

1

00:00:00,000 --> 00:00:07,520

Good evening. Tonight we go after a fantastic story, the story that flying saucers from other

2

00:00:07,520 --> 00:00:13,440

worlds are visiting our planet just as we are exploring outer space with our own rocket

3

00:00:13,440 --> 00:00:19,880

satellites. Our guest is former Marine Air Corps Major Donald Keyhole who has the support

4

00:00:19,880 --> 00:00:25,480

of scores of prominent businessmen, military men and some scientists in this campaign to

5

00:00:25,480 --> 00:00:31,160

prove that flying saucers exist. If you're curious to know why Major Keyhole charges

6

00:00:31,160 --> 00:00:36,440

at the United States Air Force is deliberately deluding us when it called saucer stories

7

00:00:36,440 --> 00:00:41,840

the bunk, if you want to hear his own evidence the saucers are real and his reaction to the

8

00:00:41,840 --> 00:00:47,320

claim of two Americans who say they've spoken with men from Venus. We'll go after those

9

00:00:47,320 --> 00:00:52,480

stories in just a moment. My name is Mike Wallace. The cigarette is Parliament.

10

00:00:56,480 --> 00:01:03,800

The new high filtration filter Parliament presents

11

00:01:11,800 --> 00:01:19,400

the Mike Wallace interview. And now to our story. Major Donald Keyhole is the director of the

12

00:01:19,400 --> 00:01:26,400

National Investigations Committee on Aerial Phenomena as head of this private group interested

13

00:01:26,400 --> 00:01:31,680

in flying saucers. He's repeatedly attacked the United States Air Force and others for

14

00:01:31,680 --> 00:01:37,120

claiming that flying saucers are apparently flights of fancy and not flights by Martians

15

00:01:37,120 --> 00:01:44,200

or men from a moon. Independent surveys show that millions of Americans do share his belief

16

00:01:44,200 --> 00:01:49,920

in the celestial saucers. Major Keyhole first of all let me ask you this. Most people in

17

00:01:49,920 --> 00:01:54,280

the United States in spite of the fact that I say that millions do believe I think you

18

00:01:54,280 --> 00:01:59,320

will agree that most people in the United States don't believe in flying saucers from

19

00:01:59,320 --> 00:02:06,480

outer space. They probably hold the view of columnist Bob Considine who wrote that flying

20

00:02:06,480 --> 00:02:15,480

saucers are products of for the most part quote prankers half wits cranks publicity hounds

21

00:02:15,480 --> 00:02:21,920

fanatics in general and school balls in quote. How do you feel about Mr. Considine's charge.

22

00:02:21,920 --> 00:02:27,160

Well I know where he got the story. He got it from Colonel Watson out at the air technical

23

00:02:27,160 --> 00:02:31,640

tells and sent in Dayton. In fact the Colonel even a little farther and he said behind every

24

00:02:31,640 --> 00:02:36,760

sighting was an idiot a crackpot or religious fanatic that included a lot of high ranking

25

00:02:36,760 --> 00:02:42,280

Air Force pilots incidentally and many airline captains people who were qualified to see

26

00:02:42,280 --> 00:02:47,240

these things. He was just following on in Air Force policies. Well now you're not suggesting

27

00:02:47,240 --> 00:02:51,360

that Bob Considine is in the pay of the Air Force. He's an independent man with a considerable

28

00:02:51,360 --> 00:02:56,560

reputation. I mean the Colonel. No I have every respect for Bob Considine. In spite of the

29

00:02:56,560 --> 00:03:02,920

fact that he suggests that prankster pranksters half wits and screwballs are responsible for

30

00:03:02,920 --> 00:03:08,080

the stories about flying saucers. Well I wish I could show him at any time a list of about

31

00:03:08,080 --> 00:03:13,400

eight hundred witnesses some of the big names in aviation including up to the rank of Colonel

32

00:03:13,400 --> 00:03:18,000

in the Air Force. They're still flying and the still carrying passengers they never been

33

00:03:18,000 --> 00:03:23,560

grounded. They're still guiding airliners in the radar men are night after night in bad

34

00:03:23,560 --> 00:03:30,880

weather. If the screwballs and incompetence why are they still on the job. Major Kehoe where

35

00:03:30,880 --> 00:03:39,000

do you think flying saucers are coming from. I don't know. There is an indication that

36

00:03:39,000 --> 00:03:44,080

they could be using Mars as a base. I don't mean they originate there but every time Mars

37

00:03:44,080 --> 00:03:51,520

has approached us in the last 10 years there's been a noticeable increase in and so society.

38

00:03:51,560 --> 00:03:56,360

It's been mentioned officially in fact the Canadian official project on the basis of

39

00:03:56,360 --> 00:04:01,520

that set up an observation station in Canada. You say the Canadian official project. What

40

00:04:01,520 --> 00:04:05,840

do you mean by the official. There was an official project called Project Magnet. They

41

00:04:05,840 --> 00:04:11,920

set up an observatory at Shirley Bay to try to track these things. And what happened to

42

00:04:11,920 --> 00:04:16,200

the official project. You say there was a project. Yes they ran for about a year and

43

00:04:16,200 --> 00:04:21,000

they had one sighting on a gravimeter which indicated that something very large of you

44

00:04:21,040 --> 00:04:25,840

to flown over there. But they finally decided they were spending a little too much money

45

00:04:25,840 --> 00:04:29,840

on it I suppose. Well certainly they wouldn't have thought that they were spending too much

46

00:04:29,840 --> 00:04:36,000

money on it if they believed that that kind of phenomenon existed. A lot of people on

47

00:04:36,000 --> 00:04:40,880

the project are still working up there on their own time and certain government officials

48

00:04:40,880 --> 00:04:47,080

have still kept the lid on their reports in Canada just as they do down here. What is

49

00:04:47,120 --> 00:04:52,040

your theory. In other words you suggest that they come from Mars or from other planets from

50

00:04:53,840 --> 00:04:58,840

other solar systems possibly throughout the universe. Is that correct. Yes and there are

51

00:04:58,840 --> 00:05:02,840

a lot of scientists who said the same thing. What is your theory as to the kind of people

52

00:05:02,840 --> 00:05:09,280

who fly these are the kind of beings who fly these saucers. Well that's speculation. Will

53

00:05:09,280 --> 00:05:13,800

he lay said recently that he'd be just like the man next door the invaders from space

54

00:05:13,880 --> 00:05:19,880

and his reasons may be good. Most of the top scientists have said that the odds are that

55

00:05:19,880 --> 00:05:25,880

beings from other worlds would not be like us. Some of them would be. Dr. Harlow Shapley

56

00:05:25,880 --> 00:05:29,880

for instance said that there probably were at least 100 million inhabited planets in

57

00:05:29,880 --> 00:05:35,380

the universe and Menzel who doesn't believe in saucers at all says that he goes that high

58

00:05:35,380 --> 00:05:40,680

or even higher. And among those by they must be by the law of averages a certain number

59

00:05:40,760 --> 00:05:45,600

of planets that would be like the earth and if evolution started at the same time why you

60

00:05:45,600 --> 00:05:51,800

might have the same type of being. What do you think of the intentions of these people

61

00:05:51,800 --> 00:05:58,320

for lack of a better name of these people and who are in these flying saucers. Well there's

62

00:05:58,320 --> 00:06:04,920

been no evidence of any hostility during the last 10 years what we call the modern phase

63

00:06:04,920 --> 00:06:09,440

that been sightings before then. There have been some accidents there for us pilots chasing

64

00:06:09,480 --> 00:06:15,920

these things Captain Mantell was killed chasing one in 48 and the two powers disappeared chasing

65

00:06:15,920 --> 00:06:24,200

one in 53 over Lake Superior. But I think those were just accidents just accidents. Why don't

66

00:06:24,200 --> 00:06:31,280

they try to communicate with us. What's your theory about that. Well I'll follow some of

67

00:06:31,280 --> 00:06:36,640

the theories the Air Force people have said suggest they suggested to me back in 52 and

68

00:06:36,680 --> 00:06:42,760

53 at which time we were cooperating. We had a lot of very good friends in the Air Force

69

00:06:42,760 --> 00:06:47,240

that time the policy was to give out information they were about to tell the people everything

70

00:06:47,240 --> 00:06:54,720

they had. And the theory was then that perhaps these beings were so much different from us

71

00:06:54,720 --> 00:07:00,760

that communication would be a very hard thing. They might not for instance have speech sounds

72

00:07:00,760 --> 00:07:06,040

like ours. That's one answer. Another thing they might not be able to exist in our atmosphere

73

00:07:06,840 --> 00:07:12,360

we're going to land on the moon we'll have to wear spacesuits or else build air conditioned

74

00:07:12,360 --> 00:07:17,080

buildings up there air pressure. There could be lots of factors like that. Well do you think

75

00:07:17,080 --> 00:07:23,040

they're down here when we do see them to look at us. I think that's probably a long range

76

00:07:23,040 --> 00:07:29,560

survey. A long range survey. And yet no attempt as far as we know in any case of communication

77

00:07:29,560 --> 00:07:36,880

with us. There have been claims of communication but those most of those have been by individuals.

78

00:07:36,880 --> 00:07:43,040

The Air Force has not admitted that there's ever been one and I don't know our committee

79

00:07:43,040 --> 00:07:48,840

hasn't found any cases that we would accept as absolutely verified. All right now let's go

80

00:07:48,840 --> 00:07:55,120

at it from another point of view if I may the Air Force point of view. They agree undoddedly

81

00:07:55,120 --> 00:08:01,240

objects have been seen in the sky. But the Air Force has said time and time again. This

82

00:08:01,240 --> 00:08:05,800

is a quote from Richard Horner assistant secretary of the Air Force for research and development.

83

00:08:05,800 --> 00:08:14,600

All but a small percentage of these reports of unidentified flying objects have been definitely

84

00:08:14,600 --> 00:08:21,720

attributed to natural phenomena that are neither mysterious nor dire. End quote weather balloons

85

00:08:21,800 --> 00:08:30,200

mirages ordinary sky phenomena like meteor is airplanes themselves. What about that. I'll

86

00:08:30,200 --> 00:08:35,600

answer that but I'd like to make several points doing it in 1947 the Air Technical Intelligence

87

00:08:35,600 --> 00:08:41,560

Center at Dayton the top Air Force intelligence men and scientists under contract sent a secret

88

00:08:41,560 --> 00:08:45,160

document to the commanding general the Air Force saying that whatever these things were

89

00:08:45,160 --> 00:08:53,680

they were real. 1948 A. T. I. C. the same group sent a top secret estimate to the commanding

90

00:08:53,680 --> 00:09:00,240

general point van den Berg said these were interplanetary spaceships. In 1952 there was

91

00:09:00,240 --> 00:09:07,320

an intelligence analysis of the maneuvers of these things as seen by radar triangulation radar

92

00:09:07,360 --> 00:09:15,200

photo photographs and in 53 the Central Intelligence Agency and the Air Force had a special panel

93

00:09:15,200 --> 00:09:20,840

of scientists meet at the Pentagon to tell them what to do. And after they got through this group

94

00:09:20,840 --> 00:09:26,720

said you don't have proof that these things exist not scientific proof but you have a very strong

95

00:09:26,720 --> 00:09:32,240

circumstantial case. We suggest your quadruple investigation set up special observation posts

96

00:09:32,240 --> 00:09:37,280

in the meantime release everything you've got the American people. Now you've got four documents

97

00:09:37,360 --> 00:09:43,120

there that they've been sitting on all this time. Now that and they have been spending a lot of money

98

00:09:43,120 --> 00:09:50,520

investigating flying so if they don't exist why the money. Why did the intelligence teams rush out

99

00:09:50,520 --> 00:09:57,320

every time there's a sighting. Now then you have mentioned four documents that you claim exist.

100

00:09:57,320 --> 00:10:04,000

We've heard in the past that you have claimed that these documents existed. We've seen your

101

00:10:04,040 --> 00:10:08,680

literature in which you talk about the existence of those documents. So we spoke with the Air

102

00:10:08,680 --> 00:10:13,280

Technical Intelligence Center at the Pentagon earlier this week and this is what we were told

103

00:10:13,280 --> 00:10:20,680

officially by them. Three of the four documents Major Kehoe refers to simply do not exist. The fourth

104

00:10:20,680 --> 00:10:26,800

document does exist. You can have a copy of it Mr. Wallace and you can see that it doesn't say what

105

00:10:26,800 --> 00:10:37,000

Major Kehoe claims it says. We have a copy of it and I quote to you from the copy. The Air Force

106

00:10:37,000 --> 00:10:43,680

document says just this. The panel recommends that the National Security agencies take immediate

107

00:10:43,680 --> 00:10:50,960

steps to strip the UFOs of the special status they have been given and the aura of mystery they

108

00:10:50,960 --> 00:10:57,200

have unfortunately acquired. We suggest an integrated program designed to reassure the public

109

00:10:57,200 --> 00:11:05,440

of the total lack of evidence of inimical forces behind the phenomena. And again as I point out

110

00:11:05,440 --> 00:11:13,080

Secretary Horner says it simply ain't so. Now why the point the point really at issue here would

111

00:11:13,200 --> 00:11:20,520

seem Major Kehoe is this. Why do you believe that the Air Force says that nothing is going on.

112

00:11:20,520 --> 00:11:28,160

Why do you believe that the it's a fairly serious charge. You make the charge that the United

113

00:11:28,160 --> 00:11:34,800

States government is withholding from the people of the United States certain very important

114

00:11:34,800 --> 00:11:39,720

information. Why what would their motive be for withholding that kind of information from us.

115

00:11:40,280 --> 00:11:44,480

Well I'll answer that but I would also like to show you some proof that they are withholding it.

116

00:11:44,480 --> 00:11:52,200

The reason that was given to me when they were working with me back in 52 and 53 was first that

117

00:11:52,200 --> 00:11:57,320

they were afraid of hysteria. Remember the Orson Well show back way years back when he scared

118

00:11:57,320 --> 00:12:03,960

people in the hills with the idea of invading Martians. Then they were also afraid that it

119

00:12:03,960 --> 00:12:10,640

would upset organized religion. That was a smaller factor but there was some fear of it. Later

120

00:12:10,640 --> 00:12:14,400

they were afraid that these accidents when the interceptors had chased these things and had

121

00:12:14,400 --> 00:12:21,400

been lost or had crashed might be considered a proof of hostility. Now I would never have put my

122

00:12:21,400 --> 00:12:27,800

name on anything if it were a matter of personal opinion. I've talked to and read the reports of

123

00:12:27,800 --> 00:12:32,720

hundreds of pilots and radar men and guided missile trackers who've seen these things and some of them

124

00:12:32,760 --> 00:12:41,360

are very important names. The Air Force says they have this down to 1.9 percent but you'll notice

125

00:12:41,360 --> 00:12:46,520

the word current in there. They mean we are currently explaining. I have in my position a

126

00:12:46,520 --> 00:12:52,280

copy of special report 14 which is their Bible on this. In the back it has a table showing that

127

00:12:52,280 --> 00:12:59,800

3201 cases they examined 19 and a half percent were unsolved and they admit they still are

128

00:12:59,840 --> 00:13:05,320

unsolved. You add up what they've had since then it makes over 12 percent of the reports and those

129

00:13:05,320 --> 00:13:11,680

are mostly from the best possible sources. Wait just a second I'll use your figures. The Department

130

00:13:11,680 --> 00:13:17,520

of Defense released an official bulletin on November 5th 1957 saying that from June of 55 to

131

00:13:17,520 --> 00:13:25,080

June of 57 a two year period just a fraction over 2 percent of all investigated unidentified

132

00:13:25,160 --> 00:13:30,480

flying objects had to be listed as unknown 2 percent so that's your 1.9. What was the period again?

133

00:13:30,480 --> 00:13:37,400

55 to 57. The rest would determine there have been balloons, airplanes, hoaxes and a category

134

00:13:37,400 --> 00:13:42,920

about 12 percent called insufficient information which means that the report was so flimsy that

135

00:13:42,920 --> 00:13:49,280

there was simply nothing to check on. I must confess that they have they've certainly shown me no

136

00:13:49,280 --> 00:13:54,040

classified material but they have opened their files quite willingly to us in our preparation

137

00:13:54,080 --> 00:13:59,440

for this program tonight and they've given us very convincing evidence Major Keyhole that it is

138

00:13:59,440 --> 00:14:08,280

largely I shouldn't say largely I'll say 99 and 44 100 percent a hoax. Now you mentioned a hoax

139

00:14:08,280 --> 00:14:17,320

well I call it a good pilot's hoax. No no no not hoaxes. I thank you for correcting me not

140

00:14:17,320 --> 00:14:23,840

just a hoax but let's say misinformation or sightings of objects which seem to be one thing

141

00:14:23,840 --> 00:14:29,520

but are in fact another. I'm glad that you corrected me about the hoax because it doesn't by

142

00:14:29,520 --> 00:14:35,680

no means that much a hoax but you mentioned a Dr. Donald Menzel who's a professor of astrophysics

143

00:14:35,680 --> 00:14:41,360

at Harvard before. I think you will agree that he's one of the world's most distinguished astrophysicists

144

00:14:41,360 --> 00:14:48,120

is that not so? I think there are others who are equally capable but he's not agree with him. He is

145

00:14:49,080 --> 00:14:54,520

one of the world's most distinguished astrophysicists though I think we can agree on that in any case.

146

00:14:54,520 --> 00:15:02,400

He stresses you see that pilots are not expert observers that they as well as others can see

147

00:15:02,400 --> 00:15:07,760

flying saucers when it's only to quote him the wrapper of somebody's lunch blowing around in the

148

00:15:07,760 --> 00:15:15,440

air and quote but again let's come back to the point the most important point Major Keyhole and

149

00:15:15,560 --> 00:15:21,800

that is why why will the Air Force why will the United States government withhold information

150

00:15:21,800 --> 00:15:26,560

from United States citizens for what reason? Because they're treating them like children the way

151

00:15:26,560 --> 00:15:30,320

they did with the H-Bomber first and the way they were doing with they've been doing with other

152

00:15:30,320 --> 00:15:36,480

things now I'm not attacking the United States Air Force I'm attacking a small group in there that

153

00:15:36,480 --> 00:15:42,600

has been persistently keeping this from the from the public just as they've kept other things for a

154

00:15:42,600 --> 00:15:46,680

long time you couldn't even mention the idea that we could be hit by missiles from submarines

155

00:15:46,680 --> 00:15:52,520

from the Gulf and from both coasts very easily I knew that years and years ago and tried to get

156

00:15:52,520 --> 00:15:57,960

it out and at the time was discouraged about it now I'm you mentioned these did this denial of

157

00:15:57,960 --> 00:16:02,480

these documents now I'd like to tell you something that happened on the Armstrong Circle Theater

158

00:16:02,480 --> 00:16:10,480

I had requested that those points be in the script and I was discouraged from it at first by their

159

00:16:10,520 --> 00:16:16,480

writer then later some of our board of governors insisted that we have those points included so

160

00:16:16,480 --> 00:16:21,880

I said either I don't go on or we have those in there I said all right so the script was completely

161

00:16:21,880 --> 00:16:27,920

rewritten now those were in the script as it was first rehearsed but when the second rehearsal

162

00:16:27,920 --> 00:16:33,880

came along and the Air Force saw the Mimograph sheet the Air Force representative according to

163

00:16:33,880 --> 00:16:40,440

the Armstrong writer said they would immediately deny it on the air even though it meant denounce

164

00:16:40,440 --> 00:16:47,640

their own former project chief now the source for this is Captain Edward Rupelle who was the

165

00:16:47,640 --> 00:16:52,200

head of project blue book for two years and at that time he was considered good enough that he

166

00:16:52,200 --> 00:16:58,520

briefed President Truman on these things he was the top man rank didn't mean anything it's your

167

00:16:58,520 --> 00:17:04,800

experience accounted all right he says these things existed he put it in the book which was

168

00:17:04,840 --> 00:17:10,760

cleared by security and review in the Air Force on December 5th 1955 that was cleared it's in

169

00:17:10,760 --> 00:17:16,280

his book he's never been hauled in the court martial now I have here and if you allow your

170

00:17:16,280 --> 00:17:24,600

camera to come in on it this is a sheet from the script to the Armstrong Theater which was deleted

171

00:17:24,600 --> 00:17:33,280

this was crossed off and I was told that I couldn't say it on the air now that was censorship by

172

00:17:33,320 --> 00:17:40,240

intimidation this can be matched up with the other sheets from the Armstrong circle script and any

173

00:17:40,240 --> 00:17:44,680

typewriter expert will show you well I'm certain that I'm certain they ordered it taken out I'm

174

00:17:44,680 --> 00:17:48,840

certain that people believe you the only thing is that the next morning I distinctly remember reading

175

00:17:48,840 --> 00:17:53,800

a report by you major keo to the effect that no censorship no pressure of any kind that

176

00:17:53,800 --> 00:18:00,960

can put on you I'm sorry Mr. Austin that I know that statement almost by heart yes I said that CBS

177

00:18:01,040 --> 00:18:06,320

and the Armstrong people were not to blame for cutting me off the air when I tried to mention

178

00:18:06,320 --> 00:18:11,920

the fact that a Senate committee was working on the secrecy angle I never mentioned this that night

179

00:18:11,920 --> 00:18:17,000

to anyone because I had promised that I wouldn't say anything about it on the air that the
Armstrong

180

00:18:17,000 --> 00:18:25,640

people it was taken out and I will do this I will ask United States Air Force to have the Marine

181

00:18:25,640 --> 00:18:33,360

Corps put me on active duty for court martial if that is not the case major keo I understand you

182

00:18:33,360 --> 00:18:39,120

have three new reports on file which in your opinion you have them currently on file their new

183

00:18:39,120 --> 00:18:44,680

reports these in your opinion would convince every person in this country that flying saucers are a

184

00:18:44,680 --> 00:18:51,840

fact is that correct they should convince a lot of people because of the names involved tell us

185

00:18:52,040 --> 00:18:57,600

I told your interviewer in Washington that I couldn't mention the names because they were too

186

00:18:57,600 --> 00:19:02,040

high one of them is a top scientist in this country whose name would be known to everybody

187

00:19:02,040 --> 00:19:08,040

why wouldn't he want his because he's afraid of the official ridicule he's afraid of official

188

00:19:08,040 --> 00:19:14,320

ridicule that's right more afraid of official ridicule than a possibly alerting the country to a

189

00:19:14,320 --> 00:19:19,560

serious national day so many people give us reports and they say please keep my name confidential I

190

00:19:19,600 --> 00:19:27,920

give you one report which came to us the name has to be left out in 1951 a UFO circled the

191

00:19:27,920 --> 00:19:35,160

fleet in Korean waters it circled at high speed and they launched several planes to try to get a

192

00:19:35,160 --> 00:19:39,840

close in on it they got a radar lock on that is the radar was guiding the planes toward the object

193

00:19:39,840 --> 00:19:47,600

this was picked up by radars on 14 naval vessels this object circled about oh for a half an hour

194

00:19:47,640 --> 00:19:53,680

more and then it took off at a speed way over in excess of a thousand miles an hour this report

195

00:19:53,680 --> 00:19:58,520

was certified and nine members of our board of governors saw it signed it and agreed that they

196

00:19:58,520 --> 00:20:05,040

had seen it and agreed to the contents yeah there is another report that just came in from four

197

00:20:05,040 --> 00:20:12,080

top missile designers or engineers at one of the big plants in this country they saw an elliptically

198

00:20:12,200 --> 00:20:19,560

shaped object in two small round disc shaped objects flying with it over California November 11th

199

00:20:19,560 --> 00:20:27,160

1957 at a speed of at least 5,000 miles an hour these men are well qualified to know what they see

200

00:20:27,160 --> 00:20:32,480

with broad daylight not a cloud in the sky there have been cases even where the Air Force has

201

00:20:32,480 --> 00:20:38,520

shot at these things now if there's nothing there and they don't exist why do they shoot at them

202

00:20:39,400 --> 00:20:46,120

you mentioned Mr. Horner the day after Mr. Horner said that the Air Force was not concealing anything

203

00:20:46,120 --> 00:20:53,360

and Captain Gregory Oldenburg a public information officer at Langley Field refused to let an ad be

204

00:20:53,360 --> 00:20:59,280

inserted in the Langley base flyer their newspaper which asked if anybody interested in UFOs please

205

00:20:59,280 --> 00:21:04,560

communicate and form a little group he said I must refuse to do this because it's the dissemination

206

00:21:04,600 --> 00:21:11,880

of information on UFOs is contrary to Air Force policy and Air Force regulation 200 dash 2 and I

207

00:21:11,880 --> 00:21:16,320

have a copy of it here in case you want to see it well major key ho I must say that the Air Force

208

00:21:16,320 --> 00:21:23,600

tells us they don't question your motives but they do question the accuracy of a good deal of your

209

00:21:23,600 --> 00:21:32,520

information and for that reason they say you have been and were they to in a sense throw open an

210

00:21:33,200 --> 00:21:40,280

invitation to all people who cite UFOs to get in touch with them once again they'd get all kinds of

211

00:21:40,280 --> 00:21:46,120

cranks hoaxers and so forth and you see they run down every one of these sightings and it has cost

212

00:21:46,120 --> 00:21:53,360

them a tremendous amount of money to no avail over the past few years that's what they told you that

213

00:21:53,360 --> 00:22:01,320

is what they told me now sir in a moment I'd like to ask you this in the past few years millions of

214

00:22:01,320 --> 00:22:06,000

flying saucer enthusiasts have become excited about the stories of two men George Adamsky and

215

00:22:06,000 --> 00:22:11,640

Howard Menger both of them claim to have seen flying saucers manger claims to have been given a

216

00:22:11,640 --> 00:22:17,480

ride in one by some creatures from Venus Adamsky says he's chatted with a man from Venus in the

217

00:22:17,480 --> 00:22:25,000

California desert I'd like to get your reaction to those stories and we'll get major key hose

218

00:22:25,000 --> 00:22:30,800

reaction in just 60 seconds all right major about George Adamsky and Howard Menger both men

219

00:22:30,800 --> 00:22:36,160

claim to have talked with men from Venus manger claims that he's even taken a ride on applying

220

00:22:36,160 --> 00:22:43,440

saucer do you believe them no you think they are hoaxers we do not accept any reports of these

221

00:22:43,440 --> 00:22:48,240

so-called contactees without more evidence we've asked them to submit their claims and take a lie

222

00:22:48,240 --> 00:22:53,680

detector test we don't throw them out we simply say we'll give you a fair chance I think that's

223

00:22:53,680 --> 00:22:59,600

the least important part of the picture the most important part is the weight of evidence from

224

00:22:59,600 --> 00:23:04,960

hundreds of competent people I'd like to name a few captain Richard case American Airlines kept the

225

00:23:04,960 --> 00:23:12,080

CS Childs Eastern Airlines captain T. Kravitz TWA Robert Addictus TWA Colonel Donald J. Blake's

226

00:23:12,080 --> 00:23:17,280

the US Air Force a wing commander I could get down the list of people who know what they're doing

227

00:23:17,280 --> 00:23:22,800

and they're still on duty they're still flying major keyhole what would you like to see done about

228

00:23:22,800 --> 00:23:27,680

flying saucers that is not currently being done what steps would you like to see take I think

229

00:23:27,760 --> 00:23:33,440

the American people should write to their congressman and insist that open hearings be held by the

230

00:23:33,440 --> 00:23:37,360

senate committee on permanent on the permanent committee on government operations which has

231

00:23:37,360 --> 00:23:42,240

been linking into this for six months an Air Force spokesman told us this last week he said members

232

00:23:42,240 --> 00:23:47,680

of the senate of the senate subcommittee have talked with us already and they have shown no

233

00:23:47,680 --> 00:23:53,200

interest in conducting any hearings on this issue I talked with the chief investigator within the

234

00:23:53,200 --> 00:23:59,680

last two weeks I gave him a lot of information and I gave him data on one case where an airliner

235

00:23:59,680 --> 00:24:04,080

was sent to chase one of these things and they and the passengers kept an ignorance of it at that

236

00:24:04,080 --> 00:24:09,520

time that involves two government agencies beside the Air Force which is refused to release the

237

00:24:09,520 --> 00:24:15,680

report and I'll say this if you were to get if they if the committee were to get Ruppelt major

238

00:24:15,680 --> 00:24:21,040

for now several colonels around that time major general garland who was on the project there

239

00:24:21,040 --> 00:24:26,400

would be a big revelation because the Air Force is simply treating the American people like children

240

00:24:26,400 --> 00:24:32,800

they don't trust him with the facts you know here's an interesting I think an interesting question

241

00:24:32,800 --> 00:24:37,760

major the United States and Russia have started sending satellites into the sky and we may be

242

00:24:37,760 --> 00:24:43,920

hitting the moon with a rocket soon possibly mars you believe that creatures from outer space have

243

00:24:43,920 --> 00:24:50,960

space stations on mars what's going to happen when we start firing rockets at the moon or at mars

244

00:24:51,040 --> 00:24:56,800

that question's already been brought up we expect to have a base on the moon within the next five

245

00:24:56,800 --> 00:25:02,400

years it's possible that there is a base on there I don't say there was any proof of it is it possible

246

00:25:02,400 --> 00:25:06,960

we're going to start an interplanetary war when we start sending our rockets to the moon and tomorrow

247

00:25:07,520 --> 00:25:13,440

in 1955 general Douglas MacArthur said the next war would be an interplanetary war and we'd have to

248

00:25:13,600 --> 00:25:19,440

unite against people from other planets one last question major keyhole have you

249

00:25:20,560 --> 00:25:27,280

ever seen a flying saucer I've seen them tracked on radar but I take the word of about 800 of the

250

00:25:27,280 --> 00:25:32,880

best witnesses in this country and abroad but you yourself have never seen a flying saucer I've just

251

00:25:32,880 --> 00:25:39,600

been a reporter and a careful one thank you very much major Donald Keyhole as you've just heard

252

00:25:39,600 --> 00:25:45,440

the flying saucer controversy is deadlocked in contradictory statements and interpretation of

253

00:25:45,440 --> 00:25:53,280

facts as for major Donald Keyhole himself like most of us he's never seen a flying saucer which may

254

00:25:53,280 --> 00:26:01,040

just make him like a mystic who's never seen a ghost but one must give him credit he has much faith

255

00:26:39,600 --> 00:26:40,100

you
