

1

00:00:00,000 --> 00:00:03,000

UFO reporting center.

2

00:00:03,000 --> 00:00:05,000

Hi, I'm Andy.

3

00:00:05,000 --> 00:00:06,000

Yes.

4

00:00:06,000 --> 00:00:19,000

And it's, and I discovered, I have one of these books, and this is about the UFO, I have one of these books about flying saucer in here.

5

00:00:19,000 --> 00:00:20,000

Uh-huh.

6

00:00:20,000 --> 00:00:24,000

And it looked, I saw one and it looked exactly like it.

7

00:00:24,000 --> 00:00:26,000

Well, when did you see that?

8

00:00:26,000 --> 00:00:29,000

It was like a couple nights ago or so.

9

00:00:29,000 --> 00:00:30,000

Uh-huh.

10

00:00:30,000 --> 00:00:38,000

And I didn't realize the phone number until just now, so I started, might want to call, and it was, it was like a saucer shape.

11

00:00:38,000 --> 00:00:39,000

Uh-huh.

12

00:00:39,000 --> 00:00:40,000

Big hole in it.

13

00:00:40,000 --> 00:00:42,000

And the bottom of it?

14

00:00:42,000 --> 00:00:43,000

Yes.

15

00:00:43,000 --> 00:00:46,000

Was that pretty close to you?

16

00:00:46,000 --> 00:00:58,000

It was, it was like, right, it seemed like it was on a lawn, and I have a telescope, I looked in a telescope and it was, it was like only in it, in it, um, it was just by my friend's side.

17

00:00:58,000 --> 00:01:01,000

It was just by my friend's side, it was like a block, it was down in it too.

18

00:01:01,000 --> 00:01:02,000

Uh-huh.

19

00:01:02,000 --> 00:01:16,000

And it just, it was, it was, it had real, it was real shiny and it looked real pretty around it, and it had, like, all around the edge of it.

20

00:01:16,000 --> 00:01:19,000

Where, as if it was welded together.

21

00:01:19,000 --> 00:01:20,000

Uh-huh.

22

00:01:20,000 --> 00:01:21,000

Or so.

23

00:01:21,000 --> 00:01:23,000

And the materials just looked different.

24

00:01:23,000 --> 00:01:27,000

I don't know how it looked different, but it just looked different.

25

00:01:27,000 --> 00:01:28,000

Okay.

26

00:01:28,000 --> 00:01:30,000

Was that a big object or small?

27

00:01:30,000 --> 00:01:33,000

It was a big object.

28

00:01:33,000 --> 00:01:35,000

I'm telling you, it was big.

29

00:01:35,000 --> 00:01:38,000

And how close do you feel it was to you?

30

00:01:38,000 --> 00:01:47,000

It seemed like it was right about in our lawn, when it really was about, it's locked down, and the block isn't real far down.

31

00:01:47,000 --> 00:01:49,000

Okay.

32

00:01:49,000 --> 00:01:51,000

And when did that happen?

33

00:01:51,000 --> 00:01:54,000

Only a couple nights ago.

34

00:01:54,000 --> 00:01:56,000

Okay.

35

00:01:57,000 --> 00:02:00,000

How long did you watch it?

36

00:02:00,000 --> 00:02:05,000

Um, I saw it, it was going real slow.

37

00:02:05,000 --> 00:02:08,000

I opened the door to see if I could hear anything.

38

00:02:08,000 --> 00:02:09,000

Uh-huh.

39

00:02:09,000 --> 00:02:21,000

And all I heard was just the car still by, and, and, I mean, it was going real slow, and I probably watched it a good 15 minutes, and then I couldn't see it anymore, as if it had just vanished into some.

40

00:02:21,000 --> 00:02:23,000

Okay.

41

00:02:23,000 --> 00:02:26,000

What time did that occur?

42

00:02:26,000 --> 00:02:28,000

About 8.15 at night.

43

00:02:28,000 --> 00:02:30,000

Oh, that was early then.

44

00:02:30,000 --> 00:02:31,000

Uh-huh.

45

00:02:31,000 --> 00:02:33,000

Did anyone else see it?

46

00:02:33,000 --> 00:02:35,000

Um, my friend did.

47

00:02:35,000 --> 00:02:42,000

He saw it exactly at the same time, exactly at the same place and everything.

48

00:02:42,000 --> 00:02:50,000

And he said, and he, he described it exactly as if I, what he saw is what I saw.

49

00:02:50,000 --> 00:02:51,000

Okay.

50

00:02:51,000 --> 00:02:54,000

What kind of shape did this thing have?

51

00:02:54,000 --> 00:02:58,000

It had, it was like a, it was like a saucer.

52

00:02:58,000 --> 00:03:14,000

The top of it was like a saucer, and then the bottom of it was like the outer ending of it with a hole and like two big bolts just pushed in as if it was like a, a state, a shuttle blaster, the booster.

53

00:03:14,000 --> 00:03:16,000

Uh-huh.

54

00:03:16,000 --> 00:03:19,000

And, and it was black.

55

00:03:19,000 --> 00:03:24,000

It was all black and dark in there, so you couldn't see anything there.

56

00:03:24,000 --> 00:03:27,000

What was the color of the outside of it?

57

00:03:27,000 --> 00:03:37,000

It was silver, and it, and it had just all different lights around the whole thing, just all colors of light.

58

00:03:37,000 --> 00:03:40,000

Okay, what, what finally happened to the object?

59

00:03:40,000 --> 00:03:46,000

Um, it just, when, when it went past, all of a sudden it just vanished.

60

00:03:46,000 --> 00:03:49,000

I think it went behind a cloud or something.

61

00:03:49,000 --> 00:03:50,000

Okay.

62

00:03:50,000 --> 00:03:52,000

But did you see it take off?

63

00:03:52,000 --> 00:04:06,000

Um, all of a sudden, well all of a sudden I saw this object go up and then out, so I don't know if it was really just, you know, coming up a little bit and then going out, or if it was just taking off from someone.

64

00:04:06,000 --> 00:04:08,000

Okay.

65

00:04:08,000 --> 00:04:12,000

So, was your friend in his own house when he saw this object?

66

00:04:12,000 --> 00:04:14,000

Yup.

67

00:04:14,000 --> 00:04:16,000

He was.

68

00:04:16,000 --> 00:04:21,000

And I called him and he said he was right about to call me about this thing.

69

00:04:21,000 --> 00:04:24,000

And it was, it was really weird.

70

00:04:24,000 --> 00:04:27,000

He gave you the similar description that you saw?

71

00:04:27,000 --> 00:04:30,000

Um, yeah.

72

00:04:30,000 --> 00:04:39,000

Just about exactly the same. The only thing that, that he didn't see was the hole in the bottom because it tilted toward my house.

73

00:04:39,000 --> 00:04:41,000

Oh, okay.

74

00:04:41,000 --> 00:04:46,000

Do you have any estimate of how wide that object was in feet or yards?

75

00:04:46,000 --> 00:04:51,000

Well, not just probably at least half of the football field.

76

00:04:51,000 --> 00:04:53,000

Oh, okay.

77

00:04:53,000 --> 00:04:57,000

That's pretty big.

78

00:04:57,000 --> 00:05:00,000

Okay, we sure appreciate your reporting that.

79

00:05:00,000 --> 00:05:01,000

Yup.

80

00:05:01,000 --> 00:05:03,000

And if we get any more information, we'll call you back.

81

00:05:03,000 --> 00:05:04,000

Alright.

82

00:05:04,000 --> 00:05:05,000

Bye-bye.
