

1

00:00:00,000 --> 00:00:14,680

This case happened in October, 1957, just in the middle of the flat we had that ear.

2

00:00:14,680 --> 00:00:20,400

And I have a close friend who's a newspaper man.

3

00:00:20,400 --> 00:00:36,600

He's called Martins and he was one of the men who were with those photographs, taken in 1952 in Rio, do you remember?

4

00:00:36,600 --> 00:00:45,480

And after those photographs, this man became very interested in UFOs.

5

00:00:45,480 --> 00:00:56,800

And he has a network of 800 respondents all over the country to report everything about UFOs to him.

6

00:00:56,800 --> 00:01:08,440

And his magazine pays his expenses when he goes to make personal investigation of the most interesting case.

7

00:01:08,440 --> 00:01:17,040

And almost every year he publishes articles about the last case.

8

00:01:17,040 --> 00:01:30,200

Well, this man, this newspaper man, received a letter in November, 1957.

9

00:01:30,200 --> 00:01:48,520

And in this letter there was a very strange history because the writer said that he had been kidnapped and had been taken to a UFO for several hours.

10

00:01:48,520 --> 00:02:03,480

And asked my friend if he was interested. He could come from his town to Rio to give his report to him.

11

00:02:03,480 --> 00:02:14,120

And my friend told me about the case and I told him this man is my friend Martins.

12

00:02:14,120 --> 00:02:22,560

He asked my advice about this case because he had to pay the expense.

13

00:02:22,560 --> 00:02:34,400

And I said, well, it could be a good case. Call him to come to Rio. Let's see what is his story.

14

00:02:34,400 --> 00:02:49,760

And he called the man. He was a 23 years old young man, intelligent with no signs of psychological disturbance.

15

00:02:49,760 --> 00:02:55,080

He wasn't a crackpot and he wasn't a mystic.

16

00:02:55,080 --> 00:03:00,200

And he told a very strange story.

17

00:03:00,200 --> 00:03:09,400

And we made a cross examination of him, which lasts about seven hours.

18

00:03:09,400 --> 00:03:13,240

We took myself and my friend.

19

00:03:13,240 --> 00:03:23,120

And this man made the most detailed description of the inside of a UFO that I have seen.

20

00:03:23,160 --> 00:03:31,640

And he said that he was in a tractor, plowing a field.

21

00:03:31,640 --> 00:03:37,360

And an object came down, egg-shaped.

22

00:03:37,360 --> 00:03:44,080

And the motor, the engine of the tractor was started.

23

00:03:44,080 --> 00:03:47,560

The lights dimmed out and went out.

24

00:03:47,560 --> 00:04:00,240

And the object came down slowly and landed in four legs, two of four legs.

25

00:04:00,240 --> 00:04:06,800

I don't remember if it was a triple, four legs.

26

00:04:06,800 --> 00:04:17,040

And a door was opened and he saw five people in a kind of suit with helmets.

27

00:04:17,040 --> 00:04:23,920

And they came down in his direction and he tried to run away.

28

00:04:23,920 --> 00:04:27,920

And there was a fight. He had to fight.

29

00:04:27,920 --> 00:04:40,000

And at the end he was grasped and taken by force to the UFO.

30

00:04:40,000 --> 00:04:56,360

And inside the UFO they took his clothes and passed a kind of sponge with a liquid kind of oil substance all over his body.

31

00:04:56,360 --> 00:05:09,120

And then they took samples of his blood from the chin, his side, this side, with a kind of tube.

32

00:05:09,200 --> 00:05:14,800

And he had two scars to show us.

33

00:05:14,800 --> 00:05:26,720

And then he said that he had been taken to a small room with a number of small holes on the walls.

34

00:05:26,720 --> 00:05:32,080

And then a gas came out from those holes.

35

00:05:32,080 --> 00:05:37,560

And he was very disturbed. He had bumpings.

36

00:05:37,600 --> 00:05:47,840

And after a long time the door opened and he saw a woman.

37

00:05:47,840 --> 00:06:04,760

And this woman was about four feet tall, long hair, blonde, almost white, high cheekbones, a very thin chin.

38

00:06:04,760 --> 00:06:11,800

And blue eyes slanted on the sides.

39

00:06:11,800 --> 00:06:22,560

And she talked a very strange language, just like a dog, he said, just like a dog, holding.

40

00:06:22,560 --> 00:06:28,800

And he saw he had sex contact with this woman.

41

00:06:28,840 --> 00:06:32,960

And then the others came.

42

00:06:32,960 --> 00:06:37,280

He never saw the others without the helmets.

43

00:06:37,280 --> 00:06:47,720

He only was, it was only possible to see the eyes, the glasses, because the helmet was transparent.

44

00:06:47,720 --> 00:06:58,760

And at the end the humans appeared in another room and the four other persons seated at the table,

45

00:06:58,760 --> 00:07:02,920

talking with each other for a long time.

46

00:07:02,920 --> 00:07:12,880

And after a very long talk, they called him by signs, gave him his clothes,

47

00:07:12,880 --> 00:07:17,200

and showed him the outside of the UFO.

48

00:07:17,200 --> 00:07:26,640

And the last thing was a man who came with him to the outside.

49

00:07:26,640 --> 00:07:34,160

He pointed to the ground, he pointed to himself, and he pointed to a star in the south.

50

00:07:34,160 --> 00:07:39,120

And then he was gone.

51

00:07:39,200 --> 00:07:42,680

I don't believe this story.

52

00:07:42,680 --> 00:07:50,200

This story was, we decided that it was too fantastic to be published.

53

00:07:50,200 --> 00:08:00,000

And we kept the story's secret, like they of course does, for seven years.

54

00:08:00,000 --> 00:08:10,240

But now another group of investigators went to the town where this man lives,

55

00:08:10,240 --> 00:08:14,920

and talked to him and got this report.

56

00:08:14,920 --> 00:08:22,480

But it was a very poor one because after seven years he had forgotten many things.

57

00:08:22,480 --> 00:08:29,360

And after this I decided to publish the report of this case.

58

00:08:29,360 --> 00:08:33,440

I think it will be published by Apple.

59

00:08:33,440 --> 00:08:37,680

The version in Gordon Craven's article is not yours.

60

00:08:37,680 --> 00:08:42,440

It's not mine, and it's very poor.

61

00:08:42,440 --> 00:08:57,240

It's because the man in the second interrogation, he had forgotten many things.

62

00:08:57,240 --> 00:09:06,360

And the report we have has about 12 pages.

63

00:09:06,360 --> 00:09:11,040

It's very detailed, very, very detailed. Very strange.

64

00:09:11,040 --> 00:09:13,320

How do you explain it, doctor?

65

00:09:13,320 --> 00:09:14,600

I can't explain.

66

00:09:14,600 --> 00:09:18,360

The version of wishful thinking?

67

00:09:18,360 --> 00:09:22,000

One size did just say that the UFO was approximate.

68

00:09:22,080 --> 00:09:24,000

There were so many rooms.

69

00:09:24,000 --> 00:09:28,360

The size of the small zuppelin or small airship.

70

00:09:28,360 --> 00:09:32,040

The size of this room perhaps?

71

00:09:32,040 --> 00:09:35,440

Did he describe how long it might have been, how high?

72

00:09:35,440 --> 00:09:39,520

No, he didn't give the measures.

73

00:09:39,520 --> 00:09:46,960

He said this was a big room, that one was a small room, but no.

74

00:09:46,960 --> 00:09:57,800

But he had the size, the distance between the legs on which the object had landed.

75

00:09:57,800 --> 00:10:03,960

What about the woman? Did she have a helmet on her head as well?

76

00:10:03,960 --> 00:10:15,680

When he was attacked by the five men, the first one was smaller, he said.

77

00:10:15,680 --> 00:10:24,600

And this one he pushed in the ground and he said that this one was the woman.

78

00:10:24,600 --> 00:10:31,440

You said the male approval members, their eyes could be seen, that they had black eyes like the woman did?

79

00:10:31,440 --> 00:10:36,400

He said he could be sure because the glass was very thick.

80

00:10:36,400 --> 00:10:47,360

He said that they could have blue eyes, but he could be sure because the glass was very thick.

81

00:10:47,360 --> 00:10:51,600

Is there any medical reason why blood samples would be taken from the chicken?

82

00:10:51,600 --> 00:10:53,520

I don't know.

83

00:10:53,520 --> 00:10:56,960

Perhaps they wanted capillary blood.

84

00:10:56,960 --> 00:10:58,960

I think that would be the only reason.

85

00:10:58,960 --> 00:11:01,520

But he would give a capillary blood.

86

00:11:01,520 --> 00:11:05,560

Physiologically, was this woman the same as he said?

87

00:11:05,720 --> 00:11:12,680

It was very difficult to get details about his sex contact.

88

00:11:12,680 --> 00:11:16,920

It was a shame to tell us.

89

00:11:16,920 --> 00:11:21,320

One thing I'd like to know is who started the whole business?

90

00:11:21,320 --> 00:11:22,680

Obviously she did.

91

00:11:22,680 --> 00:11:23,720

Who started?

92

00:11:23,720 --> 00:11:27,720

The sex contact was initiated by the woman.

93

00:11:27,720 --> 00:11:30,200

It sounds like the abduction took place.

94

00:11:30,360 --> 00:11:36,360

The woman came in and just put herself against him.

95

00:11:36,360 --> 00:11:44,360

It sounds like the abduction took place almost primarily for the sexual contact, which would seem to be another sort of...

96

00:11:44,360 --> 00:11:54,360

If this can be taken through real case, which is doubtful, but it seems that this might be another sort of experiment as to determine what sort of...

97

00:11:54,520 --> 00:11:56,520

...a sort of biological experiment.

98

00:11:56,520 --> 00:12:00,520

If the case is true.

99

00:12:00,520 --> 00:12:12,520

If this story were true, wouldn't it mean that these people have some way of reading minds of this blast, for example?

100

00:12:12,520 --> 00:12:22,520

He said that at no moment he had the impression that they were able to read his mind.

101

00:12:22,680 --> 00:12:28,680

Why would they think him? How would they know that he was a isolate?

102

00:12:28,680 --> 00:12:34,680

I think they could have been him because he seemed very good health.

103

00:12:34,680 --> 00:12:42,680

He had good muscles and he was handsome, less than our standards.

104

00:12:42,840 --> 00:12:52,840

In his report, there is mention to two sightings before the last one.

105

00:12:52,840 --> 00:13:02,840

One over his house when he saw a light coming from the sky at night, but there was nothing behind the light.

106

00:13:02,840 --> 00:13:04,840

Only big search light.

107

00:13:05,000 --> 00:13:21,000

The second one, when he was working in the field with one of his brothers, they saw an object that came down and started to go around them in the field.

108

00:13:21,000 --> 00:13:29,000

The day after this happened, he was alone and in this day he said he was kidnapped.

109

00:13:29,160 --> 00:13:37,160

It sounds like the surveillance was being made of this particular person several times before the actual contact.

110

00:13:37,160 --> 00:13:39,160

Two times before.

111

00:13:39,160 --> 00:13:49,160

Your seven hour interrogation wasn't able to break him down in any way as to a possible explanation for the...

112

00:13:49,160 --> 00:13:51,160

No.

113

00:13:51,160 --> 00:13:53,160

I still cannot believe this story.

114

00:13:53,160 --> 00:13:57,160

I don't believe because I think it's a story too fantastic to believe.

115

00:13:57,320 --> 00:14:01,320

But I wasn't able to break him.

116

00:14:01,320 --> 00:14:07,320

He repeated everything and he...

117

00:14:07,320 --> 00:14:13,320

Like you said, he seemed to be honest in his story.

118

00:14:13,320 --> 00:14:23,320

And he took also our advice because in the end we said to him, you were to a report.

119

00:14:23,480 --> 00:14:29,480

It's not going to be published because it's too fantastic.

120

00:14:29,480 --> 00:14:45,480

But if you want, you can go tomorrow morning to the newspapers and give him the address of several newspapers in Rio and you could tell them your story.

121

00:14:45,480 --> 00:14:49,480

And we are absolutely sure that that will be published.

122

00:14:49,640 --> 00:14:57,640

And he said, quite do you think that my report can be published?

123

00:14:57,640 --> 00:15:07,640

And we said to him, because it's too fantastic, most people will believe that you are lying.

124

00:15:07,800 --> 00:15:21,800

And his answer was, well, if you think it's best, I'm going away from my town and not going to talk to anyone.

125

00:15:21,800 --> 00:15:23,800

And he did just that.

126

00:15:23,800 --> 00:15:29,800

He went back and his report was not printed.

127

00:15:29,800 --> 00:15:33,800

He talked with no people.

128

00:15:33,960 --> 00:15:49,960

And only seven years after he talked the game, when those people who did the investigation for the social review went there.

129

00:15:49,960 --> 00:15:55,960

Didn't he travel to Rio though, or to consult a doctor?

130

00:15:55,960 --> 00:16:01,960

I think I read somewhere that he made a trip to Rio not to see newspapers, but to visit someone.

131

00:16:02,120 --> 00:16:16,120

He sent me a letter asking for drugs, asking for medical advice and for the names of certain drugs.

132

00:16:16,120 --> 00:16:20,120

But I don't know if he went to Rio.

133

00:16:20,120 --> 00:16:30,120

And in his last letter, he said to my friend, Martin, that now he was very happy.

134

00:16:30,280 --> 00:16:36,280

Because now he is a married man.

135

00:16:36,280 --> 00:16:46,280

And if his report had been published, he would be in a very difficult position now because his wife is very jealous.

136

00:16:46,280 --> 00:16:50,280

He didn't discount his story one.

137

00:16:50,280 --> 00:16:54,280

He didn't change the story one.

138

00:16:54,440 --> 00:16:58,440

At that point he didn't say his goal.

139

00:16:58,440 --> 00:17:00,440

No.

140

00:17:00,440 --> 00:17:04,440

He was still sticking by the story. He was just grateful that nobody reported him.

141

00:17:04,440 --> 00:17:06,440

Yes.

142

00:17:06,440 --> 00:17:18,440

This was in October 15 or October 14, 1957.

143

00:17:18,600 --> 00:17:32,600

And there is also a medical observation concerning his case because after his experience, he was very sick for several days.

144

00:17:32,600 --> 00:17:42,600

He wasn't able to sleep. He lost his appetite. He was very weak.

145

00:17:42,760 --> 00:17:50,760

And there was a kind of a disruption in his skin.

146

00:17:50,760 --> 00:17:58,760

And he had several symptoms that suggested like radiation poisoning.
