

1

00:00:00,000 --> 00:00:04,000

Do you have a reporting center?

2

00:00:04,000 --> 00:00:09,000

Yes. I was in New Jersey, Tom's River, New Jersey.

3

00:00:09,000 --> 00:00:23,000

And on Thursday night between 8 and 8.30 I reported to the Tom's River Police Department that I had seen something in the sky that was extremely unusual.

4

00:00:23,000 --> 00:00:33,000

It was extremely big. It had fire engine red lights, Kelly green lights, orange lights.

5

00:00:33,000 --> 00:00:39,000

It would shut all them lights down and turn it bright white. It had no destination at all.

6

00:00:39,000 --> 00:00:45,000

It was zigzagging in and out. It was shooting from one side of the sky to the other side.

7

00:00:45,000 --> 00:00:53,000

It was almost as if it was rolling. Then it came back into almost by the highway and it was coming down low.

8

00:00:53,000 --> 00:01:01,000

And as I got a good look at it, it was triangular shaped and I rolled the window down and there was no sound to the thing at all.

9

00:01:01,000 --> 00:01:07,000

The lights were extremely, extremely big, big, big lights.

10

00:01:07,000 --> 00:01:10,000

Okay. Was this a large object or small?

11

00:01:10,000 --> 00:01:14,000

Very large object. Unbelievably large.

12

00:01:14,000 --> 00:01:18,000

Okay. Could you estimate its size by comparing it with something you know of?

13

00:01:18,000 --> 00:01:24,000

This would make you laugh but it was as big as a 7-11 store. I don't know if you're familiar with that one.

14

00:01:24,000 --> 00:01:37,000

It was as big as a little convenience store. The shape on the bottom of it was triangular but it almost looks as if it domed out.

15

00:01:37,000 --> 00:01:39,000

Kind of a dome on top then?

16

00:01:39,000 --> 00:01:43,000

Like a dome. Like the bottom base was triangular.

17

00:01:43,000 --> 00:01:44,000

Okay.

18

00:01:44,000 --> 00:01:53,000

But when I had to get it underneath it to find out what type of shape it was and when I looked underneath it was triangular.

19

00:01:53,000 --> 00:01:59,000

But I could not make it out because the lights were so bright. They were almost blinding my eyes.

20

00:01:59,000 --> 00:02:01,000

Did you ever have to turn away from it?

21

00:02:01,000 --> 00:02:04,000

Yes, the lights were extremely bright.

22

00:02:04,000 --> 00:02:06,000

And still no noise at that point?

23

00:02:06,000 --> 00:02:08,000

No noise at all.

24

00:02:08,000 --> 00:02:12,000

Okay, John, do you have any estimate of how close it came to you?

25

00:02:12,000 --> 00:02:19,000

I'd say between the height of two or three telephone poles.

26

00:02:19,000 --> 00:02:20,000

Okay.

27

00:02:20,000 --> 00:02:31,000

And it was over water a lot. It was over the ocean, over the bay, then into like land and then it shot like right out of sight.

28

00:02:31,000 --> 00:02:41,000

It shut all its lights off and turned one light of red, beating in and out extremely fast as if it didn't want to be seen.

29

00:02:41,000 --> 00:02:42,000

Okay.

30

00:02:42,000 --> 00:02:48,000

And I reported it to the police department and they don't want to be bothered about it.

31

00:02:48,000 --> 00:02:53,000

You know what I mean? They don't want to be bothered. Air force, everything. They just don't want to hear about it.

32

00:02:53,000 --> 00:02:59,000

But I want to talk to someone about it because it was not a plane or a helicopter.

33

00:02:59,000 --> 00:03:05,000

They try to give you stories of what it is but it definitely was an unidentified flying object.

34

00:03:05,000 --> 00:03:09,000

And it had no destination, flying erratically.

35

00:03:09,000 --> 00:03:11,000

Just erratically around the sky?

36

00:03:11,000 --> 00:03:15,000

Yeah, erratic pattern zigzagging in and out.

37

00:03:15,000 --> 00:03:19,000

Okay. Did it quite frequently turn that white, bright white color?

38

00:03:19,000 --> 00:03:27,000

Bright white and then it would like shut the light, white light down. It would turn like a green, orange and red.

39

00:03:27,000 --> 00:03:31,000

Almost as if it looked like an air show. It was unbelievable.

40

00:03:31,000 --> 00:03:33,000

Okay. What time did that occur?

41

00:03:33,000 --> 00:03:39,000

Between 8 May 30 on Thursday night to 27th of October.

42

00:03:39,000 --> 00:03:44,000

It was a full moon, no clouds in the sky whatsoever. None.

43

00:03:44,000 --> 00:03:45,000

Okay.

44

00:03:45,000 --> 00:03:48,000

And I watched it for about, I'd say about 15 minutes.

45

00:03:48,000 --> 00:03:49,000

And then what happened to it?

46

00:03:49,000 --> 00:03:55,000

And then it just went on an angle and disappeared.

47

00:03:55,000 --> 00:03:57,000

Now did this pass overhead?

48

00:03:57,000 --> 00:04:02,000

Overhead. It hovered overhead of me.

49

00:04:02,000 --> 00:04:04,000

You mean that it stopped?

50

00:04:04,000 --> 00:04:06,000

It totally stopped dead.

51

00:04:06,000 --> 00:04:07,000

Directly overhead?

52

00:04:07,000 --> 00:04:11,000

Overhead. Just like dead stop in the air.

53

00:04:11,000 --> 00:04:16,000

Okay. Now at that point, do you feel that you were looking at a solid object?

54

00:04:16,000 --> 00:04:17,000

When I look, oh...

55

00:04:17,000 --> 00:04:19,000

Metallic or solid object?

56

00:04:19,000 --> 00:04:24,000

When I, yes it was solid. When I looked at it, it was solid object.

57

00:04:24,000 --> 00:04:25,000

Okay.

58

00:04:25,000 --> 00:04:26,000

Okay.

59

00:04:26,000 --> 00:04:29,000

And it was a rectangular object.

60

00:04:29,000 --> 00:04:32,000

I mean, pardon me, a triangular object.

61

00:04:32,000 --> 00:04:33,000

Yes.

62

00:04:33,000 --> 00:04:35,000

Like a, as if it domed out.

63

00:04:35,000 --> 00:04:36,000

Okay.

64

00:04:36,000 --> 00:04:39,000

That's when I noticed how big it was.

65

00:04:39,000 --> 00:04:44,000

And that's when I rolled down the windows to hear for sound. No sound at all.

66

00:04:44,000 --> 00:04:48,000

It almost looked as if it was landing and it stopped.

67

00:04:48,000 --> 00:04:53,000

To me, it looked like it got scared and just shot away.

68

00:04:53,000 --> 00:04:55,000

And was anyone with you at the time?

69

00:04:55,000 --> 00:04:56,000

Yes.

70

00:04:56,000 --> 00:04:57,000

Okay.

71

00:04:57,000 --> 00:04:59,000

Thomas River, that's right on the water, isn't it?

72

00:04:59,000 --> 00:05:00,000

Yes.

73

00:05:00,000 --> 00:05:01,000

On the ocean?

74

00:05:01,000 --> 00:05:03,000

Right on the, it came from the ocean.

75

00:05:03,000 --> 00:05:04,000

Okay.

76

00:05:04,000 --> 00:05:11,000

I'm like so excited that I've seen something that is unusual and I know it's not a plane.

77

00:05:11,000 --> 00:05:13,000

When did you see this?

78

00:05:13,000 --> 00:05:18,000

I've seen this Thursday night, October 27th, between 8th and 8th, 30th.

79

00:05:18,000 --> 00:05:21,000

Okay. Did you ever draw a sketch of the object?

80

00:05:21,000 --> 00:05:26,000

Matter of fact, my brother just asked me to draw the sketch of the object and I did.

81

00:05:26,000 --> 00:05:31,000

The sketch, I'm not a very good drawer so he understood what I was trying to say when

82

00:05:31,000 --> 00:05:33,000

I meant triangular on the bottom.

83

00:05:33,000 --> 00:05:34,000

Okay.

84

00:05:34,000 --> 00:05:37,000

And it domed out like on the sides and stuff.

85

00:05:37,000 --> 00:05:38,000

Okay.

86

00:05:38,000 --> 00:05:40,000

Okay, we sure appreciate you reporting that.

87

00:05:40,000 --> 00:05:42,000

You'll be hearing from somebody.

88

00:05:42,000 --> 00:05:44,000

No call ahead of time.

89

00:05:44,000 --> 00:05:47,000

Has it, does it sound anything familiar that anybody else reported?

90

00:05:47,000 --> 00:05:48,000

Yes, very familiar.

91

00:05:48,000 --> 00:05:49,000

Very familiar?

92

00:05:49,000 --> 00:05:50,000

Mm-hmm.

93

00:05:50,000 --> 00:05:51,000

Thank you very much, sir.

94

00:05:51,000 --> 00:05:52,000

Thank you for calling.

95

00:05:52,000 --> 00:05:53,000

Bye-bye.
