00:00:00,000 --> 00:00:07,000

Last Monday morning, Bill Squier, an employee of Radio Station K-O-A-M in Pittsburgh, Kansas,

2

00:00:07,000 --> 00:00:14,000

reported a very strange experience to authorities. Today I spoke with him about it long-distance

3

00:00:14,000 --> 00:00:18,000

telephone. Here is the story as he told it to me.

4

00:00:18,000 --> 00:00:26,000

Radio program at 6.50 every morning with the attention to health. And I always leave my

5

00:00:26,000 --> 00:00:33,000

house at even if it's 9.30 in order to be able to get out and make out my program.

6

00:00:33,000 --> 00:00:39,000

And where I saw this object was just about a mile and a half from my house.

7

00:00:39,000 --> 00:00:45,000

I was traveling from North to South and I was going south and I saw it on the west side of the road.

8

00:00:45,000 --> 00:00:51,000

The one that was going out on the north was just sitting there, but it was the shape of it.

9

00:00:51,000 --> 00:00:58,000

It was as if you were taking a normal face and platter and sitting on the table right side up.

10

00:00:58,000 --> 00:01:06,000

And then kind of another platter down over the top of it. It was a dome of some color.

11

00:01:06,000 --> 00:01:14,000

What was the entire image of it? Well, I would say roughly speaking, as I was very excited,

12

00:01:14,000 --> 00:01:22,000

hair on the back of my head, standing there, and I would say that it was 75 feet long.

13

00:01:22,000 --> 00:01:31,000

On the ground, we don't know. Well, it was in the end, it was hurrying, I would say,

14

00:01:31,000 --> 00:01:38,000

somewhere from 8 to 10 or possibly 12 feet above the conference ground.

15

00:01:38,000 --> 00:01:41,000

We knew the bottom of it.

16

00:01:41,000 --> 00:01:47,000

It was dark when you saw it, not immediately, because when I first saw it, I was so excited.

17

00:01:47,000 --> 00:01:53,000

I was also driving by the course and I looked through my right-way view and saw it.

18

00:01:53,000 --> 00:01:59,000

And as I knew it was going down, just about even with it, well dark.

19

00:01:59,000 --> 00:02:06,000

And I opened the door and as soon as I came on my motor, I'd be hearing it.

20

00:02:06,000 --> 00:02:12,000

It was making a sound, something like this, it was going.

21

00:02:12,000 --> 00:02:17,000

As I got out of the car, it stood up, it just turned off and went back straight up.

22

00:02:17,000 --> 00:02:23,000

And it sounded like a curvy of 100 square meters over a terminal.

23

00:02:23,000 --> 00:02:26,000

I saw signs of life on the inside of it.

24

00:02:26,000 --> 00:02:32,000

I was excited. Well, it was blue light.

25

00:02:32,000 --> 00:02:35,000

It was this, it's not in the middle of this thing.

26

00:02:35,000 --> 00:02:41,000

Through the windows, there were three air vents and four windows that I was looking at.

27

00:02:41,000 --> 00:02:45,000

And there was light and they weren't playing.

28

00:02:45,000 --> 00:02:48,000

They were turned from a dark blue to a light blue.

29

00:02:48,000 --> 00:02:53,000

They'd pay your blue and then made it back to a light blue and then a dark blue again.
