

1

00:00:00,000 --> 00:00:07,000

We were at the Laflavin Lake, just out of Fisco Grove.

2

00:00:07,000 --> 00:00:14,000

I got separated from the rest of the group and it was only not too far before dark.

3

00:00:14,000 --> 00:00:19,000

The area was pretty real rough terrain.

4

00:00:19,000 --> 00:00:25,000

I got to the point where I couldn't see so I climbed the highest mountain I could find right around that area.

5

00:00:25,000 --> 00:00:33,000

I lit a fire just to see if I could get some type of response to that.

6

00:00:33,000 --> 00:00:35,000

This was to the people that were sweat.

7

00:00:35,000 --> 00:00:37,000

Yeah, they were all wet.

8

00:00:37,000 --> 00:00:42,000

I waited until the fire went out and they didn't have any response.

9

00:00:42,000 --> 00:00:49,000

I climbed up the tree nearby and I guess I was there a half hour.

10

00:00:49,000 --> 00:00:56,000

I was fighting down this light, which I thought was a helicopter,

11

00:00:56,000 --> 00:01:04,000

bobbing up and down over the surface and it grew up above the skyline and then down below the timberline.

12

00:01:04,000 --> 00:01:11,000

So I jumped out of the tree and started to build two small fires on this rock.

13

00:01:11,000 --> 00:01:13,000

I used to try to pinch it.

14

00:01:13,000 --> 00:01:15,000

I tried to try to pinch it.

15

00:01:16,000 --> 00:01:22,000

It seems like they had this light turned and came towards me.

16

00:01:22,000 --> 00:01:28,000

I still thought that time was a helicopter and there was a ranger station nearby.

17

00:01:28,000 --> 00:01:33,000

I thought maybe it contacted the difference and they were looking for me.

18

00:01:36,000 --> 00:01:40,000

When it came right up to me there was no sound.

19

00:01:40,000 --> 00:01:41,000

It just had me there.

20

00:01:41,000 --> 00:01:43,000

Just a light just all I could see.

21

00:01:44,000 --> 00:01:48,000

I was hard to say.

22

00:01:48,000 --> 00:01:53,000

I thought maybe 50 yards, maybe not that.

23

00:01:53,000 --> 00:01:55,000

It was fairly close.

24

00:01:55,000 --> 00:01:56,000

It was a bright light.

25

00:01:56,000 --> 00:02:02,000

It was my life that showed a flash and a spot.

26

00:02:02,000 --> 00:02:05,000

It was just like a glow or something.

27

00:02:06,000 --> 00:02:11,000

Anyway, this was a half circle around me.

28

00:02:11,000 --> 00:02:17,000

When I got out of this canyon and I saw it, there were three other objects.

29

00:02:17,000 --> 00:02:24,000

This flat, I can't describe the size, the rock in my mind, the kite.

30

00:02:24,000 --> 00:02:30,000

There were three of them, spaced and equal parts behind this light.

31

00:02:32,000 --> 00:02:34,000

Can I come between them?

32

00:02:34,000 --> 00:02:36,000

Well, I couldn't see any connection.

33

00:02:36,000 --> 00:02:40,000

I could see the meaning of that thing on these objects.

34

00:02:40,000 --> 00:02:49,000

When I was watching it, there was something dropped out of the bottom of the first object behind the light.

35

00:02:49,000 --> 00:02:53,000

It went down below the bottom of this canyon.

36

00:02:53,000 --> 00:02:55,000

I couldn't see it anymore.

37

00:02:55,000 --> 00:03:02,000

I still watched the light and it was still just telling me.

38

00:03:03,000 --> 00:03:12,000

The next thing I saw was a few minutes later, crashing through the brush up here from me.

39

00:03:12,000 --> 00:03:21,000

I saw a couple of years before the blinking light and it looked somewhat of a dome or something.

40

00:03:21,000 --> 00:03:25,000

I couldn't see the whole object just reflecting off of that.

41

00:03:25,000 --> 00:03:35,000

Then I saw one of these men come in the view and saw how this man's knee was not just curious what it was,

42

00:03:35,000 --> 00:03:37,000

but he was messing around with it some way.

43

00:03:37,000 --> 00:03:39,000

Did you see what it was like?

44

00:03:39,000 --> 00:03:42,000

It was just a white object.

45

00:03:42,000 --> 00:03:51,000

I don't know if it was white or not, it was a light colored, it looked like a suit of some type.

46

00:03:51,000 --> 00:03:58,000

It didn't look like it was any helmet, it just covered the whole body.

47

00:03:58,000 --> 00:04:00,000

I'm not sure.

48

00:04:00,000 --> 00:04:12,000

It was just like a human form, with the exception of it didn't have a neck, it just had a head on the shoulder.

49

00:04:13,000 --> 00:04:22,000

It was joined by this other same form and it came right under the tree, over the 12 foot under me.

50

00:04:22,000 --> 00:04:24,000

He just looked up at me.

51

00:04:27,000 --> 00:04:33,000

I was all dressed in camouflage clothing so I thought maybe I could stay still.

52

00:04:34,000 --> 00:04:43,000

I saw these two big eyes coming down this way down this hill.

53

00:04:43,000 --> 00:04:48,000

All the size of a silver dollar and it looked like they had actual flame inside.

54

00:04:48,000 --> 00:04:50,000

But they had nothing to do with each other.

55

00:04:50,000 --> 00:04:53,000

It came up separate from that.

56

00:04:53,000 --> 00:05:04,000

I stood kind of up here from me, about 12, 13 feet, something like that.

57

00:05:04,000 --> 00:05:11,000

I noticed that a white smoke was coming out of this mouth.

58

00:05:12,000 --> 00:05:23,000

The next instant I started gassing for breath and I temporarily lost consciousness.

59

00:05:23,000 --> 00:05:29,000

I fell over my bow here on the limb.

60

00:05:29,000 --> 00:05:36,000

At that time I thought maybe I was too close to a radioactivity or something like that.

61

00:05:37,000 --> 00:05:44,000

I thought maybe they were out to get me then so I shot my bow out.

62

00:05:44,000 --> 00:05:48,000

I hit this one three times, this one that was made out of metal.

63

00:05:48,000 --> 00:05:54,000

Every time I hit it was just like an arc flash.

64

00:05:54,000 --> 00:05:58,000

You put it too left or too wide and it's not even together.

65

00:05:58,000 --> 00:06:04,000

It's just chilling back a little bit but that's all it did.

66

00:06:04,000 --> 00:06:07,000

Did you find the other two?

67

00:06:07,000 --> 00:06:08,000

No I didn't.

68

00:06:08,000 --> 00:06:13,000

He was the only one who was doing the adan and I was in my information.

69

00:06:13,000 --> 00:06:23,000

I had several books and matches with me so I lit one and threw it down just to see if maybe it was fair to follow.

70

00:06:23,000 --> 00:06:30,000

They stepped back a little bit so I lit my hat on fire and threw it down.

71

00:06:30,000 --> 00:06:37,000

When I did that this saw through whatever it was, it was light.

72

00:06:37,000 --> 00:06:41,000

It made that cooling noise and it just shot way up in the sky.

73

00:06:41,000 --> 00:06:43,000

It stayed way up real high then.

74

00:06:43,000 --> 00:06:51,000

And these others, I just moved back from the fire.

75

00:06:51,000 --> 00:06:57,000

So I saw that they were afraid of fire so I just turned my camouflage clothing off.

76

00:06:57,000 --> 00:07:05,000

I had my regular clothes underneath and started lighting it and trying to catch what little brush there was around there on fire.

77

00:07:05,000 --> 00:07:13,000

As long as the fire was burning they stayed back because I ran out of matches before it was too long.

78

00:07:13,000 --> 00:07:26,000

So I climbed as high as I could and threw right to the top and took my belt and wrapped around me in the tree just in case I didn't pass out like that again.

79

00:07:26,000 --> 00:07:31,000

And they soon the fire's died down and they came back in underneath the tree.

80

00:07:31,000 --> 00:07:43,000

And this one called my robot, the one that looked like a man, the smoke would kind of smell.

81

00:07:43,000 --> 00:07:46,000

I'd start kind of gasp for breath.

82

00:07:46,000 --> 00:07:50,000

It was just like, oh, nitrogen or something would take the place of air.

83

00:07:50,000 --> 00:07:53,000

That's for no smell or no odor.

84

00:07:53,000 --> 00:07:55,000

I just couldn't breathe.

85

00:07:55,000 --> 00:07:58,000

It wasn't getting any air.

86

00:07:58,000 --> 00:08:07,000

And then I'd pass out for just an instant and as soon as I'd wake up I'd get the dry heavies and everything.

87

00:08:07,000 --> 00:08:10,000

I found out they were shaking the tree.

88

00:08:10,000 --> 00:08:16,000

As long as the tree would move they would step back away from it.

89

00:08:16,000 --> 00:08:21,000

So I repeatedly did it again on this all night.

90

00:08:21,000 --> 00:08:30,000

They'd try to boost each other up the tree trunk and as soon as I'd move the tree they'd step back.

91

00:08:30,000 --> 00:08:35,000

And as soon as that smoke would come I'd black out beneath them.

92

00:08:35,000 --> 00:08:39,000

And as soon as I'd wake up I could see them.

93

00:08:39,000 --> 00:08:43,000

They'd just be starting up the tree so I knew it wasn't out too long.

94

00:08:43,000 --> 00:08:47,000

Did the robot ever attempt to climb the tree at all?

95

00:08:47,000 --> 00:08:49,000

Just the other two.

96

00:08:49,000 --> 00:08:54,000

He was down there but underneath the tree he never attempted to climb it or anything.

97

00:08:54,000 --> 00:09:03,000

And this went on all night and several times I saw these light objects,

98

00:09:03,000 --> 00:09:08,000

the old rocks and stuff, I could hear crashing through the brush around the area.

99

00:09:08,000 --> 00:09:16,000

And a little close to morning the sky just started to turn a little pink.

100

00:09:16,000 --> 00:09:24,000

And this other robot came up and there were two of them underneath the tree.

101

00:09:24,000 --> 00:09:29,000

And they were standing facing each other and I could see them down through the branches.

102

00:09:29,000 --> 00:09:35,000

And it just seemed like hard flashes or electrical flashes going back

103

00:09:35,000 --> 00:09:38,000

and just real black flashes in between them.

104

00:09:38,000 --> 00:09:44,000

And that smoke and stuff really pulled up through the tree.

105

00:09:44,000 --> 00:09:48,000

And I blacked out then and the next thing I woke up to this

106

00:09:48,000 --> 00:09:52,000

couldn't have been more than a half hour later because it was still kind of dark.

107

00:09:52,000 --> 00:09:54,000

It was just getting light.

108

00:09:54,000 --> 00:09:59,000

And I was hanging by my bell at the top of the tree.

109

00:09:59,000 --> 00:10:05,000

And when I got down and when I looked around there was nothing there.

110

00:10:05,000 --> 00:10:14,000

And I went down and I looked around the bottom of the tree and all I could find was a piece of burnt cloth.

111

00:10:14,000 --> 00:10:21,000

And then I found my canteen and this one arrow I shot it was laying on top of the brush over the side

112

00:10:21,000 --> 00:10:24,000

which went the direction I shot it.
