

1

00:00:00,000 --> 00:00:10,160

Welcome to all the delegates to the seventh annual Congress of Scientific Ufologists,

2

00:00:10,160 --> 00:00:16,520

and to all those officials who have once again made it all possible.

3

00:00:16,520 --> 00:00:23,000

It is with great pride that I address this wonderful group, and my only regret is that

4

00:00:23,000 --> 00:00:28,040

I could not personally attend.

5

00:00:28,040 --> 00:00:35,280

So through the kind permission of the real pioneers in ufology, Mr. Grape Barker and

6

00:00:35,280 --> 00:00:43,240

Jim Mosley, I have been granted the privilege of speaking to this gathering.

7

00:00:43,240 --> 00:00:50,040

Many here have without any doubt read the book, Flying Saucers and the Three Men, and

8

00:00:50,040 --> 00:00:53,720

therefore what I am about to relate will not be new.

9

00:00:53,720 --> 00:01:01,800

However, I would like to rehash the incidents that led up to more recent happenings.

10

00:01:01,800 --> 00:01:07,240

I have completed a manuscript for a second book telling of these new incidents in great

11

00:01:07,240 --> 00:01:16,080

detail, but so is not to make this a long discourse, I will not enlarge on each one.

12

00:01:16,080 --> 00:01:23,160

I will leave that to the book which Mr. Barker is reviewing at the present time.

13

00:01:23,160 --> 00:01:29,640

After my message, I would like all to personally speak to Mr. Barker if you want to read more

14

00:01:29,640 --> 00:01:33,080

about what has taken place.

15

00:01:33,080 --> 00:01:39,760

I also want to state here and now that many have the opinion that small fortunes have been

16

00:01:39,760 --> 00:01:47,600

made from flying saucers and the Three Men, but may I tell you now that this is not true,

17

00:01:47,600 --> 00:01:53,280

and I have personally donated mine to charity.

18

00:01:53,280 --> 00:01:59,360

The subject of my discourse this evening will be the world of cake.

19

00:01:59,360 --> 00:02:05,000

I am not sure how many in the audience have read my book, but for those that haven't,

20

00:02:05,000 --> 00:02:11,080

I will first give you a short resume of what happened to me so that I may get to the main

21

00:02:11,080 --> 00:02:15,720

subject matter of tonight's message.

22

00:02:15,720 --> 00:02:23,880

In the year 1952, I organized a group called the International Flying Saucer Bureau, one

23

00:02:23,880 --> 00:02:31,760

of the first organizations to study UFO, and tried to diagnose the many stories that were

24

00:02:31,760 --> 00:02:37,400

appearing in the daily newspapers about sightings.

25

00:02:37,400 --> 00:02:42,360

The group expanded until we had branches all around the world.

26

00:02:42,360 --> 00:02:48,880

We published a quarterly called Space Review, which contained a news of interest to all

27

00:02:48,880 --> 00:02:53,920

members about UFOs in general.

28

00:02:53,920 --> 00:03:01,480

During the month of July 1952, I was plagued by many strange incidents involving such

29

00:03:01,480 --> 00:03:08,640

things as mysterious phone calls which seemed to convey messages to me telepathically to

30

00:03:08,640 --> 00:03:13,760

discontinue my study of the UFO problem.

31

00:03:13,760 --> 00:03:20,880

I was annoyed by a strange person with glowing eyes at a local cinema, and bluish lights and

32

00:03:20,880 --> 00:03:26,760

the smell of sulfur seemed to dominate my room at times.

33

00:03:26,760 --> 00:03:31,080

As I walked along the city streets at night, I had the feeling that I was being lifted

34

00:03:31,080 --> 00:03:36,320

off the ground, and bluish lights would appear above my head.

35

00:03:36,320 --> 00:03:42,120

I was tormented by excruciating headaches almost every other day.

36

00:03:42,120 --> 00:03:49,320

An uncanny atmosphere enveloped me, and I had the sensation that someone or something

37

00:03:49,320 --> 00:03:54,320

was trying to gain control of my very body.

38

00:03:54,320 --> 00:04:02,480

In March of 1953, the IFSB conducted an experiment in mental telepathy.

39

00:04:02,480 --> 00:04:08,080

It was to be a mass participation by all members throughout the world.

40

00:04:08,080 --> 00:04:13,520

Mimeographed copies of the experiment were sent out to all members, showing the exact

41

00:04:13,520 --> 00:04:18,200

time and the message they must convey.

42

00:04:18,200 --> 00:04:25,840

At the exact moment, I myself joined in the endeavor and proceeded to send out the communications

43

00:04:25,840 --> 00:04:29,560

to any space beings that might be able to receive it.

44

00:04:29,920 --> 00:04:36,000

Little did I know at the time that I would be the one contacted.

45

00:04:36,000 --> 00:04:42,200

During my younger years, I had delved into the occult and the supernatural, and also

46

00:04:42,200 --> 00:04:49,200

learned from my parents that some of my ancestors were punished for the study and practice of

47

00:04:49,200 --> 00:04:51,320

witchcraft.

48

00:04:51,320 --> 00:04:57,240

I wondered at that time if some of this power might have rubbed off on me, and that I might

49

00:04:57,240 --> 00:05:00,200

too possess a hidden force.

50

00:05:00,200 --> 00:05:06,080

My answers to all this were forthcoming this very night, when I suddenly felt a strange

51

00:05:06,080 --> 00:05:13,920

chill over my whole body, and could feel myself floating in the air above my bed.

52

00:05:13,920 --> 00:05:20,520

A strange message was conveyed to me, which was telepathic in its entirety.

53

00:05:20,520 --> 00:05:22,880

It went like this.

54

00:05:22,880 --> 00:05:26,760

We have been watching you and your activities.

55

00:05:26,760 --> 00:05:32,640

Please be advised to discontinue delving into the mysteries of the universe.

56

00:05:32,640 --> 00:05:36,120

We will make an appearance if you disobey.

57

00:05:36,120 --> 00:05:41,600

We have a special assignment and must not be disturbed by your people.

58

00:05:41,600 --> 00:05:45,160

We are among you and know your every move.

59

00:05:45,160 --> 00:05:49,760

So please be advised we are here on your earth.

60

00:05:49,760 --> 00:05:55,880

With this the voice faded away, but I could sense something was watching me.

61

00:05:55,880 --> 00:06:01,000

My body seemed to drop suddenly, and I once again regained my senses and realized that

62

00:06:01,000 --> 00:06:03,400

was on my bed.

63

00:06:03,400 --> 00:06:09,840

The room was filled with yellow mist, and not far from my bed was a shadow, resembling

64

00:06:09,840 --> 00:06:16,480

that of a man, but as I made a move to rise from the bed, it vanished.

65

00:06:16,480 --> 00:06:21,400

The yellow mist was gradually fading, and my room was returning to normal.

66

00:06:21,400 --> 00:06:26,440

The smell of sulfur lingered in my room for almost two days.

67

00:06:26,440 --> 00:06:32,120

In July of the same year, when I returned from a summer vacation, I was visited by three

68

00:06:32,120 --> 00:06:34,560

men in black.

69

00:06:34,560 --> 00:06:40,680

We have heard so much about the three men in black since this first instance.

70

00:06:40,680 --> 00:06:46,600

They seemed to float off the floor, but were closed similar to an earth clergyman.

71

00:06:46,600 --> 00:06:50,800

They frightened me half to death, since I did not know they were present until I got

72

00:06:50,800 --> 00:06:56,840

a strange prickly sensation on the back of my neck, as if I could feel someone staring

73

00:06:56,840 --> 00:06:59,080

at me.

74

00:06:59,080 --> 00:07:04,200

When I turned about there they were looking at me, from the center of the room, with their

75

00:07:04,200 --> 00:07:06,520

strange glowing eyes.

76

00:07:06,520 --> 00:07:12,920

Their eyes seemed to penetrate my very soul, and I experienced a burning sensation, extreme

77

00:07:12,920 --> 00:07:15,720

pain above my right eye.

78

00:07:15,720 --> 00:07:20,000

They did not speak, but I could understand the message they were conveying to me.

79

00:07:20,000 --> 00:07:24,440

It definitely was telepathic, and here is the message.

80

00:07:24,440 --> 00:07:29,840

You have dedicated yourself to the solution of the strange problem of unidentified objects

81

00:07:29,840 --> 00:07:32,080

in your atmosphere.

82

00:07:32,080 --> 00:07:37,800

Your interest is deep and sincere, and you have devoted many hours to it.

83

00:07:37,800 --> 00:07:43,200

We also know that such interest and determination might lead to something that could bring you

84

00:07:43,200 --> 00:07:45,200

harm.

85

00:07:45,200 --> 00:07:50,520

We feel that you are a very good contact for us on your planet earth.

86

00:07:50,520 --> 00:07:56,520

You are an average person, and we know that what we tell you and show you will not be

87

00:07:56,520 --> 00:07:59,920

believed by anyone you might tell.

88

00:07:59,920 --> 00:08:04,320

You are not a person of great renown on your planet, therefore we have nothing to fear

89

00:08:04,320 --> 00:08:06,600

at present.

90

00:08:06,600 --> 00:08:11,720

We have a purpose for being here, and we will be here for some time yet.

91

00:08:11,720 --> 00:08:15,280

We must not be disturbed in our ultimate goal.

92

00:08:15,280 --> 00:08:19,080

As you see us here, we are not in our natural form.

93

00:08:19,080 --> 00:08:24,440

We have found it necessary to take on the look of your people while we are here.

94

00:08:24,440 --> 00:08:31,120

This is mainly used as a means of returning here without being detected by anyone.

95

00:08:31,120 --> 00:08:37,440

We have made numerous contacts with earth by means of crafts from our base, and at present

96

00:08:37,440 --> 00:08:41,600

we have craft hidden at a remote spot on your planet.

97

00:08:41,720 --> 00:08:46,320

We have found it necessary to go to great extremes at times to frighten off your earth

98

00:08:46,320 --> 00:08:50,440

people, and that has resulted in some deaths.

99

00:08:50,440 --> 00:08:55,720

We also found it necessary to carry off earth people, to use their bodies to disguise our

100

00:08:55,720 --> 00:08:57,120

own.

101

00:08:57,120 --> 00:09:02,560

We wish to keep in touch with you and tell you many things, because one day you will

102

00:09:02,560 --> 00:09:07,280

write about this, and we are certain that nobody will believe you, but you will be much

103

00:09:07,280 --> 00:09:10,680

wiser than anyone else on your planet.

104

00:09:10,680 --> 00:09:15,000

You will know what is out there in space, and you will know what the future holds for

105

00:09:15,000 --> 00:09:17,080

your mankind.

106

00:09:17,080 --> 00:09:20,000

You will see all three of us again.

107

00:09:20,000 --> 00:09:24,480

We will leave with you a small piece of metal similar to your coins.

108

00:09:24,480 --> 00:09:28,960

It is to be kept in a secret place of your own.

109

00:09:28,960 --> 00:09:33,200

We wish to have you come with us at a time to be announced to you soon.

110

00:09:33,200 --> 00:09:38,040

Thus was the gist of the message that was conveyed, and true to their promise they did

111

00:09:38,040 --> 00:09:39,720

return to me.

112

00:09:39,720 --> 00:09:45,840

I was actually taken astrally from my room to a room within the glass dome, which certainly

113

00:09:45,840 --> 00:09:50,240

must have been the inside of a small spacecraft.

114

00:09:50,240 --> 00:09:53,000

Hereby means a screen similar to our TV screen.

115

00:09:53,000 --> 00:09:59,800

I was shown the marvels of their planet, somewhere out in the vast limits of space.

116

00:09:59,800 --> 00:10:05,360

The most outstanding thing explained to me was that all celestial bodies in the universe

117

00:10:05,360 --> 00:10:09,120

are created from one central body.

118

00:10:09,120 --> 00:10:13,840

They claim that their planet is much older than ours, since they were created long before

119

00:10:13,840 --> 00:10:15,440

Earth.

120

00:10:15,440 --> 00:10:20,520

All of the solar systems are formed from the central source, which is so powerful that you

121

00:10:20,520 --> 00:10:23,000

could not even approach it by light years.

122

00:10:23,000 --> 00:10:28,400

It is a vast glowing body so immense one cannot calculate its density.

123

00:10:28,400 --> 00:10:34,600

It is the creator of all of us, and more families of planets are constantly being formed and

124

00:10:34,600 --> 00:10:37,880

thrown into orbits of their own.

125

00:10:37,880 --> 00:10:43,560

At the outer edge of this vast system, there is a great dark void where no planets have

126

00:10:43,560 --> 00:10:49,360

yet been formed, but as new systems at the center are formed, the dark void seems to

127

00:10:49,360 --> 00:10:53,000

push away to make room for the new bodies.

128

00:10:53,000 --> 00:10:58,520

They explain that their main purpose here on Earth was to extract a substance from our

129

00:10:58,520 --> 00:11:00,400

seawater.

130

00:11:00,400 --> 00:11:06,520

Their main laboratory for processing was located in the Antarctica, where a large mothership

131

00:11:06,520 --> 00:11:08,880

was buried under the ice.

132

00:11:08,880 --> 00:11:15,280

The smaller craft were actually carrying the water to this lab for conversion.

133

00:11:15,280 --> 00:11:21,160

That they were using this extracted material for some purpose was not revealed to me.

134

00:11:21,160 --> 00:11:26,360

This was kept a secret as long as I was in contact with these people.

135

00:11:26,360 --> 00:11:31,480

At a much later date, I was taken astrally to the lab in the Antarctica and witnessed

136

00:11:31,480 --> 00:11:33,760

the process they were using.

137

00:11:33,760 --> 00:11:38,640

I saw flying saucers landing and taking off on the mothership as they brought in their

138

00:11:38,640 --> 00:11:40,480

supply from the sea.

139

00:11:40,480 --> 00:11:47,560

However, my main topic is not what happened to me then, but more about the planet from

140

00:11:47,560 --> 00:11:50,480

which these people originated, Keik.

141

00:11:50,480 --> 00:11:55,240

I would like to tell you how they live and about their environment.

142

00:11:55,240 --> 00:12:02,360

All of this was shown to me by means of small TV-like screens in the room inside the mothership,

143

00:12:02,360 --> 00:12:08,360

and the person lecturing to me was one of the exalted ones from the planet.

144

00:12:08,360 --> 00:12:14,640

By exalted one, it means that on the planet Keik there are three sexes, male, female, and

145

00:12:14,640 --> 00:12:19,520

a third sex, not like any of the other two.

146

00:12:19,520 --> 00:12:25,760

They are few but are considered to be the exalted ones and sort of act like leaders,

147

00:12:25,760 --> 00:12:29,040

and are looked upon as the learned ones.

148

00:12:29,040 --> 00:12:31,760

Keik is about twice the size of Earth.

149

00:12:31,760 --> 00:12:36,080

The surface of the planet is not suitable for living.

150

00:12:36,080 --> 00:12:40,280

Looking at it through a telescope you would see a surface so similar to the surface of

151

00:12:40,280 --> 00:12:41,560

our own moon.

152

00:12:41,560 --> 00:12:47,000

However, the craters would be entrances to cities rather than the pit marks of meteors.

153

00:12:47,000 --> 00:12:51,920

They could underground, but are vast in size.

154

00:12:51,920 --> 00:12:58,280

In order to get from one city to another, they have elevated platforms inside these craters,

155

00:12:58,280 --> 00:13:03,120

which raise and lower themselves, revealing towers and landing platforms for their small

156

00:13:03,120 --> 00:13:04,720

craft.

157

00:13:04,720 --> 00:13:09,440

Inside these towers are transparent tubes with small elevators which carry people to

158

00:13:09,440 --> 00:13:11,520

the landing fields.

159

00:13:11,520 --> 00:13:15,120

This is their only means of travel above ground.

160

00:13:15,120 --> 00:13:19,760

Below the surface in their cities they have monorails, which operate freely throughout

161

00:13:19,760 --> 00:13:25,760

the vast system of buildings connected by transparent tubular roadways, supported only

162

00:13:25,760 --> 00:13:28,640

by the structures they connect.

163

00:13:28,640 --> 00:13:34,080

These monorail cars operate in the center of the tubular roadways in both directions,

164

00:13:34,080 --> 00:13:38,960

and pathways on each side provide walks for people.

165

00:13:38,960 --> 00:13:44,520

At various points throughout the city there are large areas free of buildings, where vegetation

166

00:13:44,520 --> 00:13:49,360

and large pools of clear water are permitted to exist.

167

00:13:49,360 --> 00:13:55,720

The vegetation, unlike any I had ever seen in my life, the trees are of odd shapes, yet

168

00:13:55,720 --> 00:13:57,760

they bear a fruit.

169

00:13:57,760 --> 00:14:03,320

Small plants close to the ground resemble our pineapple plants, but contain a cluster of

170

00:14:03,320 --> 00:14:06,680

fruit inside a transparent center.

171

00:14:06,680 --> 00:14:11,840

I was told that the fruit was removed from this center, and almost immediately another

172

00:14:11,840 --> 00:14:14,800

cluster started forming.

173

00:14:14,800 --> 00:14:16,880

It is an endless supply.

174

00:14:16,880 --> 00:14:21,600

The only animals that exist on a planet other than the people themselves are small shelled

175

00:14:21,600 --> 00:14:26,200

water creatures that live in the clear crystal bodies of water.

176

00:14:26,200 --> 00:14:31,160

They have no such things as horses, cows, sheep, dogs, cats, and so on.

177

00:14:31,160 --> 00:14:36,560

These people live mostly on vegetables and fruit, and a small fungus type of plant similar

178

00:14:36,560 --> 00:14:39,280

to our mushrooms.

179

00:14:39,280 --> 00:14:43,520

This fungus plant is the main food on the planet and relished as much as a stake would

180

00:14:43,520 --> 00:14:44,840

be here on earth.

181

00:14:44,840 --> 00:14:51,560

It is prepared in many ways, and from the explanation I received it took on several different flavors.

182

00:14:52,000 --> 00:14:57,840

The shelled water creatures are captured and eaten only at certain times of their year.

183

00:14:57,840 --> 00:15:00,960

At other times they are considered poisonous.

184

00:15:00,960 --> 00:15:04,920

They consume the water and made many other type drinks from it mixing with the fruit

185

00:15:04,920 --> 00:15:06,420

juices.

186

00:15:06,420 --> 00:15:10,480

The water is a mineral type water without any impurities.

187

00:15:10,480 --> 00:15:13,520

They have no sea water on their planet.

188

00:15:13,520 --> 00:15:18,400

They told me that the water in these small pools is actually pumped from a source deep

189

00:15:18,400 --> 00:15:23,600

inside the planet itself by an intricate set of machinery.

190

00:15:23,600 --> 00:15:27,080

Many of you are probably wondering about the lighting underground.

191

00:15:27,080 --> 00:15:32,240

I too asked about this and was told that the ceiling of the underground cities is actually

192

00:15:32,240 --> 00:15:37,320

lighted by a substance in the rock itself which gives off a glow much stronger than

193

00:15:37,320 --> 00:15:39,640

electricity.

194

00:15:39,640 --> 00:15:44,120

They have harnessed some of this and use it for powering their machinery.

195

00:15:44,120 --> 00:15:48,200

Night is unknown to them since it never gets dark underground.

196

00:15:48,200 --> 00:15:52,320

They have periods when they would rest or what we call sleep.

197

00:15:52,320 --> 00:15:56,640

Their eyes are equipped with more than one lid, and when they close them it shuts out

198

00:15:56,640 --> 00:15:57,640

all the light.

199

00:15:57,640 --> 00:16:02,920

It is very dark on the surface of the planet, however, since the solar body of their system

200

00:16:02,920 --> 00:16:06,920

is too far off to give them any heat or light.

201

00:16:06,920 --> 00:16:11,720

They are accustomed to extreme temperatures of cold and do not have heated houses like

202

00:16:11,720 --> 00:16:13,400

ours.

203

00:16:13,400 --> 00:16:17,680

Underground the temperature changes from that on the surface, but still too cold for earth

204

00:16:17,680 --> 00:16:19,720

people to exist.

205

00:16:19,720 --> 00:16:23,120

They have no population explosion on Keogh.

206

00:16:23,120 --> 00:16:27,160

This is controlled since the average person lives almost three or four times as long as

207

00:16:27,160 --> 00:16:29,240

an earth being.

208

00:16:29,240 --> 00:16:31,360

The females lay eggs.

209

00:16:31,360 --> 00:16:36,880

These eggs are hatched out when and if someone dies by accident or old age, or when the great

210

00:16:36,880 --> 00:16:42,400

blackness covers the surface of the planet, and people are unable to escape and reach safety

211

00:16:42,400 --> 00:16:44,760

in time.

212

00:16:44,760 --> 00:16:49,760

This blackness is in the form of a toxic gas which kills instantly.

213

00:16:49,760 --> 00:16:54,640

It only happens once in every four years of their means of measuring time.

214

00:16:54,640 --> 00:17:00,280

It gives no warning and envelops the planet in a matter of seconds.

215

00:17:00,280 --> 00:17:05,240

The unlucky ones above surface, not under cover, die immediately.

216

00:17:05,240 --> 00:17:08,960

There was one race on Keogh, just one.

217

00:17:08,960 --> 00:17:11,840

They have no problem of racial prejudice.

218

00:17:11,840 --> 00:17:14,080

They have no real ruler.

219

00:17:14,080 --> 00:17:18,760

Every person is independent, but they look to the exalted ones for guidance and a sort

220

00:17:18,760 --> 00:17:20,320

of spiritual advice.

221

00:17:20,320 --> 00:17:22,560

There is no greed.

222

00:17:22,560 --> 00:17:24,680

There is no crying.

223

00:17:24,680 --> 00:17:27,880

They have an endless supply of food and water.

224

00:17:27,880 --> 00:17:30,400

Everyone takes pride in keeping their cities humming.

225

00:17:30,400 --> 00:17:37,440

There is no monetary system, and therefore no one gets wages for work they perform.

226

00:17:37,440 --> 00:17:39,440

Everyone shares in the fruits of their labor.

227

00:17:39,440 --> 00:17:45,400

There is no want as each person has everything that is needed to sustain life.

228

00:17:45,400 --> 00:17:49,160

Rest periods of long duration follow the work periods.

229

00:17:49,160 --> 00:17:54,320

Love on Keogh is free love, as there is no such thing as marriage.

230

00:17:54,320 --> 00:17:57,320

No one raises a family of children.

231

00:17:57,320 --> 00:18:03,640

This is all undertaken by a special group that works in the vault where the eggs are kept.

232

00:18:03,640 --> 00:18:08,800

The strangest thing of all to me was the fact that all people on Keogh resemble each other

233

00:18:08,800 --> 00:18:11,320

in their own respective sex.

234

00:18:11,320 --> 00:18:16,480

A male would have no reason to want another mate that is more beautiful or charming because

235

00:18:16,480 --> 00:18:20,040

they are so much alike in features.

236

00:18:20,040 --> 00:18:25,800

By special mesmerism, they are capable of changing their appearance into almost anything.

237

00:18:25,800 --> 00:18:30,160

They must, however, have a picture or a sample of what they change into.

238

00:18:30,160 --> 00:18:35,080

They cannot duplicate or copy without something to reproduce from.

239

00:18:35,080 --> 00:18:39,080

This is to scare any person that may do them harm.

240

00:18:39,080 --> 00:18:43,160

While I was under the power of these people from the planet Keogh, I was subjected to

241

00:18:43,160 --> 00:18:48,160

a ray which emitted a powerful ultraviolet type of light.

242

00:18:48,160 --> 00:18:52,520

They told me that I would be protected from any earthly disease and that I would be given

243

00:18:52,520 --> 00:18:56,040

a power that would come gradually.

244

00:18:56,040 --> 00:19:00,720

This power was to be realized sooner than I anticipated.

245

00:19:00,720 --> 00:19:04,600

Already I am frightened to death of what I have already accomplished with this uncanny

246

00:19:04,600 --> 00:19:07,880

force that has been planted in my body.

247

00:19:07,880 --> 00:19:13,120

The power brings no good to myself but only aids me in bringing harm to my enemies.

248

00:19:13,120 --> 00:19:18,080

It is an evil thing and I cannot control it when it overtakes me.

249

00:19:18,080 --> 00:19:22,720

It started with many small things which at first seemed only coincidence, but then as

250

00:19:22,720 --> 00:19:27,440

they continued to happen, I began to get worried.

251

00:19:27,440 --> 00:19:31,920

At the office, for instance, where I worked in Bridgeport many times, people will get

252

00:19:31,920 --> 00:19:34,480

you provoked with the work at hand.

253

00:19:34,480 --> 00:19:37,960

Perhaps many of you have had this happen and you say things under your breath about

254

00:19:37,960 --> 00:19:41,080

the boss, a fellow employee, or so on.

255

00:19:41,080 --> 00:19:46,360

While it started with small things such as this, for instance, a fellow employee got

256

00:19:46,360 --> 00:19:50,440

me in trouble with the works manager and I was called into his office.

257

00:19:50,440 --> 00:19:54,200

After the lecturing from the executive, I went back to my office and after a throbbing

258

00:19:54,200 --> 00:19:58,960

in my head and a strange feeling of floating, I wished his fellow employee would have an

259

00:19:58,960 --> 00:19:59,960

accident.

260

00:19:59,960 --> 00:20:04,000

About two days later he fell out of a tree and injured his back.

261

00:20:04,000 --> 00:20:07,120

Nothing amount of work for three weeks.

262

00:20:07,120 --> 00:20:12,240

While living in Bridgeport, Connecticut, I used to ride the bus to work each morning

263

00:20:12,240 --> 00:20:17,600

and of course all buses had signs inside stating that no smoking was permitted.

264

00:20:17,600 --> 00:20:23,200

I'm a bit allergic to cigar smoke and if I'm near it again, feeling nausea.

265

00:20:23,200 --> 00:20:27,960

I complained to an individual on the bus one morning that he should put a cigar out as

266

00:20:27,960 --> 00:20:32,720

it bothered me, but he only said that if it bothered me I should move to another seat.

267

00:20:32,720 --> 00:20:37,920

Yes I did, but the very next morning when he got on the bus he sat in front of me again,

268

00:20:37,920 --> 00:20:42,040

although there were plenty of other seats.

269

00:20:42,040 --> 00:20:45,880

I capped him on the shoulder and asked him politely if he would put it out, but he said

270

00:20:45,880 --> 00:20:46,880

no.

271

00:20:46,880 --> 00:20:49,560

I then went to see the driver and told him about it.

272

00:20:49,560 --> 00:20:53,480

The driver then turned and told the individual to put out a cigar.

273

00:20:53,480 --> 00:20:56,520

He did, but the very next day he started all over again.

274

00:20:56,520 --> 00:21:01,000

He kept us up continually whenever he found a seat empty in front of me or in back of

275

00:21:01,000 --> 00:21:02,000

me.

276

00:21:02,000 --> 00:21:07,360

I never began to build up in my mind and every time I thought of him terrible thoughts crept

277

00:21:07,360 --> 00:21:11,480

into me of all things to wish upon a person.

278

00:21:11,480 --> 00:21:14,880

I wished he would burn himself severely with his cigar.

279

00:21:14,880 --> 00:21:19,640

About a week later I noticed him missing from the bus and each morning thereafter he did

280

00:21:19,640 --> 00:21:21,760

not show up.

281

00:21:21,760 --> 00:21:26,560

I gathered he was on vacation so I felt relieved to know that I would not be bothered from

282

00:21:26,560 --> 00:21:29,280

the cigar smoke for at least two weeks.

283

00:21:29,280 --> 00:21:34,120

The next week he still was not on the bus and I asked someone on the bus about him and

284

00:21:34,120 --> 00:21:37,320

they seemed surprised that I did not know about it.

285

00:21:37,320 --> 00:21:42,960

He had burned a death in his apartment when his mattress caught on fire from a cigar.

286

00:21:42,960 --> 00:21:48,600

Then I remembered having seen an article somewhere in the paper about a death by smoking in bed

287

00:21:48,600 --> 00:21:52,640

but never connected with him since I did not know his name.

288

00:21:52,640 --> 00:21:57,680

Again I was shocked to think that I had wished this thing upon him and that it had really

289

00:21:57,680 --> 00:22:03,800

materialized because I cause it or not I still don't know.

290

00:22:03,800 --> 00:22:08,480

Another incident that almost certainly proved to me that I must have had some power to cause

291

00:22:08,480 --> 00:22:11,920

the occurrence took place in 1964.

292

00:22:11,920 --> 00:22:16,480

A person in the Bridgeport area that was to me a real friend came to me around Christmas

293

00:22:16,480 --> 00:22:21,000

time and wanted to borrow a sum of money as he was in dire need of cash.

294

00:22:21,000 --> 00:22:25,480

I felt sorry for him since it was the holiday season and drew money out of the bank and

295

00:22:25,480 --> 00:22:27,200

gave it to him.

296

00:22:27,200 --> 00:22:31,160

But the promise that I would get at that within a reasonable time of course.

297

00:22:31,160 --> 00:22:33,920

Two months went by and I did not see or hear from him.

298

00:22:33,920 --> 00:22:37,680

I made a call at his home and his wife would always say he was out.

299

00:22:37,680 --> 00:22:41,440

I finally made him on the street one day and he tried to avoid talking to me.

300

00:22:41,440 --> 00:22:45,360

But I went up and grabbed him by the arm and asked him what was wrong.

301

00:22:45,360 --> 00:22:49,000

He didn't say anything at first and then I asked him outright why he didn't stop around

302

00:22:49,000 --> 00:22:51,120

about the money I had loaned him.

303

00:22:51,120 --> 00:22:54,880

He then said outright, I don't know what you are talking about.

304

00:22:54,880 --> 00:22:57,920

I never got any money from you.

305

00:22:57,920 --> 00:23:00,840

At this he walked away and I didn't see him again.

306

00:23:00,840 --> 00:23:04,520

I tried calling his home by phone but could never get an answer.

307

00:23:04,520 --> 00:23:09,440

This bothered me so much that a strange malice began to develop inside me.

308

00:23:09,440 --> 00:23:12,800

My head throbbed and pained every time I thought about him.

309

00:23:12,800 --> 00:23:16,640

And what he had done to a friend, evil thoughts entered my mind and I wished to do terrible

310

00:23:16,640 --> 00:23:17,640

things to him.

311

00:23:17,640 --> 00:23:22,320

I would lie in bed at night and as these thoughts took control I kept hoping that he would suffer

312

00:23:22,320 --> 00:23:24,480

a terrible death of all things.

313

00:23:24,480 --> 00:23:30,080

I know that this sounds horrible but these things were not my real intentions but this

314

00:23:30,080 --> 00:23:34,920

evil thing was building up in my mind and I couldn't rid myself of it.

315

00:23:34,920 --> 00:23:39,600

This monstrous desire continued to develop and about two weeks later this person while

316

00:23:39,600 --> 00:23:44,880

driving on the parkway one Sunday evening fell asleep at the wheel and ran off the road

317

00:23:44,880 --> 00:23:49,160

after hitting the button and ended up in a clump of trees.

318

00:23:49,160 --> 00:23:54,240

He was hidden from the view of the road and no one had witnessed the accident.

319

00:23:54,240 --> 00:23:59,600

He was pinned in the car and could not move yet one of his main arteries had been severed.

320

00:23:59,600 --> 00:24:03,240

He died from loss of blood before he was discovered.

321

00:24:03,240 --> 00:24:07,680

I was staggered by this incident when I read about it in a newspaper.

322

00:24:07,680 --> 00:24:11,000

Did I or didn't I have something to do with this man's death?

323

00:24:11,000 --> 00:24:12,920

I could not rightly know.

324

00:24:12,920 --> 00:24:18,280

I had wished this upon him but did not dream that it would take place.

325

00:24:18,280 --> 00:24:24,640

These terrible pains that I would experience before wishing this evil upon people at first

326

00:24:24,640 --> 00:24:31,040

the sharp pains darted in and out of my consciousness, pricking and stabbing my eye with intent but

327

00:24:31,040 --> 00:24:33,480

minor annoyance.

328

00:24:33,480 --> 00:24:39,160

Before long the pains came at regular intervals, jabbing their spiked blows at my eye and head

329

00:24:39,160 --> 00:24:42,320

with insect and hammering.

330

00:24:42,320 --> 00:24:47,440

Rying down somewhat eased the conflict in my aching head but soon even this did not

331

00:24:47,440 --> 00:24:49,600

alleviate the situation.

332

00:24:49,600 --> 00:24:54,640

The pains in fact were growing worse and each new assault brought greater discomfort to

333

00:24:54,640 --> 00:24:55,640

me.

334

00:24:55,640 --> 00:25:00,560

I have known friends and others who live with semi-constant headaches, some afflicted with

335

00:25:00,560 --> 00:25:03,200

the awful variety of migraine.

336

00:25:03,200 --> 00:25:07,880

These terrible pains come and go as they will and each everyone the doctor has his reasons

337

00:25:07,880 --> 00:25:09,880

for.

338

00:25:09,880 --> 00:25:12,960

But my affliction was not merely a brutal headache.

339

00:25:12,960 --> 00:25:19,080

I learned this quite to my despair, shortly thereafter, with all these incidents taking

340

00:25:19,080 --> 00:25:20,080

place.

341

00:25:20,080 --> 00:25:25,040

Soon I realized that along with the acute pains over my right eye and in the back of

342

00:25:25,040 --> 00:25:31,760

my head this all strange forceful compulsion would overtake me, a compulsion that defied

343

00:25:31,760 --> 00:25:38,120

natural instincts and betrayed me to thoughts I had never before conjured in my mind.

344

00:25:38,120 --> 00:25:42,480

The mesmerizing depths of this affliction rendered me helpless to combat the personal

345

00:25:42,480 --> 00:25:48,520

viewpoint and natural willpower, something someone was crushing and distorting my values

346

00:25:48,520 --> 00:25:55,400

and judgment, by means of this agitated and curiously undetectable but no less vicious

347

00:25:55,400 --> 00:25:57,240

headache.

348

00:25:57,240 --> 00:26:02,520

Under their dreadful weight I suffered in combat with my own vital forces of decency

349

00:26:02,520 --> 00:26:09,160

and dignity, but it was futile and an impossible battle.

350

00:26:09,160 --> 00:26:17,200

Many times after this, even when I moved to California, this thing came with me.

351

00:26:17,200 --> 00:26:23,120

As you may all know, I moved to California to Bakersfield to manage a motel along with

352

00:26:23,120 --> 00:26:25,320

my wife.

353

00:26:25,320 --> 00:26:31,040

And while at the motel many strange incidents took place, which will be revealed in the

354

00:26:31,040 --> 00:26:37,640

second book if and when it is ever published, and these incidents are startling, and I thought

355

00:26:37,640 --> 00:26:43,280

that I was all finished with the three men in black, but actually I haven't finished

356

00:26:43,280 --> 00:26:45,240

with them, they're still about.

357

00:26:45,240 --> 00:26:51,640

I thought they had gone, and whatever everyone is seeing today here on earth is still with

358

00:26:51,640 --> 00:26:58,960

us, and I'm frightened, and I have tried to do and live the way I should live, but this

359

00:26:58,960 --> 00:27:04,440

thing is in the shadows in the background and keeps coming forth.

360

00:27:04,440 --> 00:27:10,920

I moved from Bakersfield to Los Angeles when all of these incidents took place, and at

361

00:27:10,920 --> 00:27:17,400

the present time I am living in LA and enjoying it now, and haven't been disturbed, but I

362

00:27:17,400 --> 00:27:23,520

have this strange power yet that wants to wish evil upon people.

363

00:27:23,960 --> 00:27:31,240

In addressing you this evening, I would like to say that it isn't anything that anyone

364

00:27:31,240 --> 00:27:38,000

would want to experience or go through very long without suffering for it, and although

365

00:27:38,000 --> 00:27:43,640

I have been suffering with the incidents of wishing evil upon people, it has also brought

366

00:27:43,640 --> 00:27:50,880

me good, which will be brought forth in the book, but this good does not conquer the evil.

367

00:27:51,240 --> 00:27:58,480

The evil is much greater, and therefore in closing this evening I would like to wish

368

00:27:58,480 --> 00:28:04,960

Graebarcker and Jim Mosley and everyone else here at this gathering this evening the best

369

00:28:04,960 --> 00:28:11,400

of luck, best wishes for a very good time and only wish that I could have been here

370

00:28:11,400 --> 00:28:17,760

to enjoy all of these lectures and talks that will be given.

371

00:28:17,760 --> 00:28:24,680

So I will close now and do hope that many of you will drop me a line if and when you

372

00:28:24,680 --> 00:28:26,640

have time.

373

00:28:26,640 --> 00:28:28,000

Thank you very much.
