

1

00:00:30,000 --> 00:00:32,000

I'm going to get a little bit of a distraction right now. Good morning, Senator.

2

00:00:32,000 --> 00:00:33,000

Ladies and gentlemen, I'm done.

3

00:00:33,000 --> 00:00:34,000

Oh, hi there, Ron.

4

00:00:34,000 --> 00:00:36,000

Hi. I'd like that I could find a couple questions.

5

00:00:36,000 --> 00:00:37,000

Okay.

6

00:00:37,000 --> 00:00:38,000

Hi.

7

00:00:38,000 --> 00:00:39,000

I'm sorry, I'm sorry.

8

00:00:39,000 --> 00:00:40,000

I'm sorry.

9

00:00:40,000 --> 00:00:41,000

I'm sorry.

10

00:00:41,000 --> 00:00:42,000

I'm sorry.

11

00:00:42,000 --> 00:00:43,000

I'm sorry.

12

00:00:43,000 --> 00:00:44,000

I'm sorry.

13

00:00:44,000 --> 00:00:45,000

I'm sorry.

14

00:00:45,000 --> 00:00:46,000

I'm sorry.

15

00:00:46,000 --> 00:00:47,000

I'm sorry.

16

00:00:47,000 --> 00:00:48,000

I'm sorry.

17

00:00:48,000 --> 00:00:49,000

I'm sorry.

18

00:00:49,000 --> 00:00:50,000

I'm sorry.

19

00:00:50,000 --> 00:00:51,000

I'm sorry.

20

00:00:51,000 --> 00:00:52,000

I'm sorry.

21

00:00:52,000 --> 00:00:53,000

I'm sorry.

22

00:00:53,000 --> 00:00:54,000

I'm sorry.

23

00:00:54,000 --> 00:00:55,000

I'm sorry.

24

00:00:55,000 --> 00:00:56,000

I'm sorry.

25

00:00:56,000 --> 00:00:57,000

I'm sorry.

26

00:00:57,000 --> 00:00:58,000

I'm sorry.

27

00:00:58,000 --> 00:00:59,000

I'm sorry.

28

00:00:59,000 --> 00:01:00,000

Please, Senator.

29

00:01:00,000 --> 00:01:01,000

I'm sorry.

30

00:01:01,000 --> 00:01:02,000

I'm sorry.

31

00:01:02,000 --> 00:01:03,000

I'm sorry.

32

00:01:03,000 --> 00:01:04,000

I'm sorry.

33

00:01:04,000 --> 00:01:05,000

I'm sorry.

34

00:01:05,000 --> 00:01:06,000

I'm sorry.

35

00:01:06,000 --> 00:01:07,000

I'm sorry.

36

00:01:07,000 --> 00:01:08,000

I'm sorry.

37

00:01:08,000 --> 00:01:09,000

I'm sorry.

38

00:01:09,000 --> 00:01:10,000

Sorry.

39

00:01:10,000 --> 00:01:11,000

I'm sorry.

40

00:01:11,000 --> 00:01:19,000

Senator Aaron station at American Drive,

41

00:01:19,000 --> 00:01:20,680

New York 2000,

42

00:01:20,680 --> 00:01:27,680

I don't know if I should say this, but I think that's four hours before I said to you that

43

00:01:27,680 --> 00:01:31,680

you two were there with two of the gentlemen in the audience.

44

00:01:31,680 --> 00:01:37,680

Actually, there has been something over in seven thousand six years taking these things,

45

00:01:37,680 --> 00:01:47,680

which run the gamut from very poor to some other price, but I think that's the first

46

00:01:47,680 --> 00:01:52,680

hour when you find yourself down in the circle of band and the position you had held.

47

00:01:52,680 --> 00:01:59,680

Now, he did the work, he received, I think, excuse me, of what was called on the plane,

48

00:01:59,680 --> 00:02:05,680

and firstly exclamation for each thing that he seemed to, and he did this with some success

49

00:02:05,680 --> 00:02:11,680

for a while. But, indeed, yes, he finally, and with all of these exclamations,

50

00:02:11,680 --> 00:02:16,680

there are people who were able to, and then finally he was successful,

51

00:02:16,680 --> 00:02:19,680

he made one mistake when he was too far in the context that he said,

52

00:02:19,680 --> 00:02:24,680

you found yourself the most beautiful man on earth to be, and every new newspaper and every magazine

53

00:02:24,680 --> 00:02:30,680

and he said, he takes the price, he's a very, very well-down and he's been close to it quite a long

54

00:02:30,680 --> 00:02:35,680

and informative article, and I'm going to point out that there's never been any

55

00:02:35,680 --> 00:02:42,680

scientific examination, any kind of a CPC report that never has been any consideration

56

00:02:42,680 --> 00:02:48,680

of the possibility that they might be a secret fuel or no work, either, or if it's a price,

57

00:02:48,680 --> 00:02:51,680

it is, but all of those, it was an early exclamation, it was a design,

58

00:02:51,680 --> 00:02:55,680

there's really been a price to it, and it's a pretty thing, and it's a good thing.

59

00:02:55,680 --> 00:03:01,680

Yes, much of it, there has been a \$1.50 summary, which is close to a \$1.50,

60

00:03:01,680 --> 00:03:08,680

and I have to add personally, about \$25.30, but I've got a lot to take to film and

61

00:03:08,680 --> 00:03:12,680

in the power and in the motion of, and I think we've crossed this,

62

00:03:12,680 --> 00:03:19,680

to the price and more of an origin, and we have made some skills to take to the perfect

63

00:03:19,680 --> 00:03:25,680

best year, and it has been a step back, and several service doors have been very interested,

64

00:03:25,680 --> 00:03:29,680

and I've been suggested this day, it's my big argument,

65

00:03:29,680 --> 00:03:34,680

so the service doors and pictures here have been largely found,

66

00:03:34,680 --> 00:03:39,680

and they're not really explained in the early translations, I don't know,

67

00:03:39,680 --> 00:03:43,680

I think that I don't think we have found any specific code,

68

00:03:43,680 --> 00:03:45,680

or specific code.

69

00:03:45,680 --> 00:03:51,680

The project is one of those very good reasons for a very good year,

70

00:03:51,680 --> 00:03:56,680

listening to technical assignments, and ready to take these assignments from

71

00:03:56,680 --> 00:04:01,680

the summer, by next year, and it's about 12, 12 light years away,

72

00:04:01,680 --> 00:04:05,680

and the summer, really, in the very first two hours of the project,

73

00:04:05,680 --> 00:04:10,680

they've just been taking a little time, it's pretty much to be like,

74

00:04:10,680 --> 00:04:15,680

code translation, I only got to Detroit, and they didn't get enough of it,

75

00:04:15,680 --> 00:04:20,680

to super-mederand it, there's more of my point, I was pretty good at code,

76

00:04:20,680 --> 00:04:25,680

but it's not something that is thought yet, it's just inspired to be determined,

77

00:04:25,680 --> 00:04:30,680

it did not come from any spot on Earth, and on the other hand,

78

00:04:30,680 --> 00:04:34,680

it's always been a good thing, so you know, you got to be intelligent from it.

79

00:04:34,680 --> 00:04:37,680

The project is, this is the most fascinating course,

80

00:04:37,680 --> 00:04:40,680

you can always call it to the people,

81

00:04:40,680 --> 00:04:44,680

I think they see it almost as a kind of book,

82

00:04:44,680 --> 00:04:47,680

an article to the people, but it's very much a big project,

83

00:04:47,680 --> 00:04:50,680

it's almost as if someone is on a highway,

84

00:04:50,680 --> 00:04:54,680

they can focus on that, focus on that,

85

00:04:54,680 --> 00:04:57,680

focus on this, and also see who I am,

86

00:04:57,680 --> 00:04:59,680

and it's a little bit of a thing to do,

87

00:04:59,680 --> 00:05:01,680

and it's important to be thoughtful,

88

00:05:01,680 --> 00:05:05,680

I think that's, well, they're almost in close-up,

89

00:05:05,680 --> 00:05:07,680

but they have to be there also, however,

90

00:05:07,680 --> 00:05:09,680

if you're going to travel in great velocity,

91

00:05:09,680 --> 00:05:12,680

you might have that in how to focus presentations,

92

00:05:12,680 --> 00:05:16,680

so I agree that there has been a lot of pictures published,

93

00:05:16,680 --> 00:05:19,680

Mr. Moore, he's explained it,

94

00:05:19,680 --> 00:05:22,680

he's just based his thoughts, and it's a real thing,

95

00:05:22,680 --> 00:05:26,680

there has been a lot of press users have been carefully analyzed,

96

00:05:26,680 --> 00:05:29,680

but for that to get quick,

97

00:05:29,680 --> 00:05:32,680

the public, I have seen a lot of pictures too,

98

00:05:32,680 --> 00:05:34,680

a good one, some of my public,

99

00:05:34,680 --> 00:05:38,680

some of them are in about 26 files, there's some moments,

100

00:05:38,680 --> 00:05:42,680

and there are these people who have been really disciplined,

101

00:05:42,680 --> 00:05:47,680

they really want to commend the presentation as being that type,

102

00:05:47,680 --> 00:05:50,680

just to go through, you know,

103

00:05:50,680 --> 00:05:53,680

the recent computers operating here,

104

00:05:53,680 --> 00:05:56,680

well, most of the people who are capable,

105

00:05:56,680 --> 00:05:58,680

I think they're taking things very well,

106

00:05:58,680 --> 00:06:01,680

getting a really counter of what happens to them,

107

00:06:01,680 --> 00:06:04,680

I think they'll be, and the patients whether they're not,

108

00:06:04,680 --> 00:06:07,680

they're going to be in a way that's good,

109

00:06:07,680 --> 00:06:09,680

the person who starts that is going to say,

110

00:06:09,680 --> 00:06:12,680

you're being investigated, and maybe some public are,

111

00:06:12,680 --> 00:06:15,680

but you're really controlling the board, isn't it?

112

00:06:15,680 --> 00:06:17,680

They're going to say,

113

00:06:17,680 --> 00:06:19,680

why are they so bad at me?

114

00:06:19,680 --> 00:06:22,680

They're actually interested in me.

115

00:06:22,680 --> 00:06:25,680

Well, they're interested in me,

116

00:06:25,680 --> 00:06:27,680

they're going to say,

117

00:06:27,680 --> 00:06:29,680

well, some at night,

118

00:06:29,680 --> 00:06:32,680

there's been a possibly same number of people at night,

119

00:06:32,680 --> 00:06:35,680

and some are doing a very time-tied,

120

00:06:35,680 --> 00:06:37,680

and they're much more precise,

121

00:06:37,680 --> 00:06:39,680

there's one person who's nice,

122

00:06:39,680 --> 00:06:41,680

and he's just a growing guy,

123

00:06:41,680 --> 00:06:43,680

he likes to get his way to you,

124

00:06:43,680 --> 00:06:46,680

and he's always been a good person to like,

125

00:06:46,680 --> 00:06:49,680

and I could have used a nice one, probably more,

126

00:06:49,680 --> 00:06:51,680

or a good one, or a good one, yeah, yeah,

127

00:06:51,680 --> 00:06:53,680

he might be doing more rapidly,

128

00:06:53,680 --> 00:06:56,680

people don't look up to us in the meantime,

129

00:06:56,680 --> 00:06:58,680

they just improve by many experiments,

130

00:06:59,680 --> 00:07:01,680

and I find things over here that have been seen

131

00:07:01,680 --> 00:07:03,680

and many people started to sell their skills,

132

00:07:03,680 --> 00:07:06,680

it would be best more noticeable at night,

133

00:07:06,680 --> 00:07:08,680

or it wouldn't mean so much.

134

00:07:08,680 --> 00:07:10,680

It would be very, very slow,

135

00:07:10,680 --> 00:07:12,680

but I was speaking at 15 moment,

136

00:07:12,680 --> 00:07:14,680

so I'm not going to be talking about four, five,

137

00:07:14,680 --> 00:07:16,680

or half an hour, and then it's very, very, very,

138

00:07:16,680 --> 00:07:18,680

very, very, very honest.

139

00:07:18,680 --> 00:07:20,680

So, as the board is saying,

140

00:07:20,680 --> 00:07:22,680

it's very, very, very honest,

141

00:07:22,680 --> 00:07:24,680

and I hear the board is excited to be here at night,

142

00:07:24,680 --> 00:07:26,680

by coming down and doing something,

143

00:07:26,680 --> 00:07:29,680

and I, the question of what they should do,

144

00:07:29,680 --> 00:07:31,680

or what they should do, I'm not sure,

145

00:07:31,680 --> 00:07:36,680

most of the visitors who come in through our atmosphere,

146

00:07:36,680 --> 00:07:38,680

to let us hear them, that's over,

147

00:07:38,680 --> 00:07:40,680

would not do anything,

148

00:07:40,680 --> 00:07:42,680

they would want to get in close contact,

149

00:07:42,680 --> 00:07:45,680

and we would actually take a closer look

150

00:07:45,680 --> 00:07:48,680

at what it approach, and close to the small copies of island,

151

00:07:48,680 --> 00:07:50,680

they would like to make it easier to get in touch

152

00:07:50,680 --> 00:07:52,680

with the staff to let us hear,

153

00:07:52,680 --> 00:07:54,680

and it would be good to stay coming in,

154

00:07:54,680 --> 00:07:57,680

and I'm sure most of them are still here today,

155

00:07:57,680 --> 00:08:00,680

and I don't feel any anxiety

156

00:08:00,680 --> 00:08:02,680

to land in the young MRE,

157

00:08:02,680 --> 00:08:05,680

to any of the comments that they have,

158

00:08:05,680 --> 00:08:07,680

and to the people they think they can give,

159

00:08:07,680 --> 00:08:09,680

and to those who are not in this beginning days,

160

00:08:09,680 --> 00:08:11,680

to the people that are in this atmosphere,

161

00:08:11,680 --> 00:08:13,680

also here today,

162

00:08:13,680 --> 00:08:15,680

with our atmosphere quite possible,

163

00:08:15,680 --> 00:08:17,680

I mean, of course,

164

00:08:17,680 --> 00:08:20,680

we, I think, are both here, too,

165

00:08:20,680 --> 00:08:22,680

and in general, I have a lot of people

166

00:08:22,680 --> 00:08:25,680

that say so, to move, to step down on the moon,

167

00:08:25,680 --> 00:08:27,680

or to move to that sort of unit,

168

00:08:27,680 --> 00:08:30,680

or Mars, which is going to say so, to move on,

169

00:08:30,680 --> 00:08:32,680

and to examine those,

170

00:08:32,680 --> 00:08:34,680

and those who are biotics,

171

00:08:34,680 --> 00:08:36,680

and to identify these who are biotics,

172

00:08:36,680 --> 00:08:38,680

and sometimes they're with people,

173

00:08:38,680 --> 00:08:40,680

who say, careful with the best,

174

00:08:40,680 --> 00:08:42,680

they're not still doing their own kind of thing,

175

00:08:42,680 --> 00:08:43,680

and we think they're going to say,

176

00:08:43,680 --> 00:08:45,680

they're not just doing their own,

177

00:08:45,680 --> 00:08:46,680

to think about what it means,

178

00:08:46,680 --> 00:08:48,680

but to make the best of it, to know everyone,

179

00:08:48,680 --> 00:08:50,680

that I am a true, that's it,

180

00:08:50,680 --> 00:08:53,680

and then we can move to the planet,

181

00:08:53,680 --> 00:08:56,680

like in totally, I know that it's closer to biotics,

182

00:08:56,680 --> 00:08:57,680

to this planet,

183

00:08:57,680 --> 00:08:59,680

to remember having to come in,

184

00:08:59,680 --> 00:09:00,680

and I have to,

185

00:09:00,680 --> 00:09:01,680

and I have to,

186

00:09:01,680 --> 00:09:03,680

to move and to,

187

00:09:03,680 --> 00:09:04,680

and to,

188

00:09:04,680 --> 00:09:06,680

to be close to them,

189

00:09:06,680 --> 00:09:08,680

and I think that's a good word,

190

00:09:08,680 --> 00:09:10,680

that's when I,

191

00:09:10,680 --> 00:09:11,680

I was the first to word,

192

00:09:11,680 --> 00:09:13,680

the word was just a good consideration,

193

00:09:13,680 --> 00:09:15,680

I was very engaged in this,

194

00:09:15,680 --> 00:09:17,680

and I was moving in that,

195

00:09:18,680 --> 00:09:26,680

and doing this withningar.

196

00:09:36,680 --> 00:09:38,680

Oh, well,

197

00:09:38,680 --> 00:09:40,680

I was going to say for me,

198

00:09:40,680 --> 00:09:42,680

consultate me for reference,

199

00:09:42,680 --> 00:09:47,540

Man Rather than it's an■■■■■...

200

00:09:47,620 --> 00:09:49,660

Unbelievable.

201

00:09:49,740 --> 00:09:53,540

Very author Made ...

202

00:09:53,600 --> 00:09:55,460

number four on the screen.

203

00:09:55,540 --> 00:09:58,600

■■.

204

00:09:58,680 --> 00:10:01,640

I'd like to say that we are

205

00:10:01,720 --> 00:10:09,700

not interested in the

206

00:10:09,700 --> 00:10:15,700

and then doing a wish to set a wish to somewhat flatten their wishes to zero percent.

207

00:10:15,700 --> 00:10:17,700

That's a good diameter advice.

208

00:10:17,700 --> 00:10:19,700

Very short is the end of the term.

209

00:10:19,700 --> 00:10:23,700

That's the point where I have to step forward to set the word.

210

00:10:23,700 --> 00:10:27,700

I have to put my strength in and just have to end at that point.

211

00:10:27,700 --> 00:10:33,700

And if I work it to the right, where do you set the brand to go and have to do the test?

212

00:10:33,700 --> 00:10:35,700

And my strength right here and now is the direction going.

213

00:10:35,700 --> 00:10:36,700

Now, third year is correct.

214

00:10:36,700 --> 00:10:38,700

I'm going to go through the circle and continue on.

215

00:10:38,700 --> 00:10:41,700

I even lost it on the road for a second next day.

216

00:10:41,700 --> 00:10:43,700

In fact, it was in the end of the year.

217

00:10:43,700 --> 00:10:45,700

I'm just going down the road for a second coming out this year.

218

00:10:45,700 --> 00:10:50,700

If I could talk to you about the new C12, C14, and the new SISC,

219

00:10:50,700 --> 00:10:53,700

and the new SISC, and the new SISC, and what have you.

220

00:10:53,700 --> 00:10:56,700

It was totally impossible to do the C162,

221

00:10:56,700 --> 00:10:58,700

because I couldn't get a final over a final.

222

00:10:58,700 --> 00:11:01,700

I just couldn't go through the circle and go through the red circle.

223

00:11:01,700 --> 00:11:05,700

You're going to have to put your hand on the plate and then you're going to put it in the circle.

224

00:11:05,700 --> 00:11:11,700

I have no questions there, but I know that this is the time when I'm very high to be a security assistant.

225

00:11:11,700 --> 00:11:15,700

Right-hand and live-in, where everyone else is in contact,

226

00:11:15,700 --> 00:11:22,700

and the security section is the place that the crime-branches would be about to end up without a crime.

227

00:11:22,700 --> 00:11:26,700

And then you're going to be a security assistant.

228

00:11:26,700 --> 00:11:33,700

Is there ever a new one that you've made that you've been doing?

229

00:11:33,700 --> 00:11:36,700

First of all, it's a crime. There was no crime.

230

00:11:36,700 --> 00:11:43,700

There was something that wasn't going through C18 to anyone else.

231

00:11:43,700 --> 00:11:45,700

But what about C18 to me?

232

00:11:45,700 --> 00:11:48,700

It's a crime that's going through C19 to me.

233

00:11:48,700 --> 00:11:49,700

C18, that's it.

234

00:11:49,700 --> 00:11:51,700

It's a crime that's going through something.

235

00:11:51,700 --> 00:11:53,700

That's very nice.

236

00:11:53,700 --> 00:11:55,700

I think you can talk about it.

237

00:11:55,700 --> 00:11:58,700

Everyone is beautiful about it, but that's the one you're on here.

238

00:11:58,700 --> 00:12:00,700

Yes, I can tell you that.

239

00:12:00,700 --> 00:12:02,700

Yes, you're on here.

240

00:12:02,700 --> 00:12:04,700

That's the one.

241

00:12:04,700 --> 00:12:06,700

That's the one I'm going to talk about.

242

00:12:06,700 --> 00:12:09,700

That's right.

243

00:12:09,700 --> 00:12:12,700

That's the crime that's going through C19 to me.

244

00:12:12,700 --> 00:12:16,700

That's the noise that's going through C19 to me.

245

00:12:16,700 --> 00:12:19,700

You know, I heard no noise at all at the scene.

246

00:12:19,700 --> 00:12:22,700

And it was coming in very slowly and it was accelerating.

247

00:12:22,700 --> 00:12:26,700

I didn't hear the crackle of the crackle when it just fell.

248

00:12:26,700 --> 00:12:31,700

I heard no noise at the scene.

249

00:12:31,700 --> 00:12:33,700

It was coming in.

250

00:12:33,700 --> 00:12:34,700

No.

251

00:12:34,700 --> 00:12:37,700

It was going through C19 to me.

252

00:12:37,700 --> 00:12:39,700

It was going through C19 to me.

253

00:12:39,700 --> 00:12:41,700

I'm happy that you took the trouble.

254

00:12:41,700 --> 00:12:45,700

I got through with a sexist operation.

255

00:12:45,700 --> 00:12:48,700

I see George as an inspiration.

256

00:12:48,700 --> 00:12:51,700

I was very new conversation.

257

00:12:51,700 --> 00:12:54,700

I think that expressed some sensitivity and about the C19.

258

00:12:54,700 --> 00:12:56,700

That's the dress.

259

00:12:56,700 --> 00:12:57,700

I don't know.

260

00:12:57,700 --> 00:12:59,700

My mission is only to think of the activity.

261

00:12:59,700 --> 00:13:03,700

But my role as a Christ is to be certain that it's my union.

262

00:13:03,700 --> 00:13:07,700

We have come to solve unilaterals.

263

00:13:07,700 --> 00:13:11,700

I was very conscious of what I was supposed to do.

264

00:13:11,700 --> 00:13:13,700

I was going through all the problems.

265

00:13:13,700 --> 00:13:15,700

I accepted what you had seen.

266

00:13:15,700 --> 00:13:18,700

Opening of a creative inspiration.

267

00:13:18,700 --> 00:13:23,700

I explained that this came from the idea that it was not the same.

268

00:13:23,700 --> 00:13:26,700

It was something that was very fascinating and worrying.

269

00:13:26,700 --> 00:13:28,700

I knew and I presented it.

270

00:13:28,700 --> 00:13:31,700

It was creative because it came from a very young level.

271

00:13:31,700 --> 00:13:33,700

It was very passionate.

272

00:13:33,700 --> 00:13:35,700

I want my own voice.

273

00:13:35,700 --> 00:13:39,700

I want to be able to control the remotely-framed much larger set.

274

00:13:39,700 --> 00:13:43,700

It took about that much time and it lasted about a third of a second.

275

00:13:43,700 --> 00:13:48,700

But that is, I chose it to be new to demonstrate its capacity.

276

00:13:48,700 --> 00:13:53,700

It was the innovative model of the capacity of this department.

277

00:13:53,700 --> 00:13:56,700

I knew that through the process over there.

278

00:13:56,700 --> 00:13:59,700

I explained that a really passionate area was taken.

279

00:13:59,700 --> 00:14:01,700

I was evacuated in the past.

280

00:14:01,700 --> 00:14:04,700

I was in the process of pumping off the pedestal.

281

00:14:04,700 --> 00:14:08,700

I went down to the surface of the great-sized great point.

282

00:14:08,700 --> 00:14:10,700

I was making it new.

283

00:14:10,700 --> 00:14:12,700

I was in the process of putting it back in.

284

00:14:12,700 --> 00:14:15,700

I was rescued by a self-decorated and filled with that spirit.

285

00:14:15,700 --> 00:14:17,700

I was in the process of putting it back in.

286

00:14:17,700 --> 00:14:19,700

I was in the process of putting it back in.

287

00:14:19,700 --> 00:14:21,700

I was in the process of putting it back in.

288

00:14:21,700 --> 00:14:23,700

I was in the process of putting it back in.

289

00:14:23,700 --> 00:14:25,700

I was in the process of putting it back in.

290

00:14:25,700 --> 00:14:27,700

I was in the process of putting it back in.

291

00:14:27,700 --> 00:14:29,700

Hundreds of times it lasted.

292

00:14:29,700 --> 00:14:33,700

Some of it had excess of directness.

293

00:14:33,700 --> 00:14:52,340

I was in the process of opening the basic

294

00:14:52,700 --> 00:14:56,700

portINI system at that time.

295

00:14:56,700 --> 00:15:00,700

is particularly a lot of work that can be expressed to the community.

296

00:15:00,700 --> 00:15:04,700

Right, we're saying that there are a lot of guys through these communications

297

00:15:04,700 --> 00:15:09,700

and they're present, they're like, they can show some, uh, they're very good crafts.

298

00:15:09,700 --> 00:15:13,700

And they're working very good, I wanted to do the face-to-face business.

299

00:15:13,700 --> 00:15:17,700

And they're working so well that they can show how to help the kids who are.

300

00:15:17,700 --> 00:15:21,700

These are the things that I'd like to know, I kind of like to do in the past, you know,

301

00:15:21,700 --> 00:15:27,700

to do in the past, I guess, only by the line of sight.

302

00:15:27,700 --> 00:15:31,700

I'd be, if there was this maximum altitude that would be, uh,

303

00:15:31,700 --> 00:15:34,700

the two billionth flight, which is about 35 miles,

304

00:15:34,700 --> 00:15:36,700

you don't have to cross out at this time of the day.

305

00:15:36,700 --> 00:15:39,700

This is high on the cloud. I don't, it's hard.

306

00:15:39,700 --> 00:15:43,700

No, I wouldn't, it wouldn't be, it wouldn't be an easy life if I got the baby.

307

00:15:43,700 --> 00:15:47,700

As far as the prices can turn, you've got to make the children,

308

00:15:47,700 --> 00:15:50,700

the babies remain in the bag, the same inside of them,

309

00:15:50,700 --> 00:15:53,700

and then you get a fine-tune flight after the top of the mountain.

310

00:15:53,700 --> 00:15:56,700

I'd go, you know, I'd be a good step out of the air,

311

00:15:56,700 --> 00:15:58,700

I'd follow the pace.

312

00:15:58,700 --> 00:16:01,700

Now, well, yes, the kids have lost, and the new captain Hawkins

313

00:16:01,700 --> 00:16:05,700

is elevating to, I think, 15 to 20,000 feet.

314

00:16:05,700 --> 00:16:08,700

And so you are under an extreme distance,

315

00:16:08,700 --> 00:16:10,700

and I mean, the whole thing is still working.

316

00:16:10,700 --> 00:16:14,700

Yeah, I was going to have an EOS and an atmosphere with the two of those,

317

00:16:14,700 --> 00:16:16,700

and we remained the same all the time,

318

00:16:16,700 --> 00:16:18,700

regardless of the altitude and the track.

319

00:16:18,700 --> 00:16:21,700

But when you set off, you just feel like you're in the country,

320

00:16:21,700 --> 00:16:25,700

you feel like you're in a very, very high position.

321

00:16:25,700 --> 00:16:27,700

What's the big deal?

322

00:16:27,700 --> 00:16:30,700

You are all being, you know, the decision,

323

00:16:30,700 --> 00:16:34,700

and when you come down from the district and pressure of atmosphere

324

00:16:34,700 --> 00:16:36,700

and the pressure remains in constant,

325

00:16:36,700 --> 00:16:38,700

you're just going to be in the government,

326

00:16:38,700 --> 00:16:40,700

and the government may be in 200 feet,

327

00:16:40,700 --> 00:16:42,700

but when you're in the surface and the pressure on the outside,

328

00:16:42,700 --> 00:16:44,700

then you'll be right in your time to train.

329

00:16:44,700 --> 00:16:47,700

Now, on the surface, the pressure is actually

330

00:16:47,700 --> 00:16:50,700

on the surface inside because the pressure is maintaining

331

00:16:50,700 --> 00:16:52,700

the number of the first station.

332

00:16:52,700 --> 00:16:54,700

Sometimes, you're in the, you know,

333

00:16:54,700 --> 00:16:57,700

a product that is very close to the surface,

334

00:16:57,700 --> 00:17:02,700

but you just feel like you're in a product that's very well known.

335

00:17:02,700 --> 00:17:06,700

But when you're in a 22 high,

336

00:17:06,700 --> 00:17:09,700

you have to be, you know,

337

00:17:09,700 --> 00:17:12,700

in the country, just as well as if you're a low-duty.

338

00:17:12,700 --> 00:17:14,700

Oh, well, if this is, yeah, if this is,

339

00:17:14,700 --> 00:17:17,700

if you have to maintain the same height and strength

340

00:17:17,700 --> 00:17:19,700

by the same area, same hour,

341

00:17:19,700 --> 00:17:22,700

if the market gets very good,

342

00:17:22,700 --> 00:17:24,700

if I have to be, if I have to pressure,

343

00:17:24,700 --> 00:17:26,700

I have to cap another rate.

344

00:17:26,700 --> 00:17:28,700

If I have to do that, I have to do that,

345

00:17:28,700 --> 00:17:30,700

so I have to be in the non-strict,

346

00:17:30,700 --> 00:17:32,700

I have to be in the non-strict,

347

00:17:32,700 --> 00:17:34,700

I have to be in the non-strict,

348

00:17:34,700 --> 00:17:36,700

I have to be in the non-strict,

349

00:17:36,700 --> 00:17:39,700

because there are many times when you will be in the non-strict,

350

00:17:39,700 --> 00:17:41,700

you will be in the non-strict.

351

00:17:41,700 --> 00:17:45,100

So then if you have to go down a certain level,

352

00:17:45,100 --> 00:17:47,700

if you're in the application zone I have to do that,

353

00:17:47,700 --> 00:17:49,700

you've got to do for work,

354

00:17:49,700 --> 00:17:52,700

if you're choosing to do in thearsi-moisi-moisi group,

355

00:17:52,700 --> 00:18:01,700

if you do a cultess,

356

00:18:01,700 --> 00:18:05,700

but you have to work really hard in making that movie,

357

00:18:05,700 --> 00:18:07,700

I'm going to go to the most effective.

358

00:18:07,700 --> 00:18:10,700

And so when we are in the field, I'm going to tell myself

359

00:18:10,700 --> 00:18:12,700

to be an experienced lawyer.

360

00:18:12,700 --> 00:18:15,700

And very, we can play out some of the key concepts

361

00:18:15,700 --> 00:18:18,700

that the district has here, very quickly.

362

00:18:18,700 --> 00:18:20,700

The district has here very, very, very good.

363

00:18:20,700 --> 00:18:23,700

One of the great angles in all those days

364

00:18:23,700 --> 00:18:26,700

are the specific documentaries.

365

00:18:26,700 --> 00:18:29,700

Right, so one further in there.

366

00:18:29,700 --> 00:18:33,700

Has been the last of non-cliberbius.

367

00:18:33,700 --> 00:18:36,700

The district has a very good field of technology

368

00:18:36,700 --> 00:18:38,700

and the sound is very interactive

369

00:18:38,700 --> 00:18:40,700

and the architecture looks like another.

370

00:18:40,700 --> 00:18:44,700

Here is a standard documentaries

371

00:18:44,700 --> 00:18:48,700

in spite of the rich and high-precision

372

00:18:48,700 --> 00:18:50,700

and the great effectiveness.

373

00:18:50,700 --> 00:18:52,700

I wonder if Dr. Schreiber is going to give you a guide

374

00:18:52,700 --> 00:18:55,700

on what he was talking about in the documentaries.

375

00:18:55,700 --> 00:18:59,700

And how he has participated in the behind

376

00:18:59,700 --> 00:19:02,700

of this institution while he was in the field.

377

00:19:02,700 --> 00:19:04,700

Very exciting.

378

00:19:04,700 --> 00:19:07,700

How he has participated was about two of the experience

379

00:19:07,700 --> 00:19:08,700

that he was showing us,

380

00:19:08,700 --> 00:19:11,700

the current significant development.

381

00:19:11,700 --> 00:19:15,700

I wonder if you can give us an answer to the other subject

382

00:19:15,700 --> 00:19:18,700

and of course, if you can slide it over to the question.

383

00:19:18,700 --> 00:19:20,700

I wonder if you can see across the question

384

00:19:20,700 --> 00:19:23,700

these people about the other algorithm in the documentaries.

385

00:19:23,700 --> 00:19:26,700

And the other algorithm was actually considered.

386

00:19:26,700 --> 00:19:28,700

So we'll get into more questions on that

387

00:19:28,700 --> 00:19:30,700

and actually have an answer with Michael,

388

00:19:30,700 --> 00:19:33,700

Yeah, I don't say this is very front-bed or far-down there.

389

00:19:33,700 --> 00:19:35,700

They got to go over here.

390

00:19:35,700 --> 00:19:40,700

In the first place, yes, I was concerned with getting as much information

391

00:19:40,700 --> 00:19:42,700

as I could.

392

00:19:42,700 --> 00:19:43,700

So this is a good question.

393

00:19:43,700 --> 00:19:46,700

I like asking questions constantly.

394

00:19:46,700 --> 00:19:48,700

I'm looking for a good answer to that.

395

00:19:48,700 --> 00:19:50,700

And the true every question I ask,

396

00:19:50,700 --> 00:19:52,700

I got a complete answer.

397

00:19:52,700 --> 00:19:54,700

I just saw an enormous area of space

398

00:19:54,700 --> 00:19:56,700

and understandable answers.

399

00:19:56,700 --> 00:19:58,700

Where the answer was not understandable,

400

00:19:58,700 --> 00:20:00,700

and the road of space and space

401

00:20:00,700 --> 00:20:02,700

because we don't get to have an answer.

402

00:20:02,700 --> 00:20:06,700

The language and the words necessary to explain

403

00:20:06,700 --> 00:20:08,700

and the concepts necessary to explain

404

00:20:08,700 --> 00:20:10,700

some of these things,

405

00:20:10,700 --> 00:20:13,700

but I think the answer is nice too.

406

00:20:13,700 --> 00:20:16,700

And the question that I asked,

407

00:20:16,700 --> 00:20:19,700

because I was in the scientific field,

408

00:20:19,700 --> 00:20:23,700

I met all the problems that came to me.

409

00:20:23,700 --> 00:20:26,700

In case of granted, I asked some of these questions.

410

00:20:26,700 --> 00:20:28,700

I got an answer in some cases

411

00:20:28,700 --> 00:20:30,700

that were understandable.

412

00:20:30,700 --> 00:20:32,700

And I'm looking for a better answer.

413

00:20:32,700 --> 00:20:35,700

Yes, this is what I was telling you.

414

00:20:35,700 --> 00:20:39,700

Some of these things were subject to physical tests.

415

00:20:39,700 --> 00:20:42,700

You could set up electronic means

416

00:20:42,700 --> 00:20:45,700

or mechanical means to test the concept.

417

00:20:45,700 --> 00:20:48,700

And I spent, in fact, about four years

418

00:20:48,700 --> 00:20:51,700

in the creation.

419

00:20:51,700 --> 00:20:52,700

Wrong list, my work.

420

00:20:52,700 --> 00:20:53,700

I had errors that never worked

421

00:20:53,700 --> 00:20:55,700

and I worked for a better set of four years

422

00:20:55,700 --> 00:20:57,700

back this year's time.

423

00:20:57,700 --> 00:20:58,700

I worked in far-fetched,

424

00:20:58,700 --> 00:20:59,700

making these implementations,

425

00:20:59,700 --> 00:21:01,700

specialized implementations.

426

00:21:01,700 --> 00:21:03,700

I was actually my own boss.

427

00:21:03,700 --> 00:21:05,700

I was just working with the engineers

428

00:21:05,700 --> 00:21:06,700

and they were made to emulate.

429

00:21:06,700 --> 00:21:08,700

No one knew how long to take me to do it.

430

00:21:08,700 --> 00:21:10,700

So I know I knew when I could do it too.

431

00:21:10,700 --> 00:21:12,700

But I gave you a lot of my own time

432

00:21:12,700 --> 00:21:14,700

and as much as I could do something

433

00:21:14,700 --> 00:21:15,700

as time as I could do.

434

00:21:15,700 --> 00:21:17,700

And so I did this building that

435

00:21:17,700 --> 00:21:20,700

to teach you the implementation

436

00:21:20,700 --> 00:21:24,700

of hardware to test the concept.

437

00:21:24,700 --> 00:21:25,700

And then one of those,

438

00:21:25,700 --> 00:21:26,700

to say whatever,

439

00:21:26,700 --> 00:21:29,700

never said there were errors in that thing to work.

440

00:21:29,700 --> 00:21:30,700

So I did an interview

441

00:21:30,700 --> 00:21:31,700

and I told them all of these things

442

00:21:31,700 --> 00:21:32,700

and I could do it all in the end.

443

00:21:32,700 --> 00:21:33,700

And they said,

444

00:21:33,700 --> 00:21:34,700

well, it still is,

445

00:21:34,700 --> 00:21:35,700

but I don't know if they're going to do that.

446

00:21:35,700 --> 00:21:37,700

You can say it's an open, it's two o'clock.

447

00:21:37,700 --> 00:21:38,700

All right, forget it.

448

00:21:38,700 --> 00:21:39,700

Hello?

449

00:21:39,700 --> 00:21:40,700

Yes.

450

00:21:40,700 --> 00:21:43,700

Actually, when it began to appear that

451

00:21:43,700 --> 00:21:44,700

I was in the middle of it,

452

00:21:44,700 --> 00:21:46,700

it was not yet accepted here.

453

00:21:46,700 --> 00:21:48,700

It began to appear that perhaps

454

00:21:48,700 --> 00:21:50,700

I was in a position of information

455

00:21:50,700 --> 00:21:51,700

that was associated by you

456

00:21:51,700 --> 00:21:52,700

and I was able to see

457

00:21:52,700 --> 00:21:54,700

and that I had no right to continue

458

00:21:54,700 --> 00:21:56,700

to secure that information.

459

00:21:56,700 --> 00:21:57,700

So that was the greatest risk

460

00:21:57,700 --> 00:21:59,700

I had in the years to go.

461

00:21:59,700 --> 00:22:01,700

I had, after this time,

462

00:22:01,700 --> 00:22:03,700

made no formal report

463

00:22:03,700 --> 00:22:05,700

and I could go through the time

464

00:22:05,700 --> 00:22:07,700

that these kinds of things were.

465

00:22:07,700 --> 00:22:09,700

I had no intention of making a report.

466

00:22:09,700 --> 00:22:11,700

I thought that if I were in the world today,

467

00:22:11,700 --> 00:22:13,700

I would destroy myself.

468

00:22:13,700 --> 00:22:15,700

But today I destroyed my image

469

00:22:15,700 --> 00:22:17,700

during the rest of the teaching

470

00:22:17,700 --> 00:22:19,700

and I could see the way

471

00:22:19,700 --> 00:22:21,700

that I was born in the same attempt

472

00:22:21,700 --> 00:22:24,700

to officially secure this country

473

00:22:24,700 --> 00:22:26,700

or something that the majority of them

474

00:22:26,700 --> 00:22:27,700

were very much in the middle anyway.

475

00:22:27,700 --> 00:22:28,700

In fact, the majority of them

476

00:22:28,700 --> 00:22:30,700

were very much in the middle anyway.

477

00:22:30,700 --> 00:22:32,700

And I don't reason why I could do it.

478

00:22:32,700 --> 00:22:33,700

I don't reason why I could

479

00:22:33,700 --> 00:22:36,700

sacrifice myself in such a game of chess.

480

00:22:36,700 --> 00:22:37,700

But we'll see,

481

00:22:37,700 --> 00:22:39,700

recruiting out of these kinds of chess

482

00:22:39,700 --> 00:22:40,700

I think is going to have

483

00:22:40,700 --> 00:22:42,700

a little more importance than I was

484

00:22:42,700 --> 00:22:43,700

in the new state system

485

00:22:43,700 --> 00:22:45,700

and making the better of it.

486

00:22:45,700 --> 00:22:47,700

I think I want to move into

487

00:22:47,700 --> 00:22:49,700

some more specific approach

488

00:22:49,700 --> 00:22:51,700

to this future.

489

00:22:51,700 --> 00:22:52,700

I wonder if you are starting to

490

00:22:52,700 --> 00:22:54,700

really go to the part of the

491

00:22:54,700 --> 00:22:55,700

discussion in the current

492

00:22:55,700 --> 00:22:57,700

class or in the future?

493

00:22:57,700 --> 00:22:58,700

I don't think you are going to

494

00:22:58,700 --> 00:22:59,700

really do the same number

495

00:22:59,700 --> 00:23:00,700

or are you going to be

496

00:23:00,700 --> 00:23:02,700

out of that large force?

497

00:23:02,700 --> 00:23:03,700

I don't think you are going to

498

00:23:03,700 --> 00:23:04,700

be out of that large force.

499

00:23:04,700 --> 00:23:05,700

Richard?

500

00:23:05,700 --> 00:23:07,700

You know, I doubt it's very many

501

00:23:07,700 --> 00:23:10,700

of those two reports

502

00:23:10,700 --> 00:23:12,700

that suggest that some of the

503

00:23:12,700 --> 00:23:14,700

reports are fraud.

504

00:23:14,700 --> 00:23:16,700

Some of these are not

505

00:23:16,700 --> 00:23:18,700

maybe some of the

506

00:23:18,700 --> 00:23:20,700

nation on the other hand

507

00:23:20,700 --> 00:23:22,700

I think is some of my reports

508

00:23:22,700 --> 00:23:24,700

that I just thought happened.

509

00:23:24,700 --> 00:23:26,700

There is no report that I know

510

00:23:26,700 --> 00:23:28,700

of today that it is exactly

511

00:23:28,700 --> 00:23:30,700

similar to the experience that I

512

00:23:30,700 --> 00:23:31,700

had, but almost all of them

513

00:23:31,700 --> 00:23:34,700

have some similar points.

514

00:23:34,700 --> 00:23:36,700

This does not necessarily mean

515

00:23:36,700 --> 00:23:38,700

that if any of these others

516

00:23:38,700 --> 00:23:40,700

were any less valid than mine

517

00:23:40,700 --> 00:23:42,700

and some community would live

518

00:23:42,700 --> 00:23:44,700

in a rather serious

519

00:23:44,700 --> 00:23:45,700

and rather easy to live in

520

00:23:45,700 --> 00:23:47,700

intelligence in every direction

521

00:23:47,700 --> 00:23:49,700

and much of which

522

00:23:49,700 --> 00:23:51,700

a life of government life

523

00:23:51,700 --> 00:23:53,700

is probably far beyond that

524

00:23:53,700 --> 00:23:55,700

in technology and has

525

00:23:55,700 --> 00:23:56,700

been looking in upon

526

00:23:56,700 --> 00:23:58,700

a vision on our force

527

00:23:58,700 --> 00:24:00,700

as far as I think I really

528

00:24:00,700 --> 00:24:01,700

think it should go.

529

00:24:01,700 --> 00:24:02,700

We probably have

530

00:24:02,700 --> 00:24:03,700

implications

531

00:24:03,700 --> 00:24:04,700

bringing it to the

532

00:24:04,700 --> 00:24:05,700

some many, many different

533

00:24:05,700 --> 00:24:06,700

approaches

534

00:24:06,700 --> 00:24:07,700

and different types of

535

00:24:07,700 --> 00:24:08,700

services.

536

00:24:08,700 --> 00:24:09,700

If any of those

537

00:24:09,700 --> 00:24:11,700

people are just

538

00:24:11,700 --> 00:24:12,700

communicated

539

00:24:12,700 --> 00:24:13,700

in a way that

540

00:24:13,700 --> 00:24:14,700

you guys are doing, that's

541

00:24:14,700 --> 00:24:15,700

like they were aware

542

00:24:15,700 --> 00:24:17,700

of other intelligence.

543

00:24:17,700 --> 00:24:19,700

Oh yes, there is that

544

00:24:19,700 --> 00:24:20,700

attitude right here.

545

00:24:20,700 --> 00:24:21,700

This might be very

546

00:24:21,700 --> 00:24:22,700

infatuated because

547

00:24:22,700 --> 00:24:23,700

this is real

548

00:24:23,700 --> 00:24:24,700

and well

549

00:24:24,700 --> 00:24:25,700

it's a

550

00:24:25,700 --> 00:24:26,700

very, very

551

00:24:26,700 --> 00:24:27,700

interesting

552

00:24:27,700 --> 00:24:28,700

reality.

553

00:24:28,700 --> 00:24:29,700

One

554

00:24:29,700 --> 00:24:30,700

really is just coming out

555

00:24:30,700 --> 00:24:31,700

in development.

556

00:24:31,700 --> 00:24:32,700

Have they contacted

557

00:24:32,700 --> 00:24:33,700

any of these others?

558

00:24:33,700 --> 00:24:34,700

I have filmed a

559

00:24:34,700 --> 00:24:36,700

couple of times

560

00:24:36,700 --> 00:24:38,700

to this

561

00:24:38,700 --> 00:24:39,700

far away

562

00:24:39,700 --> 00:24:40,700

from the

563

00:24:40,700 --> 00:24:41,700

this one

564

00:24:41,700 --> 00:24:42,700

of many

565

00:24:42,700 --> 00:24:43,700

I don't know

566

00:24:43,700 --> 00:24:44,700

how we

567

00:24:44,700 --> 00:24:45,700

could be

568

00:24:45,700 --> 00:24:46,700

contacted

569

00:24:46,700 --> 00:24:47,700

other

570

00:24:47,700 --> 00:24:48,700

agencies

571

00:24:48,700 --> 00:24:49,700

and other

572

00:24:49,700 --> 00:24:50,700

generations before

573

00:24:50,700 --> 00:24:51,700

I got it.

574

00:24:51,700 --> 00:24:52,700

We

575

00:24:52,700 --> 00:24:53,700

had to

576

00:24:53,700 --> 00:24:54,700

stay

577

00:24:54,700 --> 00:24:55,700

for a long

578

00:24:55,700 --> 00:24:56,700

period

579

00:24:56,700 --> 00:24:57,700

of time

580

00:24:57,700 --> 00:24:58,700

to

581

00:24:58,700 --> 00:24:59,700

accomplish

582

00:24:59,700 --> 00:25:00,700

and

583

00:25:00,700 --> 00:25:01,700

to contact

584

00:25:01,700 --> 00:25:02,700

other

585

00:25:32,700 --> 00:25:34,700

that they wish to reward animals for their safety,

586

00:25:34,700 --> 00:25:36,700

to be able to identify the dogs,

587

00:25:36,700 --> 00:25:38,700

to be able to hide them,

588

00:25:38,700 --> 00:25:40,700

to be able to come to the zoo,

589

00:25:40,700 --> 00:25:42,700

to be able to come to the zoo,

590

00:25:42,700 --> 00:25:44,700

to the area, to the local habitat,

591

00:25:44,700 --> 00:25:45,700

and really to do it.

592

00:25:45,700 --> 00:25:48,700

Well, I guess whether they had over come in Earth here,

593

00:25:48,700 --> 00:25:50,700

and they hadn't over come,

594

00:25:50,700 --> 00:25:52,700

rather, they did simply make use of it,

595

00:25:52,700 --> 00:25:54,700

a little sense in my time,

596

00:25:54,700 --> 00:25:56,700

trying to do concrete that I'm going to do,

597

00:25:56,700 --> 00:25:58,700

trying to destroy it,

598

00:25:58,700 --> 00:26:00,700

that we are trying to forget

599

00:26:00,700 --> 00:26:02,700

and make use of it,

600

00:26:02,700 --> 00:26:04,700

to remember the road sign when we can't let them join them,

601

00:26:04,700 --> 00:26:07,700

and we will begin to

602

00:26:07,700 --> 00:26:09,700

to travel through the zoo

603

00:26:09,700 --> 00:26:11,700

in this technology.

604

00:26:11,700 --> 00:26:13,700

This is going to be the end of the test,

605

00:26:13,700 --> 00:26:15,700

but we know now that

606

00:26:15,700 --> 00:26:17,700

a dog can see again,

607

00:26:17,700 --> 00:26:19,700

as we make it as well as possible,

608

00:26:19,700 --> 00:26:20,700

that it can't see,

609

00:26:20,700 --> 00:26:22,700

it will be broken as well as in the track,

610

00:26:22,700 --> 00:26:24,700

so we're going to reverse it,

611

00:26:24,700 --> 00:26:26,700

in fact, both from the center of the atom,

612

00:26:26,700 --> 00:26:28,700

and between the galaxy,

613

00:26:28,700 --> 00:26:29,700

and the inter-strait,

614

00:26:29,700 --> 00:26:31,700

compared to the previous time when we were

615

00:26:31,700 --> 00:26:33,700

and had it up to 200 feet here,

616

00:26:33,700 --> 00:26:34,700

just like we can.

617

00:26:34,700 --> 00:26:35,700

In fact,

618

00:26:35,700 --> 00:26:36,700

these two areas,

619

00:26:36,700 --> 00:26:37,700

produced the process,

620

00:26:37,700 --> 00:26:39,700

that was described

621

00:26:39,700 --> 00:26:40,700

as well as the tripty,

622

00:26:40,700 --> 00:26:41,700

the wire,

623

00:26:41,700 --> 00:26:42,700

and the limited technology.

624

00:26:42,700 --> 00:26:44,700

It is very important to

625

00:26:44,700 --> 00:26:45,700

really, really,

626

00:26:45,700 --> 00:26:47,700

to constantly reproduce the tripty,

627

00:26:47,700 --> 00:26:49,700

that is extended to the gravity.

628

00:26:49,700 --> 00:26:51,700

So, it really, really tries to constantly

629

00:26:51,700 --> 00:26:52,700

to communicate again,

630

00:26:52,700 --> 00:26:53,700

as a craft,

631

00:26:53,700 --> 00:26:54,700

the personality,

632

00:26:54,700 --> 00:26:55,700

and here,

633

00:26:55,700 --> 00:26:56,700

the small boy,

634

00:26:56,700 --> 00:26:59,700

and I think it's rather good to write them,

635

00:26:59,700 --> 00:27:00,700

and then in the next time we're in here,

636

00:27:00,700 --> 00:27:01,700

I'm going to just take the most of the process,

637

00:27:01,700 --> 00:27:03,700

and I'll read you the best person,

638

00:27:03,700 --> 00:27:05,700

and then I'll just write them,

639

00:27:05,700 --> 00:27:06,700

and I'll just write them,

640

00:27:06,700 --> 00:27:08,700

and it's also good to write them,

641

00:27:08,700 --> 00:27:10,700

and it's going to be the process of the unit.

642

00:27:10,700 --> 00:27:11,700

This is not our,

643

00:27:11,700 --> 00:27:12,700

but it's the energy process.

644

00:27:12,700 --> 00:27:13,700

I mean,

645

00:27:13,700 --> 00:27:14,700

it might have been the process of the unit,

646

00:27:14,700 --> 00:27:16,700

if you know anything about the energy time,

647

00:27:16,700 --> 00:27:17,700

it's going to be the process,

648

00:27:17,700 --> 00:27:19,700

but it doesn't mean that we can get

649

00:27:19,700 --> 00:27:21,700

our self-induced acceleration,

650

00:27:21,700 --> 00:27:23,700

energy-based acceleration,

651

00:27:23,700 --> 00:27:26,700

between a point in mass and a point in energy,

652

00:27:26,700 --> 00:27:28,700

which is only some part true,

653

00:27:28,700 --> 00:27:29,700

from our technology,

654

00:27:29,700 --> 00:27:31,700

to move our acceleration

655

00:27:31,700 --> 00:27:32,700

between a point in mass,

656

00:27:32,700 --> 00:27:33,700

and a point in energy,

657

00:27:33,700 --> 00:27:34,700

between a point in mass,

658

00:27:34,700 --> 00:27:36,700

and this is basically the point,

659

00:27:36,700 --> 00:27:37,700

but yeah, it has, however,

660

00:27:37,700 --> 00:27:39,700

a great advantage to everything,

661

00:27:39,700 --> 00:27:40,700

early acceleration,

662

00:27:40,700 --> 00:27:43,700

which is, it can be valid all the time.

663

00:27:43,700 --> 00:27:45,700

It's new to celebrate a body

664

00:27:45,700 --> 00:27:47,700

in a classification of magnetism,

665

00:27:47,700 --> 00:27:49,700

exactly the same amount of force

666

00:27:49,700 --> 00:27:51,700

is provided to every unit in mass,

667

00:27:51,700 --> 00:27:53,700

to every unit that matches the energy,

668

00:27:53,700 --> 00:27:55,700

to every atom of the solid body,

669

00:27:55,700 --> 00:27:57,700

to celebrate the sustainment,

670

00:27:57,700 --> 00:27:59,700

to every atom that's attracted to the solidity.

671

00:27:59,700 --> 00:28:00,700

In other words, everything that's limited

672

00:28:00,700 --> 00:28:02,700

in free-fall, whether it be acceleration,

673

00:28:02,700 --> 00:28:04,700

one unit, energy, energy, energy,

674

00:28:04,700 --> 00:28:05,700

to the other unit,

675

00:28:05,700 --> 00:28:06,700

to the other unit,

676

00:28:06,700 --> 00:28:07,700

that's the three-access mass force.

677

00:28:07,700 --> 00:28:09,700

The only, the limit to the acceleration

678

00:28:09,700 --> 00:28:11,700

is the limit to the availability force,

679

00:28:11,700 --> 00:28:12,700

to the unit to the unit.

680

00:28:12,700 --> 00:28:14,700

And they have the ability to set out forces,

681

00:28:14,700 --> 00:28:15,700

and so,

682

00:28:15,700 --> 00:28:17,700

it's a revolution of,

683

00:28:17,700 --> 00:28:18,700

of overcoming inertia,

684

00:28:18,700 --> 00:28:20,700

a sensation of refining,

685

00:28:20,700 --> 00:28:22,700

to save the force to the planet.

686

00:28:22,700 --> 00:28:23,700

It's called the revolution.

687

00:28:23,700 --> 00:28:24,700

Yeah, atom of mass.

688

00:28:24,700 --> 00:28:26,700

So, it will be a counter-state,

689

00:28:26,700 --> 00:28:27,700

that it's not defined over time.

690

00:28:27,700 --> 00:28:29,700

That's the case of people who think

691

00:28:29,700 --> 00:28:30,700

I'm the leader of this thing.

692

00:28:30,700 --> 00:28:33,700

It's 8 minutes past, it's 2 hours

693

00:28:33,700 --> 00:28:34,700

left, I don't know, then.

694

00:28:34,700 --> 00:28:36,700

The only incentive is a minute or a minute.

695

00:28:36,700 --> 00:28:37,700

Oh, no, no.

696

00:28:37,700 --> 00:28:38,700

I'm not.

697

00:28:38,700 --> 00:28:39,700

I think I,

698

00:28:39,700 --> 00:28:41,700

I think I think I can explain

699

00:28:41,700 --> 00:28:43,700

that I have lived a good life.

700

00:28:43,700 --> 00:28:46,700

I know that I've lived a good life.

701

00:28:46,700 --> 00:28:47,700

I'm not,

702

00:28:47,700 --> 00:28:49,700

I love to see my job.

703

00:28:49,700 --> 00:28:53,460

I've actually semicidended

704

00:28:53,460 --> 00:28:55,200

mojece .

705

00:28:55,200 --> 00:28:58,300

So this growing an E mannerity

706

00:28:58,300 --> 00:28:59,700

of financial educational studies.

707

00:28:59,700 --> 00:29:01,700

I just remember what it mean

708

00:29:01,700 --> 00:29:02,700

in the 15's.

709

00:29:02,700 --> 00:29:03,700

Oh.

710

00:29:03,700 --> 00:29:05,700

I see that in terms of

711

00:29:05,700 --> 00:29:08,320

that wollen

712

00:29:08,320 --> 00:29:10,200

election

713

00:29:10,200 --> 00:29:12,900

in the historical

714

00:29:12,900 --> 00:29:14,700

sector,

715

00:29:14,700 --> 00:29:18,700

such as it is introduced at a

716

00:29:18,700 --> 00:29:21,700

I still use the subject to use it up in the next.

717

00:29:21,700 --> 00:29:26,700

But I see a big communication address the mind and mind

718

00:29:26,700 --> 00:29:30,700

as possible, and part of the truth that the idea of the mind

719

00:29:30,700 --> 00:29:33,700

is kind of almost from the introduction versus the rest of the analysis

720

00:29:33,700 --> 00:29:36,700

of the fact. And I think there's a really important

721

00:29:36,700 --> 00:29:39,700

distinction between what people who read the literature

722

00:29:39,700 --> 00:29:42,700

say, so I don't think they really use the subject

723

00:29:42,700 --> 00:29:45,700

to find out the mechanics of everything,

724

00:29:45,700 --> 00:29:50,700

and one of the things that people decide to use

725

00:29:50,700 --> 00:29:53,700

is not completely the mind and mind,

726

00:29:53,700 --> 00:29:55,700

but rather the application process.

727

00:29:55,700 --> 00:29:59,700

And the other thing that people are confused about

728

00:29:59,700 --> 00:30:01,700

is the music and the people that read it are.

729

00:30:01,700 --> 00:30:04,700

I know the other person knows that there's a communication

730

00:30:04,700 --> 00:30:07,700

from mind to mind that's really at the answer side.

731

00:30:07,700 --> 00:30:10,700

And the current solution might be found by the fact

732

00:30:10,700 --> 00:30:13,700

that the part of the subject that I read is the process.

733

00:30:13,700 --> 00:30:16,700

You know, the word horizon is a very, very long-standing

734

00:30:16,700 --> 00:30:19,700

thing that's kind of been used in the past.

735

00:30:19,700 --> 00:30:22,700

Yeah, well I think the record, when it comes to

736

00:30:22,700 --> 00:30:24,700

knowing when the process comes to knowing where it's not to be

737

00:30:24,700 --> 00:30:27,700

a physical and understandable process.

738

00:30:27,700 --> 00:30:31,700

I think the electronic, the nature, anything will be

739

00:30:31,700 --> 00:30:33,700

understood and similar.

740

00:30:33,700 --> 00:30:35,700

And the rest of the word, not that.

741

00:30:35,700 --> 00:30:37,700

How do you think people hear that?

742

00:30:37,700 --> 00:30:41,700

I'm quite familiar with the night out of all the pages

743

00:30:41,700 --> 00:30:43,700

today.

744

00:30:43,700 --> 00:30:46,700

We're going to find the members of the first night out

745

00:30:46,700 --> 00:30:48,700

of the night out of the season.

746

00:30:48,700 --> 00:30:51,700

If he comes around, I recommend that Chris

747

00:30:51,700 --> 00:30:54,700

set up an organization or, of course,

748

00:30:54,700 --> 00:30:56,700

people should know that he's going to be

749

00:30:56,700 --> 00:30:59,700

signed up for such a long time.

750

00:30:59,700 --> 00:31:02,700

I just want to welcome you to the presentation.

751

00:31:02,700 --> 00:31:04,700

Well, I think it's great that you have been

752

00:31:04,700 --> 00:31:06,700

interested in the pages today.

753

00:31:06,700 --> 00:31:08,700

It's been a little bit of a thing, though,

754

00:31:08,700 --> 00:31:10,700

but I'm sure that they've heard the information

755

00:31:10,700 --> 00:31:12,700

about the last two days and went back to the

756

00:31:12,700 --> 00:31:14,700

days that they have done and started to work.

757

00:31:14,700 --> 00:31:16,700

Thank you very much for the talk.

758

00:31:16,700 --> 00:31:18,700

Good morning. You're on the Illegenda.

759

00:31:18,700 --> 00:31:21,700

Hello? Yes, I was told it's about the process.

760

00:31:21,700 --> 00:31:24,700

Well, that's because it's a second delay on the pages.

761

00:31:24,700 --> 00:31:26,700

But to turn that down, I just want to know what's

762

00:31:26,700 --> 00:31:29,700

happened on the phone, actually, the other year.

763

00:31:29,700 --> 00:31:31,700

You have just turned off.

764

00:31:31,700 --> 00:31:35,700

I got through a couple questions.

765

00:31:35,700 --> 00:31:39,700

I wanted to say that he's personalized

766

00:31:39,700 --> 00:31:43,700

of how many people that this program is,

767

00:31:43,700 --> 00:31:46,700

who he is, that he's actually available as

768

00:31:46,700 --> 00:31:52,700

a reasonable, effective, who has the greatest effect.

769

00:31:52,700 --> 00:31:54,700

Well, I think that that's probably the

770

00:31:54,700 --> 00:31:56,700

advantage of the world, and I think

771

00:31:56,700 --> 00:31:58,700

that we don't have any news now that

772

00:31:58,700 --> 00:32:00,700

information is ever going to be available.

773

00:32:00,700 --> 00:32:03,700

I'm just going to say that this is a report

774

00:32:03,700 --> 00:32:05,700

that he reported.

775

00:32:05,700 --> 00:32:08,700

I talked to one of the public in a first form

776

00:32:08,700 --> 00:32:10,700

under the start of the campaign,

777

00:32:10,700 --> 00:32:13,700

the book that has been written,

778

00:32:13,700 --> 00:32:15,700

16 times in the end, is trying to

779

00:32:15,700 --> 00:32:16,700

send for time, and that's the

780

00:32:16,700 --> 00:32:18,700

same thing that's been written in the

781

00:32:18,700 --> 00:32:20,700

first four lines of this book.

782

00:32:20,700 --> 00:32:22,700

This is very high-key, because I know

783

00:32:22,700 --> 00:32:25,700

a few of you think it's very high-key,

784

00:32:25,700 --> 00:32:27,700

but I'm trying to make it clear that

785

00:32:27,700 --> 00:32:29,700

it's really high-key.

786

00:32:29,700 --> 00:32:31,700

I think it's going to be, you know,

787

00:32:31,700 --> 00:32:33,700

in very well-intended ways.

788

00:32:33,700 --> 00:32:35,700

How are you guys starting to see

789

00:32:35,700 --> 00:32:37,700

how you guys are doing?

790

00:32:37,700 --> 00:32:39,700

How are you guys going to

791

00:32:39,700 --> 00:32:41,700

see this as a significant part of

792

00:32:41,700 --> 00:32:43,700

the community that's coming from

793

00:32:43,700 --> 00:32:44,700

this, this?

794

00:32:44,700 --> 00:32:46,700

No, no, I mean, I'm going to do it.

795

00:32:46,700 --> 00:32:48,700

I don't know how to do that, but

796

00:32:48,700 --> 00:32:50,700

I'm going to do a short, quick

797

00:32:50,700 --> 00:32:52,700

interview about this.

798

00:32:52,700 --> 00:32:54,700

Whether I'm going to be here,

799

00:32:54,700 --> 00:32:56,700

I might be around there, but

800

00:32:56,700 --> 00:32:58,700

and his successor, the political,

801

00:32:58,700 --> 00:33:01,700

and so he said that he would have

802

00:33:01,700 --> 00:33:04,700

used a galaxy many other types of intelligence

803

00:33:04,700 --> 00:33:05,700

like I had.

804

00:33:05,700 --> 00:33:07,700

Another type of technology

805

00:33:07,700 --> 00:33:10,700

that I think can be used to my own

806

00:33:10,700 --> 00:33:11,700

strategy.

807

00:33:11,700 --> 00:33:14,700

I would like to thank my colleagues

808

00:33:14,700 --> 00:33:16,700

in regards to the people who have

809

00:33:16,700 --> 00:33:17,700

been here for 15 years,

810

00:33:17,700 --> 00:33:19,700

and my colleagues are here for the

811

00:33:19,700 --> 00:33:22,700

15 years of my life,

812

00:33:22,700 --> 00:33:25,700

and it's really really

813

00:33:25,700 --> 00:33:30,700

uh Bye.

814

00:33:55,700 --> 00:34:01,700

and of course this is remotely controlled by another group from 900 miles above Earth.

815

00:34:01,700 --> 00:34:03,700

Oh, I'm not going to say the name right,

816

00:34:03,700 --> 00:34:05,700

because I'm just going to say the name right now.

817

00:34:05,700 --> 00:34:06,700

Yes.

818

00:34:06,700 --> 00:34:07,700

Yeah.

819

00:34:07,700 --> 00:34:09,700

So I already heard some of these things,

820

00:34:09,700 --> 00:34:11,700

and I heard some of these things quite a lot.

821

00:34:11,700 --> 00:34:14,700

And I want to know,

822

00:34:14,700 --> 00:34:17,700

this is probably the first week,

823

00:34:17,700 --> 00:34:19,700

and I apologize if it was.

824

00:34:19,700 --> 00:34:21,700

If you familiar with the word night time,

825

00:34:21,700 --> 00:34:22,700

how do you know if this is night time?

826

00:34:22,700 --> 00:34:24,700

If you familiar with the word night time,

827

00:34:24,700 --> 00:34:26,700

I see you are interested in coming out of this place.

828

00:34:26,700 --> 00:34:28,700

I've been here on the weekend,

829

00:34:28,700 --> 00:34:32,700

I've been on a set of, I've just already said that it's really, really, really, really nice to have.

830

00:34:32,700 --> 00:34:33,700

Is that right?

831

00:34:33,700 --> 00:34:34,700

Yes, yes, yes.

832

00:34:34,700 --> 00:34:36,700

I've been to do some, you know,

833

00:34:36,700 --> 00:34:38,700

about about about one time,

834

00:34:38,700 --> 00:34:40,700

so I was like, yeah, I've been to a place like that,

835

00:34:40,700 --> 00:34:42,700

about about two times,

836

00:34:42,700 --> 00:34:44,700

about nine to six to six to six,

837

00:34:44,700 --> 00:34:46,700

and I've been to three places,

838

00:34:46,700 --> 00:34:48,700

and I've been to three places,

839

00:34:48,700 --> 00:34:50,700

and I've been to three places,

840

00:34:50,700 --> 00:34:52,700

and I've been to three places,

841

00:34:52,700 --> 00:34:54,700

and I've been to three,

842

00:34:54,700 --> 00:34:56,700

and I've been to three places like that,

843

00:34:56,700 --> 00:34:58,700

and have been to five places and yeah,

844

00:34:58,700 --> 00:35:03,760

it's really good to have

845

00:35:09,260 --> 00:35:11,100

because I'm an artist and I do

846

00:35:13,100 --> 00:35:14,200

and just wait,

847

00:35:15,700 --> 00:35:17,300

and I just kept it and
