

1

00:00:00,000 --> 00:00:07,680

Other worlds in this universe is something hard for us to believe.

2

00:00:07,680 --> 00:00:15,600

The story I'm about to tell not only proves to me there is another world up there somewhere,

3

00:00:15,600 --> 00:00:22,640

but some type of creatures or beings exist on that world.

4

00:00:22,640 --> 00:00:28,160

Many things have been written and many different stories have been told about what happened

5

00:00:28,160 --> 00:00:36,720

on October the level of 1973 on the banks of the Pasquale River here in Pasquale, Mississippi.

6

00:00:36,720 --> 00:00:43,120

This is the true story I know because I was there.

7

00:00:43,120 --> 00:00:50,480

Calvin Parker and myself were employed by F. P. Walker Shiffyard at that time.

8

00:00:50,480 --> 00:01:00,000

When we came here today on that almost faithful Thursday, we decided to go fishing after work.

9

00:01:00,000 --> 00:01:13,120

We take our spinning reels and shrimp for bait and fish from the banks of the river for redfish and speckle trout.

10

00:01:13,120 --> 00:01:21,040

After trying a few places without any love, we would try one more spot.

11

00:01:21,040 --> 00:01:28,640

That was by the old Shawpleeters' Shiffyard, which has been out of operation for years.

12

00:01:28,640 --> 00:01:34,240

On many occasions I had caught fish there in the past, but after trying there for a while,

13

00:01:34,240 --> 00:01:40,480

our luck didn't seem to be any better, and by this time it had become dark.

14

00:01:40,480 --> 00:01:45,120

We were about ready to give it up and go home.

15

00:01:45,120 --> 00:01:53,440

When all of a sudden I heard some kind of zipping sound behind us, there was a turn.

16

00:01:53,440 --> 00:01:56,160

I saw a blue flashing light.

17

00:01:56,160 --> 00:02:00,000

Some type of craft was approaching the ground.

18

00:02:00,000 --> 00:02:02,320

This just couldn't be up there.

19

00:02:02,320 --> 00:02:15,120

It was about 30 foot long, maybe 10 foot high, and the angle it was torus, I couldn't tell how wide it was.

20

00:02:15,120 --> 00:02:20,720

It was shaped something like a football, more bloody one in.

21

00:02:20,720 --> 00:02:29,280

The craft was metallic, and there could have been a dome on top, I'm not quite sure.

22

00:02:29,360 --> 00:02:37,920

Something that looked like two windows up toward the front and close to the top.

23

00:02:37,920 --> 00:02:43,520

The expression on Calvin's face told me that he was looking at the same thing.

24

00:02:44,800 --> 00:02:53,520

The craft hovered about two foot from the ground, and almost instantly an opening appeared at one end.

25

00:02:53,520 --> 00:03:02,240

And there's no way for me to express the feelings I had when these three things appeared in that opening.

26

00:03:02,240 --> 00:03:04,720

My God, Calvin, what's happened?

27

00:03:04,720 --> 00:03:08,080

I'll never forget those words.

28

00:03:08,080 --> 00:03:13,360

As I glance toward Calvin, he seemed to be going in shock.

29

00:03:13,360 --> 00:03:20,720

These two inches tall, the head seemed to come directly to the shoulders without an F.

30

00:03:20,720 --> 00:03:26,400

The nose was about an inch and a half long, and he came to a point.

31

00:03:26,400 --> 00:03:34,240

The ears were similar to the nose, maybe a little longer, and directly under the nose was a slit.

32

00:03:34,240 --> 00:03:37,760

It resembled a mouth.

33

00:03:37,760 --> 00:03:40,000

That could have been eyes.

34

00:03:40,000 --> 00:03:43,920

I can't recall what they looked like.

35

00:03:43,920 --> 00:03:50,640

Their skin, or it could have been some type of clothing, reminds me of elephant skin,

36

00:03:50,640 --> 00:03:56,320

and it was very wrinkled, and it seemed to shine.

37

00:03:56,320 --> 00:04:07,520

The arms resembled human arms, but the hands were welled with something like a thumb, more like pinchers.

38

00:04:07,520 --> 00:04:11,120

And the arms were long in proportion to the body.

39

00:04:11,120 --> 00:04:20,080

The legs remained together, and the feet seemed to be round like an elephant's foot.

40

00:04:20,080 --> 00:04:27,760

And these things seemed to have glided about the same height from the ground as the craft,

41

00:04:27,760 --> 00:04:31,760

and almost instantly were upon us.

42

00:04:31,760 --> 00:04:34,720

Two of them took hold of my arms from the side.

43

00:04:34,720 --> 00:04:37,760

There was no sensation.

44

00:04:37,760 --> 00:04:40,560

I was raised from the ground.

45

00:04:40,560 --> 00:04:48,240

I glanced around, and I saw one take hold of Calvin, and I saw him go limp, and found out later he had fainted.

46

00:04:48,240 --> 00:04:55,680

The battles I survived almost two years in career crossed my mind, but I could not resist these things.

47

00:04:55,680 --> 00:04:59,440

I could not move.

48

00:04:59,440 --> 00:05:06,960

As they were taken to the inside of the craft, all I could think of, they're going to take me away.

49

00:05:06,960 --> 00:05:10,240

The light inside the craft was almost blinding.

50

00:05:10,240 --> 00:05:20,800

The room seemed to be round, with no tables, no chairs, and I've been unable to describe the instruments inside the room.

51

00:05:20,800 --> 00:05:28,240

The only one I can partially describe is the one they used to scan my body.

52

00:05:28,240 --> 00:05:34,240

It seemed to come out directly from the wall.

53

00:05:34,320 --> 00:05:36,960

I didn't see any attachments.

54

00:05:36,960 --> 00:05:40,160

There could have been one.

55

00:05:40,160 --> 00:05:45,120

It was between six and eight inches in diameter, and I'll blow.

56

00:05:45,120 --> 00:05:51,120

The end focused on me was a different color or different type material than the rest of it.

57

00:05:51,120 --> 00:05:53,840

It resembled a big eye.

58

00:05:53,840 --> 00:05:59,760

These things held me while this eye scanned my entire body.

59

00:05:59,760 --> 00:06:03,280

It seemed to linger more in my head.

60

00:06:03,280 --> 00:06:08,000

I noticed these things were careful not to let the eye focus on them.

61

00:06:08,000 --> 00:06:11,440

I have no way of knowing why.

62

00:06:11,440 --> 00:06:18,560

Then they left me suspended there for what seemed eternity, but it could have been more than a few minutes.

63

00:06:18,560 --> 00:06:22,560

I kept thinking, what are they going to do with me?

64

00:06:22,560 --> 00:06:29,440

If they take me away, will anyone ever know what happened to me?

65

00:06:29,440 --> 00:06:38,720

But they came back, took hold of me, had me back outside, and led me to the ground,

66

00:06:38,720 --> 00:06:42,880

almost the same spot they had taken me from.

67

00:06:43,680 --> 00:06:46,720

When my feet touched the ground, my legs gave way.

68

00:06:46,720 --> 00:06:50,800

They seemed to be weak, and I fell.

69

00:06:50,800 --> 00:06:52,640

I saw Cowan about this time.

70

00:06:52,640 --> 00:06:54,560

He was standing with his arms outstretched.

71

00:06:54,560 --> 00:06:56,960

He was in shock.

72

00:06:56,960 --> 00:07:01,360

I was trying to get up and make my way toward him.

73

00:07:01,360 --> 00:07:06,720

When I heard his zipping sound again, I turned around.

74

00:07:06,720 --> 00:07:13,840

There was a blue flashing light, and almost instantly the craft was gone.

75

00:07:13,840 --> 00:07:16,240

I couldn't believe it.

76

00:07:16,240 --> 00:07:26,720

We had encountered something that had to be from another world, and hopefully without any physical harm.

77

00:07:26,720 --> 00:07:35,520

But I had no way of knowing at that time how it would affect us mentally in the days and nights to come.

78

00:07:35,520 --> 00:07:43,920

No one will ever know the after effects of this encounter with something from another world.

79

00:07:43,920 --> 00:07:51,360

They are almost sleepless nights, the terrible nightmares when I do sleep.

80

00:07:51,440 --> 00:07:57,200

Without the love and understanding from my wife and kids, I don't believe I could have survived.

81

00:07:58,720 --> 00:08:06,080

The many friends and concerned people throughout America that has talked to me personally,

82

00:08:07,040 --> 00:08:13,600

or have written letters, or have a telephone or telegram, a big majority of these people,

83

00:08:14,240 --> 00:08:17,200

these responsible people, have seen UFOs.

84

00:08:18,000 --> 00:08:24,880

Some are even scared to tell their neighbors because they don't want to be laughed at, call nuts.

85

00:08:26,160 --> 00:08:28,560

Our governments say they don't exist.

86

00:08:29,840 --> 00:08:31,280

Well, what's got to happen?

87

00:08:31,280 --> 00:08:38,480

As 200 million people got to see a UFO before it's firmly believed.

88

00:08:40,480 --> 00:08:45,600

The law of average tells me I don't have too many more years to live.

89

00:08:46,560 --> 00:08:54,800

But our future generations, if there is future generations, can look back and say that he has done

90

00:08:54,800 --> 00:09:03,280

everything, or he did do everything that was humanly possible to prove that there is other worlds,

91

00:09:03,280 --> 00:09:09,440

but there is some more, and that some type of beings exist on those worlds.

92

00:09:10,240 --> 00:09:21,280

I was hypnotized by scientists that are no more worldwide, and a polygraph test or a lot of

93

00:09:21,280 --> 00:09:24,480

techie tests which proved I was telling the truth.

94

00:09:25,760 --> 00:09:30,400

I don't know of any other way that I can give more proof.

95

00:09:32,080 --> 00:09:33,680

Only one thing.

96

00:09:33,680 --> 00:09:37,120

There's something, I don't know how to explain it,

97

00:09:37,360 --> 00:09:42,720

but something I've been trying to remember that happened to me while I was aboard that craft.

98

00:09:44,160 --> 00:09:51,280

And hopefully it will come to me someday, and that could be the final proof.

99

00:09:53,440 --> 00:10:00,960

I believe in God, and I have become to believe now that God in all his greatness

100

00:10:02,000 --> 00:10:04,960

that would create a universe so vast.

101

00:10:07,120 --> 00:10:08,800

There's not an end to it that we know of.

102

00:10:10,640 --> 00:10:18,560

And why do we think that he would put life on this one little world with all those other worlds

103

00:10:19,440 --> 00:10:19,920

up there?

104

00:10:22,240 --> 00:10:26,480

I know there's believers and non-believers.

105

00:10:28,720 --> 00:10:35,120

To the believers, I hope you never have to go through an experience like that.

106

00:10:36,080 --> 00:10:41,040

To the non-believers, it might take an experience similar to that.

107

00:10:43,040 --> 00:10:46,640

And here is something else that's even harder to believe.

108

00:10:48,800 --> 00:10:56,160

I have been contacted by these things through my mind since the Paspargoula River encounter.

109

00:10:58,160 --> 00:11:04,400

And I believe I will come in physical contact again with them in the future.

110

00:11:05,840 --> 00:11:13,840

I believe these things are making preparations to communicate in some way with our government.

111

00:11:14,560 --> 00:11:15,680

Only time will tell.

112

00:11:17,920 --> 00:11:25,840

When these things happen, people will look back and say, well, he was telling the truth.

113

00:11:25,840 --> 00:11:26,880

I'm Charles Hinson.
