

1

00:00:00,000 --> 00:00:07,000

Authorities say a Jackson County man who claimed he was taking aboard a spacecraft early this

2

00:00:07,000 --> 00:00:10,520

month was telling the truth as to what he believes happened.

3

00:00:10,520 --> 00:00:14,600

Jackson County Sheriff's Department Chief Deputy Barney Mathis said a two and one half

4

00:00:14,600 --> 00:00:19,680

hour line detector test run by a New Orleans firm affirmed that Charles Hickson was telling

5

00:00:19,680 --> 00:00:21,960

the truth as to what he believed happened.

6

00:00:21,960 --> 00:00:27,080

Jackson County Sheriff, Brett Diamond, is this statement of the polygraph operator after

7

00:00:27,080 --> 00:00:28,080

the test.

8

00:00:28,080 --> 00:00:32,240

Attorney Lawan Pashka Lewis and the Jackson County Sheriff's Department did on October

9

00:00:32,240 --> 00:00:38,480

30, 1973 conduct a polygraph examination on Charles Hickson regarding the truthfulness

10

00:00:38,480 --> 00:00:43,000

of his statement that he saw a spaceship three space creatures and was taken to the

11

00:00:43,000 --> 00:00:45,520

spaceship on October 11, 1973.

12

00:00:45,520 --> 00:00:51,240

It is my opinion that Charles Hickson told the truth when he stated number one that he

13

00:00:51,240 --> 00:00:53,800

believed he saw a spaceship.

14

00:00:53,800 --> 00:00:58,400

Number two, that he believed he was taken into the spaceship at number three, that he

15

00:00:58,400 --> 00:01:00,400

believed he saw three space creatures.

16

00:01:00,400 --> 00:01:07,160

Witness my second case, this is the day of October 1973, Sam Laskott, Glass Crow, Witness

17

00:01:07,160 --> 00:01:11,600

by Marvin L Leonard, Assistant Manager of Poundton Detectives.

18

00:01:11,600 --> 00:01:13,920

That was Jackson County Sheriff, Brett Diamond.

19

00:01:13,920 --> 00:01:17,520

I'm Lance Carson for the Kevin Boyle Report in Biloxi, Mississippi.
