

1

00:00:00,000 --> 00:00:13,160

The only steer my forecast, just what the future has in store for you, I would consider myself

2

00:00:13,160 --> 00:00:17,360

brash indeed for I to attempt to do so.

3

00:00:17,360 --> 00:00:25,440

There would be many perils ahead to test the wisdom, and courage, and statement ship of

4

00:00:25,440 --> 00:00:27,440

your leaders.

5

00:00:27,440 --> 00:00:33,800

The world has turned over many, many times.

6

00:00:33,800 --> 00:00:42,080

The thrust into our space of the satellite's fears and missiles marked the beginning of

7

00:00:42,080 --> 00:00:47,720

a new epoch in the long story of mankind.

8

00:00:47,720 --> 00:00:52,080

The chapter of the Stasis.

9

00:00:52,080 --> 00:01:01,280

We deal now not with things of this world only, but with the illimitable distances and

10

00:01:01,280 --> 00:01:06,520

the yet unfathomable mysteries of the universe.

11

00:01:06,520 --> 00:01:10,640

We have found the lost horizon.

12

00:01:10,640 --> 00:01:16,760

We have discovered a new and boundless frontier.

13

00:01:16,760 --> 00:01:30,440

We speak now in strange new terms of harnessing the cosmic energy of stateships to the moon,

14

00:01:30,440 --> 00:01:40,480

of ultimate conflict between a united human race and the sinister force of some other

15

00:01:40,480 --> 00:01:41,760

planetary galaxy.
