

1

00:00:00,000 --> 00:00:06,520

I guess I should tell you a little bit about myself before I get into the experience that

2

00:00:06,520 --> 00:00:14,140

I had. I was born in Missouri and I was brought up as a service brat. My father was a career

3

00:00:14,140 --> 00:00:24,720

man in the Air Force. I went to school in Japan, Germany, France and Hawaii. I jumped

4

00:00:24,720 --> 00:00:30,040

around quite a bit so I didn't get much of an education when I was young. But I did finish

5

00:00:30,040 --> 00:00:38,200

it all later. When I was 17 years old I went into the military service, United States Navy,

6

00:00:38,200 --> 00:00:44,040

and my first new station was in Jacksonville, Florida. And then from there I went over to

7

00:00:44,040 --> 00:00:50,720

the far west command and I helped serve our flag and fight for it in Vietnam even though

8

00:00:50,720 --> 00:00:58,760

I thought it was a more active of war. Then coming out of the service I went back to Missouri

9

00:00:58,760 --> 00:01:07,240

and spent a couple of months there and I went home to Nebraska where my folks were. And I

10

00:01:07,240 --> 00:01:10,660

wasn't making very much money being out of the service, you know, \$2 an hour being a

11

00:01:10,660 --> 00:01:20,000

clerk wasn't my bag really. So I wanted newer fields so I always wanted to be in law enforcement.

12

00:01:20,000 --> 00:01:26,960

So I talked to my father about going into law enforcement and he decided that the state

13

00:01:26,960 --> 00:01:31,400

patrol in Nebraska would be a good idea. So we filled out the forms and everything and

14

00:01:31,400 --> 00:01:36,720

I had to go to the Ash in Nebraska, to the police department to get a police check. So

15

00:01:36,720 --> 00:01:43,800

I walked in and five minutes later I was a policeman. They hired me there. My life before

16

00:01:43,800 --> 00:01:49,120

this happened as a police officer the shorter time I was was a good one. I enjoyed it. I

17

00:01:49,120 --> 00:01:53,440

enjoyed working with the public and serving the community and serving the laws of the

18

00:01:53,440 --> 00:02:00,640

state. Now I guess I'll get on with the story. It was long, two thirty. Actually I think

19

00:02:00,640 --> 00:02:07,120

was the time that this happened but right around two twenty I was just checking two gas stations.

20

00:02:07,120 --> 00:02:11,720

I left the two gas stations. Excuse me. I left the last gas station that I had checked

21

00:02:11,720 --> 00:02:16,520

to pull onto the highway and I was making radio contact with the Wahoo Sheriff's Office

22

00:02:16,520 --> 00:02:21,520

because we didn't have radio communications available in the city at night time because

23

00:02:21,520 --> 00:02:27,080

we couldn't afford it. So I told them that everything was all secure. I pulled onto the

24

00:02:27,080 --> 00:02:33,000

highway and put the mic down. I seen some flashing lights in front of me. First appeared

25

00:02:33,000 --> 00:02:39,000

to me to be a truck I thought as I got closer and put the high beams of the lights in the

26

00:02:39,000 --> 00:02:44,600

tow car on this. This object started raising. These lights started raising up in the air

27

00:02:44,640 --> 00:02:52,140

to about forty feet. I think I was something like fifty yards from this. These lights were

28

00:02:52,140 --> 00:02:57,000

flashing and they got as they got bigger as I got close to it. It seemed like they were

29

00:02:57,000 --> 00:03:04,000

red flashing lights coming out of a porthole which sort of circled the craft. They had

30

00:03:04,680 --> 00:03:10,880

like a catwalk going around the center of it. It was shaped like a football, very metallic,

31

00:03:10,920 --> 00:03:16,240

like a very shiny bumper if you polish the bumper on a car. It had sort of a reddish,

32

00:03:16,240 --> 00:03:23,240

orangey glow coming from beneath it. Then there was this white flash that came on to

33

00:03:26,720 --> 00:03:33,720

me in the tow car. It felt as if we were being pulled. Then it was being pulled. We were

34

00:03:34,080 --> 00:03:40,440

being pulled up the side of this bank to the left of the road and up toward this field

35

00:03:40,480 --> 00:03:47,480

the car and I. I felt nothing. At first I felt kind of stunned and shocked and then I felt

36

00:03:48,680 --> 00:03:55,680

sort of tingly. As the car and I moved up the bank to the top of this field this object

37

00:03:56,960 --> 00:04:03,280

landed and some legs came out and it sat down. I was just seeing they were really motionless.

38

00:04:03,280 --> 00:04:10,280

I couldn't move. I may even have my mouth open. I don't remember being probably scared.

39

00:04:11,200 --> 00:04:18,200

This hatch came open and this light came out of the hatch and this form came down and looked

40

00:04:19,240 --> 00:04:25,920

at the form of a human being. This form started walking toward the patrol car with an object

41

00:04:25,920 --> 00:04:31,280

in both its hands. It appeared to be hands. He was walking straight toward the patrol

42

00:04:31,280 --> 00:04:36,320

car. As he was doing this another form came out and started walking toward the patrol

43

00:04:36,360 --> 00:04:43,360

car also. As this being walked up to the front of the tow car with this object in his hand

44

00:04:43,800 --> 00:04:49,680

which looked sort of a square oval type. It looked like it had a lens in front of it.

45

00:04:49,680 --> 00:04:55,680

The only thing I could think was oh my God what's going to happen now. This green light

46

00:04:55,680 --> 00:05:02,680

came out all over the car and then it sort of went back in again. I felt a sensation and

47

00:05:03,680 --> 00:05:09,680

then I felt nothing like I was just there and that was it. This other being started walking

48

00:05:09,880 --> 00:05:15,080

up toward the car. I was sitting straight looking straight. I couldn't even move my head. He walked

49

00:05:15,080 --> 00:05:21,200

up to the car and the window was about three quarters of the way down and he had an object

50

00:05:21,200 --> 00:05:27,640

in his hand. A silver object that looked like a big pencil with a round ball on the end

51

00:05:27,640 --> 00:05:34,240

of it and he pressed this against the side of my neck which I felt some pain from and

52

00:05:34,240 --> 00:05:40,740

said ouch. Then he stepped back and I sort of sat there and he opened up the car door

53

00:05:40,740 --> 00:05:47,360

and just went like this and I sort of raised it out of the tow car and I was looking at

54

00:05:47,360 --> 00:05:54,360

him and he was looking at me and he said are you the watchman of this town? And my response

55

00:05:54,440 --> 00:06:01,440

was yes sir. He said come with me watchman and we started moving toward the spacecraft

56

00:06:01,920 --> 00:06:07,960

and it felt like I was walking on air. We got up to the hatch to where you went inside

57

00:06:07,960 --> 00:06:13,960

of the spacecraft and we just sort of like floated up into the first level and he says

58

00:06:13,960 --> 00:06:19,000

to me watchman come with me and we were in a circular room and there were a lot of cylinders

59

00:06:19,000 --> 00:06:25,000

about four and a half feet high and about two feet wide that circled the whole room

60

00:06:25,000 --> 00:06:29,600

and it had sort of like a cable running through it, two cables running through these. They

61

00:06:29,600 --> 00:06:36,600

look like tall batteries to me. And then in the center of this room was a huge cocoon

62

00:06:38,720 --> 00:06:45,720

or you know like this shaped object was spinning and it was giving off colors like the rainbow

63

00:06:46,080 --> 00:06:53,040

and was about 20 feet long. And it seemed like these cables were coming up and connecting

64

00:06:53,040 --> 00:06:59,120

to these two block things that came down on each end of it. And we walked a complete circle

65

00:06:59,120 --> 00:07:06,120

in there and I said what is this? And he said this is how our craft operates and he said

66

00:07:06,840 --> 00:07:13,160

it operates on electrical reversible magnetism. And then I looked at him and he said come

67

00:07:13,200 --> 00:07:20,200

with me watchman and we walked back over to where I came up in with him and this glass

68

00:07:20,240 --> 00:07:27,240

sheet came down and we stepped onto this which I felt and we moved up into the second level

69

00:07:28,000 --> 00:07:33,840

of the craft. And lo and behold I have never seen anything like it before in my life with

70

00:07:33,840 --> 00:07:38,760

so many different types of instruments, panels and computer type things that you just wouldn't

71

00:07:38,760 --> 00:07:45,320

believe it. This cone thing was right in the center of the floor. You can see half of it

72

00:07:45,320 --> 00:07:51,200

from on top and half of it from the bottom but it gave off a red glow that sort of not

73

00:07:51,200 --> 00:07:56,800

flashed but kind of died down and then came back up again. And he says watchman come with

74

00:07:56,800 --> 00:08:03,800

me and we walked over to a screen that was up on the side I say wall. It was sort of

75

00:08:03,800 --> 00:08:10,240

like a TV screen and he pressed some buttons and I guess flipped some switches. I wasn't

76

00:08:10,240 --> 00:08:15,320

paying too much attention to him. I was looking at the screen and some stars in the sky appeared

77

00:08:15,320 --> 00:08:22,320

on there and he put his finger up like this and he said this is where we're from watchman

78

00:08:22,620 --> 00:08:28,520

and then he put his hand back down. He didn't say where and he didn't say the name. He just

79

00:08:28,520 --> 00:08:34,440

pointed the purpose that we're here is to get electricity and there was another being

80

00:08:34,440 --> 00:08:40,840

standing a little distance away and the man turned to him and they both looked at each

81

00:08:40,840 --> 00:08:48,080

other and he started depressing buttons and he says watch watchman and there was this

82

00:08:48,080 --> 00:08:55,080

antenna on the outside of the spacecraft which angled toward a power unit and this bolt went

83

00:08:55,480 --> 00:09:00,360

out a color I've never seen before in my life. I don't even think I could describe it went

84

00:09:00,360 --> 00:09:06,280

out and came back and this stayed like this for about three minutes and then it went off

85

00:09:06,280 --> 00:09:12,120

and he turned and looked at me and I felt as I was getting a very very awful lot of

86

00:09:12,120 --> 00:09:19,120

role of input of words that I couldn't understand and he reached up and he touched me on the

87

00:09:19,840 --> 00:09:26,840

shoulder and he felt real when he touched me and I think at that time I did touch him

88

00:09:28,800 --> 00:09:35,800

and he felt real to me and he says watchman come with me. We walked back over to the exit

89

00:09:35,800 --> 00:09:41,440

I'll say where we came up and the glass sheet came down again and we went up into the third

90

00:09:41,440 --> 00:09:48,840

part of the craft which was the observation deck. He said as we stepped off he said watchman

91

00:09:48,880 --> 00:09:53,000

come with me and we walked over and we were standing there looking out of a big plate glass

92

00:09:53,000 --> 00:09:58,760

window type thing and there were a little control panel right in front of it and there

93

00:09:58,760 --> 00:10:03,680

were two chairs that looked like dentist chairs you know I've ridden to the dentist here but

94

00:10:03,680 --> 00:10:10,680

really superstructure of a chair better than a dentist here. We looked out the window and

95

00:10:11,440 --> 00:10:18,440

I could see this one being walking back and forth by where my patrol car was and I thought

96

00:10:18,920 --> 00:10:25,920

like I said wow and he put his he didn't know he didn't he turned to me and he said something

97

00:10:26,920 --> 00:10:32,560

I don't understand and he said some more things that I didn't understand or I couldn't make

98

00:10:32,560 --> 00:10:39,560

out and I still don't and then he pointed his hand toward the plate glass window as I

99

00:10:41,640 --> 00:10:48,640

say refer to to the stars out there and he says to me watchman one day you use your

100

00:10:48,920 --> 00:10:55,600

self we'll see the universe as I have and he reached up and he touched me on the shoulder

101

00:10:55,600 --> 00:11:00,680

like this you know like grabbing you on the shoulder like a man does I have to steer you

102

00:11:00,680 --> 00:11:07,680

away and he says come with me watchman and then he stopped and he said watchman and

103

00:11:07,680 --> 00:11:13,840

I turned around like this to look at him and it felt like I was getting more input of something

104

00:11:13,840 --> 00:11:20,520

that I couldn't understand then he says watchman come with me we walked over and we went down

105

00:11:20,520 --> 00:11:27,160

all the way out of the craft as we got outside this other being started walking back toward

106

00:11:27,160 --> 00:11:34,160

the spacecraft and boarded it as we were walking toward my patrol car and we stopped right

107

00:11:34,160 --> 00:11:40,440

by the patrol car and I turned to look at him and he was looking at me and then again

108

00:11:40,480 --> 00:11:45,840

it felt like I was receiving input of words of some kind that I couldn't understand and

109

00:11:45,840 --> 00:11:52,360

he turned now he saw lifted his hand and then he turned and walked back to the spacecraft

110

00:11:52,360 --> 00:11:58,860

floated up inside this catwalk thing started spinning the lights started flashing off and

111

00:11:58,860 --> 00:12:05,560

on this red orange glow came out from beneath it it started lifting up in the air and I

112

00:12:05,560 --> 00:12:09,960

guess it got about a hundred feet high and shot straight outside let me tell you I was

113

00:12:09,960 --> 00:12:17,460

scared I started feeling me again when I was aboard the spacecraft I had hardly no feeling

114

00:12:17,460 --> 00:12:25,960

at all my body was tingling I was aspiring I was hot I felt nauseated I got back into

115

00:12:25,960 --> 00:12:32,440

the patrol car I turned it around and I hit it back for the police station on the way

116

00:12:32,520 --> 00:12:41,840

the police station at a high rate of speed I tried to make communication with Wahoo

117

00:12:41,840 --> 00:12:48,280

Sheriff's office and it appeared the radio was dead I got to the station I jumped out

118

00:12:48,280 --> 00:12:53,960

of the car and fast walk walk into the police station and I noticed that the wall clock in

119

00:12:53,960 --> 00:13:00,840

the police station said one minute after 3 a.m. well I went directly to the bathroom

120

00:13:01,800 --> 00:13:06,720

and I filled the bathroom with the drink of water because I was hot and I walked back

121

00:13:06,720 --> 00:13:11,640

into the main room of the police station we had a real small police station it was about

122

00:13:11,640 --> 00:13:21,160

20 by 20 and I sat there at the table and I lit a cigarette and I said wow what the hell happened

123

00:13:21,160 --> 00:13:28,360

something happened to me did I really see a flying saucer did this really happen to me

124

00:13:29,000 --> 00:13:33,560

I looked at my report log and I remember through all the training and everything I went through

125

00:13:33,560 --> 00:13:40,040

that regardless of the nature or what it was put it in your report book because you just might need

126

00:13:40,040 --> 00:13:49,560

it so I looked at my report book and I got my pen out and I wrote at 2 30 a.m. December 3rd 1967

127

00:13:50,520 --> 00:14:00,200

I saw UFO at the junction 663 believe it or not about 6 30 that morning a fellow officer came in

128

00:14:00,200 --> 00:14:07,560

and I explained to him what happened to me and the fellow officer says I believe you heard

129

00:14:08,440 --> 00:14:14,440

one time I was on my way to Wahoo, Nebraska and I was driving down the road I looked over

130

00:14:15,400 --> 00:14:21,400

well, behold there were two UFOs sitting in the field and these little green men were out there

131

00:14:21,400 --> 00:14:28,600

walking around it waving at me I said sure Paul and he says I don't think you should tell anybody

132

00:14:28,600 --> 00:14:32,040

heard because I don't think anybody's gonna believe you matter of fact you're gonna lose your job if

133

00:14:32,040 --> 00:14:37,160

you tell the people but I said Paul it's the truth he said well you know he said a lot of people

134

00:14:37,160 --> 00:14:42,040

won't even accept the truth I said well I wait for the chief he says no I'll go on home so I went

135

00:14:42,040 --> 00:14:45,960

home and I was you know I really felt like everything was drained completely out of my body

136

00:14:45,960 --> 00:14:51,160

and I lay down on the couch and as I lay there I started getting a buzzing feeling in my head

137

00:14:51,960 --> 00:14:57,080

and it felt like I was being I had pressure on my body I couldn't move my arms I couldn't you know

138

00:14:57,080 --> 00:15:02,520

how you try to open your mouth you can't say help I was trying to say help you know and then I went

139

00:15:02,520 --> 00:15:07,080

off to sleep in the phone rang and it was the chief and the chief says get your butt down to the

140

00:15:07,080 --> 00:15:12,120

station right now what is this you mean you've seen a UFO I said I don't feel good I'm sick and

141

00:15:12,120 --> 00:15:17,880

I'm not coming down to the police station he said I'll be right over so the next thing the tv came in

142

00:15:18,840 --> 00:15:27,160

press came in you know newspapers radio stations and telephone calls started coming in two days later

143

00:15:27,880 --> 00:15:36,520

the ridicule started coming in believe me and I had a man run three blocks huffing and puffing

144

00:15:37,560 --> 00:15:41,080

get your tire shop there in ashton avasca and you let me

145

00:15:41,240 --> 00:15:46,040

herb if you ever see another flying saucer and it lands you tell me I want to sell them a set of tires

146

00:15:49,560 --> 00:15:54,680

the phone rang this is the planet mars you know I mean really ridiculous stuff I think

147

00:15:55,320 --> 00:15:59,960

though being here in Florida one of the the neatest walkings I got was right out here in the lobby

148

00:16:00,760 --> 00:16:05,800

the gentleman out there selling books and I walked up and he says herb sure man I said yes

149

00:16:06,600 --> 00:16:09,640

my name is so-and-so and I was taking aboard a police cruiser

150

00:16:19,160 --> 00:16:24,520

I thought that was neat the United States Air Force

151

00:16:25,080 --> 00:16:28,200

conning committee blue book project or however you want to say it

152

00:16:28,840 --> 00:16:33,800

investigating team came down to ashton avasca to investigate me

153

00:16:34,760 --> 00:16:37,800

a gentleman by the name of john erins who is a friend of mine

154

00:16:38,600 --> 00:16:45,480

and a gentleman by the name of Roy Craig who was a physicist uh john erins he'd probably hit me

155

00:16:45,480 --> 00:16:52,760

but he was a shrink psychiatrist him and I had long discussions and he told me to tell my story

156

00:16:52,760 --> 00:16:57,800

over and over and over and over and I told it over and over and over and over and then they found a

157

00:16:57,800 --> 00:17:04,920

25-minute time lapse in my log and john says herb uh what happened to you between

158

00:17:04,920 --> 00:17:13,160

2 30 a.m. December 3rd 1967 and 3 a.m. or a little before 3 a.m. and I looked at him

159

00:17:13,160 --> 00:17:17,400

and I couldn't say anything because I didn't remember so he says you got to come to bowler

160

00:17:18,120 --> 00:17:25,560

that's okay so they took me up to bowler and I met a UFO team there a lot of people

161

00:17:26,280 --> 00:17:33,880

who've run a lot of tests on me and a hypnotist by the name of dr leo sprinkler administered

162

00:17:34,600 --> 00:17:38,920

time regression hypnosis on me which found out a small detail that I had been aboard the

163

00:17:39,960 --> 00:17:44,760

spacecraft and that I had actually communicated with them they played the tape back to me and it

164

00:17:44,760 --> 00:17:50,920

shocked me I didn't know what to think I said are you is that really my voice on that tape

165

00:17:50,920 --> 00:17:58,680

you bet it is boy I says my god what do I do now while I was up in bowler the city got real cute

166

00:17:58,680 --> 00:18:05,960

you know the city fathers and people in the city the day I left they uh matter of fact the night I

167

00:18:05,960 --> 00:18:12,200

left uh they went down to our beautiful cemetery there in airstone Nebraska and took this dummy

168

00:18:12,840 --> 00:18:19,720

and hung it by the neck in a tree put a big star on it shot a hose through and paint the hose with

169

00:18:19,720 --> 00:18:27,000

red like blood and put her across the star with a cowboy head on it and they really may look big

170

00:18:27,000 --> 00:18:33,000

because they went down to the mortuary and they got the ammits out of code three run sourines

171

00:18:33,000 --> 00:18:39,000

red lights the whole works went over and they very carefully took it down and put it on a stretcher

172

00:18:39,000 --> 00:18:47,400

and covered it up and took it back to the morgue I uh they thought they scared me but they didn't

173

00:18:47,480 --> 00:18:50,360

you see that's what they were trying to do they were trying to scare me but they didn't

174

00:18:50,360 --> 00:18:54,200

scare me because I thought it was kind of funny and I laughed about it when I read the paper and

175

00:18:54,200 --> 00:18:59,640

seen all the pictures and everything but while I was in bowler they blew my car up with dynamite

176

00:18:59,640 --> 00:19:06,680

and that really made me mad I just got too pain for it and I was furious you know I could have done

177

00:19:06,680 --> 00:19:14,440

like uh George C. Scott did in that movie rage you know that's how mad I was but through the whole

178

00:19:14,440 --> 00:19:20,760

crisis I had one very good friend in ashland Nebraska his name is Leroy Demet very close friend

179

00:19:20,760 --> 00:19:25,720

and he helped me a lot in ashland he was one of our relief officers in the police department

180

00:19:26,840 --> 00:19:30,600

and I'm I really I was really proud to have him as a friend as well he's stuck by

181

00:19:31,720 --> 00:19:39,160

uh my family I really can't say uh I went to my father and I said dad I said uh I know you

182

00:19:39,880 --> 00:19:45,800

have 20-something years in the air force but I asked my father point blank I said dad what do you

183

00:19:45,800 --> 00:19:53,800

think of UFOs my father never said no he never said yes he just said son if you're telling the

184

00:19:53,800 --> 00:19:57,880

truth stick with it and so I stuck with it all right thank you very much
