

1

00:00:00,000 --> 00:00:10,320

What happened was in that time during the last period of the war that various mysterious

2

00:00:10,320 --> 00:00:18,000

things seemed to be going on over our air in Sweden, and for a long time we didn't know

3

00:00:18,000 --> 00:00:27,840

what it was, and then the strange thing happened, one of these things landed, and there was

4

00:00:27,840 --> 00:00:35,760

a great secrecy about it at the time, we didn't get to know much. The whole thing, of course,

5

00:00:35,760 --> 00:00:44,120

went into pieces when it got into the ground in a place in southern Sweden, but our military

6

00:00:44,120 --> 00:00:51,440

people very diligently collected all the bits that they could find and they packed it all

7

00:00:51,760 --> 00:01:02,080

to England, and the British were able to figure out what it was, and so although perhaps it didn't

8

00:01:02,800 --> 00:01:08,960

help them much, they really were prepared for what was going to happen. They were able to

9

00:01:10,000 --> 00:01:16,880

figure out how this thing was functioning, what had happened. It was simply that this

10

00:01:17,520 --> 00:01:29,600

was one projectile that was being tested from Pina Minda, and that had got out of its intended

11

00:01:29,600 --> 00:01:39,600

orbit. If I remember right, too, that not during the last period of the war, but shortly after,

12

00:01:40,480 --> 00:01:51,840

there were observations of some kind of object that were seen over the Baltic, I cannot say for

13

00:01:51,840 --> 00:02:02,000

sure if they were seen actually over Sweden, that were believed to have come from Russian

14

00:02:02,000 --> 00:02:05,760

station situated in the Baltic.
