

1

00:00:00,000 --> 00:00:08,000

This is a bright red object come up over the tree and actually started towards us.

2

00:00:08,000 --> 00:00:10,000

I got a hold of him and dragged him back into the cruiser.

3

00:00:10,000 --> 00:00:13,000

At this point Officer Hunt showed up.

4

00:00:13,000 --> 00:00:18,000

I called in saying that I was going to be out of the cruiser. He had started out and he showed up.

5

00:00:18,000 --> 00:00:24,000

I turned to look back at it and it turned and gone down towards the end of the field about 100 yards away.

6

00:00:24,000 --> 00:00:28,000

We all three of us didn't watch that. It had no wings on it.

7

00:00:28,000 --> 00:00:32,000

It had bright lights around it, red lights.

8

00:00:32,000 --> 00:00:35,000

It did not give off a beam like many lights give off.

9

00:00:35,000 --> 00:00:38,000

It was more of a glow like a neon sign.

10

00:00:38,000 --> 00:00:40,000

There was no planed area that night.

11

00:00:40,000 --> 00:00:45,000

We just watched it head towards the coast and it disappeared over the horizon.

12

00:00:45,000 --> 00:00:47,000

It made no noise.

13

00:00:47,000 --> 00:00:53,000

Now the husses and the animals around there apparently could hear some kind of a noise because they

were really...

14

00:00:53,000 --> 00:00:55,000

the husses were kicking the sides of the barn.

15

00:00:55,000 --> 00:00:58,000

Some people have seen it before but they didn't say nothing about it. They're afraid people will laugh at them.
