

1

00:00:00,000 --> 00:00:10,480

I was just right during the news and I was looking at the couch spaces, the window and

2

00:00:10,480 --> 00:00:15,520

I just glanced out the window because I noticed this bright glowing object.

3

00:00:15,520 --> 00:00:22,280

Like it wasn't an airplane, I knew that because they had those mercury lights in them that

4

00:00:22,280 --> 00:00:24,480

are really bright lights.

5

00:00:24,480 --> 00:00:32,360

I've been out with my cousin, he's a lieutenant commander in the Navy, he had our senior flight

6

00:00:32,360 --> 00:00:40,440

plans and training films and I knew it was an airplane and I looked at it and I saw what

7

00:00:40,440 --> 00:00:43,960

appeared to be sparks sitting out of the back of it.

8

00:00:43,960 --> 00:00:51,280

So immediately what I thought it was was a plane in distress on low power which was

9

00:00:51,280 --> 00:00:57,640

because the lights were dim and it was on fire and I looked at it and I started walking

10

00:00:57,640 --> 00:01:06,360

towards the window, I got up and I went to bottom of the night and it was done.

11

00:01:06,360 --> 00:01:12,040

It was, I saw it glow, it looked like it was hitting the sound for a couple, it looked

12

00:01:12,040 --> 00:01:17,480

like it hit, it was hitting the sound for about two seconds and then it turned east immediately

13

00:01:17,480 --> 00:01:24,960

and it accelerated and a lot of sparks were coming out of the back immediately when it

14

00:01:24,960 --> 00:01:25,960

started hitting east.

15

00:01:25,960 --> 00:01:28,960

That's why it started accelerating, you saw sparks.

16

00:01:28,960 --> 00:01:29,960

Yes.

17

00:01:29,960 --> 00:01:30,960

Okay.

18

00:01:30,960 --> 00:01:33,960

And that was for about three and a half seconds.

19

00:01:33,960 --> 00:01:36,960

And then that was it.

20

00:01:36,960 --> 00:01:42,960

And that was it, then I just, I opened the window and I door and it was done.

21

00:01:42,960 --> 00:01:49,360

Everything in the sky was clear and then I thought about five minutes later either a

22

00:01:49,360 --> 00:01:53,360

helicopter or an airplane begin to circle the area which I saw it.

23

00:01:53,360 --> 00:01:56,360

The plane did move into the area.

24

00:01:56,360 --> 00:02:01,280

Yes, I think it was a plane or some type of helicopter.

25

00:02:01,280 --> 00:02:04,040

It was kind of like north of Ballard.

26

00:02:04,040 --> 00:02:05,040

I see.

27

00:02:05,040 --> 00:02:08,040

It seemed like that's about the location where the plane was.

28

00:02:08,040 --> 00:02:11,040

Okay, finally heard about a helicopter being out there.

29

00:02:11,040 --> 00:02:18,040

Okay, can we get one of our investigators to call you up later for a little more extensive

30

00:02:18,040 --> 00:02:21,040

information on this?

31

00:02:21,040 --> 00:02:22,040

Okay, okay.

32

00:02:22,040 --> 00:02:27,040

The best time, in fact the best time to call me will probably be around eight or nine in

33

00:02:27,040 --> 00:02:30,040

the evening because I'm always home and I'm always awake.

34

00:02:30,040 --> 00:02:31,040

Very good.

35

00:02:31,040 --> 00:02:32,040

Okay.

36

00:02:32,040 --> 00:02:33,040

Thanks very much.

37

00:02:33,040 --> 00:02:35,040

Did you want to say something, John?

38

00:02:35,040 --> 00:02:39,040

No, I was going to let you if you needed any recipe or anything like that.

39

00:02:39,040 --> 00:02:40,040

Oh, that would be great.

40

00:02:40,040 --> 00:02:41,040

Okay, thanks a lot.

41

00:02:41,040 --> 00:02:42,040

Okay, yes.

42

00:02:42,040 --> 00:02:43,040

Bye.

43

00:02:43,040 --> 00:02:44,040

Bye.

44

00:02:44,040 --> 00:02:45,040

Bye-bye.
