

1

00:00:00,000 --> 00:00:07,000

We're kind of in the position of the man who's asked how you stopped beating your life.

2

00:00:07,000 --> 00:00:15,000

This has been going on for 19 years. The charges are absolutely untrue. You could characterize

3

00:00:15,000 --> 00:00:24,000

them as being sensual, fendishous. Our critics continually charge that the US Air Force is

4

00:00:24,000 --> 00:00:29,000

withholding information from the general public on this subject. This is absolutely

5

00:00:29,000 --> 00:00:37,000

untrue. We are not hiding anything. We have nothing too hard. There is nothing in Air Force files,

6

00:00:37,000 --> 00:00:44,000

in either the classified files or the unclassified files, that come to a conclusion that spaceships

7

00:00:44,000 --> 00:00:46,000

have visited the US.
