

1

00:00:00,000 --> 00:00:07,000

I know you've got to be very careful nowadays.

2

00:00:07,000 --> 00:00:14,000

What with wool, atom bombs, people feeling rather tired, and excitement of that kind,

3

00:00:14,000 --> 00:00:16,000

rockets and so on.

4

00:00:16,000 --> 00:00:19,000

People like to believe things and don't forget this.

5

00:00:19,000 --> 00:00:21,000

Everybody's got to be careful.

6

00:00:21,000 --> 00:00:28,000

Do you think it might be an optical illusion?

7

00:00:28,000 --> 00:00:30,000

No, I don't.

8

00:00:30,000 --> 00:00:32,000

I don't think so.

9

00:00:32,000 --> 00:00:37,000

Do you think there's any chance at all that these blind sloppers might be man-made objects for some time?

10

00:00:37,000 --> 00:00:39,000

I think it's very unlikely.

11

00:00:39,000 --> 00:00:44,000

There is just the rather wild chance that someone is experimented with.

12

00:00:44,000 --> 00:00:51,000

You will remember the radar camouflage which were used in the war made of metalized paper.

13

00:00:51,000 --> 00:00:58,000

Well, if you imagine a rocket far 200 miles high and discharging these saucers or some kind of metal,

14

00:00:58,000 --> 00:01:00,000

it just might be an experiment.

15

00:01:00,000 --> 00:01:02,000

But I don't believe it.

16

00:01:02,000 --> 00:01:04,000

You think it's massive, Terry?

17

00:01:04,000 --> 00:01:06,000

I do. I always have a lot of time.

18

00:01:06,000 --> 00:01:08,000

I think it's very unlikely.

19

00:01:08,000 --> 00:01:10,000

That might be an experiment.

20

00:01:10,000 --> 00:01:12,000

I don't believe it.

21

00:01:12,000 --> 00:01:14,000

You think it's massive, Terry?

22

00:01:14,000 --> 00:01:17,000

I do. I always remember going to a sputulistic cell.

23

00:01:17,000 --> 00:01:25,000

And I found that if I said, look at that lovely blue light, everybody else thought too, although I saw absolutely nothing.

24

00:01:25,000 --> 00:01:30,000

In other words, you really don't expect to see a flying saucer come down and pick a doorway circuit here in London, eh?

25

00:01:30,000 --> 00:01:32,000

No, I wish the good news I could.

26

00:01:32,000 --> 00:01:34,000

I'm sure, for a road here, Ross, would be quite surprised.

27

00:01:34,000 --> 00:01:37,000

I should be delighted.

28

00:01:37,000 --> 00:01:44,000

Well, the only thing I've been about to say about it is that it's very bright and, of course, brightened.

29

00:01:44,000 --> 00:01:47,000

When it's at the charming place, you might see almost anything there.

30

00:01:47,000 --> 00:01:59,000

And another man, by the way, said that he saw one of them flying so high that he didn't know whether it was a house, an airplane, or a top of a ginger beer bottle.

31

00:01:59,000 --> 00:02:01,000

I think he was very lucky.

32

00:02:01,000 --> 00:02:03,000

Well, we don't have anything like those prongs that over here.

33

00:02:03,000 --> 00:02:04,000

I hate to say it.

34

00:02:04,000 --> 00:02:06,000

Thank you very much indeed, Professor Lowell.

35

00:02:07,000 --> 00:02:08,000

Thank you.
