

1

00:00:00,000 --> 00:00:11,000

I'm a direct contact at the moment via telephone with Level 1 Texas on the line in Europe.

2

00:00:11,000 --> 00:00:12,000

Weird clip.

3

00:00:12,000 --> 00:00:17,000

Imagine living figures coming at least as it was across the United States from America

4

00:00:17,000 --> 00:00:24,000

this Saturday night when a number of witnesses in the town of Level 1 Texas reported that

5

00:00:24,000 --> 00:00:28,000

they have seen a Phantom object in the sky.

6

00:00:28,000 --> 00:00:32,000

One witness described it as 200 feet long.

7

00:00:32,000 --> 00:00:35,000

Here, weird clip.

8

00:00:35,000 --> 00:00:42,000

Tell me exactly what does the story add up to down there in Level 1 Texas bound to stand here for us

9

00:00:42,000 --> 00:00:46,000

to currently investigating that area and other areas.

10

00:00:46,000 --> 00:00:52,000

And would you tell me exactly what transpired late Saturday night early Sunday morning down there

11

00:00:52,000 --> 00:01:00,000

and what you were told by the many witnesses who saw it as number one a visitor right who told you a very interesting story?

12

00:01:00,000 --> 00:01:03,000

Sheriff, what was his story?

13

00:01:03,000 --> 00:01:11,000

A letter I is a text to the authority of Texas guy, Texas guy, the other Texas guy.

14

00:01:11,000 --> 00:01:18,000

While he's carrying from left to right, that's the room where the time after midnight.

15

00:01:18,000 --> 00:01:33,000

When he drove here out of Oldfield, close to the object, but Mr. Rathen did not know the object was there in his employer's bag.

16

00:01:33,000 --> 00:01:40,000

Here's Rathen went out. He thought he had something else wrong with his car.

17

00:01:40,000 --> 00:01:43,000

Yes, he left him.

18

00:01:43,000 --> 00:01:51,000

He found him and checked him in his wine system on his car and left him well.

19

00:01:51,000 --> 00:02:00,000

And he left his hip down on his car and he turned around and seen this big object in the road just ahead of him.

20

00:02:00,000 --> 00:02:06,000

And he tried to catch Rathen in his eyes but he just back in his car.

21

00:02:06,000 --> 00:02:11,000

He said, man, watch this. I'll just talk about four minutes.

22

00:02:11,000 --> 00:02:15,000

He said he had a beautiful glow to it.

23

00:02:15,000 --> 00:02:20,000

A brilliant, brilliant glow.

24

00:02:20,000 --> 00:02:24,000

There was an oval in his teeth.

25

00:02:24,000 --> 00:02:26,000

They were teeth.

26

00:02:26,000 --> 00:02:32,000

They were like their teeth but flat only part of them.

27

00:02:32,000 --> 00:02:42,000

The object was made of teeth of 100 and 25 to 200 feet in diameter.

28

00:02:42,000 --> 00:02:49,000

As Mr. Rathen was the object for about four minutes,

29

00:02:49,000 --> 00:02:53,000

the object didn't take the part.

30

00:02:53,000 --> 00:02:59,000

I was afraid that they would rip the teeth.

31

00:02:59,000 --> 00:03:05,000

In the back of his neck, Mr. Rathen was out of his bag.

32

00:03:05,000 --> 00:03:09,000

He did not see any big objects.

33

00:03:09,000 --> 00:03:14,000

If this not make any sound at all,

34

00:03:14,000 --> 00:03:20,000

Mr. Rathen is not in his poor bones.

35

00:03:20,000 --> 00:03:27,000

Doors, windows, are in his man's eyes.

36

00:03:27,000 --> 00:03:37,000

About their bodies, I wonder if any man of motor's are propellers that he can pick at all.

37

00:03:37,000 --> 00:03:44,000

Well, their children, how many other people in Revlon, Texas,

38

00:03:44,000 --> 00:03:49,000

are with me, they say about the vacuum objects.

39

00:03:49,000 --> 00:03:54,000

There was only four of them in the object.

40

00:03:54,000 --> 00:03:57,000

There were two more that drove up on the object

41

00:03:57,000 --> 00:04:02,000

and they were very distracted, sitting in the highway.

42

00:04:02,000 --> 00:04:07,000

I was left away of the most common factors who came up.

43

00:04:07,000 --> 00:04:10,000

Back with the same number of ways,

44

00:04:10,000 --> 00:04:14,000

they described the object as very much right.

45

00:04:14,000 --> 00:04:20,000

And also there was a major factor in some way, too, factors.

46

00:04:20,000 --> 00:04:24,000

They drove up on the object in the road,

47

00:04:24,000 --> 00:04:27,000

that was exactly as Mr. Rathen had.

48

00:04:27,000 --> 00:04:30,000

I understand that you yourself saw the object,

49

00:04:30,000 --> 00:04:33,000

not on the ground, but in the sky, that's right.

50

00:04:33,000 --> 00:04:35,000

Not where it is not.

51

00:04:35,000 --> 00:04:38,000

I did not see the object, I think it was right.

52

00:04:38,000 --> 00:04:42,000

I always say these things from the object.

53

00:04:42,000 --> 00:04:46,000

Well, as the mysterious man of object change

54

00:04:46,000 --> 00:04:52,000

lies in the Revlon man's text or people still going along just as it is before,

55

00:04:52,000 --> 00:04:57,000

I know it has caused a great lot of excitement.

56

00:04:57,000 --> 00:05:03,000

In Revlon, he has not done what Mr. Rathen has been doing,

57

00:05:03,000 --> 00:05:08,000

like that yet, but he has caused a great lot of excitement.

58

00:05:08,000 --> 00:05:11,000

Well, we have had a lot of things about it,

59

00:05:11,000 --> 00:05:15,000

but we still feel something that we have been through.

60

00:05:15,000 --> 00:05:17,000

Thank you very much, Sheriff.

61

00:05:17,000 --> 00:05:19,000

Weird twist of Revlon's text

62

00:05:19,000 --> 00:05:22,000

or your first hand in Calc-Upsur.

63

00:05:22,000 --> 00:05:24,000

The mysterious man of objects sees

64

00:05:24,000 --> 00:05:28,000

the guy in the background at Revlon's text.
