

1

00:00:00,000 --> 00:00:05,000

A new back at work, and the load.

2

00:00:05,000 --> 00:00:11,360

This later, August 9th, is Major Donald E. P. Ho, U.S. Marine Corps retired, a veteran

3

00:00:11,360 --> 00:00:15,400

of 35 years of civilian and military flying experience.

4

00:00:15,400 --> 00:00:21,440

Major P. Ho was paid to Colonel Charles Lindbergh on Lindy's tour of the country after the historic

5

00:00:21,440 --> 00:00:22,940

transatlantic flight.

6

00:00:22,940 --> 00:00:29,080

A well-known aviation writer in 1950, Major P. Ho brought out his bestseller, Flying Saucers

7

00:00:29,080 --> 00:00:36,080

from outer space, books based on material from Air Force and Canadian official sources.

8

00:00:36,080 --> 00:00:43,080

Major P. Ho, what are the most recent developments in this field of unidentified flying objects?

9

00:00:43,080 --> 00:00:50,080

There are three very important developments, which we'll discuss in the public.

10

00:00:50,080 --> 00:00:56,080

In the first place, there's the least of, of possibly two, artificial satellites, certainly

11

00:00:56,080 --> 00:01:01,080

near Earth, at the present time.

12

00:01:01,080 --> 00:01:06,080

An intensive effort is being made by the government's guidance to force down New Mexico to locate

13

00:01:06,080 --> 00:01:11,080

and start the courses of these satellites in an effort to determine what they are and

14

00:01:11,080 --> 00:01:13,080

where they came from.

15

00:01:13,080 --> 00:01:18,080

Secondly, within the last two weeks, Canadian government's guidance has notified all official

16

00:01:18,080 --> 00:01:25,080

skylights to be freshly reversed and to report immediately any unidentified area of Earth.

17

00:01:25,080 --> 00:01:29,080

The third development we suggest kept secret is this.

18

00:01:29,080 --> 00:01:35,080

In the closing week of March, Air Force Secretary Talbot made two tests to found planes, teleporgnas,

19

00:01:35,080 --> 00:01:37,080

and an Air Force plane.

20

00:01:37,080 --> 00:01:41,080

On one of those tests, shortly after the plane has passed through the California, they crewed

21

00:01:41,080 --> 00:01:47,080

our Secretary Talbot's plane, the scullers that it was being followed by a large, silvery disc-shaped

22

00:01:47,080 --> 00:01:52,080

plane, which was flying about one thousand feet below the fixed-range plane and about

23

00:01:52,080 --> 00:01:54,080

one thousand feet distance.

24

00:01:54,080 --> 00:01:59,080

An unidentified object was seen by Secretary Talbot, the crew of this plane, and Secretary

25

00:01:59,080 --> 00:02:02,080

Talbot's feet to accompany him on the trip.

26

00:02:02,080 --> 00:02:07,080

After watching the disc for several minutes, Secretary Talbot ordered his plane to swing

27

00:02:07,080 --> 00:02:09,080

around at a coast.

28

00:02:09,080 --> 00:02:14,080

The object immediately accelerated and disappeared at high speed, just with a daylight sighting

29

00:02:14,080 --> 00:02:19,080

of long duration by credible personnel and under very favorable conditions.

30

00:02:19,080 --> 00:02:24,080

In view of the tremendous amount of evidence that is being concealed by Air Force secrecy,

31

00:02:24,080 --> 00:02:28,080

in a lifetime the Iraqi people demand it notify.

32

00:02:28,080 --> 00:02:33,080

Thank you very much, Major Donald E. Keeho, US Marine Corps, retired.
