

1

00:00:00,000 --> 00:00:09,920

are there men in black, very provocative subjects, a lot of opinions, born against

2

00:00:09,920 --> 00:00:19,280

impulsive subject. And some people have had some very nasty experiences with the

3

00:00:19,280 --> 00:00:28,280

gentleman in black. And we look forward very much to hearing what our speakers

4

00:00:28,280 --> 00:00:35,360

tonight have to say about them. Ladies and gentlemen, may I present to Norman

5

00:00:35,360 --> 00:00:44,360

Oliver. Thank you very much, Norman.

6

00:00:44,360 --> 00:00:53,360

Now, you know, I seem to be up here so often these days in one capacity or another that

7

00:00:53,360 --> 00:00:58,360

I really couldn't blame anyone for thinking I was doing rather too much of a talking,

8

00:00:58,360 --> 00:01:03,360

especially since as you'll see from your cards, you'll appear to be hogging too many things

9

00:01:03,360 --> 00:01:10,360

completely. So firstly, I'd like to explain how this came about. Now, I put myself down to speak

10

00:01:10,360 --> 00:01:16,360

for CODMOS on March the 21st, having just completed the CODMOS program, when it was

11

00:01:16,360 --> 00:01:22,360

already made to be the before the program through TUMIC, I was left with February date open for

12

00:01:22,360 --> 00:01:29,360

talks by me. Now that I have to get the detailed off to the printer straight away, I have the

13

00:01:29,360 --> 00:01:34,360

alternative either of leaving tonight's state blank or giving two talks, one to CODMOS and

14

00:01:34,360 --> 00:01:40,360

one to DUTHURUS. Well, I chose the latter course, which explains why you have to sit and

15

00:01:40,360 --> 00:01:47,360

suffer both in February and in March. You know, I've given a variety of talks on UFOs to a

16

00:01:47,360 --> 00:01:53,360

variety of associations and societies. From church, from youth clubs and young

17

00:01:53,360 --> 00:02:00,360

conservative associations to astronomical associations, via such noble institutions as the

18

00:02:00,360 --> 00:02:06,360

Tothridge Women's Institute, where being the only male present of some of my nerves and

19

00:02:06,360 --> 00:02:13,360

certainly unholy, I've been being expected to sing Jerusalem before I began. Through then to the

20

00:02:13,360 --> 00:02:20,360

South of the Tainz Jewish Society, where before the light's gone, I was somewhat be used at first

21

00:02:20,360 --> 00:02:27,360

by everyone, everybody wishing each other a happy new year when it was only just October. However,

22

00:02:27,360 --> 00:02:32,360

it's one thing to give a talk to people, most of whom haven't the slightest knowledge of the

23

00:02:32,360 --> 00:02:39,360

subject, and quite another to speak to those who are already well-versed in source and more.

24

00:02:39,360 --> 00:02:44,360

And even if they don't know all the answers, at least they know all your good questions. First of all,

25

00:02:44,360 --> 00:02:50,360

let me make it quite clear that whilst I pose to the title of my talk the question of whether

26

00:02:50,360 --> 00:02:57,360

there are many Blacks, I do not, to my knowledge, number any of these attention amongst my

27

00:02:57,360 --> 00:03:02,360

acquaintances. Neither have I won myself, and I sincerely hope that none have managed to creep in

28

00:03:02,360 --> 00:03:09,360

out of life. In fact, quite frankly, I do not know the answer to my own question. So before

29

00:03:09,360 --> 00:03:16,360

someone asks me then why the devil I'm speaking about them, I'll tell you what I propose to do. This is to give

30

00:03:16,360 --> 00:03:23,360

you quite a few facts on various alleged many Black faces from different parts of the world, to discuss

31

00:03:23,360 --> 00:03:32,360

various lines of thought on the subject, and then lead you to accept or reject any of these as you see fit.

32

00:03:32,360 --> 00:03:38,360

Now, at this stage, it's a presuming that whilst most of you here know something about many Black

33

00:03:38,360 --> 00:03:44,360

activities, there may well be others who are comparatively new to the subject and are wondering

34

00:03:44,360 --> 00:03:51,360

what the heck that bloke up there is nothing about. We can here, over here, something about flying saucers.

35

00:03:51,360 --> 00:03:59,360

Well, very briefly, many Blacks came into prominence quite a few years ago now, when a chap named Al Bender

36

00:03:59,360 --> 00:04:05,360

was persuaded to give up his UFO-researching activities following visit by three of these

37

00:04:05,360 --> 00:04:12,360

Gentries. Since then, quite a few UFO researchers, people who've had UFO sightings and contact

38

00:04:12,360 --> 00:04:18,360

these are alleged to have been so approached in one way or another and subsequently filed by

39

00:04:18,360 --> 00:04:23,360

intimidation of some description. I believe in some cases this may well have occurred, I'm certainly not

40

00:04:23,360 --> 00:04:30,360

saying it happened. But one thing I would ask you to bear in mind, and that is that most people love a mystery.

41

00:04:30,360 --> 00:04:39,360

I do myself. And if I may be forgiven, the paraphrase may have made a mystery out of a molehill, I said in some case.

42

00:04:39,360 --> 00:04:47,360

However, to come to example, there is really so much material that it's a hard job to know where to begin.

43

00:04:47,360 --> 00:04:54,360

But I think that some of the reports and articles and source of news from the state articles by John Heale,

44

00:04:54,360 --> 00:04:59,360

and by the State of America and James Mowley are as good a place as any.

45

00:04:59,360 --> 00:05:07,360

Now, in the editorial of Soughton News of autumn 1967, James Mowley wrote,

46

00:05:07,360 --> 00:05:14,360

information reaching us during the past few months from several reliable sources indicates that leading researchers,

47

00:05:14,360 --> 00:05:20,360

as well as ordinary sources cited throughout the country, the country of course being the USA,

48

00:05:20,360 --> 00:05:26,360

are being subjected to an unbelievably complex and extensive theory of frightening events.

49

00:05:26,360 --> 00:05:34,360

Amongst them, attempted as well as successful such-ups by mysterious strangers usually dressed in dark clothing,

50

00:05:34,360 --> 00:05:39,360

weird or threatening phone calls and letters, and so on.

51

00:05:39,360 --> 00:05:46,360

They appear as a card with meaningless license plates or no plates at all, which are followed certain new power investigators

52

00:05:46,360 --> 00:05:53,360

and the sources they're worth, and other events which are so utterly fantastic that we hesitate to put them into print.

53

00:05:53,360 --> 00:06:00,360

Please don't think that we've lost our equilibrium or are merely trying to jazz up the UFO investigation.

54

00:06:00,360 --> 00:06:04,360

We are merely reporting the evidence which we've uncovered.

55

00:06:04,360 --> 00:06:10,360

It is difficult to pinpoint just where and where these events begin.

56

00:06:10,360 --> 00:06:15,360

Our first attempt to bring the truth to our readers regarding this new phase in the mystery

57

00:06:15,360 --> 00:06:22,360

was on a summer issue where we reported that the US Air Force admits still having checked out a number of cases

58

00:06:22,360 --> 00:06:28,360

in which mysterious imposters bearing impressive but completely phoning official credentials

59

00:06:28,360 --> 00:06:34,360

have visited and frightened sources cited in various parts of the United States.

60

00:06:34,360 --> 00:06:43,360

This following report which was from John Keogh was later substantiated by an official Air Force letter dated March 1st, 1967.

61

00:06:43,360 --> 00:06:52,360

Anti-Meditorial says that this letter intended for distribution to all commands is signed by an assistant deputy chief of staff at the airport.

62

00:06:52,360 --> 00:07:01,360

I can't help feeling that an assistant deputy chief of staff is some one rather low-down and not high-ups of stuff.

63

00:07:01,360 --> 00:07:09,360

As the editorial continues, at a recent UFO convention in New York, several delegates claimed to have been watched and followed

64

00:07:09,360 --> 00:07:18,360

while walking on the narrow level to the hotel Commodore by individuals who looked and acted like official military officers in their investigations.

65

00:07:18,360 --> 00:07:24,360

But who, as we later learned by checking with the manager, had no connection with the hotel.

66

00:07:24,360 --> 00:07:31,360

These men were apparently working out at a room near the hotel's coffee shop to which they'd accessed from a low-level hall

67

00:07:31,360 --> 00:07:34,360

and from the nearby Grand Central Station.

68

00:07:34,360 --> 00:07:40,360

The demons resorted to those that they had wire-tapping equipment set up temporarily in the room,

69

00:07:40,360 --> 00:07:44,360

though by the time anyone thought to check this out it was too late.

70

00:07:44,360 --> 00:07:49,360

The convention was over and the men, whoever they were, had to party.

71

00:07:49,360 --> 00:07:53,360

Well, so much for the excerpt from James Moses' editorial.

72

00:07:53,360 --> 00:07:58,360

In the same issue of thought and news, there are a variety of many black reports quoted,

73

00:07:58,360 --> 00:08:03,360

and again, I'm not saying I believe or I just believe any particular one.

74

00:08:03,360 --> 00:08:10,360

Now, I will say that I don't think it is by any means inconceivable that one or two of them have seen chairs up a bed.

75

00:08:10,360 --> 00:08:15,360

Anyway, here are some of them of the year still being 1967.

76

00:08:15,360 --> 00:08:24,360

On August 4th, a black Cadillac made a deliberate attempt to run over a UFO witness on the main street of a Long Island town.

77

00:08:24,360 --> 00:08:29,360

Again on Long Island, too many Air Force uniforms harassed UFO witnesses.

78

00:08:29,360 --> 00:08:34,360

One of these men identified himself as a Lieutenant-Friend Clavis

79

00:08:34,360 --> 00:08:40,360

and threatened two different people with a revolver warning them to watch out.

80

00:08:40,360 --> 00:08:46,360

Colonel John Dorton interviewed at least three Long Island residents

81

00:08:46,360 --> 00:08:53,360

and asked them to fill out conjugated phones which contained involved questions about the witness's personal history.

82

00:08:53,360 --> 00:08:58,360

Through a picture of one Long Island, John Clavis had a check run on both these men.

83

00:08:58,360 --> 00:09:05,360

The Air Force denied that it knew anything about either one or the domain with those names were assigned anywhere on the island.

84

00:09:06,360 --> 00:09:11,360

Lieutenant-Friend Clavis made a turn up in a postman's uniform and was followed by Keele.

85

00:09:11,360 --> 00:09:17,360

Clavis and another man were engaged in taking photographs of the homes of UFOs sighted.

86

00:09:17,360 --> 00:09:27,360

While involved in this investigation, Keele had two encounters with a large black Cadillac in an isolated section of Long Island.

87

00:09:27,360 --> 00:09:32,360

In one of these encounters, the Cadillac which contained two dark-skinned men

88

00:09:32,360 --> 00:09:36,360

was parked and laying in wait on a deserted road.

89

00:09:36,360 --> 00:09:41,360

In the other incident, Keele did a turnabout and followed the Cadillac for several months.

90

00:09:41,360 --> 00:09:48,360

Also reported the following incident alleged to have happened through a Mr. Robert Easley of Define, Sofya.

91

00:09:48,360 --> 00:09:58,360

Now Mr. Easley would seem to be a false researcher of some recute, holding positions of importance in several UFO investigations,

92

00:09:58,360 --> 00:10:03,360

including that of Ohio Director of the Interplanetary New Service,

93

00:10:03,360 --> 00:10:08,360

and he was apparently an assistant investigator to the late Professor Nainik.

94

00:10:08,360 --> 00:10:13,360

In the small hours of July 11th, Mr. Easley was awakened by a phone call from a lady

95

00:10:13,360 --> 00:10:18,360

who told him that she and seven others were observing two bright, fast-moving UFOs.

96

00:10:18,360 --> 00:10:22,360

After she hung up, he immediately got dressed and went to the scene.

97

00:10:22,360 --> 00:10:30,360

While checking out this report, he noticed that he was being followed by a man in a black sedan with no license plate.

98

00:10:30,360 --> 00:10:36,360

The driver, who was a complete stranger to Easley, was dressed in black shoes, black dress trousers,

99

00:10:36,360 --> 00:10:40,360

and a dark blue fur over shirt, he missed out on that one.

100

00:10:40,360 --> 00:10:48,360

On July 15th, he became followed home by the same man in the same car that he was driving his girlfriend home.

101

00:10:48,360 --> 00:10:52,360

When he pulled into her driveway, the unknown car sped off.

102

00:10:52,360 --> 00:10:58,360

Late at that evening, as the two sat talking on the front porch, the car came down the road

103

00:10:58,360 --> 00:11:03,360

and stopped right in front of the house as soon as the topic of UFOs entered the conversation.

104

00:11:03,360 --> 00:11:07,360

Easley could feel the man staring at them.

105

00:11:07,360 --> 00:11:14,360

When they got off the subject, the car left, but when they returned to it an hour later, the same car came back again.

106

00:11:14,360 --> 00:11:21,360

It was an extreme, serious driver who knew what they were saying or could read their minds.

107

00:11:21,360 --> 00:11:27,360

On July 17th, Easley was checking out another rather routine report, and the man reappeared

108

00:11:27,360 --> 00:11:34,360

and followed him to and from the scene of the sighting, dressed in a parallel of the same clothes as we saw.

109

00:11:34,360 --> 00:11:40,360

Between the 11th and the 17th of July, Easley received a total of 12 strange phone calls.

110

00:11:40,360 --> 00:11:46,360

In each case, the only sound on the other end of the line was a strange beeping noise.

111

00:11:46,360 --> 00:11:51,360

Each call lasted for about 15 seconds, followed by a complete silence.

112

00:11:51,360 --> 00:11:57,360

The beep sounded far away, and as if coming from a machine, possibly a tape record.

113

00:11:57,360 --> 00:12:02,360

No explanation could be offered by the telephone operator.

114

00:12:02,360 --> 00:12:08,360

Easley tends to connect to these unusual events with plans that he had during that period

115

00:12:08,360 --> 00:12:13,360

to check out a possible flying saucer landing sighting southern Ohio.

116

00:12:13,360 --> 00:12:18,360

After the area was finally checked and heard lawless and found to have no importance after all,

117

00:12:18,360 --> 00:12:22,360

the succession of persecutions ceased.

118

00:12:22,360 --> 00:12:26,360

Even though it sounds something like a plot from the TV series The Invaders,

119

00:12:26,360 --> 00:12:32,360

Easley believes that the aliens, whoever they are, apparently knew about his plans to explore the site

120

00:12:32,360 --> 00:12:35,360

and rested easy after nothing was found there.

121

00:12:35,360 --> 00:12:40,360

Mr. Easley now echoes the warnings given out many years ago by Albert K. Bender,

122

00:12:40,360 --> 00:12:45,360

one of the first alleged to be silent by the notorious three men in black.

123

00:12:45,360 --> 00:12:53,360

Bender said that many will remember that extreme caution should be exercised by all UFO investigators.

124

00:12:53,360 --> 00:13:01,360

Now, there are many more examples, I should say alleged examples, of many black activity

125

00:13:01,360 --> 00:13:08,360

in this and in other editions of Salsa News, and I'm stressed that all I am doing is presenting them to you,

126

00:13:08,360 --> 00:13:11,360

not vouching for their truth.

127

00:13:11,360 --> 00:13:19,360

However, before I turn from the American scene, an article written by John Keel again in 1967,

128

00:13:19,360 --> 00:13:24,360

the North quoting form is written from the silencing viewpoint if I may call it that.

129

00:13:24,360 --> 00:13:31,360

Personally, I do not entirely agree with him, particularly so far as my own experience in this country goes,

130

00:13:31,360 --> 00:13:33,360

but more of that later.

131

00:13:33,360 --> 00:13:37,360

This is what Keel had to say and I'll quote it.

132

00:13:37,360 --> 00:13:43,360

This has, I know, already been printed in one of the issues of the before journal elsewhere,

133

00:13:43,360 --> 00:13:47,360

but I think it's quite worthwhile to read carefully.

134

00:13:47,360 --> 00:13:53,360

Already thousands of people in the United States know the full secret, believe it or not,

135

00:13:53,360 --> 00:13:56,360

and thousands more will have the answer before this year ends.

136

00:13:56,360 --> 00:14:01,360

I believe the year was 19, a couple of years ago, 1967.

137

00:14:01,360 --> 00:14:06,360

These people confide the select group which we now call silent contact teams,

138

00:14:06,360 --> 00:14:13,360

and have been playing a small but important role in the numerous flecks of the past three years.

139

00:14:13,360 --> 00:14:21,360

In my struggle throughout the country in the last year, I've uncovered and interviewed dozens of these silent contact teams.

140

00:14:21,360 --> 00:14:29,360

They all have the same story to tell, and more important, most of them have been given identical artifacts with truth of their experience.

141

00:14:29,360 --> 00:14:37,360

The silent contact teams differ from the over-publicized contact teams of the past in several important ways.

142

00:14:37,360 --> 00:14:41,360

First of all, they are afraid to speak up into the ill-willed, they know.

143

00:14:41,360 --> 00:14:48,360

They find themselves in the midst of a complex conspiracy which poses personal threats to them,

144

00:14:48,360 --> 00:14:54,360

and they are involuntarily enlisted to participate in a series of experiments and adventures

145

00:14:54,360 --> 00:15:00,360

which go far beyond anything ever dreamed up by science fiction writers.

146

00:15:00,360 --> 00:15:05,360

Expensive contacts have actually been going on since 1939,

147

00:15:05,360 --> 00:15:12,360

but many have been handled in such a manner that the contact team did not actually realize what was happening to him,

148

00:15:12,360 --> 00:15:16,360

and frequently rejected the whole situation as some kind of host,

149

00:15:16,360 --> 00:15:22,360

or in some cases as an hallucination or a ghost experience.

150

00:15:22,360 --> 00:15:26,360

In many cases, once a contact team's role in the phenomenon was finished,

151

00:15:26,360 --> 00:15:32,360

they were somehow brainwashed and conscious memory of their experiences was wiped away.

152

00:15:32,360 --> 00:15:40,360

I've learned other cases in which the silent contact teams either went insane or committed suicide.

153

00:15:40,360 --> 00:15:45,360

A number of very well-known UFO researchers have been silent contact teams for years,

154

00:15:45,360 --> 00:15:52,360

but of course they sprinkled genuine clues in their books and articles that have never dared to reveal the whole story.

155

00:15:52,360 --> 00:15:58,360

Other prominent info-logists have been contacted briefly and given specific information

156

00:15:58,360 --> 00:16:01,360

to be deliberately passed on to their readers.

157

00:16:01,360 --> 00:16:04,360

Ironically, real truth is so bizarre,

158

00:16:04,360 --> 00:16:11,360

since for researchers usually rejected outright until they were installed as post-hand experience.

159

00:16:11,360 --> 00:16:14,360

Many of them find it impossible to cope with emotionally

160

00:16:14,360 --> 00:16:20,360

until they quietly abandon UFO research in the interest of self-preparation.

161

00:16:20,360 --> 00:16:25,360

Nearly all the speculations and conclusions of the last two decades are totally false.

162

00:16:25,360 --> 00:16:32,360

The celebrated scientific method cannot, in fact, be successfully applied to this situation.

163

00:16:32,360 --> 00:16:37,360

Astronomers and scientists are the people least equipped to understand the phenomenon

164

00:16:37,360 --> 00:16:41,360

thanks to their rigid disciplines and preconceived notions of the universe.

165

00:16:41,360 --> 00:16:48,360

Metaphysicians, on the other hand, are too gullible and too quick to apply in a pseudo-scientific explanation.

166

00:16:48,360 --> 00:16:51,360

There is no simple answer for the mystery.

167

00:16:51,360 --> 00:16:58,360

All of the current theories ranging from extraterrestrial to fourth-dimensional cannot actually be applied.

168

00:16:58,360 --> 00:17:02,360

Once a researcher has learned to revise his approach to the subject

169

00:17:02,360 --> 00:17:07,360

and discovered the keys to look for in the new cases, he can uncover the secrets in a matter of weeks.

170

00:17:07,360 --> 00:17:12,360

Many have already done so, and they are keeping their mouth shut.

171

00:17:12,360 --> 00:17:15,360

The secret has been, under our nose, it all along.

172

00:17:15,360 --> 00:17:22,360

Even before this after its brink of thousands more will learn the real truth behind the flying saucer.

173

00:17:22,360 --> 00:17:27,360

Like the others, they will all keep quiet, not even their neighbors will know.

174

00:17:27,360 --> 00:17:30,360

The UFO truth is something like psychiatry.

175

00:17:30,360 --> 00:17:32,360

The psychiatrist cannot tell you what is wrong,

176

00:17:32,360 --> 00:17:36,360

he can only guide you to learning the truth about yourself.

177

00:17:36,360 --> 00:17:38,360

So it is the UFO.

178

00:17:38,360 --> 00:17:41,360

It takes personal experience to convince you of the truth.

179

00:17:41,360 --> 00:17:47,360

You have been told the truth many times in books and publications that you have rejected it.

180

00:17:47,360 --> 00:17:54,360

This illusion truth cannot be found up in a few words or a few pages so that it will seem more credible.

181

00:17:54,360 --> 00:17:56,360

Some context you have tried.

182

00:17:56,360 --> 00:18:03,360

Unfortunately, very few people are strong enough or emotionally stable enough to cope with the whole secret.

183

00:18:03,360 --> 00:18:09,360

And the average UFO researcher does not fully realize the great personal risks involved

184

00:18:09,360 --> 00:18:14,360

until they have enmeshed themselves in the situation and then it is too late.

185

00:18:14,360 --> 00:18:17,360

That's the end of the quote from John Keel.

186

00:18:17,360 --> 00:18:24,360

Well now, I think from the fact that I found Cosmos in order to uncover contact cases

187

00:18:24,360 --> 00:18:32,360

and to investigate and put into practice all possible methods of possible communication with spacemen or space entities,

188

00:18:32,360 --> 00:18:36,360

says for itself that I don't entirely go along with it.

189

00:18:36,360 --> 00:18:41,360

You see, from what John Keel writes, it follows to me that,

190

00:18:41,360 --> 00:18:48,360

near their heart, no whole secret himself and therefore the one of these presumed increasing truth.

191

00:18:48,360 --> 00:18:52,360

But surely, as he said, we have been told the truth many times,

192

00:18:52,360 --> 00:18:55,360

our minds, or most of our minds at any rate,

193

00:18:55,360 --> 00:19:00,360

ought by now to be capable of upsetting it without going round the bend.

194

00:19:00,360 --> 00:19:04,360

Because according to Mr Keel, we must have frequently read it.

195

00:19:04,360 --> 00:19:09,360

Now, I don't pretend to know all the answers or answers myself.

196

00:19:09,360 --> 00:19:11,360

That's what I want to find out.

197

00:19:11,360 --> 00:19:18,360

But surely the answers must be along some or some combination of these possibilities.

198

00:19:18,360 --> 00:19:24,360

Sources could be significant from interplanetary, interstellar or intergalactic space

199

00:19:24,360 --> 00:19:31,360

where the occupants may be either family, hostile, or intent on exploitation or colonization.

200

00:19:31,360 --> 00:19:38,360

They may or may not have connections with the spiritualistic, occult, or religious field also.

201

00:19:38,360 --> 00:19:42,360

Clubs may be inter-dimensional, with beings from other planes of existence,

202

00:19:42,360 --> 00:19:45,360

possibly even coexistence with ourselves.

203

00:19:45,360 --> 00:19:47,360

They could come from bases under the Earth,

204

00:19:47,360 --> 00:19:52,360

although that matter bases on the Earth, the occupants being Earth-spaces we're unaware of,

205

00:19:52,360 --> 00:19:55,360

or from other planet-source systems with bases here.

206

00:19:55,360 --> 00:19:59,360

They could be time-traveling from Earth or elsewhere.

207

00:19:59,360 --> 00:20:01,360

They might own us, own this planet,

208

00:20:01,360 --> 00:20:06,360

and all we know of, like any ownership, could be taken in hand at this moment.

209

00:20:06,360 --> 00:20:13,360

It is possible we may be being invaded by some type or type of entity that can change the reforms as well,

210

00:20:13,360 --> 00:20:16,360

to use whatever occasion it might be that requires suitability.

211

00:20:16,360 --> 00:20:22,360

Or again, Earth may be about to explode, or be engulfed in the sun turning over,

212

00:20:22,360 --> 00:20:24,360

and they're here to take off.

213

00:20:24,360 --> 00:20:31,360

Some of the population now be chosen, or are suddenly to hold the door of a new age on Earth.

214

00:20:31,360 --> 00:20:36,360

They may be partly or entirely connected with what we might loosely term the occult

215

00:20:36,360 --> 00:20:38,360

and not physically inter-determined.

216

00:20:38,360 --> 00:20:41,360

You know, there are many more possibilities, I could quote.

217

00:20:41,360 --> 00:20:47,360

I'll finish the list with one that some people have come up with, and that is that they come from the Devil.

218

00:20:47,360 --> 00:20:52,360

Now, I'm perfectly capable of, I'm sure, many others,

219

00:20:52,360 --> 00:20:57,360

of accessing any of the peregrine possibilities and plenty more without going round the bed.

220

00:20:57,360 --> 00:21:03,360

Particularly since, according to John Keel, he's already repeatedly been told the answer,

221

00:21:03,360 --> 00:21:07,360

therefore it should lie somewhere amongst those I've already made.

222

00:21:08,360 --> 00:21:10,360

Now, they come from the Devil.

223

00:21:10,360 --> 00:21:16,360

These words, you know, remind me of the complete pharmacy in our bender's book about the free men.

224

00:21:16,360 --> 00:21:21,360

One of them told him quite categorically, there is no life after death.

225

00:21:21,360 --> 00:21:24,360

Well, I relish to have told him that.

226

00:21:24,360 --> 00:21:26,360

Now, I'll just think about that for a moment.

227

00:21:26,360 --> 00:21:32,360

Because if you live a life after death, there must always be a possibility that indeed many people believe

228

00:21:32,360 --> 00:21:36,360

that those who have died will find a means to tell us that.

229

00:21:36,360 --> 00:21:41,360

Now, the only way you could possibly know that there was no life after death

230

00:21:41,360 --> 00:21:44,360

would be for someone who had died to tell us.

231

00:21:44,360 --> 00:21:46,360

Should there be...

232

00:21:48,360 --> 00:21:52,360

Should there be no life after life, if I obviously couldn't do, it's a paradox.

233

00:21:52,360 --> 00:21:57,360

Certainly one may choose to believe or laugh in an afterlife as one pleases,

234

00:21:57,360 --> 00:22:03,360

but the categorical statement that there is no afterlife is impossible to substantiate,

235

00:22:03,360 --> 00:22:07,360

and so whatever one believes, then always remain the possibility.

236

00:22:07,360 --> 00:22:11,360

Well, having got slightly adrift from meaning black,

237

00:22:11,360 --> 00:22:15,360

that means pause here and turn to cases in great brightness.

238

00:22:15,360 --> 00:22:20,360

Now, on December 5th of last year, last year, sorry, the year before last,

239

00:22:20,360 --> 00:22:27,360

now, the BBC programme today included a three-minute interview with a Mr. Brian Leesley Andrew

240

00:22:27,360 --> 00:22:30,360

who'd opened a UFO information centre in Coventry,

241

00:22:30,360 --> 00:22:35,360

and he decided to close it down following some rather unusual happening,

242

00:22:35,360 --> 00:22:40,360

and Rula immediately had it that this was a man in black case,

243

00:22:40,360 --> 00:22:45,360

which was in fact referred to in an earlier edition of The Cognos Journal.

244

00:22:45,360 --> 00:22:50,360

However, I wrote to Mr. Andrew and asked him if this was actually so.

245

00:22:50,360 --> 00:22:53,360

This was his reply and I quote,

246

00:22:53,360 --> 00:22:54,360

he said,

247

00:23:23,360 --> 00:23:28,360

It was a man who burned, and he spoke in perfect English, then in fact too perfect.

248

00:23:28,360 --> 00:23:31,360

He was not slang or everyday expression.

249

00:23:31,360 --> 00:23:36,360

He asked, almost insisted that I told him all the information collected by me

250

00:23:36,360 --> 00:23:39,360

during the time the centre had been opened.

251

00:23:39,360 --> 00:23:43,360

He also asked if a woman had been in touch with me to tell of aliens.

252

00:23:43,360 --> 00:23:49,360

She had seen working on a UFO or spacecraft in Coventry.

253

00:23:49,360 --> 00:23:53,360

He would not let me question him unless that I could only presume he meant a craft

254

00:23:53,360 --> 00:23:56,360

which had landed and was being repaired.

255

00:23:56,360 --> 00:23:57,360

He goes on,

256

00:23:57,360 --> 00:24:01,360

Another impression I found whilst talking to this man was that he had seen this woman

257

00:24:01,360 --> 00:24:06,360

watching him working on the craft and wanted to know if the fact had come to the attention of myself

258

00:24:06,360 --> 00:24:08,360

or any other authority.

259

00:24:08,360 --> 00:24:10,360

Coal's last words were,

260

00:24:10,360 --> 00:24:12,360

I will contact you in two days.

261

00:24:12,360 --> 00:24:15,360

Please don't publish anything I have told you.

262

00:24:15,360 --> 00:24:17,360

If you didn't contact, fair death.

263

00:24:17,360 --> 00:24:19,360

And if an answer goes on,

264

00:24:19,360 --> 00:24:22,360

an incident occurred with much of varying intensity

265

00:24:22,360 --> 00:24:25,360

on about the third or fourth week of the centre being opened.

266

00:24:25,360 --> 00:24:29,360

I was in the house of someone who had seen UFOs on at least three occasions.

267

00:24:29,360 --> 00:24:34,360

We had press cuttings out and were discussing scout craft and motherships,

268

00:24:34,360 --> 00:24:37,360

and the possibility of the latest object to be seen

269

00:24:37,360 --> 00:24:41,360

being part of what someone else had seen in photographs.

270

00:24:41,360 --> 00:24:45,360

The main source of electricity is 240 volts,

271

00:24:45,360 --> 00:24:49,360

and is very constant to about 5 and no more than 10 volts up or down.

272

00:24:49,360 --> 00:24:53,360

The dimming that occurred was in the world of 40 volts up or down.

273

00:24:53,360 --> 00:24:57,360

This occurred for the second half of the one and a half hours I was in the house.

274

00:24:57,360 --> 00:25:03,360

The third incident occurred when I was repairing my car at the rear of my mother's home.

275

00:25:03,360 --> 00:25:07,360

I was in fact underneath the car which was raised off the ground by two reds.

276

00:25:07,360 --> 00:25:12,360

I was in the open and able to see the garage next to that of my father.

277

00:25:12,360 --> 00:25:16,360

And as I was getting out I saw a man with an orange face.

278

00:25:16,360 --> 00:25:20,360

The face was glowing and perhaps more red than orange,

279

00:25:20,360 --> 00:25:24,360

and at the head of the belt one third larger than normal.

280

00:25:24,360 --> 00:25:29,360

The eyes, nose and mouth, I cannot tell whether any ear is going to touch me.

281

00:25:29,360 --> 00:25:32,360

Nothing was said to me, neither do I say anything to the face,

282

00:25:32,360 --> 00:25:35,360

which as I watched it began to lose the milk.

283

00:25:35,360 --> 00:25:41,360

The orange red appearance left it and it became smaller and changed to that one old man.

284

00:25:41,360 --> 00:25:47,360

The conversion from the red things to normal took about half a minute.

285

00:25:47,360 --> 00:25:54,360

When in answer to various questions I put to him it was established that only the one phone call lasting three to five minutes

286

00:25:54,360 --> 00:26:02,360

was received by Mr Andrew who stated at the call I asked him if anyone from Cosmos, Contact UK,

287

00:26:02,360 --> 00:26:05,360

or before I had been in touch with him.

288

00:26:05,360 --> 00:26:09,360

Now as far as I suspect here, if he'd been likely to be before or Contact UK,

289

00:26:09,360 --> 00:26:13,360

the order of those three would be reversed, which is never my case.

290

00:26:13,360 --> 00:26:18,360

The call was made to his home and the caller did not, had I at first thought,

291

00:26:18,360 --> 00:26:23,360

request Mr Andrew to abandon his usual activity.

292

00:26:23,360 --> 00:26:28,360

The answer to a question about possible electrical force when the dimming incident occurred

293

00:26:28,360 --> 00:26:33,360

is a reply was this is possible that for lights on a normally fabled circuit

294

00:26:33,360 --> 00:26:38,360

to vary about 40 volts up and down, 5 or 6 times is a bit much.

295

00:26:39,360 --> 00:26:43,360

So nothing there that one could really call pressure in many blasts,

296

00:26:43,360 --> 00:26:47,360

despite the fact that it was alleged to be so in the first instance.

297

00:26:47,360 --> 00:26:53,360

Now we now come to another rumored MIB case in another part of England,

298

00:26:53,360 --> 00:26:59,360

which was referred to not all that while back in a British, in a British usual journal.

299

00:26:59,360 --> 00:27:04,360

Now I haven't obtained the permission of a person concerned to talk about this case,

300

00:27:04,360 --> 00:27:07,360

but I think you'll agree it really is worth mentioning,

301

00:27:07,360 --> 00:27:11,360

so I've been very highly original in calling this threat.

302

00:27:11,360 --> 00:27:17,360

It was alleged that this threat would abandon his source of activity after many black activities,

303

00:27:17,360 --> 00:27:23,360

and rumour also had it that he'd been scared into doing so by a man who'd transfigured himself

304

00:27:23,360 --> 00:27:26,360

in the presence of Mr. Egg and his wife.

305

00:27:26,360 --> 00:27:31,360

Some sources suggesting that the man himself was an alien.

306

00:27:31,360 --> 00:27:38,360

However, I went to see Mr. Egg myself and found that he had not abandoned his UFO activity at all.

307

00:27:38,360 --> 00:27:45,360

Although in a twisted sort of way, there was a basis of truth in the MIB suggestion.

308

00:27:45,360 --> 00:27:52,360

Well those actual experience would appear on the surface to bear very little relation to UFOs.

309

00:27:52,360 --> 00:27:55,360

I think you'll find it well worth considering.

310

00:27:55,360 --> 00:27:57,360

Now here it is.

311

00:27:57,360 --> 00:28:03,360

Now the man who apparently was capable of transfiguring himself, I shall call Bill.

312

00:28:03,360 --> 00:28:05,360

He does happen to be his name actually.

313

00:28:05,360 --> 00:28:14,360

He's in his services in the regular church goer, and was actively interested in UFOs as well as psychic matters.

314

00:28:14,360 --> 00:28:20,360

Now this man had formed a local UFO group, and here's the MIB connection.

315

00:28:20,360 --> 00:28:28,360

He had to disband this after one, two or three I think it was, from many black types who had threatened him,

316

00:28:28,360 --> 00:28:30,360

once when he was actually in church.

317

00:28:30,360 --> 00:28:35,360

Although it's not exactly clear what he was in fact threatened with.

318

00:28:35,360 --> 00:28:40,360

However, Al-Mastrakh had painted the anniversary of Bill through prayer,

319

00:28:40,360 --> 00:28:44,360

and here's his wife, called on him several times.

320

00:28:44,360 --> 00:28:48,360

On the last occasion, which was in September 1968,

321

00:28:48,360 --> 00:28:52,360

Mr. Al-Mastrakh felt that his reputed ability to transfigure himself,

322

00:28:52,360 --> 00:28:56,360

and built only yes, it did happen, but he couldn't control it.

323

00:28:56,360 --> 00:29:00,360

It sometimes happened when his mind was tired,

324

00:29:00,360 --> 00:29:03,360

and suddenly he appeared to people of a different person,

325

00:29:03,360 --> 00:29:06,360

himself being very short and thin.

326

00:29:06,360 --> 00:29:13,360

Well on this last occasion, Mr. Al-Mastrakh and his wife had stayed until about one or two in the morning before they departed.

327

00:29:14,360 --> 00:29:16,360

And after they were going down the path,

328

00:29:16,360 --> 00:29:20,360

Mr. Al-Mastrakh found that all his movements were slowing up,

329

00:29:20,360 --> 00:29:23,360

and it was as much as he could do to move.

330

00:29:23,360 --> 00:29:29,360

He looked back, and the figure of the door was of a man who looked completely different,

331

00:29:29,360 --> 00:29:34,360

and had an utterly different feel, very portrait, nothing at all.

332

00:29:34,360 --> 00:29:38,360

This is extrapain very frightening, and told her husband to hurry to the car,

333

00:29:38,360 --> 00:29:41,360

which was parked a few doors up from the house.

334

00:29:41,360 --> 00:29:47,360

It was in such a position that they would have to drive past the house again before they reached the main road.

335

00:29:47,360 --> 00:29:51,360

Well Mr. Al-Mastrakh just about made it to the car,

336

00:29:51,360 --> 00:29:55,360

all his movements were getting slower and slower on the front,

337

00:29:55,360 --> 00:29:57,360

he just couldn't do anything about it.

338

00:29:57,360 --> 00:30:02,360

And inside the car, it was icy cold, although it was a pretty warm night from the time of year.

339

00:30:02,360 --> 00:30:06,360

He got the car going, still in slow motion,

340

00:30:06,360 --> 00:30:12,360

and as they gradually passed the gate, he saw the figure walking down the path through the gate.

341

00:30:12,360 --> 00:30:18,360

And as he or it walked, they could see it was surrounded by a blue aura.

342

00:30:18,360 --> 00:30:22,360

Anyway, as the car gradually moved out of the area,

343

00:30:22,360 --> 00:30:28,360

normal movements came back to Mr. Al-Mastrakh, so he still felt cold and mentally and physically unwell.

344

00:30:28,360 --> 00:30:31,360

This feeling suddenly left us about an hour.

345

00:30:31,360 --> 00:30:34,360

The following day they told friends about the occurrence,

346

00:30:34,360 --> 00:30:37,360

and a few days later they had a phone call from Bill,

347

00:30:37,360 --> 00:30:41,360

who said he'd been told he'd had a transformation when they left,

348

00:30:41,360 --> 00:30:43,360

that he'd been unaware of it at the time.

349

00:30:43,360 --> 00:30:46,360

And he said he'd like to come over and see them,

350

00:30:46,360 --> 00:30:51,360

which after some didn't know, they finally agreed to his doing.

351

00:30:51,360 --> 00:30:57,360

When he came, he told them all he remembered was walking down the path to wave them goodbye.

352

00:30:57,360 --> 00:31:02,360

He was absolutely, literally himself unaware of any transformation.

353

00:31:02,360 --> 00:31:06,360

The only tentative explanation of his transfiguration he could give

354

00:31:06,360 --> 00:31:10,360

was that he believed that in a former existence he'd been a monk,

355

00:31:10,360 --> 00:31:15,360

and that when his mind reached a certain degree of emptiness or tiredness,

356

00:31:15,360 --> 00:31:18,360

his form of personality took him over.

357

00:31:18,360 --> 00:31:24,360

He added too that at times he visited a certain spot in the ground of Yorkshire Abbey,

358

00:31:24,360 --> 00:31:26,360

I'd been there myself actually,

359

00:31:26,360 --> 00:31:29,360

where he felt a very special sense of relief and elation,

360

00:31:29,360 --> 00:31:35,360

although it's another spot about a quarter of a mile away he felt exactly the opposite.

361

00:31:35,360 --> 00:31:38,360

But altogether quite an unusual story, I'm sure you'll agree,

362

00:31:38,360 --> 00:31:42,360

and I think one will be a success.

363

00:31:42,360 --> 00:31:45,360

Well now, some of you will know, I'm sure,

364

00:31:45,360 --> 00:31:49,360

that I had a great deal to do with the investigations into the Foscoresian mystery,

365

00:31:49,360 --> 00:31:55,360

in which the late Ernest Arthur Bryant was the central figure at the alleged contactee.

366

00:31:55,360 --> 00:32:01,360

Well I'm not going into the pros and cons of that case now, except on two points.

367

00:32:01,360 --> 00:32:04,360

Firstly, some months ago to my establishment,

368

00:32:04,360 --> 00:32:11,360

I found a reference in one of the American magazines to Bryant having been visited by men in black.

369

00:32:11,360 --> 00:32:16,360

Well, I'm not saying he wasn't, but I will say, and without any contradiction,

370

00:32:16,360 --> 00:32:20,360

that I've spent more time on Bryant's claims than anyone else.

371

00:32:20,360 --> 00:32:25,360

I visited him on numerous occasions, by dozens of letters from him,

372

00:32:25,360 --> 00:32:28,360

and all together about ten or twelve hours in faith recording.

373

00:32:28,360 --> 00:32:35,360

And absolutely nowhere is there any indication whatsoever that he's suffered any form of attention from men in black.

374

00:32:35,360 --> 00:32:39,360

I would very much like to know where that magazine would place his information.

375

00:32:39,360 --> 00:32:43,360

Trouble is, I read it in passing, didn't mark it at the time,

376

00:32:43,360 --> 00:32:46,360

that he had something like thirty different American exchange magazines,

377

00:32:46,360 --> 00:32:49,360

I mean able to locate it again.

378

00:32:49,360 --> 00:32:52,360

Second point I would like to make about Coruscant's death.

379

00:32:52,360 --> 00:32:58,360

I regard it as an inherently possible story, it could happen.

380

00:32:58,360 --> 00:33:03,360

Unfortunately, I now regard it as extremely unlikely to have actually done so.

381

00:33:03,360 --> 00:33:10,360

The reason I refer to it again now is that while I don't regard them as classical men in black size,

382

00:33:10,360 --> 00:33:16,360

I now believe there were in fact three involved in cutting up the story that Bryant executed.

383

00:33:16,360 --> 00:33:20,360

I shouldn't say more on this here now, since this is for men in black talk,

384

00:33:20,360 --> 00:33:25,360

not the hope that on last the twenty-first, when the other cases, amongst other cases,

385

00:33:25,360 --> 00:33:31,360

I shall be expelling more on the development of ones in the Coruscant affair.

386

00:33:31,360 --> 00:33:38,360

Now, to make a personal point, I can only speak here for two youth organizations,

387

00:33:38,360 --> 00:33:43,360

but to my knowledge, no one in any executive position in these organizations,

388

00:33:43,360 --> 00:33:49,360

so they've been threatened in any way because they've been delving too deeply into the UFO enigma.

389

00:33:49,360 --> 00:33:53,360

On the other hand, I often wonder, you know, should I at any time decide that

390

00:33:53,360 --> 00:33:58,360

UFOs were taking up too much of my time and I dropped that to interest in the subject,

391

00:33:58,360 --> 00:34:02,360

that a whole crop of rumors would start up about my having been silenced?

392

00:34:02,360 --> 00:34:04,360

I've always think they would, you know.

393

00:34:04,360 --> 00:34:07,360

How is actually being approached as concerned?

394

00:34:07,360 --> 00:34:14,360

I can only repeat what I wrote in Cosmos Journal number two, which was,

395

00:34:14,360 --> 00:34:18,360

should communications in type be received from men in black,

396

00:34:18,360 --> 00:34:24,360

Cosmos guarantees that such communications will be publicized in future revisions of the journal,

397

00:34:24,360 --> 00:34:29,360

whether or not they are of a certain nature and no matter what form they take,

398

00:34:29,360 --> 00:34:32,360

they'll be going to the law of infinity.

399

00:34:32,360 --> 00:34:38,360

I should just add to that, though, that as I also wrote, would be hoped as need not bother,

400

00:34:38,360 --> 00:34:43,360

should they do so, they will be exposed to the pages of this journal when found out,

401

00:34:43,360 --> 00:34:46,360

but please note the word is when and not if.

402

00:34:46,360 --> 00:34:49,360

In other words, what I'm saying is that as far as this country is concerned,

403

00:34:49,360 --> 00:34:56,360

and I suspect this country, that I've come across very little basis or evidence of men in black activity,

404

00:34:56,360 --> 00:34:59,360

certainly not at both of the executive level.

405

00:34:59,360 --> 00:35:04,360

I'm not saying there is none, I only just in the one case I referred to earlier,

406

00:35:04,360 --> 00:35:08,360

have I found any indication that there might be.

407

00:35:08,360 --> 00:35:13,360

Now, before I switch back to a final look at the major theme,

408

00:35:13,360 --> 00:35:18,360

I'm sure you'll forgive me for referring once again, as I did last week,

409

00:35:18,360 --> 00:35:22,360

to the most unfortunate recent death of Dr. Linklack,

410

00:35:22,360 --> 00:35:28,360

the well-known Australian ufologist who at the time of his death was on a world tour on behalf of his employer.

411

00:35:28,360 --> 00:35:33,360

And while at the same time grafting the opportunity to visit various UFOs,

412

00:35:33,360 --> 00:35:37,360

personalities and societies in the various countries he passed through.

413

00:35:37,360 --> 00:35:45,360

Lionel was very inviting me to meet him when he visited London for a couple of days last summer,

414

00:35:45,360 --> 00:35:49,360

and I was therefore extremely upset because only about 10 days later,

415

00:35:49,360 --> 00:35:53,360

he'd been killed at a truck by a train that's banked for its station in Germany,

416

00:35:53,360 --> 00:35:56,360

the day following going to St. Carl's beat of these barbedons,

417

00:35:56,360 --> 00:36:01,360

he publishes the Joan UFO, the Joan paper, using a frisked one.

418

00:36:01,360 --> 00:36:04,360

Now, this is going to lead off to his death.

419

00:36:04,360 --> 00:36:11,360

I heard it implies from several different people that this was a man in black coat seeking to push himself.

420

00:36:11,360 --> 00:36:14,360

Well, what in fact actually happened, as you can read in space, Link,

421

00:36:14,360 --> 00:36:18,360

is that as he was getting his last pieces of luggage on the train,

422

00:36:18,360 --> 00:36:22,360

it was flagged away and he fell under the train as it started to move.

423

00:36:22,360 --> 00:36:25,360

It was being dragged along by it but it left the station.

424

00:36:25,360 --> 00:36:30,360

It was a very sad and unfortunate accident, but it had nothing to do with men in black,

425

00:36:30,360 --> 00:36:38,360

and it's worthwhile bearing in mind how quickly in some people's minds it became so connected.

426

00:36:38,360 --> 00:36:41,360

To return again from the moment of source and news,

427

00:36:41,360 --> 00:36:47,360

the idea was put forward in a recent interview that the UFO personalities were being duplicated

428

00:36:47,360 --> 00:36:52,360

while at least impersonated by men in black tights on a number of occasions.

429

00:36:52,360 --> 00:37:00,360

Various noted researchers have apparently been seen and spoken to in different places of the same time.

430

00:37:00,360 --> 00:37:05,360

This line of thought, you know, is an intriguing one, whether or not one believes the report.

431

00:37:05,360 --> 00:37:11,360

As one of the things John Keyleth made, is that some contactee, the witness of the source and landings,

432

00:37:11,360 --> 00:37:15,360

have been pressing for substitution should they not remain so.

433

00:37:16,360 --> 00:37:20,360

Mind if we take this line of thought too seriously, it does become paradoxically

434

00:37:20,360 --> 00:37:25,360

the sort of cartoonist dream of the how are you, I think I know who you are,

435

00:37:25,360 --> 00:37:29,360

who are my variety, and also rather science fictionist.

436

00:37:29,360 --> 00:37:36,360

But, oddly enough, I do know of a case in this country where substitution has been alleged,

437

00:37:36,360 --> 00:37:44,360

although not in an MIB context, this particular case supposedly being with the consent of the person concerned.

438

00:37:45,360 --> 00:37:51,360

Before I finally leave our own friend's source and news incidentally, you may be interested to know

439

00:37:51,360 --> 00:38:01,360

that allegedly, front-to-sqrt taken of an unimplaced and may appear in a copy of source and news that I have here.

440

00:38:01,360 --> 00:38:09,360

For what it's worth, that is the photograph, the photograph of a car from the front page of it.

441

00:38:09,360 --> 00:38:13,360

Well, obviously they could have been quite deliberately tone,

442

00:38:13,360 --> 00:38:17,360

although I would hesitate to say definitely that they were true or false.

443

00:38:17,360 --> 00:38:23,360

But it is, I think, worthwhile pointing out that the picture of the car do not go down as far as

the number plate.

444

00:38:23,360 --> 00:38:29,360

One thing quite a few people, particularly those who are interested in trying source as soon as the staff has gone,

445

00:38:29,360 --> 00:38:35,360

are odd phone calls. I focus on this recently that is alleged to be fairly wrong.

446

00:38:35,360 --> 00:38:39,360

One can also find that there's no one at the other end of the line,

447

00:38:39,360 --> 00:38:44,360

and find one's contribution interrupted by purely the noises and so on.

448

00:38:44,360 --> 00:38:48,360

So far, because I haven't troubled me over much.

449

00:38:48,360 --> 00:38:51,360

Please, no, I wish I hadn't said that.

450

00:38:51,360 --> 00:38:59,360

Actually, and this has nothing to do with flying sources or mission it, if it has, is working in a pretty red-on-the-counter manner.

451

00:38:59,360 --> 00:39:04,360

But actually nearly all the wrong numbers who bring us up, and there's been plenty of them at all hours,

452

00:39:04,360 --> 00:39:06,360

they've often nearly stopped us.

453

00:39:06,360 --> 00:39:12,360

Which puzzled us quite a bit until I found out that our doctor's health service registration number,

454

00:39:12,360 --> 00:39:20,360

which was all on all his patients' medical cards, just happened to give the same as our phone number, which explained quite a lot.

455

00:39:20,360 --> 00:39:27,360

These are the only odd calls I can really remember personally with one evening when I answered the

phone,

456

00:39:27,360 --> 00:39:32,360

and all I've seen, I could hear at the other end was the usual heavy breathing.

457

00:39:32,360 --> 00:39:40,360

So once I repeated our number, and said hello a few times, I decided I'd do something a bit more drastic.

458

00:39:40,360 --> 00:39:45,360

So I took a deep breath, and my mouth closed to the mouthpiece,

459

00:39:45,360 --> 00:39:47,360

where the top of my voice shouted,

460

00:39:47,360 --> 00:39:53,360

I then put the phone down and was considered all satisfaction.

461

00:39:53,360 --> 00:39:57,360

A few minutes later, I left the phone ring again,

462

00:39:58,360 --> 00:40:05,360

and I had to put case on how my brother-in-law was complaining I really busted his earplugs.

463

00:40:05,360 --> 00:40:10,360

So I'm not really sure whether to recommend this method or not.

464

00:40:10,360 --> 00:40:18,360

However, again to get back to Men in Black, it's obviously really up to the individual to make up his or her own mind

465

00:40:18,360 --> 00:40:24,360

on the evidence available as to whether they do exist.

466

00:40:24,360 --> 00:40:30,360

To my part, and if you think as a gentleman that I seem to treat things a little lightly,

467

00:40:30,360 --> 00:40:36,360

this is because I believe in a sense of humor, it's very necessary and there's interest about it.

468

00:40:36,360 --> 00:40:42,360

Without it, one can start to take oneself part in seriously and lose one's perspective.

469

00:40:42,360 --> 00:40:48,360

This however is something slightly different from taking a subject seriously, which I hope I do.

470

00:40:48,360 --> 00:40:53,360

To my part, and therefore, and I would stress from it is only my opinion,

471

00:40:53,360 --> 00:41:01,360

it seems to me that whilst there could be a lot of wildly exaggerated and made-up stories concerning MIB activities,

472

00:41:01,360 --> 00:41:09,360

at the bottom, I think there are some grounds at any rate to indicate that some of these gen-gies do exist.

473

00:41:09,360 --> 00:41:17,360

Now if, and again I say one accepts the existence, the question obviously becomes, who are they?

474

00:41:17,360 --> 00:41:25,360

And again, if one assumes their purpose is to dissuade further author research, why are they doing so?

475

00:41:25,360 --> 00:41:33,360

There's a possibility they're agents of various governments, they could be earthmen controlled by alien beings,

476

00:41:33,360 --> 00:41:39,360

they could be aliens themselves, they could be agents of this world's vested interest,

477

00:41:39,360 --> 00:41:42,360

their old friends and aunts and jurors if you like.

478

00:41:42,360 --> 00:41:50,360

They could be genuine investigators whose actions have been misinterpreted by some of the people on whom they call.

479

00:41:50,360 --> 00:41:59,360

They could be employed even by sources of societies and journals to whip up interest when it might seem to be flagging another sort of vested interest over speed.

480

00:41:59,360 --> 00:42:02,360

Well, that's it earlier, everyone likes the mystery.

481

00:42:02,360 --> 00:42:06,360

Now though, I'm sure you all agree that the farthest societies in this country are concerned,

482

00:42:06,360 --> 00:42:10,360

there's not one society in Britain that could afford to employ full-time staff,

483

00:42:10,360 --> 00:42:13,360

they can let them off a dozen men in black.

484

00:42:13,360 --> 00:42:16,360

Well, what would be their object?

485

00:42:16,360 --> 00:42:22,360

Well, we have the old chessmukh, suppose the idea of there being government agents is concerned,

486

00:42:22,360 --> 00:42:29,360

but source of information is being suppressed because it could cause panic and mass hysteria.

487

00:42:30,360 --> 00:42:36,360

Yet if so, this method would seem more likely to create panic than to stop it.

488

00:42:36,360 --> 00:42:40,360

It might be that aliens are deliberately trying either to suppress information,

489

00:42:40,360 --> 00:42:45,360

getting out about themselves or just to confuse them.

490

00:42:45,360 --> 00:42:52,360

It could be, as many people think, that we are the center of a conflict between good and evil forces,

491

00:42:52,360 --> 00:42:57,360

the many black obviously representing the evil forces' panic forces.

492

00:42:58,360 --> 00:43:02,360

It's possible, if the answer is that their agents are vested interests,

493

00:43:02,360 --> 00:43:09,360

that they're being used to combat the likelihood of any great degree of contact between our soul

494

00:43:09,360 --> 00:43:15,360

and benevolent, inclined space people which might lead to a complete social, technological,

495

00:43:15,360 --> 00:43:21,360

and, if you like, moral revolution, and that this would completely shatter their position,

496

00:43:21,360 --> 00:43:24,360

but it's far, as I say at a valid point of view.

497

00:43:24,360 --> 00:43:29,360

I'm sure I must be tempted more possibilities that I had in ancient.

498

00:43:29,360 --> 00:43:34,360

I'm sure you can doubt this thing of quite a few more yourself.

499

00:43:34,360 --> 00:43:41,360

But I'm going to wind up the moment by leaving you with two further thoughts.

500

00:43:41,360 --> 00:43:46,360

The first one being that all these countries, and I'm sure all other countries too,

501

00:43:46,360 --> 00:43:52,360

all these countries, thoughtless societies, suffer because of the various chains of opinion

502

00:43:52,360 --> 00:43:59,360

that there are, sort of why, which changes often very difficult, and it's not impossible to reconcile.

503

00:43:59,360 --> 00:44:04,360

Anyway, one question I'll let you to think about is that rather than the latter ones,

504

00:44:04,360 --> 00:44:10,360

could it be that in fact some of these many black are mainly white?

505

00:44:10,360 --> 00:44:13,360

The second thought goes back to the Azit kid, black again.

506

00:44:13,360 --> 00:44:18,360

Now, surprising enough, how frequently witches witchcraft the black magic

507

00:44:18,360 --> 00:44:21,360

pop up in connection with you for investigation?

508

00:44:21,360 --> 00:44:25,360

I know there's three or four such cases over the last few months.

509

00:44:25,360 --> 00:44:30,360

So could our many black have any connections with witchcraft?

510

00:44:30,360 --> 00:44:34,360

Well, I think I've covered a fair amount of ground, possibly too much,

511

00:44:34,360 --> 00:44:37,360

so I'll just finish with a request.

512

00:44:37,360 --> 00:44:41,360

Should any of you be approached at any time by any of these Gentries

513

00:44:41,360 --> 00:44:44,360

and feel they are the genuine article, so to speak,

514

00:44:44,360 --> 00:44:48,360

please don't keep it to yourself, tell me about it as well.

515

00:44:48,360 --> 00:44:49,360

Thank you.
