

1

00:00:00,000 --> 00:00:05,000

I was in intelligence for a long time, perhaps in intelligence.

2

00:00:05,000 --> 00:00:07,000

I was in the war.

3

00:00:07,000 --> 00:00:13,000

It is logical thinking, not just military thinking, but it's logical thinking.

4

00:00:13,000 --> 00:00:26,000

There was never a successful military occupation or adventure where prior to the invasion or prior to the mass landing,

5

00:00:26,000 --> 00:00:30,000

there were not agents sent ahead.

6

00:00:30,000 --> 00:00:33,000

This is standard practice.

7

00:00:33,000 --> 00:00:41,000

In Germany, we and the British inserted Americans and we inserted British.

8

00:00:41,000 --> 00:00:45,000

They looked like the Germans and spoke their language.

9

00:00:45,000 --> 00:00:52,000

In Japan, we inserted, we had enough NISI, we inserted them into Japan.

10

00:00:52,000 --> 00:01:00,000

But we had agents in their countries, exactly the same as we have agents in behind the iron curtain.

11

00:01:00,000 --> 00:01:10,000

Now, the main purpose of these people is to be as exactly like the natives as possible.

12

00:01:10,000 --> 00:01:18,000

And yet the facts of life, the facts of military logic, the facts of cultural logic,

13

00:01:18,000 --> 00:01:25,000

and especially since they have not been hostile, dictate that there would be,

14

00:01:25,000 --> 00:01:34,000

if they are humanoid, there can be humanoid picked out since the range of size, shape, and color on this planet is,

15

00:01:34,000 --> 00:01:37,000

covers almost the entire spectrum.

16

00:01:37,000 --> 00:01:43,000

It almost dictates the fact that there would be agents of these space people,

17

00:01:43,000 --> 00:01:49,000

where they come from, living among us at the present time and having been here over the last year.
