

1

00:00:00,000 --> 00:00:03,280

Do you have a full recruiting center?

2

00:00:03,280 --> 00:00:04,280

Yes, sir.

3

00:00:04,280 --> 00:00:10,120

This is the Jacksonville Center watch supervisor and I don't know what we need to do on this

4

00:00:10,120 --> 00:00:12,920

or even how it's handled because I've never had one of these before.

5

00:00:12,920 --> 00:00:22,640

But at any rate, we've got a civilian aircraft around Augusta right now that has seen something

6

00:00:22,640 --> 00:00:23,640

real strange.

7

00:00:23,640 --> 00:00:28,560

It's been following them here about as 11 o'clock position for the last half an hour

8

00:00:28,560 --> 00:00:29,560

or so.

9

00:00:29,560 --> 00:00:35,800

And we have no other aircraft in the area, no other reported aircraft, nothing that

10

00:00:35,800 --> 00:00:40,280

we're seeing as far as VFR traffic or any other targets.

11

00:00:40,280 --> 00:00:46,320

So I guess we have reason to believe as well as the pilot believes that it may be a UFO.

12

00:00:46,320 --> 00:00:50,920

Now what information do you need to have me get here so we can...

13

00:00:50,920 --> 00:00:55,600

Of course, just to name and phone numbers so we can contact him later if possible.

14

00:00:55,600 --> 00:01:02,120

All right, let me get the name and phone number.

15

00:01:02,120 --> 00:01:03,120

What else do you need?

16

00:01:03,120 --> 00:01:04,120

That would be sufficient.

17

00:01:04,120 --> 00:01:05,120

Okay.

18

00:01:05,120 --> 00:01:08,120

Is this a government reporting agency?

19

00:01:08,120 --> 00:01:11,120

No, no, it's a private agency.

20

00:01:11,120 --> 00:01:12,120

Okay, is this...

21

00:01:12,120 --> 00:01:13,120

Just out of curiosity, is this any...

22

00:01:13,120 --> 00:01:14,120

I'll shoot a guy by the name of Neff out of Cleveland, Ohio, did he have anything to

23

00:01:14,120 --> 00:01:15,120

do with this?

24

00:01:15,120 --> 00:01:16,120

No.

25

00:01:16,120 --> 00:01:17,120

Okay, what is this?

26

00:01:17,120 --> 00:01:30,440

Is this a tracking agency?

27

00:01:30,440 --> 00:01:34,640

We gather the reports from around the country and then they're evaluated here.

28

00:01:34,640 --> 00:01:36,840

And what's down with them from there?

29

00:01:36,840 --> 00:01:38,760

Just out of curiosity.

30

00:01:38,760 --> 00:01:44,960

They need additional information and they go on to field investigators and they make

31

00:01:44,960 --> 00:01:45,960

on-site investigations.

32

00:01:45,960 --> 00:01:46,960

Okay.

33

00:01:46,960 --> 00:01:47,960

All right.

34

00:01:47,960 --> 00:01:52,160

We'll all get his name and phone number and give you a call back.

35

00:01:52,160 --> 00:01:53,160

Thank you.

36

00:01:53,160 --> 00:01:54,160

Do I need to ask for anybody in particular?

37

00:01:54,160 --> 00:01:55,160

No, sir.

38

00:01:55,160 --> 00:01:56,160

Okay.

39

00:01:56,160 --> 00:01:57,160

Thank you.

40

00:01:57,160 --> 00:01:58,160

UFO reporting center?

41

00:01:58,160 --> 00:01:59,160

Yes, sir.

42

00:01:59,160 --> 00:02:00,160

This is Jack, Senator Watt, supervisor.

43

00:02:00,160 --> 00:02:01,160

Yes, sir.

44

00:02:01,160 --> 00:02:08,160

Okay, the information on that gentleman, he was real reluctant to talk to anybody on this

45

00:02:08,160 --> 00:02:09,160

thing and I reassured him.

46

00:02:09,160 --> 00:02:16,160

The sad part about this, people see things like this and a lot of it goes unreported.

47

00:02:16,160 --> 00:02:23,160

I think it's a result of a lot of what Project Bull Book did back in the 60s and the 50s

48

00:02:23,160 --> 00:02:29,160

were trying to discredit the people that were seeing these things and reporting them.

49

00:02:29,160 --> 00:02:34,160

But at any rate, I'm sure that was in the back of his mind and I assured him that this

50

00:02:34,160 --> 00:02:38,160

was not a government agency and that folks just wanted to gather a little more information

51

00:02:38,160 --> 00:02:39,160

on it.

52

00:02:39,160 --> 00:02:40,160

That is correct, is that right?

53

00:02:40,160 --> 00:02:41,160

Yes, sir.

54

00:02:41,160 --> 00:02:42,160

Okay.

55

00:02:42,160 --> 00:02:43,160

Well, I appreciate it.

56

00:02:43,160 --> 00:02:44,160

Thank you very much.

57

00:02:44,160 --> 00:02:45,160

Thank you.

58

00:02:45,160 --> 00:02:47,160

You will hold the reporting center?

59

00:02:47,160 --> 00:02:48,160

Yes, sir.

60

00:02:48,160 --> 00:02:50,160

This is Jack, Senator Watt, supervisor one more time here.

61

00:02:50,160 --> 00:02:56,160

Just a little more information on the situation that I just described to you.

62

00:02:56,160 --> 00:02:59,160

I went down to the radar display.

63

00:02:59,160 --> 00:03:05,160

At the time that this aircraft was reporting it, we were showing something on radar on

64

00:03:05,160 --> 00:03:12,160

an air-meton basis that was in the approximate position that he was describing.

65

00:03:12,160 --> 00:03:19,160

Whether this would have any bearing on it or not, I don't know.

66

00:03:19,160 --> 00:03:22,160

But at any rate, I thought I'd just lay that on you.

67

00:03:22,160 --> 00:03:27,160

I don't know if they've had any other, it'd be real interesting to know at this point

68

00:03:27,160 --> 00:03:33,160

if any of the other police departments in that area had any squad cars or policemen

69

00:03:33,160 --> 00:03:37,160

that were in state patrol would report anything out there in that area tonight.

70

00:03:37,160 --> 00:03:41,160

If we get anything from the ground witnesses, I'll let you know.

71

00:03:41,160 --> 00:03:42,160

Okay, great.

72

00:03:42,160 --> 00:03:43,160

Okay.

73

00:03:43,160 --> 00:03:44,160

Thanks again.

74

00:03:44,160 --> 00:03:45,160

Thank you.

75

00:03:45,160 --> 00:03:45,660

Bye.
