

1

00:00:00,000 --> 00:00:07,000

I was about 10 o'clock in the morning, I spent a little bit of the morning water.

2

00:00:07,000 --> 00:00:12,000

I got to go back to barn there and I could see in this glitter and it was about a pretty

3

00:00:12,000 --> 00:00:13,000

long mile away.

4

00:00:13,000 --> 00:00:16,000

I guess upon top of the hill there was nothing in view.

5

00:00:16,000 --> 00:00:21,000

I mean, in the way I thought, open ground and there was no ice box up there where there

6

00:00:21,000 --> 00:00:23,000

was something reflected off of that.

7

00:00:23,000 --> 00:00:26,000

It looked just like a mirror shine in my face.

8

00:00:26,000 --> 00:00:29,000

I was going up the top of that hill to see if I was ready to claw honey.

9

00:00:29,000 --> 00:00:35,000

I drove up to the tractor and I got up there about 100 feet of this gristling.

10

00:00:35,000 --> 00:00:36,000

I could see it.

11

00:00:36,000 --> 00:00:42,000

I got 120 yards somewhere there and I couldn't see nothing.

12

00:00:42,000 --> 00:00:47,000

There wasn't no shining or nothing but as I went closer I got more than 100 feet before

13

00:00:47,000 --> 00:00:48,000

I saw anything.

14

00:00:48,000 --> 00:00:52,000

This is all I wanted to crop with about 100 feet and I couldn't see it.

15

00:00:52,000 --> 00:00:53,000

It was gone.

16

00:00:54,000 --> 00:00:57,000

It looked like a wing tank to me at first.

17

00:00:57,000 --> 00:00:59,000

I'd seen them when I was in the service.

18

00:00:59,000 --> 00:01:01,000

I'd read three tanks off this plane.

19

00:01:01,000 --> 00:01:04,000

Was it then the kind of cigar shaped as these tip tanks?

20

00:01:04,000 --> 00:01:06,000

No, more eight shaped than anything.

21

00:01:06,000 --> 00:01:11,000

It was about 20 foot long, 15 or 16 foot wide and about 4 foot deep.

22

00:01:11,000 --> 00:01:13,000

How close did you get to it?

23

00:01:13,000 --> 00:01:14,000

A couple inches.

24

00:01:14,000 --> 00:01:16,000

I was touching it for about two hours.

25

00:01:16,000 --> 00:01:18,000

Why did the surface look like it was made out of?

26

00:01:19,000 --> 00:01:25,000

It was roomed and colored, whitey colored, had a whitey cast to it but it wasn't bright.

27

00:01:25,000 --> 00:01:29,000

It was shiny but it wasn't real bright.

28

00:01:29,000 --> 00:01:32,000

It was like a dish or something kind of cooking dish really.

29

00:01:32,000 --> 00:01:33,000

But what it was.

30

00:01:33,000 --> 00:01:36,000

Now, did a door open before these people came out of it?

31

00:01:36,000 --> 00:01:37,000

How did they appear?

32

00:01:37,000 --> 00:01:38,000

How did you meet the little men?

33

00:01:38,000 --> 00:01:40,000

Well, I don't know.

34

00:01:40,000 --> 00:01:41,000

I was feeling it.

35

00:01:41,000 --> 00:01:44,000

I just didn't ready to come back down, call the sheriff up and see if there's some white

36

00:01:44,000 --> 00:01:49,000

fall on that plane but I kind of wondered if it was off the ground or about 4 foot off

37

00:01:49,000 --> 00:01:51,000

the ground and had this idling noise.

38

00:01:51,000 --> 00:01:54,000

And I don't know, nothing happened.

39

00:01:54,000 --> 00:01:58,000

I was touching it there for a couple of minutes and I just got ready to go and some underneath

40

00:01:58,000 --> 00:01:59,000

it, something like that.

41

00:01:59,000 --> 00:02:00,000

I don't know.

42

00:02:00,000 --> 00:02:04,000

These two things that were made out of there came about 4 foot high.

43

00:02:04,000 --> 00:02:10,000

I don't know what they are or what they were but they talked to me for about two hours up there.

44

00:02:10,000 --> 00:02:12,000

Do you could perfectly understand that?

45

00:02:12,000 --> 00:02:14,000

Yeah, they talked better English than you're talking.

46

00:02:14,000 --> 00:02:16,000

Did they talk with any kind of an accent?

47

00:02:16,000 --> 00:02:18,000

No, no accent enough.

48

00:02:18,000 --> 00:02:22,000

I spoke German and Russian when I was in the state and went up and like it.

49

00:02:22,000 --> 00:02:25,000

And what did they have to tell you?

50

00:02:25,000 --> 00:02:26,000

What were some of the things they said?

51

00:02:26,000 --> 00:02:27,000

How did they address you?

52

00:02:27,000 --> 00:02:30,000

Well, first thing they said was don't be alarmed.

53

00:02:30,000 --> 00:02:32,000

You talked to people before.

54

00:02:32,000 --> 00:02:34,000

And they were questioning me.

55

00:02:34,000 --> 00:02:36,000

I'd seen them and stuff.

56

00:02:36,000 --> 00:02:38,000

They were quite conservative that I shouldn't have seen them.

57

00:02:38,000 --> 00:02:41,000

I'd seen them when I thought I saw them right on them.

58

00:02:41,000 --> 00:02:43,000

I'd spent an hour putting them on the way.

59

00:02:43,000 --> 00:02:44,000

They were quite concerned.

60

00:02:44,000 --> 00:02:46,000

They said I shouldn't have seen them in a daytime right now.

61

00:02:46,000 --> 00:02:48,000

It was really early in the daytime.

62

00:02:48,000 --> 00:02:50,000

Did they tell you what they were doing there?

63

00:02:50,000 --> 00:02:53,000

Well, they said that they were traveling this hemisphere.

64

00:02:53,000 --> 00:02:58,000

They had each one had a tree in their hand full of grass and stuff.

65

00:02:58,000 --> 00:02:59,000

It was solid.

66

00:02:59,000 --> 00:03:01,000

It looked like they took the money and cut it right out of it down.

67

00:03:01,000 --> 00:03:04,000

There was a slab underneath the train.

68

00:03:04,000 --> 00:03:05,000

That's what they were doing.

69

00:03:05,000 --> 00:03:07,000

They were collecting organic material and stuff.

70

00:03:07,000 --> 00:03:09,000

Where did they say they were from?

71

00:03:09,000 --> 00:03:13,000

Well, this sounds almost silly, I know.

72

00:03:13,000 --> 00:03:17,000

But they told me that it was from what I know as a planet Mars.

73

00:03:17,000 --> 00:03:20,000

Every time they spoke, it's something he'd heard it through.

74

00:03:20,000 --> 00:03:25,000

As I know, we know here, like this, we know here, then we know Mars and stuff like that.

75

00:03:25,000 --> 00:03:28,000

You sound like you find it rather hard to believe yourself.

76

00:03:28,000 --> 00:03:29,000

Well, I know.

77

00:03:29,000 --> 00:03:30,000

I was up there for two hours.

78

00:03:30,000 --> 00:03:33,000

I was touching the vane and talking to somebody.

79

00:03:33,000 --> 00:03:34,000

I don't know who it was.

80

00:03:34,000 --> 00:03:37,000

You say you talk to them for about two hours?

81

00:03:37,000 --> 00:03:38,000

Probably not.

82

00:03:38,000 --> 00:03:40,000

I was up there for two hours altogether.

83

00:03:40,000 --> 00:03:45,000

Did they mention anything about bands getting into space, sort of coming into their territory?

84

00:03:45,000 --> 00:03:50,000

Well, they talk about last but some of us can't say anything about something like that.

85

00:03:50,000 --> 00:03:57,000

They're talking about that people were slowly to go into space.

86

00:03:57,000 --> 00:03:58,000

They would never survive there.

87

00:03:58,000 --> 00:04:00,000

They can't survive here.

88

00:04:00,000 --> 00:04:04,000

They said they can only make a trip out of it two years, the two that were here.

89

00:04:04,000 --> 00:04:11,000

They can't stand this atmosphere that Earth's men would have even a harder time than they do.

90

00:04:11,000 --> 00:04:16,000

They were telling me they were much farther advanced than this kind of stuff than we are.

91

00:04:16,000 --> 00:04:21,000

But they were more interested in agriculture, aspects of agriculture, anything.

92

00:04:21,000 --> 00:04:26,000

They asked me what I was doing about the manure, or what I got it, and what it did and all that stuff.

93

00:04:26,000 --> 00:04:28,000

They didn't know nothing about agriculture.

94

00:04:28,000 --> 00:04:31,000

They don't have the work that they would do or anything like that up there.

95

00:04:31,000 --> 00:04:34,000

They survive in what they get out of the atmosphere they have.

96

00:04:34,000 --> 00:04:36,000

They didn't stress any point.

97

00:04:36,000 --> 00:04:39,000

They made a lot of statements like that, but they never stressed the point.

98

00:04:39,000 --> 00:04:42,000

They didn't say how they lived or anything like that.

99

00:04:42,000 --> 00:04:46,000

Did you say that they were other things they told you that you cannot reveal?

100

00:04:46,000 --> 00:04:47,000

Yeah, I mean...

101

00:04:47,000 --> 00:04:48,000

Why not?

102

00:04:48,000 --> 00:04:50,000

Why can't you reveal these other things?

103

00:04:50,000 --> 00:04:52,000

Well, you said we're an Earth thing.

104

00:04:52,000 --> 00:04:53,000

Why?

105

00:04:53,000 --> 00:04:56,000

Well, this is...

106

00:04:56,000 --> 00:04:58,000

They investigated into you.

107

00:04:58,000 --> 00:05:00,000

Who's investigating it?

108

00:05:00,000 --> 00:05:01,000

It's supposed to be there.

109

00:05:01,000 --> 00:05:03,000

It's supposed to be coming around, I guess.

110

00:05:03,000 --> 00:05:04,000

What's here?

111

00:05:04,000 --> 00:05:06,000

You can't tell us what they told you?

112

00:05:06,000 --> 00:05:08,000

Well, I shouldn't get a...

113

00:05:08,000 --> 00:05:09,000

For my own personal reason.

114

00:05:09,000 --> 00:05:11,000

Can you give us an indication of what it was?

115

00:05:11,000 --> 00:05:13,000

What did it concern?

116

00:05:13,000 --> 00:05:15,000

Well, our concern...

117

00:05:15,000 --> 00:05:18,000

Them data here, more or anything.

118

00:05:18,000 --> 00:05:20,000

Why they were here?

119

00:05:20,000 --> 00:05:23,000

Did these creatures have features like we do on Earth?

120

00:05:23,000 --> 00:05:25,000

They have high numbers.

121

00:05:25,000 --> 00:05:29,000

They were about four foot tall and they had arms and legs and heads.

122

00:05:29,000 --> 00:05:32,000

But where they had features, I would presume.

123

00:05:32,000 --> 00:05:35,000

So they just had a complete uniform, covered everything.

124

00:05:35,000 --> 00:05:37,000

And the farest thing you could see, they couldn't see anything.

125

00:05:37,000 --> 00:05:39,000

The voice comes from it.

126

00:05:39,000 --> 00:05:41,000

From the front one, from place, I don't know.

127

00:05:41,000 --> 00:05:45,000

It could say it come from the head or it could say it come from the stomach or where.

128

00:05:45,000 --> 00:05:46,000

It's...

129

00:05:46,000 --> 00:05:48,000

Here, the voice comes from a spot.

130

00:05:48,000 --> 00:05:50,000

It's about four or five feet away from me.

131

00:05:50,000 --> 00:05:51,000

What kind of really uniforms?

132

00:05:51,000 --> 00:05:52,000

Same car, just...

133

00:05:52,000 --> 00:05:53,000

Yep.

134

00:05:53,000 --> 00:05:54,000

Sort of like a space suit.

135

00:05:54,000 --> 00:05:56,000

Same car, I didn't touch the uniform.

136

00:05:56,000 --> 00:05:59,000

It looked to me like the same kind of stuff.

137

00:05:59,000 --> 00:06:01,000

They seemed to go back and I needed to ship the back.

138

00:06:01,000 --> 00:06:04,000

When the first one that fell was right around, they both went back and I needed to ship.

139

00:06:04,000 --> 00:06:08,000

And we went to, I don't know, I was only about 60 seconds from the thing.

140

00:06:08,000 --> 00:06:12,000

So, I was staying in about 60 seconds from where it took off.

141

00:06:12,000 --> 00:06:18,000

And there you have, reporting from his barn in the north New York, Gary Wilcox.

142

00:06:18,000 --> 00:06:21,000

A 28-year-old dairy farmer who says he saw...

143

00:06:21,000 --> 00:06:24,000

Well, you heard Mr. Wilcox. This is Bob Kennedy.
