

1

00:00:00,000 --> 00:00:07,000

I think that the other party, the one with two troops,

2

00:00:07,000 --> 00:00:12,000

will say a few words about what's been going on in the Middle East.

3

00:00:12,000 --> 00:00:16,000

And the thing is, a lot of times in the middle of the last year,

4

00:00:16,000 --> 00:00:21,000

Dr. K. said, all week, it's been a major surprise.

5

00:00:21,000 --> 00:00:27,000

A lot of the men seem to be one with one in August 1964,

6

00:00:27,000 --> 00:00:31,000

which turned out against the season long ago,

7

00:00:31,000 --> 00:00:35,000

and all of those in the midst seemed to be it.

8

00:00:35,000 --> 00:00:39,000

And it was seen by all of the boys,

9

00:00:39,000 --> 00:00:41,000

the boys with us,

10

00:00:41,000 --> 00:00:45,000

to the men of the Miqwits, who were un-twelled.

11

00:00:45,000 --> 00:00:48,000

By the way, they were as experienced as the men

12

00:00:48,000 --> 00:00:50,000

in about three in the morning,

13

00:00:50,000 --> 00:00:52,000

when this thing came right up to them,

14

00:00:52,000 --> 00:00:56,000

and it's very slow, but I interviewed

15

00:00:56,000 --> 00:01:00,000

some men from the Al-Qaeda and the military,

16

00:01:00,000 --> 00:01:05,000

who came to the South running into a two unintelligent troops

17

00:01:05,000 --> 00:01:07,000

in the middle of the morning.

18

00:01:07,000 --> 00:01:13,000

We also had a landing on a land of state.

19

00:01:13,000 --> 00:01:16,000

That is, from out of England,

20

00:01:16,000 --> 00:01:19,000

and the Sapa with Sanadine,

21

00:01:19,000 --> 00:01:23,000

detailed that the Miqwits of the Al-Qaeda and the military

22

00:01:23,000 --> 00:01:27,000

were inspired by the grand event of the state of in Germany,

23

00:01:27,000 --> 00:01:29,000

with a palace on top.

24

00:01:29,000 --> 00:01:32,000

One very nice state down under the state,

25

00:01:32,000 --> 00:01:36,000

the last man that I've met after the fight,

26

00:01:36,000 --> 00:01:39,000

and the folks in a pretty green way,

27

00:01:39,000 --> 00:01:42,000

paralyzed themselves against the ground,

28

00:01:42,000 --> 00:01:45,000

had a consistent range of protection,

29

00:01:45,000 --> 00:01:47,000

and couldn't just get away.

30

00:01:47,000 --> 00:01:51,000

And the palace on top was attractive,

31

00:01:51,000 --> 00:01:53,000

and the men standing there,

32

00:01:53,000 --> 00:01:56,000

the men looked up the darkness,

33

00:01:56,000 --> 00:01:58,000

and the pirates went out to get them,

34

00:01:58,000 --> 00:02:00,000

asking them what?

35

00:02:00,000 --> 00:02:02,000

Well, I did get that story first,

36

00:02:02,000 --> 00:02:04,000

and it's everything happened,

37

00:02:04,000 --> 00:02:07,000

and the state we talked of the old,

38

00:02:07,000 --> 00:02:09,000

and where and where,

39

00:02:09,000 --> 00:02:12,000

but I hope in one day it is first possible

40

00:02:12,000 --> 00:02:14,000

a lot of those confirmed,

41

00:02:14,000 --> 00:02:17,000

at this time of waiting after they're in England,

42

00:02:17,000 --> 00:02:21,000

for then by the name of Alan Hill,

43

00:02:21,000 --> 00:02:25,000

who's a member of the British Astronomical Association

44

00:02:25,000 --> 00:02:26,000

for 20 years,

45

00:02:26,000 --> 00:02:30,000

he watched what he thinks was a matter of fact,

46

00:02:30,000 --> 00:02:33,000

and plenty of thought and thought,

47

00:02:33,000 --> 00:02:35,000

getting in and out of it,

48

00:02:35,000 --> 00:02:37,000

not to lie,

49

00:02:37,000 --> 00:02:40,000

to lie and insist his father,

50

00:02:40,000 --> 00:02:43,000

who watched the revolution for 25 minutes

51

00:02:43,000 --> 00:02:45,000

through his 12-inch telescope,

52

00:02:45,000 --> 00:02:50,000

and all the details are now with the thick and fine

53

00:02:50,000 --> 00:02:51,000

old lacquer clock,

54

00:02:51,000 --> 00:02:53,000

he made a very long request,

55

00:02:53,000 --> 00:02:55,000

but he refused to be open,

56

00:02:55,000 --> 00:02:58,000

and made a take to the fact

57

00:02:58,000 --> 00:03:01,000

it's not concisely safe.

58

00:03:01,000 --> 00:03:05,000

He used an awkward media report

59

00:03:05,000 --> 00:03:09,000

to the British Astronomical Association,

60

00:03:09,000 --> 00:03:11,000

who seemed to have not existed,

61

00:03:11,000 --> 00:03:15,000

but he was so horrified and disgusted.

62

00:03:15,000 --> 00:03:19,000

He had an eye before from a W. Oliver,

63

00:03:19,000 --> 00:03:21,000

who saw an instance,

64

00:03:21,000 --> 00:03:23,000

May 1954,

65

00:03:23,000 --> 00:03:26,000

using his fingers and a scouting staff

66

00:03:26,000 --> 00:03:27,000

into the news,

67

00:03:27,000 --> 00:03:28,000

telling him,

68

00:03:28,000 --> 00:03:29,000

stop shipping,

69

00:03:29,000 --> 00:03:32,000

stop removing him.

70

00:03:32,000 --> 00:03:34,000

He had a sad night at windows,

71

00:03:34,000 --> 00:03:36,000

and he swam and he left

72

00:03:36,000 --> 00:03:38,000

in about 70 minutes,

73

00:03:38,000 --> 00:03:40,000

and then went to the living room

74

00:03:40,000 --> 00:03:42,000

and found the time to

75

00:03:42,000 --> 00:03:45,000

have detailed that first-person

76

00:03:45,000 --> 00:03:47,000

fighting with the family,

77

00:03:47,000 --> 00:03:50,000

with nine-time review

78

00:03:50,000 --> 00:03:53,000

of 9th October 1965,

79

00:03:53,000 --> 00:03:58,000

and also in the third issue,

80

00:03:58,000 --> 00:04:00,000

the third of the second issue,

81

00:04:00,000 --> 00:04:02,000

I think,

82

00:04:02,000 --> 00:04:04,000

in the third issue,

83

00:04:04,000 --> 00:04:05,000

I think,

84

00:04:05,000 --> 00:04:07,000

found that the review

85

00:04:07,000 --> 00:04:09,000

of his past five-time

86

00:04:09,000 --> 00:04:11,000

special services limited

87

00:04:11,000 --> 00:04:13,000

one Starter Street,

88

00:04:13,000 --> 00:04:15,000

London WC1,

89

00:04:15,000 --> 00:04:17,000

and found that the review

90

00:04:17,000 --> 00:04:19,000

of one Starter Street,

91

00:04:19,000 --> 00:04:21,000

London WC1,

92

00:04:21,000 --> 00:04:23,000

in a good professional

93

00:04:23,000 --> 00:04:25,000

published magazine,

94

00:04:25,000 --> 00:04:27,000

made out to do with it.

95

00:04:27,000 --> 00:04:29,000

I bet he's talking to

96

00:04:29,000 --> 00:04:32,000

a special service in England,

97

00:04:32,000 --> 00:04:34,000

and I'm mad at him,

98

00:04:34,000 --> 00:04:37,000

I'm too mad at me too.

99

00:04:37,000 --> 00:04:39,000

Ministers of the public ran

100

00:04:39,000 --> 00:04:41,000

to a contented convention

101

00:04:41,000 --> 00:04:44,000

with the staff and how the space,

102

00:04:44,000 --> 00:04:46,000

that as they term it,

103

00:04:46,000 --> 00:04:48,000

they did not make a public statement,

104

00:04:48,000 --> 00:04:50,000

yet because they feel they would

105

00:04:50,000 --> 00:04:51,000

lose their jobs,

106

00:04:51,000 --> 00:04:53,000

they don't believe the public

107

00:04:53,000 --> 00:04:54,000

is ready for it.

108

00:04:54,000 --> 00:04:56,000

Whether they're true or not,

109

00:04:56,000 --> 00:04:58,000

I'm not quite sure.

110

00:04:58,000 --> 00:05:00,000

I'm mad at the public,

111

00:05:00,000 --> 00:05:02,000

but they're a lot further

112

00:05:02,000 --> 00:05:04,000

than the government's

113

00:05:04,000 --> 00:05:06,000

given credit for.

114

00:05:06,000 --> 00:05:08,000

But that may be

115

00:05:08,000 --> 00:05:10,000

a very great development

116

00:05:10,000 --> 00:05:12,000

in the next few years,

117

00:05:12,000 --> 00:05:14,000

but I'm really going to

118

00:05:14,000 --> 00:05:16,000

thank a lot of people,

119

00:05:16,000 --> 00:05:18,000

and do our best

120

00:05:18,000 --> 00:05:20,000

along the road.

121

00:05:20,000 --> 00:05:22,000

I'm going to go to the panel,

122

00:05:22,000 --> 00:05:24,000

and I'll see if people

123

00:05:24,000 --> 00:05:26,000

react to the information

124

00:05:26,000 --> 00:05:28,000

of the public.

125

00:05:28,000 --> 00:05:30,000

I have a lot of cards,

126

00:05:30,000 --> 00:05:32,000

and I have a lot of photographs

127

00:05:32,000 --> 00:05:34,000

by a density.

128

00:05:34,000 --> 00:05:35,000

That is so lovely,

129

00:05:35,000 --> 00:05:36,000

and it's a photograph

130

00:05:36,000 --> 00:05:38,000

near Birmingham,

131

00:05:38,000 --> 00:05:40,000

in England, by a

132

00:05:40,000 --> 00:05:42,000

far advanced scheme,

133

00:05:42,000 --> 00:05:44,000

just as the half

134

00:05:44,000 --> 00:05:45,000

I may be able to

135

00:05:45,000 --> 00:05:46,000

picture as many

136

00:05:46,000 --> 00:05:48,000

as I can of it.

137

00:05:48,000 --> 00:05:50,000

I went out to see

138

00:05:50,000 --> 00:05:51,000

the officials.

139

00:05:51,000 --> 00:05:52,000

We interviewed him.

140

00:05:52,000 --> 00:05:53,000

We were all

141

00:05:53,000 --> 00:05:54,000

participants,

142

00:05:54,000 --> 00:05:56,000

and in the troops,

143

00:05:56,000 --> 00:05:58,000

we interviewed his family.

144

00:05:58,000 --> 00:06:00,000

We also interviewed

145

00:06:00,000 --> 00:06:02,000

his mother,

146

00:06:02,000 --> 00:06:04,000

and I'm going to

147

00:06:04,000 --> 00:06:06,000

talk about school master

148

00:06:06,000 --> 00:06:08,000

and the group.

149

00:06:08,000 --> 00:06:09,000

I'm a person

150

00:06:09,000 --> 00:06:11,000

who is a very

151

00:06:11,000 --> 00:06:13,000

specific

152

00:06:13,000 --> 00:06:14,000

and has a very

153

00:06:14,000 --> 00:06:16,000

significant brother.

154

00:06:16,000 --> 00:06:18,000

I'm peculiar

155

00:06:18,000 --> 00:06:20,000

and I feel under

156

00:06:20,000 --> 00:06:22,000

my good friend,

157

00:06:22,000 --> 00:06:24,000

I'm a pilot

158

00:06:24,000 --> 00:06:26,000

to be mentioned as number

159

00:06:26,000 --> 00:06:28,000

two.

160

00:06:28,000 --> 00:06:30,000

And in a slow way,

161

00:06:30,000 --> 00:06:31,000

in some things,

162

00:06:31,000 --> 00:06:32,000

of the group,

163

00:06:32,000 --> 00:06:33,000

we have a lot of help

164

00:06:33,000 --> 00:06:35,000

from people like

165

00:06:35,000 --> 00:06:36,000

Ashlee Smoky,

166

00:06:36,000 --> 00:06:38,000

and I'm a guy who

167

00:06:38,000 --> 00:06:39,000

doesn't have

168

00:06:39,000 --> 00:06:41,000

this article.

169

00:06:41,000 --> 00:06:43,000

They do have a lot of space,

170

00:06:43,000 --> 00:06:45,000

but he's actually

171

00:06:45,000 --> 00:06:47,000

a member of the Congress

172

00:06:47,000 --> 00:06:48,000

World Science

173

00:06:48,000 --> 00:06:49,000

Culture Group,

174

00:06:49,000 --> 00:06:50,000

which he's got.

175

00:06:50,000 --> 00:06:51,000

That's what I

176

00:06:51,000 --> 00:06:53,000

have an interview with

177

00:06:53,000 --> 00:06:55,000

Dr. Donald Nendorf.

178

00:06:55,000 --> 00:06:57,000

I'm a graduate of

179

00:06:57,000 --> 00:06:59,000

Harvard,

180

00:06:59,000 --> 00:07:01,000

which was quite

181

00:07:01,000 --> 00:07:03,000

a nice name

182

00:07:03,000 --> 00:07:05,000

because

183

00:07:05,000 --> 00:07:06,000

the family,

184

00:07:06,000 --> 00:07:07,000

the family thought

185

00:07:07,000 --> 00:07:09,000

it didn't exist,

186

00:07:09,000 --> 00:07:11,000

and only

187

00:07:11,000 --> 00:07:12,000

had to be

188

00:07:12,000 --> 00:07:13,000

very significant

189

00:07:13,000 --> 00:07:15,000

on that of Solomon.

190

00:07:15,000 --> 00:07:16,000

Solomon's

191

00:07:16,000 --> 00:07:17,000

manager,

192

00:07:17,000 --> 00:07:18,000

often used the

193

00:07:18,000 --> 00:07:19,000

10 of stairs,

194

00:07:19,000 --> 00:07:20,000

much more than he does,

195

00:07:20,000 --> 00:07:21,000

because

196

00:07:21,000 --> 00:07:22,000

many of these people

197

00:07:22,000 --> 00:07:23,000

don't look

198

00:07:23,000 --> 00:07:27,000

But it was back to some primary life.

199

00:07:27,000 --> 00:07:31,000

Madam said it's back to somebody else who treats the cursed mind

200

00:07:31,000 --> 00:07:35,000

where it was medical use was trying to find.

201

00:07:35,000 --> 00:07:39,000

Anyway, those people will follow by the wayside

202

00:07:39,000 --> 00:07:43,000

and they have done to help this cursed,

203

00:07:43,000 --> 00:07:46,000

scientific mind is not scientific.

204

00:07:46,000 --> 00:07:49,000

The scientist has to explain that

205

00:07:49,000 --> 00:07:54,000

he cannot stop thinking to which fact he won't accept.

206

00:07:54,000 --> 00:07:58,000

And if he doesn't accept, he must take everything back.
