

1

00:00:00,000 --> 00:00:07,000

I just wondered what is the latest news out there about the horse?

2

00:00:07,000 --> 00:00:13,000

Well, actually there's a, you heard the death marion's report that the government hired to come in here?

3

00:00:13,000 --> 00:00:15,000

You mean Dr. O'Adam?

4

00:00:15,000 --> 00:00:26,000

Yeah, yeah, so there, and then there has been some different people in and just being sent in, and there was a week ago Sunday

5

00:00:26,000 --> 00:00:32,000

there was some people here from Ambro who dealt with the hype, was it been canned?

6

00:00:32,000 --> 00:00:41,000

But other than that, it's just people just keep coming to us to look at the horse, and Life Magazine is just here all afternoon evening

7

00:00:41,000 --> 00:00:43,000

the lady just left.

8

00:00:43,000 --> 00:00:44,000

Well what about the horse?

9

00:00:44,000 --> 00:00:45,000

The horse still don't have any answer.

10

00:00:45,000 --> 00:00:47,000

Is the horse still on the ground?

11

00:00:47,000 --> 00:00:48,000

Yes, it's still there.

12

00:00:48,000 --> 00:00:50,000

Isn't it future-fied?

13

00:00:50,000 --> 00:00:57,000

Well, it never did smell. This is another odd thing about it. It never had the odor of a dead animal.

14

00:00:57,000 --> 00:01:00,000

Is there something else on about it?

15

00:01:00,000 --> 00:01:02,000

No, there's a little bit.

16

00:01:02,000 --> 00:01:10,000

You know, mostly the hair hasn't slipped like it should ever. I mean it's more like it's been canned.

17

00:01:10,000 --> 00:01:15,000

Now Mrs. Lewis, how many times have you ever seen an animal that's been dead 30 days or 40 days?

18

00:01:15,000 --> 00:01:20,000

Oh, quite often because I was raised on an external horse in Cadillac.

19

00:01:20,000 --> 00:01:23,000

And you've seen them dead for long periods of time?

20

00:01:23,000 --> 00:01:28,000

Oh, yes, and I was raised in the mountains out there where you see dead deer quite often.

21

00:01:28,000 --> 00:01:31,000

And so you felt that there was something funny about this animal?

22

00:01:31,000 --> 00:01:33,000

Oh, definitely.

23

00:01:33,000 --> 00:01:39,000

Oh, it was cut absolutely right into the bone and then they hadn't met with it like it did dead for years.

24

00:01:39,000 --> 00:01:43,000

What I'm talking about is I'm talking about the rest of the carcass itself.

25

00:01:43,000 --> 00:01:50,000

Now, have you talked to any other pathologist about the energy, you know, the abdomen part?

26

00:01:50,000 --> 00:01:55,000

Did anybody tell you that there should have been intestines and things of this nature?

27

00:01:55,000 --> 00:02:07,000

There is a horse out here on the game refuse that the manager and one of the employees found the other day that they know it's been dead.

28

00:02:07,000 --> 00:02:14,000

So they opened and looked and they said the organs are still recognizable.

29

00:02:14,000 --> 00:02:19,000

However, they're dried up and still up to nothing, but they are recognizable in the horse.

30

00:02:19,000 --> 00:02:20,000

A year?

31

00:02:20,000 --> 00:02:22,000

They've eaten up the coyotes.

32

00:02:22,000 --> 00:02:26,000

They also opened the brain cavity and there was still substance in there.

33

00:02:26,000 --> 00:02:29,000

And they know this horse has been dead a year.

34

00:02:29,000 --> 00:02:31,000

Well, this is really something.

35

00:02:31,000 --> 00:02:36,000

Yes, I thought it was very interesting and they were going to take pictures and mail us information to doctors.

36

00:02:36,000 --> 00:02:40,000

I haven't talked to them in the last few days.

37

00:02:40,000 --> 00:02:43,000

I don't know if they've done this, but they were going to.

38

00:02:43,000 --> 00:02:47,000

Mr. Lord, Mrs. Lord, I found a picture of you in the sunny times of New York City.

39

00:02:47,000 --> 00:02:48,000

Oh, really?

40

00:02:48,000 --> 00:02:51,000

Yes, and you were right next to the horse.

41

00:02:51,000 --> 00:02:58,000

And I'm just wondering if there's a possibility of getting any pictures that you might have in your possession.

42

00:02:58,000 --> 00:03:05,000

Even a print will make the negatives out of it, the horse or of you around it, you know, things like that.

43

00:03:05,000 --> 00:03:07,000

I don't know why we were very foolish.

44

00:03:07,000 --> 00:03:09,000

We didn't take any pictures of us at all.

45

00:03:09,000 --> 00:03:14,000

We did take pictures of the night cap team working near the horse.

46

00:03:14,000 --> 00:03:16,000

What about the horse itself?

47

00:03:16,000 --> 00:03:23,000

And we have several pictures of the horse that the film of Chetan has and I've written for the negatives and I have received them back.

48

00:03:23,000 --> 00:03:25,000

But I'm sure they will return them.

49

00:03:25,000 --> 00:03:30,000

If you get any kind of photographs of things that nature, will you send them along to us?

50

00:03:30,000 --> 00:03:39,000

We've also written a letter to the Pueblo Chetan for any photographs or any articles that they've written, you know, knowing that you do some writing there yourself.

51

00:03:39,000 --> 00:03:46,000

Well, I did, but I've been so busy on the horse deal the last five weeks I haven't been able to do my job at all for it.

52

00:03:46,000 --> 00:03:50,000

Hmm. Have you had any other strange sightings out there?

53

00:03:50,000 --> 00:03:56,000

Oh, yes. In the last three weeks people have been calling me with what they're saying.

54

00:03:56,000 --> 00:04:05,000

We took a correspondent from the newspaper, Atlas Battery Night, and we saw this barb kicked on the ground and watched it a while.

55

00:04:05,000 --> 00:04:08,000

How'd it get on the ground?

56

00:04:08,000 --> 00:04:12,000

Some businessmen had to take the barb kid here about a week ago, ten days ago.

57

00:04:12,000 --> 00:04:20,000

One was right in the highway outside of town here, and it just keeps going on, you know, these thoughts are exciting.

58

00:04:20,000 --> 00:04:23,000

You saw something, you yourself saw something on the ground?

59

00:04:23,000 --> 00:04:24,000

We certainly did.

60

00:04:24,000 --> 00:04:25,000

From what distance?

61

00:04:25,000 --> 00:04:28,000

About dreams, would you take them all?

62

00:04:28,000 --> 00:04:41,000

Well, it was a beam object that swung in the dark, and then it got big and real bright, and then it would go down real little to a little red dot,

63

00:04:41,000 --> 00:04:47,000

and it would travel fast. I don't know what it was, but it was a natural phenomenon.

64

00:04:47,000 --> 00:04:51,000

What about when it was on the ground? What did it look like and did you have binoculars?

65

00:04:51,000 --> 00:05:03,000

We did have binoculars, and well, it would be real bright lighted and get real big, and then it would swing the beam light in the dark around on both sides,

66

00:05:03,000 --> 00:05:10,000

and then there was two of them that moved toward each other. They went through this heavy brush where we know there's fences and no roads,

67

00:05:10,000 --> 00:05:17,000

and they moved rapidly, sometimes, sometimes slow, but what they're up to, I don't know.

68

00:05:17,000 --> 00:05:19,000

Are there any roads up there in that area?

69

00:05:19,000 --> 00:05:26,000

No, not in the area room, and this is the area below the horse, for some odd reason, that most of

the sightings are in that area.

70

00:05:26,000 --> 00:05:31,000

Let me ask another question. What about the maggots that were supposedly present in the other horse?

71

00:05:31,000 --> 00:05:43,000

Didn't you say something on the order that the maggots on the horses, the snippies, were dead and the maggots on the other one were alive?

72

00:05:43,000 --> 00:05:49,000

That is correct. I had told the nightcap team when they came, they said, wonder why the maggots were died on here?

73

00:05:49,000 --> 00:05:53,000

The night was only sold, and it's been the most freezing at night here.

74

00:05:53,000 --> 00:05:57,000

But when they went on to the other ones later, they were alive and working very strong.

75

00:05:57,000 --> 00:06:02,000

How far away was that?

76

00:06:02,000 --> 00:06:05,000

About three miles southwest of snippy's body.

77

00:06:05,000 --> 00:06:07,000

How about the elders, is that about the same?

78

00:06:07,000 --> 00:06:09,000

Same altitude.

79

00:06:09,000 --> 00:06:13,000

Is there anything else that you might have to say?

80

00:06:13,000 --> 00:06:19,000

No, I have heard nothing from any of the dead cats or mallets, and this I don't understand because they promised.

81

00:06:19,000 --> 00:06:29,000

The nightcap put many pictures and slides with strange tracks and holes and all of it, and they promised to send us a set of the pictures and results and tests.

82

00:06:29,000 --> 00:06:38,000

We have absolutely nothing out of them except government put out some reports that were in distinct disagreement with the facts.

83

00:06:38,000 --> 00:06:40,000

Which ones would you say those were?

84

00:06:40,000 --> 00:06:44,000

I read in an article where they said there were no black markings.

85

00:06:44,000 --> 00:06:48,000

Hundreds of people have seen these when the nightcap people came.

86

00:06:48,000 --> 00:06:55,000

We asked the spectators, some of the local people here, to stand on the bigger spot, biggest of the spots near them.

87

00:06:55,000 --> 00:06:58,000

We formed a circle, 79 feet across.

88

00:06:58,000 --> 00:07:05,000

And when they stood on the smaller spots around the big spot, again it was a circle 15 feet in diameter.

89

00:07:05,000 --> 00:07:11,000

Now, what is the government office put out the fact that there were no black spots?

90

00:07:11,000 --> 00:07:14,000

These things I don't understand what they're doing now.

91

00:07:14,000 --> 00:07:21,000

I'm talking about black spots. I understood the black spots. You mean the whole circle of 75 feet was black?

92

00:07:21,000 --> 00:07:26,000

No, it's southeast of the horse there about 70 feet from the horse.

93

00:07:26,000 --> 00:07:31,000

There were these black mud spots that looked like cars, soft and strong on the ground.

94

00:07:31,000 --> 00:07:32,000

Yes.

95

00:07:32,000 --> 00:07:36,000

Oh, some of them were 10 inches, some of them 18 inches across.

96

00:07:36,000 --> 00:07:37,000

All around?

97

00:07:37,000 --> 00:07:42,000

They were not exactly round. No, they were not still completely.

98

00:07:42,000 --> 00:07:45,000

So, do you think a circular mark, that they go around the circle?

99

00:07:45,000 --> 00:07:51,000

Well, no, about every few feet. We picked out these bigger black spots.

100

00:07:51,000 --> 00:07:56,000

Some of them were all 45 feet apart, some of them a little further.

101

00:07:56,000 --> 00:08:02,000

But when people stood on the biggest of these spots all around, they were the people for them to serve them.

102

00:08:02,000 --> 00:08:04,000

Right, 75 feet across.

103

00:08:04,000 --> 00:08:08,000

Now, why didn't you pick up some of that black material yourself and save it?

104

00:08:08,000 --> 00:08:11,000

I have some in my car right now.

105

00:08:11,000 --> 00:08:20,000

Let me ask you a question. If you went down to the drugstore and got yourself a little vial, or if you had one at home, would you mind sending us some?

106

00:08:20,000 --> 00:08:22,000

I will do it.

107

00:08:22,000 --> 00:08:23,000

Really? Really?

108

00:08:23,000 --> 00:08:32,000

I have a little bit in a plastic bag that I took to. First we get the marks with pills. It's filling the truck.

109

00:08:32,000 --> 00:08:40,000

If you'll send us some of it, you don't have to send us all. I want you to keep some of it, because I think you should have kept some of that for your own, you know, for your own self.

110

00:08:40,000 --> 00:08:43,000

But we'd like to have any portion of it that you'll send us.

111

00:08:43,000 --> 00:08:44,000

Alright.

112

00:08:44,000 --> 00:08:49,000

Anything that you have that you would like, you wouldn't mind sharing with us. We'll paper anything.

113

00:08:49,000 --> 00:09:00,000

I have a little bit of that name at first, that I left a mark on my hand, or at least I found it in the first where I first found it. I'm sure it's the same name. I can put a little of that in.

114

00:09:00,000 --> 00:09:01,000

Alright.

115

00:09:01,000 --> 00:09:02,000

Alright.

116

00:09:02,000 --> 00:09:03,000

Alright.

117

00:09:03,000 --> 00:09:04,000

Alright.

118

00:09:04,000 --> 00:09:05,000

Alright.

119

00:09:05,000 --> 00:09:06,000

Alright.

120

00:09:06,000 --> 00:09:07,000

Alright.

121

00:09:07,000 --> 00:09:08,000

Alright.

122

00:09:08,000 --> 00:09:09,000

Alright.

123

00:09:09,000 --> 00:09:10,000

Alright.

124

00:09:10,000 --> 00:09:11,000

Alright.

125

00:09:11,000 --> 00:09:12,000

Alright.

126

00:09:12,000 --> 00:09:13,000

Alright.

127

00:09:13,000 --> 00:09:14,000

Alright.

128

00:09:14,000 --> 00:09:15,000

Alright.

129

00:09:15,000 --> 00:09:16,000

Alright.

130

00:09:16,000 --> 00:09:17,000

Alright.

131

00:09:17,000 --> 00:09:18,000

Alright.

132

00:09:18,000 --> 00:09:19,000

Alright.

133

00:09:19,000 --> 00:09:20,000

Alright.

134

00:09:20,000 --> 00:09:21,000

Alright.

135

00:09:21,000 --> 00:09:22,000

Alright.

136

00:09:22,000 --> 00:09:23,000

Alright.

137

00:09:23,000 --> 00:09:24,000

Alright.

138

00:09:24,000 --> 00:09:25,000

Alright.

139

00:09:25,000 --> 00:09:26,000

Alright.

140

00:09:26,000 --> 00:09:27,000

Alright.

141

00:09:27,000 --> 00:09:28,000

Alright.

142

00:09:28,000 --> 00:09:29,000

Alright.

143

00:09:29,000 --> 00:09:30,000

And it is locked and locked.

144

00:09:30,000 --> 00:09:32,000

You don't have any of that?

145

00:09:32,000 --> 00:09:35,000

Well I can get some, I mean as you're still around the Lord.

146

00:09:35,000 --> 00:09:48,000

Well I would, we would appreciate anything you can do for us in that respect, and we're doing everything we can to break this mystery as much as we can anyway, and we're willing to help you if you're willing to help us a little bit.

147

00:09:48,000 --> 00:09:57,000

I would like to get some of this to someone who would personally give me a report on it. I'm sure the government has no intentions of giving out any report.

148

00:09:57,000 --> 00:10:02,600

I'll tell you what we do we we intend to do something with it. We'll see what we can do about a chemical analysis

149

00:10:13,280 --> 00:10:16,880

Okay, I'm just wondering though if the chemical

150

00:10:17,440 --> 00:10:23,360

Processes of keeping that animal out there for such a long time in a dead state wouldn't change the height to a darkness

151

00:10:27,000 --> 00:10:29,000

I

152

00:10:40,680 --> 00:10:43,040

Don't either but we can find out somebody that does

153

00:10:57,000 --> 00:11:08,600

There is no tanning on it

154

00:11:13,840 --> 00:11:16,520

Who really labs that were doing the analysis

155

00:11:27,040 --> 00:11:27,520

Nature

156

00:11:30,720 --> 00:11:32,720

Austin folder

157

00:11:39,660 --> 00:11:43,200

Kansas God here one of the men found the end of it at top of the was

158

00:11:43,200 --> 00:11:50,200

I'm sure it would give an answer.

159

00:11:50,200 --> 00:11:59,200

But how am I going to get it out of the government?

160

00:11:59,200 --> 00:12:09,200

Who they have come out with distinct lives.

161

00:12:09,200 --> 00:12:15,200

It sounds like you're about right because if they've already made remarks

162

00:12:15,200 --> 00:12:18,200

for the effect that there was no black mark around it and you know that there was.

163

00:12:18,200 --> 00:12:20,200

Hundreds of people saw them.

164

00:12:20,200 --> 00:12:23,200

I know but that's what I'm saying. It's consistent with your ideas.

165

00:12:23,200 --> 00:12:25,200

How are you going to believe whatever they say later on?

166

00:12:25,200 --> 00:12:28,200

They said a number of things that were distinctly wrong.

167

00:12:28,200 --> 00:12:32,200

There was no blood around that horse or no tracks.

168

00:12:32,200 --> 00:12:35,200

There was this strong medicine odor.

169

00:12:35,200 --> 00:12:38,200

Not unpleasant but very strong.

170

00:12:38,200 --> 00:12:43,200

I heard the government man on a broadcast and he was saying

171

00:12:43,200 --> 00:12:48,200

they asked him what the smell was and the horse had a silk cut in mercy

172

00:12:48,200 --> 00:12:51,200

which was his stupid explanation.

173

00:12:51,200 --> 00:12:56,200

And he said well, he said the blood was probably there but they didn't see it.

174

00:12:56,200 --> 00:12:59,200

And the smell, he said was probably fizzles.

175

00:12:59,200 --> 00:13:02,200

But there are any fizzles in the pasture.

176

00:13:02,200 --> 00:13:03,200

And you will.

177

00:13:03,200 --> 00:13:07,200

Those up around fizzles. They do not smell.

178

00:13:07,200 --> 00:13:12,200

This is so infuriating. They have given out these lies.

179

00:13:12,200 --> 00:13:15,200

I mean it just makes you so mad you can't stand it.

180

00:13:15,200 --> 00:13:18,200

They didn't come in to investigate. They came in to repudiate.

181

00:13:18,200 --> 00:13:21,200

No, hey, what you saying?

182

00:13:21,200 --> 00:13:28,200

They came in here to intimidate and call people liars and spit them investigate.

183

00:13:28,200 --> 00:13:32,200

And are you sure it's the truth of the condom group also?

184

00:13:32,200 --> 00:13:34,200

I'm speaking of the condom group only.

185

00:13:34,200 --> 00:13:38,200

The cap team was very courteous and very thorough and very nice.

186

00:13:38,200 --> 00:13:41,200

But they were hired by condom's office.

187

00:13:41,200 --> 00:13:45,200

All the information they took back went to condom's office.

188

00:13:45,200 --> 00:13:51,200

Are you under the impression that the NYCAP group has surrendered the materials

189

00:13:51,200 --> 00:13:53,200

to a Westinghouse laboratory?

190

00:13:53,200 --> 00:13:58,200

No, the Apperel group said they were sending theirs to Westinghouse laboratory.

191

00:13:58,200 --> 00:14:00,200

Do you know who's doing it for NYCAP?

192

00:14:00,200 --> 00:14:03,200

They were giving it to condom's office.

193

00:14:03,200 --> 00:14:08,200

They said they would have to turn everything over to him that they took back.

194

00:14:08,200 --> 00:14:10,200

That's where they made their mistake.

195

00:14:10,200 --> 00:14:12,200

Well, or I made my mistake.

196

00:14:12,200 --> 00:14:16,200

Well, the thing about it is that the NYCAP group should have never surrendered

197

00:14:16,200 --> 00:14:20,200

their whole, the complete propriety to anything that they found.

198

00:14:20,200 --> 00:14:23,200

Well, I don't know that they did, but they did tell me.

199

00:14:23,200 --> 00:14:25,200

I said, well, I know the results.

200

00:14:25,200 --> 00:14:29,200

They said we will have to turn everything over to Dr. Condom's office

201

00:14:29,200 --> 00:14:31,200

since we were hired by him.

202

00:14:31,200 --> 00:14:34,200

And they wouldn't know when I would know the results.

203

00:14:34,200 --> 00:14:38,200

In fact, he said it might even be a year before they get all those tests made.

204

00:14:38,200 --> 00:14:41,200

Oh boy. I'm sure glad that Apperel got something on that.

205

00:14:41,200 --> 00:14:44,200

Well, they got some, but I've never heard a word from them.

206

00:14:44,200 --> 00:14:48,200

Well, it takes time. It takes time to run these tests.

207

00:14:48,200 --> 00:14:51,200

Then you have to evaluate them besides, you see.

208

00:14:51,200 --> 00:14:58,200

Well, I realized that they knew that, but they never let me know anything.

209

00:14:59,200 --> 00:15:00,200

Well, if they don't have...

210

00:15:00,200 --> 00:15:05,200

Maybe my attitude about the government is wrong, but I don't think so.

211

00:15:05,200 --> 00:15:09,200

You see, they tried to say we were lying, and I asked them to give me a

212

00:15:09,200 --> 00:15:12,200

lighting detector test, and they refused.

213

00:15:12,200 --> 00:15:15,200

At what point did they suggest you were lying?

214

00:15:15,200 --> 00:15:19,200

Well, he said that the tracks were probably there, and we didn't see them.

215

00:15:19,200 --> 00:15:22,200

The blood was there, and we didn't see it.

216

00:15:22,200 --> 00:15:25,200

We were smelling pickles, not something else.

217

00:15:25,200 --> 00:15:29,200

There are no black marks. Well, he said there were none.

218

00:15:29,200 --> 00:15:34,200

There definitely is. These kind of things, I don't understand.

219

00:15:34,200 --> 00:15:37,200

And you did volunteer a lighting detector test?

220

00:15:37,200 --> 00:15:39,200

I certainly did.

221

00:15:39,200 --> 00:15:40,200

You got nerve?

222

00:15:40,200 --> 00:15:41,200

What?

223

00:15:41,200 --> 00:15:42,200

I said you got a lot of nerve.

224

00:15:42,200 --> 00:15:46,200

I was telling the truth, sir, and I'd be glad if anybody would give me one,

225

00:15:46,200 --> 00:15:50,200

because not only I, but my husband and my older brother

226

00:15:50,200 --> 00:15:53,200

are not people who go around lying.

227

00:15:53,200 --> 00:15:55,200

And you all volunteered again?

228

00:15:55,200 --> 00:15:57,200

Absolutely.

229

00:15:57,200 --> 00:15:59,200

Very good.

230

00:15:59,200 --> 00:16:02,200

And I still do, and the Life Magazine representative was here today,

231

00:16:02,200 --> 00:16:05,200

and I asked her to see if she could make arrangements

232

00:16:05,200 --> 00:16:12,200

and see that I was given one, and not have a government investigator read it, though.

233

00:16:12,200 --> 00:16:18,200

Some reliable person to read it, not connected with the government.

234

00:16:18,200 --> 00:16:19,200

Some neutral person.

235

00:16:19,200 --> 00:16:20,200

That is correct.

236

00:16:20,200 --> 00:16:25,200

Well, you've given us quite a bit to think about here.

237

00:16:25,200 --> 00:16:29,200

Well, I'm dropping in nothing, the rock pile around here.

238

00:16:29,200 --> 00:16:30,200

No, you are.

239

00:16:30,200 --> 00:16:33,200

I'm talking about the government, but I am telling the truth, and they're not.

240

00:16:33,200 --> 00:16:34,200

That's right.

241

00:16:34,200 --> 00:16:38,200

Well, I'm telling you the truth. This is what they did.

242

00:16:38,200 --> 00:16:41,200

But the government office did.

243

00:16:41,200 --> 00:16:46,200

But they only go in to get the evidence of whatever they can get,

244

00:16:46,200 --> 00:16:48,200

and so they can turn around calling your liars,

245

00:16:48,200 --> 00:16:51,200

and they try to get away with anything you've got.

246

00:16:51,200 --> 00:16:54,200

Well, it seems that way anyway.

247

00:16:54,200 --> 00:16:57,200

Maybe there's a reason, but I don't quite fathom it.

248

00:16:57,200 --> 00:17:01,200

I wouldn't have believed it two months ago.

249

00:17:01,200 --> 00:17:05,200

I just wouldn't have believed it myself, but I do know.

250

00:17:05,200 --> 00:17:09,200

All right, another version out from there has been no further development

251

00:17:09,200 --> 00:17:10,200

as far as the horse is concerned.

252

00:17:10,200 --> 00:17:14,200

Nobody else has taken another pathological test of it.

253

00:17:14,200 --> 00:17:15,200

Not that I know of.

254

00:17:15,200 --> 00:17:18,200

What about this anonymous pathologist?

255

00:17:18,200 --> 00:17:20,200

He heard nothing from him.

256

00:17:20,200 --> 00:17:23,200

Other than the first call, I said it would be three weeks at least

257

00:17:23,200 --> 00:17:28,200

before he could get his culture's name, and I have never heard another name from him.

258

00:17:28,200 --> 00:17:30,200

I know, and you do know him, though.

259

00:17:30,200 --> 00:17:33,200

Well, I thought I knew him.

260

00:17:33,200 --> 00:17:37,200

He gave me this name, and then someone mailed me a picture of the scientist,

261

00:17:37,200 --> 00:17:41,200

and I think it's his picture, and it's a different name than what he gave me.

262

00:17:41,200 --> 00:17:42,200

Is that right?

263

00:17:42,200 --> 00:17:45,200

So there you are. I guess he didn't give me his name in the first place.

264

00:17:45,200 --> 00:17:48,200

Are you afraid of giving this the scientist's name?

265

00:17:48,200 --> 00:17:51,200

Well, I promised him I would not.

266

00:17:51,200 --> 00:17:52,200

Oh, that's right, too.

267

00:17:52,200 --> 00:17:54,200

Or he said he wouldn't give me the results in the past.

268

00:17:54,200 --> 00:17:56,200

Oh, boy.

269

00:17:56,200 --> 00:18:01,200

But he exists, and I could get to at least 12-cent alimony,

270

00:18:01,200 --> 00:18:04,200

so who could tell you they listened to it all?

271

00:18:04,200 --> 00:18:06,200

Of reputable papers.

272

00:18:06,200 --> 00:18:08,200

Who could tell you all the time you watched him do it.

273

00:18:08,200 --> 00:18:11,200

I see there were about 20 of you, weren't there?

274

00:18:11,200 --> 00:18:17,200

Yes. There were six college students whose names I don't have there that night,

275

00:18:17,200 --> 00:18:22,200

but I have at least 12 names that I could get.

276

00:18:22,200 --> 00:18:24,200

There is a photograph you should have taken.

277

00:18:24,200 --> 00:18:27,200

Yes, he wouldn't have taken a photo of that.

278

00:18:27,200 --> 00:18:29,200

Oh, that's right, too. Anonymous again.

279

00:18:29,200 --> 00:18:30,200

Yes, he wouldn't have.

280

00:18:30,200 --> 00:18:32,200

All right, I see.

281

00:18:32,200 --> 00:18:35,200

Well, I think we've learned a heck of a lot.

282

00:18:35,200 --> 00:18:39,200

The more you talk, the more we've seen the good.

283

00:18:39,200 --> 00:18:43,200

Well, we just haven't actually, we just haven't learned anything.

284

00:18:43,200 --> 00:18:45,200

We're right where we were at the beginning.

285

00:18:45,200 --> 00:18:46,200

Yes, I have.

286

00:18:46,200 --> 00:18:47,200

We learned.

287

00:18:47,200 --> 00:18:48,200

You're going to see the mores.

288

00:18:48,200 --> 00:18:51,200

I still receive a lot of calls, a lot of mail,

289

00:18:51,200 --> 00:18:53,200

and I've been unable to answer them all.

290

00:18:53,200 --> 00:18:55,200

I haven't got any of the phone numbers done,

291

00:18:55,200 --> 00:18:57,200

and it just keeps going on and on,

292

00:18:57,200 --> 00:19:00,200

and yet we still don't have any more answers.

293

00:19:00,200 --> 00:19:03,200

Now, listen, we haven't gotten the answers yet,

294

00:19:03,200 --> 00:19:06,200

and we've seen a lot of things, and we've heard a lot of stories.

295

00:19:06,200 --> 00:19:10,200

And so don't expect answers so quickly. You're impatient.

296

00:19:10,200 --> 00:19:12,200

You seem very impatient.

297

00:19:12,200 --> 00:19:14,200

That's true, I guess.

298

00:19:14,200 --> 00:19:15,200

Yes, it's true.

299

00:19:15,200 --> 00:19:17,200

All right, then I'll tell you what now.

300

00:19:17,200 --> 00:19:19,200

You promised us some things,

301

00:19:19,200 --> 00:19:22,200

and we're going to hold you as an honorable person to those promises.

302

00:19:22,200 --> 00:19:24,200

We'll test the heck out of you.

303

00:19:24,200 --> 00:19:27,200

Well, I am not going to put it with my bank of stuff.

304

00:19:27,200 --> 00:19:30,200

You won't believe me, but I have got a huge discount

305

00:19:30,200 --> 00:19:32,200

full of letters and presents.

306

00:19:32,200 --> 00:19:34,200

I will pay them up here by the phone,

307

00:19:34,200 --> 00:19:36,200

and not only I can't get mixed up.

308

00:19:36,200 --> 00:19:38,200

Fine, because we've made three telephone calls out there,

309

00:19:38,200 --> 00:19:40,200

and each one of them is a costly thing,

310

00:19:40,200 --> 00:19:44,200

and we're very, very happy to have talked to you tonight.

311

00:19:44,200 --> 00:19:47,200

And I hope to hear from you again very soon.

312

00:19:47,200 --> 00:19:51,200

Well, I appreciate your interest, and your interest in the truth.

313

00:19:51,200 --> 00:19:53,200

Okay, then thank you very much, Mr. Lewis.

314

00:19:53,200 --> 00:19:54,200

Thank you.

315

00:19:54,200 --> 00:19:56,200

And good night, and we do appreciate that.

316

00:19:56,200 --> 00:19:57,200

Good night, thank you.

317

00:19:57,200 --> 00:19:58,200

Good night.
