

1

00:00:00,000 --> 00:00:07,000

This was a very early report, it was very limited information, very limited study, and

2

00:00:07,000 --> 00:00:15,000

it merely represented the position that was being taken by one of the officers who had

3

00:00:15,000 --> 00:00:20,000

been charged to make that decision right up in the report. And even though I didn't know

4

00:00:20,000 --> 00:00:27,000

this officer, if a person reads between the lines of these bulletins, I recognize it could

5

00:00:27,000 --> 00:00:34,000

have been a posture simply to track the attention of the director of intelligence and pieces

6

00:00:34,000 --> 00:00:41,000

there after the report. To the fact that this could be a potentially serious crime. I don't

7

00:00:41,000 --> 00:00:46,000

know what the disposition of the report was, I saw one file about being a file that I am

8

00:00:46,000 --> 00:00:47,000

here, but that's what I know about it.
