

1

00:00:00,000 --> 00:00:10,960

are men in black, very provocative subject, and long opinions form against impulsive

2

00:00:10,960 --> 00:00:20,120

subject. And some people have had some very nasty experiences with these gentlemen in

3

00:00:20,120 --> 00:00:30,960

black. And we look forward very much to hearing what our speaker tonight has to say about

4

00:00:30,960 --> 00:00:35,960

someone. Ladies and gentlemen, may I present to Norman Oliver.

5

00:00:35,960 --> 00:00:48,560

Thank you very much, Adam. Well, good evening, ladies and gentlemen. Now, you know, I seem

6

00:00:48,560 --> 00:00:54,800

to be up here so often these days in one capacity or another that I really couldn't blame anyone

7

00:00:54,800 --> 00:00:59,800

for thinking I was doing rather too much of the talking, especially since as you'll see

8

00:00:59,800 --> 00:01:06,040

from your cards, that I appear to be hogging two meetings completely. So firstly, I'd like

9

00:01:06,040 --> 00:01:11,680

to explain how this came about. Now, I put myself down to speak for Cosmos on March the

10

00:01:11,680 --> 00:01:18,320

21st, having just completed the Cosmos program, when I was on to the Baker Safety beforeer

11

00:01:18,320 --> 00:01:24,320

program through to me, saying that it left the February date open for talks by me. And

12

00:01:24,320 --> 00:01:30,320

as I had to get the details off to the printer straight away, I had the alternative either

13

00:01:30,320 --> 00:01:35,520

of leaving tonight's date blank or of giving two talks, one to Cosmos and one to Beutore.

14

00:01:35,520 --> 00:01:41,520

Well, I chose the latter course, which explains why you have to sit and suffer both in February

15

00:01:41,680 --> 00:01:48,680

painting March. You know, I've given a variety of talks, one you've posed, to a variety of

16

00:01:48,680 --> 00:01:55,680

associations and societies. From church, from youth clubs and young conservative associations,

17

00:01:56,240 --> 00:02:03,240

to astronomical associations, via such noble institutions as the Tosridge Women's Institute,

18

00:02:03,240 --> 00:02:09,760

where being the only male present, I was somewhat unnerved and certainly unvoiced by being expected

19

00:02:09,840 --> 00:02:16,880

to change Jerusalem before I began. Through then to the South of the Tens Jewish Society,

20

00:02:16,880 --> 00:02:22,400

where before the lights fell, and I was somewhat beused at first by everyone, everybody wishing

21

00:02:22,400 --> 00:02:28,640

each other a happy new year, when it was only just October. However, it was one thing to give a

22

00:02:28,640 --> 00:02:34,880

talk to people, most of whom haven't the slightest knowledge of the subject, and quite another to

23

00:02:34,880 --> 00:02:40,960

speak to those who are already well-versed in Sors and Law. And even if they don't all we answer,

24

00:02:40,960 --> 00:02:47,520

at least they know all your good questions. First of all, let me make it quite clear that once I've

25

00:02:47,520 --> 00:02:54,320

posed for a title of my talk the question as to whether there are many Blacks, I do not, to my

26

00:02:54,320 --> 00:03:00,640

knowledge, number any of these attention amongst my acquaintances. Neither am I one myself,

27

00:03:00,640 --> 00:03:06,080

nor I sincerely hope that none have managed to creep in here tonight. In fact, quite frankly,

28

00:03:06,080 --> 00:03:11,680

I do not know the answer to my own question. So before someone asks me then why the devil

29

00:03:11,680 --> 00:03:17,600

I'm speaking about them, I'll tell you what I propose to do. This is to give you quite a few

30

00:03:17,600 --> 00:03:24,720

facts on various alleged many Black faces from different parts of the world, to discuss various

31

00:03:24,720 --> 00:03:31,360

lines of thought on the subject, and then leave you to accept or reject any of these as you see fit.

32

00:03:33,280 --> 00:03:38,960

Now at this stage it occurs to me that whilst most of you here know something about many Black

33

00:03:38,960 --> 00:03:45,200

activities, there may well be others who are comparatively new to the subject and are wondering

34

00:03:45,200 --> 00:03:50,560

what the heck that bloke up there's lettering about. We can here, open here, something about

35

00:03:50,560 --> 00:03:57,520

flying saucers. Well very briefly, many Blacks came into prominence quite a few years ago now

36

00:03:58,160 --> 00:04:04,320

when a chap named Al Bender was persuaded to give up his UFO researching activities following

37

00:04:04,320 --> 00:04:11,280

visits by three of these Gentries. Since then quite a few UFO researchers, people who've had UFO

38

00:04:11,280 --> 00:04:16,720

sightings and contact thieves, are alleged to have been so trunched in one way or another and

39

00:04:16,800 --> 00:04:22,320

subsequently spiraled by intimidation and some description. I believe in some cases this may

40

00:04:22,320 --> 00:04:27,120

well have occurred, I'm certainly not saying it's happening. But one thing I would ask you to be

41

00:04:27,120 --> 00:04:34,240

in mind, and that is that most people love a mystery, I do myself. And if I may be forgiven

42

00:04:34,240 --> 00:04:41,040

the paraphrase, may have made a mystery out of a molehill, I said in some case. However to come

43

00:04:41,040 --> 00:04:47,040

to example, there is really so much material that it's a hard job to know where to begin.

44

00:04:48,080 --> 00:04:53,360

But I think that some of the reports and articles in Slaughter News from the state, articles by

45

00:04:53,360 --> 00:04:57,760

John Heale, Great Barker and James Mowley are as good a place as any.

46

00:04:59,680 --> 00:05:05,680

Now in the editorial of Slaughter News of autumn 1967, James Mowley wrote,

47

00:05:05,760 --> 00:05:11,200

Information reaching us during the past few months from several reliable sources

48

00:05:11,840 --> 00:05:17,120

indicates that leading researchers as well as ordinary sources cited throughout the country,

49

00:05:17,920 --> 00:05:23,040

the country course being the USA, are being subjected to an unbelievably complex and

50

00:05:23,040 --> 00:05:29,120

extensive series of frightening events. Among them, a tentative as well as successful

51

00:05:29,120 --> 00:05:36,320

such-up by mysterious strangers usually dressed in dark clothing, weird or threatening phone calls

52

00:05:36,320 --> 00:05:43,680

and letters, and so on. The appearance of cars with meaningless license plates or no plates at all

53

00:05:43,680 --> 00:05:47,360

which have followed certain new parent investigators and the sources they were.

54

00:05:47,920 --> 00:05:52,480

The other events which are so utterly fantastic that we hesitate to put them into print.

55

00:05:53,600 --> 00:05:58,000

Please don't think that we've lost our equilibrium or are nearly trying to gather

56

00:05:58,080 --> 00:06:02,560

UFO investigation. We are merely reporting the evidence which we've uncovered.

57

00:06:03,920 --> 00:06:09,360

It is difficult to pinpoint just where and when and where these events begin.

58

00:06:10,720 --> 00:06:15,600

Our first attempt to bring the truth to our readers regarding this new phase in the mystery

59

00:06:15,600 --> 00:06:21,520

was on a summer issue where we reported that the US Air Force admits still having checked out a

60

00:06:21,520 --> 00:06:27,600

number of cases in which mysterious and postures bearing impressive but completely phoning official

61

00:06:27,680 --> 00:06:33,280

credentials have visited and frightened source fighters in various parts of the United States.

62

00:06:34,800 --> 00:06:39,120

This following report which was from John Keel was later substantiated by an official

63

00:06:39,120 --> 00:06:46,240

Air Force letter dated March 1st 1967 and his editorial says that this letter intended for

64

00:06:46,240 --> 00:06:52,480

distribution to all command is signed by an assistant deputy chief of staff of the Air Force.

65

00:06:52,480 --> 00:06:57,760

I can't help feeling that I'm an assistant deputy chief of staff if someone rather

66

00:06:58,480 --> 00:07:00,400

low down and not high up but still.

67

00:07:02,080 --> 00:07:08,000

Most of this editorial continues, at a recent UFO convention in New York several delegates

68

00:07:08,000 --> 00:07:12,560

claimed to have been watched and followed while walking on the narrow level to the hotel Commodore

69

00:07:13,120 --> 00:07:17,760

by individuals who looked and acted like official military or civilian investigators.

70

00:07:18,720 --> 00:07:23,440

But who as we later learned by checking with the manager had no connection with the hotel.

71

00:07:24,800 --> 00:07:28,480

These men were apparently working out at a room near the hotel's coffee shop

72

00:07:28,480 --> 00:07:33,760

to which they'd access from a low level hall and from the nearby Grand Central Station.

73

00:07:34,960 --> 00:07:40,720

The uneven result was that they had wire tapping equipment set up temporarily in the room

74

00:07:40,720 --> 00:07:44,400

so by the time anyone thought to check this out it was too late.

75

00:07:44,400 --> 00:07:48,400

The convention was over and the men, however they were, had departed.

76

00:07:49,920 --> 00:07:52,960

Well, so much for the excerpt from James Moses' editorial.

77

00:07:53,600 --> 00:07:58,160

In the same issue of Thornton News there are a variety of many black reports quoted

78

00:07:58,880 --> 00:08:03,200

and again I'm not saying I believe or I just believe any particular one.

79

00:08:03,200 --> 00:08:08,240

Though I will say that I don't think it is by any means inconceivable that one or two of them

80

00:08:08,240 --> 00:08:14,400

have seen jazz up a bit. Anyway, here are some of them a year still being 1967.

81

00:08:15,840 --> 00:08:22,080

On August 4th a black Cadillac made a deliberate attempt to run over a UFO witness on the main

82

00:08:22,080 --> 00:08:28,720

street from a Long Island town. Again on Long Island too many Air Force uniforms harassed UFO

83

00:08:28,720 --> 00:08:35,440

witnesses. One of these men identified himself as a Lieutenant Frank Gleibis and threatened

84

00:08:36,160 --> 00:08:42,800

two different people with a revolver warning them to watch out who you talk to. Colonel John

85

00:08:42,800 --> 00:08:48,560

Dorton interviewed at least three Long Island residents and asked them to fill out conjugated

86

00:08:48,560 --> 00:08:54,480

phones which contained involved questions about the witness's personal history. Through a picture

87

00:08:54,480 --> 00:09:00,480

of on Long Island John Keel had a check run on both these men. The Air Force denied that it knew

88

00:09:00,480 --> 00:09:05,200

anything about either one or the domain with those names were assigned anywhere on the island.

89

00:09:06,480 --> 00:09:11,040

Lieutenant Frank Gleibis later turned up in a postman's uniform and was followed by Keel.

90

00:09:11,600 --> 00:09:17,040

Gleibis and another man were engaged in taking photographs of the homes of UFOs cited.

91

00:09:18,080 --> 00:09:24,480

While involved in this investigation Keel had two encounters with a large black Cadillac in an

92

00:09:24,480 --> 00:09:31,520

isolated section of Long Island. In one of these encounters the Cadillac which contained two dark

93

00:09:31,520 --> 00:09:38,160

skinned men was parked and laying in wait on a deserted road. In the other incident Keel did a

94

00:09:38,160 --> 00:09:43,920

turnabout and followed the Cadillac for several months. Also reported the following incidents

95

00:09:43,920 --> 00:09:50,080

alleged to have happened through a Mr Robert Easley of Defiant Sohoia. Now Mr Robert Easley would

96

00:09:50,080 --> 00:09:56,160

seem to be a sort of researcher of some repute holding positions of importance in several UFO

97

00:09:56,160 --> 00:10:04,320

investigations including that of Ohio director of the Interplanetary New Zealand and he was apparently

98

00:10:04,320 --> 00:10:10,560

an assistant investigator to the late Professor Maynard. In the small hours of July the 11th

99

00:10:10,560 --> 00:10:15,520

Mr Easley was awakened by a phone call from a lady who told him that she and seven others were

100

00:10:15,520 --> 00:10:21,760

observing two bright fast-moving UFOs. After she hung up he immediately got dressed and went to the

101

00:10:21,760 --> 00:10:27,840

sea. While checking out this report he noticed that he was being followed by a man in a black

102

00:10:27,840 --> 00:10:34,240

sedan with no license plate. The driver who was a complete stranger to Easley was dressed in black

103

00:10:34,240 --> 00:10:39,840

shoes, black dress trousers and a dark blue furrow of a shoe. He missed out on that one.

104

00:10:40,560 --> 00:10:46,160

On July the 15th he became followed home by the same man in the same car that he was driving his

105

00:10:46,160 --> 00:10:53,760

girlfriend home. When he pulled into her driveway the unknown car sped off. Later that evening as the

106

00:10:53,760 --> 00:10:59,680

two sat talking on the front porch the car came down the road and stopped right in front of the

107

00:10:59,680 --> 00:11:06,160

house as soon as the topic of UFOs entered the conversation. Easley could feel the man staring

108

00:11:06,160 --> 00:11:11,920

at them. When they got off the subject the car left but when they returned to it an hour later

109

00:11:11,920 --> 00:11:18,160

the same car came back again. It was as if the serious driver could hear what they were saying

110

00:11:18,160 --> 00:11:26,720

or could read their mind. On July the 17th Mr Easley was checking out another rather routine report

111

00:11:26,720 --> 00:11:31,280

and the man reappeared and followed him through and from the scene of the sighting dressed in a

112

00:11:31,280 --> 00:11:38,640

parallel of the same clothes was before. Between the 11th and the 17th of July Easley received a total

113

00:11:38,640 --> 00:11:44,960

of 12 strange phone calls. In each case the only sound on the other end of the line was a strange

114

00:11:44,960 --> 00:11:52,480

beeping noise. Each call lasted for about 15 seconds followed by a complete silence. The beep

115

00:11:52,480 --> 00:11:59,600

sounded far away and as if coming from a machine possibly a tape record. No explanation could be

116

00:11:59,600 --> 00:12:05,840

offered by the telephone operator. Easley tends to connect to these unusual events with plans

117

00:12:05,840 --> 00:12:13,280

he had during that period to check out a possible flying saucer landing sighting southern Ohio.

118

00:12:13,280 --> 00:12:18,080

After the area was finally checked and early orbit and found to have no importance after all

119

00:12:18,640 --> 00:12:25,600

the succession of persecutions ceased. Even though it sounds something like a plot from the TV series

120

00:12:25,600 --> 00:12:31,120

The Invaders Easley believes that the aliens wherever they are apparently knew about his plans

121

00:12:31,120 --> 00:12:37,680

to explore the site and rest it easy after nothing was found there. Mr Easley now echoes the warnings

122

00:12:37,680 --> 00:12:44,320

given out many years ago by Albert K. Bender one of the first alleged to be silent by the notorious

123

00:12:44,320 --> 00:12:50,720

three men in black. Bender said that many will remember that extreme caution should be exercised

124

00:12:50,720 --> 00:12:59,440

by all who are investigators. Now there are many more examples I should say alleged examples

125

00:12:59,440 --> 00:13:05,840

of many black activity in this and in other editions of Sourcer News and I'm stressed that all

126

00:13:05,840 --> 00:13:13,040

I'm doing is presenting them to you not vouching for their truth. However before I turn from the

127

00:13:13,040 --> 00:13:20,800

American scene an article written by John Keel again in 1967 is worth quoting from as it is written

128

00:13:20,800 --> 00:13:26,880

from the silencing viewpoint if I may call it that. Personally I do not entirely agree with him

129

00:13:26,880 --> 00:13:33,520

particularly so far as my own experience in this country goes but more of that later. This is what

130

00:13:33,520 --> 00:13:40,480

Keel has to say and I'll quote it. This has I know already been printed in one of the issues of the

131

00:13:40,480 --> 00:13:48,880

before a journal elsewhere but I think it's quite worthwhile to read Keel wrote already thousands

132

00:13:48,880 --> 00:13:54,160

of people in the United States know the full secret believe it or not and thousands more will

133

00:13:54,160 --> 00:14:00,880

have the answer before this year ends. I believe the year was 19 a couple of years ago 1967.

134

00:14:01,520 --> 00:14:07,760

These people comprise a select group which we now call silent contact teams and have been playing

135

00:14:07,760 --> 00:14:14,880

a small but important role in the numerous flecks of the past three years. In my travels

136

00:14:14,880 --> 00:14:19,920

throughout the country in the last year I've uncovered and interviewed dozens of these silent

137

00:14:19,920 --> 00:14:26,400

contact teams. They all have the same story to tell and more important most of them have been given

138

00:14:26,400 --> 00:14:32,720

identical artifacts with truth of their experience. The silent contact teams differ from the over

139

00:14:32,720 --> 00:14:39,760

publicized contact teams of the past in several important ways. First of all they are afraid to

140

00:14:39,760 --> 00:14:45,920

speak up and to be what they know. They find themselves in the midst of a complex conspiracy

141

00:14:45,920 --> 00:14:52,320

which poses personal threats to them and they are involuntarily enlisted to participate in a series

142

00:14:52,320 --> 00:14:58,960

of experiments and adventures which go far beyond anything ever dreamed up by science fiction

writers.

143

00:14:59,600 --> 00:15:06,320

Extensive contacts have actually been going on since 1939 but many have been handled in such a manner

144

00:15:06,320 --> 00:15:11,920

that the contact team did not actually realize what was happening to him and frequently rejected

145

00:15:11,920 --> 00:15:19,920

the whole situation as some kind of host or in some cases as an hallucination or a ghost experience.

146

00:15:21,200 --> 00:15:26,160

In many cases once the contact teams were all in the phenomenon was finished they were somehow

147

00:15:26,320 --> 00:15:33,200

brainwashed and conscious memory of their experiences with white to black. I've learned

148

00:15:33,200 --> 00:15:39,200

other cases in which the silent contact teams either went insane or committed suicide.

149

00:15:40,720 --> 00:15:45,120

A number of very well known new photo searchers have been silent contact teams for years

150

00:15:45,120 --> 00:15:50,160

that of course just sprinkled genuine clues in their books and articles that have never dared to

151

00:15:50,160 --> 00:15:57,040

reveal the whole story. Other prominent anthropologists have been contacted briefly and given specific

152

00:15:57,040 --> 00:16:05,040

information to be deliberately passed on to their readers. Ironically real truth is so bizarre

153

00:16:05,040 --> 00:16:10,720

sensible researchers usually rejected outright until they themselves had post-hand experience.

154

00:16:11,680 --> 00:16:16,400

Many of them find it impossible to cope with emotionally and to make quietly abandon new

155

00:16:16,400 --> 00:16:22,800

photo search in the interest of self-prepavation. Nearly all the speculations and conclusions

156

00:16:22,800 --> 00:16:29,440

of the last two decades are totally false. The celebrated scientific method can not in fact be

157

00:16:29,440 --> 00:16:35,520

successfully applied to this situation. Astronomers and scientists are the people least equipped to

158

00:16:35,520 --> 00:16:40,400

understand the phenomenon thanks for their rigid disciplines and preconceived notions of the universe.

159

00:16:41,360 --> 00:16:46,960

Metaphysicians on the other hand are too galloping and too quick to apply any pseudo-scientific

160

00:16:46,960 --> 00:16:53,600

explanation. There is no simple answer to the mystery. All of the current theories ranging from

161

00:16:53,600 --> 00:16:59,520

extraterrestrial to false dimensional can not actually be applied. Once the researcher has

162

00:16:59,520 --> 00:17:04,880

learned to revise his approach to the subject and discovered the keys to look for in the new cases

163

00:17:04,960 --> 00:17:10,560

he can uncover the secrets in a matter of weeks. Many of them already done so and they're keeping

164

00:17:10,560 --> 00:17:16,720

their mouth shut. The secret has been under our nose it all along. Even before this answer is

165

00:17:16,720 --> 00:17:23,680

printed thousands more will learn the real truth behind the flying saucer. Like the others they

166

00:17:23,680 --> 00:17:30,400

will keep quiet not even their neighbors will know. The use of truth is something like psychiatry.

167

00:17:30,400 --> 00:17:34,800

The psychiatrist cannot tell you what is wrong you can only guide you to learning the truth

168

00:17:34,800 --> 00:17:41,360

about yourself. So it is with you though it takes personal experience to convince you of the truth.

169

00:17:41,920 --> 00:17:46,800

You have been told the truth many times in books and publications that you have rejected it.

170

00:17:48,320 --> 00:17:52,960

This elusive truth cannot be summed up in a few words or a few pages so that it will

171

00:17:52,960 --> 00:17:59,280

be more credible. Some contactees have tried. Unfortunately very few people are strong enough

172

00:17:59,280 --> 00:18:05,680

or emotionally stable enough to cope with the whole secret. And the average UFO researcher

173

00:18:05,680 --> 00:18:10,800

does not fully realize the great personal risks involved until they have enmeshed themselves

174

00:18:10,800 --> 00:18:16,480

in the situation and then it is too late. That's the end of the quote from Donald Keele.

175

00:18:17,760 --> 00:18:24,480

Well now I think from the fact that I found Cosmos in order to uncover contact cases and to

176

00:18:24,560 --> 00:18:30,560

investigate and put into practice all possible methods of possible communication with spacemen

177

00:18:30,560 --> 00:18:37,200

or space entities says for itself that I don't entirely go along with it. You see from what

178

00:18:37,200 --> 00:18:44,960

John Keele writes it follows to me that near their heart no whole secret himself and therefore

179

00:18:44,960 --> 00:18:51,920

be one of these presumed increasing truth. Surely as he says we have been told the truth many times

180

00:18:52,480 --> 00:18:58,080

our minds or most of our minds at any rate ought by now to be capable of accepting it

181

00:18:58,080 --> 00:19:03,600

without going round the bend because according to Mr Keele we must have frequently read it.

182

00:19:04,480 --> 00:19:10,400

Now I don't pretend to know all the answers myself. That's what I want to find out.

183

00:19:11,360 --> 00:19:16,240

But surely the answers must be along some or some combination of these possibilities.

184

00:19:16,240 --> 00:19:24,160

Sources could be visited from interplanetary interstellar or intergalactic space whose

185

00:19:24,160 --> 00:19:30,240

occupants may be either family, hostile or intent on exploitation or colonization.

186

00:19:31,040 --> 00:19:36,560

They may or may not have connections with the spiritualistic, occult or religious field also.

187

00:19:38,000 --> 00:19:43,200

Craft may be inter-dimensional with beings from other planes that exist and possibly even coexist

188

00:19:43,280 --> 00:19:49,200

with ourselves. They could come from bases under the Earth or for that matter bases on the Earth,

189

00:19:49,200 --> 00:19:54,640

the occupants being of places we're unaware of or from other planets or systems with bases here.

190

00:19:55,840 --> 00:20:01,200

They could be time traveling from Earth or elsewhere. They might own us, own this planet

191

00:20:01,760 --> 00:20:08,080

and all we know of ownership could be taken in hand at this moment. It is possible we may be

192

00:20:08,080 --> 00:20:12,800

being invaded by some type or type of entity that can change their forms as well.

193

00:20:13,440 --> 00:20:16,960

If you use whatever occasion it might be that requires suitability or again,

194

00:20:17,600 --> 00:20:23,600

Earth may be about to explode or be engulfed in the sun turning over and they're here to take off.

195

00:20:23,600 --> 00:20:29,680

Some of the population now being chosen or are suddenly to have overdue the dawn of a new age

196

00:20:29,680 --> 00:20:36,080

on Earth. They may be partly or entirely connected with what we might loosely term the occult

197

00:20:36,080 --> 00:20:42,000

and not physical entities of choice. Now there are many more possibilities I could quote. I'll

198

00:20:42,000 --> 00:20:46,720

finish the list with one that some people have come up with and that is that they come from the devil.

199

00:20:47,760 --> 00:20:54,800

Now, I'm perfectly capable of I'm sure many others are accepting any of the peregrine possibilities

200

00:20:54,800 --> 00:21:00,400

and plenty more without going round the bed. Declarly since according to John Keill,

201

00:21:00,400 --> 00:21:05,840

he's already repeatedly being told the answer therefore it should lie somewhere amongst those

202

00:21:05,840 --> 00:21:12,960

I've already made. Now they come from the devil. These words you know remind me of our complete

203

00:21:12,960 --> 00:21:19,600

fallacy in our bender's book about the free man. One of them told him quite categorically there is no

204

00:21:19,600 --> 00:21:26,480

life after death. Well I'll elige to have told him that. Now I'll just think about that for a moment

205

00:21:27,200 --> 00:21:32,160

because if there is a life after death it must always be a possibility as indeed many people

206

00:21:32,160 --> 00:21:38,320

believe that those who have died will find a means to tell us so. Now the only way you could possibly

207

00:21:38,320 --> 00:21:45,120

know that there was no life after death would be for someone who had died to tell us. Should there be

208

00:21:48,240 --> 00:21:54,640

no life after life? So obviously it couldn't do. It's a paradox. Certainly one may choose to believe

209

00:21:54,640 --> 00:22:00,400

or laugh in an afterlife as one pleases but the categorical statement that there is no afterlife

210

00:22:00,960 --> 00:22:06,960

is impossible to substantiate and so whatever one believes them will always remain a possibility.

211

00:22:07,840 --> 00:22:13,520

Well having got slightly addressed from meaning black, that means pause here and turn to cases in

212

00:22:13,520 --> 00:22:20,880

great Britain. Now on December the 5th of last year, last year sorry the year before last now,

213

00:22:20,880 --> 00:22:27,440

the BBC programme today included a three minute interview with a Mr Brian Leighly Andrew who'd

214

00:22:27,440 --> 00:22:33,760

opened a UFO information centre in Coventry and he decided to close it down following some rather

215

00:22:33,760 --> 00:22:41,520

unusual happening. Andrew immediately headed that this was a man in black case. This was in fact

216

00:22:41,520 --> 00:22:48,080

referred to in an earlier edition of the Cognos Journal. However I wrote to Mr Andrew and asked

217

00:22:48,160 --> 00:22:55,680

him if this was actually so. This was his reply and I quote. He said, my original intention was to

218

00:22:55,680 --> 00:23:00,720

collect information from the public who had seen or had experience with UFOs or similar objects.

219

00:23:01,360 --> 00:23:07,120

The results were remarkable. I had about 12 genuine reports filmed or sent by less than two

220

00:23:07,120 --> 00:23:13,520

even local people. I also had some non-genuine idiots filming in the shape of Batman and someone

221

00:23:13,520 --> 00:23:19,440

who called himself a Martian. But these are no concrete. The phone call I was concerned about

222

00:23:19,440 --> 00:23:25,120

was on the second or third day of the centre being open. It was a man who found that he

223

00:23:25,120 --> 00:23:32,160

spoke in perfect English, in fact too perfect. He used no slang or everyday expressions. He asked,

224

00:23:32,160 --> 00:23:37,920

almost insisted that I told him all the information collected by me during the time the centre had

225

00:23:37,920 --> 00:23:44,080

been open. He also asked if a woman had been in touch with me to tell of aliens. She had seen

226

00:23:45,680 --> 00:23:51,600

working on a UFO or spacecraft in common trends. He would not let me question him on this but I

227

00:23:51,600 --> 00:23:57,520

could only presume he meant a craft which had landed and was being repaired. He goes on another

228

00:23:57,520 --> 00:24:02,080

impression I called whilst talking to this man was that he had seen this woman watching him

229

00:24:02,080 --> 00:24:06,640

working on the craft and wanted to know if the fact had come to the attention of myself or any

230

00:24:06,640 --> 00:24:13,360

other authority. Of course last words were I will contact you in two days please don't publish

231

00:24:13,360 --> 00:24:19,680

anything I have told you. If you didn't contact me again and if any andrew goes on an incident

232

00:24:19,680 --> 00:24:24,800

occurred with lights for varying intensity on about the third or fourth week of the centre being open.

233

00:24:25,360 --> 00:24:31,040

I was in the house of someone who had seen UFOs on at least three occasions. We had press cuttings

234

00:24:31,040 --> 00:24:37,520

out and were discussing scout craft and motherships and the possibility of the latest object had seen

235

00:24:37,520 --> 00:24:43,600

being part of what someone else had seen in photographs. The main source of electricity is

236

00:24:43,600 --> 00:24:50,320

240 volts and is very constant to about five and no more than 10 volts up or down. The dimming

237

00:24:50,320 --> 00:24:55,520

that occurred was in the world of 40 volts up or down. This occurred for the second half of the

238

00:24:55,520 --> 00:25:01,200

one and a half hours I was in the house. The third incident occurred when I was repairing my car at

239

00:25:01,200 --> 00:25:06,720

the rear of my mother's home. I was in fact underneath the car which was raised off the ground by two

240

00:25:06,720 --> 00:25:13,760

reds. I was in the open and able to see the garage next to that of my father and as I was getting off

241

00:25:13,760 --> 00:25:21,200

I saw a man with an orange face. The face was glowing and perhaps more red than orange and the

242

00:25:21,280 --> 00:25:27,840

head about one third larger than normal. Had eyes, nose and mouth I cannot tell whether any

243

00:25:27,840 --> 00:25:33,440

ears were attached to it. Nothing was said to me neither did I say anything to the frame which as I

244

00:25:33,440 --> 00:25:40,480

watched it began to smelt. The orange red appearance left it and it became smaller and changed to that

245

00:25:40,480 --> 00:25:46,240

one old man. The conversion from the red thing to normal took me about half a minute.

246

00:25:46,720 --> 00:25:53,200

Well in answer to various questions I put to him it was established that only the one phone call

247

00:25:53,200 --> 00:25:59,600

lasting three to five minutes was received by Mr Andrew who stated that the caller asked him if

248

00:25:59,600 --> 00:26:07,200

anyone from Cosmos, Contact UK or before I had been in touch with him. Now as far as I suspect here

249

00:26:07,200 --> 00:26:11,920

if he'd been writing to before or Contact UK the order of those three would be reversed

250

00:26:12,480 --> 00:26:18,960

never mind. The caller made to his home and the caller did not as I had at first thought

251

00:26:18,960 --> 00:26:26,320

request Mr Andrew to abandon his usual activity. The answer to a question about possible electrical

252

00:26:26,320 --> 00:26:32,240

faults when the dimming incident occurred is reply was this is possible that the lights on

253

00:26:32,240 --> 00:26:38,560

a normally stable circuit to vary about 40 volts up and down, 5 or 6 times is a bit much.

254

00:26:39,520 --> 00:26:44,400

So nothing there that one could really call pressure in any blast despite the fact that

255

00:26:44,400 --> 00:26:52,560

it was alleged to be so in the first instance. Now we now come to another rumored MIB case in

256

00:26:52,560 --> 00:26:58,560

another part of England which was referred to not all that while back in a British in a British

257

00:26:58,560 --> 00:27:03,920

use old journal. Now I haven't obtained the permission of a person concerned to talk about

258

00:27:04,000 --> 00:27:09,280

this case but I think you'll agree it really is worth mentioning so I've been very highly

259

00:27:09,280 --> 00:27:15,120

original and calling Mr Rex. It was alleged that Mr Rex had abandoned his source of activities

260

00:27:15,120 --> 00:27:21,920

after many black activity and rumour also had it that he'd been scared into doing so by a man who

261

00:27:21,920 --> 00:27:28,480

to transfigure himself in the presence of Mr Egg and his wife. Some sources suggesting that the man

262

00:27:28,480 --> 00:27:36,400

himself was an alien however I went to see Mr Rex myself and found that he had not abandoned

263

00:27:36,400 --> 00:27:43,200

his use of activities at all although in a twisted sort of way there was a basis of truth in the

264

00:27:43,200 --> 00:27:50,720

MIB suggestion. Well those actual experience would appear on the surface to bear very little

265

00:27:50,720 --> 00:27:58,800

relation to UFOs I think you'll find it well worth mentioning. So here it is. Now the man who

266

00:27:58,800 --> 00:28:04,480

apparently was capable of transfiguring himself I shall call Bill. He does happen to be his name

267

00:28:04,480 --> 00:28:11,520

actually. He's in his six years in the regular church girl and was actively interested in UFOs

268

00:28:11,520 --> 00:28:19,120

as well as psychic matters. Now this man has formed a local UFO group and here's the MIB

269

00:28:19,120 --> 00:28:26,240

connection had to disbanded it after one or two or three I think it was from many black

270

00:28:26,240 --> 00:28:32,160

types who had threatened him once winning the national insurance although it's not exactly

271

00:28:32,160 --> 00:28:39,120

clear what he was in fact threatened with. However, our Mr Rex came to hear of Bill through

272

00:28:39,120 --> 00:28:46,880

prayer and here's his wife called on him several times. On the last occasion which was in September

273

00:28:46,880 --> 00:28:53,920

1968 Mr Rex asked Bill about his reputed ability to transfigure himself and Bill told him yes

274

00:28:53,920 --> 00:29:00,160

he did happen but he couldn't control it. It sometimes happened when his mind was tired

275

00:29:00,160 --> 00:29:06,000

and suddenly he appeared to the people of a different person himself being very short and thin.

276

00:29:07,280 --> 00:29:12,800

Well on this last occasion Mr Rex and his wife had stayed until about one or two in the morning

277

00:29:12,800 --> 00:29:19,360

before they departing and as they were going down the path Mr Rex found that all his movements

278

00:29:19,360 --> 00:29:26,400

were slowing out and it was as much as he could do to move. He looked back and the figure of the

279

00:29:26,400 --> 00:29:33,280

door was of a man who looked completely different and had an utterly different feel very portrait

280

00:29:33,280 --> 00:29:39,440

not thin at all. This is ex-pain very frightened and told her husband to hurry to the car which was

281

00:29:39,440 --> 00:29:44,400

parked a few doors up from the house. It was in such a position that they would have to drive

282

00:29:44,400 --> 00:29:51,360

past the house again before they reached the main road. Well Mr Rex just about made it to the car

283

00:29:51,360 --> 00:29:56,720

all of his movements were getting slower and slower all the time. He just couldn't do anything about it

284

00:29:57,600 --> 00:30:02,080

and inside the car it was icy cold all done for a pretty warm night from the time of year.

285

00:30:03,040 --> 00:30:09,120

He got the car going still in slow motion and as they gradually passed the gate he saw

286

00:30:09,440 --> 00:30:15,840

the figure walking down the path through the gate and as he or it walked they could see

287

00:30:15,840 --> 00:30:22,720

it was surrounded by a blue aura. Anyway as the car gradually moved out of the area normal

288

00:30:22,720 --> 00:30:27,280

movements came back to Mr Rex so he still felt cold and mentally and physically unwell.

289

00:30:28,480 --> 00:30:33,680

This feeling suddenly left off about an hour. The following day they told friends about the

290

00:30:33,680 --> 00:30:39,120

occurrence and a few days later they had a phone call from Bill who said he'd been told he'd had

291

00:30:39,120 --> 00:30:44,720

a transformation when they left but he'd been unaware of it at the time and he said he'd like

292

00:30:44,720 --> 00:30:50,320

to come over and see them which after some did know they finally agreed to his doing.

293

00:30:52,000 --> 00:30:57,840

When he came he told them all he remembered was walking down the path to wave them goodbye.

294

00:30:57,840 --> 00:31:03,840

He was absolutely himself unaware of any transformation. The only tentative explanation

295

00:31:03,840 --> 00:31:09,200

of his transfiguration he could give was that he believed that in a former existence he'd been

296

00:31:09,200 --> 00:31:15,680

a monk and that when his mind reached a certain degree of emptiness or tiredness his form of

297

00:31:15,680 --> 00:31:22,880

personality took him over. He added to that at times he visited the certain spot in the ground

298

00:31:22,880 --> 00:31:28,560

for Yorkshire Abbey, I've been there myself actually, where he feels a very special sense of relief

299

00:31:28,560 --> 00:31:34,080

and elation although it's another spot about a quarter of a mile away he tells exactly the opposite.

300

00:31:35,520 --> 00:31:40,640

So altogether quite an unusual story I'm sure you'll agree and I think one will worth repeating.

301

00:31:42,880 --> 00:31:48,240

Well now some of you will know I'm sure that I had a great deal to do with the investigations

302

00:31:48,240 --> 00:31:53,200

into the Friscoveritan mystery in which the late Ernest Arthur Bryant was the central figure

303

00:31:53,200 --> 00:31:59,600

that he alleged to contact T. Well I'm not going into the pros and cons of that case now except on

304

00:31:59,600 --> 00:32:06,960

two points. Firstly some months ago to my establishment I found a reference in one of the American magazine

305

00:32:07,680 --> 00:32:14,880

to Bryant having been visited by men in black. Well I'm not saying he wasn't but I will say

306

00:32:14,880 --> 00:32:20,000

and without a fear of contradiction that I've spent more time on Bryant's claims than anyone else.

307

00:32:20,560 --> 00:32:26,480

I visited him on numerous occasions by dozens of letters from him and all together about 10 or

308

00:32:26,480 --> 00:32:32,240

12 hours in fake recording. And absolutely nowhere is there any indication whatsoever that he's

309

00:32:32,240 --> 00:32:37,600

suffered any form of attention from men in black. I would very much like to know where that magazine

310

00:32:37,600 --> 00:32:43,120

contains information. Trouble is I read it in passing, didn't mark it at the time,

311

00:32:43,120 --> 00:32:47,840

how he had something like 30 different American exchange magazines having been able to locate him again.

312

00:32:48,400 --> 00:32:56,240

Second point I would like to make about Morrison's this. I regard it as an inherently possible story

313

00:32:56,240 --> 00:33:03,040

it could have happened. Unfortunately I now regard it as extremely unlikely to have actually done so.

314

00:33:03,920 --> 00:33:09,680

The reason I refer to it again now is that while I don't regard them as classical men in black

315

00:33:09,680 --> 00:33:15,440

size I now believe there were in fact three involved in cutting up the story that Bryant executed.

316

00:33:16,400 --> 00:33:21,280

I shouldn't say more on this here now since this is the men in black talk not the hopes of on last

317

00:33:21,280 --> 00:33:28,640

the 21st when the other cases amongst other cases I shall be expelling more on the development

318

00:33:28,640 --> 00:33:36,320

of ones in the Scottish and affair. Now to make a personal point I can only speak here for two

319

00:33:36,320 --> 00:33:43,760

youth organizations but to my knowledge no one in any executive position in these organizations

320

00:33:43,920 --> 00:33:48,720

have ever been threatened in any way because they've been delving too deeply into the UFO enigma.

321

00:33:49,440 --> 00:33:54,640

On the other hand I often wonder you know should I at any time decide that UFOs were taking

322

00:33:54,640 --> 00:33:58,560

up too much of my time and I dropped active interest in the subject

323

00:33:58,560 --> 00:34:04,320

that a whole crop of rumors would start up about my having been silenced. I don't think they would you know.

324

00:34:05,200 --> 00:34:11,520

How is actually being approached as concerned? I can only read through a repeat right what I wrote

325

00:34:11,520 --> 00:34:18,080

in Cosmos Journal number two which was should communications in type be received from men in

326

00:34:18,080 --> 00:34:24,560

black Cosmos guarantees that such communications will be publicized in future editions of the journal

327

00:34:25,360 --> 00:34:29,920

whether or not they are of a threatening nature and no matter what form they take

328

00:34:29,920 --> 00:34:36,480

they'll be going to the law of an expensive. I should just add to that though that as I also wrote

329

00:34:36,480 --> 00:34:42,080

would be hoped as need not bother should they do so they will be exposed to the pages of this

330

00:34:42,080 --> 00:34:47,760

journal when found out but please note the word is when and not if. In other words what I'm saying

331

00:34:47,760 --> 00:34:53,280

is as far as this country is concerned and I suspect this country that I've come across very little

332

00:34:53,280 --> 00:35:00,880

basis or evidence of many black activity certainly not at both of the executive level. I'm not saying

333

00:35:00,960 --> 00:35:06,800

there is none I mean that only just in the one case I referred to earlier have I found any indication

334

00:35:06,800 --> 00:35:14,960

that there might be. Now before I switch back to a final look at the magazine I'm sure you'll

335

00:35:14,960 --> 00:35:20,720

forgive me for referring once again as I did last week to the most unfortunate recent death

336

00:35:20,720 --> 00:35:26,960

of Dr. Linkner the well-known Australian ufologist who at the time of his death was on a world tour

337

00:35:26,960 --> 00:35:33,360

on behalf of his employer and at the same time grafting the opportunity to visit various UFO

338

00:35:33,360 --> 00:35:38,880

personalities and societies in the various countries he passed through. Lionel will be

339

00:35:38,880 --> 00:35:44,400

inviting me to meet him when he visited when Dr. Linkner visited London for a couple of days last

340

00:35:44,400 --> 00:35:50,160

summer and I was therefore extremely upset because only about 10 days later he'd been killed at a

341

00:35:50,160 --> 00:35:56,480

truck via train at Frankfurt Station in Germany the day following going to see Carl Peter Wiesbaden

342

00:35:56,480 --> 00:36:03,360

who publishes the Joan UFO the Joan paper using a fishnet. Now this is a week after his death

343

00:36:03,920 --> 00:36:09,440

I heard it implies from several different people that this was the main black cut he's been pushed

344

00:36:09,440 --> 00:36:14,960

and so on. Well what in fact actually happened as you can read in space Link is that as he was

345

00:36:14,960 --> 00:36:20,800

getting his last pieces of luggage on the train it was flagged away and he fell under the train

346

00:36:20,800 --> 00:36:26,480

as it started to move being dragged along by it because it left the station with a very sad

347

00:36:26,480 --> 00:36:31,840

and unfortunate accident but it had nothing to do with many black and it's worth of our

348

00:36:31,840 --> 00:36:39,440

bearing in mind how quickly in some people's minds it became so connected. To return again

349

00:36:39,440 --> 00:36:45,200

for moments of source and news the idea was put forward in a recent issue that the UFO

350

00:36:45,200 --> 00:36:51,520

personalities were being duplicated whilst least impersonated by many black types from a number

351

00:36:51,520 --> 00:36:58,240

of occasions. Various noted researchers have apparently been seen as spoken to in different

352

00:36:58,240 --> 00:37:03,920

places of the same time. This line of thought you know is an intriguing one whether or not one

353

00:37:03,920 --> 00:37:09,440

believes the report as one of the things John Keillers imagined is that some contactee the

354

00:37:09,440 --> 00:37:14,720

witnesses of the source of landings have been pressing for substitution should they not remain

355

00:37:14,720 --> 00:37:20,640

silent. Mind if we take this line of thought too seriously it does become paradoxically

356

00:37:20,640 --> 00:37:27,600

a sort of cartoonist dream of the how are you I think I know who you are in the live variety

357

00:37:27,600 --> 00:37:34,160

and also rather science fiction. But oddly enough I do know of a case in this country where

358

00:37:34,160 --> 00:37:41,360

substitution has been alleged although not in an MIB context this particular case supposedly being

359

00:37:41,360 --> 00:37:48,320

with the consent of the person concerned. Before I finally leave our long-fringed source of news

360

00:37:48,320 --> 00:37:54,560

incidentally you may be interested to know that allegedly photos were taken of many black

361

00:37:55,200 --> 00:38:03,760

and they appear in a copy of source of news that I have here. For what it's worth that is a photograph

362

00:38:04,400 --> 00:38:11,920

of also a photograph of a car on the front page of it where obviously they could have been quite

363

00:38:11,920 --> 00:38:17,520

deliberately tone although I would hesitate to say definitely that they were true or false

364

00:38:17,520 --> 00:38:22,720

but it is I think worthwhile pointing out that the picture of the car do not go down as far as

365

00:38:22,720 --> 00:38:28,480

enormously. One thing quite a few people particularly those who are interested in trying source of

366

00:38:28,480 --> 00:38:34,400

news are also seen to stuff of gone are odd phone calls. I refer to Mr. Reesley that is alleged

367

00:38:34,400 --> 00:38:40,160

been firmly wrong. One can also find that there's no one at the other end of the line and find one's

368

00:38:40,160 --> 00:38:46,880

contribution interrupted by purely the noises and so on. So far this hasn't troubled me over much.

369

00:38:47,920 --> 00:38:53,280

Please no hoax call though I wish I hadn't said that. Actually and this has nothing to do with

370

00:38:53,280 --> 00:39:00,160

trying source of or mission if it has is working in a pretty well about manner but actually nearly

371

00:39:00,160 --> 00:39:05,360

only one number to bring us up and there's been plenty of them at all hours and on the nearest

372

00:39:05,360 --> 00:39:11,200

doctor which puzzled us quite a bit until I found out that our doctor's health service

373

00:39:11,200 --> 00:39:16,320

registration number which was all or all his patients medical cards just happened to be the

374

00:39:16,320 --> 00:39:23,120

same as our phone number which explained quite a lot. These are the only odd calls I can

375

00:39:23,120 --> 00:39:28,240

really remember personally with one evening when I answered the phone and all I've seen

376

00:39:28,240 --> 00:39:35,760

that could hear at the other end was the usual heavy breathing. So once I just paged our number

377

00:39:35,760 --> 00:39:42,400

and said hello a few times I decided I'd do something a bit more drastic. So I took a deep breath

378

00:39:43,840 --> 00:39:48,160

and I now close to the mouth page where the top of the voice shouted oh!

379

00:39:48,560 --> 00:39:56,480

I then put the phone down with considerable satisfaction. A few minutes later I got the phone

380

00:39:56,480 --> 00:40:01,520

rang again and I had to put Kate and Irate brother-in-law who was complaining I nearly

381

00:40:01,520 --> 00:40:07,920

busted his ears long. So I'm not really sure whether to recommend this method or not.

382

00:40:10,560 --> 00:40:16,400

However again to get back to Men in Black it's obviously really up to the individual to

383

00:40:16,400 --> 00:40:22,480

make up his or her own mind on the evidence available as to whether they do exist.

384

00:40:24,320 --> 00:40:30,800

For my part and if you think it's a dentary that I seem to treat things a little lightly

385

00:40:30,800 --> 00:40:37,040

this is because I believe that a sense of humor is very necessary in this interest about. Without it

386

00:40:37,040 --> 00:40:43,360

one can start to take oneself far too seriously and lose one's perspective. This however is

387

00:40:43,360 --> 00:40:49,360

something totally different from taking a subject seriously which I hope I do. For my part

388

00:40:49,360 --> 00:40:55,600

therefore and I would stress from it is only my opinion it seems to me that whilst there could be

389

00:40:55,600 --> 00:41:03,280

a lot of wildly exaggerated and made up stories concerning MIB activity at bottom I think there

390

00:41:03,280 --> 00:41:11,120

are some grounds at end rate to indicate that some of these gen-dries do exist. Now if and again I say

391

00:41:12,080 --> 00:41:19,680

one acceptor existence the question obviously becomes who are they? And again if one assumes

392

00:41:19,680 --> 00:41:26,880

their purpose is to dissuade further author research why are they doing so? There's a possibility

393

00:41:26,880 --> 00:41:32,400

they're agents of various governments. They could be earthmen controlled by alien beings.

394

00:41:33,760 --> 00:41:39,280

They could be aliens themselves. They could be agents of this world's best interest

395

00:41:39,280 --> 00:41:45,040

they are all friends and owns of Europe if you like. They could be genuine investigators

396

00:41:45,040 --> 00:41:49,280

whose actions have been misinterpreted by some of the people on whom they've called.

397

00:41:51,120 --> 00:41:56,320

They could be employed even by sources of societies and journals to whip up interest when it makes

398

00:41:56,320 --> 00:42:01,760

me to be flogging another sort of vested interest from the state. But as I said earlier everyone likes

399

00:42:01,760 --> 00:42:07,040

the mystery. So I'm sure you all agree that the farthest societies in this country are concerned

400

00:42:07,040 --> 00:42:10,960

there's not one society in Britain that could afford to employ full-time staff

401

00:42:10,960 --> 00:42:18,240

making like a lot of other men in blood. Well what would be their object? Well we have the old

402

00:42:18,240 --> 00:42:23,280

chestnuts suppose the idea of their being government agents is concerned but source of

403

00:42:23,280 --> 00:42:28,080

information is being suppressed because it could cause panic and mass hysteria.

404

00:42:30,000 --> 00:42:34,640

Yet if so this method would seem more likely to create panic than to stop it.

405

00:42:35,280 --> 00:42:39,520

It might be that aliens are deliberately trying either to suppress information

406

00:42:39,520 --> 00:42:47,680

getting out about themselves or just to confuse us. It could be as many people think that we are

407

00:42:47,680 --> 00:42:53,760

the center of a conflict between good and evil forces, the many black obviously representing

408

00:42:53,760 --> 00:43:00,880

the evil or the panic forces. It's possible if the answer is that their agents are vested interest

409

00:43:01,440 --> 00:43:08,640

that they're being used to combat the likelihood of any great degree of contact between our

410

00:43:08,640 --> 00:43:15,280

soul and benevolently inclined space people which might lead to a complete social technological

411

00:43:15,280 --> 00:43:21,600

and if you like moral resolution and that this would completely shatter their position power.

412

00:43:21,600 --> 00:43:28,400

As I say it's a valid point to do. So I'm sure it must be plenty of more possibilities that I have in

413

00:43:28,400 --> 00:43:36,400

mind. I'm sure you can doubt this thing quite a few more yourself. But I'm going to wind up

414

00:43:37,200 --> 00:43:44,080

the moment by leaving you with two further thoughts. The first one being that all this

415

00:43:44,080 --> 00:43:49,200

countries and I'm sure all other countries too, all this countries sources societies

416

00:43:49,200 --> 00:43:53,840

suffer because of the various shades of opinion that there are source of why.

417

00:43:54,720 --> 00:43:58,400

Which changes often very difficult and it's not impossible to reconcile.

418

00:43:59,280 --> 00:44:04,240

Anyway one question I'll let you to think about is rather than a dramatic one,

419

00:44:04,240 --> 00:44:11,680

could it be that in fact some of the many black are many white. The second thought goes back to

420

00:44:11,680 --> 00:44:17,520

the as it gets black again. Now surprising you know how frequently witches and witchcraft and

421

00:44:17,520 --> 00:44:23,280

black magic crop up in connection with UFO investigation. I know three or four such cases

422

00:44:23,280 --> 00:44:28,720

over the last three months. So could our many black have any connections with witchcraft?

423

00:44:30,480 --> 00:44:35,920

Well I think I've covered a fair amount of ground possibly too much. So I'll just finish with a

424

00:44:35,920 --> 00:44:42,080

request. Should any of you be approached at any time by any of these countries and feel they are

425

00:44:42,080 --> 00:44:49,120

the genuine article so to speak. Please don't keep it to yourself. Tell me about it as well. Thank you.
