

1

00:00:00,000 --> 00:00:05,000

I wonder if we could get a description of what you saw last night.

2

00:00:05,000 --> 00:00:09,000

Okay, well my son saw it first. There's four of us that saw this.

3

00:00:09,000 --> 00:00:10,000

Yes.

4

00:00:10,000 --> 00:00:20,000

And we're just really frightened. We were coming off of Avenue I. I made a ride onto Sierra

5

00:00:20,000 --> 00:00:27,000

Boulevard and I went past that area there. It says 45 mile an hour.

6

00:00:27,000 --> 00:00:33,000

And just when I got onto the part where you can pick up speed, my son said,

7

00:00:33,000 --> 00:00:40,000

Mom, can aircraft hover? And I said, Michael, be quiet, you know, and stop asking me two questions.

8

00:00:40,000 --> 00:00:43,000

And then I saw him just staring. He was just staring.

9

00:00:43,000 --> 00:00:47,000

And so I looked up and I saw this cluster of lights.

10

00:00:47,000 --> 00:00:52,000

And they were just a bunch of them. And I thought it was like six helicopters,

11

00:00:52,000 --> 00:00:54,000

Army helicopters just hovering over the field over there.

12

00:00:54,000 --> 00:00:56,000

And then there was this one white light to the right.

13

00:00:56,000 --> 00:00:57,000

Yes.

14

00:00:57,000 --> 00:01:02,000

And it was coming around it, like circling around these little lights all over the place.

15

00:01:02,000 --> 00:01:05,000

I immediately pulled over. There was traffic in front of me behind me.

16

00:01:05,000 --> 00:01:08,000

I immediately pulled over to the right shoulder of the road.

17

00:01:08,000 --> 00:01:11,000

I left my lights on. I left the vehicle running. The radio was on.

18

00:01:11,000 --> 00:01:16,000

And as soon as I pulled over, this object came straight at us, straight to our vehicle.

19

00:01:16,000 --> 00:01:20,000

It was huge. This thing was huge. It was black, huge.

20

00:01:20,000 --> 00:01:25,000

It had these triangle lights on it. And it started just, it just come floating over.

21

00:01:25,000 --> 00:01:29,000

It didn't come fast. It came across the road. It floated.

22

00:01:29,000 --> 00:01:32,000

It kind of turned to where all you could see then was these triangle lights.

23

00:01:32,000 --> 00:01:35,000

All these little tiny lights kind of weren't there anymore.

24

00:01:35,000 --> 00:01:39,000

And it was just black. The ceremony was huge. It floated over to us.

25

00:01:39,000 --> 00:01:46,000

It started coming down towards the front, top of the van, and kind of tilted.

26

00:01:46,000 --> 00:01:47,000

Yes.

27

00:01:47,000 --> 00:01:50,000

And then my kids were screaming. They were trying to get out of the van.

28

00:01:50,000 --> 00:01:55,000

They wanted out. I just bolted out of there. I thought this thing was going to land on me.

29

00:01:55,000 --> 00:01:58,000

And I mean, we were there long enough that we all got a good look and I could count the lights.

30

00:01:58,000 --> 00:02:01,000

It was, we were there for at least a half a minute before I left.

31

00:02:01,000 --> 00:02:05,000

There was traffic in front of me, behind me. No one slowed down. No one sped up.

32

00:02:05,000 --> 00:02:11,000

No one else pulled over. I don't know what we saw, but it was one craft.

33

00:02:11,000 --> 00:02:18,000

And we were hysterical. I had each kid explain to me what they saw before I explained to them.

34

00:02:18,000 --> 00:02:26,000

And everybody's story was pretty much the same. What we saw, it was kind of like a triangle oval shaped thing.

35

00:02:26,000 --> 00:02:27,000

Okay.

36

00:02:27,000 --> 00:02:34,000

It was black. It was huge. And the lights were like in a triangle, like three lights in each triangle.

37

00:02:34,000 --> 00:02:39,000

Like the point of it, like the corners of it, or the, it wasn't really pointed.

38

00:02:39,000 --> 00:02:47,000

I don't know how to explain it. And then my daughter said, see, she got, stuck her head up to where she could see it as I took off.

39

00:02:47,000 --> 00:02:53,000

She said she saw it like it turned upwards and she saw three red lights on one side and three red lights on the other.

40

00:02:53,000 --> 00:02:56,000

So I didn't see these red lights that she's talking about.

41

00:02:56,000 --> 00:02:57,000

Okay.

42

00:02:57,000 --> 00:03:03,000

Now, speaking of the size, do you have any estimate of feet or yards as to how big the object was?

43

00:03:03,000 --> 00:03:07,000

Well, see, when I got to the gate, the guys at the gate, I reported to them because I was really scared.

44

00:03:07,000 --> 00:03:15,000

And they thought like the B2. And I said, it had, no, you know, I was thinking it had to be like four B2s or more.

45

00:03:15,000 --> 00:03:16,000

It was huge.

46

00:03:16,000 --> 00:03:17,000

Okay.

47

00:03:17,000 --> 00:03:27,000

And it didn't fly. You know, it was just there. It was floating. It didn't move fast at all. It just hovered, just floated.

48

00:03:27,000 --> 00:03:29,000

But at any time did you get out of the car?

49

00:03:29,000 --> 00:03:31,000

No, we didn't. I just took off.

50

00:03:31,000 --> 00:03:36,000

And as soon as I took off, my daughter opened that side window and stuck her head up because she wanted to get a picture.

51

00:03:36,000 --> 00:03:41,000

And it just disappeared. There was nothing. There was no lights, nothing. And it never made a

noise.

52

00:03:41,000 --> 00:03:43,000

We didn't feel vibration in the car. Nothing.

53

00:03:43,000 --> 00:03:44,000

Okay.

54

00:03:44,000 --> 00:03:46,000

It wasn't making loud engine sounds. Nothing.

55

00:03:46,000 --> 00:03:51,000

But it was coming. I felt like I saw it and it knew I saw it.

56

00:03:51,000 --> 00:03:56,000

I had this feeling like it saw me watching it and it came over to me.

57

00:03:57,000 --> 00:04:01,000

You know, like it came to me like, oh, there's someone stop. Let's go talk.

58

00:04:01,000 --> 00:04:02,000

Okay.

59

00:04:02,000 --> 00:04:07,000

Now, do you have any estimate as to how close it got to you?

60

00:04:07,000 --> 00:04:20,000

It seems like it was like if I had a telephone pole sitting on my hood of my car, it was at least that tall, if not maybe another half of higher.

61

00:04:20,000 --> 00:04:21,000

Okay.

62

00:04:21,000 --> 00:04:30,000

I remember I was looking out the front of the glass and it was reflected. The three lights that was closest after it started tilting, it kind of tilted.

63

00:04:30,000 --> 00:04:38,000

And those three triangle lights were just glaring on my glasses. I remember that. I remember that real clear.

64

00:04:38,000 --> 00:04:48,000

Did that light reflect on your car at all? Do you remember?

65

00:04:48,000 --> 00:04:51,000

It seems like the light was coming in the front of the van.

66

00:04:51,000 --> 00:04:52,000

Okay.

67

00:04:52,000 --> 00:05:00,000

It seems like it was that close that it was, or maybe it was just my glasses. I don't know. It was just like, I was really looking out.

68

00:05:00,000 --> 00:05:07,000

I wasn't looking down at my feet or at my purse or anything in the car. I was just looking up that, out that windshield.

69

00:05:07,000 --> 00:05:08,000

Okay.

70

00:05:08,000 --> 00:05:16,000

That thing coming down. And I couldn't believe how quickly it came across the street at us. But it wasn't flying. It was floating.

71

00:05:16,000 --> 00:05:17,000

Okay.

72

00:05:17,000 --> 00:05:29,000

It started coming down on us. It didn't keep going or circle around us. It just kept lowering down on us. And then it kind of tilted to where it was at the same like angle as our windshield.

73

00:05:29,000 --> 00:05:30,000

Okay.

74

00:05:30,000 --> 00:05:36,000

But did that object, when it tilted, did it change course or just keep going straight?

75

00:05:36,000 --> 00:05:38,000

It just stayed there. It just hung there.

76

00:05:38,000 --> 00:05:39,000

It stopped.

77

00:05:39,000 --> 00:05:45,000

No, it was still coming down like it was coming towards us. So I took off. I thought it was going to land on me. I was scared.

78

00:05:45,000 --> 00:05:52,000

Was it, I'm trying to get the altitude at that point. Was that eye level altitude? You were looking straight out the windshield.

79

00:05:52,000 --> 00:06:00,000

No, I was looking up. I was looking up at it. So it was, I don't know, how tall is a night light pole? A telephone pole?

80

00:06:00,000 --> 00:06:03,000

Utility poles? Oh, they usually run around 30 feet.

81

00:06:03,000 --> 00:06:10,000

Well, then it was probably, I wanted to say one and a half of those. It wasn't quite two. I was thinking it was maybe two.

82

00:06:10,000 --> 00:06:14,000

But now that I think about it, it was really close and it was right there.

83

00:06:14,000 --> 00:06:15,000

Okay.

84

00:06:15,000 --> 00:06:25,000

But it wasn't to where I could throw a rock at it or something. You know, it was, it was huge. That's the one thing all of us couldn't get over is how big this thing was.

85

00:06:25,000 --> 00:06:27,000

And it was just hanging there, just floating.

86

00:06:27,000 --> 00:06:29,000

In a solid black in color?

87

00:06:29,000 --> 00:06:37,000

Well, it was kind of like, to me it's like the inside of it kind of was like up and down. It was kind of like folded or something.

88

00:06:37,000 --> 00:06:38,000

Okay.

89

00:06:38,000 --> 00:06:43,000

Like, if you took a paper, you know how you make an airplane, paper airplane, you fold it in and out and out.

90

00:06:43,000 --> 00:06:52,000

It's kind of like it was almost like crinkly, like that inside maybe. But see what I was seeing was in the dark and I was just seeing light reflecting off of pieces.

91

00:06:52,000 --> 00:06:55,000

So it looked like light reflecting off of folded something.

92

00:06:55,000 --> 00:06:56,000

Okay.

93

00:06:56,000 --> 00:07:01,000

But the outside of it just looked like bars, just looked like bars connected where the triangle lights were.

94

00:07:01,000 --> 00:07:05,000

First I thought it was just three triangle lights connected to bars floating.

95

00:07:05,000 --> 00:07:10,000

And then I could see it was pitch black inside and you could see these areas where the light was hitting.

96

00:07:10,000 --> 00:07:12,000

Okay.

97

00:07:12,000 --> 00:07:18,000

And I'm just really wondering, did anybody else report this because I just think I'm losing my mind?

98

00:07:18,000 --> 00:07:24,000

No, I'm sure you're not losing your mind. Other people could have seen it and reported it off.

99

00:07:24,000 --> 00:07:35,000

Yeah, I don't see one. You know, I've seen stuff like this on TV and I say to myself, I don't believe in it, but I believe that those people really believe what they're saying.

100

00:07:35,000 --> 00:07:37,000

They're convinced.

101

00:07:37,000 --> 00:07:40,000

Okay. Now, how old were your children?

102

00:07:40,000 --> 00:07:44,000

My son, the one that saw it, he'll be 12 next month. He's 11.

103

00:07:44,000 --> 00:07:45,000

Okay.

104

00:07:45,000 --> 00:07:47,000

And my daughter and her girlfriend are both 14.

105

00:07:47,000 --> 00:07:49,000

Okay.

106

00:07:49,000 --> 00:07:50,000

What was your age?

107

00:07:50,000 --> 00:07:52,000

My age is 36.

108

00:07:52,000 --> 00:07:57,000

Did I get your mailing address?

109

00:07:57,000 --> 00:08:00,000

Edwards Air Force Base.

110

00:08:00,000 --> 00:08:01,000

Okay.

111

00:08:01,000 --> 00:08:04,000

California.

112

00:08:04,000 --> 00:08:06,000

Okay. And where did you get our number?

113

00:08:06,000 --> 00:08:11,000

Well, I had to stop the SP gate because I was just shaking. I was just crying, shaking. I couldn't

believe this.

114

00:08:11,000 --> 00:08:18,000

And they had me there for a good 15 minutes calling different posts and who was flying, what kind of test patterns, all this.

115

00:08:18,000 --> 00:08:25,000

Call Radar and see if they'd picked up anything and then they gave me this number and said that I could call this number and report this to them.

116

00:08:25,000 --> 00:08:26,000

Okay.

117

00:08:26,000 --> 00:08:28,000

They didn't know what else to tell me.

118

00:08:28,000 --> 00:08:31,000

Did you, by any chance, sketch the object?

119

00:08:31,000 --> 00:08:36,000

You know what? I had my kids and us and yes, and we all drew pretty much the same thing.

120

00:08:36,000 --> 00:08:37,000

Okay.

121

00:08:37,000 --> 00:08:41,000

The cluster of lights out front first and then this thing in front of the van.

122

00:08:41,000 --> 00:08:42,000

Okay.

123

00:08:42,000 --> 00:08:45,000

But you know, it was huge. This thing was huge.

124

00:08:45,000 --> 00:08:48,000

I couldn't believe how big this thing was and it was just there.

125

00:08:48,000 --> 00:08:49,000

Okay.

126

00:08:49,000 --> 00:08:53,000

Would you talk to one of our representatives if we could get someone in there?

127

00:08:53,000 --> 00:09:01,000

Um, yeah, I would tell someone because I think, you know, I would like to know if there's a support group or something because I'm scared.

128

00:09:01,000 --> 00:09:05,000

My kids slept together last night. They were scared. They put the dog in the room with them.

129

00:09:05,000 --> 00:09:06,000

Okay.

130

00:09:06,000 --> 00:09:10,000

I mean, this is just crazy. I'm walking around the house here with the dog with me in every room.

131

00:09:10,000 --> 00:09:11,000

Okay.

132

00:09:11,000 --> 00:09:12,000

I mean, this is very-

133

00:09:12,000 --> 00:09:13,000

You don't have anything to be afraid of.

134

00:09:13,000 --> 00:09:16,000

Why do these things not come back and visit you or something?

135

00:09:16,000 --> 00:09:21,000

Very, very seldom do people have secondary experiences.

136

00:09:21,000 --> 00:09:25,000

Can you- you account for out of your time on the road and went to a family?

137

00:09:25,000 --> 00:09:28,000

Oh, yes. That's another thing. My girl said that sometimes people lose time.

138

00:09:28,000 --> 00:09:29,000

Uh-huh.

139

00:09:29,000 --> 00:09:33,000

It was about eight ten and by the time we got to Rosemann, it was eight twenty.

140

00:09:33,000 --> 00:09:35,000

So that would be about ten minutes.

141

00:09:35,000 --> 00:09:39,000

If we maybe even lost a minute, I don't even think and not even a minute.

142

00:09:39,000 --> 00:09:40,000

Okay.

143

00:09:40,000 --> 00:09:41,000

I think we lost no time at all.

144

00:09:41,000 --> 00:09:42,000

Okay.

145

00:09:42,000 --> 00:09:47,000

That's what scared the girls the most. They were thinking this thing had taken us up and

146

00:09:47,000 --> 00:09:51,000

done stuff to us and they were saying, what time is it? What time is it?

147

00:09:51,000 --> 00:09:53,000

And I said, it's eight- eight twenty-eight.

148

00:09:53,000 --> 00:09:57,000

What time were we there? We saw that you think and I said, I think it was like eight fifteen,

149

00:09:57,000 --> 00:10:01,000

eight- eight thirteen, eight fifteen, maybe eight ten.

150

00:10:01,000 --> 00:10:03,000

I don't know. Something around that area.

151

00:10:03,000 --> 00:10:05,000

I don't think we lost any time.

152

00:10:05,000 --> 00:10:06,000

Okay.

153

00:10:06,000 --> 00:10:11,000

Well, hang on to this pictures or the sketches and we'll see if we can't get somebody to

154

00:10:11,000 --> 00:10:12,000

contact you.
