851

00:51:57,900 --> 00:51:59,900

because according to the laws of normal distribution,

852

00:51:59,900 --> 00:52:02,900

UFOs are not intelligently controlled vehicles.

853

00:52:02,900 --> 00:52:05,900

The distribution of reports should be similar to the distribution of population in the United States,

854

00:52:05,900 --> 00:52:06,900

and this isn't so.

855

00:52:06,900 --> 00:52:08,900

They're very selective.

856

00:52:08,900 --> 00:52:14,900

In fact, the Air Force is so interested in this aspect of UFOs that they set up back in 1953,

857

00:52:14,900 --> 00:52:19,900

special cameras with diffraction gradings to take photographs of UFOs

858

00:52:19,900 --> 00:52:21,900

and try to analyze their power source.

859

00:52:21,900 --> 00:52:24,900

We thank you for the call too, ma'am.

860

00:52:24,900 --> 00:52:25,900

Thank you very much.

861

00:52:25,900 --> 00:52:34,900

You're tuned for Radio 68 Boston Forum on WNAC, our guest refower of NYCAP, our subject, UFOs.

862

00:52:34,900 --> 00:52:37,900

Our phone number is Devonshire 86510.

863

00:52:37,900 --> 00:52:40,900

This is Radio 68 Boston Forum.

864

00:52:40,900 --> 00:52:42,900

My name is Hayward Vincent.

865

00:52:42,900 --> 00:52:45,900

My guest is Ray Fowler, and you're on the air with us.

866

00:52:45,900 --> 00:52:47,900

Yes, I have a question for Mr. Fowler.

867

00:52:47,900 --> 00:52:48,900

Please, ma'am.

868

00:52:48,900 --> 00:52:50,900

I'm calling from Dorchester.

869

00:52:50,900 --> 00:52:55,900

And my son and daughter and I, on Saturday, October the 30th,

870

00:52:55,900 --> 00:53:01,900

cited what we thought was a UFO over Dorchester, about 7.30 in the evening.

871

00:53:01,900 --> 00:53:04,900

And we reported it to the hands-on air base.

872

00:53:04,900 --> 00:53:05,900

Yes, ma'am.

873

00:53:05,900 --> 00:53:10,900

And I was wondering if you knew if other people made that same sighting.

874

00:53:10,900 --> 00:53:12,900

Could you briefly describe the object to me?

875

00:53:12,900 --> 00:53:15,900

It was a very bright light when it was here over Dorchester,

876

00:53:15,900 --> 00:53:17,900

and it seemed to have quite a bit of depth while it was here.

877

00:53:17,900 --> 00:53:21,900

And it's how the very low almost seemed to come down to the tree top.

878

00:53:21,900 --> 00:53:24,900

Was it flashing? Flashing lights in sequence?

879

00:53:24,900 --> 00:53:27,900

It was steady, and then it would go off for an instant.

880

00:53:27,900 --> 00:53:29,900

And then come back on again?

881

00:53:29,900 --> 00:53:31,900

And then come back on. Just a fraction of an instant.

882

00:53:31,900 --> 00:53:36,900

Right. This object that you have described is an advertising plane

883

00:53:36,900 --> 00:53:39,900

operated by Joseph Bodiner.

884

00:53:39,900 --> 00:53:44,900

He is the manager of the Skylight Advertising Company in Boston.

885

00:53:44,900 --> 00:53:46,900

He flies out of Beverly Airport.

886

00:53:46,900 --> 00:53:48,900

He goes right over Dorchester. I think he was flying October 30th.

887

00:53:48,900 --> 00:53:53,900

We get more reports of his advertising plane than of anything else.

888

00:53:53,900 --> 00:53:56,900

I thought it might be that, but the pattern of the flying

889

00:53:56,900 --> 00:53:59,900

didn't seem as if it could possibly be a plane.

890

00:53:59,900 --> 00:54:01,900

We recorded it anyway.

891

00:54:01,900 --> 00:54:03,900

Sure. Let's go with what you did.

892

00:54:03,900 --> 00:54:05,900

His plane can take on so many different configurations,

893

00:54:05,900 --> 00:54:07,900

and what we do, we have an understanding of whether we call up

894

00:54:07,900 --> 00:54:10,900

to get his flight plan for nights.

895

00:54:10,900 --> 00:54:15,900

And we find that nine times out of ten is his aircraft,

896

00:54:15,900 --> 00:54:18,900

although people describe it as everything you can imagine.

897

00:54:18,900 --> 00:54:21,900

Well, we spent quite a terrible weekend.

898

00:54:21,900 --> 00:54:24,900

I had hoped it was mass helicopter airlines, frankly,

899

00:54:24,900 --> 00:54:27,900

but then you can't win them all. Thanks for the call, ma'am.

900

00:54:27,900 --> 00:54:31,900

We're at Devonshire 86-I-10 on WNAC. You're on the air now.

901

00:54:31,900 --> 00:54:33,900

Hello. Yes.

902

00:54:33,900 --> 00:54:36,900

I tuned in late, and I was interested in getting the name

903

00:54:36,900 --> 00:54:40,900

and address of the people who give the slide lecture on UFOs.

904

00:54:40,900 --> 00:54:43,900

Well, the organization is NICAP.

905

00:54:43,900 --> 00:54:48,900

You may contact the chairman of its subcommittee here in the state,

906

00:54:48,900 --> 00:54:56,900

Ray Fowler, at 13, that's 1-3, friend as in charm, friend court.

907

00:54:56,900 --> 00:54:59,900

And when I'm in Massachusetts.

908

00:54:59,900 --> 00:55:00,900

When him.

909

00:55:00,900 --> 00:55:01,900

Okay.

910

00:55:01,900 --> 00:55:03,900

Okay. Thank you. Join your program very much.

911

00:55:03,900 --> 00:55:04,900

Thanks so much.

912

00:55:04,900 --> 00:55:07,900

Devonshire 86-I-10 is our calling number. Ray Fowler is our guest.

913

00:55:07,900 --> 00:55:08,900

You're on the air.

914

00:55:08,900 --> 00:55:12,900

Thank you. I'm also a member of the New England UFO study group.

915

00:55:12,900 --> 00:55:13,900

Yes, sir.

916

00:55:13,900 --> 00:55:15,900

And I wanted to point out that the member who called before

917

00:55:15,900 --> 00:55:18,900

talked about the little men in the Smithsonian.

918

00:55:18,900 --> 00:55:21,900

That report was strictly brought up as an example

919

00:55:21,900 --> 00:55:23,900

of an unconfirmed wild rumor.

920

00:55:23,900 --> 00:55:28,900

I'd also like to ask Ray Fowler if he cared to comment on the Barney Hill case,

921

00:55:28,900 --> 00:55:31,900

which broke in the papers a couple of weeks ago.

922

00:55:31,900 --> 00:55:37,900

The Barney Hill case, the official NICAP position on the Barney Hill case is as follows.

923

00:55:37,900 --> 00:55:42,900

Number one, the first part of the sighting NICAP feels could be true.

924

00:55:42,900 --> 00:55:45,900

There are many people who have described UFOs hovering over their cars

925

00:55:45,900 --> 00:55:47,900

and so forth movements inside the object.

926

00:55:47,900 --> 00:55:51,900

The second part, NICAP just does not know.

927

00:55:51,900 --> 00:55:58,900

NICAP is the only organization which has tapes or transcripts from the tapes

928

00:55:58,900 --> 00:56:03,900

taken during the psychiatric examinations, the hypnosis sessions and so forth.

929

00:56:03,900 --> 00:56:08,900

All we can say is that the tapes are for real.

930

00:56:08,900 --> 00:56:13,900

Both Mr. and Mrs. Barney Hill related their story under hypnosis

931

00:56:13,900 --> 00:56:18,900

and it seems to tally with their account.

932

00:56:18,900 --> 00:56:22,900

But all the rest is speculation.

933

00:56:22,900 --> 00:56:26,900

We are not convinced that it is true.

934

00:56:26,900 --> 00:56:27,900

I see, thank you very much.

935

00:56:27,900 --> 00:56:29,900

Okay sir, thank you for the call too.

936

00:56:29,900 --> 00:56:32,900

Devon, cheer 86510, you're on the air.

937

00:56:32,900 --> 00:56:34,900

I would like to ask you a question.

938

00:56:34,900 --> 00:56:35,900

Please.

939

00:56:35,900 --> 00:56:36,900

And I hang up to hear his comment.

940

00:56:36,900 --> 00:56:37,900

Alright, fine.

941

00:56:37,900 --> 00:56:47,900

Can these objects be detected by a certain signal they would emit?

942

00:56:47,900 --> 00:56:49,900

I'm not sure.

943

00:56:49,900 --> 00:56:54,900

There have been cases where police cruises have picked up strange beeping

944

00:56:54,900 --> 00:56:57,900

and static from UFOs in the area.

945

00:56:57,900 --> 00:57:01,900

I imagine the Air Force has been thinking along these lines for years

946

00:57:01,900 --> 00:57:03,900

and has set up special stations and so forth,

947

00:57:03,900 --> 00:57:07,900

scientifically manned stations to see if this is so.

948

00:57:07,900 --> 00:57:11,900

But now we have a lot of people who have been in the area

949

00:57:11,900 --> 00:57:14,900

and they have been in the area for years.

950

00:57:14,900 --> 00:57:18,900

And I think that is the reason why we are trying to encourage

951

00:57:18,900 --> 00:57:20,900

civilian scientists and civilian investigations

952

00:57:20,900 --> 00:57:22,900

to see if this is so.

953

00:57:22,900 --> 00:57:27,900

But NICAP not being a fully equipped scientific organization

954

00:57:27,900 --> 00:57:30,900

is not equipped to do things like this.

955

00:57:30,900 --> 00:57:34,900

We are trying to encourage civilian scientists and civilian investigations

956

00:57:34,900 --> 00:57:37,900

and to encourage our government to release more information on this

957

00:57:37,900 --> 00:57:39,900

so we know the answers to these questions.

958

00:57:39,900 --> 00:57:41,900

But they have been picked up by radar.

959

00:57:41,900 --> 00:57:44,900

The electromagnetic detection instruments were affected.

960

00:57:44,900 --> 00:57:46,900

The radios were affected.

961

00:57:46,900 --> 00:57:50,900

The object was tracked on radar, I believe,

962

00:57:50,900 --> 00:57:53,900

plus seen from the ear and from the ground as a solid,

963

00:57:53,900 --> 00:57:56,900

intelligently controlled, maneuverable object.

964

00:57:56,900 --> 00:58:01,900

So there are other means of detecting UFOs rather than the eye.

965

00:58:01,900 --> 00:58:03,900

Heat has been felt, for example.

966

00:58:03,900 --> 00:58:05,900

They have left indentations in the ground.

967

00:58:05,900 --> 00:58:08,900

They have affected the ground, scorched the ground, left indentations and so forth.

968

00:58:08,900 --> 00:58:12,900

So we are not just dependent upon our five senses per se.

969

00:58:12,900 --> 00:58:14,900

Thank you, Mr. Fowler.

970

00:58:14,900 --> 00:58:16,900

You are on the air now.

971

00:58:16,900 --> 00:58:18,900

Good evening, sir.

972

00:58:18,900 --> 00:58:23,900

One question I have to ask Mr. Fowler is this.

973

00:58:23,900 --> 00:58:28,900

You will recall that Major Donald Keyhoe wrote a book on UFOs some time ago.

974

00:58:28,900 --> 00:58:29,900

Yes.

975

00:58:29,900 --> 00:58:33,900

And in that book he referred to as Planet Toys, or rather a planet

976

00:58:33,900 --> 00:58:38,900

that the Air Force referred to as the most predominant place

977

00:58:38,900 --> 00:58:42,900

that UFOs could emanate from, that being Wolf 359.

978

00:58:42,900 --> 00:58:47,900

Now, a short time ago a woman called, regarding reports,

979

00:58:47,900 --> 00:58:49,900

it was made on a radio, the Southern Hill.

980

00:58:49,900 --> 00:58:50,900

Right, sir.

981

00:58:50,900 --> 00:58:54,900

But radio transmission coming from the area Wolf 3.

982

00:58:54,900 --> 00:58:55,900

Wolf 3, right.

983

00:58:55,900 --> 00:58:57,900

I wonder if that's the same general area.

984

00:58:57,900 --> 00:58:59,900

Well, this isn't actually called Wolf 3.

985

00:58:59,900 --> 00:59:01,900

It's called W3.

986

00:59:01,900 --> 00:59:03,900

Yes, it could stand for the same thing.

987

00:59:03,900 --> 00:59:06,900

I don't think it's the same area.

988

00:59:06,900 --> 00:59:13,900

The book that Major Keyhoe wrote, I think, referred to Herman von Oberth,

989

00:59:13,900 --> 00:59:22,900

who was the German scientist, von Braun, and others were trained under him.

990

00:59:22,900 --> 00:59:25,900

He's called the father of German rocketry, I guess.

991

00:59:25,900 --> 00:59:27,900

He came out with this statement.

992

00:59:27,900 --> 00:59:31,900

The way he has now retired from Huntsville, Alabama, is back in Germany.

993

00:59:31,900 --> 00:59:34,900

He feels strongly that UFOs are into planetary, and he has an outfit,

994

00:59:34,900 --> 00:59:38,900

an organization very similar to Nike, I don't know, his lodge,

995

00:59:38,900 --> 00:59:42,900

but one which does civilian UFO investigation.

996

00:59:42,900 --> 00:59:44,900

All right, thanks.

997

00:59:44,900 --> 00:59:46,900

Thanks for the call, sir.

998

00:59:46,900 --> 00:59:51,900

WNAC's Devonshire 86510 is our number.

999

00:59:51,900 --> 00:59:52,900

You're on the air.

1000

00:59:52,900 --> 00:59:57,900

Yes, since I dialed in, someone has asked a question about this sort of robotic interview.

1001

00:59:57,900 --> 01:00:01,900

I'm talking about the newspaper story that ran the series of 3 the other night,

1002

01:00:01,900 --> 01:00:08,900

and I didn't get a chance to see the end of it, but is this what Mr. Fowler says they have little doubt,

1003

01:00:08,900 --> 01:00:11,900

or they doubt that it's a true story.

1004

01:00:11,900 --> 01:00:14,900

I'd like to hear his thoughts on how to hang up and listen to him.

1005

01:00:14,900 --> 01:00:16,900

Okay, sir, thanks for the call.

1006

01:00:16,900 --> 01:00:23,900

We feel that we know for a fact Mr. Walter Webb, who was head lecturer at Hayden Planetarium,

1007

01:00:23,900 --> 01:00:31,900

has studied the Hill case for about four years now, and has recently submitted a very detailed report to NICAP.

1008

01:00:31,900 --> 01:00:39,900

He, the psychiatrist in the Hills, are the only ones who have actually had access to the tapes of these psychiatric examinations,

1009

01:00:39,900 --> 01:00:44,900

hypnotic sessions and so forth, and he has told me that the results,

1010

01:00:44,900 --> 01:00:52,900

the information on the tapes is even more dramatic than what the travel story carried.

1011

01:00:52,900 --> 01:01:02,900

However, we feel that this is not sufficient proof to say that these people actually did experience this encounter with UFOs,

1012

01:01:02,900 --> 01:01:05,900

an abduction and so forth. It's very fantastic.

1013

01:01:05,900 --> 01:01:09,900

Personally, I can't not speak for Nike, I personally find it very hard to accept.

1014

01:01:09,900 --> 01:01:10,900

However, there's still...

1015

01:01:10,900 --> 01:01:13,900

We have overtones of the search for what was the name, Brady Murphy.

1016

01:01:13,900 --> 01:01:18,900

Right, but these people, a complete character check, they've done on the people,

1017

01:01:18,900 --> 01:01:23,900

and they're solid class A citizens, as far as back as you can go.

1018

01:01:23,900 --> 01:01:29,900

The hypnosis sessions are genuine, conducted by an eminent psychiatrist,

1019

01:01:29,900 --> 01:01:35,900

and one must explain these things, but there just isn't enough real strong evidence to,

1020

01:01:35,900 --> 01:01:40,900

for NICAP to come out with a statement at this time, whether it indeed accepts this is true or not.

1021

01:01:40,900 --> 01:01:42,900

That's about as much as I could say about it right now.

1022

01:01:42,900 --> 01:01:47,900

We thank you for the call too. Long distance call, let's save them some dough, huh?

1023

01:01:47,900 --> 01:01:48,900

You're on the air now.

1024

01:01:48,900 --> 01:01:49,900

Hi, Heywood.

1025

01:01:49,900 --> 01:01:50,900

Yes, sir.

1026

01:01:50,900 --> 01:01:53,900

And Mr. Fowler, this is Gene Whaloney up in Manchester, New Hampshire.

1027

01:01:53,900 --> 01:01:54,900

Hi Gene.

1028

01:01:54,900 --> 01:01:57,900

And I'm truly excited about these UFOs.

1029

01:01:57,900 --> 01:02:01,900

I've even subscribed for two years to this crazy magazine, Fate.

1030

01:02:01,900 --> 01:02:03,900

What's it called, sir?

1031

01:02:03,900 --> 01:02:04,900

Pardon me?

1032

01:02:04,900 --> 01:02:05,900

Fate?

1033

01:02:05,900 --> 01:02:07,900

Fate, F-A-T-E is the name of the magazine.

1034

01:02:07,900 --> 01:02:09,900

That's in Kismet, huh?

1035

01:02:09,900 --> 01:02:15,900

And of course, I don't like the juvenile way that they report the sightings that they constantly broadcast,

1036

01:02:15,900 --> 01:02:19,900

or publish in the magazine.

1037

01:02:19,900 --> 01:02:20,900

Yes, sir.

1038

01:02:20,900 --> 01:02:24,900

It's poorly written, but I'm a firm believer nevertheless of UFOs.

1039

01:02:24,900 --> 01:02:26,900

I have never seen one.

1040

01:02:26,900 --> 01:02:29,900

Let's say that I want to believe in it, okay?

1041

01:02:29,900 --> 01:02:30,900

Uh-huh.

1042

01:02:30,900 --> 01:02:36,900

Now, number one, I've listened to this show all the way from the beginning to the end,

1043

01:02:36,900 --> 01:02:42,900

and I take many sides of the opinions of these various people that have called.

1044

01:02:42,900 --> 01:02:48,900

Now, number one, if the UFO is hush-hushing this whole business, why do they do that?

1045

01:02:48,900 --> 01:02:50,900

Why don't they want us to know this?

1046

01:02:50,900 --> 01:02:51,900

Now, that's point number one.

1047

01:02:51,900 --> 01:02:55,900

The Air Force, sir, or the actual force controlling the UFOs?

1048

01:02:55,900 --> 01:02:57,900

Well, either way you want to put it.

1049

01:02:57,900 --> 01:02:58,900

All right.

1050

01:02:58,900 --> 01:02:59,900

Either way.

1051

01:02:59,900 --> 01:03:00,900

All right.

1052

01:03:00,900 --> 01:03:07,900

Now, if this is so, that these UFOs are in our atmosphere and so on, and they are intelligent beings and so on.

1053

01:03:07,900 --> 01:03:13,900

Now, there has been some word from Chile that they're going to return in December.

1054

01:03:13,900 --> 01:03:14,900

You've heard something about this.

1055

01:03:14,900 --> 01:03:15,900

Right, sir.

1056

01:03:15,900 --> 01:03:16,900

Right.

1057

01:03:16,900 --> 01:03:20,900

Now, you can imagine a mass hysteria that's going to break loose.

1058

01:03:20,900 --> 01:03:21,900

Should this be true?

1059

01:03:21,900 --> 01:03:23,900

Now, should it be true?

1060

01:03:23,900 --> 01:03:26,900

Why doesn't the Air Force lift the lid off of this?

1061

01:03:26,900 --> 01:03:29,900

In other words, even years previous, okay?

1062

01:03:29,900 --> 01:03:31,900

Well, perhaps in Chile they will.

1063

01:03:31,900 --> 01:03:33,900

This is an hysteria from this whole thing.

1064

01:03:33,900 --> 01:03:34,900

A lot.

1065

01:03:34,900 --> 01:03:37,900

And that's point number two.

1066

01:03:37,900 --> 01:03:45,900

Point number three, if it's not true, and the UFOs are not here, then they should certainly be able to do that.

1067

01:03:45,900 --> 01:03:54,900

They should certainly be able to disprove the UFO sightings as far as these radio reflected lights are concerned and everything like this.

1068

01:03:54,900 --> 01:03:58,900

I don't go off and like this lady called will all do respect to her.

1069

01:03:58,900 --> 01:04:06,900

I mean, she should be more careful once she looks at something and say, well, here, I've seen many airplanes fly with radio signs on them.

1070

01:04:06,900 --> 01:04:10,900

You know, flashing red lights and advertising things, neon signs and things.

1071

01:04:10,900 --> 01:04:14,900

Well, I think one of the valuable purposes of NICAP.

1072

01:04:14,900 --> 01:04:15,900

Yes.

1073

01:04:15,900 --> 01:04:23,900

Is to explain rationally and these things and to try to avoid a mass hysteria.

1074

01:04:23,900 --> 01:04:24,900

Yes.

1075

01:04:24,900 --> 01:04:25,900

Well, that's what I would like to know.

1076

01:04:25,900 --> 01:04:28,900

Why they don't take that into consideration.

1077

01:04:28,900 --> 01:04:38,900

And I've talked to a man in the radio business and he tells me that evidently the government gets together and they say that there is something to this.

1078

01:04:38,900 --> 01:04:40,900

Now, why don't they just alert the general public?

1079

01:04:40,900 --> 01:04:42,900

Why the big secrecy?

1080

01:04:42,900 --> 01:04:43,900

I did.

1081

01:04:43,900 --> 01:04:57,900

And the other thing as far as these these different broadcasts are coming in, I get interference from TV, but this is nothing more than fellows with these command radios or something.

1082

01:04:57,900 --> 01:04:58,900

That's right.

1083

01:04:58,900 --> 01:05:01,900

You need interference or if somebody has an X-ray machine in your area.

1084

01:05:01,900 --> 01:05:03,900

That's mainly what it really is.

1085

01:05:03,900 --> 01:05:05,900

It could easily be that.

1086

01:05:05,900 --> 01:05:06,900

Right.

1087

01:05:06,900 --> 01:05:07,900

Now, I'll listen to the answer.

1088

01:05:07,900 --> 01:05:08,900

Okay.

1089

01:05:08,900 --> 01:05:09,900

We've got them.

1090

01:05:09,900 --> 01:05:10,900

We're going to try.

1091

01:05:10,900 --> 01:05:11,900

I didn't mean to take this much time.

1092

01:05:11,900 --> 01:05:12,900

Thanks for the call.

1093

01:05:12,900 --> 01:05:14,900

I want to believe, but let's hear the facts.

1094

01:05:14,900 --> 01:05:15,900

Thanks for the call, sir.

1095

01:05:15,900 --> 01:05:16,900

Thank you.

1096

01:05:16,900 --> 01:05:19,900

One can only speculate the reasons why this is being kept from the public.

1097

01:05:19,900 --> 01:05:25,900

Of course, no government wants to admit to the public that there are intelligently controlled objects coming from who knows where.

1098

01:05:25,900 --> 01:05:28,900

We don't know why they're here and we can't do anything about it.

1099

01:05:28,900 --> 01:05:30,900

Ray, you're off, Michael, a little bit.

1100

01:05:30,900 --> 01:05:31,900

Fox, excuse me.

1101

01:05:31,900 --> 01:05:32,900

Thank you, sir.

1102

01:05:32,900 --> 01:05:33,900

Right.

1103

01:05:33,900 --> 01:05:38,900

The King's Institute, report number 242, prepared for NASA 1961, has a chapter entitled,

1104

01:05:38,900 --> 01:05:41,900

Implications of a Discovery of Extraterrestrial Life.

1105

01:05:41,900 --> 01:05:48,900

And they point out many reasons why the public information concerning such discovery should be kept

from the public.

1106

01:05:48,900 --> 01:05:53,900

What most amazing to me in one way is that it states, quote,

1107

01:05:53,900 --> 01:05:57,900

if superintelligence is discovered, the results become quite unpredictable.

1108

01:05:57,900 --> 01:06:05,900

It has been speculated that of all groups, scientists and engineers might be the most devastated by the discovery of relatively superior creatures.

1109

01:06:05,900 --> 01:06:10,900

Briefly, it covers all aspects of society as we know it, and it paints a very pessimistic picture.

1110

01:06:10,900 --> 01:06:11,900

Why?

1111

01:06:11,900 --> 01:06:17,900

Because the public isn't prepared philosophically, theologically, and what have you for such a revelation.

1112

01:06:17,900 --> 01:06:22,900

The first thing that I think the public cap's contention is that the public, our government and other governments of the world,

1113

01:06:22,900 --> 01:06:27,900

should have a public information program gradually preparing the public for such a revelation.

1114

01:06:27,900 --> 01:06:31,900

The least they could do is release more pertinent information in UFOs.

1115

01:06:31,900 --> 01:06:37,900

There are many members of Congress, for example, who feel that open congressional hearings should be held on UFOs.

1116

01:06:37,900 --> 01:06:40,900

Up to this time, all congressional hearings have been classified.

1117

01:06:40,900 --> 01:06:44,900

The public, like Congress John W. McCormick, for example, has stated for nightcap,

1118

01:06:44,900 --> 01:06:49,900

I feel that the Air Force has not been giving out all the information it has on the unidentified flying objects.

1119

01:06:49,900 --> 01:06:53,900

Simington, the public has sound reason for being confused about this.

1120

01:06:53,900 --> 01:06:58,900

The public should be given all information which would not adversely affect our national security.

1121

01:06:58,900 --> 01:07:08,900

We feel strongly that the public should be given, that the Air Force should be given some information concerning UFOs to the public.

1122

01:07:08,900 --> 01:07:12,900

A public information program, if you will, and this is what nightcap is trying to do.

1123

01:07:12,900 --> 01:07:18,900

Thank you, Ray. I'd like to express our sincere thanks to each of you who was phoned in this evening,

1124

01:07:18,900 --> 01:07:25,900

to the many of you who are still standing on our phone lines because we simply couldn't get to you,

1125

01:07:25,900 --> 01:07:28,900

for your patience and your understanding.

1126

01:07:28,900 --> 01:07:37,900

Ray has certainly presented as clear and illuminating a picture of the overall feel that is UFO,

1127

01:07:37,900 --> 01:07:41,900

that I have ever been privileged to hear and we thank him.

1128

01:07:41,900 --> 01:07:46,900

I'd like to say that views expressed are seen by speakers of their own,

1129

01:07:46,900 --> 01:07:51,900

not those essentially of the RKO stations, are our sponsors.

1130

01:07:51,900 --> 01:07:55,900

Our program is produced by Bob Walsh. My name is Haywood Vincent.
