

1

00:00:00,000 --> 00:00:08,320

Well, I'm sure you've all had a peek at a very, very amazing and I think fantastic

2

00:00:08,320 --> 00:00:14,160

article that has appeared in one of our Boston papers written by John H. LaTrell.

3

00:00:14,160 --> 00:00:21,320

It's a story of two people from Fort Smith, New Hampshire who allegedly met, talked to,

4

00:00:21,320 --> 00:00:25,000

and were even examined by beings from another planet.

5

00:00:25,000 --> 00:00:28,120

And John, we're very happy that you could come in this morning because I'd like to

6

00:00:28,120 --> 00:00:30,120

find out all I can about this.

7

00:00:30,120 --> 00:00:31,520

So would I.

8

00:00:31,520 --> 00:00:32,760

Well, let's start from the beginning.

9

00:00:32,760 --> 00:00:36,680

How did you happen to catch onto this story anyway?

10

00:00:36,680 --> 00:00:46,120

Well, it's ironic, Alan, because I fell into it and didn't know what I had, not for several weeks.

11

00:00:46,120 --> 00:00:56,040

And it involved talking to someone who, in turn, had been talking with the hills.

12

00:00:56,040 --> 00:01:01,160

But this story had been kept pretty much under wraps for a matter of almost four years.

13

00:01:01,160 --> 00:01:07,200

The first year of necessity because the hills themselves didn't know what had happened.

14

00:01:07,200 --> 00:01:10,280

They are still sure what happened.

15

00:01:10,280 --> 00:01:15,320

And they are saying none of what has appeared in the newspapers.

16

00:01:15,320 --> 00:01:21,320

But it was the type of story that was so challenging, so provocative, that we had to explore it

17

00:01:21,320 --> 00:01:24,320

to its fullest possible degree.

18

00:01:24,320 --> 00:01:33,000

And when we managed to get a composite, get everything that we could get without getting

19

00:01:33,000 --> 00:01:38,720

the hills themselves, and at this point it must be said that they are very strict, they

20

00:01:38,720 --> 00:01:44,320

are unwillingness to lend themselves to something that could be pure sensationalism, pure out

21

00:01:44,320 --> 00:01:49,000

of this world science fiction is to be commended.

22

00:01:49,000 --> 00:01:55,160

But when we got the story and got it all together, we decided that it was a story that had to

23

00:01:55,160 --> 00:01:57,160

be told.

24

00:01:57,160 --> 00:02:02,200

And it, like the hills, had to be told in a very restrained manner.

25

00:02:02,200 --> 00:02:06,080

If it's to be believed at all.

26

00:02:06,080 --> 00:02:10,000

And I think perhaps that's the question that's been asked of us most of all during this past

27

00:02:10,000 --> 00:02:11,000

week.

28

00:02:11,000 --> 00:02:12,000

Do you believe it?

29

00:02:12,000 --> 00:02:14,000

And Alan, I don't know.

30

00:02:14,000 --> 00:02:15,000

You really don't know?

31

00:02:15,000 --> 00:02:16,000

I really don't know.

32

00:02:16,000 --> 00:02:23,000

And I don't think that it's my job at all to believe or to disbelieve.

33

00:02:23,000 --> 00:02:29,840

Because my only talent, my only ability, and certainly my only purpose is to collect all

34

00:02:29,840 --> 00:02:35,760

of the facts, to weigh them, to determine the credibility, to prove them or disprove them

35

00:02:35,760 --> 00:02:40,480

as much as I can, and then to present them and let them read it, and in this case this

36

00:02:40,480 --> 00:02:41,480

morning to listen to it.

37

00:02:41,480 --> 00:02:43,480

Make up his or her own mind.

38

00:02:44,480 --> 00:02:46,480

Well, you had to start somewhere, John.

39

00:02:46,480 --> 00:02:52,480

And I know you're reluctant as any newspaper man would be to divulge all your sources,

40

00:02:52,480 --> 00:02:55,480

but I assume they're as authentic as they can be.

41

00:02:55,480 --> 00:02:57,480

They are, they are, they are.

42

00:02:57,480 --> 00:03:01,480

But I think of those, John, who might have just joined, excuse me for interrupting, and

43

00:03:01,480 --> 00:03:03,480

perhaps have not read the article.

44

00:03:03,480 --> 00:03:07,480

Why don't we briefly tell them what this is all about in a nutshell, then we'll get back

45

00:03:07,480 --> 00:03:08,480

to the particular.

46

00:03:08,480 --> 00:03:13,480

In a nutshell, it's sort of a three-part sequence.

47

00:03:13,480 --> 00:03:18,480

Number one, Mr. and Mrs. Hill returning from vacation in Canada to their home in Torts

48

00:03:18,480 --> 00:03:24,480

with New Hampshire via Franconia Match on Route 3, shortly before midnight on the night

49

00:03:24,480 --> 00:03:30,480

of September 19th, 1961, saw a strange object in the sky.

50

00:03:30,480 --> 00:03:35,480

It's maneuvering, it's brilliant, so attracted their attention, they stopped, got out of

51

00:03:35,480 --> 00:03:38,480

that car and looked at it.

52

00:03:38,480 --> 00:03:44,480

And it zoomed in that direction and then zoomed away and as if it were controlling playfully

53

00:03:44,480 --> 00:03:46,480

in the skies.

54

00:03:46,480 --> 00:03:51,480

And you can just watch something like this for so long and what else can you do?

55

00:03:51,480 --> 00:03:59,480

So they get back into that car, they proceeded down Route 3, and this is now in the general

56

00:03:59,480 --> 00:04:04,480

area between Indian Head and Groveston.

57

00:04:04,480 --> 00:04:12,480

And now they became aware of this thing hovering directly over that car at a much lower altitude.

58

00:04:12,480 --> 00:04:19,480

And they became aware of strange sounds emanating from the trunk area of that car.

59

00:04:19,480 --> 00:04:26,480

Sounds that we might describe as a beep, but yet if you were to really describe it, it might

60

00:04:26,480 --> 00:04:29,480

be that, say, of a tuning fork.

61

00:04:29,480 --> 00:04:31,480

It twang.

62

00:04:31,480 --> 00:04:34,480

Again, they stopped the car.

63

00:04:34,480 --> 00:04:38,480

Now they had binoculars with them, they had them for vacation purposes, they didn't have

64

00:04:38,480 --> 00:04:42,480

them, especially along because they hoped to see something in the sky, they just were

65

00:04:42,480 --> 00:04:43,480

there.

66

00:04:43,480 --> 00:04:51,480

And now they get out of the car and they became aware of this thing, whatever it was, illuminated

67

00:04:51,480 --> 00:04:59,480

brilliantly from within but casting no light outside, hovering perhaps a hundred feet,

68

00:04:59,480 --> 00:05:05,480

the equivalent of a ten-story building, almost directly over their car but perhaps a bit

69

00:05:05,480 --> 00:05:07,480

off to the side of the road.

70

00:05:07,480 --> 00:05:16,480

Now Mr. Hill, using the binoculars, recalls being able to see movement, see life, and to

71

00:05:16,480 --> 00:05:23,480

actually discern the presence of figures, people moving around through two rows of glass windows.

72

00:05:23,480 --> 00:05:29,480

Now this in and of itself was such an unnerving sight that by Mr. Hill's own admission to his

73

00:05:29,480 --> 00:05:36,480

friends and to a gathering of the UFO study group in Quincy Not too long ago, he penned

74

00:05:36,480 --> 00:05:44,480

and he ran back to his car in sheer absolute horror and tried to speed away from this object.

75

00:05:44,480 --> 00:05:47,480

So much for the second part.

76

00:05:47,480 --> 00:05:53,480

The third and most fantastic part is something that the Hill's, until the underwent hypnotic

77

00:05:53,480 --> 00:05:57,480

therapy had no conscious memory of it all.

78

00:05:57,480 --> 00:06:03,480

And this is later on perhaps ten or fifteen minutes or maybe ten or fifteen miles down

79

00:06:03,480 --> 00:06:06,480

the road and rounding a curve to the left.

80

00:06:06,480 --> 00:06:12,480

He became aware of this immense, well what seemed to be an orange ball, glowing in the

81

00:06:12,480 --> 00:06:15,480

woods off the highway.

82

00:06:15,480 --> 00:06:22,480

And that car, excuse me, that car suddenly rolled to a complete stop.

83

00:06:22,480 --> 00:06:25,480

The engine simply failed.

84

00:06:25,480 --> 00:06:34,480

And as the car rolled to a stop, several men formed a cord and a human roadblock.

85

00:06:34,480 --> 00:06:38,480

And they tried stopping the car to get away from these people.

86

00:06:38,480 --> 00:06:40,480

They were certainly very, very frightened.

87

00:06:40,480 --> 00:06:45,480

And the men surrounded the car, opened the doors, took them out, guided them in a path

88

00:06:45,480 --> 00:06:51,480

through the woods to the source of this light that supported to be a spaceship, had conversation

89

00:06:51,480 --> 00:06:54,480

with them, tried to away their fears in English.

90

00:06:54,480 --> 00:06:58,480

One man spoke English or is purported to have spoken English.

91

00:06:58,480 --> 00:07:02,480

Again, there is no proof whether there was an actual conversation or whether this was

92

00:07:02,480 --> 00:07:06,480

a transmission of thought waves, telepathy, or something of the sort.

93

00:07:06,480 --> 00:07:13,480

Mrs. Hill's best memory as a result of hypnotic treatment is that there was an actual conversation

94

00:07:13,480 --> 00:07:16,480

because she recalls speaking.

95

00:07:16,480 --> 00:07:21,480

John, I think also at this point we should bring out that even though this occurred in

96

00:07:21,480 --> 00:07:28,480

the year 1961, this thing didn't come to a head so that you got the story until Mrs.

97

00:07:28,480 --> 00:07:34,480

Hill was having bad dreams, nightmares, so terrible that she went to psychiatrists.

98

00:07:34,480 --> 00:07:35,480

That's all began, isn't it?

99

00:07:35,480 --> 00:07:36,480

That's correct.

100

00:07:36,480 --> 00:07:38,480

And she ended up by going where finally?

101

00:07:38,480 --> 00:07:44,480

She was finally referred professionally to one of the country's outstanding psycho hypnotists

102

00:07:44,480 --> 00:07:47,480

here in Boston.

103

00:07:47,480 --> 00:07:55,480

And therein began a series of hypnotic treatments.

104

00:07:55,480 --> 00:08:02,480

And for the uninformed, for people who think that hypnosis is just a theatrical act, someone

105

00:08:02,480 --> 00:08:08,480

sitting on the edge of a stage and another one dangling a watch in front of them and

106

00:08:08,480 --> 00:08:13,480

hopefully to make them stand on their heads and draw a great big crowd reaction.

107

00:08:13,480 --> 00:08:19,480

Hypnosis today is used quite professionally not only to get at the very basis of psychiatric

108

00:08:19,480 --> 00:08:24,480

problems itself, but also to alleviate the pains of childbirth, is used extensively in

109

00:08:24,480 --> 00:08:25,480

dentistry.

110

00:08:25,480 --> 00:08:29,480

It has become now a science in its own right.

111

00:08:29,480 --> 00:08:34,480

And it's well now that she of course didn't realize at the time that she had made this

112

00:08:34,480 --> 00:08:38,480

contact and this was brought out through the psychiatric treatment, correct?

113

00:08:38,480 --> 00:08:39,480

That's correct.

114

00:08:39,480 --> 00:08:46,480

Now you say that when he first began to question her, he went back regressively actually day

115

00:08:46,480 --> 00:08:48,480

by day by day.

116

00:08:48,480 --> 00:08:54,480

Yes, that ultimately was the course that he pursued.

117

00:08:54,480 --> 00:09:02,480

It was apparent in the case of both Mr. Hill and Mr. Hill who did they both have a common

118

00:09:02,480 --> 00:09:03,480

experience.

119

00:09:03,480 --> 00:09:09,480

Both were made to undergo hypnosis separately, I think.

120

00:09:09,480 --> 00:09:12,480

And did he get the same answers apparently from both?

121

00:09:12,480 --> 00:09:13,480

Essentially yes.

122

00:09:13,480 --> 00:09:14,480

That's amazing.

123

00:09:14,480 --> 00:09:16,480

Did he also have nightmares?

124

00:09:16,480 --> 00:09:19,480

No, Mr. Hill himself didn't.

125

00:09:19,480 --> 00:09:24,480

And yet he didn't recall this happening until he went to the psychiatrist, is that correct?

126

00:09:24,480 --> 00:09:27,480

Yes, and not for some many, many months afterwards.

127

00:09:27,480 --> 00:09:35,480

In fact, between the time that this is purported to have happened, until the time that the doctor

128

00:09:35,480 --> 00:09:42,480

was able to sit down and discuss with the Hill what he was able to draw from him well over

129

00:09:42,480 --> 00:09:43,480

a year had left.

130

00:09:43,480 --> 00:09:46,480

I brought us up to 62, I'm willing to 60.

131

00:09:46,480 --> 00:09:52,480

Sorry, apparently it was hidden in the privateness of the doctor's office.

132

00:09:52,480 --> 00:09:57,480

And you somehow got wind and I won't try and find out how.

133

00:09:57,480 --> 00:10:00,480

Well, you're going to bear in mind this.

134

00:10:00,480 --> 00:10:07,480

It is the best therapy in the world when anyone has anything of an emotional nature bottled

135

00:10:07,480 --> 00:10:09,480

up within them to talk about it.

136

00:10:09,480 --> 00:10:11,480

Well, do you talk about it?

137

00:10:11,480 --> 00:10:12,480

Yes, they do.

138

00:10:12,480 --> 00:10:16,480

And they have been talking about it for quite some time.

139

00:10:16,480 --> 00:10:20,480

They haven't been talking about it in a showman-like way.

140

00:10:20,480 --> 00:10:25,480

This is something that they've had in private discussions with their own circle of friends.

141

00:10:25,480 --> 00:10:31,480

But if you were to have heard this story firsthand from a couple to whom this is supposed to have

142

00:10:31,480 --> 00:10:33,480

happened, how long could you keep quiet about it?

143

00:10:33,480 --> 00:10:36,480

How long could anybody keep quiet about it?

144

00:10:36,480 --> 00:10:38,480

It's so exciting, so fascinating.

145

00:10:38,480 --> 00:10:42,480

It's the thing that you want to tell other people.

146

00:10:42,480 --> 00:10:44,480

And ultimately this is how I got it.

147

00:10:44,480 --> 00:10:51,480

And I got it without any names, without any dates, without any time, just a general story.

148

00:10:51,480 --> 00:10:56,480

And a story that the person wanted to tell me more in an entertaining fashion than anything

149

00:10:56,480 --> 00:11:01,480

else because he didn't believe it but he thought it might be good for last, he kicks.

150

00:11:01,480 --> 00:11:06,480

But knowing of these rather strange things that have happened since the advent of the

151

00:11:06,480 --> 00:11:09,480

space age, nothing now is impossible.

152

00:11:09,480 --> 00:11:10,480

That's true.

153

00:11:10,480 --> 00:11:11,480

I have my own thoughts.

154

00:11:11,480 --> 00:11:14,480

Let us quickly go back to our own childhood.

155

00:11:14,480 --> 00:11:21,480

And we sat for hours in this little dream world that we created, reading Buck Rogers,

156

00:11:21,480 --> 00:11:23,480

reading Flash Gordon.

157

00:11:23,480 --> 00:11:28,480

And here, within the span of our own lifetime, these things that we're so far, far away have

158

00:11:28,480 --> 00:11:30,480

now achieved reality.

159

00:11:30,480 --> 00:11:31,480

Oh, I agree.

160

00:11:31,480 --> 00:11:32,480

I prefer that.

161

00:11:32,480 --> 00:11:34,480

So now nothing is impossible.

162

00:11:34,480 --> 00:11:38,480

And the whole thing sounded so way out.

163

00:11:38,480 --> 00:11:42,480

You know, where the words going into it.

164

00:11:42,480 --> 00:11:44,480

And I decided to go into it.

165

00:11:44,480 --> 00:11:52,480

And this involved a tremendous amount of research narrowing down the field of sightings to what

166

00:11:52,480 --> 00:11:56,480

could have corresponded to this general story.

167

00:11:56,480 --> 00:12:01,480

And then I got into the area of people that had specific information.

168

00:12:01,480 --> 00:12:07,480

And again, these people didn't want to disclose the name of the heroes.

169

00:12:07,480 --> 00:12:09,480

They wanted to protect them.

170

00:12:09,480 --> 00:12:15,480

They didn't want to expose them to anything that was born on public ridicule.

171

00:12:15,480 --> 00:12:19,480

And it took some doing to find out who these people were.

172

00:12:19,480 --> 00:12:25,480

And then to talk with them, to try to persuade them that the best interests of the general

173

00:12:25,480 --> 00:12:30,480

public would be served by them coming forward gratuitously in cooperating and telling this

174

00:12:30,480 --> 00:12:32,480

whole story.

175

00:12:32,480 --> 00:12:34,480

And this they didn't want to do.

176

00:12:34,480 --> 00:12:39,480

They didn't want to do because frankly, they thought they would be laughed right out of

177

00:12:39,480 --> 00:12:40,480

their own communities.

178

00:12:40,480 --> 00:12:42,480

And this they couldn't afford to do.

179

00:12:42,480 --> 00:12:46,480

And this is held as a professional person, a person of great capability.

180

00:12:46,480 --> 00:12:53,480

A person described by her supervisor of the New Hampshire State Department of Health and

181

00:12:53,480 --> 00:12:57,480

Welfare as one of the most talented, most dedicated women he's ever had.

182

00:12:57,480 --> 00:13:01,480

And a person whose emotional stability is just unquestioned.

183

00:13:01,480 --> 00:13:03,480

You know, this woman is solid.

184

00:13:03,480 --> 00:13:10,480

Her husband too is very much a pillar of his community of his church.

185

00:13:10,480 --> 00:13:13,480

Excuse me.

186

00:13:13,480 --> 00:13:20,480

So whether or not it be in the interest of science or whether or not it be furthering

187

00:13:20,480 --> 00:13:28,480

something which they may to a degree believe, they get to lay their lifetime on the right.

188

00:13:28,480 --> 00:13:32,480

They had to be willing to gamble if people wouldn't laugh at them.

189

00:13:32,480 --> 00:13:34,480

I don't think anyone has laughed, John.

190

00:13:34,480 --> 00:13:35,480

No.

191

00:13:35,480 --> 00:13:37,480

And I'd like to ask you a couple more questions.

192

00:13:37,480 --> 00:13:39,480

But we do have a commercial word right here now.

193

00:13:39,480 --> 00:13:40,480

It's 16 minutes after 11.

194

00:13:40,480 --> 00:13:45,480

John LaTroll, our guest, and we're talking about one of the most amazing happenings of our time.

195

00:13:45,480 --> 00:13:48,480

That girl for that jug, really gonna get the best man.

196

00:13:48,480 --> 00:13:55,480

If you can't say anything nice about your present cigarette, come on over to the L&M side just for the taste of it.

197

00:13:55,480 --> 00:14:00,480

Come on over to the L&M side.

198

00:14:00,480 --> 00:14:03,480

Come on over for the taste of it.

199

00:14:03,480 --> 00:14:05,480

Come on over, you'll be glad you did.

200

00:14:05,480 --> 00:14:08,480

Come on over to the L&M side.

201

00:14:08,480 --> 00:14:10,480

Just for the taste of it.

202

00:14:10,480 --> 00:14:13,480

Come on over to the L&M side.

203

00:14:13,480 --> 00:14:15,480

Come on over for the taste of it.

204

00:14:15,480 --> 00:14:18,480

Come on over, you'll be glad you did.

205

00:14:18,480 --> 00:14:21,480

Come on over to the L&M side.

206

00:14:21,480 --> 00:14:23,480

How about that taste?

207

00:14:24,480 --> 00:14:29,480

The L&M side is for people who want taste in a cigarette and plenty of it.

208

00:14:29,480 --> 00:14:32,480

Come on over just for the taste of it.

209

00:14:32,480 --> 00:14:35,480

Come on over, you'll be glad you did.

210

00:14:35,480 --> 00:14:38,480

Come on over to the L&M side.

211

00:14:38,480 --> 00:14:42,480

Come on over to the L&M side just for the taste of it.

212

00:14:45,480 --> 00:14:51,480

Well John, a moment ago you were saying that, I think we both agree that Nolan had laughed about this story.

213

00:14:51,480 --> 00:14:56,480

As a matter of fact, things today can happen as you pointed out.

214

00:14:56,480 --> 00:15:01,480

The last 50 years the broad changes that Nolan would believe would happen, but they have.

215

00:15:01,480 --> 00:15:03,480

So anything is believable.

216

00:15:03,480 --> 00:15:05,480

But let's get back to this couple now.

217

00:15:05,480 --> 00:15:12,480

You were saying, well in the sequence of the stories that unfolded under hypnosis,

218

00:15:12,480 --> 00:15:15,480

the people who had taken aboard the spaceship,

219

00:15:15,480 --> 00:15:23,480

they were subjected separately and simultaneously to a complete physical and intellectual examination.

220

00:15:23,480 --> 00:15:26,480

Questioned closely about life on earth,

221

00:15:26,480 --> 00:15:31,480

then reassured that they wouldn't have no conscious memory of this.

222

00:15:31,480 --> 00:15:39,480

And if they did, the memories would be so contradictory that this would set up a pattern of confusion in their own minds.

223

00:15:39,480 --> 00:15:42,480

This is something that they wouldn't even want to talk about to one another.

224

00:15:42,480 --> 00:15:45,480

They were taken back to that car.

225

00:15:45,480 --> 00:15:49,480

And now that conscious memory resumes.

226

00:15:49,480 --> 00:15:56,480

It resumes many, many miles down the road, now on route 4 on the employment.

227

00:15:56,480 --> 00:15:58,480

And they got home.

228

00:15:58,480 --> 00:16:00,480

There had to be a time lapse in there.

229

00:16:00,480 --> 00:16:05,480

Oh yes, there was a full two hour time lapse that they couldn't explain.

230

00:16:05,480 --> 00:16:09,480

And this lapse didn't really dawn on them then.

231

00:16:09,480 --> 00:16:17,480

Because the last thing they had consciously remembered was getting away from this thing that was hovering over that car.

232

00:16:17,480 --> 00:16:21,480

And it wasn't for some while after, it was probably well into the next day,

233

00:16:21,480 --> 00:16:24,480

because they became aware that somewhere along the line,

234

00:16:24,480 --> 00:16:28,480

two hours just dropped inexplicably out of their lives.

235

00:16:28,480 --> 00:16:30,480

What happened to it?

236

00:16:31,480 --> 00:16:36,480

At this point, they had a decision.

237

00:16:36,480 --> 00:16:45,480

They had seen what appeared to be a spaceship, a UFO, a thing, first from a distance, secondly up close.

238

00:16:45,480 --> 00:16:48,480

Should they tell anybody about this?

239

00:16:48,480 --> 00:16:53,480

Because no matter how well-intentioned people are, there's always the risk of being laughed at.

240

00:16:53,480 --> 00:16:56,480

And nobody else likes to be laughed at, true.

241

00:16:56,480 --> 00:17:03,480

So they decided that they were going to fulfill whatever obligation they had.

242

00:17:03,480 --> 00:17:09,480

And they called the P's Air Force Base in the Abra-New-Anton, the Living Portsmouth.

243

00:17:09,480 --> 00:17:14,480

And they decided that they would tell the Air Force only the first part.

244

00:17:14,480 --> 00:17:24,480

They had cited something, they were able to give an excellent description of its maneuvering, its direction,

245

00:17:24,480 --> 00:17:26,480

the size that is assumed.

246

00:17:26,480 --> 00:17:31,480

And I think the Air Force, as a good rule of thumb,

247

00:17:31,480 --> 00:17:39,480

asks you to hold a round object in your hand at arm's length, be it a dime, a quarter, an orange, a grapefruit.

248

00:17:39,480 --> 00:17:43,480

And correspondingly, how big did this appear at varying times?

249

00:17:43,480 --> 00:17:50,480

Well, it was the size of a dime at one point, it was the size of a quarter at another point, the size of an orange at another point.

250

00:17:51,480 --> 00:17:56,480

And the Air Force was very, very interested, very, very much so.

251

00:17:56,480 --> 00:18:00,480

Yes, they never bothered to come out and interview the Hill's personnel.

252

00:18:00,480 --> 00:18:04,480

They did this all by telephone within the next day or two.

253

00:18:04,480 --> 00:18:08,480

But then a strange thing happened.

254

00:18:08,480 --> 00:18:16,480

It was, oh, perhaps a week or two after this, perhaps a little longer, this is something I just cannot pinpoint.

255

00:18:16,480 --> 00:18:30,480

One of the base intelligence officers on a person-to-person basis somehow contrived the acquaintance and then the confidence of the Hill and got to talk with them.

256

00:18:30,480 --> 00:18:42,480

And it's my understanding that this officer also became a member of that church and had occasion to run into them socially, at church gatherings, church meetings.

257

00:18:43,480 --> 00:18:48,480

And in a very great fashion began to pump these people.

258

00:18:48,480 --> 00:18:59,480

And in fact, offered a little information of his own about the general subject of UFO sightings, hoping that this would entice these people to tell him a little bit more.

259

00:18:59,480 --> 00:19:05,480

But Barney Hill is himself a very astute gentleman.

260

00:19:05,480 --> 00:19:11,480

And he sensed that there was a reason for this.

261

00:19:11,480 --> 00:19:21,480

And immediately his defenses went up and I guess the officer sort of sensed this in the relationship broke off.

262

00:19:21,480 --> 00:19:37,480

But this is an experience that is completely thoroughly out of this world, but yet in so many ways so believable, so credible, and so much so that now in the year 1965, in the week just ended,

263

00:19:37,480 --> 00:19:53,480

we know that they have been innumerable teachers and in fact principals of entire schools that have made this series must reading for children under either current events or under science.

264

00:19:53,480 --> 00:20:04,480

And these children hopefully are going to be asked to prepare essays on whether or not they believe there's life in other worlds.

265

00:20:04,480 --> 00:20:10,480

Hmm. It's an amazing story, John. We'll be back talking a little bit more about it right after this word.

266

00:20:10,480 --> 00:20:15,480

Tonight, one out of six drivers will be riding with a burned out light and most of them won't know it.

267

00:20:15,480 --> 00:20:20,480

General Electric suggests you check your lights or ask the man who services your car. Check them this easy way.

268

00:20:20,480 --> 00:20:27,480

Push, pull, push, pull, drivers, push your brake and pull out the lights which check all your lights and see.

269

00:20:27,480 --> 00:20:39,480

If you find a burned out light in your car, replace them with a lamp made by General Electric lamps. Push, pull, push, pull, push, pull.

270

00:20:39,480 --> 00:20:50,480

All right, I'm now on the Allendary Sunday show, about 23 and a half minutes after 11 and our guest for this half hour is John McCrell who really wrote an amazing story in one of our local papers.

271

00:20:50,480 --> 00:21:01,480

And of course, Sue, we're trying to get a little more info out of them. I don't know if we've provided anything additionally, you know, from the article, John, but when you talk about UFOs, the question is always asked.

272

00:21:01,480 --> 00:21:09,480

For example, I'm very interested in the subject. Someone will ask me, do you really believe that there's life in this universe other than on Earth?

273

00:21:10,480 --> 00:21:21,480

And I can't help but believe as I look up into the heavens at night and see the multitude of galaxies and stars and moons and suns that are up there, that there has to be life somewhere else.

274

00:21:21,480 --> 00:21:32,480

It just all isn't there for looking at. So when a story like this comes out in a newspaper, I of course, like everybody else, scratch my head and say, well, maybe, maybe not.

275

00:21:32,480 --> 00:21:37,480

But I think it's so plausible that people really can't see their nose in spite of it, if you know what I mean.

276

00:21:37,480 --> 00:21:39,480

How do you feel?

277

00:21:39,480 --> 00:21:52,480

I think there's every reasonable assumption based upon a good, solid common sense that, yes, there are existences that are other worlds about which we know nothing.

278

00:21:53,480 --> 00:22:01,480

And look at the response of the best scientific brain that our country and this world have to offer.

279

00:22:01,480 --> 00:22:06,480

And you find this sharp division right down the middle of the scientific community.

280

00:22:06,480 --> 00:22:07,480

Believers and nonbelievers.

281

00:22:07,480 --> 00:22:09,480

Believers and nonbelievers.

282

00:22:09,480 --> 00:22:23,480

The nonbelievers essentially are those people who are so conservative that they absolutely have to have proof that just cannot be challenged.

283

00:22:23,480 --> 00:22:27,480

And perhaps this is a good thing. This is a good thing.

284

00:22:27,480 --> 00:22:32,480

And I think it's a good thing now that there are enough of their contemporaries.

285

00:22:33,480 --> 00:22:41,480

There are enough, perhaps, people like ourselves who are on the tails of the others just so they will never give up.

286

00:22:41,480 --> 00:22:44,480

There is so much to be learned.

287

00:22:44,480 --> 00:22:53,480

And I think perhaps we are just now standing on the threshold of a brilliant new existence that man and his wildest dreams could never envision.

288

00:22:53,480 --> 00:22:55,480

I think it's there.

289

00:22:55,480 --> 00:22:57,480

You know, we had Ray Fowler a couple of weeks ago.

290

00:22:57,480 --> 00:22:59,480

He was a night cat.

291

00:22:59,480 --> 00:23:06,480

And I asked him about the same questions that he believed it was actual visitors coming from outer space.

292

00:23:06,480 --> 00:23:10,480

And he more or less said yes, he did.

293

00:23:10,480 --> 00:23:13,480

He said that there were just too many unexplained sightings.

294

00:23:13,480 --> 00:23:17,480

You know, many of them have explained off as a balloon or natural phenomenon of some sort.

295

00:23:17,480 --> 00:23:22,480

But he said there are just too many that even the government can't put their finger on.

296

00:23:22,480 --> 00:23:26,480

And I'd like to read the minds of some of these people who have the dope on these.

297

00:23:26,480 --> 00:23:28,480

This 10% perhaps that some explained.

298

00:23:28,480 --> 00:23:31,480

Do you think they're holding anything back from it?

299

00:23:31,480 --> 00:23:34,480

Now that's a loaded question.

300

00:23:34,480 --> 00:23:35,480

Yeah, I know.

301

00:23:35,480 --> 00:23:37,480

I'm only unloaded this way.

302

00:23:37,480 --> 00:23:42,480

It appears apparent to me from what I've read.

303

00:23:42,480 --> 00:23:46,480

And I can only offer this opinion as a non-fientific person.

304

00:23:46,480 --> 00:23:48,480

I'm a newspaper man. I'm a reporter.

305

00:23:49,480 --> 00:23:53,480

With some God-given talent to be able to write.

306

00:23:53,480 --> 00:23:55,480

But I'm no scientist.

307

00:24:01,480 --> 00:24:04,480

He's not unloading on this one too quickly.

308

00:24:04,480 --> 00:24:06,480

Well, I don't know either.

309

00:24:06,480 --> 00:24:08,480

And I don't think Ray Fowler really knows.

310

00:24:08,480 --> 00:24:12,480

But it seems sometimes, Ray said to me, for example, he said,

311

00:24:12,480 --> 00:24:15,480

you know, let's assume there were visitors from somewhere.

312

00:24:15,480 --> 00:24:18,480

He said, do you think that people are ready to accept it?

313

00:24:18,480 --> 00:24:20,480

Or would they panic? Would they get frightened?

314

00:24:20,480 --> 00:24:21,480

What do you think?

315

00:24:21,480 --> 00:24:23,480

No, I don't think so.

316

00:24:23,480 --> 00:24:30,480

I think back in, I think it was at 38 or 39 when awesome world, you know, the world of the world,

317

00:24:30,480 --> 00:24:33,480

people were not as sophisticated as they are now.

318

00:24:33,480 --> 00:24:40,480

Now today, the firing of a rocket from Vandenberg Air Force Base in California.

319
