

1

00:00:00,000 --> 00:00:06,320

Well, this is just a call from Highland PD, reference to a truck driver just stopped

2

00:00:06,320 --> 00:00:12,200

in and said there was a shrine object in the area of Lebman.

3

00:00:12,200 --> 00:00:14,960

It was like a two story house.

4

00:00:14,960 --> 00:00:22,560

They had one light and red blinking lights and it was last seen southwest over Lebman.

5

00:00:22,560 --> 00:00:25,000

Leslie, could you check the area?

6

00:00:25,000 --> 00:00:26,000

Hello, Christ.

7

00:00:26,000 --> 00:00:29,000

Could you guys take a look at the traffic?

8

00:00:29,000 --> 00:00:31,000

Are you on your own?

9

00:00:31,000 --> 00:00:32,000

I'm going out.

10

00:00:32,000 --> 00:00:33,000

You're in minutes.

11

00:00:33,000 --> 00:00:35,000

I just sent out the search bar.

12

00:00:35,000 --> 00:00:37,000

You're looking at the sky, I'm not sure.

13

00:00:37,000 --> 00:00:38,000

Thank you.

14

00:00:38,000 --> 00:00:40,000

I'm going to turn it in at 23, 1028.

15

00:00:40,000 --> 00:00:41,000

Just a quick question.

16

00:00:41,000 --> 00:00:43,000

If I happen to find it, what am I supposed to do with it?

17

00:00:43,000 --> 00:00:46,000

If I see it, I'm not saying a word.

18

00:00:46,000 --> 00:00:50,000

Sixth year, I'll also be advised that the last thing that went over Lebman, this was

19

00:00:50,000 --> 00:00:54,000

approximately five minutes ago, was a military cargo plane that looked like a C5.

20

00:00:54,000 --> 00:01:01,000

I'll be advised there's a very bright, white light east of town, looks like it's just east

21

00:01:01,000 --> 00:01:04,000

of Summerfield, and it keeps changing colors.

22

00:01:04,000 --> 00:01:08,000

Also, there's two papers there that doesn't look like an aircraft, so.

23

00:01:08,000 --> 00:01:11,000

That's a format of not milling, it's not a star.

24

00:01:11,000 --> 00:01:13,000

It's a C5-5404.

25

00:01:13,000 --> 00:01:18,000

Would you contact Scott Air Force Base to see if there are any things flying in this area,

26

00:01:18,000 --> 00:01:19,000

please?

27

00:01:19,000 --> 00:01:24,000

10-4, well, whether it's the plane or not, it's heading westbound now.

28

00:01:24,000 --> 00:01:28,000

It should be really close to Scott now.

29

00:01:28,000 --> 00:01:29,000

Negative.

30

00:01:29,000 --> 00:01:32,000

Matter of fact, if the shadow also looks up, they can probably see it by now.

31

00:01:32,000 --> 00:01:34,000

Good night, Chris Townsend.

32

00:01:34,000 --> 00:01:38,000

25, if you ask me something, I don't know what the exact is.

33

00:01:38,000 --> 00:01:40,000

10-com, 5404.

34

00:01:40,000 --> 00:01:44,000

Just for 42, the only other house that I saw had already landed in four neighborhoods,

35

00:01:44,000 --> 00:01:47,000

so there's that number.

36

00:01:47,000 --> 00:01:49,000

Probably in Lambert.

37

00:01:49,000 --> 00:01:52,000

10-com, 60-04.

38

00:01:52,000 --> 00:01:55,000

Go ahead.

39

00:01:55,000 --> 00:01:59,000

I've got that object in sight also.

40

00:01:59,000 --> 00:02:01,000

Are you curious?

41

00:02:01,000 --> 00:02:03,000

That's huge.

42

00:02:03,000 --> 00:02:05,000

10-4.

43

00:02:05,000 --> 00:02:08,000

How much do you think I'm going to find this?

44

00:02:08,000 --> 00:02:11,000

60-04 does it look like a...

45

00:02:11,000 --> 00:02:14,000

What does it look like to you?

46

00:02:14,000 --> 00:02:17,000

It's kind of B shaped.

47

00:02:17,000 --> 00:02:23,000

It looks like it's possibly headed toward Lambert.

48

00:02:23,000 --> 00:02:29,000

10-4, that's what Shiloh 7 was heading toward Chervey Heights.

49

00:02:29,000 --> 00:02:34,000

We're only 6th for Alishan City.

50

00:02:34,000 --> 00:02:35,000

Alishan University.

51

00:02:35,000 --> 00:02:40,000

4th, 10-com, 60-04.

52

00:02:40,000 --> 00:02:42,000

We're going to 60-04.

53

00:02:42,000 --> 00:02:46,000

Do you have a Polaroid?

54

00:02:46,000 --> 00:02:49,000

Then I don't know.

55

00:02:49,000 --> 00:02:51,000

60-04, 39-23.

56

00:02:51,000 --> 00:02:53,000

I'm counting too.

57

00:02:53,000 --> 00:02:55,000

60-04, then.

58

00:02:55,000 --> 00:02:57,000

I'm not sure if it's the same.

59

00:02:57,000 --> 00:02:59,000

I'm the essence.

60

00:02:59,000 --> 00:03:01,000

We're here pretty high in the area.

61

00:03:01,000 --> 00:03:03,000

Our first thing, I would be honest,

62

00:03:03,000 --> 00:03:04,000

if you could tell the different colors,

63

00:03:04,000 --> 00:03:08,000

now it appears to be white.

64

00:03:08,000 --> 00:03:11,000

Very large.

65

00:03:11,000 --> 00:03:12,000

It's hard to tell.

66

00:03:12,000 --> 00:03:17,000

It's pretty far off in the distance.

67

00:03:17,000 --> 00:03:20,000

This object was above me about 500 feet,

68

00:03:20,000 --> 00:03:22,000

and it was huge.

69

00:03:22,000 --> 00:03:24,000

Okay, I reported.

70

00:03:24,000 --> 00:03:30,000

This area appears to be about 20,000-30,000 feet up right now.

71

00:03:30,000 --> 00:03:33,000

It's usually a plain guard.

72

00:03:33,000 --> 00:03:35,000

It's not low at all.
