

1

00:00:00,000 --> 00:00:10,700

Thank you very much. I will not say anything about myself because it's a pretty nasty topic

2

00:00:10,700 --> 00:00:17,080

anyway. I'd like to say this, that I believe the time is something like five minutes to

3

00:00:17,080 --> 00:00:26,240

nine, so therefore we will start this meeting with a five minutes prayer for world peace

4

00:00:26,240 --> 00:00:36,160

and enlightenment. I've started a world campaign on this and I'm asking all people to cooperate

5

00:00:36,160 --> 00:00:42,640

with this at nine o'clock every day. Now the type of prayer we will use tonight is Keith

6

00:00:42,640 --> 00:00:51,360

Robertson will read one of the twelve blessings from the book, the New Age Bible, which was

7

00:00:51,360 --> 00:01:01,680

given through me as a channel by Jesus. He will read the first or the second blessing this night

8

00:01:01,680 --> 00:01:12,560

and during this time should you wish, would you be kind enough to visualize a white light leaving

9

00:01:12,560 --> 00:01:18,760

yourself, straightforward visualization, white light leaving yourself and then detach yourself from

10

00:01:18,760 --> 00:01:30,800

the light from there on, put it that way. We hope to perform a campaign, world campaign in this

11

00:01:30,800 --> 00:01:36,360

respect so that every hour of the day and night for 24 hours someone somewhere in the world is

12

00:01:36,360 --> 00:01:42,360

sending out, spending five minutes sending out prayer in their own way, whatever way they choose

13

00:01:42,680 --> 00:01:48,280

for world peace and enlightenment and I think this is the least we can as decent human beings

14

00:01:49,480 --> 00:01:57,080

do. I think this is the absolute minimum, certainly not the maximum. So if you do wish to take part

15

00:01:57,080 --> 00:02:03,000

of this and you have free will to choose or reject but should you wish to take part in this and

16

00:02:03,080 --> 00:02:13,080

should you ask for some advice I can only tell you that that mudra or that hand position is not

17

00:02:13,080 --> 00:02:20,040

the correct position for prayer. I won't tell you why the Christians have adopted it but I will say

18

00:02:20,040 --> 00:02:28,360

that it is not the correct position. As a yogi I have been initiated into mudra and I know about

19

00:02:28,360 --> 00:02:34,760

hand signs and I know that they are particularly important. You can make a man live with hand

20

00:02:34,760 --> 00:02:39,640

signs you can kill him with hand signs. They are as important as that, the difference between life

21

00:02:39,640 --> 00:02:48,280

and death. So if you wish to allow power to flow through you in an unobstructed manner that is

22

00:02:48,280 --> 00:02:56,760

the position of the hands of prayer. In this way you do not inhibit the heart center which is here,

23

00:02:56,760 --> 00:03:06,520

neither do you inhibit the two chakras in the palms of the hand. You are uninhibited, unrestricted

24

00:03:06,520 --> 00:03:13,000

channel through which power or universal life or love, call it what you like, it doesn't matter

25

00:03:13,000 --> 00:03:20,440

what man you give it, we can flow. I'll ask Keith then to come to the room and read this for us.

26

00:03:20,760 --> 00:03:31,820

THE Africa Seems

27

00:03:31,820 --> 00:03:32,820

Jesus.

28

00:03:32,820 --> 00:03:55,420

O my adorable children, may your hearts and minds be filled with love and wisdom, so that

29

00:03:55,420 --> 00:04:04,420

you may radiate this light of God throughout your earth.

30

00:04:04,420 --> 00:04:17,420

Blessed are the wise ones, for they walk through a dark and ignorant world spreading their light,

31

00:04:18,420 --> 00:04:38,420

so that all who want to, so that all who are ready may see, even though blindly, some facet of the face of God, some small part of his work.

32

00:04:39,420 --> 00:04:45,420

Price blessed are these wise ones.

33

00:04:45,420 --> 00:04:59,420

These are the ones who have gone within, deep within, and made glorious and lasting contact with the spark which dwelleth there.

34

00:04:59,420 --> 00:05:15,420

The self-same spark which came from the heart of the mighty Logos, from the heart of he and it which fashioned even the Logos.

35

00:05:15,420 --> 00:05:26,420

Price blessed are the wise ones, in the now and by now.

36

00:05:26,420 --> 00:05:47,420

Yet what bliss they sacrificed for man, these ones have found peace and have turned away from it to give its very essence, its very core, to searching, groping, unpeaceful man.

37

00:05:47,420 --> 00:05:57,420

These are the great ones, but without these this world could not endure.

38

00:05:57,420 --> 00:06:14,420

Price blessed are the searchers who have found and left, and given of their very heart to man, so that he may see and seeing no,

39

00:06:14,420 --> 00:06:25,420

and knowing act, and acting become that which he should be.

40

00:06:25,420 --> 00:06:30,420

So ended the second blessing.

41

00:06:30,420 --> 00:06:41,420

All adorable children, children of God, walk bravely forward to your salvation.

42

00:06:41,420 --> 00:07:02,420

Look neither to one side nor the other, but straight ahead into the very face of God, and contact this mighty light, so that it may shine upon you, so that it may impregnate you forever.

43

00:07:02,420 --> 00:07:10,420

Be this now, by now.

44

00:07:10,420 --> 00:07:29,420

Adorable ones, little children, I am here with you. I will lead you into this state, if you will, but hold out your hand to me.

45

00:07:29,420 --> 00:07:39,420

Adorable ones, go with God.

46

00:07:40,420 --> 00:07:53,420

Thank you very much.

47

00:07:53,420 --> 00:08:01,420

Now this evening I am going to talk about a little more fully about the Third Satellite.

48

00:08:01,420 --> 00:08:09,420

By the Third Satellite I do not refer to these tin cans sent up by the Russian government.

49

00:08:09,420 --> 00:08:26,420

Neither do I refer to the tin cans which you people have paid for, although you didn't have much say in the matter, or the fifty-ball bearings that you people have paid for, although you had no say in the matter, sent up by the American government.

50

00:08:26,420 --> 00:08:44,420

I refer to a satellite which is a wonderful spacecraft, and a satellite which is not always in orbit of this Earth, but does come in occasionally for a very definite reason.

51

00:08:44,420 --> 00:09:00,420

Now first of all, I refer to it as the Third Satellite. Well, it is the Third Satellite. There are two satellites in continuous orbit of this Earth.

52

00:09:00,420 --> 00:09:26,420

They are there for twenty-four hours a day, day in and day out, month in and month out, year in and year out, and the American government, like the British government and the Russian government and every other government on Earth, who has radar systems, knows of the existence of these two man-made satellites which have been orbiting this Earth for some years.

53

00:09:27,420 --> 00:09:46,420

Brave people like Major Donald Keough, Lake of Air Force Intelligence, comes forward quite definitely and openly and told the people of this country that he knew that the government knew of the existence of these two satellites.

54

00:09:46,420 --> 00:10:01,420

One of them orbits about 750 miles away from the surface of the Earth, and the other is about, I think it varies between about 2,500 miles away and a little less than that.

55

00:10:02,420 --> 00:10:28,420

This is classified information. It's information classified for some reason or another by the governments of the world, possibly because they do not wish to inform their electorate that there are greater people in this universe than they are.

56

00:10:28,420 --> 00:10:44,420

This may be a reason. I think that the reason is political, whatever it be. Being a man who is not interested at all in politics, safe to see them as the foul things that they are, we let that ride.

57

00:10:45,420 --> 00:10:54,420

But whether the governments will admit this fact openly or not, they do know that these satellites are there.

58

00:10:54,420 --> 00:11:05,420

Now, I have been just as outspoken about these as Donald Keough, certainly more outspoken about them than anyone else in England.

59

00:11:05,420 --> 00:11:24,420

I have spoken about these two satellites over the state-controlled radio of Britain on the national coverage, and not once has an Air Force official come along to me and denied the fact that these do exist.

60

00:11:25,420 --> 00:11:42,420

I think that too is a clever move on the part of the Royal Air Force in as much as they do like a channel, strangely enough, through which certain information can be released.

61

00:11:42,420 --> 00:11:48,420

Now, they wouldn't back up the fact that they know they exist, but they have never once denied their existence.

62

00:11:48,420 --> 00:12:03,420

And for a person who has spoken to Britain in the straightforward manner in which I'll speak to you tonight, it's rather interesting that the Air Force had made no official denial of this.

63

00:12:03,420 --> 00:12:08,420

They've had every opportunity, but they have not done so.

64

00:12:09,420 --> 00:12:25,420

The two satellites are, we are informed, by people who belong to the planets from which they came, travelling classrooms.

65

00:12:26,420 --> 00:12:45,420

And it's a joke of us in London, we believe that if they are travelling classrooms and if there are pupils on these classrooms, that the pupils are told to observe the Earth very, very carefully, and they are told that after they have done this, that is what not to be life.

66

00:12:46,420 --> 00:12:59,420

That's our joke, and we don't expect even the space people to laugh at it, but possibly something like that goes on there.

67

00:12:59,420 --> 00:13:18,420

I know that from these satellites, a metaphysical and astrophysical survey is carried on, and I know that as a result of this survey from the two satellites and the third satellite, every man on Earth is known.

68

00:13:18,420 --> 00:13:34,420

There's not a man or woman or child in this room tonight who is not known quite completely by people from other planets, people who are not very far away from this town tonight.

69

00:13:35,420 --> 00:13:58,420

You are known completely. These people know what you were in the last life and what you will be in the next. They know the whole import of your existence upon this Earth and other Earths upon which you will exist when you have faster necessary initiations.

70

00:13:59,420 --> 00:14:19,420

Now these dossiers are quite complete, and they will never be used in evidence against you in any way. They are not made up for any belligerent reason, but for a definite reason which sooner or later each one of you will know about.

71

00:14:20,420 --> 00:14:38,420

The third satellite though is a large object which was originally built on Mars, I don't know when, is manned by advanced metaphysicians mainly from the planet Mars.

72

00:14:39,420 --> 00:14:57,420

It's under the strict control of a person who is living on the planet Mars, which is a very friendly planet, and this satellite varies its orbit.

73

00:14:57,420 --> 00:15:06,420

It is not always in orbit of this Earth. Sometimes it is out of orbit, and other times it is in orbit.

74

00:15:07,420 --> 00:15:24,420

Now there is a very, very definite function to perform. The function is this. As I said last night, the space people can see this world as a world which needs very, very great help.

75

00:15:25,420 --> 00:15:37,420

Now their hands are tied to a certain extent. There is a law, a basic law which governs all things, and that law makes this statement.

76

00:15:37,420 --> 00:15:46,420

Whether we like it or not makes no difference. The law still makes this statement, despite our petty likes and our petty dislikes.

77

00:15:47,420 --> 00:16:02,420

Statement is this. Action and reaction are opposite and equal. In other words, it is the law of karma. Jesus referred to it in a brilliant way when he said,

78

00:16:02,420 --> 00:16:22,420

As you sow, so shall you reap. If you cast mildewed bread upon the waters, in many days mildewed bread will be returned to you. I'm not good bread. This, whether we like it or not.

79

00:16:23,420 --> 00:16:40,420

Because the karmic balance or karmic pattern of this world is as it is, the space people may not intervene except in an indirect way.

80

00:16:41,420 --> 00:16:53,420

And their intervention in this respect, in the respect of the third satellite and in all other respects, is an indirect intervention.

81

00:16:54,420 --> 00:17:07,420

They recognize the fact that mankind upon earth has chosen, and I'm picking my words quite carefully here, has chosen to hang on to his free will.

82

00:17:07,420 --> 00:17:22,420

As children to exercise his free will, so therefore they may not interfere with this choice, and indeed they will not interfere with the choice of free will of man upon this earth.

83

00:17:22,420 --> 00:17:36,420

Certainly not directly. Certainly not indirectly. The only interference, if it can be called that, will be to state a case to mankind,

84

00:17:36,420 --> 00:17:48,420

which they have been doing through numerous channels for 18,800,000 years. But it is a statement of a case only. It is no force behind it.

85

00:17:48,420 --> 00:18:03,420

Mankind can reject this case or accept it as he chooses. This pattern must be taken through the whole gamut.

86

00:18:04,420 --> 00:18:15,420

The third satellite may not, and no one on the third satellite may not interfere with the choice of anyone upon this earth.

87

00:18:15,420 --> 00:18:27,420

This would be a contravention of the law because man is in the position that he is in today.

88

00:18:28,420 --> 00:18:40,420

So therefore, the operators of the third satellite offer to mankind that which he needs.

89

00:18:40,420 --> 00:18:54,420

I said last night that they have a picture of mankind, something like this. On the one hand you have a great materialistic conspiracy, and conspiracy it is.

90

00:18:54,420 --> 00:19:03,420

Let me just illustrate in a few short words what I mean by that.

91

00:19:03,420 --> 00:19:12,420

I do not mean that if people have \$20,000 in the bank they this, that, and the other wicked. Not that.

92

00:19:12,420 --> 00:19:18,420

But the materialistic conspiracy goes very much deeper than this.

93

00:19:18,420 --> 00:19:31,420

A great force exists not actually on this earth, but in what we call the lower astral realms of this earth.

94

00:19:31,420 --> 00:19:38,420

And from this force various pawns upon this earth are directed.

95

00:19:38,420 --> 00:19:56,420

Pawns like Hitler, Himmler, Mussolini, Napoleon, Stalin, and people like that were directed from this great center of black magic, great center of evil.

96

00:19:56,420 --> 00:20:08,420

In fact, the black magician who arranged the murder of Jesus years before he came to this planet is still alive on this earth in a physical body.

97

00:20:08,420 --> 00:20:18,420

I don't think there is a book written on earth that you will find that in except cosmic voice, but you can take it from me. It is true.

98

00:20:19,420 --> 00:20:30,420

Brilliant minds, minds the like of which the ordinary man cannot conceive of are directing the policy of this earth.

99

00:20:30,420 --> 00:20:41,420

And people and governments are but, no, not all people, some people, and some governments are but pawns in their hands.

100

00:20:42,420 --> 00:20:59,420

And you get a weak man like Hitler and he can be used as a pawn to commit the foul atrocities that Hitler was either directly or indirectly responsible for.

101

00:21:00,420 --> 00:21:13,420

Atrocities which Hitler himself could not think of, did not think of, but was a channel for this great evil force.

102

00:21:13,420 --> 00:21:24,420

An evil force fed by the majority of thought of ordinary human man upon earth.

103

00:21:25,420 --> 00:21:31,420

It's quite a statement. It's a terrible, terrible statement to make.

104

00:21:31,420 --> 00:21:38,420

Beautiful people have ever made a worse one. And yet, it is a true one.

105

00:21:39,420 --> 00:21:54,420

On the other hand, we have those who in many, many ways, in many, many religions, in many, many countries throughout this earth,

106

00:21:54,420 --> 00:22:07,420

are helping all they know how to the best of their ability to bring an upliftment, a spiritual upliftment, a spiritual enlightenment to this earth.

107

00:22:08,420 --> 00:22:19,420

They are grossly outnumbered. So outnumbered that I've given these people a name, and I refer to them as the thin white line.

108

00:22:19,420 --> 00:22:33,420

The thin white line with their backs against the wall, shoved to pieces the remnants of spiritualized terrestrial man.

109

00:22:34,420 --> 00:22:44,420

This thin white line lacks one thing. They do not lack courage. They have it.

110

00:22:44,420 --> 00:22:51,420

They are great, great, wonderful people, even though they may be quite ordinary people.

111

00:22:51,420 --> 00:23:02,420

They may range from news boys to directors of concerns.

112

00:23:02,420 --> 00:23:18,420

They're wonderful people that space people refer to them as the glorious few, which coming from a spaceman heaps great honor upon their heads.

113

00:23:18,420 --> 00:23:29,420

They're people who serve mankind in many, many ways throughout the world.

114

00:23:29,420 --> 00:23:42,420

They're people who often sacrifice, may great sacrifices themselves in order to help the natives in the swamps of the Belgium Congo sometimes,

115

00:23:42,420 --> 00:23:50,420

in order to go to the ends of the earth to help others.

116

00:23:50,420 --> 00:24:05,420

They are other people who serve in the slums. There are other people who can't do either of these, but pray often.

117

00:24:05,420 --> 00:24:09,420

The glorious few.

118

00:24:09,420 --> 00:24:18,420

Now, I said that there was something that these people needed, and there is. There's something they badly need.

119

00:24:18,420 --> 00:24:22,420

And that is energy.

120

00:24:22,420 --> 00:24:31,420

If there's one thing that the space people have taught us beyond all doubt, it is this.

121

00:24:31,420 --> 00:24:43,420

That all energy, which is expended, is really and truly sacred.

122

00:24:43,420 --> 00:24:51,420

And that L-O-V-E is the name of a very potent energy.

123

00:24:51,420 --> 00:25:04,420

They have stripped the emotional, emotional, emotionalism from this word L-O-V-E.

124

00:25:04,420 --> 00:25:18,420

And given us the picture, or as this as an energy, or this as an energy, it's like electricity.

125

00:25:18,420 --> 00:25:25,420

We could not light one lamp in this room unless we had an electrical source.

126

00:25:25,420 --> 00:25:38,420

Even if we had an electrical source in this room as a potential, we still could not light one lamp unless those lamps were connected to that source in the right way.

127

00:25:38,420 --> 00:25:46,420

If they were connected to that source by pieces of string, they still would not light.

128

00:25:46,420 --> 00:25:54,420

It needs wires or conductors of electricity in order to connect those lamps to the source. This is so obvious.

129

00:25:54,420 --> 00:26:09,420

The energy L-O-V-E is all pervasive energy. It belongs to no man, to no planet, to no system, to no galaxy, to no system of galaxies.

130

00:26:09,420 --> 00:26:23,420

It is all pervasive. It comes from the very Godhead itself down through all the cycles of manifestation back through to the Godhead itself again.

131

00:26:24,420 --> 00:26:39,420

But we have to connect ourselves up to the source in the right way in order to be able to use the all pervasive and greatest of all everlasting energy.

132

00:26:39,420 --> 00:26:49,420

It's the energy which is radiated from the sun. And the space people know this.

133

00:26:49,420 --> 00:27:04,420

They know it to such an extent that they have gone out of their way to offer us, or the thin white line, a definite direct source of this energy.

134

00:27:04,420 --> 00:27:09,420

A source made readily available.

135

00:27:09,420 --> 00:27:26,420

Now, up until even a few years ago, a man or woman in order to contact a vast amount of energy needed to have certain initiations,

136

00:27:26,420 --> 00:27:38,420

needed to spend five or six hours a day as a very, very minimum at certain mystic practices such as yoga and various other practices.

137

00:27:40,420 --> 00:27:49,420

I will not say that man doesn't need to spend five hours a day as yoga now in order to contact vast energies.

138

00:27:49,420 --> 00:28:07,420

But I will say that when the third satellite is in orbit of this Earth, energies are more readily available to those people who may not have the time or opportunity

139

00:28:07,420 --> 00:28:12,420

to spend five or six hours a day in the practice of yoga.

140

00:28:12,420 --> 00:28:23,420

Energies are made readily available to all men irrespective of class, color, creed or religion, whether they can write or not,

141

00:28:23,420 --> 00:28:32,420

whether they can sit in Padma and perform any yogic practice whatsoever.

142

00:28:33,420 --> 00:28:35,420

No, that's incorrect.

143

00:28:35,420 --> 00:28:43,420

Whether they can sit in Padma and perform any deep mystic yogic practice whatsoever.

144

00:28:45,420 --> 00:28:55,420

So the thin white line need energy, and the space people are unable to land en masse upon this Earth

145

00:28:55,420 --> 00:29:08,420

because man has chosen to use this petty free will, this useless thing, this useless garment really, if you study it very carefully.

146

00:29:08,420 --> 00:29:15,420

He's chosen to use this, so therefore he has closed the doors for any outside intervention.

147

00:29:16,420 --> 00:29:28,420

Just as surely as if our dear hostess tonight had closed the doors against us, we could not be here.

148

00:29:28,420 --> 00:29:35,420

We have closed the doors of this Earth of ours against direct intervention.

149

00:29:36,420 --> 00:29:51,420

Number one, by our karmic pattern, but number two, mainly because of our choice to govern ourselves by using this so-called free will.

150

00:29:51,420 --> 00:29:57,420

A free will, by the way, my friends, which will never lead to freedom.

151

00:29:58,420 --> 00:30:10,420

I am not going to explain this night what I exactly mean by that statement, but would refer you to an issue of cosmic voice

152

00:30:10,420 --> 00:30:17,420

and refer you to a great speech given by a Martian when he spoke about freedom.

153

00:30:17,420 --> 00:30:22,420

And you will see there's a great difference between free will and freedom.

154

00:30:23,420 --> 00:30:29,420

Not only has mankind chosen to use this free will, but he's chosen to use it wrongly.

155

00:30:29,420 --> 00:30:36,420

He could heal cancer tomorrow, but what will he do tomorrow?

156

00:30:36,420 --> 00:30:41,420

Spend another fifty million dollars on bursting another hat and bomb?

157

00:30:42,420 --> 00:30:53,420

He could heal all starvation upon this Earth within a week, but what would he do within a week?

158

00:30:53,420 --> 00:31:06,420

Spend another hundred million dollars or English pounds or Russian rubles on some improvement to the army, navy or air forces of the world?

159

00:31:11,420 --> 00:31:23,420

Mankind has closed his doors. This Earth is almost alone in the whole planetary system, but not quite.

160

00:31:23,420 --> 00:31:30,420

Because of the few, this thin white line, it cannot be left alone.

161

00:31:30,420 --> 00:31:39,420

The thin white line are people who often have sunk petty like and dislike to perform some service or other.

162

00:31:39,420 --> 00:31:44,420

Whatever it might be, there are thousands of ways of doing it upon this Earth.

163

00:31:44,420 --> 00:31:47,420

People who need energy.

164

00:31:47,420 --> 00:31:56,420

The third satellite will come into orbit of this Earth very shortly in order to give those people energy.

165

00:31:56,420 --> 00:32:03,420

Now, it operates in a very fair way.

166

00:32:03,420 --> 00:32:13,420

The people upon the third satellite do not differentiate between an American and a Russian, an American and a red Chinese.

167

00:32:13,420 --> 00:32:21,420

Providing both of these people are in some way doing a spiritual task.

168

00:32:21,420 --> 00:32:34,420

They will not differentiate between an Englishman and an Eskimo, providing those two people are doing in some way a spiritual task.

169

00:32:34,420 --> 00:32:37,420

And by a spiritual task, I mean this.

170

00:32:37,420 --> 00:32:44,420

A task done in the right motive, and there is only one motive, and the motive is this.

171

00:32:44,420 --> 00:32:49,420

A task performed in service to others.

172

00:32:49,420 --> 00:32:59,420

In service to others, if that task cooperates with the law, it would not be a spiritual task.

173

00:32:59,420 --> 00:33:08,420

If someone believes that if he killed 40 people, he could save 41. This would not be a spiritual task.

174

00:33:08,420 --> 00:33:15,420

A spiritual task is that done in selfless service to others, providing the law is cooperated with.

175

00:33:15,420 --> 00:33:19,420

And the law makes several quite definite statements.

176

00:33:19,420 --> 00:33:27,420

Krishna, Buddha and Jesus agreed upon all points, and they most certainly agreed upon this.

177

00:33:27,420 --> 00:33:31,420

Thou shall harm no living thing.

178

00:33:31,420 --> 00:33:39,420

One of the commandments given to Moses was, Thou shalt not kill, and whosoever does kill, for any reason at all is wrong.

179

00:33:39,420 --> 00:33:54,420

Whether it be to defend his so-called country, to defend his so-called home, or to defend his so-called wife, or whether it be a wife to defend her so-called husband,

180

00:33:54,420 --> 00:34:05,420

Thou shalt not kill, or Thou shalt harm no living thing, is one of the basic commandments of all religions, great religions upon this earth.

181

00:34:05,420 --> 00:34:15,420

And I all thinkers know that there is little or no difference between mystic Hinduism, mystic Buddhism, and mystic Christianity.

182

00:34:15,420 --> 00:34:23,420

There were religions or statements of law given by three spacemen.

183

00:34:23,420 --> 00:34:30,420

Krishna, Buddha and Jesus. Krishna came from Saturn, he was the greatest.

184

00:34:30,420 --> 00:34:41,420

Buddha and Jesus came from Venus. They were great masters, but not quite of the initiatory ability of Sri Krishna.

185

00:34:41,420 --> 00:34:51,420

And both of them, if ever you gain your privilege to gain communication with them, will tell you this beyond any doubt.

186

00:34:51,420 --> 00:34:56,420

And if they should deny this, then question the source of your information.

187

00:35:00,420 --> 00:35:08,420

So the third satellite then, gives to you great energy, as much energy as you can possibly use.

188

00:35:08,420 --> 00:35:24,420

You will never drain this battery drive, because the energy comes to the satellite from the holiest being in this planetary system, which is the sun.

189

00:35:24,420 --> 00:35:37,420

I said the holiest being. I didn't say a great ball of flame. I said a living, breathing being, which the sun is.

190

00:35:37,420 --> 00:35:47,420

It is not only the father of all of us, but it is the father of all the planets as well.

191

00:35:48,420 --> 00:35:57,420

In case you get the word father wrong, do not think I say that the sun is God or the Absolute. It is not.

192

00:35:57,420 --> 00:36:05,420

The Absolute is that which contains all things good, bad, or indifferent.

193

00:36:05,420 --> 00:36:14,420

There is one supreme source, which contains all other things, and only that one source.

194

00:36:14,420 --> 00:36:24,420

But the sun is the nearest thing to that supreme source in this solar system.

195

00:36:24,420 --> 00:36:38,420

And man upon this earth, physical man, mental man, and psychic man, but not spiritual man,

196

00:36:38,420 --> 00:36:47,420

the three lower aspects of man is really only solidified sunlight.

197

00:36:47,420 --> 00:37:00,420

Take that into your meditations with you, and if you do ever meditate at all, that key can unlock the door of great, great wisdom for you.

198

00:37:00,420 --> 00:37:18,420

Now I'll try to give you a little idea. We have made some color slides of the drawings which were done by Robertson under my direction of the third satellite.

199

00:37:18,420 --> 00:37:27,420

First of all, might I say that when it is in orbit of this earth, it is not visible, and it cannot be tracked by radar.

200

00:37:27,420 --> 00:37:32,420

The way that they are rendering visibility is very simple.

201

00:37:32,420 --> 00:37:38,420

I hold that up there, all people can see what you see.

202

00:37:38,420 --> 00:37:52,420

You see, the photons emitted by the electric light in this room reflected from that material.

203

00:37:52,420 --> 00:38:07,420

These photons enter the lenses which you have in your head, called your eyes, impress themselves on the brain in a certain way, and you regard that as a book.

204

00:38:07,420 --> 00:38:18,420

If I cut off the streams of photons by turning off the lights, you do not see that book.

205

00:38:18,420 --> 00:38:31,420

But supposing I put the lights on, and instead of letting the photons bombard or letting the photons reflect from that book to you,

206

00:38:31,420 --> 00:38:39,420

supposing I was to turn those photons in a 360-degree arc through some magnetic field.

207

00:38:39,420 --> 00:38:48,420

I could hold that book up all night, you could use what arc lamps on it you like, and you would not see it.

208

00:38:48,420 --> 00:39:03,420

The third satellite is rendered invisible in this way, that the photons reflected from it are evolved around the false screen which is completely surrounding the crowd.

209

00:39:03,420 --> 00:39:09,420

It cannot be tracked by radar. Why?

210

00:39:09,420 --> 00:39:21,420

Well, a radar works in this way. Pulses of energy are sent out by an emitter or through a transmitting apparatus.

211

00:39:21,420 --> 00:39:34,420

These pulses of energy soar through space until they hit a certain object, and then they are reflected back and are received in a receiver.

212

00:39:34,420 --> 00:39:42,420

And on an oscilloscope screen, you see a shadow of this object.

213

00:39:42,420 --> 00:39:57,420

The third satellite operators take the radar pulses into the false shield around the object so that they will not be reflected back on the oscilloscope screen.

214

00:39:57,420 --> 00:40:10,420

And there's a good reason for it. They don't just do it in order to show off their ability. They do it for a very good reason, and this is the reason.

215

00:40:10,420 --> 00:40:22,420

Some time ago, the Atheist Society informed major military centers throughout the Earth, in Russia, just as well as we did in America,

216

00:40:22,420 --> 00:40:32,420

that radar operators should be extremely careful what they scan in space.

217

00:40:32,420 --> 00:40:47,420

If radar operators scanned radioactive clouds for a long time, then it was possible that the radar operator could become contaminated by the radioactivity from the cloud.

218

00:40:48,420 --> 00:40:59,420

I don't suppose any of these military establishments took any notice. They certainly didn't make any official plank the Atheist Society for giving them this news.

219

00:40:59,420 --> 00:41:14,420

But strangely enough, since this time, we have heard of many, many sudden deaths of radar operators which were totally unexplained in the press.

220

00:41:14,420 --> 00:41:28,420

And I know three radar operators working on atomic experimentation who had a queer rash come on their bodies, a rash which is incurable by any known scientific means.

221

00:41:28,420 --> 00:41:40,420

It is the rash which sometimes denotes the temia, which as you know is cancer of the blood caused by strontium-90 radiation.

222

00:41:41,420 --> 00:41:55,420

I believe many radar operators have died or been afflicted by incurable disease over this last few years.

223

00:41:55,420 --> 00:42:05,420

And I believe when the space people gave this warning, they gave it as a timely warning in order to preserve life.

224

00:42:05,420 --> 00:42:23,420

Because even though they may not agree with a militarist, they would still go out of their way to tell that man how he could protect his own life and protect his own body and so on from death or disease.

225

00:42:24,420 --> 00:42:38,420

If this happens with a radioactive cloud, it also happens with any form of energy which might be good.

226

00:42:38,420 --> 00:42:49,420

If the people in the third satellite were to allow the radar pulses to return to Earth after bombarding the satellite,

227

00:42:50,420 --> 00:43:00,420

this allowance would interfere with the very, very delicate and subtle manipulations that they are carrying on from that satellite.

228

00:43:02,420 --> 00:43:11,420

I'll now show these color slides and tell you a wee bit more about the workings of this satellite.

229

00:43:11,420 --> 00:43:19,420

And I must ask a good lady there, if she would mind, very much just moving her chair.

230

00:43:19,420 --> 00:43:46,420

Now these are rough chalk drawings of this thing. First of all, we have this huge egg-shaped satellite.

231

00:43:46,420 --> 00:43:53,420

It's shaped like an egg, which by the way is the most significant shape in the macro-cosmic system.

232

00:43:55,420 --> 00:44:02,420

Strange to say that no Earth, either on this or any other planet, can take place without this egg.

233

00:44:02,420 --> 00:44:06,420

If you know anything about basic biology on this Earth, you know that.

234

00:44:06,420 --> 00:44:11,420

If you know anything about advanced biology on other planets, you also know that.

235

00:44:12,420 --> 00:44:22,420

This is the ultimate shape in this system. And it's significant that the third satellite should be other egg shapes.

236

00:44:26,420 --> 00:44:34,420

Now here we have, again, this egg, and we have here a huge dome, and here a matrix.

237

00:44:35,420 --> 00:44:43,420

Now this dome here is made of crystalline substance, what it is I do not know.

238

00:44:43,420 --> 00:44:51,420

I have seen it, and I know that you can see through it without any distortion at the edges,

239

00:44:51,420 --> 00:44:58,420

which you would get through that thickness, because it appears to be thick, that thickness of glass.

240

00:44:58,420 --> 00:45:03,420

It is a pure crystalline substance. How it was made, I do not know.

241

00:45:05,420 --> 00:45:10,420

Except, I believe it was grown to certain specifications.

242

00:45:12,420 --> 00:45:16,420

Now, through here comes the rays of the sun.

243

00:45:17,420 --> 00:45:25,420

Now, they cannot send the rays of the sun down through this parametric directly, without certain conditioning.

244

00:45:28,420 --> 00:45:36,420

They have an involved or evolved system of filters which cover that dome.

245

00:45:36,420 --> 00:45:46,420

Now, when we want to alter a light frequency, we take a colored glass and put in front of the light,

246

00:45:46,420 --> 00:45:53,420

and we alter the frequency to something we call blue or green or red, whatever color the glass may be.

247

00:45:53,420 --> 00:45:59,420

But these people do not need to do that, they simply charge that with an energy,

248

00:45:59,420 --> 00:46:05,420

and that energy alters the frequency of light which is allowed to enter through this dome.

249

00:46:05,420 --> 00:46:15,420

Now, before this process can take place, they must know exactly what energies are needed on Earth at what time.

250

00:46:16,420 --> 00:46:22,420

That is why the complete dossier needs to be kept on individuals upon this Earth,

251

00:46:22,420 --> 00:46:29,420

to know what energies are needed so that they can provide them in this great power station.

252

00:46:30,420 --> 00:46:37,420

The energies come in, conditioned, when they come in, and irradiated out through this matrix.

253

00:46:38,420 --> 00:46:42,420

It's not by chance we put a crosswork on there.

254

00:46:45,420 --> 00:46:53,420

A certain, very important space pattern has that same crosswork,

255

00:46:53,420 --> 00:46:58,420

an intersection of parallel lines at 90 degrees.

256

00:46:59,420 --> 00:47:05,420

You can ask me questions about that afterwards, but I should be very careful as to what answers I give.

257

00:47:08,420 --> 00:47:16,420

Here we have a more descriptive drawing, and I must be honest about this,

258

00:47:16,420 --> 00:47:19,420

here's America down there receiving all that energy,

259

00:47:19,420 --> 00:47:22,420

proving that there's all these good people in America receiving it.

260

00:47:22,420 --> 00:47:28,420

When I speak in South Africa or Australia, it'll be Australia down there, so don't kid yourself about it.

261

00:47:28,420 --> 00:47:44,420

Now, here we have the Sun's crystal dome, and underneath the crystal dome are three large pyramid formations.

262

00:47:44,420 --> 00:47:47,420

These two are made of crystal.

263

00:47:47,420 --> 00:47:54,420

The strange part about this crystal is this, that these glow from the inside out.

264

00:47:55,420 --> 00:48:02,420

You know that a diamond has to be cut and polished in a certain way in order to reflect light.

265

00:48:02,420 --> 00:48:11,420

It reflects and refracts light, and it grows as glue and green and heliotrope and so on.

266

00:48:11,420 --> 00:48:15,420

When it splits the light rays up, which reflect upon it.

267

00:48:15,420 --> 00:48:18,420

But these don't operate like that at all.

268

00:48:18,420 --> 00:48:28,420

They seem to have an inner fire, and the inner fire comes from inside out, unlike a diamond, our diamond upon earth,

269

00:48:28,420 --> 00:48:31,420

which purely simply reflects light.

270

00:48:31,420 --> 00:48:39,420

If you turn off all the lights, these crystals would still glow with this tremendous vibrant fire.

271

00:48:40,420 --> 00:48:45,420

They are about, I think, about seven foot tall.

272

00:48:45,420 --> 00:48:50,420

They are three sided pyramids, and not four sided pyramids.

273

00:48:52,420 --> 00:48:58,420

The rays come down here, are absorbed in some way into those crystals.

274

00:48:58,420 --> 00:49:02,420

The crystals vibrate at a certain frequency.

275

00:49:02,420 --> 00:49:12,420

Then the rays pass up here to another huge type of crystal formation, which again looks like a huge egg,

276

00:49:12,420 --> 00:49:17,420

around which revolve multishaped crystals.

277

00:49:20,420 --> 00:49:27,420

The strange part about this thing is that it is not supported in any way.

278

00:49:27,420 --> 00:49:29,420

It just hangs there.

279

00:49:29,420 --> 00:49:35,420

It's possibly about 15 to 20 feet high, and it just stays there.

280

00:49:35,420 --> 00:49:44,420

And I believe that if you fire a shell, quite blanket that thing, I don't think you'll move it a fraction of an inch.

281

00:49:44,420 --> 00:49:54,420

Some great force, which is totally invisible, unknown to people upon this earth, keeps it in place.

282

00:49:54,420 --> 00:50:01,420

And these crystals revolve around it without any visible means of support, slowly.

283

00:50:01,420 --> 00:50:04,420

They don't revolve around fast.

284

00:50:04,420 --> 00:50:11,420

By the way, I'd like to say that these drawings may not be reproduced in any articles and so on.

285

00:50:11,420 --> 00:50:14,420

A Theorist Society holds well copyright on them.

286

00:50:16,420 --> 00:50:23,420

These revolve around that central crystal, if it is a crystal.

287

00:50:23,420 --> 00:50:30,420

And from there, the energy comes into the matrix, which sends it to Earth.

288

00:50:30,420 --> 00:50:40,420

Now, the more you come here, and I say weird and really mean it, the more weird part about this whole operation is this.

289

00:50:43,420 --> 00:50:56,420

We have here light coming in, vibrating these crystals, conditioning the light or the energy in a certain way.

290

00:50:56,420 --> 00:51:00,420

Here again, we have a secondary conditioning of the energy.

291

00:51:00,420 --> 00:51:12,420

Up to then, it appears to be light, but, and this is the weird part, from here to here, it seems to flow like liquid.

292

00:51:12,420 --> 00:51:21,420

One of the most staggering things I have ever noticed in outer space,

293

00:51:21,420 --> 00:51:27,420

I have seen a beam of light travel between point A and point B.

294

00:51:27,420 --> 00:51:36,420

I've seen a pole there, and a pole at the back of the room there, and I've seen a beam of light travel slowly between the two poles.

295

00:51:36,420 --> 00:51:40,420

You can't explain it. It's a really weird feeling.

296

00:51:41,420 --> 00:51:48,420

You can never see anything like that on this Earth, but I have seen it.

297

00:51:48,420 --> 00:52:03,420

And this light appears to flow like water or liquid to the matrix, and from then on, again, I believe it reaches a certain very high velocity.

298

00:52:03,420 --> 00:52:12,420

Probably many, many more times the speed of light, which is reckoned as 186,000 miles per second.

299

00:52:12,420 --> 00:52:18,420

I believe the velocity of the energy when it comes from those crystals is above that of light.

300

00:52:22,420 --> 00:52:35,420

Here we have a drawing of an individual, which may be seven-foot tall in comparison with the experiment, and we have this massive, massive color.

301

00:52:35,420 --> 00:52:42,420

And all this, by the way, is contained in one small part of this satellite, and it's massive.

302

00:52:42,420 --> 00:52:45,420

It's not small, the whole thing is big.

303

00:52:45,420 --> 00:52:52,420

And the first thing one notices when it comes in here is nothing but a perfume.

304

00:52:54,420 --> 00:53:01,420

You can smell these energies, and these energies are particularly beautiful.

305

00:53:05,420 --> 00:53:07,420

And there we have the action.

306

00:53:07,420 --> 00:53:16,420

Conditioning the sun's rays here, another type of conditioning here, another type of conditioning here, and down.

307

00:53:16,420 --> 00:53:32,420

To every man, woman, and child upon Earth who is performing some spiritual action, doesn't matter whether it's in a Roman Catholic church or a Buddhist monastery, or a Buddhist temple, it makes no difference.

308

00:53:32,420 --> 00:53:40,420

Providing it's a selfless action with the right motive done on behalf of some other person.

309

00:53:47,420 --> 00:53:54,420

That's all we've got, that's all the drawings we did.

310

00:53:55,420 --> 00:54:05,420

Well that gives you some very small idea of this particular satellite and how the energies are used.

311

00:54:09,420 --> 00:54:20,420

Now, I said that this satellite would be in orbit of the Earth, and I most certainly intend to give you the dates.

312

00:54:20,420 --> 00:54:38,420

Some of you who were there last night have the dates, but I would ask you to please be patient while I give these dates out again.

313

00:54:41,420 --> 00:54:47,420

Before I do, I'd like to just say a word or two more about this importance.

314

00:54:48,420 --> 00:55:12,420

If you are engaged in any type of spiritual work at all, selfless spiritual work with the right motive, even if it is personal advancement, providing again the motive is right,

315

00:55:12,420 --> 00:55:19,420

and by the way, you cannot kid the troops in this respect.

316

00:55:20,420 --> 00:55:26,420

The people manipulating the energies from the third satellite know your motives.

317

00:55:27,420 --> 00:55:31,420

You may think you do, these people definitely do.

318

00:55:32,420 --> 00:55:37,420

So you can't say, well my motive is this, that, and the other, if it's XYZ.

319

00:55:38,420 --> 00:55:59,420

So even if it is for personal advancement or personal enlightenment, providing that is sought with the right motive, these energies will directly, directly help you in every possible way.

320

00:56:00,420 --> 00:56:03,420

And they will help you like this.

321

00:56:04,420 --> 00:56:08,420

I'll give you again the same little illustration as I gave last night, because I can't better it.

322

00:56:11,420 --> 00:56:17,420

Let us take a hypothetical, let us take a case of Mrs. A.

323

00:56:18,420 --> 00:56:21,420

We'll take Mrs. A because women are more spiritual than men anyway.

324

00:56:22,420 --> 00:56:28,420

We'll take the case, for instance, of Mrs. All-Mr. A, call her Mrs. A.

325

00:56:29,420 --> 00:56:34,420

Now Mrs. A has heard that her friend Mrs. B has had an accident and is in hospital.

326

00:56:35,420 --> 00:56:36,420

So what does she do?

327

00:56:37,420 --> 00:56:41,420

She may pray in a way that she can do.

328

00:56:41,420 --> 00:56:45,420

She may pray for her friend so that she gets better.

329

00:56:46,420 --> 00:56:56,420

She doesn't only pray, she does other things as well, like visits her in hospital, but one thing she does do is to pray and send out some power or love to her friend in hospital.

330

00:56:57,420 --> 00:57:00,420

And, don't make a noise there.

331

00:57:01,420 --> 00:57:06,420

By praying Mrs. A releases a stream of energy towards her friend.

332

00:57:07,420 --> 00:57:09,420

Because after all, what is prayer?

333

00:57:10,420 --> 00:57:15,420

Prayer is to give her a friend a good, good and good energy.

334

00:57:15,420 --> 00:57:20,420

By praying Mrs. A releases a stream of energy towards her friend.

335

00:57:21,420 --> 00:57:23,420

Because after all, what is prayer?

336

00:57:24,420 --> 00:57:32,420

Prayer is a way to direct energy by thought and one predetermines the way.

337

00:57:33,420 --> 00:57:40,420

When one says certain words, it means that one directs their mind in a certain channel.

338

00:57:40,420 --> 00:57:44,420

These words have a meaning or vibration.

339

00:57:45,420 --> 00:57:50,420

This vibration is then directed from Mrs. A to Mrs. B.

340

00:57:51,420 --> 00:57:54,420

It's simple to understand and that is what prayer is by the way.

341

00:57:55,420 --> 00:57:56,420

It's a sciences prayer.

342

00:57:57,420 --> 00:57:58,420

It's nothing airy-fairy.

343

00:57:59,420 --> 00:58:03,420

It's just as much a science as any other thing is, a science.

344

00:58:04,420 --> 00:58:18,420

Now Mrs. A releases in 15 minutes prayer, shall we say, X units of energy in order to help Mrs. B in a normal time of the year.

345

00:58:18,420 --> 00:58:34,420

When the third satellite is in orbit, providing Mrs. A as clear, pure motives, she will not release X units of energy towards Mrs. B in order to help her.

346

00:58:35,420 --> 00:58:40,420

But she will release 3000 X units of energy towards Mrs. B in order to help her.

347

00:58:40,420 --> 00:58:51,420

So all spiritual practices are enhanced 3000 times during the time that this satellite is in orbit of the world.

348

00:58:52,420 --> 00:59:01,420

Now here is a vast, vast energy potential for you, an energy potential that you can use in every possible way.

349

00:59:02,420 --> 00:59:13,420

But an energy potential which will not help you to get a better job, particularly, a bigger and better Cadillac, particularly, or even a Ford, particularly.

350

00:59:17,420 --> 00:59:24,420

Molly knows I'm on the way to Krakatauro or Ranchwagon, so she's looking at me rather askin' at the moment.

351

00:59:24,420 --> 00:59:35,420

I mean, if tuning in to the third satellite energies would help me to get a bigger and better car, that wouldn't be an old Ford Ranchwagon update.

352

00:59:36,420 --> 00:59:43,420

It would be a gold-plated, not even a Cadillac, a gold-plated Rolls-Royce, because I've done it plenty of times.

353

00:59:44,420 --> 00:59:56,420

No, but it will help you to help others in whatever way it is, or help you to advance yourself, providing that advancement he's brought about with the right motive.

354

00:59:57,420 --> 01:00:04,420

And normal spiritual advancement is sought after with the right motive. And I give you the dates.

355

01:00:04,420 --> 01:00:16,420

All times, by the way, are Greenwich, our midnight Greenwich Mean Time.

356

01:00:17,420 --> 01:00:27,420

So a dime in a phone box will, to any air company, a big air company, will give you the equivalent in Cleveland Time.

357

01:00:28,420 --> 01:00:32,420

I don't know what it would be here, but Greenwich Mean Time.

358

01:00:32,420 --> 01:00:37,420

I heard earlier, 7 p.m. here, corresponds to Greenwich Mean Time.

359

01:00:38,420 --> 01:00:47,420

That's it, then. A gentleman's already worked it out for us, so it will be 7 p.m. All times are 7 p.m.

360

01:00:48,420 --> 01:00:50,420

Standard time. If we use daylight time, it will be 8 p.m.

361

01:00:51,420 --> 01:00:57,420

Yes, this is a 7 p.m. standard time. If it's daylight time, it will be 8 p.m.

362

01:00:58,420 --> 01:00:59,420

Thank you very much. That's it.

363

01:01:00,420 --> 01:01:05,420

February the 25th until April the 25th.

364

01:01:14,420 --> 01:01:17,420

February the 25th until April the 25th.

365

01:01:18,420 --> 01:01:24,420

And after 7 p.m., April the 25th, it's gone. And the way off it goes.

366

01:01:25,420 --> 01:01:26,420

It may go anywhere, but it's gone.

367

01:01:27,420 --> 01:01:33,420

Come back again, June the 5th, until August the 9th.

368

01:01:34,420 --> 01:01:36,420

June 5th until August the 9th.

369

01:01:37,420 --> 01:01:39,420

And the way off it goes again.

370

01:01:40,420 --> 01:01:46,420

And it returns September the 30th to November the 30th.

371

01:01:48,420 --> 01:01:53,420

That's February 25th to April 25th, the first one.

372

01:01:53,420 --> 01:02:00,420

Second is June 5th to August 9th, 30th September 30th to November 30th.

373

01:02:01,420 --> 01:02:03,420

If you haven't got these times and dates down, don't worry.

374

01:02:04,420 --> 01:02:08,420

You can get them afterwards from Keith Robertson or Monique Knoppy.

375

01:02:09,420 --> 01:02:13,420

There will be only two, please go out of our way to make sure you do get these dates and dates.

376

01:02:15,420 --> 01:02:20,420

Now, during all those times, for 24 hours a day because the space people don't sleep,

377

01:02:20,420 --> 01:02:25,420

for 24 hours a day, this satellite is there.

378

01:02:26,420 --> 01:02:32,420

And if you go about your practice, forget the fact that it's there if you like.

379

01:02:33,420 --> 01:02:40,420

You don't need to tune into it or to go into any kind of a weird and wonderful posture or anything like that.

380

01:02:41,420 --> 01:02:42,420

This isn't necessary.

381

01:02:42,420 --> 01:02:50,420

But whenever you are performing any spiritual practice, an individual beam will be put on you.

382

01:02:52,420 --> 01:02:58,420

Oh, my friends, before I go any further, may I just say this?

383

01:03:00,420 --> 01:03:03,420

You will not repeat Knoppy.

384

01:03:04,420 --> 01:03:05,420

Underline the word not.

385

01:03:05,420 --> 01:03:13,420

Put a capital N before the word not. Get a message from this satellite.

386

01:03:14,420 --> 01:03:22,420

You must not repeat, not even seek a message from this satellite because it's energy-wasting.

387

01:03:23,420 --> 01:03:27,420

But we'll get something far, far more valuable.

388

01:03:28,420 --> 01:03:30,420

That is a beam of energy.

389

01:03:30,420 --> 01:03:43,420

And if you are attuned at all, you will feel, physically feel, physically feel this energy course through you as a vibrant power.

390

01:03:44,420 --> 01:03:48,420

There is no doubt about whether you will physically feel it or not.

391

01:03:49,420 --> 01:03:54,420

You will. I can be categorical and make this statement. You will.

392

01:03:55,420 --> 01:04:04,420

If you don't, then indeed don't tell me because you're telling me that your rarity are not a good one at that.

393

01:04:07,420 --> 01:04:13,420

I have not, we have not received one letter at the Theorius House to my knowledge.

394

01:04:14,420 --> 01:04:32,420

From a person anywhere on earth who has honestly told us that they have performed some spiritual practice during the time the satellite has been there,

395

01:04:33,420 --> 01:04:38,420

who has not said they felt that extra benefit, that extra uplift, that extra vibration.

396

01:04:39,420 --> 01:04:47,420

I have to yet have the first letter, or put it this way, I have to yet see the first letter myself.

397

01:04:48,420 --> 01:04:53,420

I think that is right. I don't ever remember seeing the letter from anyone.

398

01:04:54,420 --> 01:04:57,420

And this is quite, quite a unique.

399

01:04:58,420 --> 01:05:04,420

Whenever one talks about spiritual energies, you always get some people come up and say,

400

01:05:05,420 --> 01:05:07,420

oh well I didn't that or I couldn't that or I wasn't the other.

401

01:05:08,420 --> 01:05:13,420

But I haven't seen. If they've come to the Atheist Society, then I haven't seen them.

402

01:05:15,420 --> 01:05:24,420

So there it is. A great core, a great tremendous energy awaits you if you use it.

403

01:05:24,420 --> 01:05:34,420

You can be in a group, at a theatre, and if you're the only one performing spiritual practice in that theatre,

404

01:05:35,420 --> 01:05:37,420

an individual beam of the photognome.

405

01:05:38,420 --> 01:05:44,420

You won't see it in size. It's something like the thousands part of a hair,

406

01:05:45,420 --> 01:05:50,420

a thousand part as wide as a hair of your head in size.

407

01:05:50,420 --> 01:05:54,420

But it's there. It's powerful. It's extremely potent.

408

01:05:55,420 --> 01:06:04,420

The more you practice spiritual work, the more you do it, the more you use these energies, the more will be given to you.

409

01:06:05,420 --> 01:06:17,420

If any of you contemplate any great spiritual move, if you contemplate starting groups and things like that,

410

01:06:17,420 --> 01:06:22,420

then these are the dates to make such a start.

411

01:06:23,420 --> 01:06:31,420

Or if you make a start beforehand, have everything ready so that on these dates you can go into battle as it were.

412

01:06:32,420 --> 01:06:39,420

It is known that if you're doing this, you are one of what the space people call the glorious few.

413

01:06:40,420 --> 01:06:47,420

And no matter what odds seem to be against you, and God knows the odds are bad enough,

414

01:06:48,420 --> 01:06:54,420

but no matter what odds they are, eventually you will win.

415

01:06:55,420 --> 01:06:58,420

There is no doubt about this.

416

01:06:59,420 --> 01:07:07,420

Eventually light will transmute darkness. There is no doubt about this.

417

01:07:09,420 --> 01:07:20,420

Whosoever thinks otherwise doesn't think deep enough, doesn't think long enough, doesn't know enough.

418

01:07:21,420 --> 01:07:35,420

If we keep on sending out this light, this energy, we will cause a great transmutation of the dark forces upon this earth.

419

01:07:35,420 --> 01:07:42,420

We will cause them to be transmuted so that they themselves can enter the realms of light.

420

01:07:43,420 --> 01:07:47,420

Instead of being a Guinness, they will then be for us.

421

01:07:51,420 --> 01:08:02,420
