

1

00:00:00,000 --> 00:00:07,000

I have here Mr. George again, Steve, and still also quite full of mandate.

2

00:00:07,000 --> 00:00:13,000

And I'm going to ask him some of the questions with the healing on from there.

3

00:00:13,000 --> 00:00:19,000

My name is the Dean of the Department, Leslie, and also the part of that talk.

4

00:00:19,000 --> 00:00:28,000

George, the first question that people seem to be asking is about your experience on this corporate.

5

00:00:28,000 --> 00:00:39,000

Now, where does the journey you made, are you sure you took them in the physical body and found some form of treatment?

6

00:00:39,000 --> 00:00:43,000

I understand their so-called dream conditions.

7

00:00:43,000 --> 00:00:48,000

I understand the so-called medical concepts of things,

8

00:00:48,000 --> 00:00:55,000

for I have given much study to that to find out what it's like or what the whole thing is about.

9

00:00:55,000 --> 00:01:03,000

And I want to submit, state here, rapidly, that this is just as physical as we are, we are present.

10

00:01:03,000 --> 00:01:08,000

Just as physical as I went in the auto-mode, I was riding there.

11

00:01:08,000 --> 00:01:14,000

That's how physical it was, there was no fighting or any dream of any kind connected with whatever.

12

00:01:14,000 --> 00:01:18,000

I want you to prove to yourself that you're still.

13

00:01:18,000 --> 00:01:31,000

Well, after all, I have drunk and aged with them, and I have front corners, as I was moving past

because they're quite amazing when surprising to the situation.

14

00:01:31,000 --> 00:01:34,000

And I'd be looking at that, we should not bump something.

15

00:01:34,000 --> 00:01:39,000

And I'll give you a thing, let's put it this way, what might be the best way?

16

00:01:39,000 --> 00:01:45,000

Some of these projections of their call appear to be absolutely real.

17

00:01:45,000 --> 00:01:51,000

Usually they take place after the first one's gone compared to them, they imagine they would have.

18

00:01:51,000 --> 00:01:56,000

Now in your case, what's your true continuation of consciousness?

19

00:01:56,000 --> 00:02:05,000

About the time you arrived at Mount Sanctuary, went into the hotel, and recommended space to people, and then went to Fortress.

20

00:02:05,000 --> 00:02:07,000

Very, very conscious, I would say.

21

00:02:07,000 --> 00:02:11,000

I couldn't be in one country for that, and I'd be less conscious, and I'd be dead.

22

00:02:11,000 --> 00:02:13,000

And I didn't even understand it between.

23

00:02:13,000 --> 00:02:22,000

Not at all, but out of those absolute, continuous conscious, and through gender, physical, and physical responsibility.

24

00:02:22,000 --> 00:02:28,000

Again, though, didn't you on the last trip take to the American side of this remote, would you?

25

00:02:28,000 --> 00:02:39,000

Yes, I have, and I just waited, I put her here, put her name up, and he stays in the house, jobs that are very well secured,

26

00:02:39,000 --> 00:02:46,000

and they're there on the secretive plan, and to betray their confidence which they placed in one,

27

00:02:46,000 --> 00:02:51,000

it would be the dirtiest thing that a man could do, jeopardizing their position and knowledge.

28

00:02:51,000 --> 00:02:59,000

And they have told me, when the conditions get closer, they can reveal they will come out with the statement what they've seen and so forth.

29

00:02:59,000 --> 00:03:03,000

But there's one thing Desmond and I want to say about this, it's funny.

30

00:03:03,000 --> 00:03:13,000

That is, that I understand, is I can analyze, that they must have given the information they have gotten on this trip

31

00:03:13,000 --> 00:03:17,000

to the officials of our government on these grounds.

32

00:03:17,000 --> 00:03:24,000

Up to that time, none of our planes could go to an atomic cloud and survive,

33

00:03:24,000 --> 00:03:28,000

once the explosion of an atomic bomb took place.

34

00:03:28,000 --> 00:03:37,000

They were right after this, especially as soon as the cloud was created, in this occasion, which is the last test given at the Aquaplex.

35

00:03:37,000 --> 00:03:46,000

Here they are, planes went up a pilot segment, went through the atomic cloud right after the explosion, and come down and never were affected, I understand.

36

00:03:46,000 --> 00:03:54,000

And I also have been told that the ships had washed after they landed, but I later learned that it didn't necessarily have to be washed,

37

00:03:54,000 --> 00:04:04,000

because that's the very power which protected those ships that fly to atomic clouds, whether we explore them or the spaceship's do.

38

44

00:04:48,800 --> 00:04:53,940

George champion Percival is a ■■■stehr jack because I remember

45

00:04:54,780 --> 00:04:57,880

back in the day I was training, I was training the ■ smok diagonal,

46

00:04:58,280 --> 00:05:00,780

Luecks as aparagus,

47

00:05:01,540 --> 00:05:04,540

and I traveled out to my barber at there and further and further.

48

00:05:05,440 --> 00:05:07,840

I drove into the lodge for a long time a week ago.

49

00:05:08,340 --> 00:05:12,680

And he said, look I'm just gonna bring out these two guys,

50

00:05:12,920 --> 00:05:15,080

we're about the older players

51

00:05:15,080 --> 00:05:21,300

And I thought at the time, I was usually ringing up, it wouldn't likely to be the face I made

52

00:05:21,300 --> 00:05:24,600

up, because clearly they were coming for you.

53

00:05:24,600 --> 00:05:30,420

And then, because through that ring there, last day they knew that I had quite a bit of

54

00:05:30,420 --> 00:05:31,420

fear.

55

00:05:31,420 --> 00:05:32,920

I went off and shocked me after that.

56

00:05:32,920 --> 00:05:39,720

And I know you're looking at that, but I had a little bit of fear and anyway, I hadn't

57

00:05:39,720 --> 00:05:40,720

been on that one.

58

00:05:40,720 --> 00:05:46,080

And I was just, you know, I thought they would have asked you to do a lot, but I guess that

59

00:05:46,080 --> 00:05:50,080

may be the reason why they didn't, because you didn't have elections, you had obligations.

60

00:05:50,080 --> 00:05:54,640

So, at that time, I couldn't have given the lecture to her this year, because my lecture

61

00:05:54,640 --> 00:05:58,640

to her, I didn't give the lecture I'm giving her, but they're not in phone's lecture.

62

00:05:58,640 --> 00:06:00,640

It was very personal experience.

63

00:06:00,640 --> 00:06:02,640

I didn't want to air-pile it.

64

00:06:02,640 --> 00:06:04,640

It was purely factual, totally ridiculous.

65

00:06:04,640 --> 00:06:06,640

The theory was very important.

66

00:06:06,640 --> 00:06:13,640

And the middle thing gave me a trip.

67

00:06:13,640 --> 00:06:16,640

And then I see that he's very quiet.

68

00:06:16,640 --> 00:06:18,640

I can't resist the rich.

69

00:06:18,640 --> 00:06:20,640

I say, that's right, that's correct.

70

00:06:20,640 --> 00:06:22,640

And somebody's done it to me.

71

00:06:22,640 --> 00:06:24,640

And I told him, very quick.

72

00:06:24,640 --> 00:06:26,640

About, do you have any photos taken?

73

00:06:26,640 --> 00:06:32,640

Well, the only photos that there is available are those that were in both books.

74

00:06:32,640 --> 00:06:35,640

Yeah, I believe any photos taken close up.

75

00:06:35,640 --> 00:06:37,640

Torts of them asked, yes.

76

00:06:37,640 --> 00:06:42,640

No, I think the techniques that others say that take them close has that funding.

77

00:06:42,640 --> 00:06:47,640

Well, because this, what's it called, a TV course, no one has a TV course now.

78

00:06:47,640 --> 00:06:53,640

That radiates from their body as they ship onward, leaves it, like a well-exiled one,

79

00:06:53,640 --> 00:06:58,640

brings the same idea, except not as heavy, that you would try to take pictures too often.

80

00:06:58,640 --> 00:07:00,640

That's about the same way I've said.

81

00:07:00,640 --> 00:07:05,640

I believe that is one way, I think, of tracking a genuine picture.

82

00:07:05,640 --> 00:07:07,640

That's a bit of that.

83

00:07:07,640 --> 00:07:09,640

A lot of that would be on telescopic pictures.

84

00:07:09,640 --> 00:07:11,640

Yeah, but what is that?

85

00:07:11,640 --> 00:07:17,640

The real camera, the stabilized-on thing, the real-stage telescopic pictures are this.

86

00:07:17,640 --> 00:07:22,640

The telephoto-copic pictures were taken at 3500 feet, which we had in the past.

87

00:07:22,640 --> 00:07:26,640

To avoid negative radiation, after the camera, which you can write up close to it,

88

00:07:26,640 --> 00:07:31,640

we had a case like that, with a 52-thousand-of-hones fingers just burned.

89

00:07:31,640 --> 00:07:33,640

Mmm, like that again.

90

00:07:33,640 --> 00:07:37,640

Now we have another question here.

91

00:07:37,640 --> 00:07:40,640

What is there in this?

92

00:07:40,640 --> 00:07:43,640

That's the long life on genius.

93

00:07:43,640 --> 00:07:47,640

Well, long life on geniuses should not be in this field.

94

00:07:47,640 --> 00:07:53,640

Only two years ago, down here in San Francisco, the Medical Association had a convention

95

00:07:53,640 --> 00:07:56,640

of what they call a medical instrument.

96

00:07:56,640 --> 00:08:00,640

And they made a statement which is well-published in all our papers down here

97

00:08:00,640 --> 00:08:05,640

that if it wasn't for our consciousness, the human body is in this,

98

00:08:05,640 --> 00:08:07,640

so they could live on for a hundred years.

99

00:08:07,640 --> 00:08:09,640

Right here, there's no...

100

00:08:09,640 --> 00:08:12,640

Well, consciousness covers a lot of these fields.

101

00:08:12,640 --> 00:08:17,640

Well, they found out, now, exactly what's called this in that old age,

102

00:08:17,640 --> 00:08:22,640

that the cell is a little living in the digital which passes out.

103

00:08:22,640 --> 00:08:24,640

That's right, matter.

104

00:08:24,640 --> 00:08:30,640

When it gets old, it's rarely for treatments to carry away this waste product

105

00:08:30,640 --> 00:08:33,640

so everybody's clung out a minute.

106

00:08:33,640 --> 00:08:39,640

Now, they can find out in their own injection or a frequency treatment

107

00:08:39,640 --> 00:08:43,640

that will clear up this toxic treatment.

108

00:08:43,640 --> 00:08:46,640

There, we have a three-year-old man that's in the U.S.

109

00:08:46,640 --> 00:08:51,640

that has come alive to go behind the divinity and found with it.

110

00:08:51,640 --> 00:08:54,640

Well, it's because the young man, when we grow intelligently,

111

00:08:54,640 --> 00:08:58,640

we should be growing intelligently by daily living anyways.

112

00:08:58,640 --> 00:09:03,640

We should ask the sponsor to wire our daily lives from time to time.

113

00:09:03,640 --> 00:09:05,640

I would say something like this.

114

00:09:05,640 --> 00:09:08,640

Let's look at the picture of life.

115

00:09:08,640 --> 00:09:10,640

Just life itself, that's life.

116

00:09:10,640 --> 00:09:13,640

No one needs... no one doesn't.

117

00:09:13,640 --> 00:09:16,640

Of course, then, when you live, the proper method of life

118

00:09:16,640 --> 00:09:19,640

we've got is push for us to learn and live.

119

00:09:19,640 --> 00:09:21,640

We will not know anything, Peter.

120

00:09:21,640 --> 00:09:25,640

And these people have learned that, yet we also see now, Bible,

121

00:09:25,640 --> 00:09:30,640

where Matushra has lived 900-some-months of years of some time and so forth.

122

00:09:30,640 --> 00:09:33,640

Now, there's a speaking here of the King of Race.

123

00:09:33,640 --> 00:09:36,640

Well, it's quite possible and quite logical to assume

124

00:09:36,640 --> 00:09:40,640

that when there's a cloud formation casted over the earth,

125

00:09:40,640 --> 00:09:42,640

no one has a permanent or something like that,

126

00:09:42,640 --> 00:09:46,640

that we're still set out, some of the deadly race that we know nothing about yet,

127

00:09:46,640 --> 00:09:50,640

that our bodies are not accustomed to the orcs that they are to absorb.

128

00:09:50,640 --> 00:09:53,640

And right now, we haven't got that.

129

00:09:53,640 --> 00:09:56,640

As they had it in those days, when they speak in the Bible,

130

00:09:56,640 --> 00:09:59,640

those long years of life and so forth,

131

00:09:59,640 --> 00:10:02,640

naturally those race maybe are affecting us.

132

00:10:02,640 --> 00:10:05,640

But who is to say that we continue that way?

133

00:10:05,640 --> 00:10:10,640

Because sometimes, that our bodies might not be just in reverse and go on and on again.

134

00:10:10,640 --> 00:10:13,640

But this is a much better way we expect,

135

00:10:13,640 --> 00:10:16,640

to make radiation, we may set up tension.

136

00:10:16,640 --> 00:10:19,640

That's just an ancient, and here in the Indian,

137

00:10:19,640 --> 00:10:24,640

it looks, here is the shell of man's concrete toxic acid in his nails.

138

00:10:24,640 --> 00:10:28,640

And that's who to play that mind, who receives it.

139

00:10:28,640 --> 00:10:29,640

That's right.

140

00:10:29,640 --> 00:10:33,640

But you see, as far as these races are concerned right now,

141

00:10:33,640 --> 00:10:35,640

actually they would do more damage to us.

142

00:10:35,640 --> 00:10:38,640

That even the normal race would do us more damage,

143

00:10:38,640 --> 00:10:42,640

pounding against our bodies, because sometimes the Earth person

144

00:10:42,640 --> 00:10:44,640

relaxes even going to bed today.

145

00:10:44,640 --> 00:10:46,640

They weren't in a high state of their tension,

146

00:10:46,640 --> 00:10:48,640

and as more tense as they are,

147

00:10:48,640 --> 00:10:52,640

the greater resistance they put up to the race that one can't probably have not known.

148

00:10:52,640 --> 00:10:55,640

Because it'll go back to 1910, for instance,

149

00:10:55,640 --> 00:10:58,640

was the world's hard, but they also played these races.

150

00:10:58,640 --> 00:11:01,640

And it was quite relaxed, but when they left the business house,

151

00:11:02,640 --> 00:11:04,640

they went to bed, they were relaxed.

152

00:11:04,640 --> 00:11:06,640

But today they don't relax even in bed.

153

00:11:06,640 --> 00:11:11,640

Now here we have another question, regarding their large ships.

154

00:11:11,640 --> 00:11:16,640

How do the archipelagoes go from one to another,

155

00:11:16,640 --> 00:11:17,640

and to another?

156

00:11:17,640 --> 00:11:19,640

Very good question, I shall answer.

157

00:11:19,640 --> 00:11:23,640

A big large ship, which we have yet not given the information out,

158

00:11:23,640 --> 00:11:28,640

which I have, that are larger than anything is then given to the public

159

00:11:28,640 --> 00:11:31,640

of trying to space and never come close to work.

160

00:11:31,640 --> 00:11:34,640

And even those that are what we call large,

161

00:11:34,640 --> 00:11:36,640

you don't have to walk in them.

162

00:11:36,640 --> 00:11:37,640

They've got room, convenience,

163

00:11:37,640 --> 00:11:40,640

you want to make many trails that take you from place to place,

164

00:11:40,640 --> 00:11:43,640

and from level to level in those ships.

165

00:11:43,640 --> 00:11:47,640

It's the same as our elevators do as well as tracks down

166

00:11:47,640 --> 00:11:49,640

from one end to the other.

167

00:11:49,640 --> 00:11:52,640

They do not do too much walking down the bay,

168

00:11:52,640 --> 00:11:54,640

very much in exercise.

169

00:11:55,640 --> 00:12:00,640

Now we have another statement here, a question to be answered.

170

00:12:00,640 --> 00:12:04,640

Bibles do explain not to believe in flying saucers.

171

00:12:04,640 --> 00:12:07,640

Of course I can understand that very easily.

172

00:12:07,640 --> 00:12:10,640

I contact a lot of them, because they don't know their Bible,

173

00:12:10,640 --> 00:12:12,640

that's why they don't believe in it.

174

00:12:12,640 --> 00:12:15,640

But as they say, as a motorist they found a Bible,

175

00:12:15,640 --> 00:12:17,640

yeah, somebody will do that.

176

00:12:17,640 --> 00:12:23,640

And he says, there's a Bible that doesn't mention them.

177

00:12:23,640 --> 00:12:27,640

Well, actually, we don't mention it.

178

00:12:27,640 --> 00:12:31,640

Year after year we keep changing names for some of the one things,

179

00:12:31,640 --> 00:12:33,640

and different each time.

180

00:12:33,640 --> 00:12:35,640

So under times of the biblical history,

181

00:12:35,640 --> 00:12:37,640

well, they were called something else.

182

00:12:37,640 --> 00:12:39,640

They were called clouds.

183

00:12:39,640 --> 00:12:40,640

They were called birds.

184

00:12:40,640 --> 00:12:44,640

For example, let us put this on the Bible in the comic,

185

00:12:44,640 --> 00:12:45,640

which is one.

186

00:12:45,640 --> 00:12:51,640

It's the chapter one, which is 2,555 years ago, it happened.

187

00:12:51,640 --> 00:12:55,640

Actually, it happened 555 years before the birth of Jesus.

188

00:12:55,640 --> 00:12:57,640

Well, far away on it.

189

00:12:57,640 --> 00:12:59,640

But it was written at that time, or the record,

190

00:12:59,640 --> 00:13:02,640

we find here that he called it creatures.

191

00:13:02,640 --> 00:13:05,640

Today we're called the same thing, flying saucers or spaceships.

192

00:13:05,640 --> 00:13:07,640

But he describes the wheel within a wheel.

193

00:13:07,640 --> 00:13:09,640

That kind of wheel, and the wheel within a wheel.

194

00:13:09,640 --> 00:13:10,640

That's right.

195

00:13:10,640 --> 00:13:12,640

How's the wheel, that's right.

196

00:13:12,640 --> 00:13:14,640

Oh, yes, they should look after these.

197

00:13:14,640 --> 00:13:16,640

Why, sir, there are 300 and 20 cases in the Bible,

198

00:13:16,640 --> 00:13:20,640

but today it's named flying saucer or spaceship.

199

00:13:20,640 --> 00:13:22,640

Yes, another guy in the Italian area.

200

00:13:22,640 --> 00:13:24,640

Yeah, and it appeared a different guy.

201

00:13:24,640 --> 00:13:27,640

So the Bible student, if he doesn't believe that,

202

00:13:27,640 --> 00:13:29,640

because he doesn't know his Bible.

203

00:13:29,640 --> 00:13:31,640

But if he studies his Bible, can't believe,

204

00:13:31,640 --> 00:13:38,640

he will find 350 cases of rubbish to what we can turn to the flying saucer or spaceship.

205

00:13:38,640 --> 00:13:41,640

And he might be saying, have a Hebrew Bible there,

206

00:13:41,640 --> 00:13:44,640

a Hebrew comma, they might be original.

207

00:13:44,640 --> 00:13:48,640

And see that how near the original in Hebrew,

208

00:13:48,640 --> 00:13:54,640

and his English, and the various English translations.

209

00:13:54,640 --> 00:13:59,640

Yeah, describes the healthy life and the great knowledge of the wheel

210

00:13:59,640 --> 00:14:01,640

going off into the sky.

211

00:14:01,640 --> 00:14:03,640

And the description of the saucer.

212

00:14:03,640 --> 00:14:08,640

Now, there's another question here about that.

213

00:14:08,640 --> 00:14:10,640

Well, he's explaining it there, Adam and Eve.

214

00:14:10,640 --> 00:14:12,640

One question there of Adam and Eve.

215

00:14:12,640 --> 00:14:15,640

And he's got quite a public question there for everyone.

216

00:14:15,640 --> 00:14:21,640

Yet we must admit that they have been placed here,

217

00:14:21,640 --> 00:14:25,640

or something has to be, because enough,

218

00:14:25,640 --> 00:14:34,640

well, let's see, there's a statement here in reference to King in his wife.

219

00:14:34,640 --> 00:14:35,640

That's it.

220

00:14:35,640 --> 00:14:36,640

King in his wife.

221

00:14:36,640 --> 00:14:38,640

Well, where is the land of love?

222

00:14:38,640 --> 00:14:42,640

Well, I'm trying to believe my own personal opinion now.

223

00:14:42,640 --> 00:14:45,640

I'm trying to believe then that land of love almost means

224

00:14:45,640 --> 00:14:49,640

like a land of nothing which might be up there in the sky.

225

00:14:49,640 --> 00:14:52,640

We don't know because we assume that to be nothing in it,

226

00:14:52,640 --> 00:14:54,640

and we don't understand.

227

00:14:54,640 --> 00:14:55,640

That's what's great.

228

00:14:55,640 --> 00:14:59,640

And that is where Adam and Eve come from.

229

00:14:59,640 --> 00:15:03,640

We are to, you explained the Adamian question.

230

00:15:03,640 --> 00:15:05,640

Well, this is interesting, Joe.

231

00:15:05,640 --> 00:15:09,640

The Adamian may have been the first native earth people.

232

00:15:09,640 --> 00:15:13,640

And because it was first to first raise this,

233

00:15:13,640 --> 00:15:15,640

because King says there's currently earth,

234

00:15:15,640 --> 00:15:18,640

because any change of a week may kill them.

235

00:15:18,640 --> 00:15:21,640

Yes, my king, but our race is running around.

236

00:15:21,640 --> 00:15:26,640

Well, the Adamian may be the symbol of the first purely earth.

237

00:15:26,640 --> 00:15:30,640

Yes, that is quite possible, and that's the way I'd rather take it too.

238

00:15:30,640 --> 00:15:31,640

I mean, look at America.

239

00:15:31,640 --> 00:15:34,640

The native Americans, the Indians, the Indians here,

240

00:15:34,640 --> 00:15:38,640

and then you have these white people coming in for this ship.

241

00:15:38,640 --> 00:15:42,640

And another world, the other world, coming up in your world.

242

00:15:42,640 --> 00:15:46,640

Now they've made it together, and they've hired the old America.

243

00:15:46,640 --> 00:15:49,640

They've had a legend in the way of two distinct races.

244

00:15:49,640 --> 00:15:52,640

Yes, the various types of styles of gods,

245

00:15:52,640 --> 00:15:54,640

the kid I took to the door was a man,

246

00:15:54,640 --> 00:15:57,640

and the David man was a celestial race, a space race,

247

00:15:57,640 --> 00:16:01,640

and the cure they'd put it to the wall of the river.

248

00:16:01,640 --> 00:16:06,640

Well, there you see, I have a statement here that was published

249

00:16:06,640 --> 00:16:12,640

in the Tandy Eagle Rancher magazine that comes out every two to one,

250

00:16:12,640 --> 00:16:13,640

seven, three months.

251

00:16:13,640 --> 00:16:17,640

It was amazing to read down here that even down the only low-wage summer,

252

00:16:17,640 --> 00:16:22,640

Mount Hamilton is just coming here, St. Marcus,

253

00:16:22,640 --> 00:16:26,640

but it's because the Indians were brought in from outer space,

254

00:16:26,640 --> 00:16:30,640

landed on this mountain, and then these people

255

00:16:30,640 --> 00:16:34,640

had brought him in, distributed him, and took him around the territory.

256

00:16:34,640 --> 00:16:36,640

Now, whether that be true or not, we don't know,

257

00:16:36,640 --> 00:16:40,640

but at least that's been carried down in his victory course as well,

258

00:16:40,640 --> 00:16:42,640

and that needs to be written out.

259

00:16:42,640 --> 00:16:46,640

When he's sent in, maybe a race-nation, which is the same thing.

260

00:16:46,640 --> 00:16:48,640

But if you get back to the fundamental,

261

00:16:48,640 --> 00:16:52,640

if man is an external kind of space being

262

00:16:52,640 --> 00:16:57,640

actually moving through the universe, developing, then it's here you will get

263

00:16:57,640 --> 00:17:00,640

space when you're coming in, migrants, immigrants,

264

00:17:00,640 --> 00:17:05,640

and then you will get naked, writing out the development from the lower kingdom.

265

00:17:05,640 --> 00:17:08,640

And if that's God, it is partly right,

266

00:17:08,640 --> 00:17:11,640

and the space man's not just partly right,

267

00:17:11,640 --> 00:17:13,640

because men, they're...

268

00:17:14,640 --> 00:17:19,640

Yeah, well, I'm trying to answer this question here.

269

00:17:19,640 --> 00:17:24,640

Mr. Brigwell, this space people have told me this.

270

00:17:24,640 --> 00:17:31,640

Just as the cells in a human body die and others are born,

271

00:17:31,640 --> 00:17:36,640

to keep that body going to take that place as they die,

272

00:17:36,640 --> 00:17:42,640

others are born, we find that the universe is the same.

273

00:17:42,640 --> 00:17:46,640

There are many planets there that are on the basis of this integration,

274

00:17:46,640 --> 00:17:51,640

like Alphonse, at the beginning, and then things, others are coming out.

275

00:17:51,640 --> 00:17:54,640

And while there's not a possible situation,

276

00:17:54,640 --> 00:17:58,640

but it's a volunteer system, to also understand

277

00:17:58,640 --> 00:18:02,640

that people who died from other planets,

278

00:18:02,640 --> 00:18:04,640

who populated new planets in the years ago,

279

00:18:04,640 --> 00:18:07,640

and just the same as probably just one planet,

280

00:18:07,640 --> 00:18:09,640

more like the American planet,

281

00:18:09,640 --> 00:18:12,640

where the people from Europe, probably from other parts of America,

282

00:18:12,640 --> 00:18:15,640

have not come in this way and populated a little Europe,

283

00:18:15,640 --> 00:18:22,640

and fulfilled a very big part of the divine sense that drives the world.

284

00:18:22,640 --> 00:18:26,640

Man seeks to be the keeper of Father's garden.

285

00:18:26,640 --> 00:18:29,640

This is one of the Father's gardens I would put it that way.

286

00:18:29,640 --> 00:18:35,640

Yeah, so I would say that a room is to say where they come from,

287

00:18:35,640 --> 00:18:38,640

and me a fact that King God's wife comes from place,

288

00:18:38,640 --> 00:18:40,640

there was somebody there, besides,

289

00:18:40,640 --> 00:18:44,640

I had to produce this wife to bring her wife into manifestation.

290

00:18:44,640 --> 00:18:54,640

Then as we go along, Alphonse, they were escorted where the sons of God came down

291

00:18:54,640 --> 00:18:57,640

and took on to the child's daughters of men.

292

00:18:57,640 --> 00:19:01,640

Well alright, maybe at that time there was some more God Alphonse,

293

00:19:01,640 --> 00:19:07,640

which is an expression that they were able to address my great from one planet to another,

294

00:19:07,640 --> 00:19:14,640

and take on by that planetary ideas and as well as in the very...

295

00:19:14,640 --> 00:19:18,640

Yeah, so what prevents them from taking place today?

296

00:19:18,640 --> 00:19:20,640

And you cannot travel as a rhythm,

297

00:19:20,640 --> 00:19:25,640

and then passive gelatin was one of the sacred esoteric books

298

00:19:25,640 --> 00:19:28,640

in the early days that was never read publicly,

299

00:19:28,640 --> 00:19:34,640

and it was kept under tabernacle because it written more of a formula than a concrete statement.

300

00:19:34,640 --> 00:19:38,640

The letter that it became public and was read as a formula

301

00:19:38,640 --> 00:19:44,640

with interpretation happened just from this beginning when the power was given

302

00:19:44,640 --> 00:19:48,640

that the Bible felt that a concrete fact was still being explained.

303

00:19:48,640 --> 00:19:53,640

They were formulaed with a deep truth inside that drive.

304

00:19:53,640 --> 00:20:02,640

So it was generally said that today it means a great concrete period and a great mass grave is highly scientific.

305

00:20:02,640 --> 00:20:08,640

You see, what we overreacted with, we ignored Jesus speaking,

306

00:20:08,640 --> 00:20:12,640

and on these grounds, Jesus even said to his disciples,

307

00:20:12,640 --> 00:20:17,640

which was already meant to understand his position and services,

308

00:20:17,640 --> 00:20:22,640

really, in the render, and he said, I think you would milk him, not with any,

309

00:20:22,640 --> 00:20:25,640

because they easily liked it, he could take to the church,

310

00:20:25,640 --> 00:20:30,640

and amount of information, but then any other information they could not get.

311

00:20:30,640 --> 00:20:34,640

And we are in that period today, so as we went further, you remember,

312

00:20:34,640 --> 00:20:38,640

they asked to tell many other things, but they were not to reveal them.

313

00:20:38,640 --> 00:20:41,640

That's right, they tell them a lot of times in the nation,

314

00:20:41,640 --> 00:20:44,640

and they knew they couldn't give out conflicts.

315

00:20:44,640 --> 00:20:47,640

That's right, but the church has kept that.

316

00:20:47,640 --> 00:20:51,640

Well, it's amazing, though, that the brothers,

317

00:20:51,640 --> 00:20:53,640

for whom I have spent much time,

318

00:20:53,640 --> 00:20:59,640

and given forces, well, spoke and got many much more material yet,

319

00:20:59,640 --> 00:21:03,640

have told me things like that, too, told me that I would reveal this to the public,

320

00:21:03,640 --> 00:21:07,640

who would not be able to accept this, as easy as they should,

321

00:21:07,640 --> 00:21:10,640

and surely they think that something would not at all.

322

00:21:10,640 --> 00:21:15,640

And it would be more a very cascaded enemy,

323

00:21:15,640 --> 00:21:17,640

so I had to keep a lot of things back.

324

00:21:17,640 --> 00:21:18,640

I can understand that.

325

00:21:18,640 --> 00:21:23,640

You can see it all, too, I mean, there are still people in the same side,

326

00:21:23,640 --> 00:21:25,640

that have got some that shade.

327

00:21:25,640 --> 00:21:29,640

It's Matthias, Lucy, and Alice, who see your face on the air.

328

00:21:29,640 --> 00:21:33,640

But I'd like to know how would I put the rest of it?

329

00:21:33,640 --> 00:21:36,640

Matthias, the camera, to take the picture of the face out.

330

00:21:36,640 --> 00:21:42,640

Yes, I did know that a man for that kind of powers to be able to hypnotize a telomere.

331

00:21:42,640 --> 00:21:47,640

And certainly to produce a person with excess of space is taken to a clinic,

332

00:21:47,640 --> 00:21:51,640

as their names are, but it is not much of a trick.

333

00:21:51,640 --> 00:21:55,640

Now, a lot of people are asking me the question,

334

00:21:55,640 --> 00:22:00,640

why are you keeping the secret, the name of the name you mentioned,

335

00:22:00,640 --> 00:22:03,640

which is, I guess, in your book?

336

00:22:03,640 --> 00:22:07,640

Why do you keep this secret, well, after all?

337

00:22:07,640 --> 00:22:13,640

What do we give a word of trust to our fellow beings?

338

00:22:13,640 --> 00:22:16,640

We should be big enough to keep it,

339

00:22:16,640 --> 00:22:22,640

if I do that process, because I have never yet revealed

340

00:22:22,640 --> 00:22:27,640

the name of any man that would empathize with position.

341

00:22:27,640 --> 00:22:33,640

I have been getting information from our God-born good forces,

342

00:22:33,640 --> 00:22:38,640

the cause of it, and because I kept my word,

343

00:22:38,640 --> 00:22:40,640

where the people are like Jesus too,

344

00:22:40,640 --> 00:22:45,640

and they want more definite answers and concrete and something harm-eventory nature.

345

00:22:45,640 --> 00:22:51,640

Well, I just wish sometimes that I could, but I do hate to break the trust,

346

00:22:51,640 --> 00:22:55,640

which is great to me, as I do hate to break the pain trust,

347

00:22:55,640 --> 00:22:57,640

to do something that people say,

348

00:22:57,640 --> 00:23:02,640

but why don't you just, not a picture of a space man raised that day for you,

349

00:23:02,640 --> 00:23:05,640

when I keep breaking the trust, it breaks to me.

350

00:23:05,640 --> 00:23:09,640

If he's told me, well, now I'm ready, you can take my gift, I'll do it,

351

00:23:09,640 --> 00:23:13,640

but if he tells me not to, I'm sure he's not going to do it.
