

1

00:00:00,000 --> 00:00:11,040

Thank you John for those very kind, totally undeserved words. You certainly did let me

2

00:00:11,040 --> 00:00:18,520

in for this. It is a subject that I would have chosen to speak to. But after giving you

3

00:00:18,520 --> 00:00:26,480

the good deal of thought, I have in fact decided that I will. And because I want to be very

4

00:00:26,480 --> 00:00:33,560

careful what I say about this, I have written it out. I hope you will forgive me if I read

5

00:00:33,560 --> 00:00:42,440

what I have to say. I have said several times on this platform and in various articles that

6

00:00:42,440 --> 00:00:50,960

I have written that if we want to know more, to know even a little of the truth about the

7

00:00:50,960 --> 00:00:58,040

so-called flying saucers or so-called UFOs and about their occupants, we ought perhaps

8

00:00:58,040 --> 00:01:03,520

to make quite sure that we are looking in the right place and not looking in the wrong place.

9

00:01:03,520 --> 00:01:14,040

And I have said that I felt it would help very much if we would first ask ourselves and keep

10

00:01:14,040 --> 00:01:25,320

on asking ourselves this question, who and what am I? Because if and when we begin to

11

00:01:25,320 --> 00:01:33,360

receive an answer to that question, I feel we may be able to hope to begin to receive some

12

00:01:33,360 --> 00:01:39,400

knowledge or some indication of the right answer to our other question about UFOs.

13

00:01:39,400 --> 00:01:49,920

As we attempt to ascertain who and what Earthman is, this extraordinary creature that we belong

14

00:01:49,920 --> 00:01:55,440

to that incidentally has given himself the name of Homo sapiens, it is a thundering certainty

15

00:01:55,440 --> 00:02:04,920

that no one else gave it to him, we soon find that however poor his actual performance may

16

00:02:04,960 --> 00:02:12,800

appear to be, many of the great teachers of the past have had something quite definite to say

17

00:02:12,800 --> 00:02:25,520

about his potential nature. Darwin himself, you will recall, was puzzled by the absence of, as it were,

18

00:02:25,520 --> 00:02:33,880

a whole stairway of intelligent species not far below man, such as one would have expected to find

19

00:02:34,840 --> 00:02:41,240

had evolution and natural selection been the whole of the story. And he was also puzzled,

20

00:02:42,440 --> 00:02:49,320

because it was obvious to him that the geological time in which man had apparently been here was far

21

00:02:49,320 --> 00:02:59,560

too short to have permitted the development to the level that we now have. Let us bear in mind then

22

00:02:59,880 --> 00:03:08,560

that Darwinism still remains a theory. And also let us bear in mind that as many biologists admit,

23

00:03:08,560 --> 00:03:17,600

there does seem to be in nature a very queer sort of purposalness or foreshadowing. The

24

00:03:17,600 --> 00:03:25,160

capacities of the human hand, for example, seem to be there already prefigured in the

25

00:03:25,400 --> 00:03:34,480

flipper of pleciostaurus. Now if, as we're told, pure chance, pure survival fittest are the sole

26

00:03:34,480 --> 00:03:41,780

factors at work, how then are we to account, for example, for those huge horns, say, on the

27

00:03:41,780 --> 00:03:49,800

noses of rhinostasis? Admittedly, they must be mighty useful weapons now, now that they're there

28

00:03:50,040 --> 00:03:57,960

in place, and they must have helped those creatures to survive during recent ages, more recent

29

00:03:57,960 --> 00:04:06,760

ages. But how did this rudimentary horn on the snout, how did this thing help them to survive

30

00:04:06,760 --> 00:04:12,120

during all the millions of years when it was only developing? And was still probably nothing but a

31

00:04:12,120 --> 00:04:19,640

rudimentary tuft of hair. Now it was things like this that struck that very remarkable

32

00:04:19,640 --> 00:04:27,440

Jesuit scientist, Father Tharnhard de Chardin, whom I knew many years ago in China, and whose works

33

00:04:27,440 --> 00:04:34,600

I expect many of you have read, whose books are now making quite an impact on the world. Now I

34

00:04:34,600 --> 00:04:41,560

suspect the truth about Earthman is not of all what we've been told, that he is not an early little

35

00:04:41,560 --> 00:04:49,400

fruit of chance and natural selection, but he is a creature that is part of something far bigger,

36

00:04:49,640 --> 00:04:59,080

that is scattered throughout the whole universe. Jesus Christ, you remember, spoke constantly of

37

00:04:59,080 --> 00:05:08,040

what he called the kingdom of heaven. He was a layer tel'un ul'in'o, in Greek, in the New Testament. Now

38

00:05:08,040 --> 00:05:16,160

most folk today will tell you that this term is probably used symbolically, merely to refer to an

39

00:05:16,160 --> 00:05:25,040

inner and purified state of being. But what, what if, as the lonely Dr. Leo Sprinkle of the

40

00:05:25,040 --> 00:05:32,800

University of Wyoming recently asked, what if the story of Adam and Eve really does symbolize, or

41

00:05:32,800 --> 00:05:40,320

represent, the establishment here of a colony from another planet? What indeed does the word

42

00:05:40,400 --> 00:05:49,280

Adam mean? It simply means man. And it exists in many languages today with only that meaning. And I've

43

00:05:49,280 --> 00:05:58,480

often speculated, this is in parenthesis, I've very often speculated as to whether, if the Adamski

44

00:05:58,480 --> 00:06:05,440

story is true, or partly true, I'm not standing and saying that it is or isn't true, if any part of

45

00:06:05,440 --> 00:06:14,080

it is true. Could that Polish gentleman possibly have been selected because of the important

46

00:06:14,080 --> 00:06:26,160

symbolic quality of his name? To return to Dr. Sprinkle, this noted psychologist asks this question,

47

00:06:26,480 --> 00:06:36,000

is it possible that there really does exist a kingdom of heaven, i.e., an organization or a group

48

00:06:36,000 --> 00:06:45,040

of organizations of extraterrestrial civilizations? Now I think these speculations are, as I say,

49

00:06:45,040 --> 00:06:53,040

not at all unjustified. If we bear in mind that the original meaning of our Greek word heaven,

50

00:06:53,680 --> 00:07:00,080

most people forget this, but word heaven really means the sky. And in Greek of course, ourmos means

51

00:07:00,080 --> 00:07:06,320

just that, so that when Jesus was speaking of a kingdom of heaven, he was literally speaking,

52

00:07:06,320 --> 00:07:11,440

so far as the Greek shows us anything, that he was speaking about a kingdom of the skies.

53

00:07:12,960 --> 00:07:19,680

This may be a very important point. Now personally, although I cannot prove it,

54

00:07:20,400 --> 00:07:28,000

I would go even further and I would say that this creature, which I am suggesting maybe throughout

55

00:07:28,000 --> 00:07:35,600

the universe, this man, and to which our species belongs, this species, this creature may not

56

00:07:35,600 --> 00:07:44,880

originally have been on our present level of life, or even in this level of matter. But as many

57

00:07:45,840 --> 00:07:52,240

spiritual and awkward traditions affirm, we may be the product of something which descended

58

00:07:53,120 --> 00:08:01,360

into this level of matter from our true home which lies elsewhere. Elsewhere, possibly,

59

00:08:02,400 --> 00:08:09,280

in realms of being which are not accessible to scrutiny or study by the ordinary physical mind.

60

00:08:10,080 --> 00:08:18,400

Now those of you who've read the Islamic teachings will remember that man is often described as

61

00:08:18,400 --> 00:08:27,200

essentially a noble being by origin and destiny. A creature intended to be, to use a very beautiful

62

00:08:27,200 --> 00:08:33,920

phrase, to be the region of God upon earth. Now if we take a look at this region of God on earth

63

00:08:34,000 --> 00:08:43,200

and see what he's made and what he's making of his bailiwick, we perceive at once that something has

64

00:08:43,200 --> 00:08:51,120

gone badly wrong somewhere along the line, and that he seems to have picked up some pretty nasty

65

00:08:51,120 --> 00:08:59,680

playmates. As the recent scientific congress in Europe recognized just a few months ago,

66

00:09:00,320 --> 00:09:07,600

and many of you must have read about it, man is now far along the road towards possible destruction

67

00:09:07,600 --> 00:09:14,080

of himself and of all life on this planet. The very future of our species is in the balance,

68

00:09:15,200 --> 00:09:24,160

and we may have very, very little time left. There are in fact today at least five major ways

69

00:09:24,960 --> 00:09:31,360

by any one of which our civilization might be toppled and perhaps wiped out within a quite

70

00:09:31,360 --> 00:09:38,640

foreseeable future. Now these five ways are firstly, as we all know, nuclear or biological or chemical

71

00:09:38,640 --> 00:09:47,040

war, secondly, overpopulation and famine, leading inevitably of course to number one, again nuclear

72

00:09:47,040 --> 00:09:54,640

or biological or chemical war. Thirdly, a possibility is a massive shift to the earth's crust,

73

00:09:55,680 --> 00:10:03,360

such as many scientists now admit is probably impending. A disaster on a universal scale

74

00:10:04,240 --> 00:10:11,200

which would involve very large rises and falls of land, changes in poles, devastating volcanic

75

00:10:11,200 --> 00:10:18,320

eruptions, the smoke of which some scientists think could easily suffice to blot out the sun's heat

76

00:10:18,320 --> 00:10:26,720

for a while from our atmosphere, and probably, probably was the cause in fact of previous

77

00:10:26,720 --> 00:10:34,960

ice ages and could be the cause of another ice age. They have worked it out that he wouldn't need

78

00:10:35,920 --> 00:10:42,240

too many really big ones going for very long to produce a marked lowering of the

79

00:10:42,800 --> 00:10:51,760

temperature around the planet. Fourthly of course, another possibility, which is the one that this

80

00:10:52,640 --> 00:10:59,680

international congress dealt with, is general death on this planet through science gone mad,

81

00:11:00,000 --> 00:11:06,000

through our exhaustion of all available resources, our rape of Mother Earth, which is going on now,

82

00:11:06,800 --> 00:11:10,400

coupled with massive pollution of lands and seas and the whole biosphere,

83

00:11:11,040 --> 00:11:16,560

without insecticides and chemicals, etc. For example, as you know, there are now huge

84

00:11:16,560 --> 00:11:23,360

plastic containers of which are being towed about through the seas containing powerful pesticides.

85

00:11:24,160 --> 00:11:29,840

I'm told that if one of these bursts, its effect on life of the sea, would be grave indeed,

86

00:11:30,640 --> 00:11:37,200

pluricanion disasters would be nothing in comparison with it, and obviously these are

87

00:11:37,200 --> 00:11:45,440

frightful possibilities. In that connection, one American scientist, I'm talking now of the scientific

88

00:11:46,080 --> 00:11:51,680

what we're doing to pollute our own atmosphere and destroy the living conditions,

89

00:11:52,400 --> 00:11:58,160

one American scientist recently pointed out the grave effects that it will begin to have on the

90

00:11:58,160 --> 00:12:03,360

Earth's atmosphere, when there are as many people in China, for example, when as larger

91

00:12:03,360 --> 00:12:10,240

population, for both of the Chinese and other backward areas, have got motor cars, has now

92

00:12:10,240 --> 00:12:17,120

had them in America and Europe, for example, because our technology has already had a marked effect

93

00:12:17,120 --> 00:12:25,760

on the upper atmosphere of the Earth. And I suppose swiftly, you might say that our civilization

94

00:12:25,760 --> 00:12:33,920

might be ended by a hypothetical attack coming from outer space, either from evil beings, let's

95

00:12:33,920 --> 00:12:40,400

say evil from our point of view, bent on our instruction, or conceivably they might be high

96

00:12:40,400 --> 00:12:48,080

beings, so active on high instructions, who knows. All these high possibilities I think are there,

97

00:12:49,120 --> 00:12:54,800

very clearly facing us, and possibly although you can't absolutely rule out anything, I feel

98

00:12:54,800 --> 00:13:01,600

the possibility number five does not seem to me to be the most likely, that's the one the attack

99

00:13:01,600 --> 00:13:09,120

from outer space. I say therefore, I think it's clear that somewhere along the line,

100

00:13:10,480 --> 00:13:17,760

something has gone wrong with Earth's man. And we have, if we start thinking about it,

101

00:13:18,640 --> 00:13:25,360

we have the very enigmatic Christian doctrine about our being fallen beings.

102

00:13:25,440 --> 00:13:36,960

And this may well yield the clue we seek. Perhaps fallen, because fallen under evil control.

103

00:13:38,800 --> 00:13:46,000

Not modern man, of course he's a very sophisticated smart fellow, he's just flown around the moon,

104

00:13:46,560 --> 00:13:55,280

and he fancies himself enormously. He has by and large, I'm referring to most of the,

105

00:13:56,160 --> 00:14:03,440

certainly most of the populations of the West, and I think in a good many eastern populations too,

106

00:14:03,440 --> 00:14:10,880

by and large, he seems to have gone away with the old fashioned, old ideas about God,

107

00:14:11,680 --> 00:14:19,440

or any sort of conscious creative power above him. That's all kid stuff now, and we leave that

108

00:14:19,440 --> 00:14:26,160

sort of superstition for the few fast-windling primitive communities of savages, for whom we

109

00:14:26,160 --> 00:14:31,280

claim to feel so much pity that we won't leave them alone, but insist on foisting our dubious gifts

110

00:14:31,280 --> 00:14:38,240

on them. Out of the window, out of the window has gone the idea of creative power above the

111

00:14:38,240 --> 00:14:47,920

universe. Out of the window has gone any sort of idea of a conscious hierarchy at work in the

112

00:14:47,920 --> 00:14:55,600

universe, either visible or invisible, the idea of a dance life existing and working in either

113

00:14:55,600 --> 00:15:02,080

visible or invisible worlds or levels of being. And of course, out through the window too, has gone

114

00:15:02,080 --> 00:15:08,240

any idea of the possible existence of demonic or hostile intelligence at all powers,

115

00:15:09,200 --> 00:15:15,440

powers in unequal demands through welfare. Now, everyone, if you look at it, every one of the

116

00:15:15,440 --> 00:15:23,920

old religions has always told us quite clearly that there were and are hosts of just such

117

00:15:23,920 --> 00:15:28,960

unfriendly intelligences, usually operating in the invisible, visible worlds around us,

118

00:15:29,920 --> 00:15:37,440

right here, cheap and jowl with us. The Hindus, they have their chiefs demon of hell,

119

00:15:37,440 --> 00:15:46,400

they are all his cohorts. Chinese have more one. The Tibetans had their great

120

00:15:46,400 --> 00:15:52,000

arch personification of evil called du, written in Tibetan by the way, in most

121

00:15:52,080 --> 00:15:58,640

charming land, has written the dub. Now, the dub apparently, so my books tell me, he has no

122

00:15:58,640 --> 00:16:05,920

less than 80,000 different species of goblin and demon at his behest. Tibet is extremely well

123

00:16:05,920 --> 00:16:17,760

populated with demons. And finally, are Jews, Christians and Muslims all have, speak of,

124

00:16:18,480 --> 00:16:26,400

shantan or Satan and the Zoroastrians of Korshya, who had a highly dualistic religion,

125

00:16:27,280 --> 00:16:36,080

a system in which the powers of evil and of light and darkness, powers of good and evil were

126

00:16:36,080 --> 00:16:46,080

locked in terrific battle, they had Arima, the evil one and so on. Well, because modern man knows

127

00:16:46,400 --> 00:16:50,640

better all that. All these foolish past generations may have believed all that one from

128

00:16:51,280 --> 00:16:56,560

people being visible with angels and demons, etc. But we are more enlightened, our gods are Marx

129

00:16:56,560 --> 00:17:03,120

and Darwin, Freud, Lenin, Fidel Castro, Che Guevara, Mao Tse Tung, Koen Bendit and Tarek Ali.

130

00:17:03,920 --> 00:17:10,480

Who between them have given us the power of us that we now enjoy, he explained away everything,

131

00:17:11,120 --> 00:17:13,200

so that indeed there now remains nothing more to explain.

132

00:17:15,600 --> 00:17:23,360

And this is a very interesting thing. In the course of modern man's marvelous surge towards

133

00:17:23,360 --> 00:17:30,960

enlightenment and emancipation of himself from this evil past, we've done away with the anti-witchcraft

134

00:17:30,960 --> 00:17:37,680

laws. I think that was in 1951 that we did away with this country. We took them off the statue books.

135

00:17:37,680 --> 00:17:41,120

Now, there's no such thing of course as witchcraft or black magic, so naturally

136

00:17:41,680 --> 00:17:47,280

there can be no place for anti-witchcraft laws in our advanced society, that's op-eds.

137

00:17:48,240 --> 00:17:56,160

Modern man is a progressive, liberated being and what is the result? More than half of all the

138

00:17:56,160 --> 00:18:03,040

beds in all our hospitals in Britain are occupied by the mentally ill and it looks as though very

139

00:18:03,040 --> 00:18:08,640

soon a large proportion of our youth will be hooked on extremely dangerous drugs.

140

00:18:10,000 --> 00:18:17,200

Now, I only wish that I had time to mention some of the hints and clues that I have received in

141

00:18:17,200 --> 00:18:23,360

recent years from a number of people, some of them in the medical field and others working

142

00:18:23,360 --> 00:18:29,760

closely with doctors. They have given me a highly disturbing picture of the current

143

00:18:29,760 --> 00:18:40,720

interest in the current turbulence of witchcrafts and such things, this cult of evil and of some

144

00:18:40,720 --> 00:18:47,440

of its fruits and I think that we are seeing a very grave state of affairs building up.

145

00:18:49,840 --> 00:18:59,440

And in my view, the legislation that we had was deliberately abolished in order to facilitate

146

00:18:59,520 --> 00:19:07,200

this very state of affairs. Out through the window, as I've said, went all those silly old ideas about

147

00:19:07,200 --> 00:19:15,520

unseen powers, gods and angels and out too with them went all those silly old ideas about devils

148

00:19:15,520 --> 00:19:24,720

and demons and powers of darkness. Well, which writer was it who said that the devil's best card

149

00:19:24,720 --> 00:19:30,080

and best advantage lies in the simple fact that everybody knows it doesn't exist.

150

00:19:32,560 --> 00:19:36,400

I expect by now many of you are probably getting more than a little restive

151

00:19:37,360 --> 00:19:42,240

and thinking about getting over the road to the hot pole from quencher. What, you may ask,

152

00:19:43,040 --> 00:19:50,480

what has all this nonsense got to do with UFOs? For UFOs alone are our business in this association.

153

00:19:51,280 --> 00:19:58,880

It's simply this. I want to suggest to you that almost all of your thinking, all of our thinking,

154

00:19:59,920 --> 00:20:06,800

almost all of our thinking about the so-called UFO or so-called flying saucer question is probably

155

00:20:06,800 --> 00:20:14,080

hopelessly wrong, hopelessly wide of the mark. And I want to suggest to you that there are some

156

00:20:14,080 --> 00:20:22,240

very smart folk around whose job it has been and whose job it is to see that our thinking

157

00:20:22,240 --> 00:20:32,320

continues to be hopelessly wide of the mark. Now, as we all know, certain very odd things have been

158

00:20:32,320 --> 00:20:41,520

seen in the skies and on the ground throughout history and through many records of them. And

159

00:20:41,520 --> 00:20:47,280

in very great numbers since 1947, that's to say, since two years after the first A-bomb,

160

00:20:48,080 --> 00:20:55,840

and we, people like us, we've been pleased to weave our theories about visitors from outer space.

161

00:20:57,440 --> 00:21:04,000

Well, of course, I agree that such visitors from outer space are a real possibility.

162

00:21:04,560 --> 00:21:12,720

I agree that there probably have been such and still are. But I want to tell you thatly tonight

163

00:21:12,720 --> 00:21:20,000

that I do not believe any longer that the vast bulk of what has been seen in our skies

164

00:21:21,120 --> 00:21:27,680

and often on our soil in these past 20 years is of anything but purely terrestrial origin.

165

00:21:28,080 --> 00:21:35,120

They might, in fact, be far more truly terrestrial origin than we are. They might relate to creatures

166

00:21:35,120 --> 00:21:40,720

that really are natives here. Well, we possibly, you know what I've said a few minutes ago, we may

167

00:21:40,720 --> 00:21:53,200

perhaps not be natives here at all. For Jesus of Nazareth, these earthly powers, these forces of

168

00:21:53,920 --> 00:22:00,000

shaitan, as you call them, are very real. And remember what St Paul says. I think very significantly

169

00:22:00,720 --> 00:22:07,120

what St Paul says. For we wrestle not against flesh and blood, but against principalities,

170

00:22:08,080 --> 00:22:15,120

against powers, against the rulers of darkness of this world, against spiritual wickedness in

171

00:22:15,120 --> 00:22:22,480

high places. What more do you want? I think the statement is quite categorical. Now, it is my

172

00:22:22,560 --> 00:22:30,640

thesis that for the last 2000 years, certainly and for much longer than that too, there has been a

173

00:22:30,640 --> 00:22:38,080

conspiracy here to prevent you, to prevent your ancestors and your forebears from knowing one or

174

00:22:38,080 --> 00:22:45,120

two very simple facts. Now, what were these simple facts? I suggest these facts are one,

175

00:22:46,080 --> 00:22:52,640

that Earth man does not own this planet and is not the dog here, is not the boss,

176

00:22:53,840 --> 00:23:00,000

but that somebody else is. Now, religion, as we've seen, did in fact teach that, just that.

177

00:23:02,640 --> 00:23:09,920

It's said that though essentially a noble being of high destiny and of high potentiality,

178

00:23:10,880 --> 00:23:16,640

man was a fallen being. That's to say, not in the condition in which he should be, either out

179

00:23:16,640 --> 00:23:24,000

with you or inwardly, and fallen under the domination of something, power. The second point

180

00:23:24,640 --> 00:23:32,640

that was concealed, of course, was the nature and the practices of those other beings who are

181

00:23:33,600 --> 00:23:41,680

the hidden true masters here and who operate in the shadows. Now, throughout history,

182

00:23:43,040 --> 00:23:48,720

there have been a few men here and there who stumbled upon these simple truths and they've

183

00:23:48,720 --> 00:23:54,000

paid for it if they thought. You can see quite a good example of what happens to Jesus, for example.

184

00:23:55,200 --> 00:23:59,920

I suspect that a good many others throughout history who have known the truth

185

00:24:00,160 --> 00:24:10,320

have kept quiet and have been their loyal servants, helping to lull men to sleep and to keep them

186

00:24:10,320 --> 00:24:20,160

fast asleep. Now, we come here at this point to the consideration of such concepts as knowledge

187

00:24:21,440 --> 00:24:28,320

and consciousness. Now, of course, our modern smart alecky man, he knows quite well that all

188

00:24:28,320 --> 00:24:34,480

knowledge is simply a question going to public library, getting out the book. Great pains have

189

00:24:34,480 --> 00:24:43,360

gone into preventing man from perceiving that it's not as simple as that and that the acquisition of

190

00:24:43,360 --> 00:24:49,120

certain categories of knowledge depends beforehand on the degree of consciousness that you possess.

191

00:24:50,240 --> 00:24:55,440

Not very democratic, is it? We're taught today that there's nothing higher than democracy

192

00:24:55,440 --> 00:24:58,640

and that what's good enough for bugging is therefore good enough for you and me too.

193

00:24:59,600 --> 00:25:05,440

Well, I have studied to some extent under men who taught the most terribly reactionary and

194

00:25:05,440 --> 00:25:12,400

undemocratic doctrine. They taught that most of our human race are mere machines, robots,

195

00:25:13,360 --> 00:25:19,920

biological automata, permanently asleep, functioning throughout their whole lives on an

196

00:25:19,920 --> 00:25:26,720

extremely low level of awareness or consciousness. And they've taught that before a man could know

197

00:25:26,720 --> 00:25:34,640

he first had to be and that in order to be, he had in a certain sense to experience a sort of rebirth.

198

00:25:35,760 --> 00:25:42,320

And that meant, of course, that in a sense he had to die. No doubt, highly dangerous ideas these,

199

00:25:43,280 --> 00:25:47,040

in the opinion of those who have been deliberately keeping humans asleep

200

00:25:47,680 --> 00:25:53,440

and on the lowest possible level of consciousness. Clearly, it suited their book, all right,

201

00:25:54,080 --> 00:26:00,240

to keep mankind asleep. Why? Because if mankind woke up and perceived the truth,

202

00:26:00,960 --> 00:26:06,640

they might also perceive who and what was manipulating and fooling them.

203

00:26:10,080 --> 00:26:16,320

Now, it's time for me to say something more specific about the methods and the motives

204

00:26:17,440 --> 00:26:22,480

of some of these dear panels of ours, the Euphor entitism. We can take, I think,

205

00:26:24,080 --> 00:26:31,360

as an excellent and highly representative chapter, field, which you can study,

206

00:26:34,000 --> 00:26:40,560

the famous North American flap of 1897, about which quite a lot has been published in Flying

207

00:26:40,560 --> 00:26:49,600

Source Review. We now possess large numbers of reports of landings for that year and of encounters

208

00:26:49,600 --> 00:26:58,720

in North America with alleged entities. And what do we find when we examine their alleged communications

209

00:26:59,440 --> 00:27:06,160

and their words of wisdom? We find a total far out of the most utter nonsense. We've got reports

210

00:27:06,720 --> 00:27:11,600

of Euphors, seen sailing by overhead with their crews singing a bide with me,

211

00:27:12,880 --> 00:27:19,120

and other reports of Euphornauts on the ground handing out religious tracts to earthlings, if you

212

00:27:19,120 --> 00:27:29,280

please. Now, what was the upshot of it all? Well, of course, we haven't a clue as to what they were

213

00:27:29,280 --> 00:27:38,160

up to in 1897 in America, but probably not up to anything any good. Although many Americans

214

00:27:38,160 --> 00:27:44,320

apparently took a good close look at them, it seems that everybody was satisfied that it was

215

00:27:44,320 --> 00:27:50,240

just an American inventor and his friends flying an airship. Ordinary Americans like themselves,

216

00:27:51,360 --> 00:27:57,760

only one paper, one newspaper, Le Figueur en Paris, speculated that they might be extra terrestrials.

217

00:27:59,280 --> 00:28:06,720

Perhaps Le Figueur Eau also was just as wide of the mark as everybody else. Perhaps the hymn singing

218

00:28:07,520 --> 00:28:12,800

clack distributing gents were just as terrestrial as the grassroots Americans who saw them,

219

00:28:13,760 --> 00:28:19,760

and perhaps indeed a great deal more so. Now, as you know, many of you I think were here and heard him,

220

00:28:20,720 --> 00:28:28,000

Maxwell Cade, a very distinguished scientist, has lectured and has written,

221

00:28:29,360 --> 00:28:36,080

he's written a flying source review, about the very real possibilities of control of human minds

222

00:28:36,880 --> 00:28:45,040

by external agencies using radiation. Now, what I'm getting at tonight is not quite that idea,

223

00:28:45,120 --> 00:28:53,920

but the idea of massive persistent control of human minds by non-human agencies, i.e. UFO agents,

224

00:28:54,640 --> 00:29:05,120

using telepathy, in which they seem to be dabsters. Now, as regards the possible objectives and motives

225

00:29:05,680 --> 00:29:11,360

of those who have been operating so busily in our midst, since 1947 in particular,

226

00:29:11,680 --> 00:29:20,640

may I suggest that massive telepathic control of governments, of nations, of crowds is one of the

227

00:29:20,640 --> 00:29:29,360

objectives, and that this objective has perhaps largely been achieved. Among some of my correspondence

228

00:29:29,360 --> 00:29:37,360

in America and elsewhere, there are serious researchers who feel, as I do, that the soaring rate

229

00:29:37,920 --> 00:29:46,560

of insanity needs thinking about, also the massive increase in all forms of crime and violence,

230

00:29:48,000 --> 00:29:56,480

the rise in the number of unexplained fires, and especially certain very remarkable forms of murder

231

00:29:57,280 --> 00:30:06,000

in which one person goes berserk and slays a dozen people. Cases too, such as we've had in Britain

232

00:30:06,000 --> 00:30:12,880

just recently, this is something totally new, where tiny girls of 10 and 11 commit murders,

233

00:30:13,600 --> 00:30:20,720

the snark about it in court, showing, as the judge remarked, remarkable pertness, employees,

234

00:30:21,360 --> 00:30:27,840

and a very notable skill in manipulating people. Very wisely, the judge thought that the little

235

00:30:27,840 --> 00:30:37,520

madam ought to be put away for good. Likewise, sexual assaults and sadism should be mentioned too,

236

00:30:38,400 --> 00:30:45,040

particularly such revolting cases as the so-called murders on the moors. Now all this,

237

00:30:46,000 --> 00:30:49,920

some of my fellow researchers agree with me, seems to be part of a pattern.

238

00:30:50,880 --> 00:30:56,480

So this pattern, of course, this picture we must now add to those. As you know,

239

00:30:57,280 --> 00:31:01,440

LSD, which is today being pumped into Britain, or manufactured here on a massive scale,

240

00:31:02,720 --> 00:31:08,320

has grave and permanent effects on the chromosomes, and so will have a genetic effect

241

00:31:08,960 --> 00:31:16,480

on the lives of generations yet on board, a very fine weapon. But it seems that LSD is not enough,

242

00:31:17,440 --> 00:31:22,160

because we're now to have a new drug here in Britain shortly, but it's 10 times as potent as LSD.

243

00:31:24,480 --> 00:31:30,080

A word here at this point about the political aspects of the drug racket, as I've suggested,

244

00:31:31,120 --> 00:31:38,720

there are many people on this planet who unconsciously are in the control of the dark ones.

245

00:31:39,040 --> 00:31:47,040

Then too, there are many who are consciously in their control, who work consciously for the

246

00:31:47,040 --> 00:31:53,600

destruction of mankind, and among the latter, there are actual whole governments and political

247

00:31:53,600 --> 00:32:01,920

parties. In the Communist Party states today, you won't find any drug problem. No drug push is

248

00:32:02,720 --> 00:32:10,960

there. No vast corruption of use through drugs there, because they are following a conscious

249

00:32:10,960 --> 00:32:17,520

and a logical policy. Drugs are a weapon of war, and the war is against Western civilization,

250

00:32:18,480 --> 00:32:22,960

and it is here that the drugs are to be used, here on our internal battlefields.

251

00:32:23,920 --> 00:32:32,800

A red China today is exporting, through Burma and the Shand States, far more opium and opium

252

00:32:32,800 --> 00:32:38,480

derivatives per annum than is needed by the whole world for legitimate medicinal purposes.

253

00:32:39,600 --> 00:32:44,560

The actual distribution of the drugs in the world is not carried out by them,

254

00:32:45,600 --> 00:32:50,000

but is carried on by a number of organizations, notably the mafia,

255

00:32:50,400 --> 00:32:57,600

who work hand in glove with the comics. Unprinciple creatures naturally work together with other

256

00:32:57,600 --> 00:33:05,280

unprinciple creatures, and all serve the same hidden masters, masters who in the last analysis

257

00:33:05,280 --> 00:33:14,160

are not of our human stock at all. Now another field in which we can see excellent proof of the

258

00:33:14,960 --> 00:33:20,800

activities of certain of these UFO entities concerns the life and movements of human crowds,

259

00:33:20,800 --> 00:33:27,520

masses. Are we a cousin? We are near the peak of the 11 year sunspot cycle, as you know.

260

00:33:28,160 --> 00:33:32,640

Some experts say the peak passed two months ago, and I think one or two seem to think that it's

261

00:33:32,640 --> 00:33:39,280

this month. Those of you who are familiar with these matters will know that there's a definite

262

00:33:39,280 --> 00:33:47,200

teaching which seems to be well founded to the effect that these sunspot crises, together with

263

00:33:47,200 --> 00:33:53,120

certain planetary configurations, make a profound impression upon the human mind of the human psyche.

264

00:33:54,960 --> 00:34:00,640

Just as we know definitely, we know now that you're more likely to have a heart attack,

265

00:34:01,520 --> 00:34:08,640

or to die on the operating table during the time of a severe solar flare, and that's a fact.

266

00:34:09,840 --> 00:34:17,600

So also we know that sunspots have an intimate relationship with wars, with economic recessions,

267

00:34:18,400 --> 00:34:23,920

and various other forms of terrestrial disaster, not excluding of course earthquakes and volcanic

268

00:34:23,920 --> 00:34:29,120

eruptions. And if any of you are inclined to be skeptical about the statement that I'm now making,

269

00:34:30,240 --> 00:34:35,440

I will refer you to the book on sunspots and economic recessions and depressions,

270

00:34:36,080 --> 00:34:40,160

which was written several decades ago by a very well known American economist,

271

00:34:40,800 --> 00:34:47,600

Roger Babson. Now there is incidentally, and you will find it, you'll find this in Uspensky,

272

00:34:48,960 --> 00:34:55,680

an old occult tradition, or secret teaching, that these periods of planetary or cosmic stress or

273

00:34:55,680 --> 00:35:02,880

tension, while they're dangerous to mankind in themselves, are also potentially very promising

274

00:35:02,880 --> 00:35:11,920

for him, if he knows how to make use of them. For, as the state of cosmic or planetary tension

275

00:35:11,920 --> 00:35:19,600

builds up, it produces in men energies that could be highly beneficial for man's own evolution

276

00:35:19,600 --> 00:35:26,800

towards a higher level of consciousness, provided of course, that the man is sufficiently awake

277

00:35:27,760 --> 00:35:33,920

to perceive the tension, to know what the tension is, and knows how to direct it into positive

278

00:35:33,920 --> 00:35:40,720

channels, namely into work on himself, which is the only work that we're here to do, if we realize

279

00:35:40,720 --> 00:35:47,440

the truth of it. But the vast mass of sleeping mechanical mankind, the robots, there are nothing

280

00:35:47,440 --> 00:35:53,200

of these recondite matters, they feel only the heightened tension, and they take it out on each

281

00:35:53,200 --> 00:36:00,720

other in turmoil, violence, wars, etc. Now this is why it's so well known that sunspot periods

282

00:36:01,840 --> 00:36:08,480

are moments of great probability for violence and revolutions of wars, and I have no doubt that

283

00:36:08,480 --> 00:36:15,040

these natural incarnations to war and violence, which are heightened by the sunspot cycle, are also

284

00:36:15,040 --> 00:36:21,040

deliberately played upon by our very dear friends who stand in the wings of the theatre, and plump

285

00:36:21,040 --> 00:36:29,200

mankind onto disaster. Now the current, this current sunspot cycle may be of vast importance for

286

00:36:29,200 --> 00:36:37,360

yet another purely scientific and physical reason, and this is that in mid-June of 1957,

287

00:36:38,560 --> 00:36:46,160

that would be then about the time of the last sunspot peak, Dr. Harold B. Babcock of Mount Wilson,

288

00:36:46,720 --> 00:36:54,960

under Palomar Zorbitus, discovered that our sun's polarity was changing. The reversal of the sun's

289

00:36:54,960 --> 00:37:02,320

polarity was gradual, and it was completed by the close of 1957. Now there is very good reason for

290

00:37:02,320 --> 00:37:09,040

thinking that so vital a change in our sun holds the coming of equally tremendous changes here.

291

00:37:09,280 --> 00:37:16,480

Many of us are aware, and many of you are aware on shore of the remarkable prophecies that exist,

292

00:37:17,600 --> 00:37:23,680

at least a dozen known to me at any rate, regarding the events due to the fall before the close of

293

00:37:23,680 --> 00:37:30,720

this century. And it looks as though in the biblical phrase there really will be literally a new

294

00:37:30,720 --> 00:37:36,960

heaven and a new earth, for when it's all over nothing will remain as it is now. Now two of

295

00:37:37,040 --> 00:37:46,720

America's leading geophysicists, Dr. Norris Ewing and Dr. William L. Donne, agree that these phenomena

296

00:37:46,720 --> 00:37:55,520

in our sun, as I say the changing of the reversal of polarity, are probably intimately linked with

297

00:37:55,520 --> 00:38:03,360

the periodic shifts of our own polar axis. They think that such shifts occur every 11,000 years or so.

298

00:38:04,320 --> 00:38:09,920

They think that the last one was 11,000 years ago, and that another one is now due.

299

00:38:10,640 --> 00:38:19,040

So here are two scientists who bear out the prophecies made by my old friend, the humble

300

00:38:19,040 --> 00:38:31,440

seer, EpiCase, long ago, long before World War II. Now, since you may think that I'm dwelling on

301

00:38:31,440 --> 00:38:37,440

the dark side, I want to emphasize, and I've said it often enough in articles in my book review,

302

00:38:38,640 --> 00:38:45,360

I am quite certain that there must be very advanced beings in the cosmos,

303

00:38:46,480 --> 00:38:53,280

very advanced spiritual beings, either beings that are physical as we know it, in our form of life,

304

00:38:53,840 --> 00:39:02,240

in outer space, or in other levels of life of matter are nameless. And I think that

305

00:39:03,760 --> 00:39:08,720

some of these beings at the present time are studying these earth changes very closely,

306

00:39:10,320 --> 00:39:18,000

and we've published a few articles along that line. As regards ourselves, some of these beings

307

00:39:18,640 --> 00:39:24,720

may be benevolent, or they may be benevolent like the other chapters I'm talking about,

308

00:39:25,280 --> 00:39:32,080

or they may be completely scientific and neutral. All we can say is that somebody seems to be keeping

309

00:39:32,080 --> 00:39:38,480

close watch. It's very nice, it would be nice for us to be able to say that cosmic brethren and angels

310

00:39:38,480 --> 00:39:44,800

and demiurgies were standing by to off-lift the happy-chosen ones when disaster strikes,

311

00:39:44,800 --> 00:39:50,800

but I know of no evidence that warrants such hopes. I guess that as Buddha put it,

312

00:39:51,360 --> 00:39:57,680

we must work out our own salvation with diligence, and that the road ahead is a long one running

313

00:39:57,680 --> 00:40:04,240

through many more lives here or elsewhere. The picture that I've tried to draw of the forces

314

00:40:04,880 --> 00:40:10,080

playing upon our speeches from the world of the invisible, from these evil ones,

315

00:40:10,320 --> 00:40:15,520

would indicate that we are currently going through a period of great human decadence into generation.

316

00:40:16,800 --> 00:40:22,800

Perhaps a cosmic cleansing of the earth is needed every now and then to wipe off the evil results

317

00:40:22,800 --> 00:40:31,840

of their activities. In any case, even if no earth disaster faces, I think that we must accept

318

00:40:31,840 --> 00:40:37,360

the fact, quite honestly, that the days of our present species seem to be numbered.

319

00:40:37,760 --> 00:40:46,800

Because so dangerous a creature as modern earth man cannot possibly coexist with the

320

00:40:46,800 --> 00:40:54,560

scientific technology he now possesses. Now perhaps many of you will think, as I do, that I think

321

00:40:55,520 --> 00:41:03,760

that this perverted direction which our science has taken has been due to the deliberate whisperings

322

00:41:04,720 --> 00:41:09,600

of some of those whom I described earlier as our nasty playmates.

323

00:41:13,520 --> 00:41:18,720

A very fine book by a doctor, Dr Aubrey Westlake, Life Threatened,

324

00:41:20,160 --> 00:41:25,360

is a man with very considerable medical qualifications and degrees.

325

00:41:26,080 --> 00:41:33,280

He takes exact to the same view and he quotes, as I'm going to quote now,

326

00:41:34,480 --> 00:41:40,160

that great German seer and prophet Rudolf Steiner, who wrote a great deal about these things,

327

00:41:41,600 --> 00:41:48,720

about the domination of mankind by lower forces, for whom Steiner always used his very good

328

00:41:49,600 --> 00:41:58,880

Zoroastrian term, the powers of Alimah, the dark ones. There is in our own day living now,

329

00:41:58,880 --> 00:42:08,560

and I admit him, a man who has given startling confirmation that our species is being taken over

330

00:42:09,200 --> 00:42:13,280

and taken over from below by something which is utterly evil.

331

00:42:14,000 --> 00:42:20,800

And this is the remarkable Indonesian teacher, sage Muhammad Subbu,

332

00:42:22,640 --> 00:42:32,480

who has brought to the world a gift, a sub-movement, which he claims is particularly,

333

00:42:32,480 --> 00:42:39,840

and specifically a weapon, a prophylactic for the cleansing and salvaging

334

00:42:40,720 --> 00:42:46,080

of those who wish to be cleansed and salvaged. I'm quite sure a great many don't,

335

00:42:47,680 --> 00:42:53,440

not all by a long shot are wanted. But what a terrible thing to contemplate

336

00:42:54,320 --> 00:43:01,200

is Muhammad Subbu's clear statement that there are today in our world immense numbers of men and

337

00:43:01,200 --> 00:43:09,520

women who are mere zombies, who contain not one shred of the true features or qualities of a real

338

00:43:09,520 --> 00:43:16,080

man or woman, but who do contain something else. Quite often people have asked me what I thought

339

00:43:16,080 --> 00:43:21,360

of the TV series in Vegas, from my invariable reply has been there's far more truth in it than you'd

340

00:43:21,360 --> 00:43:34,640

ever believe. Now I think that during this year that's coming we shall see these tides of stimulated

341

00:43:34,640 --> 00:43:44,720

mob violence, directed by those political powers in this world whose leaders are themselves the

342

00:43:44,720 --> 00:43:50,880

conscious tools for the dark powers. Don't let anyone fool you by the way of thinking that oh,

343

00:43:50,880 --> 00:43:58,880

Joe Stalin was an atheist. He wasn't. Joe Stalin had been a priest. He was an educated man within

344

00:43:58,880 --> 00:44:04,080

the framework of the Orthodox Russian Church and he was in fact a Satanist. And being a

345

00:44:04,080 --> 00:44:15,520

Satanist is a damn different thing from being an atheist or an agnostic. We, I think, shall see this

346

00:44:16,160 --> 00:44:22,720

tide of violence rising higher and higher around the world as more and more humans are taken over

347

00:44:22,720 --> 00:44:32,720

and put to work on courses of destruction. And I am certain that a faction of what we call UFO

348

00:44:32,720 --> 00:44:40,320

entities are involved in this work and are responsible for it. We once asked Muhammad Sabu

349

00:44:42,240 --> 00:44:50,160

by what token we would know a true man or woman when we met them. And he replied

350

00:44:52,400 --> 00:45:00,080

by the quality of compassion. Well, as you all know, compassion's out. There's no room for that

351

00:45:00,080 --> 00:45:07,200

today, either in Gropin Square or in the LSE or in the sub post office where an old woman is beaten

352

00:45:07,200 --> 00:45:13,360

with a bicycle chain or as happened the other day just a few weeks ago in the case where

353

00:45:13,360 --> 00:45:18,160

Burgles robbed a house, tied up the woman, then deliberately turned on the gas so she died.

354

00:45:19,200 --> 00:45:25,600

This is the work of those powers which Steiner calls the powers of Abhimany.

355

00:45:26,320 --> 00:45:32,000

Abhimany is riding high and we must expect to see a vast increase in every kind of crew.

356

00:45:33,680 --> 00:45:39,760

But great and noble beings do exist in cosmos and that the purposes and designs of God must be

357

00:45:39,760 --> 00:45:45,840

towards what is good. I have no threat of doubt, but I merely feel that the dark ones too have

358

00:45:45,840 --> 00:45:52,000

their bailiwicks and that our species has the misfortune to dwell in one of them. Now, in order

359

00:45:52,080 --> 00:45:57,920

that you should not think that I close on to sombreroat, I want to draw your very particular

360

00:45:57,920 --> 00:46:05,600

attention to the mystical theories and doctrines of Christianity which envisage an ultimate

361

00:46:05,600 --> 00:46:15,120

salvation and redemption for earth man. These ideas embrace as you know, vague concepts such

362

00:46:15,280 --> 00:46:22,320

which are usually embodied in the phrase of second coming etc. There is much in it that seems wild

363

00:46:22,320 --> 00:46:29,120

and woolly and looks like wishful thinking, but I want to say that I think it highly likely

364

00:46:30,720 --> 00:46:35,120

that we do have here the promise of something that is immensely important for us.

365

00:46:36,640 --> 00:46:43,440

Because if there is any truth in these ideas as Dr Leo Sprinkel says, if there is any truth in these

366

00:46:43,600 --> 00:46:47,680

ideas which are there at the beginning of Christianity, the problem is understood, these

367

00:46:47,680 --> 00:46:56,800

words of these phrases are about the kingdom of heaven. I bas-lair to an urno about a vast

368

00:46:56,800 --> 00:47:02,240

confederation of advanced life somewhere out there among the stars, that it may very well be

369

00:47:02,240 --> 00:47:07,920

that the beings composing such a community are basically of the same kind as ourselves. Indeed,

370

00:47:08,640 --> 00:47:14,640

they may be our own different kin if the Adam and Eve story is valid and we are the

371

00:47:16,000 --> 00:47:24,560

rather degenerate end product of a colony we'll put down. Many folk, I have been one of them,

372

00:47:24,560 --> 00:47:31,520

many folks still make fun of Adamski and his kindly, handsome, long haired, long man.

373

00:47:32,240 --> 00:47:38,720

But I have to tell you an absolute honesty that we have come across far more claims of encounters

374

00:47:39,600 --> 00:47:44,640

with just such beings as these than we have ever published, certainly we've never been published

375

00:47:44,640 --> 00:47:51,760

in far source review yet. And I for one cannot believe that they were all concocted stories

376

00:47:52,480 --> 00:47:58,960

put out by people who had read Adamski. I just don't believe it. I think the evidence exists,

377

00:47:58,960 --> 00:48:06,000

it's very strong, very strong evidence that such beings are there. For me, if this is so,

378

00:48:07,680 --> 00:48:15,840

there is no doubt that these are probably the angelic beings spoken of in the Bible,

379

00:48:17,120 --> 00:48:21,920

spoken of in similar writings of other religions, Agalos, Cross and Greek, early beings of messenger.

380

00:48:23,440 --> 00:48:28,240

Doesn't mean the creature wings on his back, the idea of wings on his back is probably put there

381

00:48:28,320 --> 00:48:34,240

by people who knew he was got something to do with up there. Very interesting that,

382

00:48:34,240 --> 00:48:40,080

why the wings are put on his back. And there are scholars and researchers today, even in

383

00:48:40,080 --> 00:48:45,600

Soviet Russia, men that I'm in correspondence with, who tell me that they agreed with me in this field.

384

00:48:46,480 --> 00:48:50,000

I don't know whether they'll be very popular for writing about this sort of thing, but

385

00:48:51,120 --> 00:48:56,160

only very recently I have been told that by Agrest, who is a distinguished Russian

386

00:48:56,880 --> 00:49:00,960

mathematician and who, as you know, wrote a rather

387

00:49:01,600 --> 00:49:06,240

luring, I think, improbable account of what probably happened at Southern Gomorrah.

388

00:49:06,240 --> 00:49:09,360

I've been to Southern Gomorrah, I've been to Cyprus, and I'm perfectly sure that what happened

389

00:49:09,360 --> 00:49:16,480

there was an earthquake. But he had an extraordinary theory that the place was destroyed by some

390

00:49:16,480 --> 00:49:22,080

cosmic beings that were taking off. But I think that he is a very intelligent man, and I think

391

00:49:22,080 --> 00:49:28,640

that many of his writings are on these subjects of it, are very good indeed. So do not write me

392

00:49:28,640 --> 00:49:33,440

off-peas as pessimists, I'm not. I believe that the ultimate nature of the universe is good,

393

00:49:34,880 --> 00:49:40,320

and is spiritual and not material. I believe that what we call matter is totally transient and

394

00:49:40,320 --> 00:49:45,920

instable, as Buddha taught that it was, and I believe that the spiritual is the only real

395

00:49:45,920 --> 00:49:51,280

reality, that the universe, both material and spiritual, show the presence of a mind,

396

00:49:51,280 --> 00:49:57,360

which is inconceivable to us, and that this power, which some of us call God, dwells on a very high

397

00:49:57,360 --> 00:50:03,040

level, very far from the level on which we now are. Muhammad himself, Muhammad Subal,

398

00:50:03,040 --> 00:50:07,520

rather, put it this way. He said that the level of being on which we are is the lowest level of

399

00:50:07,520 --> 00:50:14,000

matter, and therefore the furthest out from the divinity. In other words, it is itself, I suspect,

400

00:50:14,000 --> 00:50:20,880

one of the hells of the cosmos. So those of you who are ardent in their desire to make contact,

401

00:50:21,360 --> 00:50:29,600

as we call it, with beings from elsewhere, I would end on a note of caution. Be very, very careful.

402

00:50:31,280 --> 00:50:36,480

Great care and prudence are required for all who study or think about these matters,

403

00:50:36,480 --> 00:50:43,040

that we're discussing. The New Zealander, Trevor James Constable, has given a terrifying account

404

00:50:43,040 --> 00:50:47,200

of what can happen if you think you've made a contact with something good and then you find

405

00:50:47,200 --> 00:50:54,720

you haven't. In his case, it was just in the nick of time, and only with the help of something else

406

00:50:54,720 --> 00:51:03,520

and higher powers that he got out of something apparently very unpleasant. So be very careful

407

00:51:04,240 --> 00:51:10,880

about all so-called attempts at contact. I myself have talked with people who've had the

408

00:51:10,880 --> 00:51:17,120

misfortune to encounter some of these unpleasant beings, and let me emphasize this.

409

00:51:19,200 --> 00:51:24,000

These evil beings, I'm sure, are very numerous here. Muhammad Subur, in fact, has said,

410

00:51:24,640 --> 00:51:27,520

Remember always, they are more numerous than you are.

411

00:51:40,080 --> 00:51:45,840

In every human gathering or society, or crowd or government, for all I know,

412

00:51:46,320 --> 00:51:53,360

they may well be present. And if they're not present, they certainly have present,

413

00:51:53,360 --> 00:51:59,520

they're people who are either their conscious tools or their unconscious tools. You may be

414

00:51:59,520 --> 00:52:02,960

very sure that these various categories are among the members of our own association,

415

00:52:04,240 --> 00:52:11,280

for all I know they may be among us here tonight. Now, what is it that they look for, primarily,

416

00:52:11,360 --> 00:52:20,400

among us? I would say fear, firstly. Fear, which they will play upon,

417

00:52:22,240 --> 00:52:25,840

and if your attitude is resolute and you feel that you are not afraid of,

418

00:52:26,560 --> 00:52:32,000

then I think you have great protection. Secondly, they look always for chances to

419

00:52:32,000 --> 00:52:38,080

so strive and conflict. Fearlessness towards them and their masters is the greatest defensive

420

00:52:38,080 --> 00:52:43,600

weapon you can have. And of course, there are other ways and means of calling and securing help from

421

00:52:43,600 --> 00:52:53,360

higher levels too. Something where I wanted to say, escape, and...

422

00:52:57,760 --> 00:53:03,760

My advice to you is to be excessively careful about investigating certain types of cases.

423

00:53:04,640 --> 00:53:09,920

Please do not misconstrue through this as through fear on my part.

424

00:53:11,200 --> 00:53:20,160

Trevor James Constable explained, he was advised by certain higher beings to keep out of certain

425

00:53:20,160 --> 00:53:26,400

matters because it was their job to tackle the dark ones and not his, because they were

426

00:53:26,400 --> 00:53:33,120

equipped to do it and to do it properly, whereas he was not. Now, if we are, as I think,

427

00:53:34,000 --> 00:53:40,560

approaching the close of a chapter in the history of life on this earth, our primary task

428

00:53:41,600 --> 00:53:48,960

is perhaps not to investigate new photos at all, but rather to strive to develop that higher awareness,

429

00:53:49,920 --> 00:53:54,400

which is the key to everything and which is the only help from mankind.

430

00:53:55,520 --> 00:53:59,360

That is the door through which we should be hoping and do course to pass.

431

00:54:00,800 --> 00:54:07,680

Could I seem to harp over much on these eschatological aspects, to use the technical word,

432

00:54:08,640 --> 00:54:14,640

on these aspects at the end of a chapter? Please remember that there have to be endings so that

433

00:54:14,640 --> 00:54:20,720

there can be beginnings. How or when these things will come, I do not claim to say.

434

00:54:21,760 --> 00:54:29,280

I only say that they are at hand. And remember that as Jesus said, the day of the Lord becomes

435

00:54:29,280 --> 00:54:35,280

a thief in the night, who is kept in look-ty, like a thief in the night. Very good phrase.

436

00:54:36,640 --> 00:54:43,680

And he said that few would recognize it's coming. As I mentioned earlier, there is a vast and most

437

00:54:43,760 --> 00:54:50,160

impressive body of prophecy still coming through and which relates to events that are imminent in our

438

00:54:50,160 --> 00:54:59,200

times. And of course there are very interesting ancient prophecies. It's reported for example in

439

00:54:59,200 --> 00:55:05,600

the hadus sat, not in the official Quran, but in the hadus sat, which is the record of the sayings

440

00:55:06,080 --> 00:55:13,920

of Muhammad, the prophet. He said that in the latter days, men would invent carriages that ran

441

00:55:13,920 --> 00:55:19,280

without bosses, have revealed houses as high as the hills. Well, we've got all those. We've got

442

00:55:19,280 --> 00:55:31,120

too many of both. And I think that one could go on all night along these lines, but I think we've had enough.
