

1

00:00:00,000 --> 00:00:07,000

I'm a right man job. My guest here is George Oginski.

2

00:00:07,000 --> 00:00:10,000

He's the only of all I'm usually man.

3

00:00:10,000 --> 00:00:14,000

The claims that he's been in trying to stop us and what have you.

4

00:00:14,000 --> 00:00:16,000

Something like the show, though.

5

00:00:16,000 --> 00:00:23,000

A copy of a newspaper that was called out to all of us.

6

00:00:23,000 --> 00:00:30,000

That Mr. Oginski was a guest of the King of the Netherlands,

7

00:00:30,000 --> 00:00:32,000

Julia.

8

00:00:32,000 --> 00:00:38,000

She may not be able to read this, but I have another newspaper over here

9

00:00:38,000 --> 00:00:40,000

who's flipping.

10

00:00:40,000 --> 00:00:44,000

I think this is from one of the American newspapers.

11

00:00:44,000 --> 00:00:47,000

And you can see this on your screen at home.

12

00:00:47,000 --> 00:00:49,000

It's just another one of them.

13

00:00:49,000 --> 00:00:54,000

This is a newspaper that he is a very unusual man

14

00:00:54,000 --> 00:00:58,000

and I think what he has a very unusual story.

15

00:00:58,000 --> 00:01:01,000

George, the very first thing I want to talk about,

16

00:01:01,000 --> 00:01:04,000

the first thing that I'd like to say,

17

00:01:04,000 --> 00:01:09,000

you know, I think about it about some very fantastic stories

18

00:01:09,000 --> 00:01:14,000

such as two flying saucers meeting space people,

19

00:01:14,000 --> 00:01:16,000

flying spaceships and all the like.

20

00:01:16,000 --> 00:01:19,000

One thing that really amazed me,

21

00:01:19,000 --> 00:01:23,000

why did the King of the Netherlands

22

00:01:23,000 --> 00:01:26,000

not to have you as a part of the country

23

00:01:26,000 --> 00:01:31,000

really for this meeting, or are you the man by the way?

24

00:01:31,000 --> 00:01:34,000

Well, I happen to be a lazy John.

25

00:01:34,000 --> 00:01:37,000

He was a little bit of a man while I was in Bistie

26

00:01:37,000 --> 00:01:41,000

asking for a request in twenty-five minutes

27

00:01:41,000 --> 00:01:45,000

which turned out to be two hours except that very after.

28

00:01:45,000 --> 00:01:47,000

And it was sent to one of the group leaders

29

00:01:47,000 --> 00:01:51,000

that was punching my iPhone in Bistie.

30

00:01:51,000 --> 00:01:54,000

And you can read John George's.

31

00:01:54,000 --> 00:01:57,000

Well, I'm not going to read the entire letter here,

32

00:01:57,000 --> 00:02:02,000

but the one paragraph may be of interest.

33

00:02:02,000 --> 00:02:05,000

To be so far back today,

34

00:02:05,000 --> 00:02:10,000

we had a telephone call from our Queen's side secretary.

35

00:02:10,000 --> 00:02:14,000

After that, if we could arrange a private presence

36

00:02:14,000 --> 00:02:19,000

with George Adansky at the palace to meet the Queen.

37

00:02:19,000 --> 00:02:23,000

I can really truthfully say that this established

38

00:02:23,000 --> 00:02:26,000

the fact that the Queen invited you

39

00:02:26,000 --> 00:02:28,000

and that you did not promote the whole thing.

40

00:02:28,000 --> 00:02:29,000

Right?

41

00:02:29,000 --> 00:02:30,000

That's correct.

42

00:02:30,000 --> 00:02:32,000

I had this slow, or almost slowest idea

43

00:02:32,000 --> 00:02:34,000

that I meant to ask if I would meet him

44

00:02:34,000 --> 00:02:37,000

if he didn't tell you just like I had meant.

45

00:02:37,000 --> 00:02:39,000

I had no idea whether or not

46

00:02:39,000 --> 00:02:41,000

this was what I could do

47

00:02:41,000 --> 00:02:44,000

that the Queen, as you might say, suddenly.

48

00:02:44,000 --> 00:02:45,000

I don't know what.

49

00:02:45,000 --> 00:02:48,000

That was the reason for the settlement.

50

00:02:48,000 --> 00:02:51,000

Well, the reason for the trip around the Queen

51

00:02:51,000 --> 00:02:53,000

was a lot of people are interested,

52

00:02:53,000 --> 00:02:55,000

more than we realize.

53

00:02:55,000 --> 00:02:59,000

And last of being the information

54

00:02:59,000 --> 00:03:01,000

I had to the public in general,

55

00:03:01,000 --> 00:03:03,000

not in these organized groups

56

00:03:03,000 --> 00:03:06,000

because organized groups were on the average

57

00:03:06,000 --> 00:03:09,000

from 20 to 40 in the group

58

00:03:09,000 --> 00:03:12,000

what we call organized class groups.

59

00:03:12,000 --> 00:03:14,000

And so forth, and I was all alone

60

00:03:14,000 --> 00:03:15,000

and in all directions.

61

00:03:15,000 --> 00:03:19,000

But my lectures are made in place

62

00:03:19,000 --> 00:03:22,000

in various styles and largest cities.

63

00:03:22,000 --> 00:03:24,000

I would conduct a technical assessment

64

00:03:24,000 --> 00:03:29,000

to such an extent that from 300 to 1800 people

65

00:03:29,000 --> 00:03:31,000

would be turned away every night.

66

00:03:31,000 --> 00:03:34,000

And we would then let you out every night.

67

00:03:34,000 --> 00:03:36,000

Because do you think that these people

68

00:03:36,000 --> 00:03:40,000

not attended to your lectures

69

00:03:40,000 --> 00:03:43,000

that they really believed in time sciences?

70

00:03:43,000 --> 00:03:45,000

Well, I'm not all alone.

71

00:03:45,000 --> 00:03:47,000

So some of them she was curious,

72

00:03:47,000 --> 00:03:49,000

some of them they did be.

73

00:03:49,000 --> 00:03:52,000

But I was kind of touched with the team in half.

74

00:03:52,000 --> 00:03:54,000

Suppose in 2000 people attended

75

00:03:54,000 --> 00:03:55,000

I was so touched.

76

00:03:55,000 --> 00:03:59,000

And at least, you know, they were serious, mental.

77

00:04:00,000 --> 00:04:03,000

Serious, mental.

78

00:04:03,000 --> 00:04:06,000

Yeah, I mean, we never saw an accepted mental.

79

00:04:06,000 --> 00:04:11,000

I thought for a moment that you were trying

80

00:04:11,000 --> 00:04:15,000

to possibly some of these people were not aware.

81

00:04:15,000 --> 00:04:17,000

Whether I got a mental,

82

00:04:17,000 --> 00:04:19,000

whether it couldn't say no,

83

00:04:19,000 --> 00:04:21,000

whether it was not enough,

84

00:04:21,000 --> 00:04:25,000

but I came to mean like a part of the government

85

00:04:25,000 --> 00:04:27,000

and the decision made with that.

86

00:04:27,000 --> 00:04:29,000

I was just like,

87

00:04:29,000 --> 00:04:33,000

it was a sort of empty-out direction then.

88

00:04:33,000 --> 00:04:35,000

If you turn to me,

89

00:04:35,000 --> 00:04:38,000

I turn to the one time that you were using them.

90

00:04:38,000 --> 00:04:40,000

If you turn to my number,

91

00:04:40,000 --> 00:04:41,000

I turn to my number,

92

00:04:41,000 --> 00:04:44,000

which is called not only the organized section,

93

00:04:44,000 --> 00:04:47,000

but the people I thought had been person.

94

00:04:47,000 --> 00:04:48,000

Because even then,

95

00:04:48,000 --> 00:04:50,000

well, I have various beliefs,

96

00:04:50,000 --> 00:04:53,000

military, as you can see,

97

00:04:53,000 --> 00:04:55,000

military, mental, mental, mental,

98

00:04:55,000 --> 00:04:57,000

even the military and all two,

99

00:04:57,000 --> 00:04:59,000

all the military were the same one.

100

00:04:59,000 --> 00:05:04,000

The fact that priests are tended to are lessens.

101

00:05:04,000 --> 00:05:06,000

Did you say that this means that they

102

00:05:06,000 --> 00:05:08,000

can even find sassies

103

00:05:08,000 --> 00:05:10,000

or the possibility of space people running on?

104

00:05:10,000 --> 00:05:13,000

I do not even say that they did all this

105

00:05:13,000 --> 00:05:15,000

because these people were interested in

106

00:05:15,000 --> 00:05:17,000

not having said this,

107

00:05:17,000 --> 00:05:19,000

but in one special way,

108

00:05:19,000 --> 00:05:21,000

where after the lecture,

109

00:05:21,000 --> 00:05:23,000

two priests come up to me and I would kiss them

110

00:05:23,000 --> 00:05:25,000

and this word is a thank you

111

00:05:25,000 --> 00:05:30,000

to the kind information that has given to us.

112

00:05:30,000 --> 00:05:33,000

How are we with the Queen of the Night of the Night of the Night?

113

00:05:33,000 --> 00:05:36,000

Well, it starts to have happened

114

00:05:36,000 --> 00:05:39,000

that a request was for 25 men around.

115

00:05:39,000 --> 00:05:42,000

And still, it was almost two hours

116

00:05:42,000 --> 00:05:44,000

because it was 5 minutes to one

117

00:05:44,000 --> 00:05:46,000

when the Queen of the Night spoke up to me

118

00:05:46,000 --> 00:05:47,000

and she said,

119

00:05:47,000 --> 00:05:48,000

you are going to be late to the lecture.

120

00:05:48,000 --> 00:05:51,000

I already was late 20 minutes late.

121

00:05:51,000 --> 00:05:55,000

George, I made there a couple of notes

122

00:05:55,000 --> 00:05:57,000

after reading your book

123

00:05:57,000 --> 00:06:02,000

and I would like to question you about some of these things.

124

00:06:02,000 --> 00:06:06,000

In the book Flying Sassies and Land

125

00:06:06,000 --> 00:06:09,000

which you wrote with Jordan and Leslie,

126

00:06:09,000 --> 00:06:12,000

he states that your first Flying Sass Society

127

00:06:12,000 --> 00:06:17,000

was on October 9th, 1946,

128

00:06:17,000 --> 00:06:21,000

in Palo Alto, California.

129

00:06:21,000 --> 00:06:23,000

Can you tell me something about that?

130

00:06:23,000 --> 00:06:25,000

That was the time you know,

131

00:06:25,000 --> 00:06:27,000

if you remember back there,

132

00:06:27,000 --> 00:06:30,000

when there was a heavy, windy shower

133

00:06:30,000 --> 00:06:32,000

and there were moongers coming out

134

00:06:32,000 --> 00:06:34,000

and it was strong going to kiss

135

00:06:34,000 --> 00:06:36,000

or taste bad evening before the moon came up.

136

00:06:36,000 --> 00:06:38,000

The moongers were shy to taste

137

00:06:38,000 --> 00:06:41,000

which is called a wind-sit-sook-knock-or-so.

138

00:06:41,000 --> 00:06:43,000

But we were, I would tell you,

139

00:06:43,000 --> 00:06:44,000

we was always in miniature style

140

00:06:44,000 --> 00:06:46,000

having two color strips.

141

00:06:46,000 --> 00:06:49,000

We were in second-hand, middle-sized,

142

00:06:49,000 --> 00:06:53,000

and we took time to remember how many of us Flying.

143

00:06:53,000 --> 00:06:56,000

Well, in that time when the moon was in P,

144

00:06:56,000 --> 00:06:59,000

how could we see some of the small ones

145

00:06:59,000 --> 00:07:01,000

that could be powered?

146

00:07:01,000 --> 00:07:04,000

So Dr. Lesser and Lesser and then we started

147

00:07:04,000 --> 00:07:07,000

to take, as we back in time,

148

00:07:07,000 --> 00:07:10,000

you know, remember, people matter to us so.

149

00:07:10,000 --> 00:07:12,000

And we're over the mountains

150

00:07:12,000 --> 00:07:14,000

which is in the mountains,

151

00:07:14,000 --> 00:07:16,000

in the mountains of Manti-Balkan-Manti,

152

00:07:16,000 --> 00:07:18,000

towards San Diego,

153

00:07:18,000 --> 00:07:20,000

looking towards San Diego.

154

00:07:20,000 --> 00:07:22,000

A big village of those types

155

00:07:22,000 --> 00:07:24,000

of shit came along,

156

00:07:24,000 --> 00:07:26,000

they didn't do any shit from that.

157

00:07:26,000 --> 00:07:28,000

A big village of those types

158

00:07:28,000 --> 00:07:30,000

that had no basket like the regionals,

159

00:07:30,000 --> 00:07:32,000

they smelted you first and then it sped.

160

00:07:32,000 --> 00:07:34,000

The type of these kind of sudden developments

161

00:07:34,000 --> 00:07:36,000

came out of the ones we were in at the time

162

00:07:36,000 --> 00:07:38,000

but we were stuck in the bottom

163

00:07:38,000 --> 00:07:40,000

of the regionals without a basket,

164

00:07:40,000 --> 00:07:42,000

not the moon, something like that.

165

00:07:42,000 --> 00:07:45,000

Because we didn't do this in our regionals,

166

00:07:45,000 --> 00:07:48,000

we could go between the mountains

167

00:07:48,000 --> 00:07:50,000

and the sky also without the meteorites

168

00:07:50,000 --> 00:07:52,000

and the buildings that were falling.

169

00:07:54,000 --> 00:07:57,000

In the same way that the few pages later,

170

00:07:57,000 --> 00:08:00,000

you claimed, George D'Amcy,

171

00:08:00,000 --> 00:08:04,000

that six military officers

172

00:08:04,000 --> 00:08:07,000

stated that this space of life

173

00:08:07,000 --> 00:08:09,000

must put you back,

174

00:08:09,000 --> 00:08:11,000

not of this world.

175

00:08:11,000 --> 00:08:13,000

Come to these military officers,

176

00:08:13,000 --> 00:08:16,000

the only American and well-engineering

177

00:08:16,000 --> 00:08:18,000

man in the military.

178

00:08:18,000 --> 00:08:20,000

I don't know if you can enjoy that,

179

00:08:20,000 --> 00:08:23,000

but they were in the base,

180

00:08:23,000 --> 00:08:25,000

in the middle of the uniform,

181

00:08:25,000 --> 00:08:27,000

yes, and you see,

182

00:08:27,000 --> 00:08:29,000

there was an arrest on eating

183

00:08:29,000 --> 00:08:32,000

and the rest of the way was not mine.

184

00:08:32,000 --> 00:08:34,000

I was just in the military,

185

00:08:34,000 --> 00:08:36,000

I was just in the rest of the world.

186

00:08:36,000 --> 00:08:38,000

I was in the rest of the military,

187

00:08:38,000 --> 00:08:40,000

but on the other hand, this is my life,

188

00:08:40,000 --> 00:08:42,000

as I learned in the businesses

189

00:08:42,000 --> 00:08:44,000

and during running them.

190

00:08:44,000 --> 00:08:46,000

But I looked at the post,

191

00:08:46,000 --> 00:08:48,000

what can I do?

192

00:08:48,000 --> 00:08:50,000

People from the band and the

193

00:08:50,000 --> 00:08:52,000

community of the party,

194

00:08:52,000 --> 00:08:54,000

and I looked at the script,

195

00:08:54,000 --> 00:08:56,000

what they could see,

196

00:08:56,000 --> 00:08:58,000

what they could do with the military,

197

00:08:58,000 --> 00:09:00,000

and they told me that

198

00:09:00,000 --> 00:09:02,000

the police was in the plane,

199

00:09:02,000 --> 00:09:04,000

I was seen.

200

00:09:04,000 --> 00:09:06,000

So there were some people

201

00:09:06,000 --> 00:09:08,000

in these offices at the table

202

00:09:08,000 --> 00:09:10,000

who were listening

203

00:09:10,000 --> 00:09:12,000

and I said to them,

204

00:09:12,000 --> 00:09:14,000

fantastic,

205

00:09:14,000 --> 00:09:16,000

and the military officers,

206

00:09:16,000 --> 00:09:18,000

the companies were just fantastic,

207

00:09:18,000 --> 00:09:20,000

they seemed to be.

208

00:09:20,000 --> 00:09:22,000

If you're a real man,

209

00:09:22,000 --> 00:09:24,000

I'm not happy with it,

210

00:09:24,000 --> 00:09:26,000

you teach you real as how you used to be.

211

00:09:26,000 --> 00:09:28,000

I know these may be crimes,

212

00:09:28,000 --> 00:09:30,000

but I was a captain,

213

00:09:30,000 --> 00:09:32,000

I remember, I don't know,

214

00:09:32,000 --> 00:09:34,000

I was in the major,

215

00:09:34,000 --> 00:09:36,000

two time in my 90s,

216

00:09:36,000 --> 00:09:38,000

no one was at the north,

217

00:09:38,000 --> 00:09:40,000

no justice, no other time.

218

00:09:40,000 --> 00:09:42,000

They went up to the top

219

00:09:42,000 --> 00:09:44,000

and they were coming up in the top

220

00:09:44,000 --> 00:09:46,000

and drinking the top where they were going to be,

221

00:09:46,000 --> 00:09:48,000

this could be a drill and lay,

222

00:09:48,000 --> 00:09:50,000

and shot down a way down to a low sewage.

223

00:09:52,000 --> 00:09:54,000

I'd buy a spaceship

224

00:09:54,000 --> 00:09:56,000

for a flying saucer,

225

00:09:56,000 --> 00:09:58,000

according to Mr. Adansky.

226

00:09:58,000 --> 00:10:02,000

He made the original photographs,

227

00:10:02,000 --> 00:10:04,000

and they blew up on it,

228

00:10:04,000 --> 00:10:06,000

and back,

229

00:10:06,000 --> 00:10:08,000

maybe at the beach right here,

230

00:10:08,000 --> 00:10:10,000

on a Thursday,

231

00:10:10,000 --> 00:10:12,000

the 20th day of November,

232

00:10:12,000 --> 00:10:16,000

in the year of 1962,

233

00:10:16,000 --> 00:10:18,000

a person landed

234

00:10:18,000 --> 00:10:20,000

someplace near

235

00:10:20,000 --> 00:10:22,000

Panama and Gardens in California,

236

00:10:22,000 --> 00:10:26,000

and the person got out of this crash.

237

00:10:26,000 --> 00:10:28,000

And I guess

238

00:10:28,000 --> 00:10:30,000

Mr. Adansky had the opportunity

239

00:10:30,000 --> 00:10:32,000

of interviewing the person.

240

00:10:32,000 --> 00:10:34,000

That is a fantastic story,

241

00:10:34,000 --> 00:10:36,000

George, you claim that you spoke

242

00:10:36,000 --> 00:10:38,000

with a person from Venus

243

00:10:38,000 --> 00:10:40,000

and according to your book,

244

00:10:40,000 --> 00:10:42,000

he spoke with him for almost an hour.

245

00:10:42,000 --> 00:10:44,000

You want to begin at the beginning

246

00:10:44,000 --> 00:10:46,000

and I'll add another in a first place,

247

00:10:46,000 --> 00:10:48,000

of course it's fantastic,

248

00:10:48,000 --> 00:10:50,000

and it's been 18 years since I began the beginning,

249

00:10:50,000 --> 00:10:52,000

but the fact remains

250

00:10:52,000 --> 00:10:54,000

that I have been in the business

251

00:10:54,000 --> 00:10:56,000

for a long time,

252

00:10:56,000 --> 00:10:58,000

I've been in the business

253

00:10:58,000 --> 00:11:02,000

for the fact remains that I have spoken to the man

254

00:11:02,000 --> 00:11:04,000

on the November 20th

255

00:11:04,000 --> 00:11:08,000

of 1952 in the presence,

256

00:11:08,000 --> 00:11:10,000

and it wasn't exactly right,

257

00:11:10,000 --> 00:11:12,000

but they were watching me all the time,

258

00:11:12,000 --> 00:11:14,000

so they were just so close,

259

00:11:14,000 --> 00:11:16,000

but you know about

260

00:11:16,000 --> 00:11:20,000

the most person I received the half-mile,

261

00:11:20,000 --> 00:11:22,000

about a half-mile life, yeah.

262

00:11:22,000 --> 00:11:24,000

And it is not a big emotional charge

263

00:11:24,000 --> 00:11:26,000

for anybody to actually

264

00:11:26,000 --> 00:11:28,000

witness something

265

00:11:28,000 --> 00:11:30,000

well-sufficient enough

266

00:11:30,000 --> 00:11:32,000

that the Mrs. Ross,

267

00:11:32,000 --> 00:11:34,000

who was the owner of part of my garden,

268

00:11:34,000 --> 00:11:36,000

she said it

269

00:11:36,000 --> 00:11:38,000

pretty good, I'll just

270

00:11:38,000 --> 00:11:40,000

express the man later,

271

00:11:40,000 --> 00:11:42,000

and on the November later

272

00:11:42,000 --> 00:11:44,000

I had to deal with the power

273

00:11:44,000 --> 00:11:46,000

and so forth,

274

00:11:46,000 --> 00:11:48,000

which you could bring

275

00:11:48,000 --> 00:11:50,000

to kind of a certain extent,

276

00:11:50,000 --> 00:11:52,000

but given that to the

277

00:11:52,000 --> 00:11:54,000

November 20th,

278

00:11:54,000 --> 00:11:56,000

these people,

279

00:11:56,000 --> 00:11:58,000

which were from Westbottom,

280

00:11:58,000 --> 00:12:00,000

asked me, and it sounded like

281

00:12:00,000 --> 00:12:02,000

in a desert with a half-mastip

282

00:12:02,000 --> 00:12:04,000

in the picture,

283

00:12:04,000 --> 00:12:06,000

and it was going out there for

284

00:12:06,000 --> 00:12:08,000

which was part of my garden,

285

00:12:08,000 --> 00:12:10,000

so part of my mountain,

286

00:12:10,000 --> 00:12:12,000

part of it.

287

00:12:12,000 --> 00:12:14,000

I would say around 180 miles,

288

00:12:14,000 --> 00:12:16,000

we both had been somewhere in there,

289

00:12:16,000 --> 00:12:18,000

we could run and get behind the 80 miles,

290

00:12:18,000 --> 00:12:20,000

I don't know if that's right,

291

00:12:20,000 --> 00:12:22,000

but he was saying,

292

00:12:22,000 --> 00:12:24,000

we had to come here

293

00:12:24,000 --> 00:12:26,000

to Colorado River

294

00:12:26,000 --> 00:12:28,000

not to talk in there, but

295

00:12:28,000 --> 00:12:30,000

39 this side,

296

00:12:30,000 --> 00:12:32,000

and we came up on this highway

297

00:12:32,000 --> 00:12:34,000

which is known as

298

00:12:34,000 --> 00:12:36,000

the Park of Heart, we've done the park

299

00:12:36,000 --> 00:12:38,000

again in Arizona, where the Indian

300

00:12:38,000 --> 00:12:40,000

Reservation is, and we stopped

301

00:12:40,000 --> 00:12:42,000

on the half of it, we went to the

302

00:12:42,000 --> 00:12:44,000

half of it, what was that feeling,

303

00:12:44,000 --> 00:12:46,000

we went down here again, we saw

304

00:12:46,000 --> 00:12:48,000

our own plane go by,

305

00:12:48,000 --> 00:12:50,000

and we did take,

306

00:12:50,000 --> 00:12:52,000

and you see our own plane

307

00:12:52,000 --> 00:12:54,000

we came to the mountain, and I think

308

00:12:54,000 --> 00:12:56,000

yes, all of us are back together,

309

00:12:56,000 --> 00:12:58,000

and then out of the sudden

310

00:12:58,000 --> 00:13:00,000

there was another one appeared,

311

00:13:00,000 --> 00:13:02,000

which we called in recently called

312

00:13:02,000 --> 00:13:04,000

the Mothership, not the one you showed,

313

00:13:04,000 --> 00:13:06,000

but that's a scout, like they call it a scout,

314

00:13:06,000 --> 00:13:08,000

not a real man, the Mothership

315

00:13:08,000 --> 00:13:10,000

has nothing to do with the abandoned

316

00:13:10,000 --> 00:13:12,000

map, but no, this is some another

317

00:13:12,000 --> 00:13:14,000

path, a familiar path, and today we did

318

00:13:14,000 --> 00:13:16,000

notice from another planet,

319

00:13:16,000 --> 00:13:18,000

that we looked down and came see,

320

00:13:18,000 --> 00:13:20,000

and two billion acres and that one thing

321

00:13:20,000 --> 00:13:22,000

was a windmill, like we knew nothing else,

322

00:13:22,000 --> 00:13:24,000

and I'm the searcher for it,

323

00:13:24,000 --> 00:13:26,000

we showed a big, orange circle,

324

00:13:26,000 --> 00:13:28,000

where that meant I don't know

325

00:13:28,000 --> 00:13:30,000

what was this place, but I'm a big

326

00:13:30,000 --> 00:13:32,000

orange circle, paint a line on the

327

00:13:32,000 --> 00:13:34,000

surface of it, so we realized then

328

00:13:34,000 --> 00:13:36,000

this is all this wind, because nobody

329

00:13:36,000 --> 00:13:38,000

would be ready, I mean things about

330

00:13:38,000 --> 00:13:40,000

Tide, so I went down, I was

331

00:13:40,000 --> 00:13:42,000

not, you know, to my not, and then

332

00:13:42,000 --> 00:13:44,000

we went down from this top of the

333

00:13:44,000 --> 00:13:46,000

hill, down where I could set up

334

00:13:46,000 --> 00:13:48,000

my telescope, I was successful, I

335

00:13:48,000 --> 00:13:50,000

was successful with me, because

336

00:13:50,000 --> 00:13:52,000

there were many parts of the landing

337

00:13:52,000 --> 00:13:54,000

out there, because I was in hopes

338

00:13:54,000 --> 00:13:56,000

of at least a decent picture of a

339

00:13:56,000 --> 00:13:58,000

space craft, with a lot of people,

340

00:13:58,000 --> 00:14:00,000

so we went down and set up the telescope,

341

00:14:02,000 --> 00:14:04,000

I had eight plates,

342

00:14:04,000 --> 00:14:06,000

a cut pillar,

343

00:14:06,000 --> 00:14:08,000

a little dumber place, and

344

00:14:08,000 --> 00:14:10,000

after I set it up, this thing

345

00:14:10,000 --> 00:14:12,000

I looked up, I wanted to take a picture

346

00:14:12,000 --> 00:14:14,000

of the Mothership, that's a 99 90

347

00:14:14,000 --> 00:14:16,000

time, while doing this, this other

348

00:14:16,000 --> 00:14:18,000

starship that you saw about it,

349

00:14:18,000 --> 00:14:20,000

which is a little, it must have come

350

00:14:20,000 --> 00:14:22,000

out between, I don't know,

351

00:14:22,000 --> 00:14:24,000

when it came out in teaming, it was

352

00:14:24,000 --> 00:14:26,000

very well, and starship

353

00:14:26,000 --> 00:14:28,000

came around, didn't I, and I wanted to

354

00:14:28,000 --> 00:14:30,000

perfect it, which I did, I

355

00:14:30,000 --> 00:14:32,000

exposed it to the best possible

356

00:14:32,000 --> 00:14:34,000

design you have, you didn't know how

357

00:14:34,000 --> 00:14:36,000

I was going to stay, when I was going to

358

00:14:36,000 --> 00:14:38,000

go out and do my task, so I didn't

359

00:14:38,000 --> 00:14:40,000

even have a good focus on it

360

00:14:40,000 --> 00:14:42,000

at the time, and I couldn't have

361

00:14:42,000 --> 00:14:44,000

as good a picture as I did, how it

362

00:14:44,000 --> 00:14:46,000

not been, because the telescope,

363

00:14:46,000 --> 00:14:48,000

the telescope, the telescope

364

00:14:48,000 --> 00:14:50,000

was like a big telescope, I didn't

365

00:14:50,000 --> 00:14:52,000

know how to do it, so that's how

366

00:14:52,000 --> 00:14:54,000

I've been able to do it, as well

367

00:14:54,000 --> 00:14:56,000

as I did, you see, the picture

368

00:14:56,000 --> 00:14:58,000

through the telescope, oh no,

369

00:14:58,000 --> 00:15:00,000

see, I had a lot of it,

370

00:15:00,000 --> 00:15:02,000

I had a little picture, I had

371

00:15:02,000 --> 00:15:04,000

a little picture, I put the camera

372

00:15:04,000 --> 00:15:06,000

right over the eyepiece, and

373

00:15:06,000 --> 00:15:08,000

I was looking at this, some ideas

374

00:15:08,000 --> 00:15:10,000

linked to this, you take

375

00:15:10,000 --> 00:15:12,000

the eyepiece out, I mean

376

00:15:12,000 --> 00:15:14,000

the lens out of the camera,

377

00:15:14,000 --> 00:15:16,000

and leave the eyepiece, and not

378

00:15:16,000 --> 00:15:18,000

just the lens for the camera,

379

00:15:18,000 --> 00:15:20,000

you otherwise you mess it up, so

380

00:15:20,000 --> 00:15:22,000

I had a dog fixing his pretty

381

00:15:22,000 --> 00:15:24,000

damn nail, I had to do it for the person,

382

00:15:24,000 --> 00:15:26,000

expose them and take it out, and

383

00:15:26,000 --> 00:15:28,000

do like spines, which you like, you

384

00:15:28,000 --> 00:15:30,000

can't push on it, because there's

385

00:15:30,000 --> 00:15:32,000

my movie parts, the movie parts, but

386

00:15:32,000 --> 00:15:34,000

it's like when you came out after

387

00:15:34,000 --> 00:15:36,000

a habit, so you've got to use

388

00:15:36,000 --> 00:15:38,000

the whole system in the dog,

389

00:15:38,000 --> 00:15:40,000

to squeeze it, so you don't need

390

00:15:40,000 --> 00:15:42,000

to tell a school, and that's

391

00:15:42,000 --> 00:15:44,000

a, a, a

392

00:15:44,000 --> 00:15:46,000

play type channel, like the graph

393

00:15:46,000 --> 00:15:48,000

like that's right, you also

394

00:15:48,000 --> 00:15:50,000

know a graph of support, and they

395

00:15:50,000 --> 00:15:52,000

go good for the purpose of the

396

00:15:52,000 --> 00:15:54,000

and go around with the telescope,

397

00:15:54,000 --> 00:15:56,000

focus on the grand glass, that's right,

398

00:15:56,000 --> 00:15:58,000

that's right, the purpose of the grand

399

00:15:58,000 --> 00:16:00,000

glass, and the other side, you know,

400

00:16:00,000 --> 00:16:02,000

is a new purpose, you have to go

401

00:16:02,000 --> 00:16:04,000

more than this, because I do not

402

00:16:04,000 --> 00:16:06,000

do much of a time, do we need

403

00:16:06,000 --> 00:16:08,000

to do it? So, after

404

00:16:08,000 --> 00:16:10,000

he passed over the mountain

405

00:16:10,000 --> 00:16:12,000

path, by our side

406

00:16:12,000 --> 00:16:14,000

again, in the meantime

407

00:16:14,000 --> 00:16:16,000

we beat it to the other

408

00:16:16,000 --> 00:16:18,000

side, also our own ship, see, and

409

00:16:18,000 --> 00:16:20,000

me, I'm a mother ship, and

410

00:16:20,000 --> 00:16:22,000

further out, you can see it, when I

411

00:16:22,000 --> 00:16:24,000

look back, and so I thought

412

00:16:24,000 --> 00:16:26,000

that he's here, so I tried to do

413

00:16:26,000 --> 00:16:28,000

it for my speed, I asked him to come

414

00:16:28,000 --> 00:16:30,000

up to help me dismantle my telescope

415

00:16:30,000 --> 00:16:32,000

and put it back in the car,

416

00:16:32,000 --> 00:16:34,000

well, just then, as I

417

00:16:34,000 --> 00:16:36,000

got back from a man, I

418

00:16:36,000 --> 00:16:38,000

was there waiting for him just to

419

00:16:38,000 --> 00:16:40,000

see me, I was about

420

00:16:40,000 --> 00:16:42,000

a quarter of a mile, so he just

421

00:16:42,000 --> 00:16:44,000

came to wait for me, while

422

00:16:44,000 --> 00:16:46,000

he was dressed, and I

423

00:16:46,000 --> 00:16:48,000

got him in my

424

00:16:48,000 --> 00:16:50,000

contingent room, because I

425

00:16:50,000 --> 00:16:52,000

was in a dressy, black

426

00:16:52,000 --> 00:16:54,000

prospecting and so forth,

427

00:16:54,000 --> 00:16:56,000

and laid out a little hair

428

00:16:56,000 --> 00:16:58,000

there, made a bar there after

429

00:16:58,000 --> 00:17:00,000

and they had

430

00:17:00,000 --> 00:17:02,000

sort of a jump suit and so forth,

431

00:17:02,000 --> 00:17:04,000

so I thought maybe he's going to need

432

00:17:04,000 --> 00:17:06,000

to talk while he waits for me,

433

00:17:06,000 --> 00:17:08,000

started me there, so I walked up

434

00:17:08,000 --> 00:17:10,000

and he got the picture up

435

00:17:10,000 --> 00:17:12,000

up a little bit stupid where they

436

00:17:12,000 --> 00:17:14,000

went, he was happy with the

437

00:17:14,000 --> 00:17:16,000

man in the telescope, well,

438

00:17:16,000 --> 00:17:18,000

when I got closer to him, I was

439

00:17:18,000 --> 00:17:20,000

cautious, but when I got

440

00:17:20,000 --> 00:17:22,000

closer to him, a decorses

441

00:17:22,000 --> 00:17:24,000

kind of left me, why?

442

00:17:24,000 --> 00:17:26,000

I don't know that you're telling

443

00:17:26,000 --> 00:17:28,000

about the man, but he was very

444

00:17:28,000 --> 00:17:30,000

keenly, that's the thing about that

445

00:17:30,000 --> 00:17:32,000

happened to you, because no one

446

00:17:32,000 --> 00:17:34,000

liked that, and that

447

00:17:34,000 --> 00:17:36,000

quickly, just like somebody

448

00:17:36,000 --> 00:17:38,000

who's removed the world from the

449

00:17:38,000 --> 00:17:40,000

community, that's why

450

00:17:40,000 --> 00:17:42,000

not how it could happen, well

451

00:17:42,000 --> 00:17:44,000

then I realized that this man

452

00:17:44,000 --> 00:17:46,000

was stupid, when anybody

453

00:17:46,000 --> 00:17:48,000

I would have met at the

454

00:17:48,000 --> 00:17:50,000

time was a prospecting, since

455

00:17:50,000 --> 00:17:52,000

he had a suit on, like a

456

00:17:52,000 --> 00:17:54,000

person who'd give to me like a

457

00:17:54,000 --> 00:17:56,000

wimpy suit, but I'm a little

458

00:17:56,000 --> 00:17:58,000

of a time, but I met him

459

00:17:58,000 --> 00:18:00,000

at the time, and I met him

460

00:18:00,000 --> 00:18:02,000

at the bed, because I got to

461

00:18:02,000 --> 00:18:04,000

him, and the man that

462

00:18:04,000 --> 00:18:06,000

was already two parts of the

463

00:18:06,000 --> 00:18:08,000

man, and I met him

464

00:18:08,000 --> 00:18:10,000

at the bed for

465

00:18:10,000 --> 00:18:12,000

68 inches long, and so

466

00:18:12,000 --> 00:18:14,000

and so I was hanging down

467

00:18:14,000 --> 00:18:16,000

kind of up behind the chair

468

00:18:16,000 --> 00:18:18,000

over his shoulders, and

469

00:18:18,000 --> 00:18:20,000

he was sleeping

470

00:18:20,000 --> 00:18:22,000

in the space like he never

471

00:18:22,000 --> 00:18:24,000

needed any savings, and he

472

00:18:24,000 --> 00:18:26,000

liked that, so he put his

473

00:18:26,000 --> 00:18:28,000

hand on his head, and I

474

00:18:28,000 --> 00:18:30,000

looked to him, I looked

475

00:18:30,000 --> 00:18:32,000

and he refused that, and

476

00:18:32,000 --> 00:18:34,000

then I looked

477

00:18:34,000 --> 00:18:36,000

at him, and he went to work

478

00:18:36,000 --> 00:18:38,000

and put out his hand again, and

479

00:18:38,000 --> 00:18:40,000

I didn't call him his

480

00:18:40,000 --> 00:18:42,000

hand, he had a big

481

00:18:42,000 --> 00:18:44,000

thing with a palm out, and

482

00:18:44,000 --> 00:18:46,000

this was great, and I put my

483

00:18:46,000 --> 00:18:48,000

hand out, so he was a pimp

484

00:18:48,000 --> 00:18:50,000

that I liked, and I

485

00:18:50,000 --> 00:18:52,000

smiled, and I

486

00:18:52,000 --> 00:18:54,000

kept him on the

487

00:18:54,000 --> 00:18:56,000

bed, and I looked at the

488

00:18:56,000 --> 00:18:58,000

impression that he didn't

489

00:18:58,000 --> 00:19:00,000

understand me, so he just

490

00:19:00,000 --> 00:19:02,000

left me, we don't have a

491

00:19:02,000 --> 00:19:04,000

lot of time, and how

492

00:19:04,000 --> 00:19:06,000

did you speak with

493

00:19:06,000 --> 00:19:08,000

this conclusion, and I do

494

00:19:08,000 --> 00:19:10,000

understand you, I have to

495

00:19:10,000 --> 00:19:12,000

know that I love him so

496

00:19:12,000 --> 00:19:14,000

much, and I love that time

497

00:19:14,000 --> 00:19:16,000

I didn't know nothing about

498

00:19:16,000 --> 00:19:18,000

what he did.
