

1

00:00:00,000 --> 00:00:08,480

We believe that the flying saucers are real and that they are probably from other planets

2

00:00:08,480 --> 00:00:09,480

or other worlds.

3

00:00:09,480 --> 00:00:18,480

Well, the Air Force says that on the sighting since 1955, only 2% have been unexplained.

4

00:00:18,480 --> 00:00:21,880

Do you go along with this figure?

5

00:00:21,880 --> 00:00:26,240

That figure does not apply to all of the reports by any means.

6

00:00:26,240 --> 00:00:31,120

The percentage for the entire period during which flying saucers have been observed, mainly

7

00:00:31,120 --> 00:00:36,440

from 1947 to date, is approximately 20% unknown.

8

00:00:36,440 --> 00:00:41,760

Why do you feel that the Air Force is giving out the 2% figure then?

9

00:00:41,760 --> 00:00:47,640

They may believe that the American people would panic if they were told the truth.

10

00:00:47,640 --> 00:00:54,080

We do not agree with this and we believe that the Air Force should make their reports public.

11

00:00:54,080 --> 00:00:57,280

The Air Force maintains they have given all reports out.

12

00:00:57,280 --> 00:01:03,280

I suggest that anyone that believes that statement should try to obtain from the Air Force any

13

00:01:03,280 --> 00:01:05,440

of the reports in their files.

14

00:01:05,440 --> 00:01:10,800

Well do you believe the statements that many people have made that they have been in contact

15

00:01:10,800 --> 00:01:12,800

with these flying saucers?

16

00:01:12,800 --> 00:01:18,840

No, PSI does not accept any of the contact communication stories.

17

00:01:18,840 --> 00:01:22,800

No real proof has been offered.

18

00:01:22,800 --> 00:01:30,160

Nowadays we are confronted with the possibility that we may very soon be out in space, meeting

19

00:01:30,160 --> 00:01:36,880

possible intelligent beings from other worlds, and there is a natural fear of the stranger,

20

00:01:36,880 --> 00:01:42,280

the creature from somewhere else.

21

00:01:42,280 --> 00:01:51,400

As you may know, there are already a number of reports of an entirely different kind which

22

00:01:51,400 --> 00:01:58,800

are reports to describe meetings with creatures from outer space.

23

00:01:58,800 --> 00:02:02,760

Can you give us some examples?

24

00:02:02,760 --> 00:02:12,800

There were in the fall of 1954 in Europe dozens of reports of encounters with little men about

25

00:02:12,800 --> 00:02:15,960

say three and a half feet tall.

26

00:02:15,960 --> 00:02:22,200

Then there were also in the following winter a number of reports of this type from South

27

00:02:22,200 --> 00:02:23,200

America.

28

00:02:23,200 --> 00:02:32,840

Then in the summer of 1955 there were reports from this country of encounters with small

29

00:02:32,840 --> 00:02:39,040

humanoid creatures and which seemed to deserve to be taken seriously.

30

00:02:39,040 --> 00:02:44,920

The behavior of these little creatures is always completely mysterious.

31

00:02:44,920 --> 00:02:48,960

The human observers are always terrified.

32

00:02:48,960 --> 00:02:51,480

They don't want to have the experience repeated.

33

00:02:51,480 --> 00:02:54,280

They would rather forget it entirely.

34

00:02:54,280 --> 00:02:56,040

They shrink from the limelight.

35

00:02:56,040 --> 00:03:00,760

They don't go back to the same place looking for another contact.

36

00:03:00,760 --> 00:03:02,760

They bring no messages.

37

00:03:02,760 --> 00:03:06,600

All they want to do is to have everybody go away and leave them alone and let them forget

38

00:03:06,600 --> 00:03:08,720

that they ever saw the thing.

39

00:03:08,720 --> 00:03:14,200

In any of these little people contact has there been any commercialization?

40

00:03:14,200 --> 00:03:17,760

None whatsoever that I know of.

41

00:03:17,760 --> 00:03:25,880

Quite the contrary one woman said I would give everything I own if it had never happened.

42

00:03:25,880 --> 00:03:27,880

Why were they so terrified?

43

00:03:27,880 --> 00:03:34,200

Because the things they saw seemed to them really unearthly and out of this world.

44

00:03:34,200 --> 00:03:41,000

They looked and behaved but like something really different so strange that they did

45

00:03:41,000 --> 00:03:43,520

not know what to make of it.

46

00:03:43,520 --> 00:03:47,600

How many of these reports have been investigated thoroughly?

47

00:03:47,600 --> 00:03:49,400

About half a dozen.

48

00:03:49,400 --> 00:03:52,720

And what have been your findings on this investigation?

49

00:03:52,720 --> 00:03:56,200

These stories are certainly not to be brushed off.
