

1

00:00:00,000 --> 00:00:02,000

You

2

00:00:30,000 --> 00:00:40,000

are about to hear the first in the series of tape recorded lectures by Mr. George Adams.

3

00:00:40,000 --> 00:00:47,000

While these lectures do not pretend to solve all of the mysteries surrounding the flying saucers,

4

00:00:47,000 --> 00:00:55,000

it is our hope to bring you a little closer to the truth about the spacecraft and their appearance in our own world.

5

00:00:56,000 --> 00:01:02,000

Mr. George Adams is well known for his two books written on the subject of the flying saucers.

6

00:01:02,000 --> 00:01:13,000

His first book, published in 1953, was titled Flying Saucers Have Landed and was co-authored by Mr. Desmond Leslie.

7

00:01:13,000 --> 00:01:20,000

While the second book, published in 1955, is called Inside the Spaceships.

8

00:01:20,000 --> 00:01:29,000

This first lecture is of current interest as it covers Mr. Adams's analysis of the statement recently made by Mr. Donald Quarles,

9

00:01:29,000 --> 00:01:39,000

Secretary of the Air Force. In his public statement, the Secretary said that the sighting of so-called flying saucers were mere illusions.

10

00:01:39,000 --> 00:01:49,000

Mr. Quarles' statement has caused a great deal of comment and controversy and view of the fact that about 28% of all reported sightings

11

00:01:49,000 --> 00:01:56,000

have been made by pilots of the Air Force. Many people are now wondering if Mr. Quarles mean to infer

12

00:01:56,000 --> 00:02:02,000

that the defense of our nation is in the hands of men afflicted with illusions.

13

00:02:02,000 --> 00:02:06,000

And now, ladies and gentlemen, Mr. George Adamsky.

14

00:02:07,000 --> 00:02:15,000

This is November the 8th, 1955. George Adamsky speaking.

15

00:02:15,000 --> 00:02:29,000

I will try to analyze the recent announcement by the Secretary of the Air Force where he states that there is no such a thing as flying saucers.

16

00:02:29,000 --> 00:02:43,000

We are basically on one thing, and that is that we are having one that will soon be flying and not to mistake this one for flying saucers.

17

00:02:43,000 --> 00:02:55,000

Yet it leaves percentages there of non-identified objects, which gives plenty room for spaceships to be there.

18

00:02:55,000 --> 00:03:03,000

Now, as far as the flying saucer is concerned, that was a wrong name given to them in the first place.

19

00:03:03,000 --> 00:03:19,000

It should have been called in the planetary or spacecraft or we might say spaceships, as they should have been called in the beginning.

20

00:03:19,000 --> 00:03:32,000

So we're trying to analyze this condition and we'd like to find out here what is the reason that they keep telling the people things like these

21

00:03:32,000 --> 00:03:37,000

and keep confusing them all the time instead of telling them the truth.

22

00:03:37,000 --> 00:03:52,000

For an example, right after the announcement was made by the Secretary of the Air Force, clipping came to me from Australia.

23

00:03:52,000 --> 00:03:55,000

And I will quote this clipping.

24

00:03:55,000 --> 00:03:59,000

Sky saucers cause a big scare in the city.

25

00:03:59,000 --> 00:04:06,000

Hundreds of people saw a flying saucer over Melbourne late last night.

26

00:04:06,000 --> 00:04:18,000

Homegoing theater crowds stopped in depth as the saucer drifted slowly down and across the busy Collins Street towards Victoria Dock.

27

00:04:18,000 --> 00:04:31,000

Switchboards and police and airlines and weather bureaus were jammed as inquiries came in about the huge object in the sky.

28

00:04:31,000 --> 00:04:40,000

Now, I'm sure that we have not built enough of these ships yet to be flying them all over the world.

29

00:04:40,000 --> 00:04:51,000

Then on top of that comes another from the Greensbury Daily News and this happened to be on October the 27th.

30

00:04:51,000 --> 00:04:54,000

And here's the start of it.

31

00:04:54,000 --> 00:05:10,000

Quote, Angel Hair falls at what set where flying saucers overhead, seen by 120 schoolchildren and teachers and principals.

32

00:05:10,000 --> 00:05:21,000

And I have a picture here of this paper showing that where these groups are standing and looking up into the sky and pointing to the sky.

33

00:05:21,000 --> 00:05:32,000

Now, the Angel Hail hair, according to this article, have fallen all around the school grounds in also adjoining property.

34

00:05:32,000 --> 00:05:40,000

All sorts of next birds have picked up this hair and trying to analyze it for what it was.

35

00:05:40,000 --> 00:05:47,000

It looked like cotton candy, they say here, and all sorts of ideas.

36

00:05:47,000 --> 00:05:55,000

But the experts after analyzing this fiber could not find out what it was.

37

00:05:55,000 --> 00:05:57,000

They are still puzzled to this day.

38

00:05:57,000 --> 00:06:04,000

That's including the Air Force experts and many other types of scientists in this field.

39

00:06:04,000 --> 00:06:08,000

Now, let us ask ourselves a question here.

40

00:06:08,000 --> 00:06:19,000

If these were our ships and there were ten of them, according to this article flying around here, from 2.45 to 3.10 in the afternoon,

41

00:06:19,000 --> 00:06:30,000

then the Air Force should know what was dropped out of the ships that appeared on the ground as Angel Hair.

42

00:06:30,000 --> 00:06:33,000

Yet they themselves are puzzled.

43

00:06:33,000 --> 00:06:36,000

Are they not contradicting themselves here?

44

00:06:36,000 --> 00:06:38,000

I think they are.

45

00:06:38,000 --> 00:06:45,000

On one hand they said there is no flying saucers, then suddenly ten of them appear over this little town,

46

00:06:45,000 --> 00:06:56,000

and thanks to the little papers that do publicize those things because our big papers, radios and TV, do not carry it on a large scale as they used to,

47

00:06:56,000 --> 00:07:03,000

something has closed them out, or someone, yet these little papers do.

48

00:07:03,000 --> 00:07:08,000

But mere fact that these things have dropped, the Air Force should have known what they were,

49

00:07:08,000 --> 00:07:17,000

and they are just as much puzzled as any part, which is a total contradiction to their statement

that there is no such a thing as flying saucers.

50

00:07:17,000 --> 00:07:26,000

Then we go on here with another article, and that is, we have a quotation or an article from a paper here,

51

00:07:26,000 --> 00:07:31,000

Los Angeles Herald Express, October the 8th, 1955.

52

00:07:31,000 --> 00:07:43,000

This of course has been publicized throughout the nation, and I understand also that it had been on the radio and on TV at that time,

53

00:07:43,000 --> 00:07:48,000

and this was on October the 8th, as I stated, so I'll quote,

54

00:07:48,000 --> 00:07:59,000

MacArthur foresees war of the worlds, that's the title of it, and it's released from New York.

55

00:07:59,000 --> 00:08:10,000

This mayor, a celly layout of Naples, Italy, though no one spelled that name correctly or not,

56

00:08:10,000 --> 00:08:20,000

came away from 45-minute chat with General Douglas MacArthur, quoting the predictions that future wars would be interplanetary,

57

00:08:20,000 --> 00:08:25,000

rather than between nations on earth.

58

00:08:25,000 --> 00:08:31,000

The mayor says the general thinks that another war would be a double suicide,

59

00:08:31,000 --> 00:08:38,000

and that there is enough sense on both sides of the iron curtain to avoid it.

60

00:08:38,000 --> 00:08:46,000

However, the mayor says, added, MacArthur foresees trouble from out of space.

61

00:08:46,000 --> 00:08:56,000

He believes that because of the development of science, all the countries on earth will have to unite to survive,

62

00:08:56,000 --> 00:09:06,000

and to make common front against the attack by people from other planets, the Italian mayor reported.

63

00:09:06,000 --> 00:09:20,000

MacArthur should really know what he's talking about, that is, as far as the ships in planets are concerned,

64

00:09:20,000 --> 00:09:27,000

for he was the general, and he is the second top general in the nation, do not forget,

65

00:09:27,000 --> 00:09:32,000

and should have the information direct.

66

00:09:32,000 --> 00:09:43,000

For while the Korean conflict was going on, I had many reports sent to me by boys that I've known before they went to Korea,

67

00:09:43,000 --> 00:09:51,000

and then when they come back, that sources have been seen over the battlefields of Korea.

68

00:09:51,000 --> 00:09:57,000

Many, many times, naturally, the general would be in pawned out of them.

69

00:09:57,000 --> 00:10:07,000

Therefore, you would have firsthand information, and near fact that he makes this statement,

70

00:10:07,000 --> 00:10:19,000

proves one thing that our officials do know that these flying saucers, if they are called, I'd rather call them spaceships,

71

00:10:20,000 --> 00:10:33,000

are piloted by intelligence, such as our own, for non-pilotate or indeed ship could not wage war, could it?

72

00:10:33,000 --> 00:10:35,000

Ask yourself that question.

73

00:10:35,000 --> 00:10:45,000

The same is true, is an admission by an official that is in position to know these things,

74

00:10:45,000 --> 00:10:55,000

that the planets must be inhabited since they were coming from some place out of space, and that we could wage war against them.

75

00:10:55,000 --> 00:11:05,000

So then the planets must be inhabited, or you cannot wage a war against an empty planet or an against the empty ship, could you?

76

00:11:05,000 --> 00:11:06,000

Very well.

77

00:11:06,000 --> 00:11:13,000

While I don't support this statement on the basis of war, I don't believe there'll ever be such a war,

78

00:11:13,000 --> 00:11:21,000

because with all my experience, and I have plenty of them, whether the public believes it or not, it makes no difference to me.

79

00:11:21,000 --> 00:11:23,000

I know what I experienced.

80

00:11:23,000 --> 00:11:35,000

I have found no such a desire on those who I have contacted or ever gotten any report from other contacts,

81

00:11:35,000 --> 00:11:43,000

and they have been a large number of personal contacts throughout the world.

82

00:11:43,000 --> 00:11:48,000

We are not the first ones to have made the contact.

83

00:11:48,000 --> 00:11:55,000

They were contacts previous to mine, they were contacts many of them since I made mine.

84

00:11:55,000 --> 00:12:11,000

And at no place, at no report has yet been brought to me showing where they were aggressive in any way or was hostile in any manner to us.

85

00:12:11,000 --> 00:12:15,000

So I doubt whether such a war could ever take place.

86

00:12:15,000 --> 00:12:30,000

But nevertheless, near fact that General Bacocker had made this statement, is one thing that comes from an official dome in a sense, while he may be not right there in the Pentagon.

87

00:12:30,000 --> 00:12:34,000

He still is the big boy.

88

00:12:34,000 --> 00:12:55,000

And near fact that he made this statement is an admission that these ships are coming from out of space, and like any military man, would be speculating that sometime in the future they might become hostile, and we might have to have a war with them.

89

00:12:55,000 --> 00:13:06,000

That's natural for a military man to speculate that way, but before he can speculate that way, he must be fairly sure that there's somebody to fight.

90

00:13:06,000 --> 00:13:17,000

And this admission here is proof that he knows something more than the public knows since he does speculate on such a war.

91

00:13:17,000 --> 00:13:19,000

That ought to be enough.

92

00:13:19,000 --> 00:13:22,000

What is there for us going to say to this?

93

00:13:22,000 --> 00:13:25,000

Are they ready to back it up or deny him?

94

00:13:25,000 --> 00:13:33,000

Are they ready to back up their statement or deny it that they should know something about the angel hair?

95

00:13:33,000 --> 00:13:41,000

Since they claim it's our ships, if it's our wisdom, they should not have any trouble in analyzing the angel hair.

96

00:13:41,000 --> 00:13:43,000

Still, they haven't analyzed it.

97

00:13:43,000 --> 00:14:03,000

Then we have another statement here where they have actually told us in plain English, in Good American, that they have photographed, that they have contacted, and that they have identified the flying saucers of the sky.

98

00:14:03,000 --> 00:14:28,000

This particular statement came through, was published in San Diego Union on the sixth day, on the sixth month, 26th day of year 54, and was released by North American Newspaper Alliance, Washington, D.C.

99

00:14:29,000 --> 00:14:48,000

U.S. defense officials are baffled by reoccurring reports that an unidentified object, including one that dived to the bottom of the dot bottom and never came up, had been spotted off a boat, east and west coast.

100

00:14:49,000 --> 00:15:00,000

Siding radar, signal, contacts of the objects, boat on and under the surface have sent the Navy killer teams.

101

00:15:00,000 --> 00:15:25,000

This particular statement came through, was published in San Diego Union on the sixth day, on the sixth month, 26th day of year 54, and was released by North American Newspaper Alliance, Washington, D.C.

102

00:15:25,000 --> 00:15:45,000

U.S. defense officials are baffled by reoccurring reports that an unidentified object, including one that dived to the bottom of the dot bottom and never came up, had been spotted off a boat, east and west coast.

103

00:15:46,000 --> 00:16:09,000

Siding radar, signal, contacts of the objects, boat on and under the surface have sent the Navy killer teams off planes and ships rushing to the points sometimes joined by the Coast Guard craft, including helicopters and by the Air Force.

104

00:16:09,000 --> 00:16:19,000

Now they go on here discussing the Soviet Union's sudden rains, which they finally eliminated from this article saying it couldn't been them.

105

00:16:20,000 --> 00:16:33,000

And go on to say then further, the report have produced an emplacifying saucer mystery nearly as puzzling as the one touched off by the strange sightings in the sky.

106

00:16:34,000 --> 00:16:42,000

Then we jump as they do double talk here to the next part that this has something to do with the saucers.

107

00:16:43,000 --> 00:17:01,000

One officer asserted, so far as I know we have not yet photographed nor have we reported nor have we definitely established the nationality of any of these undersea contacts.

108

00:17:02,000 --> 00:17:06,000

Let us consider these statements now.

109

00:17:07,000 --> 00:17:23,000

Since they admit that they have not photographed and not ordered it and not identified the nationality of these undersea contacts,

110

00:17:24,000 --> 00:17:39,000

is nothing but an admission that the first statement made in reference to the flying saucers in the sky, the sky mystery, had been photographed.

111

00:17:40,000 --> 00:17:47,000

In contact had been made and in contact could not be made, lesser landing took place.

112

00:17:48,000 --> 00:17:54,000

And identity has been established of the occupants of the ships.

113

00:17:55,000 --> 00:18:07,000

For if they have not, then they would have put the two together and say no contact, no photographs, no identity has been established in either case.

114

00:18:08,000 --> 00:18:10,000

Is not the way we talk?

115

00:18:11,000 --> 00:18:17,000

Yet they omitted the first one, it only had reference to the second one, the undersea one.

116

00:18:18,000 --> 00:18:28,000

Which is an automatic admission that they know all about the sky ones, but they have got to learn something about the sea going ones.

117

00:18:29,000 --> 00:18:35,000

Well, I am wondering what the rock do?

118

00:18:37,000 --> 00:18:39,000

Why such a secrecy?

119

00:18:40,000 --> 00:18:43,000

Drew, they maybe have a very good reason.

120

00:18:44,000 --> 00:18:58,000

Since our Air Force or all of our services of defense are there with a job to do, that in case of an attack they must defend the nation.

121

00:19:01,000 --> 00:19:08,000

So they must always be on alert for anything and everything that might happen.

122

00:19:09,000 --> 00:19:17,000

So far as we know, there have been no hostile acts performed on a part of the visitors from other planets.

123

00:19:18,000 --> 00:19:24,000

But there is a potential, I agree with them, that such a could take place sometimes.

124

00:19:25,000 --> 00:19:27,000

So they are on the alert.

125

00:19:27,000 --> 00:19:39,000

In the meantime, when they let the information out that are true information, they naturally going to get a lot of calls.

126

00:19:40,000 --> 00:19:44,000

Wires, telephone calls, letters to the Pentagon.

127

00:19:45,000 --> 00:19:51,000

Well, like I was, when I was in Washington, I met one man down there that he told me.

128

00:19:52,000 --> 00:20:00,000

He said, it writes all right for the first day or two, but the third or the fourth day sometimes we get a panicky type of letters.

129

00:20:01,000 --> 00:20:06,000

Well, when we get that, we have to throw anything out there to stop it.

130

00:20:07,000 --> 00:20:19,000

Well, maybe they came along in the right time since MacArthur's statement been made on the basis of future wars of other worlds, with other worlds.

131

00:20:19,000 --> 00:20:24,000

Maybe they did get a lot of panicky letters and had to do something about this.

132

00:20:25,000 --> 00:20:26,000

And shut it off.

133

00:20:27,000 --> 00:20:29,000

I don't know. It's possible.

134

00:20:30,000 --> 00:20:36,000

And that's why they made a statement the way they did. I couldn't blame her for that because a panic would be worse than war.

135

00:20:37,000 --> 00:20:42,000

So what is the next thing to be done if people are in that frame of mind?

136

00:20:43,000 --> 00:20:53,000

The next thing to be done would be for our religious leaders of the world to come out with the truth.

137

00:20:54,000 --> 00:21:02,000

And they don't have to crisscross themselves up on a religious basis because their religion teaches that part.

138

00:21:03,000 --> 00:21:19,000

For an example, in Genesis we find in the sixth chapter that the sons of God came down and took on to themselves the daughters of men.

139

00:21:20,000 --> 00:21:24,000

What prevents them from doing this now if they done it then?

140

00:21:25,000 --> 00:21:26,000

Nothing, whatever.

141

00:21:26,000 --> 00:21:31,000

Sky was always considered to be a heaven and God was to be out there.

142

00:21:32,000 --> 00:21:39,000

Alright, then we go and we read where Elijah was taken up in a fiery chariot.

143

00:21:40,000 --> 00:21:49,000

Quite fiery unless there was some kind of a vapor trail or even fire coming out of the ship that took him away.

144

00:21:49,000 --> 00:21:50,000

In the same way.

145

00:21:51,000 --> 00:21:59,000

Then we also find here that Jesus himself said in my father's house of many mansions,

146

00:22:00,000 --> 00:22:03,000

and I go prepare a place for you that you may also be there.

147

00:22:04,000 --> 00:22:06,000

He called us a earth, a mansion also.

148

00:22:07,000 --> 00:22:10,000

He also said he was in the world but none of it.

149

00:22:11,000 --> 00:22:16,000

Now, we've been preaching all of that in our church in the last few years.

150

00:22:16,000 --> 00:22:20,000

Well, we've been preaching all of that in our churches, in our religions.

151

00:22:21,000 --> 00:22:28,000

We told the people that Jesus' body was born of this world, a flesh and blood like yours and mine.

152

00:22:30,000 --> 00:22:34,000

Alright, then when he resurrected that body,

153

00:22:35,000 --> 00:22:42,000

he took that same body with him into heaven which is in the sky.

154

00:22:42,000 --> 00:22:53,000

It is not an admission that a human body born on this world could be taken somewhere else and continue to live once it had a way, didn't it?

155

00:22:54,000 --> 00:22:55,000

Why, of course it is.

156

00:22:56,000 --> 00:22:58,000

Then Elijah proved that same thing.

157

00:22:59,000 --> 00:23:05,000

Now, our spiritual leaders are going to tell us that they were telling us just a little fairy story all this time.

158

00:23:06,000 --> 00:23:10,000

Or are they going to admit what has taken place now to be the truth?

159

00:23:10,000 --> 00:23:14,000

The thing they have been teaching us all this time?

160

00:23:15,000 --> 00:23:20,000

If it happened then, it can happen now and it has been prophesied that it would be after it.

161

00:23:21,000 --> 00:23:23,000

Let's get down to common sense.

162

00:23:24,000 --> 00:23:32,000

Now, if the ministry that's supposed to minister God's truths out to men,

163

00:23:33,000 --> 00:23:43,000

that they make closer to God, comes forth and tells the people the truth about these things that are now happening in these so-called later days,

164

00:23:44,000 --> 00:23:49,000

then the fear that causes panic would soon vanish.

165

00:23:50,000 --> 00:23:53,000

The whole thing would be put on the Rev. side.

166

00:23:53,000 --> 00:24:05,000

In the meantime, our governments of the world, our defense departments in all could relax and come out with the truths they do possess.

167

00:24:06,000 --> 00:24:09,000

And I say they do possess many of them.

168

00:24:10,000 --> 00:24:14,000

A lot better than has ever been published by anybody.

169

00:24:15,000 --> 00:24:24,000

And I must admit here it is the duty of our spiritual leaders to come to the aid of those who would like to give us the truth.

170

00:24:25,000 --> 00:24:40,000

Now, when it comes to denying in it, it's a flat denial, either by an arrow of corporation of Canada, or by any Air Force of the world.

171

00:24:41,000 --> 00:24:47,000

Then I must ask this question, where were they in the biblical periods, both of them?

172

00:24:48,000 --> 00:24:55,000

I was in Canada and I met quite a number of those scientists of that kind of corporation.

173

00:24:56,000 --> 00:25:08,000

And they have published a little article, not the scientists, but the corporation, in the press, kind of knocking the whole thing in the head as we'd call it.

174

00:25:08,000 --> 00:25:12,000

While the rest of the press carried my articles very nicely.

175

00:25:13,000 --> 00:25:22,000

And as things do happen, sometimes unexpected, I was asked to come on the TV program and a government man interviewed me.

176

00:25:23,000 --> 00:25:24,000

And this question was brought up.

177

00:25:25,000 --> 00:25:35,000

The same identical, there was no such a thing as flying saucers, and that's over a year ago, and that what they were flying around was built by Avril.

178

00:25:35,000 --> 00:25:41,000

Well, they hadn't announced yet at that time, and yet they claimed that.

179

00:25:42,000 --> 00:25:46,000

So I asked them right on the TV, what were they doing in the biblical times?

180

00:25:47,000 --> 00:25:50,000

Well, they were really shocked that I would bring that up.

181

00:25:51,000 --> 00:25:53,000

They hadn't the answer for it. Neither has anyone else today.

182

00:25:54,000 --> 00:26:06,000

These things have come and gone and come and gone and seem like they come in times when a man isn't somewhat of a trouble and the world isn't trouble and there's no denial about it.

183

00:26:07,000 --> 00:26:22,000

So friends, I only trying to explain what is taking place that you may realize for yourself in

anguish as you should for yourself to know it.

184

00:26:23,000 --> 00:26:28,000

Directly, by your own analysis, which is the truth.

185

00:26:29,000 --> 00:26:39,000

So we may just drop this case at this point and say, I did the best to analyze this for you.

186

00:26:40,000 --> 00:26:49,000

And you take and study this yourself now and come to your own conclusion or make your own decision, which you want to believe.

187

00:26:50,000 --> 00:26:57,000

True, a lot of people say, well, I believe you. I believe one part of your book. I don't believe the other.

188

00:26:58,000 --> 00:27:04,000

Your experience. Well, they have that privilege. I can make no one believe.

189

00:27:05,000 --> 00:27:11,000

All I can do is express my experience for others that they may believe or disbelieve.

190

00:27:12,000 --> 00:27:25,000

I can only speak for myself. I can only feel my own pains. No matter how well I try to convey them to another, he would not understand if he didn't have them.

191

00:27:26,000 --> 00:27:40,000

And there's millions of people that still are waiting to see this first flying saucer, not alone, have a contact and the experience I had and good many others throughout the world had like experience.

192

00:28:11,000 --> 00:28:13,000

.
