

1

00:00:00,000 --> 00:00:08,760

The next gentleman really needs no introduction. He's well known for the Detroit area. Author

2

00:00:08,760 --> 00:00:16,760

of the flying saucers have landed and inside spaceships. It's my privilege to present Mr.

3

00:00:16,760 --> 00:00:19,760

George Hedamsky, Felly Center, California.

4

00:00:19,760 --> 00:00:35,680

Well, folks, I'm mighty glad to be here, even it was a tough time getting here due to the

5

00:00:35,680 --> 00:00:41,800

storms and one thing another. And I want to tell you, it's more than a pleasure to be here,

6

00:00:42,200 --> 00:00:49,720

you see all these spaces and the interest. And to tell you, for once in all time, that it's a group

7

00:00:49,720 --> 00:00:59,040

interested in knowledge about a space and relationship with all the cosmos, Detroit stands

8

00:00:59,040 --> 00:01:09,560

first. It's the largest, biggest group in the world. And I believe that as it goes on, it's gonna be

9

00:01:09,640 --> 00:01:18,080

even greater. There is no stopping to this. We just begin to unfold slightly. And another thing I

10

00:01:18,080 --> 00:01:25,560

must say, it was Detroit for the Eastern seaboard that have actually started the ballerola in

11

00:01:25,560 --> 00:01:32,400

the beginning. And it's not going to be the last one. You'll always remain first in growth in every

12

00:01:32,440 --> 00:01:39,920

way. The groups that are gathered here together, they are two groups of flying saucers in Detroit.

13

00:01:39,920 --> 00:01:49,360

And while there could be many, regardless, how many they should act and live and work as one,

14

00:01:49,360 --> 00:01:58,960

always as one. Then in that manner, they will do away with sometimes comes to their newcomer as a

15

00:01:59,000 --> 00:02:10,320

confusion, misunderstanding, and growth is stung at that point. The flying saucer project is not a

16

00:02:10,320 --> 00:02:18,120

project of flying saucer of a mechanical device, but rather is a condition that is taking place in

17

00:02:18,120 --> 00:02:32,360

our time that affects the whole world economically, socially, religiously, politically. In every way,

18

00:02:32,360 --> 00:02:41,240

there is not a phase of human life upon this planet that will not be affected. It is already done

19

00:02:41,320 --> 00:02:51,280

so. If the flying saucers were to vanish from sight or appearance, altogether, they would never be

20

00:02:51,280 --> 00:02:58,000

forgotten by this civilization. They could not be forgotten. For this is one thing that did happen,

21

00:02:58,000 --> 00:03:06,680

that few people realize. Even the greatest skeptic on a base to earth today may not come along and

22

00:03:06,680 --> 00:03:14,160

join your group, but he is on a sideline watching the developments. He has been alerted to one thing

23

00:03:14,160 --> 00:03:20,720

that no man on this earth since Christ time had been alerted, and that is that there are other

24

00:03:20,720 --> 00:03:29,960

planets that harm would light equally as this one. And while he doesn't fully accept everything that I

25

00:03:29,960 --> 00:03:38,040

might say, the next dollar says, the potentials are constantly agitating his mind towards

26

00:03:38,040 --> 00:03:46,960

realization that eventually will come, and he knows that. But doing this process, which is the

27

00:03:46,960 --> 00:03:53,840

major part that everyone should be alerted to, and that is this, medically speaking, scientifically

28

00:03:53,880 --> 00:04:03,080

speaking, it has been said that our brain, which is the part of a mind, had been only

29

00:04:03,080 --> 00:04:12,680

activated into about 10%, 90% yet to be developed. 10% development and marvelous things we have done.

30

00:04:12,680 --> 00:04:17,600

Sure, we made mistakes. We're good people. We're not bad people. And give us 10 years,

31

00:04:17,640 --> 00:04:27,360

we'll catch up with Venus if we go the right way. But speaking of the 10% going in 90% yet vacancy

32

00:04:27,360 --> 00:04:33,800

that can be developed, this what you'll notice will be happening. And it's already happening,

33

00:04:33,800 --> 00:04:41,400

not only to those that follow the blind saucer adventure or development, but it's happening to

34

00:04:41,400 --> 00:04:48,720

people that have nothing to do with the saucers, whatever. It's a universal effect. And that is,

35

00:04:48,720 --> 00:04:54,480

these people that don't believe in saucers or haven't given any thought to saucers have been

36

00:04:54,480 --> 00:05:01,320

alerted and spidered themselves with the potential that something might be there. And as a result,

37

00:05:01,320 --> 00:05:06,400

they no longer look to the little earth for all the knowledge that they had been getting from,

38

00:05:06,560 --> 00:05:13,600

and we're looking to the little earth before, the expansion of their mind has taken place to the

39

00:05:13,600 --> 00:05:23,560

cosmos. The potentials of other worlds, inhabitants of other worlds, the geophysical ear, which starts

40

00:05:23,560 --> 00:05:33,760

this month, July the 1st, is also alerted, all in connection together, that the cells that have

41

00:05:33,920 --> 00:05:41,680

been dead in our minds or in our head, there was no use for them. We have not used them,

42

00:05:41,680 --> 00:05:48,280

laid dormant there, till a time came for them to wake up and help along with the others that

43

00:05:48,280 --> 00:05:55,840

have been active. And this is the way it's happening. The interest that is risen in speculative

44

00:05:55,920 --> 00:06:04,320

field or pactual field has caused the brain to expand. Those cells that were silent have become

45

00:06:04,320 --> 00:06:09,840

activated. I get so many reports, that's why I want to speak of this at this moment, I think it's

46

00:06:09,840 --> 00:06:17,200

the proper time. I get so many letters. People say, I've gotten a code system in my mind,

47

00:06:17,520 --> 00:06:27,760

code ticking in my brain, and what is happening? And they don't understand, go somebody who don't

48

00:06:27,760 --> 00:06:32,000

understand, they tell them it's this or that and something else, which is not always right.

49

00:06:33,120 --> 00:06:38,320

You'll be amazed, I have a colonel coming up to me, has happened to him, he's in the Air Force,

50

00:06:38,960 --> 00:06:44,400

and things like that. But what has really taken place? The cells that were dormant

51

00:06:45,360 --> 00:06:53,600

all this time have come to life. That's not all the 90%, it's only maybe half a percent

52

00:06:53,600 --> 00:07:00,080

awake and up beyond that which you've been using. But you have never is a feeling as a mind, have

53

00:07:00,080 --> 00:07:07,440

never been accustomed to that newness. You've been brought up a certain way, now here's a self

54

00:07:07,440 --> 00:07:13,360

opening up and begin to act and you feel it for the first time, you recognize it for the first

55

00:07:13,360 --> 00:07:19,920

time because it's the first time it's an action. And it gives you this falsation system which is

56

00:07:19,920 --> 00:07:27,040

known as Datsun-System. And if you don't understand it, you might place it most any place which would

57

00:07:27,040 --> 00:07:34,000

be the wrong place in each case. Or when you find a case like that, or you should yourself get in

58

00:07:34,000 --> 00:07:39,840

a case of condition like that, and you will, and that's happening everywhere, all you have to do,

59

00:07:40,400 --> 00:07:47,600

put your things on your pulse, and you'll notice the rhythm is the same,

60

00:07:49,840 --> 00:07:56,400

which will prove to you beyond the shadow of any doubt that the activity, the falsation of the

61

00:07:56,400 --> 00:08:01,200

cell is taking place. And while you never know in it before, because it was not active, now it's

62

00:08:01,200 --> 00:08:06,560

active and it's newness to you, and if you didn't know that you'd have, your name is something else.

63

00:08:07,360 --> 00:08:13,840

There's so much of that going on today as a result of knowing of some cases recently happening

64

00:08:13,840 --> 00:08:19,840

that have landed in the psych awards because somebody told them it was something else than

65

00:08:19,840 --> 00:08:27,520

what it really was, and they went on that beam. But that's all it is. Just the same if your finger

66

00:08:27,520 --> 00:08:33,200

had been dead for a long time, you have not felt it and all of a sudden it would come to life,

67

00:08:33,200 --> 00:08:39,200

would make you feel quite strange with it. It began to feel it for a first time after it had been

68

00:08:39,200 --> 00:08:45,040

dead a long time, or somebody that had not been able to walk ever since Burton had suddenly

69

00:08:45,040 --> 00:08:49,200

began to walk would be strange to him. Well the same thing with that cell, that's what it's taking

70

00:08:49,200 --> 00:08:54,960

place, and unless you understand it you can get yourself in an awful mess and many of them have.

71

00:08:56,240 --> 00:09:00,480

So I thought I would speak of it this afternoon on that point because it's very important,

72

00:09:01,040 --> 00:09:06,640

none of us want to go off the beam, and off the beam will not be of any help to the sorcerer

73

00:09:06,640 --> 00:09:12,320

or anything else. You've got to stay with feet on the ground, right solid on the ground, and work

74

00:09:12,320 --> 00:09:19,120

from here up. I like this idea which is in the Bible where it says, swear not by the earth,

75

00:09:19,120 --> 00:09:23,120

for that's the Father's footstool, nor by the heavens, for that is throne.

76

00:09:23,680 --> 00:09:30,800

And so keep your feet on the ground. You are unlimited as far as going above us concerned,

77

00:09:30,800 --> 00:09:36,320

the above is unlimited. But with your feet on the ground and you needn't fear anything,

78

00:09:36,320 --> 00:09:41,280

regardless what state of research you go into, or what you take up. That's one thing I would

79

00:09:41,280 --> 00:09:45,840

like to say at this time, and the rest of it I'll leave it for this evening. Thank you very much.

80

00:09:55,040 --> 00:09:57,840

Thank you Mr. Damksky for a very timely message.
