

1

00:00:00,000 --> 00:00:10,680

People want to know what a UFO is, and therefore any chance that we have to learn, we should

2

00:00:10,680 --> 00:00:11,680

take advantage of it.

3

00:00:11,680 --> 00:00:14,800

When you tell an American, I can't explain it.

4

00:00:14,800 --> 00:00:16,840

He wants to know, why can't you explain it?

5

00:00:16,840 --> 00:00:18,360

Why doesn't someone explain it?

6

00:00:18,360 --> 00:00:21,360

I want someone to explain it.

7

00:00:21,360 --> 00:00:28,320

And I think that kind of pressure is going to change the view of many government officials

8

00:00:28,320 --> 00:00:31,960

and members of Congress in the future.

9

00:00:31,960 --> 00:00:36,560

I think the people should be told, I think there's nothing which is more frightening

10

00:00:36,560 --> 00:00:45,440

than to be confronted with something that is new, and particularly in this area.

11

00:00:45,440 --> 00:00:49,680

And through knowledge, we can perhaps relieve the fears of a lot of people.

12

00:00:49,680 --> 00:00:50,960

I want to know.

13

00:00:50,960 --> 00:00:52,040

I should know.

14

00:00:52,040 --> 00:00:54,160

I deserve to know.

15

00:00:54,160 --> 00:01:00,800

And this curiosity which I have and which is whetted by the various sightings is such

16

00:01:00,800 --> 00:01:04,160

that I want to pursue it.

17

00:01:04,160 --> 00:01:08,760

Just as I think the great majority of the American people would like to pursue the question

18

00:01:08,760 --> 00:01:11,520

in order to come to the place where they have an answer.
