

1

00:00:30,000 --> 00:00:37,120

If Hayden C. Hughes, Mr. Hughes is an official researcher of unidentified flying objects

2

00:00:37,120 --> 00:00:41,960

and other unexplainable phenomena, he is now in his home in Oklahoma City, Oklahoma.

3

00:00:41,960 --> 00:00:48,720

He is the number one man to go to for information these days on Nobo, who is a giant hairy pike

4

00:00:48,720 --> 00:00:49,720

head.

5

00:00:49,720 --> 00:00:50,720

Nobo smells like sulfur.

6

00:00:50,720 --> 00:00:56,800

It isn't just his smell, but the fact that he likes to grab dogs and rip them apart that

7

00:00:56,800 --> 00:01:03,800

scares or tends to cause anxiety in the hearts of many of the residents of Southern Missouri.

8

00:01:03,800 --> 00:01:10,800

We'll find out about Nobo and some other rather unexplainable phenomena after this week.

9

00:01:10,800 --> 00:01:22,800

This is Stan Friggaard speaking high in the Himalayan Mountains in northern Indiana.

10

00:01:22,800 --> 00:01:27,800

I'm standing up to this particular gentleman, creature.

11

00:01:27,800 --> 00:01:30,800

Just what is it you are?

12

00:01:30,800 --> 00:01:31,800

A little abeach, Stan.

13

00:01:31,800 --> 00:01:36,800

A little abeach, right?

14

00:01:36,800 --> 00:01:40,800

I see then you are the abominable snowman.

15

00:01:40,800 --> 00:01:41,800

No, no.

16

00:01:41,800 --> 00:01:45,800

I never cared that I'd word abominable too much, Stan.

17

00:01:45,800 --> 00:01:46,800

You mean if I called you Stan?

18

00:01:46,800 --> 00:01:47,800

No, not at all.

19

00:01:47,800 --> 00:01:54,800

Well, I never cared for abominable, but it's the nearest word translated from the original

20

00:01:54,800 --> 00:01:57,800

name of Stan, which was abominable.

21

00:01:57,800 --> 00:02:01,800

This means a hairy one with a big feet.

22

00:02:01,800 --> 00:02:05,800

Now, I can see it lost something in the translation.

23

00:02:05,800 --> 00:02:08,800

I was noticing my fingers going.

24

00:02:08,800 --> 00:02:12,800

And I was, yeah, what are they about the 12th of the year?

25

00:02:12,800 --> 00:02:15,800

Well, this time it's 23.

26

00:02:15,800 --> 00:02:16,800

That's pretty big.

27

00:02:16,800 --> 00:02:20,800

Well, it's a little design, you know.

28

00:02:20,800 --> 00:02:25,800

You're going to try to walk on snow with ballet slippers.

29

00:02:25,800 --> 00:02:26,800

Or a cape.

30

00:02:26,800 --> 00:02:29,800

But yeah, that's got a little bit of trouble buying them.

31

00:02:29,800 --> 00:02:33,800

I mean, I just can't walk into any old store and no, no, I don't.

32

00:02:33,800 --> 00:02:35,800

And they look for me.

33

00:02:35,800 --> 00:02:37,800

Where do you get them?

34

00:02:37,800 --> 00:02:41,800

Well, I don't have the chance to go out by labric on the entrance.

35

00:02:41,800 --> 00:02:46,800

I send them to Spalding, they make them look for me.

36

00:02:46,800 --> 00:02:49,800

I have them in four colors.

37

00:02:49,800 --> 00:02:53,800

The white, the red, the pink and the orange.

38

00:02:53,800 --> 00:02:56,800

I'm wearing the orange today.

39

00:02:56,800 --> 00:02:57,800

I'll try now.

40

00:02:57,800 --> 00:03:02,800

Well, that's the particular ensemble I put down today.

41

00:03:02,800 --> 00:03:07,800

I found out tonight's ensemble is not just a shoe.

42

00:03:07,800 --> 00:03:10,800

It's an ensemble to me.

43

00:03:10,800 --> 00:03:18,800

It's two of us, but I didn't mean to hurt your feelings.

44

00:03:18,800 --> 00:03:19,800

Well, that's all right.

45

00:03:19,800 --> 00:03:20,800

It's all right?

46

00:03:20,800 --> 00:03:21,800

Yes, it is.

47

00:03:21,800 --> 00:03:25,800

Okay, okay, all right, all right, that's fine.

48

00:03:25,800 --> 00:03:27,800

That's the way that you do for a living.

49

00:03:27,800 --> 00:03:29,800

You terrorize the mountain.

50

00:03:29,800 --> 00:03:30,800

That's right.

51

00:03:30,800 --> 00:03:33,800

I terrorize the mountain climbers.

52

00:03:33,800 --> 00:03:34,800

You come up here.

53

00:03:34,800 --> 00:03:39,800

That is my trade, and I am proud of it.

54

00:03:39,800 --> 00:03:41,800

Is it the hard work?

55

00:03:41,800 --> 00:03:43,800

You get to do a lot of training.

56

00:03:43,800 --> 00:03:45,800

I don't think everybody can do it, you know.

57

00:03:45,800 --> 00:03:47,800

They don't have to care for it.

58

00:03:47,800 --> 00:03:50,800

They don't care.

59

00:03:50,800 --> 00:03:53,800

So the sneakers, you say it's quite tall, you know.

60

00:03:53,800 --> 00:03:55,800

I'm a little worried about the eight, nine feet.

61

00:03:55,800 --> 00:03:58,800

No, I make it in around 10 and a half, buddy.

62

00:03:58,800 --> 00:04:00,800

10 and a half feet tall.

63

00:04:00,800 --> 00:04:02,800

That's a pretty tall.

64

00:04:02,800 --> 00:04:03,800

I'm proud.

65

00:04:03,800 --> 00:04:04,800

You can see my brother.

66

00:04:04,800 --> 00:04:08,800

He's got centers for a palpable state.

67

00:04:08,800 --> 00:04:09,800

Oh, listen.

68

00:04:09,800 --> 00:04:12,800

How do you have a pretty good day of work today?

69

00:04:12,800 --> 00:04:16,800

No, I'm a two-hour-day old man.

70

00:04:16,800 --> 00:04:19,800

You, uh, are very good?

71

00:04:19,800 --> 00:04:21,800

You done much here terrorizing?

72

00:04:21,800 --> 00:04:23,800

No, not too much today.

73

00:04:23,800 --> 00:04:27,800

Well, I wonder if you could give us a demonstration before we sign off on whatever it is you do

74

00:04:27,800 --> 00:04:29,800

to terrorize the mountain climbers?

75

00:04:29,800 --> 00:04:30,800

Certainly.

76

00:04:30,800 --> 00:04:32,800

Well, well, well, what do you want me to do?

77

00:04:32,800 --> 00:04:33,800

Well, just tell me about that.

78

00:04:33,800 --> 00:04:35,800

And over the lies.

79

00:04:35,800 --> 00:04:39,800

Over the lies, and I sort of go sneak up behind you and let's fly with one.

80

00:04:39,800 --> 00:04:45,800

Let's fly with one, what?

81

00:04:45,800 --> 00:04:49,800

Over the lies, and we'll tell you about it.

82

00:04:49,800 --> 00:04:52,800

Well, I got a phone line, and I'm going to tell you about it, buddy.

83

00:04:52,800 --> 00:04:54,800

No peeking.

84

00:04:54,800 --> 00:04:57,800

I'll do it over the lies, now.

85

00:04:57,800 --> 00:04:58,800

I won't.

86

00:04:58,800 --> 00:05:01,800

Well, I'll just sneak up behind you, now.

87

00:05:01,800 --> 00:05:03,800

Pity-toe.

88

00:05:03,800 --> 00:05:07,800

Which is hard with no teeth.

89

00:05:07,800 --> 00:05:12,800

Right on there.

90

00:05:12,800 --> 00:05:33,800

No.

91

00:05:33,800 --> 00:05:36,800

There you go, stop there tonight, family.

92

00:05:36,800 --> 00:05:40,800

I know that white horse is coming.

93

00:05:40,800 --> 00:05:43,380

Puts off your ready-to-putting very nice.

94

00:05:43,380 --> 00:05:45,140

He knows the stuff as well.

95

00:05:45,140 --> 00:05:47,380

I bet your counter's out for like the same.

96

00:05:47,380 --> 00:05:50,380

Clearly won't have time for a cookie before you put the pipe.

97

00:05:50,380 --> 00:05:52,380

Oh, there you go.

98

00:05:52,380 --> 00:05:53,880

Poor little Luthor didn't.

99

00:05:53,880 --> 00:05:55,380

I know you're down for work.

100

00:05:55,380 --> 00:05:58,380

I see a mountain climber over there by the way.

101

00:05:58,380 --> 00:06:00,380

Oh, nice meeting you.

102

00:06:00,380 --> 00:06:03,380

Nice meeting you, man.

103

00:06:03,960 --> 00:06:05,960

Nice to see you, man.

104

00:06:05,960 --> 00:06:07,960

Happy new year.

105

00:06:07,960 --> 00:06:09,960

Happy new year.

106

00:06:09,960 --> 00:06:11,960

Happy new year.

107

00:06:11,960 --> 00:06:13,960

Happy new year.

108

00:06:13,960 --> 00:06:15,960

Happy new year.

109

00:06:15,960 --> 00:06:17,960

Happy new year.

110

00:06:17,960 --> 00:06:19,960

Happy new year.

111

00:06:19,960 --> 00:06:21,960

Happy new year.

112

00:06:21,960 --> 00:06:23,960

I'm alive right now.

113

00:06:23,960 --> 00:06:26,960

It's Hayden C. Hughes and Mr. Dan Garcia.

114

00:06:26,960 --> 00:06:29,960

And they are both the officials in the International

115

00:06:29,960 --> 00:06:31,960

Unidentified Flying Objects.

116

00:06:32,540 --> 00:06:34,540

They're talking to you from Oklahoma City, Oklahoma.

117

00:06:34,540 --> 00:06:37,540

We've had some trouble with the telephone contact from there.

118

00:06:37,540 --> 00:06:40,540

And I'm just hoping this can both come through loud and clear.

119

00:06:40,540 --> 00:06:42,540

I can hear a lot of noise, anyway.

120

00:06:42,540 --> 00:06:44,540

Are you there?

121

00:06:44,540 --> 00:06:46,540

Yeah, good.

122

00:06:46,540 --> 00:06:48,540

Okay, very good.

123

00:06:48,540 --> 00:06:51,540

Mr. Hughes and Mr. Garcia, I'm hoping that most of the

124

00:06:51,540 --> 00:06:53,540

listeners have heard of MoMo.

125

00:06:53,540 --> 00:06:55,540

But I remember hearing first about it,

126

00:06:55,540 --> 00:06:58,540

I wanted to wear NBC Newscasts about three weeks ago.

127

00:06:58,540 --> 00:07:01,540

It was a final item and your organization was mentioned

128

00:07:02,120 --> 00:07:04,120

as having classified this being

129

00:07:04,120 --> 00:07:06,120

as a Harry Byped, a giant Harry Byped.

130

00:07:06,120 --> 00:07:08,120

May I ask, where that term came from?

131

00:07:08,120 --> 00:07:10,120

This term originated in 1970

132

00:07:10,120 --> 00:07:12,120

with a study that the Bureau undertook

133

00:07:12,120 --> 00:07:14,120

an approximately 300 U.S.O. landing.

134

00:07:14,120 --> 00:07:16,120

So we took the description

135

00:07:16,120 --> 00:07:18,120

of the most commonly reported

136

00:07:18,120 --> 00:07:20,120

being associated with the U.S.O.

137

00:07:20,120 --> 00:07:22,120

We found that there were

138

00:07:22,120 --> 00:07:24,120

two different types of landings.

139

00:07:24,120 --> 00:07:26,120

And we found that there were

140

00:07:26,120 --> 00:07:28,120

two different types of landings.

141

00:07:28,120 --> 00:07:30,120

And we found that there were

142

00:07:30,700 --> 00:07:32,700

three long-armed Bypeds

143

00:07:32,700 --> 00:07:34,700

getting on to sea

144

00:07:34,700 --> 00:07:36,700

with the third most commonly reported being.

145

00:07:38,700 --> 00:07:40,700

When the Bureau started receiving

146

00:07:40,700 --> 00:07:42,700

the news accounts of this type of description

147

00:07:42,700 --> 00:07:44,700

from the Louisiana-Missouri area,

148

00:07:44,700 --> 00:07:46,700

we thought it would be a warrant

149

00:07:46,700 --> 00:07:48,700

and an un-sought investigation

150

00:07:48,700 --> 00:07:50,700

to determine to see

151

00:07:50,700 --> 00:07:52,700

what MoMo

152

00:07:52,700 --> 00:07:54,700

or this Missouri monster

153

00:07:54,700 --> 00:07:56,700

really was

154

00:07:56,700 --> 00:07:58,700

if it was, in fact, one of the

155

00:07:59,280 --> 00:08:01,280

ice-free UFOs

156

00:08:01,280 --> 00:08:03,280

up in the Missouri area.

157

00:08:03,280 --> 00:08:05,280

We located approximately

158

00:08:05,280 --> 00:08:07,280

20 people

159

00:08:07,280 --> 00:08:09,280

that either observed, saw,

160

00:08:09,280 --> 00:08:11,280

or had nailed very strong odor

161

00:08:11,280 --> 00:08:13,280

associated with

162

00:08:13,280 --> 00:08:15,280

visual observations.

163

00:08:15,280 --> 00:08:17,280

There is no question

164

00:08:17,280 --> 00:08:19,280

that something new

165

00:08:19,280 --> 00:08:21,280

will be changed if it is.

166

00:08:21,280 --> 00:08:23,280

Can you tell me

167

00:08:23,280 --> 00:08:25,280

the first sighting

168

00:08:25,280 --> 00:08:27,280

that you have on what you have on

169

00:08:27,860 --> 00:08:29,860

record of this latest

170

00:08:29,860 --> 00:08:31,860

perivite rim?

171

00:08:31,860 --> 00:08:33,860

The sighting

172

00:08:33,860 --> 00:08:35,860

hearing around Louisiana

173

00:08:35,860 --> 00:08:37,860

has persisted

174

00:08:37,860 --> 00:08:39,860

for the past 16 years.

175

00:08:39,860 --> 00:08:41,860

We took our

176

00:08:41,860 --> 00:08:43,860

accounts

177

00:08:43,860 --> 00:08:45,860

from 300

178

00:08:45,860 --> 00:08:47,860

out of the approximately

179

00:08:47,860 --> 00:08:49,860

1500 UFO landings

180

00:08:49,860 --> 00:08:51,860

around the world.

181

00:08:51,860 --> 00:08:53,860

One of the most recent

182

00:08:53,860 --> 00:08:55,860

cases happened in

183

00:08:56,440 --> 00:08:58,440

Washington in 1970

184

00:08:58,440 --> 00:09:00,440

where a bone-shaped

185

00:09:00,440 --> 00:09:02,440

UFO

186

00:09:02,440 --> 00:09:04,440

was observed by several area

187

00:09:04,440 --> 00:09:06,440

residents

188

00:09:06,440 --> 00:09:08,440

and a strange track

189

00:09:08,440 --> 00:09:10,440

that was somewhat similar

190

00:09:10,440 --> 00:09:12,440

to the tracks found in the

191

00:09:12,440 --> 00:09:14,440

Louisiana

192

00:09:14,440 --> 00:09:16,440

or found coming out of the middle

193

00:09:16,440 --> 00:09:18,440

of a snow-covered seal.

194

00:09:18,440 --> 00:09:20,440

The being a word of care

195

00:09:20,440 --> 00:09:22,440

and the description given

196

00:09:22,440 --> 00:09:24,440

was basically the same as

197

00:09:25,020 --> 00:09:27,020

leading a theory by

198

00:09:27,020 --> 00:09:29,020

zero officials that

199

00:09:29,020 --> 00:09:31,020

this is an experimental

200

00:09:31,020 --> 00:09:33,020

animal in the form of

201

00:09:33,020 --> 00:09:35,020

something like a

202

00:09:35,020 --> 00:09:37,020

psychological experiment

203

00:09:37,020 --> 00:09:39,020

to possibly test

204

00:09:39,020 --> 00:09:41,020

men's reactions to something

205

00:09:41,020 --> 00:09:43,020

a little bit different

206

00:09:43,020 --> 00:09:45,020

than we would think.

207

00:09:45,020 --> 00:09:47,020

In other words,

208

00:09:47,020 --> 00:09:49,020

history bears out the fact

209

00:09:49,020 --> 00:09:51,020

that the Earth has

210

00:09:51,020 --> 00:09:53,020

been effectively under surveillance

211

00:09:53,600 --> 00:09:55,600

by the vast race of people.

212

00:09:55,600 --> 00:09:57,600

I believe that

213

00:09:57,600 --> 00:09:59,600

these people, these aliens

214

00:09:59,600 --> 00:10:01,600

the percentage of UFOs

215

00:10:01,600 --> 00:10:03,600

that we should not explain

216

00:10:03,600 --> 00:10:05,600

about 20%

217

00:10:05,600 --> 00:10:07,600

are a very art-clinic

218

00:10:07,600 --> 00:10:09,600

and easy to recognize.

219

00:10:09,600 --> 00:10:11,600

I think they can understand

220

00:10:11,600 --> 00:10:13,600

everything about man-time itself.

221

00:10:13,600 --> 00:10:15,600

I hope all sophisticated

222

00:10:15,600 --> 00:10:17,600

spaceships and technology,

223

00:10:17,600 --> 00:10:19,600

everything that man can tell.

224

00:10:19,600 --> 00:10:21,600

And I think the first man

225

00:10:22,180 --> 00:10:24,180

before an actual face-to-face

226

00:10:24,180 --> 00:10:26,180

confrontation with the aliens

227

00:10:26,180 --> 00:10:28,180

with an experimental

228

00:10:28,180 --> 00:10:30,180

animal such as the

229

00:10:30,180 --> 00:10:32,180

high-speed

230

00:10:32,180 --> 00:10:34,180

might be employed to test

231

00:10:34,180 --> 00:10:36,180

men's psychological behavior.

232

00:10:36,180 --> 00:10:38,180

This will find the girl

233

00:10:38,180 --> 00:10:40,180

who interested in the research

234

00:10:40,180 --> 00:10:42,180

as well as me and myself.

235

00:10:42,180 --> 00:10:44,180

I see.

236

00:10:44,180 --> 00:10:46,180

About the reality that it will hold

237

00:10:46,180 --> 00:10:48,180

we want the possibility

238

00:10:48,180 --> 00:10:50,180

that the people who are here

239

00:10:50,760 --> 00:10:52,760

will know it

240

00:10:52,760 --> 00:10:54,760

and we had another clock

241

00:10:54,760 --> 00:10:56,760

of energy

242

00:10:56,760 --> 00:10:58,760

in which we had a charcoaled eye

243

00:10:58,760 --> 00:11:00,760

and it was very much a 15-state

244

00:11:00,760 --> 00:11:02,760

it's quite possible it's

245

00:11:02,760 --> 00:11:04,760

on some level

246

00:11:04,760 --> 00:11:06,760

some kind of relation these beings

247

00:11:06,760 --> 00:11:08,760

are living in a highly private space.

248

00:11:08,760 --> 00:11:10,760

I know that

249

00:11:10,760 --> 00:11:12,760

but if you're all over the past year

250

00:11:12,760 --> 00:11:14,760

we see the bulk of these

251

00:11:14,760 --> 00:11:16,760

great beings

252

00:11:16,760 --> 00:11:18,760

from five continents to 13 states

253

00:11:19,340 --> 00:11:21,340

and that would be another thing.

254

00:11:21,340 --> 00:11:23,340

Do you know if any has ever been reported

255

00:11:23,340 --> 00:11:25,340

in the state of Ohio today?

256

00:11:25,340 --> 00:11:27,340

No, I mean not very well.

257

00:11:27,340 --> 00:11:29,340

I don't know if it's a line

258

00:11:29,340 --> 00:11:31,340

or a line of...

259

00:11:31,340 --> 00:11:33,340

I don't know.

260

00:11:33,340 --> 00:11:35,340

It seems...

261

00:11:35,340 --> 00:11:37,340

I wanted to use the word

262

00:11:37,340 --> 00:11:39,340

that it was a family named Harrison

263

00:11:39,340 --> 00:11:41,340

who first cited MOMO

264

00:11:41,340 --> 00:11:43,340

in Louisiana, Missouri

265

00:11:43,340 --> 00:11:45,340

and for the benefit of the people

266

00:11:45,340 --> 00:11:47,340

listening who may not be familiar with

267

00:11:47,920 --> 00:11:49,920

but could you describe him

268

00:11:49,920 --> 00:11:51,920

as he was seen through that

269

00:11:51,920 --> 00:11:53,920

young lad Terry Harrison's eyes

270

00:11:53,920 --> 00:11:55,920

as he first laid eyes

271

00:11:55,920 --> 00:11:57,920

on what we now call MOMO?

272

00:11:57,920 --> 00:11:59,920

Well, I'm about to have to go.

273

00:11:59,920 --> 00:12:01,920

This is Mr. Garcia.

274

00:12:01,920 --> 00:12:03,920

Terry is a part of

275

00:12:03,920 --> 00:12:05,920

the state of Ohio

276

00:12:05,920 --> 00:12:07,920

and a huge, very

277

00:12:07,920 --> 00:12:09,920

animal

278

00:12:09,920 --> 00:12:11,920

who's been working up to over the years.

279

00:12:11,920 --> 00:12:13,920

He saw the change

280

00:12:13,920 --> 00:12:15,920

in the state of Ohio

281

00:12:16,500 --> 00:12:18,500

and he entered the lab

282

00:12:18,500 --> 00:12:20,500

and his 15-year-old sister,

283

00:12:20,500 --> 00:12:22,500

Stuart,

284

00:12:22,500 --> 00:12:24,500

looked out the window

285

00:12:24,500 --> 00:12:26,500

and dated his wife back in the lab

286

00:12:26,500 --> 00:12:28,500

and saw that he just got

287

00:12:28,500 --> 00:12:30,500

to the state of Ohio

288

00:12:30,500 --> 00:12:32,500

Terry's animal education

289

00:12:32,500 --> 00:12:34,500

morning, back and forth

290

00:12:34,500 --> 00:12:36,500

morning, back and forth.

291

00:12:36,500 --> 00:12:38,500

So, Ryan, he's in the lab

292

00:12:38,500 --> 00:12:40,500

so he's not the third

293

00:12:40,500 --> 00:12:42,500

in the lab

294

00:12:42,500 --> 00:12:44,500

but he's Mr. Harrison

295

00:12:45,080 --> 00:12:47,080

and he was in the lab

296

00:12:47,080 --> 00:12:49,080

when they went back

297

00:12:49,080 --> 00:12:51,080

to look out the window

298

00:12:51,080 --> 00:12:53,080

and went out.

299

00:12:53,080 --> 00:12:55,080

Now the third hand

300

00:12:55,080 --> 00:12:57,080

came in and said he was

301

00:12:57,080 --> 00:12:59,080

going to own a dog

302

00:12:59,080 --> 00:13:01,080

under his car

303

00:13:01,080 --> 00:13:03,080

living room

304

00:13:03,080 --> 00:13:05,080

that was when they first became

305

00:13:05,080 --> 00:13:07,080

a tiny little state

306

00:13:07,080 --> 00:13:09,080

with MOMO

307

00:13:09,080 --> 00:13:11,080

now that we've got the dogs

308

00:13:11,080 --> 00:13:13,080

they heard his end of field

309

00:13:13,660 --> 00:13:15,660

and just got back

310

00:13:15,660 --> 00:13:17,660

to the house.

311

00:13:17,660 --> 00:13:19,660

Dan Garcy, when he said they heard it

312

00:13:19,660 --> 00:13:21,660

does it make noise?

313

00:13:21,660 --> 00:13:23,660

Or does it menace with his voice?

314

00:13:23,660 --> 00:13:25,660

Or do they just hear the noise of it coming?

315

00:13:25,660 --> 00:13:27,660

The sound has been described

316

00:13:27,660 --> 00:13:29,660

as a any wolf in a loud

317

00:13:29,660 --> 00:13:31,660

ground

318

00:13:31,660 --> 00:13:33,660

with deep, dirty,

319

00:13:33,660 --> 00:13:35,660

deep world

320

00:13:35,660 --> 00:13:37,660

on a short note

321

00:13:37,660 --> 00:13:39,660

on a nice and long

322

00:13:39,660 --> 00:13:41,660

sound

323

00:13:42,240 --> 00:13:44,240

and the loud, deep, strong wolf

324

00:13:44,240 --> 00:13:46,240

out

325

00:13:46,240 --> 00:13:48,240

and the safe ground

326

00:13:48,240 --> 00:13:50,240

out

327

00:13:50,240 --> 00:13:52,240

of the small ground

328

00:13:52,240 --> 00:13:54,240

over the narrow door

329

00:13:54,240 --> 00:13:56,240

of a woman who came in

330

00:13:56,240 --> 00:13:58,240

and was camping around this time

331

00:13:58,240 --> 00:14:00,240

on a high, still sound

332

00:14:00,240 --> 00:14:02,240

of the wolf in him.

333

00:14:02,240 --> 00:14:04,240

How many people in Louisiana, Missouri

334

00:14:04,240 --> 00:14:06,240

have seen it in the past month

335

00:14:06,240 --> 00:14:08,240

since the first appearance?

336

00:14:08,240 --> 00:14:10,240

It has been estimated

337

00:14:10,820 --> 00:14:12,820

that about 50 people

338

00:14:12,820 --> 00:14:14,820

we actually located the 20 people

339

00:14:14,820 --> 00:14:16,820

that had either heard

340

00:14:16,820 --> 00:14:18,820

or smelled it

341

00:14:18,820 --> 00:14:20,820

in the movie

342

00:14:20,820 --> 00:14:22,820

known for reports

343

00:14:22,820 --> 00:14:24,820

are the most significant

344

00:14:24,820 --> 00:14:26,820

outside of the New York state

345

00:14:26,820 --> 00:14:28,820

in that your eye can be seen

346

00:14:28,820 --> 00:14:30,820

so both bodies

347

00:14:30,820 --> 00:14:32,820

outside of the hair

348

00:14:32,820 --> 00:14:34,820

are the four sides

349

00:14:34,820 --> 00:14:36,820

there have occurred about

350

00:14:36,820 --> 00:14:38,820

3.30 to the end of the month.

351

00:14:39,400 --> 00:14:41,400

In other words, the very long

352

00:14:41,400 --> 00:14:43,400

program of people

353

00:14:43,400 --> 00:14:45,400

brought from the

354

00:14:45,400 --> 00:14:47,400

rusty, new, old

355

00:14:47,400 --> 00:14:49,400

soft wolf

356

00:14:49,400 --> 00:14:51,400

to the old have made you a safe

357

00:14:51,400 --> 00:14:53,400

if you have any things to say.

358

00:14:53,400 --> 00:14:55,400

It indicates

359

00:14:55,400 --> 00:14:57,400

the main city of New York

360

00:14:57,400 --> 00:14:59,400

so something can say it.

361

00:14:59,400 --> 00:15:01,400

Mr. Harrison was extremely concerned

362

00:15:01,400 --> 00:15:03,400

over the safety of his family

363

00:15:03,400 --> 00:15:05,400

to bother nine children

364

00:15:05,400 --> 00:15:07,400

with seven children at home.

365

00:15:07,980 --> 00:15:09,980

He moved them to Relican

366

00:15:09,980 --> 00:15:11,980

within a month of Louisiana

367

00:15:11,980 --> 00:15:13,980

which is a small town

368

00:15:13,980 --> 00:15:15,980

in the past

369

00:15:15,980 --> 00:15:17,980

between 4500 feet long

370

00:15:17,980 --> 00:15:19,980

on the Mississippi River.

371

00:15:19,980 --> 00:15:21,980

He returned

372

00:15:21,980 --> 00:15:23,980

lunch and after power

373

00:15:23,980 --> 00:15:25,980

he worked at the Board of Public

374

00:15:25,980 --> 00:15:27,980

Board of Public Works

375

00:15:27,980 --> 00:15:29,980

there for 21 years

376

00:15:29,980 --> 00:15:31,980

and before the water department.

377

00:15:31,980 --> 00:15:33,980

Trying to catch a glimpse

378

00:15:33,980 --> 00:15:35,980

at night

379

00:15:36,560 --> 00:15:38,560

he found some hand-line

380

00:15:38,560 --> 00:15:40,560

from a nearby tree

381

00:15:40,560 --> 00:15:42,560

and if it's too early

382

00:15:42,560 --> 00:15:44,560

he's very, very often

383

00:15:44,560 --> 00:15:46,560

getting the trouble

384

00:15:46,560 --> 00:15:48,560

to the specific location.

385

00:15:48,560 --> 00:15:50,560

He was called in

386

00:15:50,560 --> 00:15:52,560

last Monday by his supervisors

387

00:15:52,560 --> 00:15:54,560

and he reported to us

388

00:15:54,560 --> 00:15:56,560

and he was told

389

00:15:56,560 --> 00:15:58,560

that he could not put monsters

390

00:15:58,560 --> 00:16:00,560

on the night

391

00:16:00,560 --> 00:16:02,560

and do the right job

392

00:16:02,560 --> 00:16:04,560

during the night

393

00:16:05,140 --> 00:16:07,140

and so last he felt like

394

00:16:07,140 --> 00:16:09,140

it was his responsibility

395

00:16:09,140 --> 00:16:11,140

to his family

396

00:16:11,140 --> 00:16:13,140

to find that problem

397

00:16:13,140 --> 00:16:15,140

on the property.

398

00:16:15,140 --> 00:16:17,140

We are now receiving reports

399

00:16:17,140 --> 00:16:19,140

from the

400

00:16:19,140 --> 00:16:21,140

un-surrounding

401

00:16:21,140 --> 00:16:23,140

Louisiana

402

00:16:23,140 --> 00:16:25,140

of the San Luis Heights report

403

00:16:25,140 --> 00:16:27,140

although

404

00:16:27,140 --> 00:16:29,140

while we were in the very

405

00:16:29,140 --> 00:16:31,140

Louisiana

406

00:16:31,140 --> 00:16:33,140

we did not with people

407

00:16:33,720 --> 00:16:35,720

who we had heard

408

00:16:35,720 --> 00:16:37,720

of, of their

409

00:16:37,720 --> 00:16:39,720

but when we confronted them

410

00:16:39,720 --> 00:16:41,720

they admitted that they were

411

00:16:41,720 --> 00:16:43,720

just running along with the story

412

00:16:43,720 --> 00:16:45,720

and we were in a hope

413

00:16:45,720 --> 00:16:47,720

to uncover kids in Illinois

414

00:16:47,720 --> 00:16:49,720

for a simple Halloween costume

415

00:16:49,720 --> 00:16:51,720

with them

416

00:16:51,720 --> 00:16:53,720

and this was just that kind of thing

417

00:16:53,720 --> 00:16:55,720

and he's going to

418

00:16:55,720 --> 00:16:57,720

normal being a host.

419

00:16:57,720 --> 00:16:59,720

I'm not bad at

420

00:16:59,720 --> 00:17:01,720

the Bureau has these things

421

00:17:02,300 --> 00:17:04,300

with the local government

422

00:17:04,300 --> 00:17:06,300

agreed to say

423

00:17:06,300 --> 00:17:08,300

that did not make

424

00:17:08,300 --> 00:17:10,300

the wire services

425

00:17:10,300 --> 00:17:12,300

on the national news publicity

426

00:17:12,300 --> 00:17:14,300

and it still happens

427

00:17:14,300 --> 00:17:16,300

that this was after the convention

428

00:17:16,300 --> 00:17:18,300

and before the Republican Convention

429

00:17:18,300 --> 00:17:20,300

and it just moved on the wire

430

00:17:20,300 --> 00:17:22,300

state.

431

00:17:22,300 --> 00:17:24,300

I see, well the only

432

00:17:24,300 --> 00:17:26,300

physical proof that you have

433

00:17:26,300 --> 00:17:28,300

that there actually was a monster

434

00:17:28,300 --> 00:17:30,300

are the fifth prints, is that correct?

435

00:17:30,880 --> 00:17:32,880

We have several forms of evidence

436

00:17:32,880 --> 00:17:34,880

and the evidence depends on

437

00:17:34,880 --> 00:17:36,880

one constriction of proof

438

00:17:36,880 --> 00:17:38,880

and what you determine the evidence to be

439

00:17:38,880 --> 00:17:40,880

we have

440

00:17:40,880 --> 00:17:42,880

illegal observations

441

00:17:42,880 --> 00:17:44,880

we have

442

00:17:44,880 --> 00:17:46,880

found, heard

443

00:17:46,880 --> 00:17:48,880

and decided very highly

444

00:17:48,880 --> 00:17:50,880

and we have the

445

00:17:50,880 --> 00:17:52,880

small associates

446

00:17:52,880 --> 00:17:54,880

with the person did find

447

00:17:54,880 --> 00:17:56,880

and got in the fifth

448

00:17:56,880 --> 00:17:58,880

where his boy Terry reported

449

00:17:59,460 --> 00:18:01,460

and he made

450

00:18:01,460 --> 00:18:03,460

back to the parent

451

00:18:03,460 --> 00:18:05,460

for us

452

00:18:05,460 --> 00:18:07,460

and we will receive a appeal

453

00:18:07,460 --> 00:18:09,460

for scientific analysis

454

00:18:09,460 --> 00:18:11,460

we also turned over to the

455

00:18:11,460 --> 00:18:13,460

Bureau

456

00:18:13,460 --> 00:18:15,460

from here

457

00:18:15,460 --> 00:18:17,460

which we have here from the track

458

00:18:17,460 --> 00:18:19,460

now these parents

459

00:18:19,460 --> 00:18:21,460

will not have to get a chance

460

00:18:21,460 --> 00:18:23,460

of a fifth chance

461

00:18:23,460 --> 00:18:25,460

we got two local homeless people

462

00:18:25,460 --> 00:18:27,460

and we turned over to the

463

00:18:28,040 --> 00:18:30,040

family

464

00:18:30,040 --> 00:18:32,040

and they will turn in the cast

465

00:18:32,040 --> 00:18:34,040

and make their statement

466

00:18:34,040 --> 00:18:36,040

that it is hard for them to do too much

467

00:18:36,040 --> 00:18:38,040

looking at

468

00:18:38,040 --> 00:18:40,040

all those homeless people

469

00:18:40,040 --> 00:18:42,040

they are not supposed to be

470

00:18:42,040 --> 00:18:44,040

about a living animal

471

00:18:44,040 --> 00:18:46,040

and based on their examination

472

00:18:46,040 --> 00:18:48,040

we found the model

473

00:18:48,040 --> 00:18:50,040

that he could not have been alive

474

00:18:50,040 --> 00:18:52,040

we were included to do the same

475

00:18:52,040 --> 00:18:54,040

we have to cover your face

476

00:18:54,040 --> 00:18:56,040

because possibly

477

00:18:56,620 --> 00:18:58,620

we will flip it off

478

00:18:58,620 --> 00:19:00,620

I have helped Mr. Harrison

479

00:19:00,620 --> 00:19:02,620

and asked him

480

00:19:02,620 --> 00:19:04,620

if he knew what it was

481

00:19:04,620 --> 00:19:06,620

when he made the transfer of parents

482

00:19:06,620 --> 00:19:08,620

he said no

483

00:19:08,620 --> 00:19:10,620

I said yes

484

00:19:10,620 --> 00:19:12,620

and he said

485

00:19:12,620 --> 00:19:14,620

what he really said about

486

00:19:14,620 --> 00:19:16,620

being homeless

487

00:19:16,620 --> 00:19:18,620

he said I can't understand that at all

488

00:19:18,620 --> 00:19:20,620

because he evoked a civil

489

00:19:20,620 --> 00:19:22,620

he said a few violence in it

490

00:19:22,620 --> 00:19:24,620

and they were about to have to be attacked

491

00:19:25,200 --> 00:19:27,200

so

492

00:19:27,200 --> 00:19:29,200

we will be talking about this room

493

00:19:29,200 --> 00:19:31,200

but we will make sure that they are not

494

00:19:31,200 --> 00:19:33,200

in the trash for the whole

495

00:19:33,200 --> 00:19:35,200

there is a big question

496

00:19:35,200 --> 00:19:37,200

about the nature of the homeless

497

00:19:37,200 --> 00:19:39,200

and the lives of the homeless

498

00:19:39,200 --> 00:19:41,200

and the homeless

499

00:19:41,200 --> 00:19:43,200

and in the 1970s

500

00:19:43,200 --> 00:19:45,200

there were some strange threats

501

00:19:45,200 --> 00:19:47,200

around the limo

502

00:19:47,200 --> 00:19:49,200

of the homeless

503

00:19:49,200 --> 00:19:51,200

and the homeless

504

00:19:51,200 --> 00:19:53,200

and the NIM

505

00:19:53,200 --> 00:19:55,200

and other human beings

506

00:19:55,200 --> 00:19:57,200

those who bear a murder

507

00:19:57,200 --> 00:19:59,200

and both in the investigation

508

00:19:59,200 --> 00:20:01,200

I don't know what it is

509

00:20:01,200 --> 00:20:03,200

it is in the middle of the world

510

00:20:03,200 --> 00:20:05,200

but it is more like an image

511

00:20:05,200 --> 00:20:07,200

because we could not have been in a party

512

00:20:07,200 --> 00:20:09,200

but they were also safe

513

00:20:09,200 --> 00:20:11,200

so they had

514

00:20:11,200 --> 00:20:13,200

a good point to make

515

00:20:13,200 --> 00:20:15,200

sure that we are not

516

00:20:15,200 --> 00:20:17,200

in a terrible state

517

00:20:17,200 --> 00:20:19,200

that they might all

518

00:20:19,200 --> 00:20:21,200

have to stand no fear

519

00:20:21,200 --> 00:20:23,200

and

520

00:20:23,200 --> 00:20:25,200

with the police

521

00:20:25,200 --> 00:20:27,200

they were not

522

00:20:27,200 --> 00:20:29,200

in a difficult situation

523

00:20:29,200 --> 00:20:31,200

they were not in a bad condition

524

00:20:31,200 --> 00:20:33,200

and they were in a bad situation

525

00:20:33,200 --> 00:20:35,200

and they were in a terrible situation

526

00:20:35,200 --> 00:20:37,200

and they were not in a bad situation

527

00:20:37,200 --> 00:20:39,200

one of them

528

00:20:39,200 --> 00:20:41,200

was in a bad situation

529

00:20:41,200 --> 00:20:43,200

and he was in a bad situation

530

00:20:43,200 --> 00:20:45,200

and the question was

531

00:20:45,200 --> 00:20:47,200

what are the reasons

532

00:20:47,200 --> 00:20:49,200

that he was holding the dollars

533

00:20:49,200 --> 00:20:51,200

and the money

534

00:20:51,200 --> 00:20:53,200

and they said that the only one

535

00:20:53,200 --> 00:20:55,200

to pass the investigation

536

00:20:55,200 --> 00:20:57,200

was the lack of

537

00:20:57,200 --> 00:20:59,200

that's the matter

538

00:20:59,200 --> 00:21:01,200

we're not sure

539

00:21:01,200 --> 00:21:03,200

this is based on the information

540

00:21:03,200 --> 00:21:05,200

about who the heirs and the structure

541

00:21:05,200 --> 00:21:07,200

they had left

542

00:21:07,200 --> 00:21:09,200

and I will admit the lack of

543

00:21:09,200 --> 00:21:11,200

possibility that the facts were not

544

00:21:11,200 --> 00:21:13,200

so meaningful

545

00:21:13,200 --> 00:21:15,200

only that they were held for the several years

546

00:21:15,200 --> 00:21:17,200

standing in the devil

547

00:21:17,200 --> 00:21:19,200

and the whole heart's right

548

00:21:19,200 --> 00:21:21,200

and that they hold no money

549

00:21:21,200 --> 00:21:23,200

and the opportunity is so valuable

550

00:21:23,200 --> 00:21:25,200

and they're very much in control

551

00:21:25,200 --> 00:21:27,200

from the specific case

552

00:21:27,200 --> 00:21:29,200

and I think it's very

553

00:21:29,200 --> 00:21:31,200

very important that it's the best way

554

00:21:31,200 --> 00:21:33,200

to do it

555

00:21:33,200 --> 00:21:35,200

well you ought to come to Ohio

556

00:21:35,200 --> 00:21:37,200

sometime we have them

557

00:21:37,200 --> 00:21:39,200

yes we talked about it

558

00:21:39,200 --> 00:21:41,200

this morning again and let me tell everyone again

559

00:21:41,200 --> 00:21:43,200

that we're talking with Hayden C. Hughes

560

00:21:43,200 --> 00:21:45,200

and Dan Garcia

561

00:21:45,200 --> 00:21:48,200

of the International Unidentified Flying Objects Bureau

562

00:21:48,200 --> 00:21:50,200

and we're talking to them from Oklahoma City

563

00:21:50,200 --> 00:21:52,200

and the connection is not as good

564

00:21:52,200 --> 00:21:54,200

as we had hoped it would be

565

00:21:54,200 --> 00:21:56,200

we call them twice now

566

00:21:56,200 --> 00:21:58,200

telephone lines just are not

567

00:21:58,200 --> 00:22:00,200

living quite at the car tonight

568

00:22:00,200 --> 00:22:02,200

but I hope you're able to understand

569

00:22:02,200 --> 00:22:04,200

what these gentlemen are saying

570

00:22:04,200 --> 00:22:06,200

they're investigating

571

00:22:06,200 --> 00:22:08,200

Momo the monster in Louisiana

572

00:22:08,200 --> 00:22:10,200

and out in the neighborhood

573

00:22:10,200 --> 00:22:12,200

have there been any recent reports

574

00:22:12,200 --> 00:22:14,200

of these?

575

00:22:14,200 --> 00:22:16,200

well I think we have received

576

00:22:16,200 --> 00:22:18,200

additional reports from surrounding town

577

00:22:18,200 --> 00:22:20,200

and recently

578

00:22:20,200 --> 00:22:22,200

a plan that brought this point

579

00:22:22,200 --> 00:22:24,200

I definitely believe

580

00:22:24,200 --> 00:22:26,200

that there is more

581

00:22:26,200 --> 00:22:28,200

than one of these

582

00:22:28,200 --> 00:22:30,200

there's been the difference

583

00:22:30,200 --> 00:22:32,200

in size

584

00:22:32,200 --> 00:22:34,200

characteristics

585

00:22:34,200 --> 00:22:36,200

similar in terms of a race around here

586

00:22:36,200 --> 00:22:38,200

others such as Momo with a black skin

587

00:22:38,200 --> 00:22:40,200

so

588

00:22:40,200 --> 00:22:42,200

the basic description of Momo

589

00:22:42,200 --> 00:22:45,200

is that of a car from the 6 to 7 feet tall

590

00:22:45,200 --> 00:22:48,200

with a short or no man

591

00:22:48,200 --> 00:22:51,200

face almost completely covered

592

00:22:51,200 --> 00:22:53,200

by the two boys

593

00:22:53,200 --> 00:22:55,200

they said for

594

00:22:55,200 --> 00:22:57,200

all except the chinger

595

00:22:57,200 --> 00:22:59,200

which remains partly clean

596

00:22:59,200 --> 00:23:03,200

the arms reached to or below the knees

597

00:23:03,200 --> 00:23:05,200

and you will know very little

598

00:23:05,200 --> 00:23:08,200

the way steps are swaying back and forth

599

00:23:08,200 --> 00:23:11,200

the most recent account we have

600

00:23:11,200 --> 00:23:13,200

is one similar to that

601

00:23:13,200 --> 00:23:15,200

although not identical

602

00:23:15,200 --> 00:23:17,200

near exactly the same area

603

00:23:17,200 --> 00:23:20,200

I believe that Momo

604

00:23:20,200 --> 00:23:23,200

I should say

605

00:23:23,200 --> 00:23:25,200

a relative of Momo

606

00:23:25,200 --> 00:23:27,200

was shot in the conference

607

00:23:27,200 --> 00:23:29,200

in the near 60s

608

00:23:29,200 --> 00:23:32,200

this being going to her and I

609

00:23:32,200 --> 00:23:35,200

to put on public display

610

00:23:35,200 --> 00:23:37,200

and I

611

00:23:37,200 --> 00:23:39,200

I've seen it

612

00:23:39,200 --> 00:23:41,200

I've seen it

613

00:23:41,200 --> 00:23:43,200

yes I've seen it

614

00:23:43,200 --> 00:23:45,200

this time with Donahawk movie

615

00:23:45,200 --> 00:23:47,200

it's the frame description

616

00:23:47,200 --> 00:23:50,200

down to a T of Momo

617

00:23:50,200 --> 00:23:52,200

and it was the conclusion by

618

00:23:52,200 --> 00:23:54,200

I and T Sanderson

619

00:23:54,200 --> 00:23:56,200

I am editor of

620

00:23:56,200 --> 00:23:58,200

Ardison Magazine

621

00:23:58,200 --> 00:24:00,200

and science and science and

622

00:24:00,200 --> 00:24:02,200

information in the house

623

00:24:02,200 --> 00:24:04,200

within three years

624

00:24:04,200 --> 00:24:06,200

I think it's a good thing

625

00:24:06,200 --> 00:24:08,200

that Momo is a real life thing

626

00:24:08,200 --> 00:24:10,200

it's just a power

627

00:24:10,200 --> 00:24:12,200

type of modern man

628

00:24:12,200 --> 00:24:14,200

by six characters

629

00:24:14,200 --> 00:24:16,200

and five of his characters

630

00:24:16,200 --> 00:24:18,200

exactly reported

631

00:24:18,200 --> 00:24:20,200

in association with Momo

632

00:24:20,200 --> 00:24:22,200

so it is just possible

633

00:24:22,200 --> 00:24:24,200

to know even that Momo

634

00:24:24,200 --> 00:24:25,200

is her latest

635

00:24:25,200 --> 00:24:27,200

being a runtime

636

00:24:27,200 --> 00:24:29,200

of an ancient

637

00:24:29,200 --> 00:24:31,200

something like a

638

00:24:31,200 --> 00:24:33,200

an inner-body type of

639

00:24:33,200 --> 00:24:35,200

being in the cave of the earth

640

00:24:35,200 --> 00:24:37,200

therefore a technical name

641

00:24:37,200 --> 00:24:39,200

or a popular name

642

00:24:39,200 --> 00:24:41,200

could apply to Momo

643

00:24:41,200 --> 00:24:43,200

with the Ardison 8

644

00:24:43,200 --> 00:24:45,200

and Bravo 8

645

00:24:45,200 --> 00:24:47,200

this is WKYC in Cleveland

646

00:24:47,200 --> 00:24:49,200

we're talking with agency here

647

00:24:49,200 --> 00:24:51,200

in Bend, Ocilla

648

00:24:51,200 --> 00:24:53,200

there was one element of the description

649

00:24:53,200 --> 00:24:55,200

of the monster that I didn't hear from you

650

00:24:55,200 --> 00:24:57,200

which I did here on a few of the newscasts

651

00:24:57,200 --> 00:24:59,200

and they mentioned that it seemed

652

00:24:59,200 --> 00:25:01,200

to many people that the

653

00:25:01,200 --> 00:25:03,200

eye has been glowed in the dark

654

00:25:03,200 --> 00:25:05,200

which sounds really like science fiction

655

00:25:05,200 --> 00:25:07,200

and you heard anything about that

656

00:25:07,200 --> 00:25:09,200

this description basically

657

00:25:09,200 --> 00:25:11,200

means some kind of

658

00:25:11,200 --> 00:25:13,200

classification of our

659

00:25:13,200 --> 00:25:15,200

out three obstacles

660

00:25:15,200 --> 00:25:17,200

in other words this description

661

00:25:17,200 --> 00:25:19,200

is the code most commonly reported

662

00:25:19,200 --> 00:25:21,200

and in the wire services

663

00:25:21,200 --> 00:25:22,200

the dot makes the

664

00:25:22,200 --> 00:25:24,200

an incident to the case here

665

00:25:24,200 --> 00:25:26,200

sounding like it was

666

00:25:26,200 --> 00:25:28,200

something we didn't even ever heard

667

00:25:28,200 --> 00:25:31,200

but it wasn't actually a characteristic of Momo

668

00:25:31,200 --> 00:25:33,200

it can hardly hide

669

00:25:33,200 --> 00:25:35,200

it's not hidden in the leading entertainment

670

00:25:35,200 --> 00:25:37,200

gentlemen if such a

671

00:25:37,200 --> 00:25:39,200

a being should appear

672

00:25:39,200 --> 00:25:41,200

anywhere within the

673

00:25:41,200 --> 00:25:43,200

radius of our signal tonight and we cover

674

00:25:43,200 --> 00:25:45,200

about all of the eastern United States

675

00:25:45,200 --> 00:25:47,200

if someone in Kentucky or down west Virginia

676

00:25:47,200 --> 00:25:49,200

should come across something like this

677

00:25:49,200 --> 00:25:51,200

what is the practical procedure?

678

00:25:52,200 --> 00:25:54,200

we urge

679

00:25:54,200 --> 00:25:56,200

for everyone

680

00:25:56,200 --> 00:25:58,200

to start

681

00:25:58,200 --> 00:26:00,200

and to all be aware of this measure

682

00:26:00,200 --> 00:26:02,200

it is a serious question to

683

00:26:02,200 --> 00:26:04,200

you

684

00:26:04,200 --> 00:26:06,200

we do not feel that these

685

00:26:06,200 --> 00:26:08,200

creatures are going to harm anyone

686

00:26:08,200 --> 00:26:10,200

and one of those things

687

00:26:10,200 --> 00:26:12,200

is not a way to forgive them

688

00:26:12,200 --> 00:26:14,200

this may be the

689

00:26:14,200 --> 00:26:16,200

thing that

690

00:26:16,200 --> 00:26:18,200

often people are looking for

691

00:26:18,200 --> 00:26:20,200

and we are looking for a way

692

00:26:20,200 --> 00:26:22,200

to prevent that kind of a

693

00:26:22,200 --> 00:26:24,200

bad-ass situation

694

00:26:24,200 --> 00:26:26,200

yeah they would be

695

00:26:26,200 --> 00:26:28,200

here with us and I just know the world

696

00:26:28,200 --> 00:26:30,200

for it

697

00:26:30,200 --> 00:26:32,200

and the excuse

698

00:26:32,200 --> 00:26:34,200

is we make a bridge like

699

00:26:34,200 --> 00:26:36,200

there are extremely bad

700

00:26:36,200 --> 00:26:38,200

towards all decisions

701

00:26:38,200 --> 00:26:40,200

and

702

00:26:40,200 --> 00:26:42,200

if a cat is trying to

703

00:26:42,200 --> 00:26:44,200

assume that they would be

704

00:26:44,200 --> 00:26:46,200

searching them for someone

705

00:26:46,200 --> 00:26:48,200

we are the students

706

00:26:48,200 --> 00:26:50,200

and we have come across

707

00:26:50,200 --> 00:26:52,200

Momo Kagan

708

00:26:52,200 --> 00:26:54,200

and I think that it is

709

00:26:54,200 --> 00:26:56,200

very well about the possible

710

00:26:56,200 --> 00:26:58,200

that we are going to be

711

00:26:58,200 --> 00:27:00,200

searching them for something

712

00:27:00,200 --> 00:27:02,200

that we have taken a lot

713

00:27:02,200 --> 00:27:04,200

of things to do not

714

00:27:04,200 --> 00:27:06,200

because there is so much

715

00:27:06,200 --> 00:27:08,200

that we want to encourage

716

00:27:08,200 --> 00:27:10,200

for our students

717

00:27:10,200 --> 00:27:12,200

however we do urge

718

00:27:12,200 --> 00:27:14,200

everyone to use

719

00:27:14,200 --> 00:27:16,200

a serious question

720

00:27:16,200 --> 00:27:18,200

to find a way to

721

00:27:18,200 --> 00:27:20,200

find a way to start

722

00:27:20,200 --> 00:27:22,200

and then we will see what the people

723

00:27:22,200 --> 00:27:24,200

are listening have to ask you

724

00:27:24,200 --> 00:27:26,200

and that question has to do with that smell

725

00:27:26,200 --> 00:27:28,200

that sulfurous smell

726

00:27:28,200 --> 00:27:30,200

is there any theories to why any

727

00:27:30,200 --> 00:27:32,200

living creature would

728

00:27:32,200 --> 00:27:34,200

exude such an odor

729

00:27:34,200 --> 00:27:36,200

the only theory I can advance

730

00:27:36,200 --> 00:27:38,200

at this time would be

731

00:27:38,200 --> 00:27:40,200

basically the fact that they

732

00:27:40,200 --> 00:27:42,200

are searching there

733

00:27:42,200 --> 00:27:44,200

and we are also associated

734

00:27:44,200 --> 00:27:46,200

with it living in

735

00:27:46,200 --> 00:27:48,200

so many quarters of the cave

736

00:27:48,200 --> 00:27:50,200

so the word cave

737

00:27:50,200 --> 00:27:52,200

is the area of the cave

738

00:27:52,200 --> 00:27:54,200

apparently

739

00:27:54,200 --> 00:27:56,200

from all the forts

740

00:27:56,200 --> 00:27:58,200

well Mr. Hughes, Mr. Garcia

741

00:27:58,200 --> 00:28:00,200

is it alright if we try to pick up some phone calls

742

00:28:00,200 --> 00:28:02,200

from our listeners on this end

743

00:28:02,200 --> 00:28:04,200

I hope that they will come through clearly

744

00:28:04,200 --> 00:28:06,200

with the U.S. trouble understanding

745

00:28:06,200 --> 00:28:08,200

that we will try to translate

746

00:28:08,200 --> 00:28:10,200

or at least we will transcommunicate

747

00:28:10,200 --> 00:28:12,200

for you

748

00:28:12,200 --> 00:28:14,200

our number here in Cleveland is 578-1400

749

00:28:14,200 --> 00:28:16,200

578-1400 for

750

00:28:16,200 --> 00:28:18,200

Mr. Garcia and H.B.C. Hughes

751

00:28:18,200 --> 00:28:20,200

talking to us from Oklahoma City

752

00:28:20,200 --> 00:28:22,200

and you are on the air please

753

00:28:22,200 --> 00:28:24,200

you have to speak up loudly

754

00:28:24,200 --> 00:28:26,200

so that our guests in Oklahoma can hear

755

00:28:26,200 --> 00:28:28,200

you didn't try

756

00:28:28,200 --> 00:28:30,200

he told me what is

757

00:28:30,200 --> 00:28:32,200

alert from Mr. John Olsen

758

00:28:32,200 --> 00:28:34,200

from the American Wildlife

759

00:28:34,200 --> 00:28:36,200

Research Organization

760

00:28:36,200 --> 00:28:38,200

and they are attempting

761

00:28:38,200 --> 00:28:40,200

to capture the location of the

762

00:28:40,200 --> 00:28:42,200

state force or the storm block

763

00:28:42,200 --> 00:28:44,200

which is located in the western

764

00:28:44,200 --> 00:28:46,200

Milwaukee mountain

765

00:28:46,200 --> 00:28:48,200

and the mobile

766

00:28:48,200 --> 00:28:50,200

almost sounds like

767

00:28:50,200 --> 00:28:52,200

a big storm block

768

00:28:52,200 --> 00:28:54,200

but it is a movie

769

00:28:54,200 --> 00:28:56,200

North America's

770

00:28:56,200 --> 00:28:58,200

and almost sounds like

771

00:28:58,200 --> 00:29:00,200

a little bit out of place

772

00:29:00,200 --> 00:29:02,200

but it could be the same place

773

00:29:02,200 --> 00:29:04,200

as the small package that you are holding

774

00:29:04,200 --> 00:29:06,200

for Mr. Olsen

775

00:29:06,200 --> 00:29:08,200

in regard to the gentleman's portion

776

00:29:08,200 --> 00:29:10,200

we have since January of this year

777

00:29:10,200 --> 00:29:12,200

been in negotiations

778

00:29:12,200 --> 00:29:14,200

with the

779

00:29:14,200 --> 00:29:16,200

end company in question

780

00:29:16,200 --> 00:29:18,200

American International

781

00:29:18,200 --> 00:29:20,200

to American National

782

00:29:20,200 --> 00:29:22,200

and the tips to obtain

783

00:29:22,200 --> 00:29:24,200

out of the Peterson films

784

00:29:24,200 --> 00:29:26,200

as well as the dissertation

785

00:29:26,200 --> 00:29:28,200

of the South

786

00:29:28,200 --> 00:29:30,200

as I said the North American

787

00:29:30,200 --> 00:29:32,200

Wildlife Research

788

00:29:32,200 --> 00:29:34,200

in the Oregon is making

789

00:29:34,200 --> 00:29:36,200

an all out effort

790

00:29:36,200 --> 00:29:38,200

to document as much as they can

791

00:29:38,200 --> 00:29:40,200

depending to the big foot

792

00:29:40,200 --> 00:29:42,200

it is interesting that

793

00:29:42,200 --> 00:29:44,200

the footprints that were left by

794

00:29:44,200 --> 00:29:46,200

mobile although they are

795

00:29:46,200 --> 00:29:47,200

approximately

796

00:29:47,200 --> 00:29:49,200

a inch in wide

797

00:29:49,200 --> 00:29:51,200

and a wide width of

798

00:29:51,200 --> 00:29:53,200

north

799

00:29:53,200 --> 00:29:55,200

are not obviously loose

800

00:29:55,200 --> 00:29:57,200

that is commonly associated

801

00:29:57,200 --> 00:29:59,200

with the 6th foot

802

00:29:59,200 --> 00:30:01,200

in other words it is not 16 or 17

803

00:30:01,200 --> 00:30:03,200

inches in length it is nearly around

804

00:30:03,200 --> 00:30:05,200

6 or 17 inches

805

00:30:05,200 --> 00:30:07,200

now without the roof and part of the

806

00:30:07,200 --> 00:30:09,200

roof it is almost

807

00:30:09,200 --> 00:30:11,200

19 inches in length

808

00:30:11,200 --> 00:30:13,200

it is almost

809

00:30:13,200 --> 00:30:15,200

19 inches

810

00:30:15,200 --> 00:30:17,200

drawn in many methods

811

00:30:17,200 --> 00:30:19,200

which have been saying

812

00:30:19,200 --> 00:30:21,200

in the past that it was

813

00:30:21,200 --> 00:30:23,200

very early on

814

00:30:23,200 --> 00:30:25,200

it is a possibility that the

815

00:30:25,200 --> 00:30:27,200

presentation of the film is

816

00:30:27,200 --> 00:30:29,200

much more than out of the space

817

00:30:29,200 --> 00:30:31,200

limited and the film is

818

00:30:31,200 --> 00:30:33,200

15 inches in length

819

00:30:33,200 --> 00:30:35,200

you might say limited

820

00:30:35,200 --> 00:30:37,200

but I will not go on through the time

821

00:30:37,200 --> 00:30:39,200

and not that it is covered

822

00:30:39,200 --> 00:30:41,200

this is true this is a

823

00:30:41,200 --> 00:30:43,200

Trouble-Dye Theory that is something

824

00:30:43,200 --> 00:30:45,200

that has been living here all along

825

00:30:45,200 --> 00:30:47,200

and in all honesty I will

826

00:30:47,200 --> 00:30:49,200

work towards the Trouble-Dye Theory

827

00:30:49,200 --> 00:30:51,200

then I will

828

00:30:51,200 --> 00:30:53,200

aim to the basics

829

00:30:53,200 --> 00:30:55,200

although while we were in it

830

00:30:55,200 --> 00:30:57,200

we had a degree

831

00:30:57,200 --> 00:30:59,200

we did encounter and investigate

832

00:30:59,200 --> 00:31:01,200

the UFO study versus objects

833

00:31:01,200 --> 00:31:03,200

that come down to 4 hills

834

00:31:03,200 --> 00:31:05,200

and are not only police officials

835

00:31:05,200 --> 00:31:07,200

but 12 inches in one night

836

00:31:07,200 --> 00:31:09,200

I could compare the whole

837

00:31:09,200 --> 00:31:11,200

of these objects

838

00:31:11,200 --> 00:31:13,200

in the town with the

839

00:31:13,200 --> 00:31:15,200

I could say the evidence

840

00:31:15,200 --> 00:31:17,200

with Earl Knott and down to him

841

00:31:17,200 --> 00:31:19,200

who compared to the items

842

00:31:19,200 --> 00:31:21,200

that were speaking to us in the U.S.

843

00:31:21,200 --> 00:31:23,200

Are you familiar with the

844

00:31:23,200 --> 00:31:25,200

community studies of Earl Knott?

845

00:31:25,200 --> 00:31:27,200

Yes, although I have

846

00:31:27,200 --> 00:31:29,200

personally corresponded

847

00:31:29,200 --> 00:31:31,200

our conferences and if I

848

00:31:31,200 --> 00:31:33,200

can give you a look at the research

849

00:31:33,200 --> 00:31:35,200

he has done at this

850

00:31:35,200 --> 00:31:37,200

along the line of the

851

00:31:37,200 --> 00:31:39,200

entire community

852

00:31:39,200 --> 00:31:41,200

Academy of Physics

853

00:31:41,200 --> 00:31:43,200

the UFO

854

00:31:43,200 --> 00:31:45,200

Thank you very much for the question

855

00:31:45,200 --> 00:31:47,200

Go on that please you are on the air

856

00:31:47,200 --> 00:31:49,200

excuse me sir, I see you are looking at

857

00:31:49,200 --> 00:31:51,200

Oklahoma City

858

00:31:51,200 --> 00:31:53,200

Ahhhh

859

00:31:53,200 --> 00:31:55,200

hahahahahahah

860

00:31:55,200 --> 00:31:57,200

Can you explain that one?

861

00:31:57,200 --> 00:31:59,200

Please go can you talk that one

862

00:31:59,200 --> 00:32:01,200

and take another call

863

00:32:01,200 --> 00:32:03,200

hahahahahahah

864

00:32:03,200 --> 00:32:05,200

You thought you had two people on the line

865

00:32:05,200 --> 00:32:07,200

are you?

866

00:32:07,200 --> 00:32:09,200

John, I'm John, now that you're on the line

867

00:32:09,200 --> 00:32:11,200

I'm here with you, what question do you have?

868

00:32:11,200 --> 00:32:13,200

Yeah, in the line I know that

869

00:32:13,200 --> 00:32:15,200

I thought I had something else

870

00:32:15,200 --> 00:32:17,200

John was talking with two gentlemen

871

00:32:17,200 --> 00:32:19,200

in Oklahoma City, they're playing the phone

872

00:32:19,200 --> 00:32:21,200

girl, so I have to question

873

00:32:21,200 --> 00:32:23,200

Yes, well I will make you know

874

00:32:23,200 --> 00:32:25,200

I will make you about 52 phones

875

00:32:25,200 --> 00:32:27,200

but he admitted that we're

876

00:32:27,200 --> 00:32:29,200

now how do you know if a fellow student

877

00:32:29,200 --> 00:32:31,200

is not making the public safe

878

00:32:31,200 --> 00:32:33,200

now why did you try to

879

00:32:33,200 --> 00:32:35,200

do not just stay silent and ask for guidance

880

00:32:35,200 --> 00:32:37,200

but to the top down the fact that

881

00:32:37,200 --> 00:32:39,200

we

882

00:32:39,200 --> 00:32:41,200

have found that unfortunately

883

00:32:41,200 --> 00:32:43,200

we've

884

00:32:43,200 --> 00:32:45,200

erased the problem

885

00:32:45,200 --> 00:32:47,200

which

886

00:32:47,200 --> 00:32:49,200

is turning the state down

887

00:32:49,200 --> 00:32:51,200

to be distorted

888

00:32:51,200 --> 00:32:53,200

not to be part of the

889

00:32:53,200 --> 00:32:55,200

theory it is that they do not want

890

00:32:55,200 --> 00:32:57,200

to be part of the publicity

891

00:32:57,200 --> 00:32:59,200

and more trying to keep the publicity

892

00:32:59,200 --> 00:33:01,200

down we do not know

893

00:33:01,200 --> 00:33:03,200

we don't think there's no

894

00:33:03,200 --> 00:33:05,200

way to say any instantiation

895

00:33:05,200 --> 00:33:07,200

without a two-fold up

896

00:33:07,200 --> 00:33:09,200

we do know that after

897

00:33:09,200 --> 00:33:11,200

we were down there in Louisiana and

898

00:33:11,200 --> 00:33:13,200

we heard that the collaboration

899

00:33:13,200 --> 00:33:15,200

started from the department

900

00:33:15,200 --> 00:33:17,200

which came from the military

901

00:33:17,200 --> 00:33:19,200

and the military

902

00:33:19,200 --> 00:33:21,200

they did those things to be able

903

00:33:21,200 --> 00:33:23,200

to solve the mess

904

00:33:23,200 --> 00:33:25,200

and to be able to act

905

00:33:25,200 --> 00:33:27,200

with some of the

906

00:33:27,200 --> 00:33:29,200

people they actually were there

907

00:33:29,200 --> 00:33:31,200

I imagine that the people who live

908

00:33:31,200 --> 00:33:33,200

in that area, Louisiana, Missouri

909

00:33:33,200 --> 00:33:35,200

are generally considered very sober

910

00:33:35,200 --> 00:33:37,200

Midwestern, they're people of the land

911

00:33:37,200 --> 00:33:39,200

there's supposed to be a little embarrassing

912

00:33:39,200 --> 00:33:41,200

to have something like this come out

913

00:33:41,200 --> 00:33:43,200

from under a lock in their area

914

00:33:43,200 --> 00:33:45,200

and they are

915

00:33:45,200 --> 00:33:47,200

as far as Missouri is in some

916

00:33:47,200 --> 00:33:49,200

of the states

917

00:33:49,200 --> 00:33:51,200

and the people there

918

00:33:51,200 --> 00:33:53,200

in the middle ground

919

00:33:53,200 --> 00:33:55,200

the people have either heard it

920

00:33:55,200 --> 00:33:57,200

or seen it

921

00:33:57,200 --> 00:33:59,200

or know it

922

00:33:59,200 --> 00:34:01,200

or believe it

923

00:34:01,200 --> 00:34:03,200

or carry something there

924

00:34:03,200 --> 00:34:05,200

and the ones who have not heard it

925

00:34:05,200 --> 00:34:07,200

will see it as

926

00:34:07,200 --> 00:34:09,200

happening to them

927

00:34:09,200 --> 00:34:11,200

or kind of work back

928

00:34:11,200 --> 00:34:13,200

and they don't really believe it

929

00:34:13,200 --> 00:34:15,200

but there is no real ground

930

00:34:15,200 --> 00:34:17,200

that the people are so well

931

00:34:17,200 --> 00:34:19,200

motivated

932

00:34:19,200 --> 00:34:21,200

and that can be said

933

00:34:21,200 --> 00:34:23,200

that the

934

00:34:23,200 --> 00:34:25,200

the fact that the sidecarb was from other states

935

00:34:25,200 --> 00:34:27,200

and I'd like to know

936

00:34:27,200 --> 00:34:29,200

now there are six other

937

00:34:29,200 --> 00:34:31,200

alien sightings in anything, right?

938

00:34:31,200 --> 00:34:33,200

Yes

939

00:34:33,200 --> 00:34:35,200

Okay, what percentage of the

940

00:34:35,200 --> 00:34:37,200

military are in your context

941

00:34:37,200 --> 00:34:39,200

with military cases?

942

00:34:39,200 --> 00:34:41,200

In our investigation

943

00:34:41,200 --> 00:34:43,200

we found that

944

00:34:43,200 --> 00:34:45,200

80% of the cases

945

00:34:45,200 --> 00:34:47,200

could be attributed to natural

946

00:34:47,200 --> 00:34:49,200

and natural amounts

947

00:34:49,200 --> 00:34:51,200

20% of the cases

948

00:34:51,200 --> 00:34:53,200

are unexplainable

949

00:34:53,200 --> 00:34:55,200

as the leading theory is

950

00:34:55,200 --> 00:34:57,200

that we are under the

951

00:34:57,200 --> 00:34:59,200

kind of fan theory

952

00:34:59,200 --> 00:35:01,200

as the three most commonly

953

00:35:01,200 --> 00:35:03,200

reported being

954

00:35:03,200 --> 00:35:05,200

beyond the most common

955

00:35:05,200 --> 00:35:07,200

is a 3.5

956

00:35:07,200 --> 00:35:09,200

4 foot tall

957

00:35:09,200 --> 00:35:11,200

being

958

00:35:11,200 --> 00:35:13,200

a life-size man

959

00:35:13,200 --> 00:35:15,200

with an extremely large head

960

00:35:15,200 --> 00:35:17,200

with huge lips

961

00:35:17,200 --> 00:35:19,200

and a full-ware of

962

00:35:19,200 --> 00:35:21,200

large, tight-fitted

963

00:35:21,200 --> 00:35:23,200

teeth and blood-resistant teeth

964

00:35:23,200 --> 00:35:25,200

he is usually accompanied

965

00:35:25,200 --> 00:35:27,200

with a 7

966

00:35:27,200 --> 00:35:29,200

then has a standing

967

00:35:29,200 --> 00:35:31,200

with dogs and not lethal

968

00:35:31,200 --> 00:35:33,200

who appears to be

969

00:35:33,200 --> 00:35:35,200

the most friendly of the three

970

00:35:35,200 --> 00:35:37,200

I do not have the figures

971

00:35:37,200 --> 00:35:39,200

performing on a first training

972

00:35:39,200 --> 00:35:41,200

but to how many cases

973

00:35:41,200 --> 00:35:43,200

are seen and not

974

00:35:43,200 --> 00:35:45,200

with a high degree

975

00:35:45,200 --> 00:35:47,200

on a first training

976

00:35:47,200 --> 00:35:49,200

may be

977

00:35:49,200 --> 00:35:51,200

the most likely

978

00:35:51,200 --> 00:35:53,200

to be one of those from the cases

979

00:35:53,200 --> 00:35:55,200

who appear to be

980

00:35:55,200 --> 00:35:57,200

curious and self-published

981

00:35:57,200 --> 00:35:59,200

in other words they only react

982

00:35:59,200 --> 00:36:01,200

in marketing and marketing

983

00:36:01,200 --> 00:36:03,200

even though they are not here at work

984

00:36:03,200 --> 00:36:05,200

or are discovered

985

00:36:05,200 --> 00:36:07,200

and this is how we are to maybe

986

00:36:07,200 --> 00:36:09,200

expect those friendly

987

00:36:09,200 --> 00:36:11,200

if they are to be approached

988

00:36:11,200 --> 00:36:13,200

because

989

00:36:13,200 --> 00:36:15,200

mainly action to them

990

00:36:15,200 --> 00:36:17,200

is to see them first

991

00:36:17,200 --> 00:36:19,200

the people that we have here

992

00:36:19,200 --> 00:36:21,200

armed and so

993

00:36:21,200 --> 00:36:23,200

150 soldiers

994

00:36:23,200 --> 00:36:25,200

doing nothing through the area

995

00:36:25,200 --> 00:36:27,200

which is way up to

996

00:36:27,200 --> 00:36:29,200

3000 feet in area

997

00:36:29,200 --> 00:36:31,200

and every 6 in 6

998

00:36:31,200 --> 00:36:33,200

areas

999

00:36:33,200 --> 00:36:35,200

so on about many days

1000

00:36:35,200 --> 00:36:37,200

that

1001

00:36:37,200 --> 00:36:39,200

we have almost been talking

1002

00:36:39,200 --> 00:36:41,200

about this area

1003

00:36:41,200 --> 00:36:43,200

and then the police are the very

1004

00:36:43,200 --> 00:36:45,200

latest and that's the reason

1005

00:36:45,200 --> 00:36:47,200

we have got to meet so many people

1006

00:36:47,200 --> 00:36:49,200

and so are nothing

1007

00:36:49,200 --> 00:36:51,200

and we have also

1008

00:36:51,200 --> 00:36:53,200

a high degree of difficulty

1009

00:36:53,200 --> 00:36:55,200

but

1010

00:36:55,200 --> 00:36:57,200

we can see that they constantly

1011

00:36:57,200 --> 00:36:59,200

act in such a way

1012

00:36:59,200 --> 00:37:01,200

to see us when we are in trouble

1013

00:37:01,200 --> 00:37:03,200

Ok I have another question

1014

00:37:03,200 --> 00:37:05,200

this is

1015

00:37:05,200 --> 00:37:07,200

basically a test for a human

1016

00:37:07,200 --> 00:37:09,200

to see if it's a test

1017

00:37:09,200 --> 00:37:11,200

if it's a test

1018

00:37:11,200 --> 00:37:13,200

why does it take

1019

00:37:13,200 --> 00:37:15,200

more than a few times

1020

00:37:15,200 --> 00:37:17,200

in a place like New York

1021

00:37:17,200 --> 00:37:19,200

I was in New York a couple weeks ago

1022

00:37:19,200 --> 00:37:21,200

and most of it is fine in a week

1023

00:37:21,200 --> 00:37:23,200

why didn't you say it in a more popular way

1024

00:37:23,200 --> 00:37:25,200

as I said

1025

00:37:25,200 --> 00:37:27,200

usually when you study psychology

1026

00:37:27,200 --> 00:37:29,200

you find that you do not

1027

00:37:29,200 --> 00:37:31,200

get involved

1028

00:37:31,200 --> 00:37:33,200

with the church

1029

00:37:33,200 --> 00:37:35,200

and I think

1030

00:37:35,200 --> 00:37:37,200

in the real community

1031

00:37:37,200 --> 00:37:39,200

are your more

1032

00:37:39,200 --> 00:37:41,200

human-born people

1033

00:37:41,200 --> 00:37:43,200

they are not conducting that race

1034

00:37:43,200 --> 00:37:45,200

of the city

1035

00:37:45,200 --> 00:37:47,200

certainly the people in miles

1036

00:37:47,200 --> 00:37:49,200

of the world in the country

1037

00:37:49,200 --> 00:37:51,200

they will notice the weather

1038

00:37:51,200 --> 00:37:53,200

more and they will notice the

1039

00:37:53,200 --> 00:37:55,200

community as it seems more

1040

00:37:55,200 --> 00:37:57,200

and constantly

1041

00:37:57,200 --> 00:37:59,200

being more meaningful and wise

1042

00:37:59,200 --> 00:38:01,200

and that it concerns more their

1043

00:38:01,200 --> 00:38:03,200

cattle and the weather

1044

00:38:03,200 --> 00:38:05,200

as the hearers but as the former

1045

00:38:05,200 --> 00:38:07,200

New York resident

1046

00:38:07,200 --> 00:38:09,200

and I think Momo could walk

1047

00:38:09,200 --> 00:38:11,200

right down 6th Avenue and nobody

1048

00:38:11,200 --> 00:38:13,200

would take a second left there

1049

00:38:13,200 --> 00:38:15,200

in Missouri they would

1050

00:38:15,200 --> 00:38:17,200

but not in New York and here in Cleveland

1051

00:38:17,200 --> 00:38:19,200

I think people walk down the street here

1052

00:38:19,200 --> 00:38:21,200

and I think in the street you could have

1053

00:38:21,200 --> 00:38:23,200

anywhere I would be pants on

1054

00:38:23,200 --> 00:38:25,200

and nobody looks around

1055

00:38:25,200 --> 00:38:27,200

so it would have to be a place like Missouri

1056

00:38:27,200 --> 00:38:29,200

there would be any reaction at all

1057

00:38:29,200 --> 00:38:31,200

thank you for the comment

1058

00:38:31,200 --> 00:38:33,200

now Momo has never been

1059

00:38:33,200 --> 00:38:35,200

excited wearing any kind of clothing

1060

00:38:35,200 --> 00:38:37,200

has he?

1061

00:38:37,200 --> 00:38:39,200

well listen I have to do a commercial right now

1062

00:38:39,200 --> 00:38:41,200

that's my lead-in

1063

00:38:41,200 --> 00:38:43,200

we'll be right back with you

1064

00:38:43,200 --> 00:38:45,200

now if you want to one of the greatest buys

1065

00:38:45,200 --> 00:38:47,200

of your life get down to go to clothing factory

1066

00:38:47,200 --> 00:38:49,200

out there now CFO

1067

00:38:49,200 --> 00:38:51,200

they've got double knit glazers

1068

00:38:51,200 --> 00:38:53,200

double knit slats with a combined value

1069

00:38:53,200 --> 00:38:55,200

of \$90 both years for only \$39.75

1070

00:38:55,200 --> 00:38:57,200

this week

1071

00:38:57,200 --> 00:38:59,200

how does CFO do it?

1072

00:38:59,200 --> 00:39:01,200

they're all outstanding manufacturers

1073

00:39:01,200 --> 00:39:03,200

the glazers completely hand-tailored

1074

00:39:03,200 --> 00:39:05,200

they're fully lined

1075

00:39:05,200 --> 00:39:07,200

they're 100% polyester with dotted back

1076

00:39:07,200 --> 00:39:09,200

and brass buttons

1077

00:39:09,200 --> 00:39:11,200

very cool looking and they're made to sell for

1078

00:39:11,200 --> 00:39:13,200

\$65 the slats too

1079

00:39:13,200 --> 00:39:15,200

are hand-tailored and plain

1080

00:39:15,200 --> 00:39:17,200

and they're made to sell for \$25 a pair

1081

00:39:17,200 --> 00:39:19,200

so think of it a double knit

1082

00:39:19,200 --> 00:39:21,200

for a coat worth \$65

1083

00:39:21,200 --> 00:39:23,200

knit slats selling out for \$25

1084

00:39:23,200 --> 00:39:25,200

they're beautifully hand-tailored

1085

00:39:25,200 --> 00:39:27,200

and they're both yours for only

1086

00:39:27,200 --> 00:39:29,200

\$25.75 this week at CFO

1087

00:39:29,200 --> 00:39:31,200

there's more to choose from

1088

00:39:31,200 --> 00:39:33,200

they've run world topical suits

1089

00:39:33,200 --> 00:39:35,200

for \$90 now \$39.75

1090

00:39:35,200 --> 00:39:37,200

new cast in a wide-tide

1091

00:39:37,200 --> 00:39:39,200

\$8.50 now \$1

1092

00:39:39,200 --> 00:39:41,200

but there's always great savings for you

1093

00:39:41,200 --> 00:39:43,200

at CFO 2530 Superior Avenue

1094

00:39:43,200 --> 00:39:45,200

that's where you take the elevator up

1095

00:39:45,200 --> 00:39:47,200

to keep your clothing cast down

1096

00:39:47,200 --> 00:39:49,200

they open daily 9-6

1097

00:39:49,200 --> 00:39:51,200

and Sundays 10-5

1098

00:39:51,200 --> 00:39:53,200

and all my money's there

1099

00:39:53,200 --> 00:39:55,200

there's a nice blue glazer

1100

00:39:55,200 --> 00:39:57,200

and it's pretty good

1101

00:39:57,200 --> 00:39:59,200

but these slats need to fit right in the new elevator

1102

00:39:59,200 --> 00:40:01,200

not that long

1103

00:40:01,200 --> 00:40:03,200

not the right length here and everything

1104

00:40:03,200 --> 00:40:05,200

I'll have you turn on the car here

1105

00:40:05,200 --> 00:40:07,200

and you're on it

1106

00:40:07,200 --> 00:40:09,200

how are you doing that?

1107

00:40:09,200 --> 00:40:11,200

I worked in regards to this creature

1108

00:40:11,200 --> 00:40:13,200

I did it a few years ago

1109

00:40:13,200 --> 00:40:15,200

when they investigated the

1110

00:40:15,200 --> 00:40:17,200

found out

1111

00:40:17,200 --> 00:40:19,200

I think back in the 56s

1112

00:40:19,200 --> 00:40:21,200

when they were economic

1113

00:40:21,200 --> 00:40:23,200

they did not preach wealth

1114

00:40:23,200 --> 00:40:25,200

the slater

1115

00:40:25,200 --> 00:40:27,200

has been taking

1116

00:40:27,200 --> 00:40:29,200

two others into account

1117

00:40:29,200 --> 00:40:31,200

the only different pair

1118

00:40:31,200 --> 00:40:33,200

is the one that's not as long as the slater

1119

00:40:33,200 --> 00:40:35,200

but that's just the way

1120

00:40:35,200 --> 00:40:37,200

I'm not mistaken

1121

00:40:37,200 --> 00:40:39,200

you're probably correct here

1122

00:40:39,200 --> 00:40:41,200

and one of the persons in there

1123

00:40:41,200 --> 00:40:43,200

about 4 or 5 years ago

1124

00:40:43,200 --> 00:40:45,200

they were setting

1125

00:40:45,200 --> 00:40:47,200

for the use of the slater

1126

00:40:47,200 --> 00:40:49,200

while you're at your next location

1127

00:40:49,200 --> 00:40:51,200

more recently

1128

00:40:51,200 --> 00:40:53,200

they've been serving as a senior

1129

00:40:53,200 --> 00:40:55,200

or a senior

1130

00:40:55,200 --> 00:40:57,200

so it's funny that they

1131

00:40:57,200 --> 00:40:59,200

had not investigated these

1132

00:40:59,200 --> 00:41:01,200

those settings more

1133

00:41:01,200 --> 00:41:03,200

you know, it seemed like they were trapped

1134

00:41:03,200 --> 00:41:05,200

these kind of more distant other situations

1135

00:41:05,200 --> 00:41:07,200

to find out what they are

1136

00:41:07,200 --> 00:41:09,200

we just checked a few years ago

1137

00:41:09,200 --> 00:41:11,200

it's really hard to say

1138

00:41:11,200 --> 00:41:13,200

what is wrong or if it was wrong

1139

00:41:13,200 --> 00:41:15,200

so many times

1140

00:41:15,200 --> 00:41:17,200

these observations

1141

00:41:17,200 --> 00:41:19,200

were in the portfolio

1142

00:41:19,200 --> 00:41:21,200

so it's a bit of a culture of thumb

1143

00:41:21,200 --> 00:41:23,200

thank you

1144

00:41:23,200 --> 00:41:25,200

by the way speaking of other settings

1145

00:41:25,200 --> 00:41:27,200

as I told Mr. Hughes

1146

00:41:27,200 --> 00:41:29,200

before when I was on the air

1147

00:41:29,200 --> 00:41:31,200

we had a call from the floor of the show

1148

00:41:31,200 --> 00:41:33,200

and Kurt gave me the number

1149

00:41:33,200 --> 00:41:35,200

of a lady who had information on a sighting

1150

00:41:35,200 --> 00:41:37,200

I think somewhere in Kentucky or Tennessee

1151

00:41:37,200 --> 00:41:39,200

and maybe news

1152

00:41:39,200 --> 00:41:41,200

has been informed of that

1153

00:41:41,200 --> 00:41:43,200

and maybe news

1154

00:41:43,200 --> 00:41:45,200

I know from this news folder

1155

00:41:45,200 --> 00:41:47,200

that you went out

1156

00:41:47,200 --> 00:41:50,640

in the country at night to look for this thing, didn't you?

1157

00:41:50,640 --> 00:41:52,140

I did, sir.

1158

00:41:52,140 --> 00:41:55,340

Well, sir, what would you have done if you had found him out there?

1159

00:41:55,340 --> 00:42:03,820

Well, in the fortitude of our office, I can say I would have the time to be curiosity

1160

00:42:03,820 --> 00:42:05,180

to go up to it.

1161

00:42:05,180 --> 00:42:06,680

Well, he was here.

1162

00:42:06,680 --> 00:42:10,880

He had walked up to it and dropped it on the back while we were standing up there on the

1163

00:42:10,900 --> 00:42:12,400

side of the harrickson property.

1164

00:42:12,400 --> 00:42:14,260

We may have been the first one to talk to him.

1165

00:42:14,260 --> 00:42:24,080

He had, uh, helped us camping all night in an effort to try to record the sounds associated

1166

00:42:24,080 --> 00:42:25,080

with him.

1167

00:42:25,080 --> 00:42:29,900

But it was only 9.35 on Saturday evening, this thing had happened.

1168

00:42:29,900 --> 00:42:36,260

Now, Mr. Harrison, we've seen the telephone call from the other side of the mill advising

1169

00:42:37,260 --> 00:42:41,260

him that the train was just first over there.

1170

00:42:41,260 --> 00:42:45,260

We got into our car, we drove around to the area.

1171

00:42:45,260 --> 00:42:47,260

The police were notified.

1172

00:42:47,260 --> 00:42:48,260

They came out.

1173

00:42:48,260 --> 00:42:55,260

The area was restricted, I think a very long time, but we did receive their permission to

1174

00:42:55,260 --> 00:42:58,260

go out and then to the hospital again.

1175

00:42:58,260 --> 00:43:05,260

We did conduct a nighttime course again with the policeman, less than 15 minutes after

1176

00:43:05,260 --> 00:43:07,260

the day we were checked.

1177

00:43:07,260 --> 00:43:14,260

We did not have more mail from here or with the officers or all of our students.

1178

00:43:14,260 --> 00:43:17,260

We returned to the nearest house.

1179

00:43:17,260 --> 00:43:24,260

After some time, we did go back to the motel to get some badly needed police and we could

1180

00:43:24,260 --> 00:43:27,260

start in the room and take both the following days.

1181

00:43:27,260 --> 00:43:34,260

The church, too, will leave the area from here close to the 1,500 mile church, which was

1182

00:43:34,260 --> 00:43:37,260

like passing on Eurofist.

1183

00:43:37,260 --> 00:43:44,260

I can easily imagine, but I'm really impressed by the fact that you went through all that

1184

00:43:44,260 --> 00:43:48,260

trouble and I hope someday you will get what you want on tape and I hope you'll call us

1185

00:43:48,260 --> 00:43:50,260

and play it for us when you do.

1186

00:43:50,260 --> 00:43:55,260

I would say this, Mr. Compton, is that the Bureau will welcome any reports of unintended

1187

00:43:55,260 --> 00:44:00,260

incursions or any other incidents that may be reported.

1188

00:44:00,260 --> 00:44:05,260

I think we'll be able to get some more information about what we're doing here.

1189

00:44:05,260 --> 00:44:10,260

I think we'll be able to get some more information about what we're doing here.

1190

00:44:10,260 --> 00:44:14,260

I think we'll be able to get some more information about what we're doing here.

1191

00:44:14,260 --> 00:44:19,260

I think we'll be able to get some more information about what we're doing here.

1192

00:44:19,260 --> 00:44:24,260

I think we'll be able to get some more information about what we're doing here.

1193

00:44:24,260 --> 00:44:29,260

I think we'll be able to get some more information about what we're doing here.

1194

00:44:29,260 --> 00:44:34,260

I think we'll be able to get some more information about what we're doing here.

1195

00:44:34,260 --> 00:44:39,260

I think we'll be able to get some more information about what we're doing here.

1196

00:44:39,260 --> 00:44:44,260

I think we'll be able to get some more information about what we're doing here.

1197

00:44:44,260 --> 00:44:49,260

I think we'll be able to get some more information about what we're doing here.

1198

00:44:49,260 --> 00:44:54,260

I think we'll be able to get some more information about what we're doing here.

1199

00:44:54,260 --> 00:44:59,260

I think we'll be able to get some more information about what we're doing here.

1200

00:44:59,260 --> 00:45:04,260

I think we'll be able to get some more information about what we're doing here.

1201

00:45:04,260 --> 00:45:09,260

I think we'll be able to get some more information about what we're doing here.

1202

00:45:09,260 --> 00:45:14,260

I think we'll be able to get some more information about what we're doing here.

1203

00:45:14,260 --> 00:45:19,260

I think we'll be able to get some more information about what we're doing here.

1204

00:45:19,260 --> 00:45:24,260

I think we'll be able to get some more information about what we're doing here.

1205

00:45:24,260 --> 00:45:29,260

I think we'll be able to get some more information about what we're doing here.

1206

00:45:29,260 --> 00:45:34,260

I think we'll be able to get some more information about what we're doing here.

1207

00:45:34,260 --> 00:45:39,260

I think we'll be able to get some more information about what we're doing here.

1208

00:45:39,260 --> 00:45:44,260

I think we'll be able to get some more information about what we're doing here.

1209

00:45:44,260 --> 00:45:49,260

I think we'll be able to get some more information about what we're doing here.

00:46:59,400 --> 00:47:11,400

and really go through the mountain area, it was very possible that we'd see it captured the same alive.

1216

00:47:11,400 --> 00:47:19,400

But we are looking at our own experience and our own free time in an effort to try to determine what moment it is.

1217

00:47:20,400 --> 00:47:23,400

So it isn't just a whole other government project.

1218

00:47:23,400 --> 00:47:24,400

Okay.

1219

00:47:24,400 --> 00:47:29,400

We are in person, we're in person, that's the first occasion of a quick...

1220

00:47:29,400 --> 00:47:33,400

Alright sir, thank you very much and I hope someday we'll be a government project.

1221

00:47:33,400 --> 00:47:34,400

Okay, alright.

1222

00:47:34,400 --> 00:47:36,400

Go ahead please, you're on the air.

1223

00:47:36,400 --> 00:47:48,400

Okay, I'm just wanting to give you a point that we have to allow the people of the Sanctuizer to come up with a master's memo.

1224

00:47:48,400 --> 00:47:54,400

You've asked the noise possibly that UFOs are landing monsters like Momo

1225

00:47:54,400 --> 00:48:03,400

and the report in the newspaper here did mention several fireballs that went over a tree right before the Momo was sighted.

1226

00:48:03,400 --> 00:48:05,400

Is that the correct report?

1227

00:48:05,400 --> 00:48:11,400

We did uncover several UFO observations in Louisiana.

1228

00:48:11,400 --> 00:48:19,400

One of them was a very valuable thing, a dog witness, who had a tragic star ball very in color that came down in the hill.

1229

00:48:19,400 --> 00:48:29,400

We were currently able to find two specific flaming areas, but that was nothing like the topography that they are from the U.S.

1230

00:48:29,400 --> 00:48:41,400

I would say based on evidence uncovered that it is more probable that they are a ship on human type, something like the missing wing.

1231

00:48:41,400 --> 00:48:42,400

Let's talk about it.

1232

00:48:42,400 --> 00:48:50,400

It was made as a government project in Ohio before going back to cause 100 years.

1233

00:48:50,400 --> 00:48:56,400

And I think history will bear me up until that further than this, there was 5 seconds.

1234

00:48:56,400 --> 00:49:01,400

In a very powerful way, there is a living missing wing.

1235

00:49:01,400 --> 00:49:15,400

That's the whole theory that there is a kind of a species of man or ape that is the bridge between creatures that look more like apes and creatures that look more like men.

1236

00:49:15,400 --> 00:49:18,400

This has been taking around for a long, long time.

1237

00:49:18,400 --> 00:49:34,400

If we were to find one of these creatures and bring it into a laboratory and actually find that it was half man, half ape, and that we all descended from it, do you gentlemen have any idea what this would mean to religion and philosophy?

1238

00:49:34,400 --> 00:49:35,400

Have you ever thought about that?

1239

00:49:36,400 --> 00:49:38,400

Yes sir.

1240

00:49:38,400 --> 00:49:44,400

I have talked with a lot of people pertaining to the religious side of it.

1241

00:49:44,400 --> 00:49:54,400

And for some, the belief that there is a higher intelligence culture than our planet is very hard to take.

1242

00:49:54,400 --> 00:50:02,400

In other words, the pre-complete of modern day man is with the highest in creation after the creator.

1243

00:50:02,400 --> 00:50:12,400

It is very possible that it will wake up to religious beliefs.

1244

00:50:12,400 --> 00:50:21,400

If something like this is found to be the missing wing, or if it is found to be another ineptible world.

1245

00:50:21,400 --> 00:50:34,400

I look across in my father's house and many mention that our Earth is the one heaven on the beach in the overall community of other inhabitable worlds.

1246

00:50:34,400 --> 00:50:41,400

And in our own astronauts and astronauts are venturing into space and to the near-bottom planet.

1247

00:50:41,400 --> 00:50:52,400

I think that it is very probable that one of these other things gets off of their world and has been coming here since our recorded history.

1248

00:50:52,400 --> 00:51:00,400

Periods as we are alive for it, but throughout our history we have been confined to our own planet.

1249

00:51:00,400 --> 00:51:03,400

And now we are no longer confined to our planet.

1250

00:51:03,400 --> 00:51:13,400

And I think that has become too short that we are going to bring our history of war into a possible peaceful society of space.

1251

00:51:13,400 --> 00:51:17,400

And we will have no more than stepped up a peaceful economy.

1252

00:51:17,400 --> 00:51:30,400

Now we are privileged to support this in that it is only major scientific development of man for a hundred and increased to close UFO observations.

1253

00:51:30,400 --> 00:51:40,400

If I may, I might ask in regards to the mass-produced information that our UFOs are closer to this year's UFOs,

1254

00:51:40,400 --> 00:51:45,400

than we were to be scared to kill and manage to eject the Earth down it.

1255

00:51:45,400 --> 00:51:51,400

We had the broken pilot, uh, put it at the bottom of the gravel in the UFOs.

1256

00:51:51,400 --> 00:52:03,400

And he was a man of strong faith and I asked him on behalf of the several human observations in the dark of UFOs.

1257

00:52:03,400 --> 00:52:07,400

And the gravel were ever gone out to be true.

1258

00:52:07,400 --> 00:52:11,400

And what we were and said they trashed us in another world,

1259

00:52:11,400 --> 00:52:16,400

when he thought it was a future with the faith of the people inside the mission land.

1260

00:52:16,400 --> 00:52:25,400

And he said that he did not believe that the same thing with people would be sure that sort of state that people were having faith.

1261

00:52:25,400 --> 00:52:33,400

And that after some hour we could take the account of God's power to other technological approaches.

1262

00:52:33,400 --> 00:52:41,400

But there after some three or three days we could take the account of the people of power very soon after he took the post to God.

1263

00:52:41,400 --> 00:52:47,400

Well we may soon find out, I don't know, but in any case to both you, Dan Garcia and A.D.C.,

1264

00:52:47,400 --> 00:52:49,400

you're a good hunting gentleman. Thank you.

1265

00:52:49,400 --> 00:52:52,400

Thank you so much for sending us our wish to include him.

1266

00:52:52,400 --> 00:52:54,400

Goodbye.
