

1

00:00:00,000 --> 00:00:10,000

I live in Largo and approximately 745 to 750 p.m.

2

00:00:10,000 --> 00:00:16,000

It looked to be a dirigible hovering over north Clearwater area.

3

00:00:16,000 --> 00:00:26,000

North Craft took off from Tampa going in the same direction it passed under the dirigible.

4

00:00:26,000 --> 00:00:35,000

This dirigible glowed so brightly that it lit up the aircraft under it.

5

00:00:35,000 --> 00:00:44,000

Now I'm in Largo and you can see the glow off the airplane.

6

00:00:44,000 --> 00:00:55,000

Once this happened the aircraft took a 360 degree turn and went back for a second walk at the dirigible.

7

00:00:55,000 --> 00:01:06,000

Approximately 240 degrees of the turn this dirigible took off and went towards South St. Pete.

8

00:01:06,000 --> 00:01:11,000

It would have put a stealth to shame at the speed it took off at.

9

00:01:11,000 --> 00:01:24,000

By the time it was towards the Largo area 15 different people reported it to be in a cigar shape in our apartment complex.

10

00:01:24,000 --> 00:01:31,000

I came out at the tail end of it unfortunately and I got the biggest mouth in the complex.

11

00:01:31,000 --> 00:01:33,000

That's why I'm on the phone.

12

00:01:33,000 --> 00:01:45,000

I'm pretty skeptical on this. I took a look at the tail end of this and it looked like a normal flight leaving out towards South St. Pete area.

13

00:01:45,000 --> 00:01:50,000

I looked up in the sky and I looked back at the person that was telling me about this.

14

00:01:50,000 --> 00:01:53,000

I said yeah right you're full of high air.

15

00:01:53,000 --> 00:01:58,000

I took a look back and I could barely see it.

16

00:01:58,000 --> 00:02:03,000

It was an incredible speed it was going at.

17

00:02:03,000 --> 00:02:05,000

Was it holding its shape?

18

00:02:05,000 --> 00:02:06,000

I'm sorry.

19

00:02:06,000 --> 00:02:09,000

Was it holding its original shape?

20

00:02:09,000 --> 00:02:14,000

That I don't... can I get you somebody that's seen it from start to finish?

21

00:02:14,000 --> 00:02:15,000

Sure.

22

00:02:15,000 --> 00:02:17,000

Okay thank you.

23

00:02:17,000 --> 00:02:18,000

Hello.

24

00:02:18,000 --> 00:02:20,000

Yes could we get a description of what you saw?

25

00:02:20,000 --> 00:02:24,000

Okay there was three colors to the object.

26

00:02:24,000 --> 00:02:25,000

Yes.

27

00:02:25,000 --> 00:02:30,000

It was to the north end of the apartment where we're at.

28

00:02:30,000 --> 00:02:33,000

I'd say it was about maybe four or five hundred feet up.

29

00:02:33,000 --> 00:02:35,000

It was pretty intense.

30

00:02:35,000 --> 00:02:37,000

The colors were real brilliant.

31

00:02:37,000 --> 00:02:39,000

It wasn't any aircraft color I've ever seen.

32

00:02:39,000 --> 00:02:40,000

Yes.

33

00:02:40,000 --> 00:02:43,000

And it brought my binoculars out and tried to get a fix on it.

34

00:02:43,000 --> 00:02:45,000

It was just hovering in a stationary position.

35

00:02:45,000 --> 00:02:47,000

It looked like a Boeing jet.

36

00:02:47,000 --> 00:02:50,000

Maybe it could have been a 727 or a 747.

37

00:02:50,000 --> 00:02:52,000

It went about two hundred feet underneath it.

38

00:02:52,000 --> 00:02:54,000

Now that was kind of strange right there.

39

00:02:54,000 --> 00:02:56,000

Because usually you'll avoid something like that.

40

00:02:56,000 --> 00:03:01,000

As soon as he went past it, as soon as the plane was underneath this object,

41

00:03:01,000 --> 00:03:03,000

it turned a brilliant white light.

42

00:03:03,000 --> 00:03:07,000

And it lit the plane up for a few minutes and then the plane circled around.

43

00:03:07,000 --> 00:03:14,000

Okay after that, he went about another two, three hundred feet straight up.

44

00:03:14,000 --> 00:03:18,000

He came back to the left a little bit, hovered for a few minutes more and he just zipped by.

45

00:03:18,000 --> 00:03:20,000

He went right past it.

46

00:03:20,000 --> 00:03:24,000

The only thing I could catch, it looked like, at first I thought it was a blimp.

47

00:03:24,000 --> 00:03:28,000

But the way he was moving, it was just too fast for a blimp.

48

00:03:28,000 --> 00:03:29,000

Okay.

49

00:03:29,000 --> 00:03:31,000

Then he disappeared around St. Peter, it looked like.

50

00:03:31,000 --> 00:03:33,000

He kept his hands going south.

51

00:03:33,000 --> 00:03:35,000

Okay, what time did that occur?

52

00:03:35,000 --> 00:03:37,000

About 7.45, 7.50 around there.

53

00:03:37,000 --> 00:03:38,000

Okay.

54

00:03:38,000 --> 00:03:43,000

But it's up to, you know, I'm in the aircraft and I've never seen anything like this before in my life.

55

00:03:43,000 --> 00:03:45,000

I mean, that was fantastic.

56

00:03:45,000 --> 00:03:48,000

And there was a whole bunch of other people I saw too.

57

00:03:48,000 --> 00:03:54,000

And then one girl says, well, maybe they're doing military maneuvers, but I don't think we've got anything like that.

58

00:03:54,000 --> 00:03:56,000

Okay, any estimate of size?

59

00:03:56,000 --> 00:04:04,000

What I estimated would be about, oh, the size, space-wise, of a house, okay.

60

00:04:04,000 --> 00:04:05,000

Okay.

61

00:04:05,000 --> 00:04:07,000

But thinner, you know, like cigar shaped.

62

00:04:07,000 --> 00:04:08,000

Yes.

63

00:04:08,000 --> 00:04:09,000

Sort of like that, you know.

64

00:04:09,000 --> 00:04:10,000

That's about all I can tell you.

65

00:04:10,000 --> 00:04:11,000

Okay.

66

00:04:11,000 --> 00:04:13,000

And it was pretty far out in the distance.

67

00:04:13,000 --> 00:04:14,000

Okay.

68

00:04:14,000 --> 00:04:16,000

It's hard to judge size like that.

69

00:04:16,000 --> 00:04:17,000

How long do you feel you watched it?

70

00:04:17,000 --> 00:04:19,000

Oh, we watched it for about 10 minutes.

71

00:04:19,000 --> 00:04:20,000

Okay.

72

00:04:20,000 --> 00:04:22,000

I wish I had a camcorder, I'll tell you.

73

00:04:22,000 --> 00:04:24,000

But then again, you can't get it at night.

74

00:04:24,000 --> 00:04:27,000

You know, it's too hard to fix a cam out there.

75

00:04:27,000 --> 00:04:29,000

Okay, we appreciate you reporting that.

76

00:04:29,000 --> 00:04:32,000

And if we get any follow-up on this, we'll let you know about it.

77

00:04:32,000 --> 00:04:38,000

Yeah, because, you know, you've been telling a few people about this, you know, through different agencies and all this on the airline and everything.

78

00:04:38,000 --> 00:04:39,000

You know, I think he's nuts, you know.

79

00:04:39,000 --> 00:04:41,000

Well, I don't think eight people in a row are nuts.

80

00:04:41,000 --> 00:04:42,000

Right.

81

00:04:42,000 --> 00:04:44,000

So, I know they're out there, you know.

82

00:04:44,000 --> 00:04:48,000

I mean, a lot of people are skeptic and don't believe it, but I didn't believe it either, you know.

83

00:04:48,000 --> 00:04:49,000

Okay.

84

00:04:49,000 --> 00:04:51,000

I believe it either, but that's something different.

85

00:04:51,000 --> 00:04:52,000

Okay, thanks again.

86

00:04:52,000 --> 00:04:53,000

Have a good night.

87

00:04:53,000 --> 00:04:54,000

Okay.

88

00:04:54,000 --> 00:04:55,000

Bye-bye.
