

1

00:00:00,000 --> 00:00:07,000

I wonder if you could tell some of our listeners about what the gentleman said around the table

2

00:00:07,000 --> 00:00:11,000

here is in detail about what the nightcap is.

3

00:00:11,000 --> 00:00:17,000

The nightcap is a non-profit private organization which is designed to price and evaluate most

4

00:00:17,000 --> 00:00:22,000

of the values of public intervention on non-identified foreign politics and foreign studies.

5

00:00:22,000 --> 00:00:30,000

It's a membership in 37 states, 14 foreign countries, and I would say it includes some of the things

6

00:00:30,000 --> 00:00:36,000

that we've seen so far, like Admin, I tell him, he used to be a CEO, such as the company,

7

00:00:36,000 --> 00:00:42,000

he had no money, he had no money for many times, but the point is he used to be the number one

8

00:00:42,000 --> 00:00:47,000

investigator in the process, or someone from Iran, and then he knew that he was trying to

9

00:00:47,000 --> 00:00:53,000

find a way to get into the business, so it's kind of an experience in which we evaluate

10

00:00:53,000 --> 00:00:58,000

studies of other developers, and when we try to cover these publicates, we might be able to

11

00:00:58,000 --> 00:01:03,000

build them, and our aim is to try to get the subjects out and open, and we get kind of

12

00:01:03,000 --> 00:01:07,000

to help open buildings that are always to the level of difficulty.

13

00:01:07,000 --> 00:01:12,000

You will certainly know if you want the subject to be brought to an open.

14

00:01:12,000 --> 00:01:15,000

What do you think should be brought out there?

15

00:01:15,000 --> 00:01:20,000

Is there something that we don't know is significant in the very good deal?

16

00:01:20,000 --> 00:01:26,000

So in both states, college, and all universities, and that's all that's going on in universities,

17

00:01:26,000 --> 00:01:31,000

are never through basic rules in regards to studies, so it's a tough and denial,

18

00:01:31,000 --> 00:01:37,000

but I have been telling me here, it's not just official, all of this is done in 146.

19

00:01:37,000 --> 00:01:43,000

I'm going to start back a little bit, and AFR 200 is the most worth order, which says

20

00:01:43,000 --> 00:01:47,000

it's no longer an except and unexplained study.

21

00:01:47,000 --> 00:01:49,000

So what do we listen to the press?

22

00:01:49,000 --> 00:01:51,000

People are all right, of course.

23

00:01:51,000 --> 00:01:53,000

What is the opinion about this?

24

00:01:53,000 --> 00:01:56,000

What is the reason that's done?

25

00:01:56,000 --> 00:01:58,000

What kind of silence they see?

26

00:01:58,000 --> 00:02:03,000

Well, for a long time, we thought it was going to be an extraordinary study, while behind

27

00:02:03,000 --> 00:02:07,000

this, and they're very seriously investigating, and trying to get all answers.

28

00:02:07,000 --> 00:02:12,000

And also trying to find the secret of the question, so we can get the truth.

29

00:02:12,000 --> 00:02:17,000

I agree in the last phase that they're lying to the American military on purpose,

30

00:02:17,000 --> 00:02:19,000

and they're lying to themselves.

31

00:02:19,000 --> 00:02:25,000

And then you suggest this case to the secret public, to the American people like children,

32

00:02:25,000 --> 00:02:29,000

and they're going to go on to talk about the age problem, and everybody will say,

33

00:02:29,000 --> 00:02:32,000

this is something that's missing in the media, Bob.

34

00:02:32,000 --> 00:02:35,000

I wouldn't go this way, but it seems to be going on as a mess.

35

00:02:35,000 --> 00:02:39,000

Don't go that way, Tom, or Mr. Sincere in the same category.

36

00:02:39,000 --> 00:02:44,000

Right now, 36% of the country could be wiped out by Mr. Sincere.

37

00:02:44,000 --> 00:02:47,000

All right, we pushed it for a long time.

38

00:02:47,000 --> 00:02:51,000

You think that the Sincere is in danger, so I'm going to pass the bill,

39

00:02:51,000 --> 00:02:54,000

and it's passed by people who knew it.

40

00:02:54,000 --> 00:02:56,000

I'm not a quirk.

41

00:02:56,000 --> 00:03:02,000

I'm not a quirk because the modern state, by 10 years in the real world,

42

00:03:02,000 --> 00:03:06,000

two of those are plenty of times that they're wanted to attack it.

43

00:03:06,000 --> 00:03:10,000

That's a very, very long-witted wound preparation.

44

00:03:10,000 --> 00:03:15,000

I think they have a few accidents with some people who knew it in the fiscal period.

45

00:03:15,000 --> 00:03:21,000

But I think we're nearly on the observation, and it's taken a long time

46

00:03:21,000 --> 00:03:26,000

because we're probably having difficulties understanding what the asylum is to do.

47

00:03:26,000 --> 00:03:31,000

We're not only going to communicate, but what climate and new things are being said.

48

00:03:31,000 --> 00:03:34,000

You're not going to be telling me something.

49

00:03:34,000 --> 00:03:36,000

I love you, Mr. Farmer, sir.

50

00:03:36,000 --> 00:03:38,000

I love you, Mr. Farmer.

51

00:03:38,000 --> 00:03:40,000

I love you, Mr. Farmer, because even now you're part of the Winscourt,

52

00:03:40,000 --> 00:03:43,000

the kind of living book I love most,

53

00:03:43,000 --> 00:03:48,000

because a lot of people don't know what you are doing, but we're not becoming honest with you.

54

00:03:48,000 --> 00:03:51,000

And it helps to make the public a little more serious.

55

00:03:51,000 --> 00:03:55,000

It's a very silly word, a very important thought.

56

00:03:55,000 --> 00:03:59,000

You can say it's a question of something. You can call it this, it's a little drug.

57

00:03:59,000 --> 00:04:01,000

Well, I don't know if I like it.

58

00:04:01,000 --> 00:04:07,000

But people are also fucking good method in finding something suitable for that moment.

59

00:04:07,000 --> 00:04:09,000

Well, that's called me a good one.

60

00:04:09,000 --> 00:04:13,000

But first, let's take a little business.

61

00:04:13,000 --> 00:04:16,000

I mean, I thought you'd like to get in at about this time.

62

00:04:16,000 --> 00:04:18,000

I know that you've worked for a long while.

63

00:04:18,000 --> 00:04:21,000

I had an opportunity to work with you here.

64

00:04:21,000 --> 00:04:23,000

We've had a colleague at Nome here.

65

00:04:23,000 --> 00:04:25,000

So we'd be very happy to see you in a few minutes.

66

00:04:25,000 --> 00:04:29,000

All right, I understand that there's a call that's coming from the Winscourt.

67

00:04:29,000 --> 00:04:36,000

And we hope that it may be something that we will be able to see our listeners.

68

00:04:36,000 --> 00:04:41,000

Because we have something that we hope that we may have.

69

00:04:41,000 --> 00:04:45,000

I think it will be a good experience to all of them soon.

70

00:04:45,000 --> 00:04:47,000

Maybe too hard.

71

00:04:47,000 --> 00:04:52,000

Just as we were talking about when you were a long distance car.

72

00:04:52,000 --> 00:04:57,000

I was just wondering, is that a personal car or was it something that made me a business to all of you?

73

00:04:57,000 --> 00:05:02,000

I think it was almost anyone who really couldn't find a place to sit.

74

00:05:02,000 --> 00:05:07,000

This came from Captain Joe Hall of Capital Airlines.

75

00:05:07,000 --> 00:05:09,000

Captain Hall is a veteran.

76

00:05:09,000 --> 00:05:12,000

He's been driving for 16 years.

77

00:05:12,000 --> 00:05:17,000

Sixteen thousand hours most of them at the conclusion they're on it.

78

00:05:17,000 --> 00:05:25,000

Now this is not a personal driving of yours, but it's one from a tenant in the United States,

79

00:05:25,000 --> 00:05:29,000

and we've checked on it and that's it for many reasons.

80

00:05:29,000 --> 00:05:36,000

It's about a Captain Hall himself at a starting location for the San Mexico, a very strange one.

81

00:05:36,000 --> 00:05:39,000

So you find New York to New York.

82

00:05:39,000 --> 00:05:47,000

And this place is also a place where you find New York and this local palace.

83

00:05:47,000 --> 00:05:50,000

And the place where he's living, although I haven't come on here,

84

00:05:50,000 --> 00:05:55,000

because you have to be a customer of the place and you have to be a customer of the place.

85

00:05:55,000 --> 00:05:57,000

So the place is just starting.

86

00:05:57,000 --> 00:06:01,000

On the Sunday of August 1955, he and another lady palace,

87

00:06:01,000 --> 00:06:06,000

and Brian's family, Jeff and Bill, and other ladies, and Jeff and Bill's brother.

88

00:06:06,000 --> 00:06:09,000

And Brian could go to Jeff and a passenger.

89

00:06:09,000 --> 00:06:13,000

It's a clear night and they're never seen them in the sky.

90

00:06:13,000 --> 00:06:17,000

Suddenly they're receiving urgent messages from the tower.

91

00:06:17,000 --> 00:06:22,000

They go up the flight directly out of the way to the ocean, and they'll be back through that old palace.

92

00:06:22,000 --> 00:06:23,000

And they put in court.

93

00:06:23,000 --> 00:06:28,000

They flew several miles on this boat and they suddenly descended in front of him.

94

00:06:28,000 --> 00:06:34,000

And after that, there was an orange red boat, which was going to go inside the courtyard,

95

00:06:34,000 --> 00:06:37,000

and they're going to look at it in a very nice suit.

96

00:06:37,000 --> 00:06:41,000

Now each one of these could be checked with a couple of radars,

97

00:06:41,000 --> 00:06:45,000

and they put just this famous New Yorker, that I've never checked in,

98

00:06:45,000 --> 00:06:47,000

but they couldn't get a lock on.

99

00:06:47,000 --> 00:06:51,000

And the radar would not lock on going down depending on the automatic side,

100

00:06:51,000 --> 00:06:55,000

because this time they've got a curtain with things that they could use.

101

00:06:55,000 --> 00:07:01,000

And they're going to explore it, because a number of things are also going to come up to a very high altitude.

102

00:07:01,000 --> 00:07:06,000

In fact, the altitude there was a chase there from 6,000 to 30,000 feet.

103

00:07:06,000 --> 00:07:13,000

And the speed there from about a small to this big, a regular, might be the gear up to a very high summit.

104

00:07:13,000 --> 00:07:17,000

That's roughly over 700 miles an hour, and we'll see whether.

105

00:07:17,000 --> 00:07:22,000

But during this chase, they were constantly receiving reports from the tower.

106

00:07:22,000 --> 00:07:28,000

And by that time the tower was filled with high altitude, and just a little air station.

107

00:07:28,000 --> 00:07:34,000

And they were being tracked by a radar at Ressonville, which shows the blitz of the two jets,

108

00:07:34,000 --> 00:07:37,000

and the New Yorker, all of them were down the middle of them.

109

00:07:37,000 --> 00:07:42,000

They were also getting the test software and pulse, and people all over the area,

110

00:07:42,000 --> 00:07:46,000

so they had this blitz of any kind from over 100 grand witnesses.

111

00:07:46,000 --> 00:07:50,000

Now this particular target was just by heart.

112

00:07:50,000 --> 00:07:53,000

We found out that there was another pilot involved.

113

00:07:53,000 --> 00:07:58,000

Because there was no doubt in this mine that this was an authentic scouring,

114

00:07:58,000 --> 00:08:01,000

and with the pilot scouring, the days were absolutely ridiculous,

115

00:08:01,000 --> 00:08:07,000

because they were very low and high speeds, and this thing was just making monkey's eye a-ha.

116

00:08:07,000 --> 00:08:10,000

But no mass could fit.

117

00:08:10,000 --> 00:08:14,000

No mass was dramatic, and some of the planning could have been published.

118

00:08:14,000 --> 00:08:18,000

But if you stop it first, the men involved were very lowly charged,

119

00:08:18,000 --> 00:08:22,000

and when I'm investigating, what are some better online tests,

120

00:08:22,000 --> 00:08:24,000

I think it's certainly going to be important.

121

00:08:24,000 --> 00:08:26,000

This is the limit to what we can do.

122

00:08:26,000 --> 00:08:29,000

Maybe if you had a little bit of some of the questions you asked,

123

00:08:29,000 --> 00:08:34,000

and I know that I have dozens of them, and I think an odd, honest child could give you a little chance,

124

00:08:34,000 --> 00:08:36,000

but a couple of minutes anyway.

125

00:08:36,000 --> 00:08:41,000

One of the questions that's interesting to me, maybe, is I'm losing a mention several times

126

00:08:41,000 --> 00:08:46,000

that there is, to your mind, at least the mind of my camp,

127

00:08:46,000 --> 00:08:55,000

a good possibility that we are using that tomorrow as a base of operation for unburdened earth.

128

00:08:55,000 --> 00:09:00,000

It was both different, and I think before this, one of the things which led you to believe

129

00:09:00,000 --> 00:09:06,000

was that the incidence of fighting had increased every time Mars was near bottom

130

00:09:06,000 --> 00:09:10,000

over the past ten years, that's right.

131

00:09:10,000 --> 00:09:16,000

The thing that makes me curious about this is if and being seen on Earth,

132

00:09:16,000 --> 00:09:21,000

and if planet Earth, and if it's put some ship, which, but it must be people,

133

00:09:21,000 --> 00:09:25,000

put it in science degree, and things and so forth,

134

00:09:25,000 --> 00:09:31,000

one in which they even bother with a little thing like the existence of cross-pattern.

135

00:09:31,000 --> 00:09:36,000

I want to really get close to the question, and don't know if I might have understood

136

00:09:36,000 --> 00:09:38,000

or I would be able to talk some methods,

137

00:09:38,000 --> 00:09:42,000

and see the speculation that we're going to show in the next series.

138

00:09:42,000 --> 00:09:48,000

The first time that the Galician's made a decision to put in the course of the second time,

139

00:09:48,000 --> 00:09:55,000

was in the middle of the year in 1662, that's when the Canadian government

140

00:09:55,000 --> 00:09:58,000

progress decided that time that they would make it official,

141

00:09:58,000 --> 00:10:00,000

that they were going to make it official, be it until last.

142

00:10:00,000 --> 00:10:08,000

But there are these things that to say, but one being that there are large units,

143

00:10:08,000 --> 00:10:13,000

which in particular, each of them are the surface of Mars,

144

00:10:13,000 --> 00:10:20,000

and just small, which is very rare area operating on the Earth,

145

00:10:20,000 --> 00:10:23,000

and not even operating in the Moon.

146

00:10:23,000 --> 00:10:28,000

I don't know how to explain this speculation, but it is very recommendable,

147

00:10:28,000 --> 00:10:33,000

and I would say that I would be able to explain the opposition of Mars on last,

148

00:10:33,000 --> 00:10:36,000

and it will be typically much more possible.

149

00:10:36,000 --> 00:10:41,000

I'm going to share these things, but the specials that you are all absolutely believe,

150

00:10:41,000 --> 00:10:47,000

let's get that I, you folks arriving here in this planet,

151

00:10:47,000 --> 00:10:51,000

at least hovering over this planet, but becoming here from other planets in Mars,

152

00:10:51,000 --> 00:10:55,000

we're going to say how many, if you're going to be the entire Earth,

153

00:10:55,000 --> 00:10:59,000

I don't think we need to shoot you on record to tell us what's going on.

154

00:10:59,000 --> 00:11:00,000

It's very good.

155

00:11:00,000 --> 00:11:03,000

There is a possibility that we can make it official,

156

00:11:03,000 --> 00:11:06,000

and I know that the time when I was working with it,

157

00:11:06,000 --> 00:11:09,000

was the 1st of December, 2015,

158

00:11:09,000 --> 00:11:12,000

there was a road that the public would believe that,

159

00:11:12,000 --> 00:11:15,000

not only the people, but the public should know about it.

160

00:11:15,000 --> 00:11:19,000

And we're also in document, so I'm not sure if it's the children's office,

161

00:11:19,000 --> 00:11:22,000

but it's the same thing that brings the Mars,

162

00:11:22,000 --> 00:11:26,000

and it's the most important one, which the 1948 top secret post of it.

163

00:11:26,000 --> 00:11:32,000

It's the Earth, so the first time the Mars came out in the night,

164

00:11:32,000 --> 00:11:35,000

in the night, because we were on the spot with our thoughts,

165

00:11:35,000 --> 00:11:38,000

we got on the microwave that night,

166

00:11:38,000 --> 00:11:40,000

that was when the Mars was made.

167

00:11:40,000 --> 00:11:43,000

So the denier was made, it was given to the microwave,

168

00:11:43,000 --> 00:11:48,000

what happened was that I was trying to say that the Earth was having problems,

169

00:11:48,000 --> 00:11:50,000

I tried to say that on the first time,

170

00:11:50,000 --> 00:11:52,000

so that January 20th, 2015,

171

00:11:52,000 --> 00:11:53,000

the Earth was represented,

172

00:11:53,000 --> 00:11:56,000

it was according to Mr. O's community, the rightful owner,

173

00:11:56,000 --> 00:12:00,000

so he told me that that was actually because I was a little bit

174

00:12:00,000 --> 00:12:02,000

a little bit more of an idiot than I was,

175

00:12:02,000 --> 00:12:04,000

and even if it meant denouncing the force,

176

00:12:04,000 --> 00:12:07,000

the force not made, but kept me,

177

00:12:07,000 --> 00:12:11,000

and this report was followed by the people.

178

00:12:11,000 --> 00:12:14,000

And this one is stated in the book of the Great Testament,

179

00:12:14,000 --> 00:12:18,000

in which it was told by the 30 years he was,

180

00:12:18,000 --> 00:12:19,000

which I checked on that,

181

00:12:19,000 --> 00:12:22,000

which was the same as the first time in 1955,

182

00:12:22,000 --> 00:12:26,000

they did not like that statement made,

183

00:12:26,000 --> 00:12:28,000

and I'm not really sure,

184

00:12:28,000 --> 00:12:29,000

and the people didn't want to say this,

185

00:12:29,000 --> 00:12:31,000

they were forced to not want it made,

186

00:12:31,000 --> 00:12:33,000

and I mean, I'm not even sure,

187

00:12:33,000 --> 00:12:35,000

no, we were able to put this out of the hold,

188

00:12:35,000 --> 00:12:38,000

they were called by the public,

189

00:12:38,000 --> 00:12:40,000

but they didn't have a choice,

190

00:12:40,000 --> 00:12:41,000

they didn't have a choice,

191

00:12:41,000 --> 00:12:42,000

they didn't put it in any way,

192

00:12:42,000 --> 00:12:43,000

they didn't put it in any way,

193

00:12:43,000 --> 00:12:44,000

so we got it.

194

00:12:44,000 --> 00:12:46,000

But then, they had this,

195

00:12:46,000 --> 00:12:49,000

it turned out to be a question about that for a long time,

196

00:12:49,000 --> 00:12:50,000

I had not come to this,

197

00:12:50,000 --> 00:12:53,000

they were asked specifically about it,

198

00:12:53,000 --> 00:12:55,000

and one of the 11 questions,

199

00:12:55,000 --> 00:12:56,000

maybe Joe's real story,

200

00:12:56,000 --> 00:12:58,000

maybe it was about, maybe it was really about,

201

00:12:58,000 --> 00:12:59,000

he's going to answer,

202

00:12:59,000 --> 00:13:01,000

and he's been speaking about it,

203

00:13:01,000 --> 00:13:05,000

nobody has ever seen the report about it until tonight.

204

00:13:05,000 --> 00:13:07,000

I had told them,

205

00:13:07,000 --> 00:13:08,000

but I heard this,

206

00:13:08,000 --> 00:13:09,000

I've told people,

207

00:13:09,000 --> 00:13:11,000

and then they got to go on too,

208

00:13:11,000 --> 00:13:12,000

I said,

209

00:13:12,000 --> 00:13:13,000

I'd put you to sleep,

210

00:13:13,000 --> 00:13:14,000

and you should be smart,

211

00:13:14,000 --> 00:13:15,000

well, now,

212

00:13:15,000 --> 00:13:18,000

I know everybody can identify that,

213

00:13:18,000 --> 00:13:20,000

I've probably been also scripted,

214

00:13:20,000 --> 00:13:21,000

because it's the same type of,

215

00:13:21,000 --> 00:13:22,000

but you can see,

216

00:13:22,000 --> 00:13:23,000

I've got all those scripts,

217

00:13:23,000 --> 00:13:24,000

and when you read that part of the script,

218

00:13:24,000 --> 00:13:25,000

you're to my,

219

00:13:25,000 --> 00:13:27,000

I'd like to hear that.

220

00:13:27,000 --> 00:13:29,000

Now, you're getting that ready,

221

00:13:29,000 --> 00:13:30,000

so I'm just going to take a moment to talk about

222

00:13:30,000 --> 00:13:31,000

one of our sponsors,

223

00:13:31,000 --> 00:13:34,000

and then we'll be back with maybe two words.

224

00:13:34,000 --> 00:13:36,000

I would like to have you give me,

225

00:13:36,000 --> 00:13:38,000

and we'll see if you will please,

226

00:13:38,000 --> 00:13:40,000

on two questions.

227

00:13:40,000 --> 00:13:41,000

Number one,

228

00:13:41,000 --> 00:13:45,000

why didn't you talk up there on that program,

229

00:13:45,000 --> 00:13:49,000

according to two of you guys who were listening?

230

00:13:49,000 --> 00:13:50,000

Well, I think,

231

00:13:50,000 --> 00:13:53,000

it's me that at first accepted the invitation,

232

00:13:53,000 --> 00:13:55,000

according to Mr. Tullick,

233

00:13:55,000 --> 00:13:56,000

the answer in the letter,

234

00:13:56,000 --> 00:13:58,000

he was quite busy at the party,

235

00:13:58,000 --> 00:14:00,000

and later in the interview,

236

00:14:00,000 --> 00:14:02,000

I think it's going to be all very helpful,

237

00:14:02,000 --> 00:14:03,000

because we've heard it,

238

00:14:03,000 --> 00:14:06,000

and that he's just going to spend a time.

239

00:14:06,000 --> 00:14:08,000

That may be the right answer,

240

00:14:08,000 --> 00:14:10,000

if it's possible.

241

00:14:10,000 --> 00:14:12,000

So, if he's with a North-West company,

242

00:14:12,000 --> 00:14:13,000

we've got very good service,

243

00:14:13,000 --> 00:14:14,000

maybe with Mr. Tullick.

244

00:14:14,000 --> 00:14:15,000

Well, not,

245

00:14:15,000 --> 00:14:16,000

but from Dittick,

246

00:14:16,000 --> 00:14:17,000

we've heard him on,

247

00:14:17,000 --> 00:14:20,000

and I've got a ticket to him sometime before,

248

00:14:20,000 --> 00:14:22,000

so I feel that it's a quick answer.

249

00:14:22,000 --> 00:14:24,000

Now, the next question is,

250

00:14:24,000 --> 00:14:26,000

Ken O'Hannell was in town,

251

00:14:26,000 --> 00:14:28,000

and he was at the Hexos,

252

00:14:28,000 --> 00:14:30,000

I think for two days,

253

00:14:30,000 --> 00:14:34,000

and he received his to appear on the program,

254

00:14:34,000 --> 00:14:36,000

and it was his opinion,

255

00:14:36,000 --> 00:14:39,000

and I have the telegram and phoneable copy of it,

256

00:14:39,000 --> 00:14:41,000

he says in his telegram,

257

00:14:41,000 --> 00:14:45,000

I will not be a participant on any program,

258

00:14:45,000 --> 00:14:46,000

but obviously,

259

00:14:46,000 --> 00:14:49,000

misrepresent and distort the facts

260

00:14:49,000 --> 00:14:52,000

available on any subject broadcast

261

00:14:52,000 --> 00:14:54,000

for the public interest.

262

00:14:54,000 --> 00:14:56,000

Now, would I allow any photographs

263

00:14:56,000 --> 00:14:58,000

or material property copyrighted

264

00:14:58,000 --> 00:15:00,000

to be used on any program

265

00:15:00,000 --> 00:15:02,000

without written permission of the owner?

266

00:15:02,000 --> 00:15:04,000

Would you allow Mr. O'Hannell

267

00:15:04,000 --> 00:15:06,000

to correct the next statement?

268

00:15:06,000 --> 00:15:08,000

Well, I spoke to O'Hannell quite a bit,

269

00:15:08,000 --> 00:15:10,000

so I could tell you,

270

00:15:10,000 --> 00:15:12,000

at the end of the first day,

271

00:15:12,000 --> 00:15:14,000

when he wasn't happy about it,

272

00:15:14,000 --> 00:15:16,000

and the person will throw it out,

273

00:15:16,000 --> 00:15:18,000

and soon they'll throw this

274

00:15:18,000 --> 00:15:20,000

in the second half of the whole show.

275

00:15:20,000 --> 00:15:21,000

And I thought,

276

00:15:21,000 --> 00:15:23,000

I thought the better things stay on,

277

00:15:23,000 --> 00:15:24,000

because it would be fun,

278

00:15:24,000 --> 00:15:26,000

you know, very good in the effort,

279

00:15:26,000 --> 00:15:28,000

and he thought that it would be a real program,

280

00:15:28,000 --> 00:15:30,000

or it might not be a real program,

281

00:15:30,000 --> 00:15:32,000

it might be very fun.

282

00:15:32,000 --> 00:15:34,000

And he would write to first-person fans

283

00:15:34,000 --> 00:15:37,000

and make sure that there was not enough time for it.

284

00:15:37,000 --> 00:15:39,000

I didn't support his hearing

285

00:15:39,000 --> 00:15:42,000

his discussions with the United States and Shabu-Shabu,

286

00:15:42,000 --> 00:15:43,000

but I knew that he would,

287

00:15:43,000 --> 00:15:46,000

because there was really no one happy about it,

288

00:15:46,000 --> 00:15:47,000

and he said to himself,

289

00:15:47,000 --> 00:15:48,000

I don't know about

290

00:15:48,000 --> 00:15:50,000

the first half of the meeting,

291

00:15:50,000 --> 00:15:52,000

of course some of us have their needs with section.

292

00:15:52,000 --> 00:15:54,000

And not before the wind gets, baby,

293

00:15:54,000 --> 00:15:58,000

he said, I wonder if this is really your opinion,

294

00:15:58,000 --> 00:16:00,000

but for the reason,

295

00:16:00,000 --> 00:16:02,000

why would those even produce

296

00:16:02,000 --> 00:16:04,000

their own speakers with particular show?

297

00:16:04,000 --> 00:16:07,000

If they were going to run into so many problems,

298

00:16:07,000 --> 00:16:09,000

and certainly the rare part

299

00:16:09,000 --> 00:16:12,000

must have been found that Robert Cestalo

300

00:16:12,000 --> 00:16:14,000

and Ed Sheeran expressed that

301

00:16:14,000 --> 00:16:16,000

they were not going to agree with you,

302

00:16:16,000 --> 00:16:18,000

and they were not going to let you just make

303

00:16:18,000 --> 00:16:21,000

any statement that you thought would be right to do it.

304

00:16:21,000 --> 00:16:24,000

Well, I can give you three three angles on that,

305

00:16:24,000 --> 00:16:27,000

and I will give you many a few in these levels.

306

00:16:27,000 --> 00:16:30,000

The longer back to the first,

307

00:16:30,000 --> 00:16:33,000

they thought really that I was the first one to be a first.

308

00:16:33,000 --> 00:16:35,000

I knew that it was better.

309

00:16:35,000 --> 00:16:38,000

I'm not at all interested in the end of the interview,

310

00:16:38,000 --> 00:16:39,000

but I'm a photographer,

311

00:16:39,000 --> 00:16:41,000

and I asked whether my staff

312

00:16:41,000 --> 00:16:43,000

would cooperate with the program,

313

00:16:43,000 --> 00:16:45,000

and we were both.

314

00:16:45,000 --> 00:16:47,000

I said yes, we'd be glad to,

315

00:16:47,000 --> 00:16:49,000

as long as we would have been

316

00:16:49,000 --> 00:16:51,000

in the room as far as the same person.

317

00:16:51,000 --> 00:16:53,000

Mr. Bowling's a great media director,

318

00:16:53,000 --> 00:16:55,000

and I was invited,

319

00:16:55,000 --> 00:16:57,000

and I went into my room,

320

00:16:57,000 --> 00:17:00,000

thinking at the time that it was an internal discussion,

321

00:17:00,000 --> 00:17:03,000

I said, be sure to get there for him.

322

00:17:03,000 --> 00:17:06,000

He said, hey, there were other ways of doing it.

323

00:17:06,000 --> 00:17:08,000

I could go tell him that

324

00:17:08,000 --> 00:17:10,000

if they don't put some of that on,

325

00:17:10,000 --> 00:17:12,000

we can put them out somewhere there,

326

00:17:12,000 --> 00:17:14,000

and we'll put Mr. Cestalo in process

327

00:17:14,000 --> 00:17:16,000

to film this guy when he's going to run out.

328

00:17:16,000 --> 00:17:18,000

They were not that good, and I don't know.

329

00:17:18,000 --> 00:17:20,000

Anyway, we tried to buy some of the air force,

330

00:17:20,000 --> 00:17:22,000

but now we've just got to go and start.

331

00:17:22,000 --> 00:17:24,000

We're doing this for a proper reason.

332

00:17:24,000 --> 00:17:26,000

The first thing I know is a stick game,

333

00:17:26,000 --> 00:17:29,000

and I'm showing you this in all of Part 2,

334

00:17:29,000 --> 00:17:33,000

and I have five minutes of Part 2,

335

00:17:33,000 --> 00:17:35,000

and we've got three minutes,

336

00:17:35,000 --> 00:17:37,000

and let's go to the air force,

337

00:17:37,000 --> 00:17:38,000

and the rest of it,

338

00:17:38,000 --> 00:17:40,000

and smell a balance of everything.

339

00:17:40,000 --> 00:17:42,000

Smoking through the war and time.

340

00:17:42,000 --> 00:17:44,000

I checked about it, and Mr. Bowling,

341

00:17:44,000 --> 00:17:46,000

you should have asked for this,

342

00:17:46,000 --> 00:17:48,000

but at least we're fine with the parts,

343

00:17:48,000 --> 00:17:50,000

which should have been part of it.

344

00:17:50,000 --> 00:17:51,000

It's just a show.

345

00:17:51,000 --> 00:17:52,000

If they didn't run in the rain,

346

00:17:52,000 --> 00:17:55,000

it's not all that good with the air force.

347

00:17:55,000 --> 00:17:57,000

We're making it mad that we're being tired

348

00:17:57,000 --> 00:17:58,000

of the air force.

349

00:17:58,000 --> 00:17:59,000

It's not the fact that

350

00:17:59,000 --> 00:18:02,000

there was a risk of breaking through things,

351

00:18:02,000 --> 00:18:04,000

there was no, from that's just viewpoint,

352

00:18:04,000 --> 00:18:05,000

no point.

353

00:18:05,000 --> 00:18:07,000

There was really no outside,

354

00:18:07,000 --> 00:18:08,000

no balance.

355

00:18:08,000 --> 00:18:11,000

I do say that it's just a very safe picture.

356

00:18:11,000 --> 00:18:14,000

But it is not, not just story.

357

00:18:14,000 --> 00:18:16,000

I think that Bowling is pretty innocent

358

00:18:16,000 --> 00:18:17,000

when it's just a tent.

359

00:18:17,000 --> 00:18:19,000

When we first got back,

360

00:18:19,000 --> 00:18:21,000

and I got here as a parent,

361

00:18:21,000 --> 00:18:23,000

and they seemed to have never known

362

00:18:23,000 --> 00:18:24,000

that this was going on,

363

00:18:24,000 --> 00:18:25,000

and just thought about it,

364

00:18:25,000 --> 00:18:26,000

and I love it.

365

00:18:26,000 --> 00:18:29,000

Is this including the time that you were talking,

366

00:18:29,000 --> 00:18:30,000

that that's the answer?

367

00:18:30,000 --> 00:18:31,000

I don't know.

368

00:18:31,000 --> 00:18:32,000

I wasn't talking exactly,

369

00:18:32,000 --> 00:18:33,000

it was just a very good.

370

00:18:33,000 --> 00:18:34,000

So,

371

00:18:34,000 --> 00:18:35,000

Bowling,

372

00:18:35,000 --> 00:18:37,000

as some of you before,

373

00:18:37,000 --> 00:18:38,000

for sure,

374

00:18:38,000 --> 00:18:41,000

I was talking to some of our Bowling revenues,

375

00:18:41,000 --> 00:18:42,000

and I said,

376

00:18:42,000 --> 00:18:44,000

you know, like a script,

377

00:18:44,000 --> 00:18:45,000

and I was just,

378

00:18:45,000 --> 00:18:46,000

and I was going to say,

379

00:18:46,000 --> 00:18:47,000

what's going on with Bowling?

380

00:18:47,000 --> 00:18:48,000

I said,

381

00:18:48,000 --> 00:18:50,000

we're going to be so document.

382

00:18:50,000 --> 00:18:51,000

And I'm going to say,

383

00:18:51,000 --> 00:18:52,000

we're back,

384

00:18:52,000 --> 00:18:53,000

we should be working,

385

00:18:53,000 --> 00:18:54,000

and everything.

386

00:18:54,000 --> 00:18:55,000

And you know,

387

00:18:55,000 --> 00:18:56,000

I have a story that's good,

388

00:18:56,000 --> 00:18:57,000

but we're not going to show,

389

00:18:57,000 --> 00:18:59,000

it's going to be any personalities.

390

00:18:59,000 --> 00:19:00,000

And also,

391

00:19:00,000 --> 00:19:02,000

I should not mention the audience,

392

00:19:02,000 --> 00:19:03,000

it's like a part,

393

00:19:03,000 --> 00:19:05,000

that I can did mention in this,

394

00:19:05,000 --> 00:19:07,000

but I didn't mention it.

395

00:19:07,000 --> 00:19:08,000

I'm just,

396

00:19:08,000 --> 00:19:09,000

I'm just not,

397

00:19:09,000 --> 00:19:11,000

I look like I was,

398

00:19:11,000 --> 00:19:12,000

I'm sorry,

399

00:19:12,000 --> 00:19:13,000

but I was so,

400

00:19:13,000 --> 00:19:15,000

I couldn't mention one on my show,

401

00:19:15,000 --> 00:19:16,000

and I'm going to say,

402

00:19:16,000 --> 00:19:17,000

too.

403

00:19:17,000 --> 00:19:18,000

Now,

404

00:19:18,000 --> 00:19:20,000

I'm going to open mine.

405

00:19:20,000 --> 00:19:21,000

Well, we're going to start,

406

00:19:21,000 --> 00:19:22,000

anyway,

407

00:19:22,000 --> 00:19:23,000

this is going to be the best we can,

408

00:19:23,000 --> 00:19:24,000

but then I'm going to say,

409

00:19:24,000 --> 00:19:25,000

I'm going to change,

410

00:19:25,000 --> 00:19:26,000

so I can fit the new script,

411

00:19:26,000 --> 00:19:27,000

that's nice.

412

00:19:27,000 --> 00:19:29,000

And the way I'm going to play,

413

00:19:29,000 --> 00:19:30,000

is in type, right?

414

00:19:30,000 --> 00:19:31,000

I wrote it off,

415

00:19:31,000 --> 00:19:32,000

and you know,

416

00:19:32,000 --> 00:19:33,000

it's going to be very, very good.

417

00:19:33,000 --> 00:19:34,000

And I was going to say,

418

00:19:34,000 --> 00:19:35,000

we're going to write that off,

419

00:19:35,000 --> 00:19:36,000

and then the next day,

420

00:19:36,000 --> 00:19:37,000

is the end of this,

421

00:19:37,000 --> 00:19:38,000

and this is going to,

422

00:19:38,000 --> 00:19:39,000

this is going to,

423

00:19:39,000 --> 00:19:41,000

about this great afternoon.

424

00:19:41,000 --> 00:19:42,000

At that time,

425

00:19:42,000 --> 00:19:45,000

I'm sure it's going to win,

426

00:19:45,000 --> 00:19:46,000

so I just went,

427

00:19:46,000 --> 00:19:47,000

along after the long,

428

00:19:47,000 --> 00:19:49,000

I was reading through my paper,

429

00:19:49,000 --> 00:19:51,000

and I immediately read the last,

430

00:19:51,000 --> 00:19:52,000

and then I read the score,

431

00:19:52,000 --> 00:19:54,000

so if you want to see,

432

00:19:54,000 --> 00:19:55,000

I read the statement now,

433

00:19:55,000 --> 00:19:56,000

you know,

434

00:19:56,000 --> 00:19:57,000

I want to make it,

435

00:19:57,000 --> 00:19:58,000

yes.

436

00:19:58,000 --> 00:19:59,000

I'm going to read this statement,

437

00:19:59,000 --> 00:20:01,000

which crossed out,

438

00:20:01,000 --> 00:20:03,000

I'm going to read these,

439

00:20:03,000 --> 00:20:04,000

these,

440

00:20:04,000 --> 00:20:05,000

this afternoon part of that segment,

441

00:20:05,000 --> 00:20:06,000

but you can read here,

442

00:20:06,000 --> 00:20:07,000

yeah,

443

00:20:07,000 --> 00:20:08,000

most people don't know,

444

00:20:08,000 --> 00:20:09,000

we saw this kind of part,

445

00:20:09,000 --> 00:20:10,000

they may be some who missed it,

446

00:20:10,000 --> 00:20:11,000

and I saw this,

447

00:20:11,000 --> 00:20:12,000

when we were reading the part,

448

00:20:12,000 --> 00:20:14,000

the part with my score,

449

00:20:14,000 --> 00:20:15,000

I make sure you get it right.

450

00:20:15,000 --> 00:20:17,000

I don't have a 15 page,

451

00:20:17,000 --> 00:20:18,000

but I can remember,

452

00:20:18,000 --> 00:20:20,000

but I just asked you,

453

00:20:20,000 --> 00:20:22,000

what was the most important,

454

00:20:22,000 --> 00:20:24,000

why did you think of,

455

00:20:24,000 --> 00:20:26,000

what was the true love for yourself,

456

00:20:26,000 --> 00:20:28,000

and the love for yourself,

457

00:20:28,000 --> 00:20:29,000

and I'm sure they're not,

458

00:20:29,000 --> 00:20:30,000

what you think they're doing,

459

00:20:30,000 --> 00:20:31,000

but I said,

460

00:20:31,000 --> 00:20:32,000

they should be treating this one,

461

00:20:32,000 --> 00:20:33,000

I mean,

462

00:20:33,000 --> 00:20:34,000

I'm honest with you,

463

00:20:34,000 --> 00:20:35,000

I'm looking for the opinion,

464

00:20:35,000 --> 00:20:36,000

among all of us,

465

00:20:36,000 --> 00:20:38,000

that there is an official policy,

466

00:20:38,000 --> 00:20:40,000

believes in the best interest of the people,

467

00:20:40,000 --> 00:20:42,000

not the concern with the system,

468

00:20:42,000 --> 00:20:44,000

but there are answers I know,

469

00:20:44,000 --> 00:20:46,000

and then this is supposed to follow.

470

00:20:46,000 --> 00:20:48,000

That's an everyday report,

471

00:20:48,000 --> 00:20:50,000

the only chief of party Google,

472

00:20:50,000 --> 00:20:52,000

has confirmed the existence of

473

00:20:52,000 --> 00:20:54,000

four important airport documents,

474

00:20:54,000 --> 00:20:55,000

which should be noted.

475

00:20:55,000 --> 00:20:56,000

The most important thing,

476

00:20:56,000 --> 00:20:57,000

is that the best of us,

477

00:20:57,000 --> 00:20:59,000

the most ACI senior,

478

00:20:59,000 --> 00:21:01,000

of the rest of the New Jersey,

479

00:21:01,000 --> 00:21:02,000

continues to be up there,

480

00:21:02,000 --> 00:21:04,000

for every five days of the day,

481

00:21:04,000 --> 00:21:05,000

in 1952,

482

00:21:05,000 --> 00:21:07,000

a most important public analysis,

483

00:21:07,000 --> 00:21:09,000

of UFOs in the US,

484

00:21:09,000 --> 00:21:10,000

starts to turn to humans,

485

00:21:10,000 --> 00:21:11,000

in the time frame.

486

00:21:11,000 --> 00:21:13,000

In 1952,

487

00:21:13,000 --> 00:21:15,000

a report by a panel,

488

00:21:15,000 --> 00:21:16,000

of top scientists,

489

00:21:16,000 --> 00:21:17,000

of the Pentagon,

490

00:21:17,000 --> 00:21:18,000

reached this conclusion,

491

00:21:18,000 --> 00:21:20,000

there is five different special evidence,

492

00:21:20,000 --> 00:21:21,000

that may come in two,

493

00:21:21,000 --> 00:21:22,000

but to me,

494

00:21:22,000 --> 00:21:23,000

of those in the space.

495

00:21:23,000 --> 00:21:24,000

They're recommended with,

496

00:21:24,000 --> 00:21:25,000

simplifying the investigation,

497

00:21:25,000 --> 00:21:26,000

and showing the most important,

498

00:21:26,000 --> 00:21:28,000

for all of us.

499

00:21:28,000 --> 00:21:30,000

Now that is the type of cut out,

500

00:21:30,000 --> 00:21:32,000

that only three documents,

501

00:21:32,000 --> 00:21:33,000

mentioned.

502

00:21:33,000 --> 00:21:34,000

Just before,

503

00:21:34,000 --> 00:21:36,000

I was there in the space,

504

00:21:36,000 --> 00:21:38,000

two of someone,

505

00:21:38,000 --> 00:21:40,000

had cut out a 1947,

506

00:21:40,000 --> 00:21:42,000

that was the state,

507

00:21:42,000 --> 00:21:43,000

that he said,

508

00:21:43,000 --> 00:21:44,000

that he didn't do real,

509

00:21:44,000 --> 00:21:45,000

whatever it was.

510

00:21:45,000 --> 00:21:46,000

Now,

511

00:21:46,000 --> 00:21:47,000

we're not working with them,

512

00:21:47,000 --> 00:21:48,000

the caliphant,

513

00:21:48,000 --> 00:21:50,000

it was none of the caliphant,

514

00:21:50,000 --> 00:21:51,000

because the two of them,

515

00:21:51,000 --> 00:21:52,000

were just,

516

00:21:52,000 --> 00:21:53,000

were just,

517

00:21:53,000 --> 00:21:54,000

I think it was in the,

518

00:21:54,000 --> 00:21:55,000

the second day,

519

00:21:55,000 --> 00:21:56,000

we were working with the caliphant.

520

00:21:56,000 --> 00:21:57,000

But this never was,

521

00:21:57,000 --> 00:21:59,000

none of the caliphant.

522

00:21:59,000 --> 00:22:00,000

And that's,

523

00:22:00,000 --> 00:22:01,000

at that time,

524

00:22:01,000 --> 00:22:02,000

I was there for the,

525

00:22:02,000 --> 00:22:03,000

we were,

526

00:22:03,000 --> 00:22:04,000

we were allowed to be cut out,

527

00:22:04,000 --> 00:22:05,000

I was not going on the air.

528

00:22:05,000 --> 00:22:07,000

It wasn't a story about that, right?

529

00:22:07,000 --> 00:22:08,000

It was,

530

00:22:08,000 --> 00:22:09,000

a medical,

531

00:22:09,000 --> 00:22:10,000

the actual,

532

00:22:10,000 --> 00:22:11,000

it was,

533

00:22:11,000 --> 00:22:12,000

I don't know,

534

00:22:12,000 --> 00:22:13,000

I mean,

535

00:22:13,000 --> 00:22:14,000

I was like,

536

00:22:14,000 --> 00:22:15,000

it's a,

537

00:22:15,000 --> 00:22:16,000

we were supposed to be mad,

538

00:22:16,000 --> 00:22:17,000

and that's when,

539

00:22:17,000 --> 00:22:18,000

we got to use all the wire,

540

00:22:18,000 --> 00:22:20,000

to bring up on that,

541

00:22:20,000 --> 00:22:21,000

I would have,

542

00:22:21,000 --> 00:22:22,000

to produce the mother of it,

543

00:22:22,000 --> 00:22:23,000

that I had.

544

00:22:23,000 --> 00:22:24,000

But,

545

00:22:24,000 --> 00:22:25,000

to avoid this,

546

00:22:25,000 --> 00:22:26,000

I would say,

547

00:22:26,000 --> 00:22:27,000

we had the animation,

548

00:22:27,000 --> 00:22:28,000

we were supposed to,

549

00:22:28,000 --> 00:22:29,000

we'd created it.

550

00:22:29,000 --> 00:22:30,000

We were supposed to,

551

00:22:30,000 --> 00:22:31,000

this was very,

552

00:22:31,000 --> 00:22:32,000

very,

553

00:22:32,000 --> 00:22:33,000

very close.

554

00:22:33,000 --> 00:22:34,000

One point,

555

00:22:34,000 --> 00:22:35,000

to me,

556

00:22:35,000 --> 00:22:36,000

just to be honest.

557

00:22:36,000 --> 00:22:38,000

I sent out telepag,

558

00:22:38,000 --> 00:22:39,000

and,

559

00:22:39,000 --> 00:22:40,000

I imagine,

560

00:22:40,000 --> 00:22:41,000

that you were allowed,

561

00:22:41,000 --> 00:22:42,000

about 5 minutes

562

00:22:42,000 --> 00:22:44,000

after the air force represented.

563

00:22:44,000 --> 00:22:45,000

Recording,

564

00:22:45,000 --> 00:22:46,000

to my opinion,

565

00:22:46,000 --> 00:22:47,000

about 5 minutes,

566

00:22:47,000 --> 00:22:48,000

that you talked.

567

00:22:48,000 --> 00:22:49,000

Now,

568

00:22:49,000 --> 00:22:50,000

I was only impressed,

569

00:22:50,000 --> 00:22:51,000

in the human reading,

570

00:22:51,000 --> 00:22:52,000

from a caliphant,

571

00:22:52,000 --> 00:22:53,000

very subtle,

572

00:22:53,000 --> 00:22:54,000

but statement that you knew,

573

00:22:54,000 --> 00:22:55,000

but it was possibly confirmed,

574

00:22:55,000 --> 00:22:56,000

with distance,

575

00:22:56,000 --> 00:22:57,000

to the UFOs.

576

00:22:57,000 --> 00:22:58,200

I do, that's what.

577

00:22:58,200 --> 00:23:01,400

In other words, all the more I want to talk about, yeah, yeah.

578

00:23:01,400 --> 00:23:06,120

Now, what happens when you turn to that final 20 seconds

579

00:23:06,120 --> 00:23:09,600

when the calipans there once more?

580

00:23:09,600 --> 00:23:10,920

What is that going to do?

581

00:23:10,920 --> 00:23:15,320

I have a very small bone that's in use of coliculitis.

582

00:23:15,320 --> 00:23:18,120

At the fact that they're over two months' time,

583

00:23:18,120 --> 00:23:20,360

and the both of them cut out of the script,

584

00:23:20,360 --> 00:23:23,240

and they're going to regret the purpose of giving an O-50.

585

00:23:23,240 --> 00:23:27,000

So I mentioned to one of the young fellow's who's done this,

586

00:23:27,000 --> 00:23:29,880

that you can work in a separate testimony

587

00:23:29,880 --> 00:23:32,920

on universal efficiency for about six months.

588

00:23:32,920 --> 00:23:34,360

And they had a lot of evidence,

589

00:23:34,360 --> 00:23:38,600

and that's over-contrary of the bone we asked for the same.

590

00:23:38,600 --> 00:23:40,520

And I said, well, I put that in there,

591

00:23:40,520 --> 00:23:42,120

and I was like, oh, good, and you should say,

592

00:23:42,120 --> 00:23:44,040

you should probably be sure of it.

593

00:23:44,040 --> 00:23:46,600

But I understood later, because you have no authority

594

00:23:46,600 --> 00:23:49,880

to O-50, and what I should have done

595

00:23:49,880 --> 00:23:52,440

is just to file over the duty.

596

00:23:52,600 --> 00:23:54,040

Until I'd made up my mind,

597

00:23:54,040 --> 00:23:56,600

the only way I would get the O-50 point

598

00:23:56,600 --> 00:23:59,080

that I would step in and file a script on my mind

599

00:23:59,080 --> 00:24:01,800

and living with the best of some of the committee.

600

00:24:01,800 --> 00:24:03,560

As soon as I got to the best of the committee,

601

00:24:03,560 --> 00:24:06,360

they cut off the O-50 on my mind.

602

00:24:06,360 --> 00:24:08,040

It came over as, thank you, Edwin,

603

00:24:08,040 --> 00:24:09,880

something to live with, don't you think?

604

00:24:09,880 --> 00:24:10,880

Yeah, I had it on tape.

605

00:24:10,880 --> 00:24:11,720

Yes.

606

00:24:11,720 --> 00:24:13,240

But that was not, I was sorry to say,

607

00:24:13,240 --> 00:24:14,400

I was not going to mention it,

608

00:24:14,400 --> 00:24:15,240

it was very expensive,

609

00:24:15,240 --> 00:24:17,080

it was really because I thought it was massive.

610

00:24:17,080 --> 00:24:19,240

But I thought that you were kind of counting the massive,

611

00:24:19,240 --> 00:24:20,840

things that were deleted there

612

00:24:20,840 --> 00:24:22,760

and the stuff that we had before.

613

00:24:24,120 --> 00:24:27,960

Mr. Sears, I think you mentioned I'm not telecast,

614

00:24:27,960 --> 00:24:30,200

and the first we'd like to have the other information

615

00:24:30,200 --> 00:24:31,880

that you are not familiar to,

616

00:24:32,600 --> 00:24:34,600

leave or mention over the,

617

00:24:34,600 --> 00:24:36,120

I'm saying, well,

618

00:24:36,120 --> 00:24:37,960

so-and-so, that's the case there, Edwin.

619

00:24:39,000 --> 00:24:41,880

But I think you mentioned something about a Senate committee.

620

00:24:42,920 --> 00:24:45,400

Yeah, we knew this thing through the McClellan Committee,

621

00:24:45,400 --> 00:24:48,360

so I believe McClellan was subcommittee,

622

00:24:49,080 --> 00:24:51,480

and the Senate committee on the government authority.

623

00:24:51,480 --> 00:24:54,360

That's the committee, it's not a committee, yes.

624

00:24:54,360 --> 00:24:58,040

I had not given that name out before,

625

00:24:58,040 --> 00:24:59,400

because at one time I said,

626

00:24:59,400 --> 00:25:02,200

don't, it's not a responsible name,

627

00:25:02,200 --> 00:25:03,640

but after that,

628

00:25:03,640 --> 00:25:05,640

so-and-so, there was somebody dressed it,

629

00:25:05,640 --> 00:25:07,960

and a full-parking officer about to get called,

630

00:25:07,960 --> 00:25:09,480

and he got the information to name it,

631

00:25:09,480 --> 00:25:10,680

so he sort of went in here,

632

00:25:10,680 --> 00:25:12,120

and he didn't get the information then.

633

00:25:12,120 --> 00:25:14,360

And we also had a notice,

634

00:25:14,360 --> 00:25:15,240

I looked at it, yes,

635

00:25:15,240 --> 00:25:16,840

he's not allowed to speak,

636

00:25:17,160 --> 00:25:19,080

and he spoke to the McClellan Committee.

637

00:25:19,080 --> 00:25:22,040

Well, no, he wouldn't want the graph file, I think,

638

00:25:22,040 --> 00:25:23,480

so thanks for the word,

639

00:25:23,480 --> 00:25:24,840

so that he could make it on time.

640

00:25:25,880 --> 00:25:27,240

I had told him, I said,

641

00:25:28,120 --> 00:25:29,640

about the committee without name in it,

642

00:25:29,640 --> 00:25:30,760

and then they would just again,

643

00:25:30,760 --> 00:25:32,680

and he called the figures,

644

00:25:32,680 --> 00:25:34,520

and they'd be a preliminary test

645

00:25:34,520 --> 00:25:36,120

that they would be called until the day.

646

00:25:37,880 --> 00:25:40,600

All that, that was, of course,

647

00:25:40,600 --> 00:25:43,400

the thing that I tried to say when I was shot off.

648

00:25:44,200 --> 00:25:46,040

But it's very, yes, about the file,

649

00:25:46,040 --> 00:25:47,080

I think.

650

00:25:47,080 --> 00:25:50,680

I had two things I was very impressed on there,

651

00:25:50,680 --> 00:25:52,840

in which I said that I asked anyone

652

00:25:52,840 --> 00:25:55,080

who had information on UFOs,

653

00:25:55,080 --> 00:25:56,120

and it was controlling it,

654

00:25:56,120 --> 00:25:57,640

that was big, four or five times.

655

00:25:58,840 --> 00:26:00,680

From the mingledoc, he would open it,

656

00:26:00,680 --> 00:26:01,400

and talk about it,

657

00:26:02,680 --> 00:26:04,120

and if I were to,

658

00:26:04,120 --> 00:26:05,400

and we'd go to the police,

659

00:26:05,400 --> 00:26:06,360

and we were very impressed,

660

00:26:06,360 --> 00:26:07,160

and I was thinking,

661

00:26:07,160 --> 00:26:07,480

I was thinking,

662

00:26:07,480 --> 00:26:09,160

she's been so kind to mention here.

663

00:26:09,960 --> 00:26:10,920

A few hours later,

664

00:26:10,920 --> 00:26:12,040

I started blooming this,

665

00:26:12,040 --> 00:26:13,400

because it should have been

666

00:26:13,400 --> 00:26:14,440

the last open mouth,

667

00:26:15,400 --> 00:26:16,040

I'm telling you,

668

00:26:16,040 --> 00:26:17,800

I knew by then

669

00:26:17,800 --> 00:26:20,120

that I was in disorder somewhere,

670

00:26:20,120 --> 00:26:21,800

but I think,

671

00:26:21,800 --> 00:26:23,960

I think it was my choice of memory,

672

00:26:24,520 --> 00:26:26,280

and I was with me on camera,

673

00:26:26,280 --> 00:26:27,400

yes, I guess at that time,

674

00:26:27,400 --> 00:26:28,440

it was good to read it,

675

00:26:28,440 --> 00:26:31,320

but it was a lot like someone said it.

676

00:26:32,680 --> 00:26:33,400

I want to,

677

00:26:33,400 --> 00:26:34,360

I don't want to know,

678

00:26:34,360 --> 00:26:35,880

but I never found myself,

679

00:26:35,880 --> 00:26:36,600

or people get.

680

00:26:37,960 --> 00:26:39,800

The, the driver was finished,

681

00:26:39,800 --> 00:26:41,320

and the police,

682

00:26:42,120 --> 00:26:43,240

about to get away,

683

00:26:43,240 --> 00:26:44,280

when I subscribe,

684

00:26:44,280 --> 00:26:45,640

I have a very talented,

685

00:26:45,640 --> 00:26:46,840

and a TV program,

686

00:26:46,840 --> 00:26:48,360

and a very, very,

687

00:26:48,360 --> 00:26:48,840

very, very,

688

00:26:48,840 --> 00:26:49,560

very much worth,

689

00:26:49,560 --> 00:26:50,440

and very good,

690

00:26:50,440 --> 00:26:50,920

so I,

691

00:26:50,920 --> 00:26:51,480

I,

692

00:26:51,480 --> 00:26:52,520

I thought to,

693

00:26:52,520 --> 00:26:53,240

like a time,

694

00:26:54,280 --> 00:26:55,240

I got bitten by,

695

00:26:55,240 --> 00:26:55,800

because I thought,

696

00:26:55,800 --> 00:26:56,440

I thought,

697

00:26:56,440 --> 00:26:57,640

I was so worried about the effects,

698

00:26:58,360 --> 00:26:59,240

and I said to them,

699

00:26:59,240 --> 00:26:59,480

like,

700

00:26:59,480 --> 00:27:01,400

well, now I have to talk to them,

701

00:27:01,400 --> 00:27:02,120

so you should call,

702

00:27:02,120 --> 00:27:02,840

let them follow,

703

00:27:02,840 --> 00:27:04,600

because I thought it was a fact.

704

00:27:04,600 --> 00:27:05,000

You know,

705

00:27:05,000 --> 00:27:06,360

the statement that people have,

706

00:27:06,360 --> 00:27:07,640

that if I'm in the wrong,

707

00:27:07,640 --> 00:27:08,760

they're going to know it may be,

708

00:27:09,880 --> 00:27:10,200

also,

709

00:27:10,200 --> 00:27:10,760

in traveling,

710

00:27:10,760 --> 00:27:11,480

about things,

711

00:27:11,480 --> 00:27:11,880

about it,

712

00:27:11,880 --> 00:27:12,520

about selling,

713

00:27:12,840 --> 00:27:13,320

selling food.

714

00:27:14,120 --> 00:27:15,240

I think it was about,

715

00:27:15,240 --> 00:27:15,880

yeah,

716

00:27:15,880 --> 00:27:17,080

three o'clock in the morning,

717

00:27:17,640 --> 00:27:18,680

it was the following morning,

718

00:27:18,680 --> 00:27:19,880

when I talked to Mr. Seumann,

719

00:27:19,880 --> 00:27:20,760

Mr. Seumann,

720

00:27:20,760 --> 00:27:21,880

he was doing a good job,

721

00:27:21,880 --> 00:27:23,640

and he was going to get me on the phone,

722

00:27:24,520 --> 00:27:25,560

and I asked his father,

723

00:27:25,560 --> 00:27:26,120

he was like,

724

00:27:26,120 --> 00:27:26,840

he was tired,

725

00:27:26,840 --> 00:27:27,240

I thought,

726

00:27:27,240 --> 00:27:27,640

not really,

727

00:27:27,640 --> 00:27:28,680

because I actually remember,

728

00:27:28,680 --> 00:27:29,800

people were trying to tell him,

729

00:27:29,800 --> 00:27:30,280

ask him,

730

00:27:30,280 --> 00:27:31,800

but maybe he would have some manners,

731

00:27:31,800 --> 00:27:32,920

but what's he trying to say,

732

00:27:32,920 --> 00:27:33,160

he said,

733

00:27:33,960 --> 00:27:35,640

so Mr. Seumann sent me a wire,

734

00:27:36,440 --> 00:27:38,040

and then I had him on the beach,

735

00:27:38,040 --> 00:27:38,600

at the time,

736

00:27:39,320 --> 00:27:41,320

and he told me,

737

00:27:41,400 --> 00:27:42,760

that's what happened down there,

738

00:27:42,760 --> 00:27:44,040

and he was just being

739

00:27:44,920 --> 00:27:46,680

complimented about me,

740

00:27:46,680 --> 00:27:47,160

so,

741

00:27:47,160 --> 00:27:48,120

and he said,

742

00:27:48,120 --> 00:27:49,400

he was very chocolate,

743

00:27:49,400 --> 00:27:50,120

and he said,

744

00:27:50,120 --> 00:27:50,680

he was like,

745

00:27:50,680 --> 00:27:52,440

I'm just going to go right on the phone,

746

00:27:52,440 --> 00:27:53,240

I remember,

747

00:27:53,800 --> 00:27:54,680

I remember this story,

748

00:27:54,680 --> 00:27:55,320

this is,

749

00:27:55,320 --> 00:27:57,160

but because I just went to a phone rate,

750

00:27:57,160 --> 00:27:58,040

and we did that,

751

00:27:58,040 --> 00:27:59,640

I was just going to have a little bit,

752

00:27:59,640 --> 00:28:00,920

to think about the phone to him,

753

00:28:01,640 --> 00:28:02,280

and also,

754

00:28:02,280 --> 00:28:03,160

I understand that,

755

00:28:03,160 --> 00:28:04,360

from the previous year,

756

00:28:04,920 --> 00:28:06,920

but then we had to go to a phone,

757

00:28:06,920 --> 00:28:07,560

and so,

758

00:28:07,560 --> 00:28:08,760

and so that's what he said,

759

00:28:08,760 --> 00:28:09,720

I was just going to say,

760

00:28:09,720 --> 00:28:10,360

Mr. Seumann,

761

00:28:10,360 --> 00:28:11,640

I remember,

762

00:28:11,640 --> 00:28:13,560

I didn't mention anything to Mr. Seumann,

763

00:28:13,560 --> 00:28:14,040

before then,

764

00:28:14,040 --> 00:28:14,840

because I thought,

765

00:28:14,840 --> 00:28:15,720

well, if I do that,

766

00:28:15,720 --> 00:28:17,800

you'll notice that I did this for that reason,

767

00:28:18,760 --> 00:28:20,040

when I never did that,

768

00:28:20,040 --> 00:28:21,080

since I'm a research,

769

00:28:21,560 --> 00:28:23,000

so I took a picture of the car,

770

00:28:23,000 --> 00:28:24,040

about the picture,

771

00:28:24,040 --> 00:28:25,480

that the workers were going to,

772

00:28:25,480 --> 00:28:27,960

and we were going to learn about the car,

773

00:28:27,960 --> 00:28:28,440

and so I was going to say,

774

00:28:28,440 --> 00:28:28,520

Mr. Seumann,

775

00:28:29,480 --> 00:28:30,600

I'm sure that he said,

776

00:28:30,600 --> 00:28:31,640

I think it's a mistake,

777

00:28:31,640 --> 00:28:32,360

but I don't know,

778

00:28:32,360 --> 00:28:34,040

it's really because I didn't want to research,

779

00:28:34,600 --> 00:28:35,160

the car,

780

00:28:35,160 --> 00:28:36,360

and I'm sure he's going to know,

781

00:28:36,360 --> 00:28:38,520

and so he might be going for something,

782

00:28:38,520 --> 00:28:38,920

something,

783

00:28:38,920 --> 00:28:39,800

something wrong with it,

784

00:28:40,360 --> 00:28:41,800

but it is a lie,

785

00:28:41,800 --> 00:28:42,840

and the people have said,

786

00:28:42,840 --> 00:28:43,400

and I want to,

787

00:28:43,400 --> 00:28:43,960

I'm going to tell you,

788

00:28:43,960 --> 00:28:45,080

every time you're everybody,

789

00:28:45,800 --> 00:28:46,840

about the program,

790

00:28:46,840 --> 00:28:48,440

that this program has been

791

00:28:48,440 --> 00:28:50,600

completely filled with society reasons,

792

00:28:51,400 --> 00:28:53,000

that's why it was a responsibility,

793

00:28:53,000 --> 00:28:53,960

what's not to do,

794

00:28:53,960 --> 00:28:55,560

to show performance in accordance

795

00:28:55,560 --> 00:28:56,520

with community things,

796

00:28:56,520 --> 00:28:57,560

society standards,

797

00:28:58,120 --> 00:28:58,760

all of that,

798

00:28:58,760 --> 00:28:59,480

and all of that,

799

00:29:00,760 --> 00:29:02,440

but the progress is very good,

800

00:29:03,080 --> 00:29:04,360

and so absolutely,

801

00:29:04,360 --> 00:29:06,600

our nine months of work time,

802

00:29:06,600 --> 00:29:07,640

we couldn't tell you,

803

00:29:07,640 --> 00:29:08,280

that's a very,

804

00:29:08,280 --> 00:29:09,240

something that's probably

805

00:29:09,240 --> 00:29:10,120

the most recent,

806

00:29:10,120 --> 00:29:11,480

and it's probably the most

807

00:29:11,480 --> 00:29:12,440

recent story about it,

808

00:29:12,440 --> 00:29:14,360

and probably the most recent story about it.

809

00:29:15,640 --> 00:29:17,080

So I wasn't so worried,

810

00:29:17,640 --> 00:29:18,920

that I might say something,

811

00:29:18,920 --> 00:29:20,680

and also I wanted to say,

812

00:29:20,680 --> 00:29:21,400

wait,

813

00:29:21,400 --> 00:29:22,920

there's an awful sound,

814

00:29:22,920 --> 00:29:24,280

and some of the air is a little

815

00:29:24,280 --> 00:29:25,560

suspicious, you know,

816

00:29:25,560 --> 00:29:26,520

I really, really, really,

817

00:29:26,520 --> 00:29:27,720

want to say what's good for me,

818

00:29:28,520 --> 00:29:29,880

I can answer the question,

819

00:29:30,440 --> 00:29:31,400

I really want to know that,

820

00:29:32,360 --> 00:29:33,160

about this year,

821

00:29:33,160 --> 00:29:33,480

what,

822

00:29:33,480 --> 00:29:34,280

if I would say,

823

00:29:35,080 --> 00:29:35,960

what's that about,

824

00:29:35,960 --> 00:29:36,600

and I'm not,

825

00:29:36,600 --> 00:29:37,240

I'm not,

826

00:29:37,240 --> 00:29:38,040

I'm not,

827

00:29:38,120 --> 00:29:39,160

it's not going to answer it,

828

00:29:39,160 --> 00:29:39,640

oh well,

829

00:29:39,640 --> 00:29:40,120

I'll just,

830

00:29:40,120 --> 00:29:40,760

I'll just,

831

00:29:40,760 --> 00:29:41,960

I'll ask some other elements,

832

00:29:41,960 --> 00:29:42,440

but with,

833

00:29:42,440 --> 00:29:43,160

in the original,

834

00:29:43,160 --> 00:29:43,720

I was just,

835

00:29:43,720 --> 00:29:44,440

that's the story,

836

00:29:44,440 --> 00:29:44,840

but no,

837

00:29:44,840 --> 00:29:46,200

I would appreciate it very much,

838

00:29:46,200 --> 00:29:47,160

if you'd like to comment,

839

00:29:47,160 --> 00:29:47,880

I'm in the right now,

840

00:29:47,880 --> 00:29:48,360

but oh,

841

00:29:48,360 --> 00:29:48,840

I'm sorry,

842

00:29:48,840 --> 00:29:49,240

I,

843

00:29:49,240 --> 00:29:49,480

I,

844

00:29:49,480 --> 00:29:49,800

I,

845

00:29:49,800 --> 00:29:50,920

I'm not going to be very

846

00:29:50,920 --> 00:29:51,480

worried about that,

847

00:29:51,480 --> 00:29:51,800

you know,

848

00:29:51,800 --> 00:29:52,280

I'm not,

849

00:29:52,280 --> 00:29:52,760

I'm not,

850

00:29:52,760 --> 00:29:53,240

I'm not going to say,

851

00:29:53,240 --> 00:29:54,360

the first request is good,

852

00:29:54,360 --> 00:29:55,240

because I said,

853

00:29:55,240 --> 00:29:55,720

after,

854

00:29:55,720 --> 00:29:56,840

I'm not going to give you an even

855

00:29:56,840 --> 00:29:57,160

part,

856

00:29:57,720 --> 00:29:59,240

but it's going to come about it,

857

00:29:59,240 --> 00:30:00,840

I was hoping that they would actually

858

00:30:00,840 --> 00:30:01,880

be forced to give me,

859

00:30:01,880 --> 00:30:02,840

and we could handle it,

860

00:30:02,840 --> 00:30:03,480

and we were able to,

861

00:30:03,480 --> 00:30:04,040

just in one,

862

00:30:04,600 --> 00:30:04,840

well,

863

00:30:04,840 --> 00:30:05,640

I was just,

864

00:30:05,640 --> 00:30:06,040

at the time,

865

00:30:06,040 --> 00:30:06,920

the civilian office,

866

00:30:06,920 --> 00:30:07,320

the,

867

00:30:07,320 --> 00:30:07,720

factory,

868

00:30:07,720 --> 00:30:08,600

the office building,

869

00:30:08,600 --> 00:30:10,440

so I'm not just going to get you to the room,

870

00:30:10,440 --> 00:30:11,880

so you can buy a presentation,

871

00:30:11,880 --> 00:30:12,120

please,

872

00:30:12,760 --> 00:30:13,320

if you're a,

873

00:30:13,320 --> 00:30:14,440

I'm not going to allow you to come,

874

00:30:14,440 --> 00:30:14,840

but I said,

875

00:30:14,840 --> 00:30:15,240

we could just,

876

00:30:15,240 --> 00:30:16,280

we could control classes,

877

00:30:16,280 --> 00:30:16,600

and the,

878

00:30:16,600 --> 00:30:16,920

we could,

879

00:30:16,920 --> 00:30:17,720

we could,

880

00:30:17,720 --> 00:30:18,280

we could,

881

00:30:18,280 --> 00:30:18,840

we could do it.

882

00:30:19,640 --> 00:30:20,920

Then I had a note request,

883

00:30:20,920 --> 00:30:22,360

I'm going to go check them down,

884

00:30:22,360 --> 00:30:22,680

home,

885

00:30:23,320 --> 00:30:23,800

and the bank,

886

00:30:23,800 --> 00:30:24,360

but,

887

00:30:24,360 --> 00:30:24,680

the news,

888

00:30:24,680 --> 00:30:25,800

I was confused,

889

00:30:26,440 --> 00:30:26,920

by maybe,

890

00:30:26,920 --> 00:30:27,320

down,

891

00:30:27,320 --> 00:30:27,880

maybe,

892

00:30:27,880 --> 00:30:28,360

do you know,

893

00:30:28,360 --> 00:30:28,760

in the years,

894

00:30:28,760 --> 00:30:29,480

I was going to say,

895

00:30:29,480 --> 00:30:29,800

we said,

896

00:30:29,800 --> 00:30:30,520

we did talk,

897

00:30:30,520 --> 00:30:30,840

and,

898

00:30:30,840 --> 00:30:32,920

that it was an unfair story.

899

00:30:34,040 --> 00:30:35,240

Then I mentioned,

900

00:30:36,040 --> 00:30:36,760

the fact that,

901

00:30:36,760 --> 00:30:38,120

the number of pilots,

902

00:30:38,120 --> 00:30:39,000

were made on the mission,

903

00:30:39,000 --> 00:30:39,800

saying in New York,

904

00:30:39,800 --> 00:30:40,360

over a year,

905

00:30:41,000 --> 00:30:41,560

and I thought,

906

00:30:41,560 --> 00:30:42,120

I heard that,

907

00:30:42,120 --> 00:30:42,440

you know,

908

00:30:42,440 --> 00:30:43,240

the party,

909

00:30:43,240 --> 00:30:44,120

was supposed,

910

00:30:44,680 --> 00:30:45,640

of an entire,

911

00:30:46,520 --> 00:30:47,000

to be turned to,

912

00:30:47,000 --> 00:30:48,040

in the 1950s,

913

00:30:48,440 --> 00:30:49,880

and this is going to be what was described,

914

00:30:49,880 --> 00:30:50,200

in our,

915

00:30:50,200 --> 00:30:51,960

in spite of that,

916

00:30:51,960 --> 00:30:53,080

the Air Force came out,

917

00:30:53,080 --> 00:30:54,280

and released a public statement,

918

00:30:54,280 --> 00:30:55,320

that this man had been,

919

00:30:55,320 --> 00:30:55,800

said,

920

00:30:55,800 --> 00:30:56,520

fighting with a woman,

921

00:30:57,480 --> 00:30:58,280

and that's another thing,

922

00:30:59,000 --> 00:30:59,880

was not,

923

00:30:59,880 --> 00:31:00,520

on the air.

924

00:31:01,960 --> 00:31:02,840

Most of the other,

925

00:31:02,840 --> 00:31:04,200

it had to do with sightings,

926

00:31:04,760 --> 00:31:05,800

or there was one other thing,

927

00:31:05,800 --> 00:31:06,440

especially,

928

00:31:06,440 --> 00:31:07,560

report 14,

929

00:31:07,560 --> 00:31:08,200

that's the,

930

00:31:08,200 --> 00:31:08,840

the Air Force,

931

00:31:08,840 --> 00:31:09,240

group of,

932

00:31:10,040 --> 00:31:10,520

reports,

933

00:31:11,320 --> 00:31:12,200

the reports they say,

934

00:31:12,200 --> 00:31:13,480

that they analyzed,

935

00:31:13,480 --> 00:31:14,120

3200,

936

00:31:14,120 --> 00:31:14,680

one case,

937

00:31:14,680 --> 00:31:15,480

was,

938

00:31:15,480 --> 00:31:16,360

and they had,

939

00:31:16,360 --> 00:31:17,240

in the back of it,

940

00:31:17,240 --> 00:31:18,200

the sugar table,

941

00:31:18,760 --> 00:31:20,200

that's 19 and a half percent,

942

00:31:20,920 --> 00:31:22,120

were unexplained,

943

00:31:22,120 --> 00:31:22,760

in other words,

944

00:31:23,480 --> 00:31:24,440

to add on the rest,

945

00:31:24,440 --> 00:31:25,800

that they hadn't explained,

946

00:31:25,800 --> 00:31:26,520

on its day,

947

00:31:26,520 --> 00:31:27,000

that makes it,

948

00:31:27,000 --> 00:31:27,800

total of more than,

949

00:31:27,800 --> 00:31:28,360

700.

950

00:31:28,920 --> 00:31:29,240

There was,

951

00:31:29,240 --> 00:31:30,360

less than 7,000,

952

00:31:30,360 --> 00:31:31,240

so 700,

953

00:31:31,240 --> 00:31:32,280

or 7,700,

954

00:31:32,280 --> 00:31:33,480

or more than 12 percent,

955

00:31:33,480 --> 00:31:34,360

are unexplained,

956

00:31:34,360 --> 00:31:34,920

and the Air Force,

957

00:31:34,920 --> 00:31:35,480

would miss that,

958

00:31:35,480 --> 00:31:36,760

but they come out and say,

959

00:31:36,760 --> 00:31:37,720

we are currently,

960

00:31:37,720 --> 00:31:40,120

explaining 1.9 percent,

961

00:31:40,120 --> 00:31:41,000

and would it currently,

962

00:31:41,000 --> 00:31:41,880

get dropped out,

963

00:31:41,880 --> 00:31:42,600

and everybody thinks,

964

00:31:42,600 --> 00:31:43,160

the Air Force,

965

00:31:43,160 --> 00:31:43,720

has explained,

966

00:31:43,720 --> 00:31:44,360

like,

967

00:31:44,360 --> 00:31:45,880

all but 2 percent of the value.

968

00:31:46,680 --> 00:31:47,880

I had that in there,

969

00:31:47,880 --> 00:31:48,760

and part of it,

970

00:31:48,760 --> 00:31:49,480

was left there.

971

00:31:50,360 --> 00:31:51,080

The one other thing,

972

00:31:51,080 --> 00:31:52,120

that I wanted to mention,

973

00:31:52,120 --> 00:31:52,840

was,

974

00:31:52,840 --> 00:31:54,040

the fact that the Air Force,

975

00:31:54,040 --> 00:31:55,160

said that they could not,

976

00:31:55,800 --> 00:31:57,320

build a working model,

977

00:31:57,320 --> 00:31:58,360

of a flight software,

978

00:31:58,360 --> 00:31:58,680

because,

979

00:31:59,400 --> 00:32:00,600

they had 12 cases,

980

00:32:00,600 --> 00:32:01,640

out of all these,

981

00:32:01,640 --> 00:32:02,200

that they called,

982

00:32:02,200 --> 00:32:03,080

the cleaner the clock,

983

00:32:03,640 --> 00:32:04,520

and that all of them,

984

00:32:04,520 --> 00:32:05,240

were describing,

985

00:32:05,240 --> 00:32:06,360

different objects.

986

00:32:06,360 --> 00:32:07,000

And let's just,

987

00:32:07,000 --> 00:32:07,800

by the fact that,

988

00:32:07,800 --> 00:32:09,080

in 1949,

989

00:32:10,280 --> 00:32:11,480

Project Gretsch,

990

00:32:11,480 --> 00:32:12,200

report,

991

00:32:12,200 --> 00:32:13,000

was released,

992

00:32:13,000 --> 00:32:13,720

temporarily,

993

00:32:13,720 --> 00:32:14,520

and later,

994

00:32:14,520 --> 00:32:15,560

was classified,

995

00:32:15,560 --> 00:32:16,440

and it said that,

996

00:32:17,080 --> 00:32:18,440

there were several groups,

997

00:32:18,440 --> 00:32:19,080

Group 1,

998

00:32:19,080 --> 00:32:19,960

the most numerous,

999

00:32:19,960 --> 00:32:20,840

described,

1000

00:32:20,840 --> 00:32:22,040

a disc-shaped object,

1001

00:32:22,840 --> 00:32:23,960

the Pantler metallic,

1002

00:32:24,760 --> 00:32:25,640

which was,

1003

00:32:25,640 --> 00:32:26,920

which had a diameter,

1004

00:32:26,920 --> 00:32:28,040

10 times the thickness,

1005

00:32:29,000 --> 00:32:29,640

of the object,

1006

00:32:29,640 --> 00:32:29,800

which,

1007

00:32:29,800 --> 00:32:30,280

these things,

1008

00:32:30,280 --> 00:32:30,920

were labeled both,

1009

00:32:30,920 --> 00:32:32,040

swift accelerations,

1010

00:32:32,040 --> 00:32:33,400

and high speed trends,

1011

00:32:33,400 --> 00:32:34,280

and expected group,

1012

00:32:34,280 --> 00:32:35,400

was numerous objects,

1013

00:32:35,400 --> 00:32:36,040

same at night,

1014

00:32:36,040 --> 00:32:36,920

and the third group,

1015

00:32:36,920 --> 00:32:37,080

was,

1016

00:32:37,080 --> 00:32:38,680

Cigar shaped objects.

1017

00:32:38,680 --> 00:32:39,320

Now, you can make,

1018

00:32:40,120 --> 00:32:41,000

you certainly can make,

1019

00:32:41,000 --> 00:32:42,120

working models,

1020

00:32:42,120 --> 00:32:42,840

out of a disc,

1021

00:32:42,840 --> 00:32:44,120

or a cigar shaped object,

1022

00:32:44,120 --> 00:32:45,960

so there's special report 14,

1023

00:32:45,960 --> 00:32:46,760

was apparently,

1024

00:32:46,760 --> 00:32:47,080

later,

1025

00:32:47,080 --> 00:32:48,040

out to the seas,

1026

00:32:48,040 --> 00:32:48,920

they make a people.

1027

00:32:48,920 --> 00:32:49,560

And this was,

1028

00:32:49,560 --> 00:32:50,920

denounced shortly afterwards,

1029

00:32:50,920 --> 00:32:52,040

by chapter new thought,

1030

00:32:52,040 --> 00:32:53,640

performing it in the project,

1031

00:32:53,640 --> 00:32:54,200

which said that,

1032

00:32:54,200 --> 00:32:55,240

he was responsible,

1033

00:32:55,240 --> 00:32:56,440

for having this,

1034

00:32:56,440 --> 00:32:57,160

thing gone up,

1035

00:32:57,160 --> 00:32:58,200

and when he came in,

1036

00:32:58,200 --> 00:32:58,920

everybody agreed,

1037

00:32:58,920 --> 00:32:59,320

it was like,

1038

00:32:59,320 --> 00:33:00,040

it was working.

1039

00:33:00,840 --> 00:33:01,320

And there's still,

1040

00:33:01,320 --> 00:33:01,800

there's what,

1041

00:33:01,800 --> 00:33:03,800

over the official document,

1042

00:33:03,800 --> 00:33:04,920

of the earthwork.

1043

00:33:04,920 --> 00:33:05,480

Major,

1044

00:33:05,480 --> 00:33:07,960

there's a question on these documents,

1045

00:33:07,960 --> 00:33:08,440

and tomorrow,

1046

00:33:08,440 --> 00:33:09,080

we're starting to,

1047

00:33:09,080 --> 00:33:10,840

you know,

1048

00:33:10,840 --> 00:33:13,480

the content of these documents,

1049

00:33:13,480 --> 00:33:14,040

so you can't,

1050

00:33:14,040 --> 00:33:14,680

to leave them,

1051

00:33:14,680 --> 00:33:15,000

is that,

1052

00:33:15,000 --> 00:33:15,400

so,

1053

00:33:15,400 --> 00:33:15,880

other way,

1054

00:33:17,880 --> 00:33:18,520

another.

1055

00:33:18,520 --> 00:33:18,840

Now,

1056

00:33:19,800 --> 00:33:20,920

earlier this evening,

1057

00:33:21,640 --> 00:33:22,520

the Air Force,

1058

00:33:22,520 --> 00:33:22,760

who,

1059

00:33:23,400 --> 00:33:24,040

it's a war,

1060

00:33:24,840 --> 00:33:25,640

denied that,

1061

00:33:25,640 --> 00:33:26,760

to the thing that was,

1062

00:33:26,760 --> 00:33:27,080

this,

1063

00:33:27,080 --> 00:33:28,200

this,

1064

00:33:28,200 --> 00:33:29,080

and stated that,

1065

00:33:29,080 --> 00:33:30,120

the force,

1066

00:33:30,120 --> 00:33:30,680

sacrament,

1067

00:33:30,680 --> 00:33:31,240

did exist,

1068

00:33:32,040 --> 00:33:33,160

but those contents,

1069

00:33:33,160 --> 00:33:34,440

were pretty diametrically,

1070

00:33:34,440 --> 00:33:35,720

opposite to what you claim,

1071

00:33:35,720 --> 00:33:36,040

in fact,

1072

00:33:36,040 --> 00:33:36,520

they claim,

1073

00:33:36,520 --> 00:33:37,000

I think it was,

1074

00:33:37,000 --> 00:33:37,560

the statement of,

1075

00:33:37,560 --> 00:33:38,600

the Secretary of Honor,

1076

00:33:39,560 --> 00:33:39,960

that,

1077

00:33:39,960 --> 00:33:40,360

in fact,

1078

00:33:40,920 --> 00:33:42,440

the contents of the sacrament,

1079

00:33:43,000 --> 00:33:43,880

were,

1080

00:33:43,880 --> 00:33:44,360

that,

1081

00:33:44,360 --> 00:33:45,320

the public should be,

1082

00:33:45,320 --> 00:33:46,360

widely informed,

1083

00:33:46,360 --> 00:33:47,080

true,

1084

00:33:47,080 --> 00:33:47,720

but they should be,

1085

00:33:47,720 --> 00:33:48,840

widely informed,

1086

00:33:48,840 --> 00:33:50,440

that there was no evidence,

1087

00:33:50,440 --> 00:33:51,320

to support the,

1088

00:33:52,600 --> 00:33:53,400

hypothesis,

1089

00:33:53,400 --> 00:33:53,960

that there were,

1090

00:33:53,960 --> 00:33:54,360

fine,

1091

00:33:54,360 --> 00:33:54,840

postures,

1092

00:33:54,840 --> 00:33:55,640

or spaceships,

1093

00:33:55,640 --> 00:33:56,360

so why have you?

1094

00:33:57,160 --> 00:33:57,880

Now, earlier,

1095

00:33:57,880 --> 00:33:58,600

you said that,

1096

00:33:59,320 --> 00:34:00,920

on the Armstrong and Chesley Theater,

1097

00:34:00,920 --> 00:34:02,360

they did not want to get into this,

1098

00:34:02,360 --> 00:34:03,240

because it would,

1099

00:34:03,240 --> 00:34:03,800

the Air Force,

1100

00:34:03,800 --> 00:34:05,400

would deny the existence of them,

1101

00:34:05,400 --> 00:34:05,800

and would,

1102

00:34:05,800 --> 00:34:06,200

in fact,

1103

00:34:06,200 --> 00:34:07,560

be calling Captain Rupoge,

1104

00:34:07,560 --> 00:34:08,120

a liar.

1105

00:34:09,080 --> 00:34:09,400

Now,

1106

00:34:09,400 --> 00:34:11,080

can I assume that the Air Force,

1107

00:34:11,080 --> 00:34:12,760

has now called Captain Rupoge,

1108

00:34:12,760 --> 00:34:13,640

a liar,

1109

00:34:13,640 --> 00:34:14,440

through its statement,

1110

00:34:14,440 --> 00:34:15,560

of 30 of this evening?

1111

00:34:15,560 --> 00:34:16,760

It would appear to me,

1112

00:34:16,760 --> 00:34:17,480

if they had,

1113

00:34:17,480 --> 00:34:17,720

you know,

1114

00:34:19,240 --> 00:34:19,800

and,

1115

00:34:19,800 --> 00:34:20,440

that's very,

1116

00:34:20,440 --> 00:34:21,000

just a,

1117

00:34:21,000 --> 00:34:22,040

quite a number of points,

1118

00:34:22,040 --> 00:34:22,440

because,

1119

00:34:22,440 --> 00:34:23,000

in fact,

1120

00:34:23,000 --> 00:34:23,640

the only one,

1121

00:34:23,640 --> 00:34:25,000

who confirmed the existence,

1122

00:34:25,000 --> 00:34:25,880

of these documents,

1123

00:34:26,440 --> 00:34:27,880

I learned of the existence,

1124

00:34:27,880 --> 00:34:28,680

of two of them,

1125

00:34:28,680 --> 00:34:29,720

a long time before,

1126

00:34:30,280 --> 00:34:31,320

when his book came out.

1127

00:34:31,880 --> 00:34:32,040

Now,

1128

00:34:32,040 --> 00:34:33,080

the very funny thing,

1129

00:34:33,080 --> 00:34:34,040

about the one they do,

1130

00:34:34,040 --> 00:34:34,360

is that,

1131

00:34:35,560 --> 00:34:36,360

both were,

1132

00:34:36,360 --> 00:34:37,880

not an Air Force document,

1133

00:34:39,320 --> 00:34:39,720

solely,

1134

00:34:39,720 --> 00:34:41,480

it was originally,

1135

00:34:42,120 --> 00:34:43,160

an investigation,

1136

00:34:43,160 --> 00:34:43,720

or rather,

1137

00:34:43,720 --> 00:34:44,120

a,

1138

00:34:44,760 --> 00:34:46,280

an examination of evidence,

1139

00:34:46,280 --> 00:34:47,080

by scientists,

1140

00:34:47,080 --> 00:34:47,640

called together,

1141

00:34:47,640 --> 00:34:49,320

by the Central and Collison Patients.

1142

00:34:50,200 --> 00:34:51,560

They were on the show,

1143

00:34:51,560 --> 00:34:52,360

with the Air Force,

1144

00:34:52,360 --> 00:34:53,160

producing the,

1145

00:34:53,400 --> 00:34:53,880

they were saying,

1146

00:34:53,880 --> 00:34:54,120

hey,

1147

00:34:55,000 --> 00:34:55,400

and,

1148

00:34:55,400 --> 00:34:56,200

these scientists,

1149

00:34:56,200 --> 00:34:57,480

all the scientists,

1150

00:34:57,480 --> 00:34:57,800

maybe,

1151

00:34:57,800 --> 00:34:58,760

some English,

1152

00:34:58,760 --> 00:34:59,400

Spaniards,

1153

00:34:59,400 --> 00:34:59,880

and so on,

1154

00:35:00,920 --> 00:35:02,680

were calling to advise the Air Force,

1155

00:35:02,680 --> 00:35:03,240

what they did.

1156

00:35:04,200 --> 00:35:04,520

Now,

1157

00:35:04,520 --> 00:35:05,720

the one recommendation,

1158

00:35:05,720 --> 00:35:06,280

in my,

1159

00:35:06,280 --> 00:35:07,400

which is very important,

1160

00:35:07,400 --> 00:35:07,720

is that,

1161

00:35:07,720 --> 00:35:08,200

they said,

1162

00:35:08,200 --> 00:35:09,560

you should quadruple the size,

1163

00:35:09,560 --> 00:35:10,280

of the project,

1164

00:35:10,280 --> 00:35:12,120

and fill out special observation posts.

1165

00:35:13,000 --> 00:35:14,200

Now, that's one thing,

1166

00:35:14,200 --> 00:35:14,920

that people,

1167

00:35:14,920 --> 00:35:15,400

the project,

1168

00:35:15,400 --> 00:35:16,280

have been fighting for.

1169

00:35:16,840 --> 00:35:17,720

We both mentioned,

1170

00:35:17,720 --> 00:35:18,120

in the,

1171

00:35:18,120 --> 00:35:18,520

that,

1172

00:35:18,520 --> 00:35:19,320

basic general,

1173

00:35:20,280 --> 00:35:21,240

William Garland,

1174

00:35:22,200 --> 00:35:23,720

who had gone out of ATI,

1175

00:35:23,720 --> 00:35:24,200

I think,

1176

00:35:24,200 --> 00:35:25,400

came to the Pentagon,

1177

00:35:25,400 --> 00:35:26,440

and fought for this,

1178

00:35:27,000 --> 00:35:28,360

and was finally turned down.

1179

00:35:28,360 --> 00:35:29,640

He wanted to carry through,

1180

00:35:29,640 --> 00:35:30,200

the thing called,

1181

00:35:30,200 --> 00:35:30,600

Rupa,

1182

00:35:30,600 --> 00:35:31,960

and their observation posts,

1183

00:35:31,960 --> 00:35:32,520

and so forth.

1184

00:35:33,960 --> 00:35:35,720

It's very easy to call down,

1185

00:35:35,720 --> 00:35:36,760

and call down,

1186

00:35:36,760 --> 00:35:37,320

find down,

1187

00:35:37,320 --> 00:35:37,960

and everything,

1188

00:35:37,960 --> 00:35:39,240

Rupa mentions in there,

1189

00:35:39,240 --> 00:35:40,520

and it's interesting to note,

1190

00:35:40,520 --> 00:35:41,880

that nobody mentioned,

1191

00:35:41,880 --> 00:35:42,440

by Rupa,

1192

00:35:42,440 --> 00:35:43,000

in that book,

1193

00:35:43,000 --> 00:35:44,120

has ever come out and said,

1194

00:35:44,120 --> 00:35:44,760

that's a lie.

1195

00:35:45,960 --> 00:35:46,920

And copies of that book,

1196

00:35:46,920 --> 00:35:48,680

went to every officer in there,

1197

00:35:48,680 --> 00:35:49,560

who's mentioned it.

1198

00:35:50,280 --> 00:35:51,640

Uh, there's no question,

1199

00:35:51,640 --> 00:35:52,680

that those things exist,

1200

00:35:52,680 --> 00:35:53,640

but the local airport,

1201

00:35:53,640 --> 00:35:54,200

have missed it.

1202

00:35:54,840 --> 00:35:55,400

So now,

1203

00:35:55,400 --> 00:35:56,520

on the spot,

1204

00:35:57,320 --> 00:35:57,560

well,

1205

00:35:57,560 --> 00:35:58,200

the system,

1206

00:35:58,200 --> 00:35:58,680

then,

1207

00:35:58,680 --> 00:35:59,400

finally having,

1208

00:35:59,400 --> 00:36:00,040

denied it,

1209

00:36:00,040 --> 00:36:01,160

finally denied it seems,

1210

00:36:01,160 --> 00:36:03,320

that it is no longer a case,

1211

00:36:03,320 --> 00:36:04,120

of perhaps,

1212

00:36:04,120 --> 00:36:05,160

concealing things,

1213

00:36:05,160 --> 00:36:05,880

from the public.

1214

00:36:06,760 --> 00:36:07,800

But it is,

1215

00:36:07,800 --> 00:36:08,360

and now,

1216

00:36:08,360 --> 00:36:09,800

pretty much a flat case,

1217

00:36:09,800 --> 00:36:11,000

of somebody,

1218

00:36:11,000 --> 00:36:11,320

either,

1219

00:36:11,320 --> 00:36:12,040

Captain Rupa,

1220

00:36:12,040 --> 00:36:12,920

and the other gentlemen,

1221

00:36:13,480 --> 00:36:14,280

or the official,

1222

00:36:14,280 --> 00:36:14,920

of the denizens,

1223

00:36:14,920 --> 00:36:15,640

of the Air Force,

1224

00:36:15,640 --> 00:36:16,680

are just playing lying.

1225

00:36:17,320 --> 00:36:18,600

Well, I don't like to use the word,

1226

00:36:18,600 --> 00:36:18,920

lying.

1227

00:36:18,920 --> 00:36:20,280

Here's what I would like to say,

1228

00:36:20,280 --> 00:36:20,520

that,

1229

00:36:21,480 --> 00:36:22,440

there are people,

1230

00:36:22,440 --> 00:36:23,480

who think,

1231

00:36:23,480 --> 00:36:24,360

that it is wise,

1232

00:36:24,360 --> 00:36:26,040

not to let the American people,

1233

00:36:26,040 --> 00:36:26,280

know,

1234

00:36:26,280 --> 00:36:26,440

and,

1235

00:36:26,440 --> 00:36:27,720

that it is not a lie.

1236

00:36:27,720 --> 00:36:28,920

And I spend time with them,

1237

00:36:28,920 --> 00:36:29,400

it's no more,

1238

00:36:29,400 --> 00:36:30,040

no more trouble,

1239

00:36:30,040 --> 00:36:30,920

watching them today.

1240

00:36:32,600 --> 00:36:33,240

Thanks, brother,

1241

00:36:33,240 --> 00:36:33,960

we'll decide,

1242

00:36:33,960 --> 00:36:34,600

what is best,

1243

00:36:34,600 --> 00:36:35,800

to the American people.

1244

00:36:35,800 --> 00:36:36,840

And I think it's wrong.

1245

00:36:36,840 --> 00:36:37,560

Now, when I say,

1246

00:36:37,560 --> 00:36:38,520

I am speaking,

1247

00:36:38,520 --> 00:36:39,560

for most of the people,

1248

00:36:39,560 --> 00:36:40,040

on our board,

1249

00:36:40,040 --> 00:36:40,600

in government,

1250

00:36:40,600 --> 00:36:40,840

and,

1251

00:36:41,880 --> 00:36:42,520

you could say,

1252

00:36:43,320 --> 00:36:43,880

as well,

1253

00:36:43,880 --> 00:36:44,920

started out saying,

1254

00:36:44,920 --> 00:36:45,880

well, everybody,

1255

00:36:45,880 --> 00:36:46,840

connected with things,

1256

00:36:46,840 --> 00:36:47,960

to be a type father,

1257

00:36:47,960 --> 00:36:48,600

or something like,

1258

00:36:49,240 --> 00:36:49,800

that,

1259

00:36:49,800 --> 00:36:50,360

we have,

1260

00:36:50,360 --> 00:36:51,160

like I've known,

1261

00:36:51,160 --> 00:36:51,800

already shown,

1262

00:36:51,800 --> 00:36:52,120

Carter,

1263

00:36:52,120 --> 00:36:52,760

as I mentioned,

1264

00:36:53,480 --> 00:36:54,120

in the family,

1265

00:36:54,120 --> 00:36:55,400

and in the CIA.

1266

00:36:55,960 --> 00:36:57,400

We had a wonderful world record,

1267

00:36:57,400 --> 00:36:59,080

and we had both of those numbers,

1268

00:36:59,080 --> 00:37:00,600

and also a fine world record,

1269

00:37:00,600 --> 00:37:01,720

Colonel Robert Emerson,

1270

00:37:01,720 --> 00:37:02,360

USAI,

1271

00:37:02,360 --> 00:37:03,320

who occasionally wrote on,

1272

00:37:03,320 --> 00:37:05,400

asking duty for the Army today,

1273

00:37:05,400 --> 00:37:06,680

and best to give this been used.

1274

00:37:08,760 --> 00:37:09,720

J.B. Hartman,

1275

00:37:09,720 --> 00:37:10,440

who's president of,

1276

00:37:10,440 --> 00:37:12,440

Aircraft Owners and Powers Association,

1277

00:37:12,440 --> 00:37:13,960

the widest organization in the world,

1278

00:37:13,960 --> 00:37:14,440

of power,

1279

00:37:14,440 --> 00:37:14,840

power.

1280

00:37:15,720 --> 00:37:16,760

Major foreign agent,

1281

00:37:16,760 --> 00:37:17,720

who was on the project,

1282

00:37:18,200 --> 00:37:20,040

and number one man in Washington,

1283

00:37:20,040 --> 00:37:21,240

number one investigator.

1284

00:37:22,520 --> 00:37:23,560

According to a number of people,

1285

00:37:23,560 --> 00:37:24,440

when he tried to get this,

1286

00:37:24,440 --> 00:37:25,240

he just mentioned him,

1287

00:37:25,240 --> 00:37:26,840

where he went to fight him a while ago,

1288

00:37:26,840 --> 00:37:28,120

and from the religious leaders,

1289

00:37:28,120 --> 00:37:29,000

the professional man,

1290

00:37:29,000 --> 00:37:30,200

in defiance in Rushdie.

1291

00:37:30,920 --> 00:37:31,320

And,

1292

00:37:32,360 --> 00:37:34,040

we have a number of other people,

1293

00:37:34,040 --> 00:37:35,160

who were not recognized,

1294

00:37:35,160 --> 00:37:35,640

to use,

1295

00:37:35,640 --> 00:37:37,080

who are special advisors,

1296

00:37:37,080 --> 00:37:37,880

in various fields,

1297

00:37:37,880 --> 00:37:39,640

among top-rock and middleman.

1298

00:37:40,360 --> 00:37:41,000

These people,

1299

00:37:41,640 --> 00:37:42,360

most of them,

1300

00:37:42,360 --> 00:37:43,000

who were real,

1301

00:37:43,560 --> 00:37:44,760

that the Aircraft Spirits,

1302

00:37:44,760 --> 00:37:46,600

continued to fight from the public.

1303

00:37:46,600 --> 00:37:48,040

May I ask you this Major Keel,

1304

00:37:48,040 --> 00:37:49,800

you've given us a list of names here.

1305

00:37:50,360 --> 00:37:52,360

Would you go on record here this morning,

1306

00:37:52,360 --> 00:37:53,960

and make the statement,

1307

00:37:53,960 --> 00:37:55,400

that all of these people,

1308

00:37:55,400 --> 00:37:57,320

whose names you have just listed to,

1309

00:37:57,960 --> 00:37:59,880

would you say that they all believe,

1310

00:37:59,880 --> 00:38:03,720

that these new folks are from the planet A?

1311

00:38:04,360 --> 00:38:05,480

No, I won't say that,

1312

00:38:05,480 --> 00:38:07,160

because there's a variation in that.

1313

00:38:07,160 --> 00:38:10,680

I do hope the statement on that goes out,

1314

00:38:11,560 --> 00:38:13,560

within the next week or two.

1315

00:38:14,200 --> 00:38:16,040

At least there will be a statement,

1316

00:38:16,040 --> 00:38:18,120

by Majority of the Board,

1317

00:38:18,120 --> 00:38:20,040

on this question of censorship.

1318

00:38:21,320 --> 00:38:22,920

Some of the Board members,

1319

00:38:22,920 --> 00:38:25,560

and I think it goes up to more than 50%,

1320

00:38:26,360 --> 00:38:28,600

believe that these things are on the planet A.

1321

00:38:28,600 --> 00:38:30,120

I'm not going to identify them,

1322

00:38:30,120 --> 00:38:31,800

until each one has given me permission.

1323

00:38:33,720 --> 00:38:36,280

Some of them are absolutely convinced of it.

1324

00:38:36,280 --> 00:38:37,720

Some of them say it looks like it,

1325

00:38:37,720 --> 00:38:38,600

they're all what's convinced,

1326

00:38:38,600 --> 00:38:39,240

and others say,

1327

00:38:39,240 --> 00:38:41,240

I still like to see some more evidence.

1328

00:38:41,240 --> 00:38:42,840

One quick question,

1329

00:38:42,840 --> 00:38:45,000

and then I'll have to take care of those, maybe.

1330

00:38:45,640 --> 00:38:48,680

Are you representing nightcast this morning,

1331

00:38:48,680 --> 00:38:51,960

or are you talking as Major Donald E. Peeho?

1332

00:38:51,960 --> 00:38:53,400

I'm representing my trip,

1333

00:38:53,400 --> 00:38:54,360

and let me tell you what,

1334

00:38:54,360 --> 00:38:56,040

my personal views aside,

1335

00:38:56,040 --> 00:38:57,480

it's a little hard to split my share,

1336

00:38:57,480 --> 00:38:58,040

I don't know why.

1337

00:38:58,600 --> 00:39:02,920

But what I have said up to now,

1338

00:39:04,280 --> 00:39:05,800

here goes the joist of my trip.

1339

00:39:06,600 --> 00:39:08,680

I have one big question to ask you,

1340

00:39:08,680 --> 00:39:10,280

said, and then there's no doubt my other

1341

00:39:10,920 --> 00:39:12,200

settlement is down here,

1342

00:39:12,200 --> 00:39:13,560

and I'm going to ask questions too.

1343

00:39:15,080 --> 00:39:17,160

I heard the interview,

1344

00:39:17,160 --> 00:39:20,040

I saw and had the interview with Mike Wallace last night,

1345

00:39:21,400 --> 00:39:23,400

and I noticed when the name's Manger,

1346

00:39:24,520 --> 00:39:28,680

and a dance piece just brought up,

1347

00:39:29,400 --> 00:39:31,720

you gave a very, very quick answer.

1348

00:39:32,600 --> 00:39:33,720

You were not interested,

1349

00:39:33,720 --> 00:39:34,840

I think that was your answer.

1350

00:39:34,840 --> 00:39:38,440

So I'm going to qualify for this reason,

1351

00:39:38,440 --> 00:39:40,040

and I had an answer already,

1352

00:39:40,040 --> 00:39:41,560

so I had a particular question,

1353

00:39:42,440 --> 00:39:45,960

but I had been under the impression that being

1354

00:39:46,520 --> 00:39:47,800

in your commercial break,

1355

00:39:48,440 --> 00:39:50,040

was in the middle of a show,

1356

00:39:50,040 --> 00:39:51,240

and then I still had,

1357

00:39:51,800 --> 00:39:53,000

we had after that,

1358

00:39:53,000 --> 00:39:54,440

all 10 minutes or so.

1359

00:39:55,240 --> 00:39:57,160

So when the commercial break came up,

1360

00:39:57,160 --> 00:39:59,800

and one of the program officials came over,

1361

00:39:59,800 --> 00:40:00,280

and said,

1362

00:40:00,280 --> 00:40:02,600

you've got three minutes after this,

1363

00:40:02,600 --> 00:40:05,880

and you've already had the question on the line now,

1364

00:40:05,880 --> 00:40:07,000

and I thought,

1365

00:40:07,000 --> 00:40:08,920

good heaven, I would get ready to screw

1366

00:40:09,240 --> 00:40:10,280

some hot stuff out,

1367

00:40:10,280 --> 00:40:11,720

and put some documents,

1368

00:40:11,720 --> 00:40:13,160

and whatever I was going to read.

1369

00:40:14,200 --> 00:40:17,320

And so I know I'm going to expose that as quickly as possible.

1370

00:40:17,320 --> 00:40:18,760

It was not where the attention

1371

00:40:18,760 --> 00:40:20,840

of sounding high-boiled,

1372

00:40:20,840 --> 00:40:22,600

because I immediately tried to add,

1373

00:40:22,600 --> 00:40:24,760

but we are policy-less than one,

1374

00:40:24,760 --> 00:40:26,280

to the granular elements,

1375

00:40:26,840 --> 00:40:29,480

and we have written all of the chief contactee,

1376

00:40:29,480 --> 00:40:30,680

and asked them,

1377

00:40:30,680 --> 00:40:32,280

if they were sending the elements,

1378

00:40:32,280 --> 00:40:33,800

and if they were the 10 public hearings,

1379

00:40:34,440 --> 00:40:37,160

or they're writing such and such and so on.

1380

00:40:37,160 --> 00:40:40,040

Now, that answer should have been,

1381

00:40:40,040 --> 00:40:41,560

since no, I don't think so,

1382

00:40:41,560 --> 00:40:42,200

it's a border,

1383

00:40:42,200 --> 00:40:43,320

it's just an indication,

1384

00:40:43,320 --> 00:40:45,880

we don't think anyone is good when we clarify elements.

1385

00:40:46,520 --> 00:40:49,720

While I was rushing through trying to get to my main points,

1386

00:40:50,360 --> 00:40:52,440

before Mike Walsh could cut me off,

1387

00:40:52,440 --> 00:40:54,440

and that's why it sounds very explosive,

1388

00:40:55,320 --> 00:40:58,280

it was not an insult type of answer,

1389

00:40:58,280 --> 00:41:01,080

but it was not a very quick answer to get on to,

1390

00:41:01,080 --> 00:41:02,280

for my few minutes or so.

1391

00:41:03,240 --> 00:41:05,160

Well, I hope you realize that you have

1392

00:41:05,720 --> 00:41:09,000

plenty of time to give us some of that information.

1393

00:41:09,000 --> 00:41:09,880

Childhand.

1394

00:41:09,880 --> 00:41:13,640

There was a question that was suggested as one of the

1395

00:41:13,640 --> 00:41:14,040

A's,

1396

00:41:14,040 --> 00:41:15,800

thankfully we never written any about 20,

1397

00:41:15,800 --> 00:41:17,720

it was just kept to be too long,

1398

00:41:17,720 --> 00:41:18,680

and cut it down off.

1399

00:41:19,640 --> 00:41:22,600

I don't know how I would like to find out a context,

1400

00:41:23,640 --> 00:41:24,440

and somebody said,

1401

00:41:24,440 --> 00:41:25,640

believe I'm writing text,

1402

00:41:25,640 --> 00:41:26,520

since I would check,

1403

00:41:26,520 --> 00:41:28,440

don't care if we're in the U.S. making a text,

1404

00:41:29,000 --> 00:41:32,760

and perhaps to see that there were two or three people there,

1405

00:41:33,320 --> 00:41:34,920

and that they were in no way connected,

1406

00:41:34,920 --> 00:41:35,720

with America,

1407

00:41:35,720 --> 00:41:37,160

and I would insist that one of them

1408

00:41:37,160 --> 00:41:38,600

not be connected with my class,

1409

00:41:39,400 --> 00:41:42,120

I never want to get away with actual of these people,

1410

00:41:42,120 --> 00:41:43,000

to see whether,

1411

00:41:43,000 --> 00:41:44,040

on a certain condition,

1412

00:41:44,040 --> 00:41:44,840

they would accept it,

1413

00:41:44,840 --> 00:41:45,880

or whether it's,

1414

00:41:45,880 --> 00:41:48,120

and also whether it's in public hearing,

1415

00:41:48,120 --> 00:41:49,320

and anybody who has to do that,

1416

00:41:49,320 --> 00:41:49,960

to just check.

1417

00:41:51,800 --> 00:41:53,160

If I remember correctly,

1418

00:41:54,600 --> 00:41:55,800

two people did,

1419

00:41:56,520 --> 00:41:59,240

one of them was Angelou Chees,

1420

00:42:00,040 --> 00:42:00,840

fantastic.

1421

00:42:01,480 --> 00:42:04,280

Now, I also agree to submit to a live,

1422

00:42:04,280 --> 00:42:08,520

I will have to check that I remember,

1423

00:42:08,520 --> 00:42:09,560

it was to that effect,

1424

00:42:09,560 --> 00:42:10,440

I don't understand,

1425

00:42:10,440 --> 00:42:13,080

I think we have it in the magazine here, right?

1426

00:42:13,080 --> 00:42:15,640

We could just be surprised that we got,

1427

00:42:15,640 --> 00:42:16,440

but what happened?

1428

00:42:17,000 --> 00:42:18,280

Well, the point is this,

1429

00:42:18,280 --> 00:42:19,400

we have stated that,

1430

00:42:19,400 --> 00:42:20,600

is whenever that happens,

1431

00:42:20,600 --> 00:42:21,800

able to have been shown,

1432

00:42:22,360 --> 00:42:24,280

it's going to be an expensive proposition

1433

00:42:24,280 --> 00:42:26,920

to transport somebody from the West Coast,

1434

00:42:26,920 --> 00:42:30,680

and to put them up for whatever time the text will be shown,

1435

00:42:30,680 --> 00:42:32,280

and I also have always said,

1436

00:42:33,080 --> 00:42:33,880

but I felt that,

1437

00:42:33,880 --> 00:42:34,440

I should be,

1438

00:42:34,440 --> 00:42:36,200

the rest of the additional financial findings

1439

00:42:36,200 --> 00:42:37,080

should come first.

1440

00:42:37,880 --> 00:42:38,760

Nature keyhole,

1441

00:42:38,760 --> 00:42:42,120

don't you think that's a rather unfortunate situation?

1442

00:42:42,120 --> 00:42:42,680

In other words,

1443

00:42:43,960 --> 00:42:46,040

let us say as an example,

1444

00:42:46,040 --> 00:42:47,640

that I, one night,

1445

00:42:47,640 --> 00:42:49,000

coming from this microphone,

1446

00:42:49,000 --> 00:42:52,040

and I was saying that I was riding down the Jersey Chesson Pike,

1447

00:42:52,040 --> 00:42:54,520

and I saw a light in the sky,

1448

00:42:54,520 --> 00:42:57,640

and something landed near the side of a highway,

1449

00:42:57,640 --> 00:43:00,840

and it was an emulsion spaceship,

1450

00:43:00,840 --> 00:43:01,720

and I took a ride,

1451

00:43:02,120 --> 00:43:03,320

and of course I do this show,

1452

00:43:03,320 --> 00:43:05,160

and there's some people would believe me,

1453

00:43:05,160 --> 00:43:06,520

and many people wouldn't believe me,

1454

00:43:06,520 --> 00:43:07,720

the same as any of the others,

1455

00:43:07,720 --> 00:43:10,760

so immediately you hear about it,

1456

00:43:10,760 --> 00:43:12,840

and you send me one of these forms,

1457

00:43:12,840 --> 00:43:13,720

and they're out,

1458

00:43:13,720 --> 00:43:14,600

and I said out,

1459

00:43:14,600 --> 00:43:15,320

and I agreed,

1460

00:43:15,320 --> 00:43:16,680

yes, by all means,

1461

00:43:16,680 --> 00:43:17,640

that major keyhole,

1462

00:43:17,640 --> 00:43:18,680

bring the light attack,

1463

00:43:18,680 --> 00:43:19,400

the attack something.

1464

00:43:20,600 --> 00:43:21,000

Of course,

1465

00:43:21,640 --> 00:43:23,080

you possibly sent this far,

1466

00:43:23,080 --> 00:43:25,000

maybe to 40 or 50 people,

1467

00:43:25,000 --> 00:43:28,600

and I am one of three people who have agreed

1468

00:43:28,600 --> 00:43:30,120

to submit to the light attack.

1469

00:43:30,760 --> 00:43:31,800

The outcome of it is,

1470

00:43:31,800 --> 00:43:34,120

you don't have this available at the present time.

1471

00:43:35,000 --> 00:43:38,200

Wouldn't you say that this would sort of imply

1472

00:43:39,320 --> 00:43:40,520

that I am honest,

1473

00:43:40,520 --> 00:43:42,440

and that I'm telling a legitimate story

1474

00:43:42,440 --> 00:43:44,200

because I'm willing to submit to it?

1475

00:43:45,240 --> 00:43:47,480

I wouldn't say very employee that 100%.

1476

00:43:47,480 --> 00:43:49,400

You know, it's not a lot of people

1477

00:43:49,400 --> 00:43:51,080

that will agree to anything

1478

00:43:51,080 --> 00:43:53,800

because we are convinced of what they're saying.

1479

00:43:53,800 --> 00:43:55,480

You know that sometimes,

1480

00:43:55,480 --> 00:43:57,640

a man can be so convinced of the truth,

1481

00:43:57,640 --> 00:43:58,920

as he said at the next time,

1482

00:44:00,120 --> 00:44:02,360

but he's been looking for so many years to say,

1483

00:44:02,360 --> 00:44:03,560

I've been following that, too.

1484

00:44:03,560 --> 00:44:04,840

Yeah, I think that's possible.

1485

00:44:05,960 --> 00:44:07,480

The whole thing was unfortunate.

1486

00:44:07,480 --> 00:44:09,320

I did not want to cook the role

1487

00:44:09,320 --> 00:44:11,720

in this contact business to a fool

1488

00:44:11,720 --> 00:44:13,080

because I thought that

1489

00:44:13,080 --> 00:44:13,960

you have to,

1490

00:44:13,960 --> 00:44:16,280

the first job is to convince the American people,

1491

00:44:16,280 --> 00:44:17,320

and the press,

1492

00:44:17,320 --> 00:44:18,200

he still believes.

1493

00:44:18,760 --> 00:44:19,480

After that,

1494

00:44:19,480 --> 00:44:21,240

they're saying to move on orders.

1495

00:44:21,240 --> 00:44:23,560

So don't you think that's the easy way,

1496

00:44:23,560 --> 00:44:24,120

and believe me,

1497

00:44:24,120 --> 00:44:25,880

I'm not being critical of you saying,

1498

00:44:25,880 --> 00:44:27,640

nice, that I'm not in the mission to be,

1499

00:44:27,640 --> 00:44:29,160

and I don't think that's my right to be.

1500

00:44:29,800 --> 00:44:33,640

But you said you're major CEO,

1501

00:44:34,440 --> 00:44:36,200

and you tell us about these findings,

1502

00:44:36,200 --> 00:44:37,800

and they're still really interesting.

1503

00:44:38,920 --> 00:44:40,120

And of course,

1504

00:44:40,120 --> 00:44:45,000

you have no tangible proof to a voice this morning,

1505

00:44:45,000 --> 00:44:47,720

which that's the fact that this pilot,

1506

00:44:47,720 --> 00:44:48,520

and that pilot,

1507

00:44:48,520 --> 00:44:50,040

and this Air Force General,

1508

00:44:50,040 --> 00:44:50,920

has made the statement.

1509

00:44:50,920 --> 00:44:52,360

These are final mandates,

1510

00:44:52,360 --> 00:44:54,280

but don't you think it would prove more

1511

00:44:54,280 --> 00:44:55,560

to the American public

1512

00:44:55,560 --> 00:44:57,800

that there is something to this voice

1513

00:44:57,800 --> 00:44:58,840

that could be proven?

1514

00:44:59,160 --> 00:45:00,440

That these pilots and plane

1515

00:45:00,440 --> 00:45:01,400

that they've been talking to,

1516

00:45:01,400 --> 00:45:02,680

the motions and motions,

1517

00:45:02,680 --> 00:45:03,560

and it could be proven

1518

00:45:03,560 --> 00:45:04,600

that they're telling the truth?

1519

00:45:04,600 --> 00:45:05,720

I don't buy it myself.

1520

00:45:05,720 --> 00:45:06,600

I actually made it.

1521

00:45:06,600 --> 00:45:07,000

All right?

1522

00:45:07,000 --> 00:45:09,240

I really easy as to tell me the idea,

1523

00:45:09,240 --> 00:45:12,200

but this is something that I also have to answer,

1524

00:45:12,200 --> 00:45:12,360

right,

1525

00:45:12,360 --> 00:45:14,280

because you're on a little question,

1526

00:45:14,280 --> 00:45:16,200

about not having anything tangible.

1527

00:45:17,160 --> 00:45:19,000

There are photographs,

1528

00:45:19,000 --> 00:45:21,880

and there are great photographs of radar scope,

1529

00:45:21,880 --> 00:45:24,440

so in triangulation of objects,

1530

00:45:24,440 --> 00:45:26,040

and there are pieces of metal,

1531

00:45:26,040 --> 00:45:26,840

which is called

1532

00:45:26,920 --> 00:45:29,160

some objects which have disintegrated,

1533

00:45:29,160 --> 00:45:30,520

and which we found in Europe

1534

00:45:30,520 --> 00:45:31,400

just before we did.

1535

00:45:32,040 --> 00:45:33,800

So I would say that it is sometimes,

1536

00:45:33,800 --> 00:45:34,680

or ever.

1537

00:45:34,680 --> 00:45:35,560

Now to go into this,

1538

00:45:36,920 --> 00:45:39,800

I know quite a lot of very misty people,

1539

00:45:39,800 --> 00:45:40,200

ma'am,

1540

00:45:40,200 --> 00:45:41,080

and a number of

1541

00:45:42,040 --> 00:45:43,320

who's castes in Washington.

1542

00:45:44,520 --> 00:45:44,920

I said,

1543

00:45:44,920 --> 00:45:46,360

what is your opinion?

1544

00:45:46,360 --> 00:45:48,920

What's the best policy for life yet?

1545

00:45:48,920 --> 00:45:50,200

That's why I was put in there,

1546

00:45:50,200 --> 00:45:50,680

and in the air,

1547

00:45:50,680 --> 00:45:52,360

but sometimes we show a lot of them,

1548

00:45:52,360 --> 00:45:52,600

and so on.

1549

00:45:52,600 --> 00:45:53,400

But anyway,

1550

00:45:54,360 --> 00:45:54,920

I said,

1551

00:45:54,920 --> 00:45:58,520

that's not what you personally believe.

1552

00:45:59,160 --> 00:46:02,120

It is smart to concentrate on your factual studies,

1553

00:46:02,120 --> 00:46:03,560

because the minute you start here

1554

00:46:03,560 --> 00:46:04,520

on any other angle,

1555

00:46:04,520 --> 00:46:05,640

you're going to lose the plan.

1556

00:46:06,520 --> 00:46:08,840

Then you will start being ridiculed,

1557

00:46:08,840 --> 00:46:11,240

and so they accept that's God I started.

1558

00:46:11,240 --> 00:46:12,200

Really, accept them,

1559

00:46:12,200 --> 00:46:15,000

and not the minute you start signing with all you do,

1560

00:46:15,000 --> 00:46:16,920

it could be the best advice we can give you,

1561

00:46:16,920 --> 00:46:18,280

it's not even emotional.

1562

00:46:19,080 --> 00:46:20,200

So, so you have to know,

1563

00:46:20,200 --> 00:46:21,000

this keeps still.

1564

00:46:21,720 --> 00:46:23,240

So I thought that at first,

1565

00:46:23,720 --> 00:46:24,440

it didn't work.

1566

00:46:25,000 --> 00:46:26,200

The pressure's built up,

1567

00:46:26,200 --> 00:46:27,480

because there are many things

1568

00:46:27,480 --> 00:46:28,600

who are conservative

1569

00:46:28,600 --> 00:46:30,360

and still these things are true.

1570

00:46:30,360 --> 00:46:32,280

And some people who accept all of them,

1571

00:46:32,840 --> 00:46:34,280

and some people accept the few.

1572

00:46:35,880 --> 00:46:37,000

The pressure just so great,

1573

00:46:37,000 --> 00:46:40,200

but I was accused of clamping a win.

1574

00:46:40,200 --> 00:46:42,600

Say I only got five exposed censorship,

1575

00:46:42,600 --> 00:46:43,880

and I'm clamping a win on it,

1576

00:46:43,880 --> 00:46:44,520

on my story.

1577

00:46:44,520 --> 00:46:45,400

So I said, all right.

1578

00:46:46,040 --> 00:46:46,840

So I could, you know,

1579

00:46:46,840 --> 00:46:49,160

revise one article for a better policy.

1580

00:46:49,160 --> 00:46:50,600

And we set out these questions,

1581

00:46:50,600 --> 00:46:52,200

and we did not send you a lot of people,

1582

00:46:52,200 --> 00:46:54,680

because we selected the best normal.

1583

00:46:55,720 --> 00:46:57,240

So by now I think hundreds

1584

00:46:57,960 --> 00:46:59,880

of people in contact with communication,

1585

00:46:59,880 --> 00:47:00,680

see on the board.

1586

00:47:01,400 --> 00:47:04,440

So, it didn't satisfy anybody.

1587

00:47:05,400 --> 00:47:07,640

It's because people that don't believe in the law,

1588

00:47:07,640 --> 00:47:08,120

they don't say,

1589

00:47:08,120 --> 00:47:09,800

what are you borrowing your rights for?

1590

00:47:09,800 --> 00:47:11,080

What's the idea?

1591

00:47:11,080 --> 00:47:13,400

Now, we've not made up for the fact that organizations,

1592

00:47:13,400 --> 00:47:15,240

but people who agree with the context of all this,

1593

00:47:15,240 --> 00:47:16,440

they said, you know,

1594

00:47:16,440 --> 00:47:19,000

I trained the first people to take a law to get to say.

1595

00:47:19,560 --> 00:47:22,040

It was obvious that there's no better way than it was.

1596

00:47:22,120 --> 00:47:27,000

I think we'll say that I had tried very hard,

1597

00:47:27,000 --> 00:47:27,960

and tonight's class,

1598

00:47:27,960 --> 00:47:29,560

this is the first time that I have said anything,

1599

00:47:29,560 --> 00:47:32,200

it's time with a little hardball.

1600

00:47:32,200 --> 00:47:33,400

I tried very hard to say,

1601

00:47:33,400 --> 00:47:34,760

really, I'm going to be impartial.

1602

00:47:34,760 --> 00:47:36,120

If anybody can bring an answer,

1603

00:47:36,120 --> 00:47:38,680

we'll prove it will convince not many,

1604

00:47:38,680 --> 00:47:40,120

but the advisors on the board,

1605

00:47:41,160 --> 00:47:43,880

that we'll be out and writing on the back of the panel.

1606

00:47:45,000 --> 00:47:45,320

Sha?

1607

00:47:46,360 --> 00:47:48,040

Now, which leads up to a good question,

1608

00:47:48,120 --> 00:47:51,960

I wonder if perhaps you as the director of my cap

1609

00:47:51,960 --> 00:47:54,280

or perhaps the panel key,

1610

00:47:54,280 --> 00:47:59,000

I'll try to see if that's the contact stories

1611

00:47:59,000 --> 00:48:00,440

by damaging your case.

1612

00:48:01,960 --> 00:48:03,480

I think they are the way

1613

00:48:03,480 --> 00:48:05,880

it sets us all beautiful reality

1614

00:48:05,880 --> 00:48:07,720

by most people in the United States.

1615

00:48:07,720 --> 00:48:10,280

And I said that in a state of the policy,

1616

00:48:10,280 --> 00:48:12,600

you know, I think I was thinking of the issue.

1617

00:48:13,880 --> 00:48:15,880

I said, no matter what people are,

1618

00:48:15,880 --> 00:48:17,480

why don't you take a few seats,

1619

00:48:18,120 --> 00:48:21,320

and let's prove that these findings are correct.

1620

00:48:21,320 --> 00:48:23,320

Take the most factual ones you can get,

1621

00:48:23,320 --> 00:48:25,320

and the ones from this paper by,

1622

00:48:25,320 --> 00:48:27,800

and the best-of-priced by the individual,

1623

00:48:28,360 --> 00:48:32,040

objected, nothing can stop investigational,

1624

00:48:32,040 --> 00:48:33,240

every phase, everything,

1625

00:48:33,240 --> 00:48:35,400

the communication planes, the contact planes,

1626

00:48:36,520 --> 00:48:38,600

every angle will immediately be explored,

1627

00:48:38,600 --> 00:48:41,400

because then it will be the biggest story it's got.

1628

00:48:41,400 --> 00:48:42,280

And I'll jump on it,

1629

00:48:42,280 --> 00:48:44,120

you'll have thousands of people writing

1630

00:48:44,120 --> 00:48:45,560

and talking about it from there on.

1631

00:48:46,280 --> 00:48:49,320

So let's get the facts in there.

1632

00:48:49,320 --> 00:48:51,480

And that's the one thing the Air Force is worried about.

1633

00:48:51,480 --> 00:48:53,160

They want the contact stories,

1634

00:48:53,160 --> 00:48:56,120

because it helps them to wrap it up.

1635

00:48:56,120 --> 00:48:58,280

Now, I've been being similar over,

1636

00:48:58,280 --> 00:49:00,040

there may be a guy with a contact story

1637

00:49:00,040 --> 00:49:02,200

that is absolutely 100% true,

1638

00:49:02,200 --> 00:49:03,560

and he's been crucified.

1639

00:49:05,000 --> 00:49:07,160

I will admit that in my book,

1640

00:49:08,200 --> 00:49:09,480

particularly the second one,

1641

00:49:10,360 --> 00:49:11,640

I took some cracks.

1642

00:49:11,640 --> 00:49:13,640

And I treated the subject very lightly,

1643

00:49:14,600 --> 00:49:16,360

if I would write another one now,

1644

00:49:16,360 --> 00:49:17,480

I don't know what I would do.

1645

00:49:17,480 --> 00:49:19,960

I probably would stay for my set policy,

1646

00:49:19,960 --> 00:49:21,320

and keep writing with them.

1647

00:49:21,320 --> 00:49:21,720

I'll ever.

1648

00:49:22,280 --> 00:49:24,680

One brief question that made you feel,

1649

00:49:25,720 --> 00:49:28,760

you have made the statement a couple of times this morning

1650

00:49:28,760 --> 00:49:30,840

that you feel that the government

1651

00:49:31,560 --> 00:49:33,480

is actually a sort of a big brother.

1652

00:49:33,480 --> 00:49:35,320

You're going to tell us the things that they think

1653

00:49:35,320 --> 00:49:37,320

that we can stand here,

1654

00:49:37,320 --> 00:49:39,000

and the things that we shouldn't hear,

1655

00:49:39,000 --> 00:49:40,360

they're not going to tell us about.

1656

00:49:41,000 --> 00:49:42,040

Now, in other words,

1657

00:49:42,120 --> 00:49:45,960

what you've implied is that they possibly know

1658

00:49:45,960 --> 00:49:46,920

as much as you do,

1659

00:49:46,920 --> 00:49:48,600

maybe even a little bit more

1660

00:49:48,600 --> 00:49:51,160

about these things that are flying around,

1661

00:49:51,160 --> 00:49:53,960

and possibly they know that they're coming to Mother's friends.

1662

00:49:53,960 --> 00:49:55,000

You've said it before,

1663

00:49:55,000 --> 00:49:57,640

but anyway, no, my question is just this,

1664

00:49:58,440 --> 00:50:02,920

is it possible that there may be some foreign government,

1665

00:50:02,920 --> 00:50:05,240

and talking about a government on this planet,

1666

00:50:05,800 --> 00:50:07,400

that maybe they've developed something

1667

00:50:08,200 --> 00:50:09,960

that acts like people,

1668

00:50:10,680 --> 00:50:12,840

and maybe our government is familiar with the fact

1669

00:50:12,840 --> 00:50:15,880

that it's maybe something that was built by election,

1670

00:50:15,880 --> 00:50:18,200

and that they don't want to tell us that,

1671

00:50:18,200 --> 00:50:21,640

because they're afraid that it may cause too much yet consent.

1672

00:50:22,520 --> 00:50:24,920

Well, that approach was the first after the

1673

00:50:25,480 --> 00:50:27,560

the Air Force and the Navy and the Army

1674

00:50:27,560 --> 00:50:30,280

considered back in 47 when they had the mass fighting.

1675

00:50:30,280 --> 00:50:33,400

And there were a lot of scared people running around the very dawn,

1676

00:50:34,120 --> 00:50:36,360

when these things finally seemed to be real.

1677

00:50:36,360 --> 00:50:39,000

And then they began to start,

1678

00:50:39,000 --> 00:50:42,440

and to believe that they still had a terrific lead here.

1679

00:50:43,320 --> 00:50:45,720

And listen, two years since the end of World War II,

1680

00:50:45,720 --> 00:50:49,480

and the devastated factories, and we've had nothing,

1681

00:50:49,480 --> 00:50:51,640

and all of a sudden they've got a perfect global weapon,

1682

00:50:52,440 --> 00:50:54,760

else these are coming from somewhere else.

1683

00:50:54,760 --> 00:50:57,800

So they did an easy intelligence job.

1684

00:50:57,800 --> 00:50:59,880

The end of six months, when we opened the British,

1685

00:51:00,600 --> 00:51:03,560

they had ruled out any possibility this could be Russian.

1686

00:51:03,560 --> 00:51:06,120

And now, that's the time for menace that they were Russian.

1687

00:51:06,120 --> 00:51:10,520

It was given that suppression for actually since the middle of World War II,

1688

00:51:11,240 --> 00:51:13,000

the Russians had something in operation,

1689

00:51:13,000 --> 00:51:15,480

or maybe it was the Germans, and that's the trick of the word.

1690

00:51:15,480 --> 00:51:17,880

And then they were protected by 47.

1691

00:51:18,440 --> 00:51:21,640

For one year, they've been building ordinary ships

1692

00:51:21,640 --> 00:51:24,360

and working like knives and build missiles and get weapons in the air.

1693

00:51:24,360 --> 00:51:27,320

When they already had, they all did this for six to five, some weapons.

1694

00:51:28,200 --> 00:51:30,440

They were letting us go fight them.

1695

00:51:30,440 --> 00:51:32,760

And all they had to do was take one of these things,

1696

00:51:32,760 --> 00:51:36,040

and say, we are ready to have it over the center,

1697

00:51:36,120 --> 00:51:39,480

which is okay until tomorrow, and everybody better get out of there,

1698

00:51:39,480 --> 00:51:41,720

because when we have it, we will adopt something,

1699

00:51:41,720 --> 00:51:45,480

and they could prove it without any doubt, and they will rule the world by now.

1700

00:51:45,480 --> 00:51:49,880

And we'll just do any possible use of a Soviet axis,

1701

00:51:49,880 --> 00:51:53,400

and the US secret weapon, and so it was about the same way,

1702

00:51:53,400 --> 00:51:57,720

because we wouldn't be so afraid, and we're certainly not afraid of the Russians in the air,

1703

00:51:58,680 --> 00:52:01,240

and we would not be building ordinary ships and missiles.

1704

00:52:02,200 --> 00:52:05,720

At some point in the film, I had some cars running,

1705

00:52:05,720 --> 00:52:08,600

which was Mr. Ryan Holt Schmidt, and caught in the breast,

1706

00:52:08,600 --> 00:52:13,720

and I reviewed the six-page letter, and put through a letter I had sent him.

1707

00:52:14,520 --> 00:52:17,960

And I do have the impression, I may be entirely wrong,

1708

00:52:18,680 --> 00:52:22,840

that NICE-HAP has signed a letter, or a questionnaire, has contacted it.

1709

00:52:22,840 --> 00:52:24,280

Do you have any recollection of it?

1710

00:52:24,280 --> 00:52:25,160

No, we do not.

1711

00:52:25,160 --> 00:52:26,280

You do not.

1712

00:52:26,280 --> 00:52:31,160

No, in fact, I think it was through some confusion,

1713

00:52:31,240 --> 00:52:33,960

there between my man and my wife and my man Wayne A. Holt,

1714

00:52:35,560 --> 00:52:40,120

because I received a call from a radio station on this paper out there,

1715

00:52:40,760 --> 00:52:44,280

wanting to know what we had asked Mr. Schmidt, and I said,

1716

00:52:44,280 --> 00:52:45,800

we haven't asked him anything.

1717

00:52:45,800 --> 00:52:49,880

I said, well, he said that the head of this Washington officer group had asked him.

1718

00:52:49,880 --> 00:52:52,120

I said, well, he said, he's our A. Holt.

1719

00:52:52,120 --> 00:52:53,880

Sometimes the main thing can see us.

1720

00:52:53,880 --> 00:52:57,720

I assume there's no relationship between the A. Eliot and our...

1721

00:52:58,440 --> 00:53:00,840

So he's called your name A. Holt.

1722

00:53:01,960 --> 00:53:05,880

The A. Holt, his major Wayne A. Holt, and his Arthur A. Holt.

1723

00:53:06,760 --> 00:53:10,520

That brother who's associated with George V. Tassel, Arthur A. Holt,

1724

00:53:10,520 --> 00:53:11,640

and then another one.

1725

00:53:12,280 --> 00:53:18,760

But I'm interested primarily in the claim of Nick Tristan, so to speak, and Schmidt.

1726

00:53:18,760 --> 00:53:22,200

I don't have a lot of wisdom, but the idea basically,

1727

00:53:22,200 --> 00:53:24,760

what he expressed in this paper, is that he's Smithland himself,

1728

00:53:24,760 --> 00:53:27,560

before he might have some liberal tendencies.

1729

00:53:27,560 --> 00:53:30,440

So he was put away by a salty athlete for a little bit.

1730

00:53:30,440 --> 00:53:32,200

So that didn't make much sense to me.

1731

00:53:32,200 --> 00:53:35,800

I ain't just entirely false, George, but John wants to make...

1732

00:53:35,800 --> 00:53:37,800

I'll have to take it for a moment anyway, gentlemen.

1733

00:53:39,880 --> 00:53:44,840

But in connection with the effort, I'd like to ask the major if you had any idea

1734

00:53:44,840 --> 00:53:48,120

why there apparently has been a change in policy.

1735

00:53:48,120 --> 00:53:52,200

I assume the house will have changed from the early 50s to the present time.

1736

00:53:52,760 --> 00:53:54,600

Would that be due to the pressure on the house?

1737

00:53:55,880 --> 00:54:01,160

So it was due to the fact that the one time one group was a little more powerful,

1738

00:54:01,160 --> 00:54:05,000

and then somebody would be transferred, and then another top level officer would

1739

00:54:05,560 --> 00:54:06,840

come in and fill his weight.

1740

00:54:07,800 --> 00:54:15,000

The policy, the first 1947, was one of the bathroom looks and let's see what's going on.

1741

00:54:15,000 --> 00:54:19,960

And then they began to suspect what it was, and put it under wraps, and then

1742

00:54:20,920 --> 00:54:26,680

it was really, you know, 9.48, but sometimes about putting it out, and that got knocked down.

1743

00:54:26,680 --> 00:54:30,840

And then it was completely under wraps for a couple of years.

1744

00:54:30,840 --> 00:54:33,800

It made the game to get open again with his serious about it.

1745

00:54:33,800 --> 00:54:38,280

In 52, they finally decided let's get it out and tell the people,

1746

00:54:38,280 --> 00:54:43,720

even though we don't have proof before answers, and in 53, they almost got away with it,

1747

00:54:43,720 --> 00:54:45,800

and then it was knocked down at heart.

1748

00:54:45,800 --> 00:54:49,480

And from that on, it's just that your strippers get tighter and tighter.

1749

00:54:50,280 --> 00:54:57,480

Even in Congress, things that they have put in writing before, and you put the side to side,

1750

00:54:57,480 --> 00:54:58,200

it's obvious.

1751

00:54:58,200 --> 00:55:00,120

Well, you can't, well, the things can't be true.

1752

00:55:00,120 --> 00:55:05,640

In fact, that's the only thing that appears, the very time we're there, so that's the other deal.

1753

00:55:06,760 --> 00:55:10,600

You know, the other one, some theaters have the secretary order,

1754

00:55:11,160 --> 00:55:16,120

saying it was safe to believe that the Air Force was controlling anything,

1755

00:55:16,120 --> 00:55:18,520

and I do not qualify this in any way.

1756

00:55:20,200 --> 00:55:21,800

But right now, that was the 22nd.

1757

00:55:21,800 --> 00:55:27,880

On the 23rd of January, Captain Gregory H. Oldenburg, the Langley Air Force Base, Virginia,

1758

00:55:28,520 --> 00:55:33,080

wrote orders to one of the NICAP members who were asked if he could submit an advertisement

1759

00:55:33,640 --> 00:55:36,920

to running the Langley Flyer at the base of his paper.

1760

00:55:37,560 --> 00:55:41,480

And all it was, was saying, we'd like to hear from those interested in forming a local authority

1761

00:55:41,480 --> 00:55:45,880

after a nice little investigation that worked on the original flying surface in your post.

1762

00:55:46,840 --> 00:55:51,640

Uh, with the public dissemination of the data from Tate, and this Captain says,

1763

00:55:51,640 --> 00:55:55,720

and this is our Air Force stationery, I objected to the running of this ad because I felt

1764

00:55:56,280 --> 00:56:02,280

that it would encourage Air Force personnel to violate President Air Force policy,

1765

00:56:02,280 --> 00:56:05,720

and specifically Air Force regulations 200 days to.

1766

00:56:06,440 --> 00:56:10,040

Within 24 hours, that's the Air Force stationery, so nobody's denying anything

1767

00:56:10,600 --> 00:56:11,800

if the land comes out right.

1768

00:56:12,120 --> 00:56:17,320

Not only that, at the bottom of this, asked to turn down a much weaker advertisement.

1769

00:56:17,880 --> 00:56:22,280

He says, I wrote a wording in these two ads that's been changed, and it's my belief that

1770

00:56:22,280 --> 00:56:27,560

one of the objectives of your organization is the public dissemination of data on unidentified

1771

00:56:27,560 --> 00:56:33,400

flying objects. As I pointed out to you on the 23rd of January, this is contrary to Air Force policy

1772

00:56:33,400 --> 00:56:39,560

and regulations. Now that's all record. Here's a man who says he forgets the policy and regulations

1773

00:56:39,640 --> 00:56:44,280

to disseminate any data to assist and protect the air get gone, and says we're not hiding the

1774

00:56:44,280 --> 00:56:49,800

things. On top of that, there's General Kelly writes a letter to Nightcap, and which he says,

1775

00:56:51,880 --> 00:56:56,120

you will note that this release reaffirms the United States Air Force position as to the

1776

00:56:56,120 --> 00:57:01,960

non-existence of flying surface. Shortly after that, he wrote a letter to, or called a little

1777

00:57:01,960 --> 00:57:07,560

after that, to send the gold warrant, asking about my being, or felt the air, and that was

1778

00:57:07,560 --> 00:57:12,920

based by Horner himself, in which he says the allegations of the vehicle, for some

1779

00:57:12,920 --> 00:57:19,880

to avail information are you opposed entirely or not? We don't believe and why.

1780

00:57:21,000 --> 00:57:28,440

I'd like to ask you one question, Major C. Holt. You mentioned earlier this morning that

1781

00:57:30,120 --> 00:57:36,760

New South Atok, the Air Force, told the producer and the writer of the Unstone Circle Theater

1782

00:57:37,320 --> 00:57:44,600

that certain material should be deleted from that telecast. This was your impression. Am I right?

1783

00:57:44,600 --> 00:57:51,320

Yes. Am I misclosing you? I was told yes, sir. If this is true, and I have no reason to believe

1784

00:57:51,320 --> 00:57:58,120

otherwise, why is it that I can sit up here seven nights a week, and I certainly don't want to

1785

00:57:58,120 --> 00:58:04,040

appear to be an egotist, but this is a great and important show for the nation. But nevertheless,

1786

00:58:04,120 --> 00:58:10,360

it is available to a lot of people. A lot of people can listen to it because we cover 27 states.

1787

00:58:11,000 --> 00:58:17,560

And how is it that no one came over to me and said this, or sent me a wire or a letter and said,

1788

00:58:17,560 --> 00:58:24,200

John, when you have this telekino on tonight, don't let him say anything about the Air Force.

1789

00:58:24,760 --> 00:58:29,240

Don't let him say this, that, and anything. In very good ways, you don't have an Air Force

1790

00:58:29,240 --> 00:58:36,600

representative in this room. I am such a... Do you not go to be able to let me speak freely?

1791

00:58:36,600 --> 00:58:39,000

I want to tell someone this. Maybe.

1792

00:58:48,280 --> 00:58:54,760

I have heard some stories, maybe, about the Air Force having been given, I don't think the

1793

00:58:54,760 --> 00:59:03,320

words sing this would apply, various films of view follows, and that having been returned.

1794

00:59:09,000 --> 00:59:16,360

Will that happen? That's not the same thing. Usually those cases, the Air Force asks for the

1795

00:59:16,360 --> 00:59:21,720

original, and in one case that I know of, because I was right in the middle, I helped handle it,

1796

00:59:22,120 --> 00:59:28,200

they would give the man a copy or two. When he got the copy, he swore up and down they were

1797

00:59:28,200 --> 00:59:33,560

useless and demanded the original back. I don't know whatever happened. In that particular case,

1798

00:59:34,120 --> 00:59:38,520

I'm not sure that these things were bonafide, useful, but they looked really like faux dogs.

1799

00:59:39,240 --> 00:59:43,080

But regardless, he didn't get his original back the last time I heard about it.

1800

00:59:43,080 --> 00:59:48,840

But those other things, they weren't supposed to be sinister about three men, but they were black.

1801

00:59:49,800 --> 00:59:54,360

I'm personally no part of the finished fearless, or anything. This is something like that.

1802

00:59:56,360 --> 01:00:04,600

That's the end. No, but anyway, no one has ever tried to silence me except in one case where

1803

01:00:04,600 --> 01:00:09,560

they tried to argue me and not write it, to not write anymore about the

1804

01:00:09,560 --> 01:00:14,280

express and friendly rights of our client's company. That was done in the open, though,

1805

01:00:14,280 --> 01:00:17,720

but then in the office of General Sery Smith, who was then director of this race,

1806

01:00:17,720 --> 01:00:21,000

was there for the whole land press conference. They did very bold,

1807

01:00:21,640 --> 01:00:26,280

of intelligence and two theories, and they tried to convince me that everything I had

1808

01:00:26,280 --> 01:00:32,200

heard was wrong and when I stopped talking, I said, no, I'm more convinced, Mary,

1809

01:00:32,200 --> 01:00:36,680

you people are sitting on something and you said, well, we've wasted our time. But there's nothing

1810

01:00:36,680 --> 01:00:44,040

else. That's right. What do you think are the prospects that I have made, and what can be done

1811

01:00:44,040 --> 01:00:50,120

to improve and enlarge the organization? Well, that's quite a question, and it's a very

1812

01:00:50,120 --> 01:00:59,320

good, a great answer. When I went in there a year ago, January, I was told that within a very short

1813

01:00:59,320 --> 01:01:04,680

time, there would be successful funds of money coming into a law to fill it up. We'd have an

1814

01:01:04,680 --> 01:01:09,800

editor and a tour assistant and a promotion man and public relations, and the other, all which

1815

01:01:09,800 --> 01:01:19,640

was badly needed. The sum was estimated at around \$50,000. On the basis of this, I announced the

1816

01:01:19,640 --> 01:01:25,480

Micabagazine and sent letters to all people who read my books, and we sent out quite a number of

1817

01:01:25,480 --> 01:01:30,920

them, and we had acceptance rates, and then after the acceptance rate, the people who were going

1818

01:01:30,920 --> 01:01:37,640

to donate \$1,000 in amounts to \$5,000 in peace, in most cases, each one to get away to the other.

1819

01:01:38,440 --> 01:01:45,000

So as a result, here at Micabagazine, our commitment to publishing a magazine, which we put out and

1820

01:01:45,000 --> 01:01:49,560

said it's just to borrow what we took from them. So, it's quite a sweat and shed. I think it was

1821

01:01:49,560 --> 01:01:55,080

right. It was just about that and then a little bit more, because some of us shared desperation,

1822

01:01:55,080 --> 01:02:02,120

but we did with the magazine out, and it was written to be as new and as much new material

1823

01:02:02,200 --> 01:02:08,600

as possible. We all donated to Fullerton, and we have done our best to keep going. It's by the

1824

01:02:08,600 --> 01:02:13,880

fact we have such a small staff down there. I personally donated my time to Slab, QX,

1825

01:02:13,880 --> 01:02:20,040

and I don't know how long I keep on doing that, but Micab, overnight, could become a very terrific

1826

01:02:20,040 --> 01:02:27,480

success if it doesn't have a large membership. It says all it needs is a large membership,

1827

01:02:28,440 --> 01:02:32,360

and a few people, of course, who have been able to have actually signed in donations

1828

01:02:33,400 --> 01:02:37,880

besides their membership. But I have a very close buddy relationship. Do you have any? I don't know

1829

01:02:37,880 --> 01:02:44,680

about major fighting, about how many members it would be necessary to have in order to

1830

01:02:45,560 --> 01:02:52,360

have a successful organization? Well, of course, it would be very wonderful if we had 10,000 members,

1831

01:02:52,440 --> 01:02:59,000

but we could do much less than that. If we had, in addition, we have now, if we had

1832

01:03:00,360 --> 01:03:06,920

25,000 more members, the 3,000 more, our problems would be taken care of, because I would immediately

1833

01:03:06,920 --> 01:03:11,720

get a hold of an editor. In fact, I put my eyes on my friend John Newbury over here, he used to be on

1834

01:03:11,720 --> 01:03:17,080

two magazines. But someone who knows the subject, it could really take over. So I've been trying to be

1835

01:03:17,080 --> 01:03:24,120

director of the publication plan and not doing a good job in any of it. Would you clarify,

1836

01:03:24,120 --> 01:03:32,680

now, perhaps more of us as a mother organization? No, we were afraid that there would be some jealousy

1837

01:03:32,680 --> 01:03:40,920

on the part of existing organizations. And of course, I think they felt, too, that we were trying

1838

01:03:40,920 --> 01:03:46,200

to take them over. And so we got along very well with most of them, not so well with them. I don't

1839

01:03:46,280 --> 01:03:51,320

care too much for our policy, it's a little bit of a policy, for instance. But we are learning

1840

01:03:51,320 --> 01:03:55,880

much from women, so most of all, we get information from them, and we'll be glad to cooperate even

1841

01:03:55,880 --> 01:03:59,240

more with them, for a better future. And now you must have one thing, I'm going to talk to this,

1842

01:03:59,880 --> 01:04:05,560

on a cooperation. We offered the Air Force cooperation, too. Back in July, we offered them an

1843

01:04:05,560 --> 01:04:12,040

eight point, I think it's an eight point plan. And someone said, which way is gentlemen, what,

1844

01:04:12,040 --> 01:04:16,680

would we consider negative evidence that was possible? We said to the Air Force,

1845

01:04:16,680 --> 01:04:23,480

you claim that you have explained all but 3% of the sightings. If you will ever have a 97%

1846

01:04:24,680 --> 01:04:28,920

of the cases, such as the security involved and they're all explained, there's no reason why you

1847

01:04:28,920 --> 01:04:33,640

should lose them. We will turn them over to our advisors and body governors. If we agree, you

1848

01:04:33,640 --> 01:04:38,920

may fully explain them. We will let the Air Force certainly have done everything they claim,

1849

01:04:38,920 --> 01:04:44,920

they have explained that 97%. We will write back about, say, list this a bit, but I'll go home.

1850

01:04:45,720 --> 01:04:51,480

Air Force said, we don't want any part of you. So we've not released anything. They said an

1851

01:04:51,480 --> 01:04:59,160

official letter saying, we just need our help. I have one more question, major. On the unfurl

1852

01:04:59,160 --> 01:05:06,520

circle theater, I recall a statistical breakdown as to the number of unexplained and insufficient

1853

01:05:06,520 --> 01:05:12,360

information. I don't recall the breakdown. It was 1.9 or something on unexplained and

1854

01:05:12,360 --> 01:05:19,240

12.5 insufficient. In your opinion, should the 12.5 insufficient, that is the number,

1855

01:05:19,240 --> 01:05:26,360

be classified as insufficient information or unexplained? I would have to see each case to

1856

01:05:26,360 --> 01:05:31,880

answer that, but I'll tell you one thing. That 1.9 is very misleading because that is what they

1857

01:05:31,880 --> 01:05:38,200

call the current situation. Now, until November 15th last year, they were advertising that they

1858

01:05:38,200 --> 01:05:46,520

explained all the 3%. Then they just said suddenly to 1.9. But what they don't let the public realize

1859

01:05:46,520 --> 01:05:51,880

is that they have a base backlog of unexplained cases. It goes back into the special report 14.

1860

01:05:51,880 --> 01:05:57,080

Then you have the table right in the back that shows 19.5% of this group unexplained, which is

1861

01:05:57,080 --> 01:06:06,520

about 650. The total today is well over 700, but 750 unexplained cases, all more than 12% of the total.

1862

01:06:07,560 --> 01:06:11,560

Colin Haley? I know that's a quite thin public metric, you know.

1863

01:06:13,080 --> 01:06:20,520

It was dated May 6th, 1955. A friend of mine, who was higher from the Pentagon, told me at that time,

1864

01:06:20,520 --> 01:06:25,560

he said, they're going to let that go just in time to mark off the new book coming out in May.

1865

01:06:26,280 --> 01:06:30,280

I thought that's very interesting, and Haley Holt will appreciate that because the book's

1866

01:06:30,280 --> 01:06:35,960

in the middle of about one third written, and it won't be out for much. And this called me up later,

1867

01:06:35,960 --> 01:06:40,200

and he said, they just signed out to books about coming out, and they slapped it secretly,

1868

01:06:40,200 --> 01:06:44,680

but they're going to hold it. But they held it until October. And this time,

1869

01:06:45,480 --> 01:06:50,440

Les Princefield, who put out a cry for, made a mistake and said in his book that I was coming out in

1870

01:06:50,440 --> 01:06:56,200

November, with the first of the conspiracy, and I asked him, the private blockhead from Robert

1871

01:06:56,200 --> 01:07:02,440

White, got orders from top sides, let it go. So let it go, and the first man around the Pentagon,

1872

01:07:02,440 --> 01:07:07,960

and at any time, can get the things, and say, what's it all about? That's the time of the day.

1873

01:07:08,520 --> 01:07:14,600

He said, wait, here it is, explain all the good things around the story, and all the other things.

1874

01:07:15,400 --> 01:07:19,080

And then I looked at it until after December, but that time things were sort of cruel. And also,

1875

01:07:19,080 --> 01:07:22,680

the Ruebler's book was coming out, but he said they were not the book of it at the same time.

1876

01:07:23,560 --> 01:07:28,920

And that is a misleading document, I think, as there has been put out. I don't see the lines of

1877

01:07:28,920 --> 01:07:34,440

the people, but it is a complete blunder on this paper that they've ever been published,

1878

01:07:35,000 --> 01:07:37,960

and I've ever seen. This is a deliberate deception.

1879

01:07:39,000 --> 01:07:45,480

Magic, see how, that doesn't be air for it, why make it? Well, they know very well, as our intention

1880

01:07:45,800 --> 01:07:52,360

was to get everything out in the open, and to try to get the answers made available to the press.

1881

01:07:54,280 --> 01:07:59,560

One suggestion we had was to send all those huge press conferences, and bring out everything,

1882

01:07:59,560 --> 01:08:05,000

and we would be over there giving our side and asking questions to the little staff out in the open,

1883

01:08:05,000 --> 01:08:10,280

and that's one thing they will never agree to. So there were too many questions that were just not,

1884

01:08:10,280 --> 01:08:16,680

they couldn't answer. And that's also why we want this sort of investigation, couldn't answer,

1885

01:08:16,680 --> 01:08:23,320

or they don't want to answer. Oh, they can answer, so most of them, but I do think there are some

1886

01:08:23,320 --> 01:08:28,040

things that they don't understand even yet about these. I'm not even sure they know the bodies,

1887

01:08:28,040 --> 01:08:33,400

but I'm sure they know that these things operate in cycles, and they probably know the method

1888

01:08:33,400 --> 01:08:38,840

of propulsion. I think they do have a good idea of the types of things involved, or not sure of that.

1889

01:08:39,400 --> 01:08:43,400

And they know very well, as they're real, as they're from some other part of the universe.

1890

01:08:44,280 --> 01:08:47,800

Could you repeat that again a little bit? No, they're real. Now, who knows? They're

1891

01:08:47,800 --> 01:08:54,120

unfortunately. The Air Force knows what the objects are real, and the objects are the intelligence

1892

01:08:54,120 --> 01:08:59,560

control of the, from some other part of the universe. Either also from the outside.

1893

01:09:00,360 --> 01:09:05,080

How much top state is that? Did they in 1953, when they were, after they were, had as a

1894

01:09:05,080 --> 01:09:12,120

information, a real kind of done? No, he didn't say it that way. What he said was that there was a

1895

01:09:14,200 --> 01:09:19,800

there was a secret report, which has been held up, and I found out which one it was. I played

1896

01:09:19,800 --> 01:09:26,200

it all, that was a 4-nil report, and then the, but the 1948 report was the big one. That was the one

1897

01:09:26,200 --> 01:09:33,480

where TIC declared these things were in a planetary spaceship. And even though all the Air Force doesn't

1898

01:09:33,480 --> 01:09:39,960

accept it, that was the top brain of that time in intelligence. Thank you very, very much,

1899

01:09:39,960 --> 01:09:44,280

your major keyhole. I certainly appreciate it, and I know I let Ms. Dill

1900

01:09:45,720 --> 01:09:51,400

to have the opportunity of hearing your opinions on this subject, and I sincerely hope that

1901

01:09:52,280 --> 01:09:57,480

when and if you do come back to New York, and if you can spare the time that you will join us

again.
