

1

00:00:00,000 --> 00:00:08,540

I'm going to call on Mr. and Mrs. Bryant Reeve to share some of their experiences in the

2

00:00:08,540 --> 00:00:14,880

UFO research. They've been at this thing for a number of years and I know they did have

3

00:00:14,880 --> 00:00:20,480

enough information to write a book. As a matter of fact, I understand they have. And would

4

00:00:20,480 --> 00:00:24,160

you just come up here and we'll go on to whenever you were ready.

5

00:00:24,680 --> 00:00:28,480

I never get the last word.

6

00:00:31,980 --> 00:00:35,960

I understand you just returned from Mexico recently. Is that correct?

7

00:00:36,360 --> 00:00:40,720

No, it's not quite correct. We've been back in the States about a year and a half since

8

00:00:40,720 --> 00:00:41,400

Mexico.

9

00:00:42,600 --> 00:00:47,760

I heard something about the discovery of pyramid there greater than they have discovered so

10

00:00:47,760 --> 00:00:53,680

far. Did you elaborate on that or any of the excavations in Mexico up to this time?

11

00:00:54,160 --> 00:00:59,680

As far as I know, there hasn't been any newly discovered pyramid in Michigan. Are you in

12

00:00:59,680 --> 00:01:01,600

Mexico? Are you aware of any of that?

13

00:01:02,600 --> 00:01:03,800

Dr. Williamson.

14

00:01:07,800 --> 00:01:13,920

Dr. Williamson, of course, is down in Lima, Peru, doing some excavating work down there trying to

15

00:01:14,000 --> 00:01:19,320

uncover some of the lost records, which he says, according to one of the letters I received

16

00:01:19,560 --> 00:01:24,080

from him, will tie in very much with the saucer phenomenon.

17

00:01:25,640 --> 00:01:29,120

Good. Tell us about how did you come in?

18

00:01:31,120 --> 00:01:35,680

Oh, let's say how was your interest developed in the flying saucers?

19

00:01:35,960 --> 00:01:41,160

I understand you're quite active in the old, the tri-flying saucer from by Henry Mayday.

20

00:01:41,920 --> 00:01:47,480

Well, I should be very happy to tell you how we began our interest in flying saucers.

21

00:01:48,000 --> 00:01:51,160

I think, however, a number of the Detroit people know.

22

00:01:52,440 --> 00:01:54,600

Mr. Adamski is a villain.

23

00:01:54,680 --> 00:01:56,520

He's the one that really got us started.

24

00:01:57,120 --> 00:02:02,520

But Henry Mayday of Detroit, which I think most of you know, came over to our house one

25

00:02:02,520 --> 00:02:04,520

night with George Adamski's book.

26

00:02:04,960 --> 00:02:05,920

He said, look at this.

27

00:02:06,160 --> 00:02:08,520

Here's a man that's talked to a man from outer space.

28

00:02:09,160 --> 00:02:10,440

Well, I was a little bit excited.

29

00:02:10,440 --> 00:02:11,760

I thought, well, that's kind of thrilling.

30

00:02:12,280 --> 00:02:14,680

And Brian, my husband, was quite disgusted.

31

00:02:14,840 --> 00:02:17,000

He just, we're just impossible, that's all.

32

00:02:17,800 --> 00:02:27,840

And we talked about the book with Henry Mayday and Mrs. Laura Markser and another chap who

33

00:02:27,840 --> 00:02:30,280

has since strapped away from the saucer field.

34

00:02:31,480 --> 00:02:36,440

We decided that one way to find out whether Mr. Adamski was telling the truth and have a

35

00:02:36,440 --> 00:02:39,760

nice pipe dream was to see if we could bring him to Detroit.

36

00:02:40,320 --> 00:02:44,000

So we did very much as you have done this time.

37

00:02:44,400 --> 00:02:47,000

We got a few sponsors and brought him to Detroit.

38

00:02:48,080 --> 00:02:53,040

We worked on it, I think about a month, day and night, Laura can attest to that very well.

39

00:02:53,040 --> 00:03:01,000

We would meet every night and we knew nothing about promoting, but it's sort of the case

40

00:03:01,000 --> 00:03:03,720

where fools rush where angels fear to tread.

41

00:03:03,720 --> 00:03:07,560

And we went through the telephone book and contacted different clubs.

42

00:03:08,040 --> 00:03:13,320

And of course, at that time in 54, you must remember there was no saucer that we knew of.

43

00:03:13,400 --> 00:03:15,200

No saucer interest in Detroit.

44

00:03:16,040 --> 00:03:20,200

Fortunately, Mr. Adamski was the author of one of the best sellers in books.

45

00:03:20,200 --> 00:03:22,640

So that gave us some courage.

46

00:03:23,480 --> 00:03:28,560

We brought him into Detroit with the idea of only presenting it to a very small group.

47

00:03:28,920 --> 00:03:33,720

And even at that, we wondered where we would get five or six hundred people that would actually

48

00:03:33,720 --> 00:03:34,800

believe such a thing.

49

00:03:35,680 --> 00:03:36,400

But we did.

50

00:03:36,400 --> 00:03:43,400

We rented the Detroit Institute of Art, the small hall, which sat 400 people each and each

51

00:03:43,400 --> 00:03:44,640

lecture was sold out.

52

00:03:45,320 --> 00:03:49,280

I think you perhaps all know the famous broadcast Mr. Adamski gave.

53

00:03:50,800 --> 00:03:56,160

Mrs. Markser contacted all the radio and television stations and nobody would have any part of it.

54

00:03:56,800 --> 00:04:02,480

But finally, through her personal efforts, she contacted Russ Mulholland and he out of

55

00:04:02,480 --> 00:04:06,520

friendship to Mrs. Markser agreed to take Mr. Adamski for five minutes.

56

00:04:07,640 --> 00:04:10,840

And Laura took him down there and they put him on the air for five minutes.

57

00:04:11,520 --> 00:04:13,160

The five minutes came and went.

58

00:04:13,280 --> 00:04:15,040

He was on the air one hour and a half.

59

00:04:17,880 --> 00:04:24,520

So with that publicity and the publicity from a press conference, our phones began to ring

60

00:04:24,520 --> 00:04:25,200

day and night.

61

00:04:25,200 --> 00:04:31,640

Mrs. Markser's phone was she was called all the time and I was and we were accused of withholding

62

00:04:31,640 --> 00:04:37,960

information from the public because we hadn't had an out and out open meeting for Mr.

63

00:04:37,960 --> 00:04:43,120

Adamski. So I am not being in my right mind with Henry May Day and a few others.

64

00:04:43,840 --> 00:04:45,000

Not my husband, of course.

65

00:04:45,000 --> 00:04:46,680

He didn't want any part of the nonsense.

66

00:04:47,520 --> 00:04:52,200

Went down to the Masonic Temple and rented it for \$1,200 for one night.

67

00:04:53,360 --> 00:05:05,080

I signed my husband's name and there was almost a divorce in the Reef family.

68

00:05:06,000 --> 00:05:08,200

That was Karen, just a little bit too far.

69

00:05:08,600 --> 00:05:10,960

He took the attitude that, well, I was having fun.

70

00:05:10,960 --> 00:05:12,600

Go ahead, but don't bother him about it.

71

00:05:13,440 --> 00:05:16,480

Of course, as you know, he's changed quite a deal from them.

72

00:05:17,360 --> 00:05:20,320

But after we spent a good deal of time with Mr.

73

00:05:20,320 --> 00:05:26,360

Adamski and we realized his sincerity and frankly, I just believed that right from the

74

00:05:26,360 --> 00:05:29,360

beginning, as sort of a woman's intuition, Mr.

75

00:05:29,360 --> 00:05:30,880

Reef wasn't quite sure.

76

00:05:31,280 --> 00:05:35,280

We were selling something to the public that we weren't quite sure about ourselves.

77

00:05:35,960 --> 00:05:38,880

But we were, we can very much interested then.

78

00:05:39,360 --> 00:05:45,360

And I felt that if it were true, it was the biggest thing in the world since Christ.

79

00:05:46,120 --> 00:05:50,400

And if this phenomena was true, I wanted to know all about it.

80

00:05:51,200 --> 00:05:57,640

So we left Detroit and started out on what was going to be a vacation and picking up

81

00:05:57,640 --> 00:06:00,200

saucer information as we went around the country.

82

00:06:01,120 --> 00:06:07,400

And during the three years, we've traveled 30,000 miles and we have met everyone that

83

00:06:07,400 --> 00:06:10,520

has written a book in which they have claimed the saucer contact.

84

00:06:11,440 --> 00:06:18,720

We also spent six months in Mexico where we helped uncover a contact there, which while

85

00:06:18,720 --> 00:06:19,560

we were there, Mr.

86

00:06:19,560 --> 00:06:23,960

Adamski came down and it's the one contact that I know of that Mr.

87

00:06:23,960 --> 00:06:25,640

Adamski felt was authentic.

88

00:06:26,520 --> 00:06:29,160

He's been asked to comment on a lot of other people.

89

00:06:29,680 --> 00:06:34,760

And I, as to my knowledge, I don't believe that he has actually said yes, that

90

00:06:34,760 --> 00:06:36,040

must it was authentic.

91

00:06:36,480 --> 00:06:39,760

But the Mexican contact, the man told Mr.

92

00:06:39,760 --> 00:06:44,000

Adamski a few things at this in conversation that Mr.

93

00:06:44,000 --> 00:06:48,160

Adamski knew that he wouldn't know those things unless he had actually had a contact.

94

00:06:49,360 --> 00:06:50,320

And we're still going.

95

00:06:50,320 --> 00:06:54,680

We're going to leave here rather leave Cleveland in September.

96

00:06:55,520 --> 00:06:58,520

Our latest investigation has been that of Howard Manger.

97

00:06:59,560 --> 00:07:02,640

We think he has had the most interesting experiences.

98

00:07:03,200 --> 00:07:07,600

And those of you that know him, of course, say that know that he claims to have

99

00:07:07,880 --> 00:07:14,280

witnesses and he claims to be in very close contact with the space people.

100

00:07:14,920 --> 00:07:17,240

I myself was with Howard last weekend.

101

00:07:17,280 --> 00:07:23,120

And from my own experiences that I have had with Howard, I would stake my life

102

00:07:23,240 --> 00:07:24,400

story being true.

103

00:07:25,560 --> 00:07:31,600

And we hope to investigate the witnesses there and see some of the pictures he's

104

00:07:31,600 --> 00:07:37,840

taken and we go on to Washington and meet our friend, Mr.

105

00:07:37,840 --> 00:07:40,040

Keyhole again and see what's going on there.

106

00:07:40,320 --> 00:07:45,680

And then down to Mexico and enjoy really well, we feel Mexico is our second home.

107

00:07:46,200 --> 00:07:47,000

And the fact that Mr.

108

00:07:47,000 --> 00:07:51,000

Dan is going to be there a great deal at the time is going to add deeply to our pleasure.

109

00:07:51,760 --> 00:07:53,240

Well, that's very interesting.

110

00:07:53,240 --> 00:07:57,880

Believe me, I know you've done a tremendous job in this flying

111

00:07:57,880 --> 00:07:59,840

saucer pilgrimages, you call it.

112

00:07:59,840 --> 00:08:01,680

I think that's a very good title for it.

113

00:08:03,120 --> 00:08:03,560

Yes.

114

00:08:03,560 --> 00:08:05,480

There's just one point I'd like to end.

115

00:08:06,280 --> 00:08:06,600

Mr.

116

00:08:06,600 --> 00:08:12,240

Even I started this investigation or research with the idea of finding out

117

00:08:12,240 --> 00:08:15,560

for ourselves whether this thing was true or false.

118

00:08:16,440 --> 00:08:20,440

We had no idea of going out to convince the world that yes, this is so or this

119

00:08:20,440 --> 00:08:25,080

isn't so our book is a factual book.

120

00:08:25,080 --> 00:08:28,360

That is, we've written it as if we were reporters going from place to place.

121

00:08:28,360 --> 00:08:29,440

This is what we found.

122

00:08:29,720 --> 00:08:33,080

You judge for yourself at the last part of the book.

123

00:08:33,080 --> 00:08:37,040

We give you our conclusions, but there definitely are conclusions and whether

124

00:08:37,040 --> 00:08:39,840

you accept them or not is just up to you.

125

00:08:40,960 --> 00:08:46,600

But it was with no intent of building a saucer club or trying to promote

126

00:08:46,600 --> 00:08:47,080

saucers.

127

00:08:47,080 --> 00:08:49,160

We wanted to find out for ourselves.

128

00:08:50,160 --> 00:08:51,440

That's very interesting.

129

00:08:51,440 --> 00:08:52,000

Well, thank you.

130

00:08:52,000 --> 00:08:53,200

Brian, how about you?

131

00:08:53,200 --> 00:09:01,560

You must have some very interesting impressions or experiences that you would

132

00:09:01,560 --> 00:09:02,680

like to talk about.

133

00:09:03,200 --> 00:09:06,520

I know you've traveled extensively and collecting this material.

134

00:09:08,080 --> 00:09:12,840

In particular, I wanted to learn more about this book, the saucer pilgrimages.

135

00:09:12,840 --> 00:09:18,680

So applying the saucer to flying saucer pilgrimages that available on the book

136

00:09:18,720 --> 00:09:20,560

stores or you have to order it.

137

00:09:22,720 --> 00:09:31,640

Our good friend Ray Palmer is publishing this book and it should be out sometime

138

00:09:31,640 --> 00:09:33,520

within the next 60 days.

139

00:09:34,480 --> 00:09:42,840

In the meantime, in order to help Ray, who is certainly a new age soul, get his

140

00:09:43,080 --> 00:09:46,760

remarkable flying saucer magazine going.

141

00:09:49,160 --> 00:09:55,240

He asked us if he could please serialize some of our pilgrimage.

142

00:09:55,920 --> 00:10:05,120

And so for a few numbers, he is putting in certain chapters of our book in his

143

00:10:05,120 --> 00:10:05,800

magazine.

144

00:10:05,800 --> 00:10:11,640

Maybe some of you have seen the first copy, which came out a few weeks ago.

145

00:10:12,400 --> 00:10:20,520

The second one is due by the way, this magazine is called Flying Saucers from

146

00:10:20,560 --> 00:10:21,400

other worlds.

147

00:10:21,400 --> 00:10:22,520

I believe that's there.

148

00:10:23,440 --> 00:10:28,120

And the second edition will be out very shortly.

149

00:10:29,040 --> 00:10:36,520

You people might be interested in that because it contains our detailed account of

150

00:10:36,560 --> 00:10:44,240

our experiences in Mexico, including some really fantastic adventures that we have

151

00:10:44,240 --> 00:10:46,640

when Mr. Haddowski came to visit us.

152

00:10:47,160 --> 00:10:53,040

I hope you get many a good laugh out of that because some of the experiences were

153

00:10:53,040 --> 00:10:54,880

really quite out of this world.

154

00:10:56,280 --> 00:11:02,680

May I say this, that we did not come to Detroit expecting to be on any program at

155

00:11:02,680 --> 00:11:03,120

all.

156

00:11:03,520 --> 00:11:05,200

This is very unexpected.

157

00:11:06,960 --> 00:11:15,160

But I would like to express Helen and my gratitude for being back at our hometown

158

00:11:15,160 --> 00:11:22,680

where we took off from on this fantastic adventure, which is now going into its fourth

159

00:11:22,680 --> 00:11:23,280

year.

160

00:11:24,320 --> 00:11:35,360

And also to express our admiration and joy at seeing the number of people in

161

00:11:35,360 --> 00:11:44,600

Detroit and in Michigan who are sincerely interested in this tremendous

162

00:11:46,600 --> 00:11:50,440

unfoldment of inhabited outer space.

163

00:11:50,920 --> 00:11:53,240

And it is no less than that.

164

00:11:55,760 --> 00:12:01,760

Helen mentioned that I had changed my mind when I think of four years ago.

165

00:12:01,760 --> 00:12:10,760

Well, I was a very state engineer in a very state company and just thought that anything

166

00:12:10,760 --> 00:12:12,720

connected with this must be.

167

00:12:12,960 --> 00:12:15,320

Well, let's put it mildly fanciful.

168

00:12:17,320 --> 00:12:27,320

And now as we went along our journey, I have just I've been through the ringer.

169

00:12:27,360 --> 00:12:30,920

That's about the only way that I can express it.

170

00:12:31,560 --> 00:12:41,680

It seems that about all the things that I thought I knew so solidly had to be modified, not only

171

00:12:41,680 --> 00:12:43,400

once, but repeatedly.

172

00:12:44,480 --> 00:12:50,960

And, you know, it reminds me a little bit about a good friend of mine who's sitting in the

173

00:12:50,960 --> 00:12:51,800

audience here.

174

00:12:51,800 --> 00:13:00,640

He said, well, Brian, he said, the fact is that you don't have to be crazy.

175

00:13:01,720 --> 00:13:05,880

To investigate flying saucers, but it surely does help.

176

00:13:10,080 --> 00:13:18,200

Well, Helen and I, and I know all of you who are pioneers, you get accused of going off

177

00:13:18,200 --> 00:13:20,720

a deep end of sanity in all land.

178

00:13:21,480 --> 00:13:27,880

I think the prize thing we were caught on our trip was psycho ceramics.

179

00:13:28,720 --> 00:13:33,840

That's just new age for new age for crankpots.

180

00:13:36,320 --> 00:13:39,760

Well, I want to say it's wonderful to be here.

181

00:13:40,200 --> 00:13:48,440

And may I say this in your investigation of this great thing?

182

00:13:48,960 --> 00:13:54,080

In the first thing place, this is a worthwhile investigation.

183

00:13:54,960 --> 00:14:07,600

A person has to be pretty much of a zombie not to get a thrill out of a growing realization

184

00:14:08,640 --> 00:14:14,760

that this world of ours is ending its cosmic isolationism.

185

00:14:15,040 --> 00:14:16,000

Just think of it.

186

00:14:17,000 --> 00:14:25,840

And we are beginning to see the grandeur and the glory of a contact with our brothers and

187

00:14:25,840 --> 00:14:28,480

sisters in outer space.

188

00:14:28,880 --> 00:14:32,680

That's a pretty thrilling thing, but that's what we're all investigating.

189

00:14:33,360 --> 00:14:37,280

And may I say this from humbly, from my own experience?

190

00:14:38,320 --> 00:14:44,400

You know, it was a time not too many years ago when I thought I knew a lot and I thought

191

00:14:44,400 --> 00:14:47,440

I could tell other people and they don't know very much.

192

00:14:48,840 --> 00:14:59,080

But the more I see of this, the more I realize that the infinitude of outer space is a diamond

193

00:14:59,480 --> 00:15:08,920

with so many facets that please, if you have one facet, credit the other person with his

194

00:15:08,920 --> 00:15:16,960

facet, because it takes all of us, sons of God and daughters of God, to really express

195

00:15:16,960 --> 00:15:19,520

this greatness of outer space.

196

00:15:20,200 --> 00:15:27,400

So if you can't haven't quite reached the point of view of your neighbor or another

197

00:15:27,400 --> 00:15:31,840

group, Saucer Group, don't condemn them, please.

198

00:15:32,480 --> 00:15:39,080

Just bide your time and give them their think, just as they should give you your

199

00:15:39,080 --> 00:15:39,560

think.

200

00:15:40,160 --> 00:15:47,680

And I'm sure that before your investigation is over that a lot of these things would seem

201

00:15:47,680 --> 00:15:56,160

so antagonistic with each other, will in time be completely reconciled.

202

00:15:56,880 --> 00:16:05,400

So it seemed to me there's a tremendous need of the new age souls who are entering these

203

00:16:05,400 --> 00:16:09,840

Saucer Clubs and groups to work together in love.

204

00:16:10,360 --> 00:16:15,640

After all, what is the message that is coming from the spaceships and the space people?

205

00:16:16,680 --> 00:16:21,960

It's such an old, old message that it hardly satisfies us.

206

00:16:22,520 --> 00:16:27,880

It's the message purely of brotherly love and tolerance.

207

00:16:28,760 --> 00:16:37,040

And if we get that, wouldn't it be terrible if all the new age souls couldn't work together?

208

00:16:37,720 --> 00:16:41,960

Then is we've got enough discord among the old age souls.

209

00:16:42,360 --> 00:16:47,520

So let us all who are in this research work together.

210

00:16:48,040 --> 00:16:55,320

And even if our views seem diverse at present, I'm absolutely sure that down the road these

211

00:16:55,320 --> 00:16:58,600

will be reconciled in cosmic truth.

212

00:16:59,040 --> 00:17:02,120

Very glad to be here and thank you very much.

213

00:17:10,680 --> 00:17:11,600

Thank you, Mr.

214

00:17:11,600 --> 00:17:12,000

Mrs.

215

00:17:12,000 --> 00:17:12,480

Bryant.
