

1

00:00:00,000 --> 00:00:03,000

Do you have a reporting center?

2

00:00:03,000 --> 00:00:06,000

Oh, just who I wanted to talk to. We're in Grass Valley, California.

3

00:00:06,000 --> 00:00:07,000

Yes.

4

00:00:07,000 --> 00:00:11,000

And I contacted Beale Air Force Base here to get a number that we could report to UFOs

5

00:00:11,000 --> 00:00:13,000

sighting here in Grass Valley.

6

00:00:13,000 --> 00:00:14,000

Yes.

7

00:00:14,000 --> 00:00:16,000

Did we get a description of what you saw?

8

00:00:16,000 --> 00:00:20,000

Well, you know, I'll let you talk to my husband. I only seen two of them. He's seen quite a few more.

9

00:00:20,000 --> 00:00:23,000

It was about 10 to 5 or 5 to 5 this morning.

10

00:00:23,000 --> 00:00:24,000

Okay.

11

00:00:24,000 --> 00:00:25,000

So let me put him on the phone. Hold on.

12

00:00:25,000 --> 00:00:26,000

Thank you.

13

00:00:26,000 --> 00:00:28,000

Oh, good morning.

14

00:00:28,000 --> 00:00:29,000

Good morning.

15

00:00:29,000 --> 00:00:33,000

Good morning. Hey, listen, I have never been a believer of UFOs in my entire life.

16

00:00:33,000 --> 00:00:37,000

And I just seen a minimum of 9 this morning with my own eyes.

17

00:00:37,000 --> 00:00:40,000

And I mean, I'm a believer.

18

00:00:40,000 --> 00:00:41,000

Okay, what do you...

19

00:00:41,000 --> 00:00:42,000

What are you... Huh?

20

00:00:42,000 --> 00:00:43,000

What do they look like?

21

00:00:43,000 --> 00:00:46,000

Okay, it's about 5 to 5. I went out to check my water pump.

22

00:00:46,000 --> 00:00:52,000

I turned around in the sky and approached me at first of all was, if I remember right now,

23

00:00:52,000 --> 00:00:58,000

at least 3, maybe 4 that I've seen at first that were bright, bright,

24

00:00:58,000 --> 00:01:04,000

round just bright lights moving in uniform, moving slow...

25

00:01:04,000 --> 00:01:11,000

Well, you know, in uniform, I mean fairly fast, not a streak, just a steady move and very quiet.

26

00:01:11,000 --> 00:01:16,000

So I kind of went up the hill a little bit looking at those, waiting to hear engines.

27

00:01:16,000 --> 00:01:17,000

And I thought, this is weird.

28

00:01:17,000 --> 00:01:21,000

I don't know if there were choppers or what's going on, but I heard no motors.

29

00:01:21,000 --> 00:01:26,000

Then further out beyond them, I kept seeing more up here.

30

00:01:26,000 --> 00:01:30,000

I'd seen like 2 or 3 more of the same bright, bright lights.

31

00:01:30,000 --> 00:01:34,000

It looked like they were like in a pattern, just kept coming right towards me.

32

00:01:34,000 --> 00:01:37,000

It looked like some of them, and I even rubbed my eyes.

33

00:01:37,000 --> 00:01:41,000

I thought I was seeing things, had like tails behind them.

34

00:01:41,000 --> 00:01:44,000

And I thought maybe the tails would dissipate.

35

00:01:44,000 --> 00:01:46,000

They just kept coming over.

36

00:01:46,000 --> 00:01:53,000

Then what really got me is down slightly to me, but what I'll call below them, you know,

37

00:01:53,000 --> 00:02:01,000

they were off a little ways, was like when I first seen it, it almost looked like some kind of an orange explosion,

38

00:02:01,000 --> 00:02:03,000

like almost like a pinwheel thing.

39

00:02:03,000 --> 00:02:07,000

And I kept waiting for these things to like fall to the ground or something.

40

00:02:07,000 --> 00:02:12,000

Then I realized that whatever that's what I was looking at was moving also with these white lights.

41

00:02:12,000 --> 00:02:15,000

So we got some big pine trees on the hill.

42

00:02:15,000 --> 00:02:21,000

So the orange part kind of went behind these trees, and there was like 4 of these lights.

43

00:02:21,000 --> 00:02:25,000

I was screaming at my wife to come out, she's out on the gravel in her bare feet.

44

00:02:25,000 --> 00:02:30,000

The 2 main bright ones were moving directly out of the west, directly to the east.

45

00:02:30,000 --> 00:02:36,000

It was just starting to get daylight nice, and I followed them completely until they disappeared,

46

00:02:36,000 --> 00:02:39,000

even as they were going into the light.

47

00:02:40,000 --> 00:02:43,000

I would say I've seen at least 9 of them.

48

00:02:43,000 --> 00:02:50,000

The one orange and at least 9 of the bright, that's all I can describe as bright moving lights.

49

00:02:50,000 --> 00:02:51,000

That's it.

50

00:02:51,000 --> 00:02:58,000

From west to east, 5.54, 5.55 this morning, and I'm a building contractor.

51

00:02:58,000 --> 00:03:00,000

I mean I've seen them, what else can I say?

52

00:03:00,000 --> 00:03:02,000

So I had to tell somebody.

53

00:03:02,000 --> 00:03:04,000

Okay, how long did you three watch them all together?

54

00:03:04,000 --> 00:03:09,000

I would say, okay, what, maybe 2 minutes?

55

00:03:09,000 --> 00:03:12,000

A minute and a half?

56

00:03:12,000 --> 00:03:18,000

I'm going to guess at this, we've got a pretty good aerial view here.

57

00:03:18,000 --> 00:03:23,000

We're sitting kind of on a hill, and from when I first appeared to when I watched them disappear in the east

58

00:03:23,000 --> 00:03:28,000

where I couldn't see them anymore, I would say a minute and a half maybe?

59

00:03:28,000 --> 00:03:29,000

Okay.

60

00:03:29,000 --> 00:03:31,000

Two minutes, maybe?

61

00:03:31,000 --> 00:03:36,000

Maybe, I mean, you know, I was so excited that I've never seen anything like this before.

62

00:03:36,000 --> 00:03:38,000

Did any of those pass directly overhead?

63

00:03:38,000 --> 00:03:45,000

The two of them passed, I would say, not directly, but damn close.

64

00:03:45,000 --> 00:03:50,000

There was two of them that were what I call the first ones to appear out of the sky.

65

00:03:50,000 --> 00:03:57,000

Okay, if I'm staying here looking straight up, you know, no, but if I drop my head straight up

66

00:03:57,000 --> 00:04:03,000

down at an angle at about, not even 45 degrees, that's how close two of them were,

67

00:04:03,000 --> 00:04:05,000

and they were just steady and in uniform.

68

00:04:05,000 --> 00:04:08,000

I think they were close enough that you would have heard any sound?

69

00:04:08,000 --> 00:04:09,000

Oh, God, yes.

70

00:04:09,000 --> 00:04:14,000

I mean, that was the first thing, because Beale Air Force Base, we've got these

71

00:04:14,000 --> 00:04:20,000

the fuelers that fly over us every other day, and I mean, I can hear them way, oh yeah, yeah, yeah.

72

00:04:20,000 --> 00:04:24,000

No, these were low and distinct, bright.

73

00:04:24,000 --> 00:04:26,000

Circular type, lights?

74

00:04:26,000 --> 00:04:33,000

Okay, all I can tell is like, all I can tell you is that the bright lights that first appeared

75

00:04:33,000 --> 00:04:39,000

were just like massive, yeah, I would say circular, yeah, I would say circular.

76

00:04:39,000 --> 00:04:44,000

But not the orange deal, I don't know what that was, that was like a big wheel.

77

00:04:44,000 --> 00:04:51,000

Again, circular, a wheel would be, but that's what really, that's what really started

78

00:04:51,000 --> 00:04:54,000

freaking out and calling my wife when I seen that.

79

00:04:54,000 --> 00:04:55,000

Okay.

80

00:04:55,000 --> 00:04:59,000

I mean, I'm just a little guy, a little contractor, I've never been involved in this stuff,

81

00:04:59,000 --> 00:05:01,000

but I mean, I've seen them.

82

00:05:01,000 --> 00:05:04,000

I don't have a problem with it, my name's Doug Fuantan and I've seen them.

83

00:05:04,000 --> 00:05:06,000

Okay, and your age?

84

00:05:06,000 --> 00:05:08,000

I'm 45 years old.

85

00:05:08,000 --> 00:05:09,000

Okay.

86

00:05:09,000 --> 00:05:14,000

I mean, I've watched this stuff on TV, I've seen it in the Inquirer, I've seen it, I've always laughed at it.

87

00:05:14,000 --> 00:05:15,000

Really?

88

00:05:15,000 --> 00:05:16,000

I've seen them.

89

00:05:16,000 --> 00:05:18,000

Okay, where did you get our number?

90

00:05:18,000 --> 00:05:23,000

Beale Air, my wife called the sheriff, she called Beale,

91

00:05:23,000 --> 00:05:27,000

and they gave us your number, Beale Air Force Base, California, Marysville.

92

00:05:27,000 --> 00:05:31,000

Sure, I appreciate you reporting that, and if we get any more information relating to this,

93

00:05:31,000 --> 00:05:32,000

we'll call you back.

94

00:05:32,000 --> 00:05:37,000

Oh man, I hope so, because I mean, I've seen them.

95

00:05:37,000 --> 00:05:39,000

Okay, thanks again.

96

00:05:39,000 --> 00:05:40,000

Alright.
